SEVENTH AFFIDAVIT OF BEN LI

Sworn on December 9, 2024

I, Ben Li, of Calgary, Alberta, SWEAR AND SAY THAT:

1. I am the President and Chief Executive Officer of AlphaBow Energy Ltd. ("**AlphaBow**" or the "**Applicant**"). As such, I have personal knowledge of the matters deposed to in this Affidavit except where stated as based on information and belief, in which case I verily believe the statements to be true.

2. This Affidavit (the “**Seventh Li Affidavit**”) should be read in conjunction with the prior Affidavits which I have sworn in this matter, including the Affidavit sworn by me on April 15, 2024 (the “**First Li Affidavit**”), the Supplemental Affidavit sworn by me on April 24, 2024 (the “**Supplemental Li Affidavit**”), the Affidavit sworn by me on July 15, 2024 (the “**Second Li Affidavit**”), the Affidavit sworn by me on August 15, 2024 (the “**Third Li Affidavit**”), the Affidavit sworn by me on September 9, 2024 (the “**Fourth Li Affidavit**”), the Affidavit sworn by me on October 21, 2024 (the “**Fifth Li Affidavit**”), the Affidavit sworn by me on November 12, 2024 (the “**Sixth Li Affidavit**”), and the Affidavit sworn by me on November 18, 2024 (the “**Supplement to Sixth Li Affidavit**”).
3. Terms not otherwise defined herein, shall bear the meaning ascribed in the First Li Affidavit.

I. RELIEF SOUGHT

4. This Affidavit is sworn in support of an application by AlphaBow scheduled for December 19, 2024, for relief under the *Companies’ Creditors Arrangement Act*, RSC 1985, c C-36, as amended, (the “**CCAA**”), and specifically an order declaring service of its Application and supporting materials good and sufficient; an extension of the stay of proceedings initially imposed by the Amended and Restated Initial Order (the “**ARIO**”) to February 14, 2025 (the “**Stay Extension**”); the sealing of the Confidential Appendices; approval of a reverse vesting order between AlphaBow and 2628071 Alberta Ltd. (“**2628071**”); and approval of various transactions between AlphaBow and:
 - i. North 40 Resources Ltd. (“**North 40**”);
 - ii. Signalta Resources Limited (“**Signalta**”)
 - iii. Warwick Gas Storage Ltd (“**Warwick**”)
 - iv. Bench Creek Resources Inc. (“**Bench Creek**”);
 - v. PointBreak Resources Inc. (“**Point Break**”);
 - vi. Rockeast Energy Corp. (“**Rockeast**”);

vii. 2628069 Alberta Ltd. (“**2628069**”); and

viii. 2628071.

5. The closing of all of the above transactions would result in all of AlphaBow’s environmental obligations being assumed.

II. BACKGROUND

6. AlphaBow is an Alberta headquartered oil and gas company. AlphaBow hold licenses for 3,785 wells, 4,038 pipelines, and 321 facilities across Alberta (the “**Licensed Assets**”). At the time of commencement of these proceedings, AlphaBow had Alberta Energy Regulator (“**AER**”) deemed environmental liabilities of approximately \$228,572,914.
7. Following various actions by the Alberta Energy Regulator, including an order requiring the posting of \$15,374,050 in security (the “**Requested Security Deposit**”) and ordering the suspension of AlphaBow’s operations when it was unable to comply, AlphaBow commenced restructuring proceedings by filing a Notice of Intention to Make a Proposal pursuant to section 50.4 of the *Bankruptcy and Insolvency Act, R.S.C. 1985, c. B-3*, (the “**NOI**”) with KSV Restructuring Inc. appointed as Monitor.
8. On April 26, 2024, this Honourable Court granted an Initial Order and ARIIO, in addition to approving the Sale and Investment Solicitation Process (“**SISP**”) and approval of the sale of certain non-operated working interests to Cascade Capture Ltd.
9. AlphaBow does not have any credit facilities with a secured lender but as at the end of 2023, owed approximately \$88 million in liabilities (excluding environmental liabilities) consisting primarily of trade payables, municipal tax and surface lease payment arrears as well as amounts owing to the Alberta Energy Regulator (“**AER**”), including the Requested Security Deposit.
10. AlphaBow’s oil and gas assets have been under the care and custody of the Orphan Well Association (“**OWA**”) since September 2023, pursuant to the direction of the AER.

III. CURRENT STATUS OF ALPHABOW'S RESTRUCTURING EFFORTS

11. AlphaBow has continued to engage with its stakeholders and creditors to facilitate the objectives of these proceedings. This has included responding to general inquiries and other stakeholder requests, such as providing road access.
12. Most significantly, it has involved advancing its court approved sales process and negotiating and seeking approval of transactions that will result in its environmental obligations being assumed. To facilitate this, it has also been assisting the Monitor with the court approved claims process.

A. Canada Revenue Agency GST Payments

13. Following a request from the Canada Revenue Agency (“CRA”) for filing of AlphaBow’s 2024 GST returns, AlphaBow has been working with the CRA to gain authorization in order to make these filings. Due to registration challenges and an inability to access a My Business Account, as well as the CRA’s processes, the parties have experienced some delays in obtaining authorization and in being able to make the required filings. Many of these issues have been resolved, and AlphaBow has been able to file all outstanding GST returns, except for the April 1 to 26, 2024, filing period. AlphaBow and the CRA continue to work together to address this issue.

B. Current Status of the SISP

14. Since the Sixth Li Affidavit, AlphaBow has actively assisted in the advancement of the SISP in collaboration with the Monitor and the Sales Advisor. This has included responding to requests for information and negotiating definitive agreements.
15. AlphaBow has been able to close six of the eight previously approved transactions, with the transactions with HWN Energy Ltd. and Crbon Labs Inc. not yet having closed.
16. AlphaBow now seeks approval of all outstanding transactions necessary to ensure that all assets are assumed by bidders.

C. Claims Process

17. A key aspect to concluding the SISP is the claims process. During the SISP, many Phase 2 potential bidders inquired with AlphaBow about the cure costs associated with specific assets. In order for the Applicant to accurately respond to these bidders' requests and to move towards concluding various asset sales, it was necessary to determine the quantum and classification of the claims being asserted against the Applicant.
18. The Applicant, with the participation of the Monitor, developed and implemented a Claims Process for this purpose, in addition to identifying any secured or priority claims in the event there are funds available for distribution. The Claims Process was approved by this Honourable Court on September 20, 2024, and all claims were required to be submitted on October 23, 2024, failing which they would be barred.
19. The Monitor, counsel for the Monitor and counsel for the Applicant have been reviewing the hundreds of claims submitted as against the Applicant. Given the number of claims and limited resources of AlphaBow, this has been time consuming, has impacted the ability to finalize certain transactions and continues to be time consuming. Additionally, the Applicant and the Monitor have had to request further detailed information from claimants in order to match claims against specific assets to determine cure costs. Some of this information remains outstanding.

D. Advance's Gross Overriding Royalty Claim

20. In addition to certain bidders requiring certainty regarding cure costs, some had also expressed concerns regarding the impact of a 17.5% gross overriding royalty granted by AlphaBow to Advance Energy Ltd. ("**Advance**").
21. On November 5, 2024, AlphaBow brought an application seeking an Order that the royalty agreements between AlphaBow and Advance particularly the Gross Overriding Royalty Agreement dated November 23, 2018, the Royalty Agreement dated October 28, 2021, and the Settlement Agreement dated November 12, 2021 (collectively, the "**GORR Agreements**"), did not create an interest in the land, and rather provided financial security to Advance that could be vested off.

22. In a decision issued on November 7, 2024, *AlphaBow Energy Ltd. (Re)*, 2024 ABKB 652, Justice M.H. Bourque granted AlphaBow's application, holding that the GORR Agreements were not interests in land and were capable of being vested off title in these CCAA proceedings. This decision was not appealed.

E. Transactions and the Reverse Vesting Order

23. Through the SISP, AlphaBow, with the assistance of the Monitor and in consultation with the Sales Advisor, has selected multiple bids that will collectively maximize value for the estate and ensure all oil and gas assets are assumed. As a result of various delays, certain bidders have expressed fatigue with the process which in a couple of cases has resulted in price reductions. I believe that any further delays in obtaining court approvals may result in further reductions.

24. A critical bid involving a significant number of assets and assumption of environmental liability involves a corporate sale of AlphaBow to 2628071 with certain assets being transferred by way of an asset sale to a related entity, 2628069 that will result in the existing equity interests of AlphaBow being redeemed and cancelled for nominal consideration; all of the enumerated Transferred Liabilities will be transferred from AlphaBow to the AlphaBow Residual Trust, together with the enumerated Transferred Assets; and 2628071 will acquire all of the newly issued shares of AlphaBow (the "**Transaction**"). At the conclusion of the Transaction, it will be the sole shareholder of AlphaBow.

a. The Subscription Agreement

25. A true copy of the Subscription Agreement is attached to my Affidavit as **Exhibit "A"**. The Subscription Agreement attaches numerous schedules, including over 2200 pages of Alberta Energy public registry search results, as well as detailed lists of facilities, wells, and pipelines. These schedules have been excluded from the copy of the Subscription Agreement attached to this Affidavit and will be made available to creditors and other interested stakeholders on request.

26. Upon closing and the completion of the Closing Sequence (as defined below), the Transaction contemplated by the Subscription Agreement will result in the following (with all capitalized

terms not otherwise defined herein having the same meaning as given to such terms in the Subscription Agreement):

- (a) a Subscription Price in the amount of \$1.00, payable on closing;
- (b) 2628071 obtaining the Purchased Shares, which will represent one hundred percent (100%) of the issued and outstanding shares of AlphaBow;
- (c) AlphaBow retaining the specified Retained Contracts and Retained Assets, free and clear of all claims and encumbrances, other than the Permitted Encumbrances and Assumed Liabilities, as described below;
- (d) AlphaBow retaining all of its abandonment and reclamation obligations and all of its current operated and non-operated working interests after giving effect to various other asset sales that are being completed as part of the SISP process;
- (e) the Transferred Assets and Transferred Liabilities, as described below, being vested in the AlphaBow Energy Residual Trust, with the explicit requirement that environmental obligations may not be vested into the AlphaBow Energy Residual Trust;
- (f) to the extent that any of the other transactions do not proceed, those assets will remain with AlphaBow, should a further sale not be advanced prior to the new shares being issued;
- (g) the closing of the Subscription Agreement being tied to the transaction with 2628069, a nominee of Cascade Capture Ltd.; and
- (h) all Cure Costs in respect of any Retained Contracts being paid in accordance with the Claims Process.

b. The Reverse Vesting Order

27. The Transaction will be completed through a reverse vesting order (the “**RVO**”). In essence, instead of providing for a traditional asset sale transaction where all purchased assets are purchased and transferred to a purchaser on a “free and clear” basis and all excluded assets,

excluded contracts, and excluded liabilities remain with a debtor company, the Transaction provides for a share transaction whereby:

- (a) the Purchaser will obtain the Purchased Shares, which will constitute one hundred percent (100%) of all issued and outstanding equity of AlphaBow at the Closing Time;
- (b) all Existing Shares of AlphaBow will be retracted and cancelled, for nominal consideration;
- (c) AlphaBow will have retained, subject to the Permitted Encumbrances, the Retained Assets, the Retained Contracts, and the Retained Liabilities; and
- (d) all Excluded Assets, Excluded Contracts, and Excluded Liabilities of AlphaBow will be subject to other sales transactions involving AlphaBow or be transferred to the AlphaBow Energy Residual Trust.

28. Some of the Excluded Assets include oil and gas assets, because those are being assumed by other bidders. To the extent any of the other bids do not close, those assets may be remarketed, but if they are not sold, will form part of the RVO transaction to ensure that they are assumed.

29. I understand that the RVO is necessary because:

- (a) it will expedite the time to get the assets up and running since being shut in, and will avoid any delays, costs or unnecessary risks to the completion of the Transaction resulting from transferring these licenses and agreements;
- (b) it will ensure that all oil and gas assets are assumed;
- (c) it will preserve certain tax attributes that may be available to AlphaBow; and
- (d) there is no other viable alternative that would produce a more favourable result than the proposed RVO, given the size and complexity of the transaction.

30. AlphaBow understands from discussions with stakeholders that a critical component of their support for this process is this transaction, which will ensure all environmental obligations are assumed between this transaction and various other transactions that are being pursued.

31. I have been informed by AlphaBow's counsel, Keely Cameron of Bennett Jones LLP, that this Honourable Court has recently granted two RVOs involving oil and gas companies, notably the Razor Energy Corp., Blade Energy Services Corp., Razor Royalties Limited Partnership and Razor Holdings GP Corp., and Long Run Exploration Ltd. CCAA proceedings.

c. Related Asset Sale

32. In conjunction with the Transaction, 2628071 will also assume some assets by way of asset transaction and some additional assets will be assumed by an affiliate, 2628069, with working interests split between certain assets as between 2628071 and 2628069. These asset transactions will result in 2628071 assuming approximately \$17,741,725 in AER deemed liabilities and 2628069 assuming \$21,813,268 in AER deemed liabilities. This will result in approximately \$149,558,444 in deemed liabilities remaining with AlphaBow.

33. I understand that the structuring of the transaction has been done in part to support financing and given the different geographical locations of the assets.

34. Attached as **Exhibit "B"** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and 2628069 ("**Cascade Purchase Agreement**").

35. Attached as **Exhibit "C"** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and 2628071 ("**Second Cascade Purchase Agreement**").

36. Combined, the three transactions will result in the assumption of approximately 3536 well and facility licenses, 866 non-operated interests and AER deemed liabilities in the approximate amount of \$189,113,437.

F. Other Sales

a. North40 Sale

37. AlphaBow, with the assistance of the Monitor and in consultation with the Sales Advisor, selected a bid tendered within the SISF by North40 for the purchase of AlphaBow's interests

in approximately 108 wells and facilities with associated pipelines, including approximately 25 non-operated wells (the “**North40 Asset**”).

38. North40’s bid was the best overall bid received for the North40 Asset, taking into account the purchase price, the certainty of North40’s ability to close, and other material terms of the transaction. North40’s bid was not subject to any material conditions other than the requirement for Court approval and will result in the assumption of \$6,193,489 in AER deemed liabilities.
39. I further believe that North40’s bid will achieve the highest recovery for all stakeholders with respect to the North40 Asset. Attached as **Exhibit “D”** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and North40 (“**North40 Purchase Agreement**”).
40. This bid was presented for approval to the Court at AlphaBow’s last application, but I understand approval of it was adjourned following concerns raised by certain stakeholders, including:
- (a) the Orphan Well Association and AER wanting the application to be adjourned to be considered with these other transactions at this application;
 - (b) Canadian Natural Resources Limited raising concerns regarding the definition of cure costs in the sales materials; and
 - (c) Bearspaw Petroleum Ltd. (“**Bearspaw**”) raising concerns regarding the inclusion of the Wayne-Rosedale Glauconitic Unit No. 1 Agreement (“**Unit Agreement**”) being included in the North40 Purchase Agreement given an ongoing dispute regarding the nature of AlphaBow’s interest under the Agreement.
41. AlphaBow’s counsel has been working to resolve these issues and at the time that this affidavit is being sworn, I anticipate that all of these issues will be resolved in advance of the application, with the potential exception of the concerns of Bearspaw.
42. I have been informed by AlphaBow’s counsel, Ms. Cameron, that Bearspaw Petroleum Ltd. (“**Bearspaw**”) continues to object to the inclusion of the Unit Agreement in the North40

Purchase Agreement until resolution of Bearspaw's Originating Application in regard to petroleum produced from the well identified as 100/07-15-029-20W4/00 (the "**7-15 Well**", collectively, "**Bearspaw's Claim**").

43. I understand that counsel for North40 and for AlphaBow have been attempting to work with counsel to Bearspaw to confirm that Bearspaw's Claim is not prejudiced by the North40 Sale and to propose language into the North40 order (the "**North40 SAVO**") that expressly indicates that Bearspaw's Claim is not impacted by the North40 Sale.
44. On December 4, 2024, counsel for Bearspaw reiterated its position to counsel for AlphaBow, North40 and Torxen Energy Ltd. ("**Torxen**") and advised that an application regarding Bearspaw's Claim be heard by the Court in the latter half of January or beginning of February 2025. Attached as **Exhibit "E"** is a copy of the correspondence from Bearspaw's counsel to counsel for AlphaBow, North40 and Torxen on December 4, 2024.
45. On December 6, 2024, counsel for AlphaBow wrote to counsel for Bearspaw emphasizing that only AlphaBow's unit interest is being sold to North40, and that the Bearspaw Claim relates to the proper interpretation of the Unit Agreement, which remains unimpacted by the North40 Agreement. Counsel for AlphaBow reiterated its offer to incorporate language into the North40 SAVO that makes it clear that the order does not determine the ownership of petroleum produced from the 7-15 Well. Attached as **Exhibit "F"** is a copy of the correspondence from AlphaBow's counsel to counsel for Bearspaw on December 6, 2024.

b. Signalta Sale

46. AlphaBow with the assistance of the Monitor and in consultation with the Sales Advisor, selected a bid tendered within the SISP by Signalta for the Purchase of AlphaBow's interests in 5 parcels of land and their associated royalties; 3 wells; and 1 pipeline, including associated licenses (the "**Signalta Asset**"). These assets are largely non-operated and will result in the assumption of AER deemed liabilities in the approximate amount of \$97,881. The Signalta Sale is proceeding via two agreements: one for the licensed assets and one for the non-operated assets.

47. Singalta's bid considered as a whole was the best overall bid received for the Signalta Asset, taking into account the purchase price, the certainty of Signalta's ability to close, and other material terms of the transaction. Singalta's bid was not subject to any material conditions other than the requirement for Court approval and specific to the non-operated assets, the ability to unwind the transaction in certain circumstances, the specifics of which have been redacted as they relate to commercial interests. Should the unwind right be exercised, AlphaBow anticipates remarketing the assets, failing which they would be assumed as part of the Transaction.
48. I believe that Signalta's bid will achieve the highest recovery for all stakeholders with respect to the Signalta Asset. Attached as **Exhibit "G"** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and Signalta for the licensed assets ("**Signalta Licensed Asset Purchase Agreement**"). Attached as **Exhibit "H"** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and Signalta for the non-operated assets ("**Signalta Non-Operated Asset Purchase Agreement**").

c. Warwick Gas Storage Ltd.

49. AlphaBow with the assistance of the Monitor and in consultation with the Sales Advisor, selected a bid tendered within the SISP by Warwick for the Purchase of AlphaBow's interests in TWP 53 RGE 14 W4M SEC 5 and 9 mineral files, and their associated royalties, 8 wells and 9 pipelines and associated licenses (the "**Warwick Asset**"). The transaction will result in the assumption of AER deemed liabilities in the approximate amount of \$1,160,251.
50. Warwick's bid was the best overall bid received for the Warwick Asset, taking into account the purchase price, the certainty of Warwick's ability to close, and other material terms of the transaction. Warwick's bid was not subject to any material conditions other than the requirement for Court approval and the Monitor's determination that cure costs would not exceed \$50,000.00. AlphaBow estimates the cure costs to be under this amount, as such, I believe that the closing risk with respect to the sale of the Warwick Asset is minimal.
51. I further believe that Warwick's bid will achieve the highest recovery for all stakeholders with respect to the Warwick Asset. Attached as **Exhibit "I"** to my Affidavit is a redacted copy of

the Asset Purchase Agreement between AlphaBow and Warwick (“**Warwick Purchase Agreement**”).

d. Bench Creek Resources Ltd. Sale

52. AlphaBow, with the assistance of the Monitor and in consultation with the Sales Advisor, selected a bid tendered within the SISP by Bench Creek for the purchase of AlphaBow’s interests in approximately 185 licensed wells and facilities and 132 non operated interests (the “**Bench Creek Asset**”). This transaction will result in the assumption of approximately \$17,918,066 in AER deemed liabilities.

53. Bench Creek’s bid was the best overall bid received for the Bench Creek Asset, taking into account the purchase price (including the assumption of liabilities), the certainty of Bench Creek’s ability to close, and other material terms of the transaction.

54. I further believe that Bench Creek’s bid will achieve the highest recovery for all stakeholders with respect to the Bench Creek Asset. Attached as **Exhibit “J”** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and Bench Creek (“**Bench Creek Purchase Agreement**”). At the time of swearing this affidavit, the Bench Creek Purchase Agreement has not been signed as recent amendments were provided and are still under review. A signed copy is anticipated to be provided in advance of the application.

55. I am of the view that the above considerations support approval of the sale of the Bench Creek Asset to Bench Creek and the granting of the related relief to conclude this transaction.

e. Point Break Sale

56. AlphaBow, with the assistance of the Monitor and in consultation with the Sales Advisor, selected a bid tendered within the SISP by Point Break for the purchase of AlphaBow’s interests in two parcels of land and their associated rights (the “**Point Break Asset**”).

57. Point Break’s bid was the best overall bid received for the Point Break Asset, taking into account the purchase price, the certainty of Point Break’s ability to close, and other material terms of the transaction. Point Break’s bid was not subject to any material conditions other

than the requirement for Court approvals. As such, I believe that the closing risk with respect to the sale of the Point Break Asset is minimal.

58. I further believe that Point Break's bid will achieve the highest recovery for all stakeholders with respect to the Point Break Asset. Attached as **Exhibit "K"** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and Point Break ("**Point Break Purchase Agreement**").

G. Rockeast Energy Corp.

59. AlphaBow, with the assistance of the Monitor and in consultation with the Sales Advisor, initially selected a bid tendered within the SISP by Rockeast with respect to assets largely located in the Green Glades area, however following vandalism at one of the sites, the bid was materially varied, resulting in a further process being conducted.

60. On November 27, 2024, AlphaBow received a stalking horse bid on various assets relating to Green Glades from the Wuhan Green Energy Natural Gas Transportation Group ("**Wuhan Group**"). The Sales Advisor, in consultation with AlphaBow and the Monitor undertook a mini-process to see if any other potential bidders would outbid the Wuhan Group. A bid was received from Rockeast.

61. AlphaBow, with the assistance of the Monitor and in consultation with the Sales Advisor, selected the revised bid by Rockeast for the purchase of AlphaBow's interests in approximately 187 licensed wells and facilities (the "**Rockeast Asset**"). This transaction will result in the assumption of approximately \$12,023,319 in AER deemed liabilities.

62. Rockeast's bid was the best overall bid received for the Rockeast Asset, taking into account the purchase price (including the assumption of liabilities), the certainty of Rockeast's ability to close, and other material terms of the transaction. Attached as **Exhibit "L"** to my Affidavit is a redacted copy of the Asset Purchase Agreement between AlphaBow and Rockeast ("**Rockeast Purchase Agreement**"). At the time of swearing this Affidavit, the signature pages have not been released as the schedules and Rockeast Purchase Agreement are subject to final review. A signed copy is anticipated to be provided in advance of the application.

H. Consultation with the Alberta Energy Regulator and Orphan Wells Association

63. In light of the approval required from the Alberta Energy Regulator (“AER”) for various transactions, as well as the OWA’s interest in the CCAA proceedings, counsel for AlphaBow has been in ongoing consultation with both counsel for the AER and OWA. Counsel for AlphaBow has provided details of various Asset Sales and a draft of the Subscription Agreement to both the AER and OWA for their understanding of the value and assets associated with each transaction. Counsel for AlphaBow, further, had a recent call with counsel for the AER to discuss the Transaction and the remaining Asset Sales, and to provide assurances that all of AlphaBow’s assets and liabilities would be addressed through the remaining transactions.

I. Canadian Natural Resources Limited Assignment Concerns

64. On August 28, 2024, counsel for Canadian Natural Resources Limited (“CNRL”) advised counsel for AlphaBow that CNRL’s position was that CNRL did not consent to the transfer/assignment of various of AlphaBow’s assets, and, to the contrary, withheld its consent. On this basis, counsel for CNRL advised that AlphaBow did not have any interest in those assets, and, accordingly, AlphaBow was unable to convey them to a purchaser. Counsel further advised that CNRL may be willing to consent to the conveyance depending on a number of factors, including the creditworthiness of the presumed purchaser. Attached as **Exhibit “M”** is a copy of the correspondence from CNRL’s counsel to AlphaBow’s counsel on August 28, 2024.

65. CNRL’s position impacts a number of the transactions for which approval is sought.

66. On September 18, 2024, counsel for AlphaBow received a letter from counsel for Strathcona confirming its position that the assignment of certain petroleum and natural gas rights and other interests is valid and binding. Attached as **Exhibit “N”** is a copy of the letter from Strathcona’s counsel on September 18, 2024.

67. I understand that counsel for AlphaBow continues to be in discussions with counsel for CNRL regarding whether they will oppose any of the assignments associated with the above transactions.

J. Cash Flow Forecast

68. AlphaBow worked with the Monitor to prepare an updated cash flow forecast (a copy of which will be attached to the Sixth Report of the Monitor).

69. As indicated in that forecast, provided the foregoing transactions close, AlphaBow projects that it will have sufficient cash, to continue these proceedings through to the end of the Stay Extension and pay outstanding post filing obligations to counsel and the Orphan Well Association which have been deferred in order to advance the process.

K. Stay Extension

70. During the CCAA Proceedings, AlphaBow has been working diligently and in good faith with the Monitor and the Sales Advisor. As noted above, AlphaBow has taken a number of steps to advance the SISP, including negotiating agreements, bringing an application for a determination on the gross overriding royalty, assisting with the claims process and engaging in discussions with stakeholders.

71. AlphaBow requires an extension of the Stay Period to be able to complete the transactions and to complete the balance of the Claims Process.

72. Without the benefit of an ongoing stay of proceedings, there could be an immediate and significant erosion of value to the detriment of all stakeholders.

73. In my view, the requested extension is appropriate and will not materially prejudice any of AlphaBow's creditors.

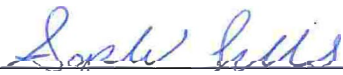

L. Sealing Order

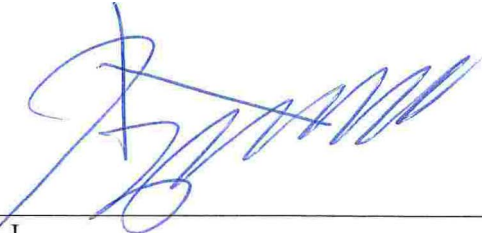

74. I understand that the Monitor intends to provide the Court with unredacted copies of the agreements entered into with purchasers which include the purchase prices. I believe that the publication or dissemination of the confidential purchase prices at this time could negatively

impact these proceedings, in the event that the transactions that are the subject of those agreements do not close and the applicable assets needs to be remarketed.

IV. CONCLUSION

75. I swear this Affidavit in support of the relief sought in paragraph 4 and for no other or improper purpose.

1.6 Damages

All Losses in respect of which a Party has a claim pursuant to this Agreement shall include reasonable legal fees and disbursements on a full indemnity basis.

1.7 Derivatives

**ARTICLE 2
SUBSCRIPTION OF PURCHASED SHARES**

2.1 Subscription for Purchased Shares

Subject to the provisions of this Agreement and the Reverse Vesting Order, on the Closing Date, the Purchaser shall subscribe for and purchase from the Company, and the Company shall issue to the Purchaser the Purchased Shares, free and clear of all Encumbrances.

2.2 Purchase Price

The aggregate consideration payable by the Purchaser for the Purchased Shares is \$1.00 (the "**Purchase Price**"). The Purchase Price shall be satisfied by:

- (a) the retention of the Deposit by the Monitor on behalf of the Company; and

- (b) payment in cash by the Purchaser to the Monitor on behalf of the Company of an amount equal to the balance of the Purchase Price.

2.3 Form of Payment

All payments to be made pursuant to this Agreement shall be in Canadian funds. All payments to be made pursuant to this Agreement shall be made by wire transfer.

2.4 Deposit

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount equal to ten percent (10%) of the Purchase Price (the "**Deposit**") to the Monitor;
 - (ii) the Deposit has been delivered to and shall be held in trust by the Monitor; and

The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Company's damages.

2.5 Excluded Assets and Excluded Liabilities

Notwithstanding any provision of this Agreement to the contrary, the Purchaser and the Company agree and acknowledge that the Excluded Assets and the Excluded Liabilities shall not remain with the Company as the Excluded Assets and the Excluded Liabilities are subject to other sale transactions involving the Company and Third Parties in relation with the CCAA Proceedings; *provided, however*, that pursuant to Section 3.7, certain Excluded Assets and Excluded Liabilities may be retained by the Company and become Retained Assets or Retained Liabilities.

- (d) sell, encumber or otherwise dispose of any of the Retained Assets or any part or portion thereof except pursuant to preferential purchase rights; sales of non- material obsolete or surplus equipment; or sales in the normal course of business.

7.3 Proposed Actions

If an operation or the exercise of any right or option respecting the Retained Assets is proposed in circumstances in which such operation or the exercise of such right or option would result in the Purchaser

incurring an obligation pursuant to Section 7.2, the following shall apply to such operation or the exercise of such right or option (hereinafter referred to as the "**Proposal**"):

- (a) the Company shall promptly give the Purchaser notice of the Proposal, describing the particulars in reasonable detail;
- (b) the Purchaser shall, not later than 48 hours prior to the time the Company is required to make its election with respect to the Proposal, advise the Company, by notice, whether the Purchaser wishes the Company to exercise the Company's rights with respect to the Proposal on the Purchaser's behalf, provided that the Purchaser's failure to make such election within such period shall be deemed to be the Purchaser's election to participate in the Proposal;
- (c) the Company shall make the election authorized (or deemed to be authorized) by the Purchaser with respect to the Proposal within the period during which the Company may respond to the Proposal; and
- (d) the Purchaser's election (including its deemed election) to not participate in any Proposal required to preserve the existence of any of the Retained Assets shall not entitle the Purchaser to any reduction of the Purchase Price if the Company's interest therein is terminated as a result of such election and such termination shall not constitute a failure or breach of the Company's representations and warranties relating to such Retained Assets.

7.4 Regulatory Matters

If for any reasons, after Closing, a Governmental Authority requires the Purchaser or the Company or its nominee to make or furnish any other form of security, or undertake any corrective action or remedial work including inspections, tests or engineering assessments, the Purchaser shall make such deposit or furnish such other form of security or undertake such corrective or remedial work as may be required, at the Purchaser's sole expense. 7.5 Payments in Respect of Transferred Assets

If at any time after Closing, the Company, the Purchaser or any of their respective Affiliates receives a payment or other consideration in respect of or relating to a Transferred Asset (including a Tax Refund), the recipient of such payment or other consideration shall promptly notify the Creditor Trust and promptly pay and transfer such payment or other consideration to the Company or the Monitor on behalf of the Creditor Trust. From and after Closing, the Company and the Purchaser shall provide reasonable cooperation to the Creditor Trust to enable the Creditor Trust to obtain the benefit of any Transferred Asset.

Prior to Closing, the Company shall, subject to all contractual and fiduciary obligations, at the Calgary offices of the Company during normal business hours, provide reasonable access for the Purchaser and its Representatives to the records, books, accounts, documents, files, reports, information, materials, filings, and data, to the extent they relate directly to the Retained Assets and are in possession of the Company, as well as physical access to the Retained Assets (insofar as the Company can reasonably provide such access, with such access to be at the Purchaser's sole risk, expense and liability) to facilitate the Purchaser's review of the Retained Assets and title thereto for the purpose of completing these Transactions. The Purchaser shall indemnify and save harmless the Company and the Creditor Trust from and against all liabilities, claims and causes of action for personal injury, death or property damage occurring on or to such property as a result of such entry onto the premises. The Purchaser shall comply fully with all rules, regulations and instructions issued by the Company regarding the Purchaser's actions while upon, entering or leaving such properties. The Purchaser's obligations set forth in this Section 8.1 shall survive the Closing Date indefinitely.

- (a) the Creditor Trust's ownership of the Transferred Assets (including taxation matters and Losses that arise from or relate to acts, omissions, events, circumstances or operations on or before the Closing Date);
- (b) enforcing its rights under this Agreement;
- (c) compliance with Applicable Law; or
- (d) any Claim commenced or threatened by any Third Party against the Creditor Trust, the Company or any of them.

8.3 Maintenance of Information

All of the information, materials and other records delivered to the Purchaser pursuant to the terms hereof shall be maintained by the Purchaser in good order and good condition and kept in a reasonably accessible location by the Purchaser for a period of two years from the Closing Date.

ARTICLE 9 GENERAL

9.4 Governing Law

- (a) This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta, and the federal laws of Canada applicable therein (excluding any conflict of law rule or principle of such laws that might refer such interpretation or enforcement to the laws of another jurisdiction). The Parties consent to the jurisdiction and venue of the courts of Alberta for the resolution of any such dispute arising under this Agreement.
- (b) Notwithstanding Section 9.4(a), any and all documents or orders that may be filed, made or entered in the CCAA Proceedings, and the rights and obligations of the Parties thereunder, including all matters of construction, validity and performance thereunder, shall in all respects be governed by, and interpreted, construed and determined in accordance with the laws of the Province of Alberta. The Parties consent to the jurisdiction and venue of the Court, as applicable, for the resolution of any such disputes, regardless of whether such disputes arose under this Agreement. 9.9 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party and made in accordance with the Agreement. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

9.10 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

9.11 Confidentiality and Public Announcements

Until Closing has occurred, each Party shall keep confidential all information obtained from the other Party in connection with the Purchased Shares, the Retained Assets and this Agreement, and shall not release any information concerning this Agreement and the Transactions without the prior written consent of the other Party, which consent shall not be unreasonably withheld. Nothing contained herein shall prevent a Party at any time from furnishing information: (i) to any Governmental Authority or to the public if required by Applicable Law (provided that the Purchaser shall advise the Company in advance of the content of any such public statement); (ii) in connection with obtaining the Reverse Vesting Order; or (iii) as required by the Company's secured creditors.

9.12 Sealing Order

The Company may, at its discretion, apply to the Court for a sealing order with respect to confidential materials prepared by the Company or the Monitor containing the financial and other confidential details of these Transactions (the "**Confidential Materials**"), such order sealing the Confidential Materials and the confidential information contained therein from the public court file for the period directed by the Court. Pursuant to the terms of such sealing order applied for by the Company, if granted, only the judge presiding over the CCAA Proceedings, the Purchaser and their respective Representatives and the secured creditors of the Company who have executed confidentiality agreements, and subject to the terms of those confidentiality agreements, shall have access to the Confidential Materials and the confidential information contained therein.

9.13 Termination

This Agreement may be terminated at any time prior to Closing:

- (a) by the mutual written agreement of the Company and the Purchaser, provided however that if this Agreement has been approved by the Court, any such termination shall require either the consent of the Monitor or the approval of the Court;
- (b) by the Purchaser, upon written notice to the Company, if there has been a material breach by the Company of any material representation, warranty or covenant contained in this Agreement, which breach has not been waived by the Purchaser, and: (i) such breach is not curable and has rendered the satisfaction of any condition in Sections 4.2 or 4.3 impossible by the Outside Date; or (ii) if such breach is curable, the Purchaser has provided prior written notice of such breach to the Company, and such breach has not been cured within ten (10) days (or, if not curable within ten (10) days, such longer period as is reasonable under the circumstances, not to exceed thirty (30) days) following the date upon which the Company received such notice; or
- (c) by the Purchaser, upon written notice to the Company, any time after the Outside Date, if (A) the Reverse Vesting Order has not been obtained, or (B) the Closing has not occurred by the Outside Date and such failure to close was not caused by or as a result of the Purchaser's breach of this Agreement;
- (d) by the Company, upon written notice to the Purchaser, if there has been a material breach by the Purchaser of any material representation, warranty or covenant contained in this Agreement, which breach has not been waived by the Company, and: (i) such breach is not curable and has rendered the satisfaction of any condition in Sections 4.2 or 4.4 impossible by the Outside Date; or (ii) if such breach is curable, the Company has provided prior written notice of such breach to the Purchaser, and such breach has not been cured within ten (10) days (or, if not curable within ten (10) days, such longer period as is reasonable under the circumstances, not to exceed thirty (30) days) following the date upon which the Purchaser received such notice; or
- (e) by the Company, upon written notice to the Purchaser, any time after the Outside Date, if (A) the Reverse Vesting Order has not been obtained, or (B) the Closing has not occurred by the Outside Date and such failure to close was not caused by or as a result of the breach of this Agreement by the Company.

Notwithstanding any termination of this Agreement as permitted under this Section 9.13, or as otherwise provided for in this Agreement, the provisions of Sections 2.4 (Deposit), 7.6 (Agreement Regarding Fees), 9.4 (Governing Law), 9.11 (Public Announcements), 9.14 (Third Party Beneficiaries), 9.15 (Personal Information) and 9.16 (Consequential Damages), shall remain in full force and effect following any such permitted termination, and the Deposit shall be governed by Section 2.4.

9.14 Third Party Beneficiaries

Except as otherwise provided for in this Agreement, each Party intends that this Agreement shall not benefit or create any right or cause of action in or on behalf of any Person other than the Parties and their successors and permitted assigns and, except as otherwise provided for in this Agreement, no Person, other than the Parties and their successors and permitted assigns shall be entitled to rely on the provisions hereof in any action, suit, proceeding, hearing or other forum. The Purchaser acknowledges to the Company, its Affiliates and their respective Representatives their direct rights against the Purchaser under this Agreement. To the extent required by Applicable Law to give full effect to these direct rights, the Purchaser agrees and acknowledges that the Company is acting as agent and/or as trustee of its Representatives, its Affiliates and their respective Representatives.

9.15 Personal Information

The Purchaser covenants and agrees to use and disclose any personal information contained in any of the books, records or files transferred to the Purchaser or otherwise obtained or reviewed by the Purchaser in connection with these Transactions only for those purposes for which it was initially collected from or in respect of the individual to which such information relates, unless:

- (a) the Company or the Purchaser has first notified such individual of such additional purpose, and where required by the Applicable Laws, obtained the consent of such individual to such additional purpose; or
- (b) such use or disclosure is permitted or authorized by Applicable Laws, without notice to, or consent from, such individual; and
- (c) the Purchaser's obligations set forth in this Section 9.14 shall survive the Closing Date indefinitely.

9.16 Consequential Damages

Under no circumstance shall any of the Parties, their Representatives or their respective directors, officers, employees or agents be liable for any punitive, exemplary, consequential or indirect damages (including for greater certainty, any loss of profits) (collectively, "**Consequential Damages**") that may be alleged to result, in connection with, arise out of, or relate to this Agreement or the Transaction, other than Consequential Damages for which the Purchaser is liable as a result of a Third Party Claim. For greater certainty, the Parties agree that none of the Parties, their respective Affiliates or their respective Representatives shall be liable for any lost profits whatsoever, whether such lost profits are considered to be direct, consequential or indirect losses, and regardless of whether such lost profits were foreseeable by the Parties at any time or whether such lost profits were the direct and natural result of a Party's breach of its obligations under this Agreement.

9.17 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

9.18 Counterpart Execution

This Agreement may be executed and delivered in counterparts and by electronic means (including electronic signatures), each such executed counterpart being deemed to be an original, and such counterparts together shall constitute one and the same agreement.
