- (a) Promptly following the Closing Date, the Vendor shall electronically submit applications to the AER for the Licence Transfers ("**LTAs**"), and confirm that such submission has been made to the Purchaser, and in addition the Vendor shall cause to be provided any information and documentation along with such LTAs to the AER which are required to be provided by the transferor in connection with the foregoing. The Purchaser shall accept or ratify such LTAs without delay, provided that, if the Purchaser in good faith determines or believes that any of the LTAs are not complete and accurate, or the AER refuses to process any such LTAs because of some defect therein, the Parties shall cooperate to duly complete or to correct such incomplete or inaccurate LTAs as soon as practicable and, thereafter, the Vendor shall promptly re-submit such LTAs and the Purchaser shall accept or ratify such re-submitted LTAs without delay. Each Party shall be responsible for its own costs relating to LTAs hereunder, including, in the case of Purchaser, any deposits or financial assurance requirements of the AER relating to the approval of the LTAs. The Purchaser shall provide any information and documentation in respect of such LTAs to the AER which are required to be provided by the transferee in connection with the foregoing. Following submission of the LTAs, the Parties shall use reasonable commercial efforts to obtain the approval from the AER of the LTAs and registration of the Licence Transfers, subject to the specific requirements of this Section 2.3.
- (b) If the AER denies any of the LTAs because of misdescription or other minor deficiencies contained therein, the Vendor shall, within two Business Days of such denial, correct the LTA(s) and amend and re-submit the LTA(s), and the Purchaser shall accept or ratify such re-submitted LTAs without delay.
- (c) Each Party shall on a timely and continuing basis keep the other Party fully apprised and informed regarding all substantive communications such Party may have with the AER in connection with the Transaction, including all communications respecting LTAs, and without limiting the generality of the foregoing, each Party shall provide copies to the other Party of all substantive correspondence between such Party and the AER (with any commercially sensitive information redacted and unredacted copies provided on an external counsel only basis).

2.4 Specific Conveyances

- (a) Within a reasonable time following its receipt of the Title Documents from the Vendor, the Purchaser shall prepare and provide for the Vendor's review all Specific Conveyances. The Vendor shall provide the Purchaser with reasonable assistance in its preparation of the Specific Conveyances. None of the Specific Conveyances shall confer or impose upon either Party any greater right or obligation than as contemplated in this Agreement. Promptly after Closing, the Purchaser shall register and/or distribute (as applicable), all

such Specific Conveyances and shall bear all costs incurred therewith and in preparing and registering any further assurances required to convey the Assets to the Purchaser.

- (b) As soon as practicable following Closing, the Vendor shall deliver or cause to be delivered to the Purchaser such original copies of the Title Documents and any other agreements and documents to which the Assets are subject and such original copies of contracts, agreements, records, books, documents, licenses, reports and data comprising Miscellaneous Interests which are now in the possession or control of the Vendor or of which the Vendor gains possession or control prior to Closing.
- (c) Notwithstanding Sections 2.4(a) and 2.4(b), requests for the transfers from the Vendor to the Purchaser of registered Crown leases or licences, related surface rights and any other Title Documents which are administered by a Governmental Authority shall be submitted by the Vendor and accepted by the Purchaser as soon as is practicable after Closing.

2.5 Post-Closing Maintenance of Assets

- (a) Following Closing, if and to the extent that the Purchaser must be novated into, recognized as a party to, or otherwise accepted as assignee or transferee of the Vendor's interest in the Assets or certain of them, including any Title Documents and Assumed Contracts, the following provisions shall apply with respect to the applicable Assets until such novation, recognition or acceptance has occurred:
 - (i) the Vendor shall hold the rights, entitlements, benefits, remedies, duties and obligations in respect of the applicable Assets in trust for the exclusive benefit of the Purchaser as bare trustee and agent;
 - (ii) the Vendor shall promptly provide to the Purchaser all authorities for expenditure, cash calls, operations notices, amounts budgeted pursuant to joint operating agreements, unit agreements, mail ballots and similar notices and calls for funds ("AFEs"), notices and other information, documents and correspondence relating to the applicable Assets that it receives and shall respond promptly to such AFEs, notices and other information and documents pursuant to the written instructions of the Purchaser, but only if such instructions are received on a timely basis, provided that, the Vendor may, but shall not be obliged to, refuse to follow any such instructions that it reasonably believes to be contrary to Applicable Law or in conflict with any applicable Title Document or other agreement;
 - (iii) the Vendor shall, no later than 30 days after receipt of funds, pay over to the Purchaser all such monies collected by the Vendor in respect of the Assets following the Closing Date, net of any unpaid related costs or expenses (including any taxes that are payable in respect of the receipt of such amounts);
 - (iv) the Parties shall use reasonable commercial efforts to obtain, as may be required by the terms of any Assumed Contracts, consents or approvals to the assignment of such Assumed Contracts; provided that to the extent that any Cure Costs are payable with respect to any Assumed Contract, the Purchaser shall be responsible for and shall pay all such Cure Costs, which shall be paid directly to the counterparty as and when required in conjunction with the assignment of the Assumed Contracts;

- (v) the Parties shall continue to use reasonable commercial efforts to obtain the AER's approval of the LTAs and registration of the Licence Transfers;
- (vi) to the extent permitted by any applicable Assumed Contract:
 - (A) the Purchaser will pay, perform and discharge the duties and obligations accruing after Closing under such Assumed Contract, on behalf of the Vendor, until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser; and
 - (B) the Vendor shall use reasonable commercial efforts to exercise the rights, entitlements, benefits and remedies under such Assumed Contract, on behalf of the Purchaser until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser, or such Assumed Contract expires or otherwise terminates;
- (vii) the Vendor shall not have any liability as a consequence of the Vendor taking any action or causing anything to be done under this Section 2.5(a), and the Purchaser shall be responsible and liable for, and, as a separate covenant, shall hereby indemnify and save harmless the Vendor and its Representatives against, all costs and expenses reasonably incurred by the Vendor, its Affiliates or their respective Representatives as a consequence of or in connection with this Section 2.5(a), except in the case of fraud, gross negligence and wilful misconduct by or of the Vendor or its Representatives;
- (viii) nothing in this Agreement shall constitute an agreement to assign, and shall not be construed as an assignment of, or an attempt to assign to the Purchaser, any Assumed Contract until such time as the necessary consents or approvals with respect to the assignment are obtained.
- (b) Both before and after Closing, the Parties shall use all commercially reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit this Transaction to be completed. The Parties acknowledge that the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of the Purchaser, at the Purchaser's sole cost and expense, to provide any and all financial assurances, deposits or security that may be required by Governmental Authorities or any Third Parties under the Assumed Contracts or Applicable Laws to permit the transfer of the Assets (excluding the LTA which is dealt with under Section 2.3), including the Assumed Contracts, to the Purchaser.

2.6 Cure Costs

- (a) The Parties acknowledge and agree that Schedule F sets out the Cure Costs identified as being payable as of the date of this Agreement, and further that Schedule F (and for clarity, the Cure Costs) may be subject to adjustment prior to the Closing Date as a result of:
 - (i) amounts owing pursuant to the terms of any Assumed Contract set out in Schedule F that arise or accrue between the date of this Agreement and the Closing Date; or
 - (ii) any Third Party under any Assumed Contract set out in Schedule F for which Cure Costs have been identified therein submitting an updated claim for such Cure

Costs, to the extent such updated claim and the associated Cure Costs are determined by the Monitor to be valid and payable pursuant to the terms of the applicable Assumed Contract;

in either case to the extent identified by the Vendor to the Purchaser by written notice within three (3) Business Days prior to the Closing Date, which notice shall include evidence in support of any adjusted or additional Cure Costs which is satisfactory to the Purchaser, acting reasonably.

2.7 Assumed Liabilities

Following Closing, the Purchaser shall assume, perform, discharge and pay when due all of the Assumed Liabilities. For greater certainty, the Purchaser acknowledges and agrees that the Environmental Liabilities and Abandonment and Reclamation Obligations in respect of the Assets are future costs and obligations associated with the ownership of the Assets that are tied and connected to the ownership of the Assets such that they are inextricably linked and embedded with the Assets. For further certainty, the Purchaser shall not assume any liabilities or obligations that arise from the possession, ownership and/or use of the Assets relating to any linear or non-linear municipal property taxes that accrue prior to the Closing Date.

ARTICLE 3 PURCHASE PRICE

3.1 Purchase Price

The consideration payable by the Purchaser for the Assets shall be the sum of [REDACTED] (the "**Purchase Price**"). The Purchase Price shall be satisfied in accordance with Section 3.3(b) and shall not be subject to any adjustment (and for greater certainty, Cure Costs shall be satisfied in accordance with Section 2.5(a)). The Purchaser and the Vendor acknowledge and agree that the Purchase Price reflects the fair market value of the Assets as of the Closing Date, having due regard to the Environmental Liabilities connected to and embedded in the Assets that depress the value of the Assets.

3.2 Allocation of Purchase Price

The Purchase Price shall be allocated among the Assets as follows:

- (a) to the Petroleum and Natural Gas Rights, 80%;
- (b) to the Tangibles, 20% less \$10.00; and
- (c) to the Miscellaneous Interests, \$10.00.

3.3 Deposit and Satisfaction of Purchase Price

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount equal to ten percent (10%) of the Purchase Price (the "**Deposit**") to the Monitor;
 - (ii) the Deposit has been delivered to and shall be held in trust by the Monitor; and

- (iii) the Deposit shall be held and administered by the Monitor in accordance with the terms and conditions of this Agreement (including this Section 3.3).
- (b) At Closing, the Purchase Price shall be paid and satisfied as follows:
 - (i) as to the amount of the Deposit, upon receipt of a written joint direction delivered to the Monitor by the Purchaser and the Vendor, the Monitor shall deliver the amount of the Deposit to the Vendor by electronic wire transfer and such amount shall be applied against the amount of the Purchase Price for the account of the Purchaser; and
 - (ii) as to the balance of the Purchase Price, along with any additional amounts owing in respect of applicable GST, less any adjustments in accordance with Section 10.2, the Purchaser shall pay to the Vendor such amount by electronic wire transfer.
- (c) If this Agreement is terminated:
 - (i) (A) pursuant to Section 13.1(a) by mutual agreement of the Parties; (B) pursuant to Sections 13.1(b) or 13.1(c) by the Purchaser; (C) pursuant to Section 13.1(e) by the Vendor; or (D) for any other reason other than as contemplated under Section 3.3(c)(ii); then the Deposit shall be returned to the Purchaser; or
 - (ii) pursuant to Section 13.1(d) by the Vendor, the full amount of the Deposit shall be forfeited to the Vendor,

and, subject to Section 13.2, each Party shall be released from all obligations and liabilities under or in connection with this Agreement. In the event of termination of this Agreement under Section 3.3(c)(ii) pursuant to which the Vendor shall be entitled to retain the Deposit, the Parties agree that the amount of the Deposit, constitutes a genuine pre-estimate of liquidated damages representing the Vendor's Losses and Liabilities as a result of Closing not occurring and agree that the Vendor shall not be entitled to recover from the Purchaser any amounts that are in excess of the Deposit as a result of Closing not occurring. The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Vendor's damages.

3.4 Cure Cost Adjustment

If prior to Closing, the Cure Costs are adjusted in accordance with Section 2.6 by greater than \$750,000.00 (the "**Cure Cost Threshold**"), the Purchase Price shall be reduced by the amount exceeding the Cure Cost Threshold; provided, if the Purchase Price is reduced to less than [REDACTED] by the operation of this Section 3.4, either Party may terminate this Agreement by written notice to the other Party.

ARTICLE 4 TRANSFER TAXES

4.1 Transfer Taxes

The Parties agree that:

- (a) the Purchase Price does not include Transfer Taxes and the Purchaser shall be liable for and shall pay, and be solely responsible for, any and all Transfer Taxes pertaining to the Purchaser's acquisition of the Assets; and
- (b) the Purchaser shall indemnify the Vendor and its Affiliates for, from and against any Transfer Taxes (including any interest or penalties imposed by a Governmental Authority) that any of them are required to pay or for which any of them may become liable as a result of any failure by the Purchaser to self-assess, pay or remit such Transfer Taxes, other than as a result of a failure by the Vendor or its Affiliates to timely remit any amounts on account of Transfer Taxes paid by the Purchaser hereunder.

ARTICLE 5 REPRESENTATIONS AND WARRANTIES

5.1 Vendor's Representations

- (c) neither the execution of this Agreement nor its performance by the Purchaser will result in a breach of any term or provision or constitute a default under any indenture, mortgage, deed of trust or any other agreement to which the Purchaser is a party or by which it is bound which breach could materially affect the ability of the Purchaser to perform its obligations hereunder;
- (d) except for: (i) Court Approval; and (ii) the Licence Transfers and any consents, approvals or waivers that are required in connection with the assignment of an Assumed Contract; the execution, delivery and performance of this Agreement by it does not and will not require any consent, approval, authorization or other order of, action by, filing with or notification to, any Governmental Authority, except where failure to obtain such consent, approval, authorization or action, or to make such filing or notification, would not prevent or materially delay the consummation by the Purchaser of this Transaction;
- (e) subject to Court Approval being obtained, this Agreement has been duly executed and delivered by it and constitutes a legal, valid and binding obligation of the Purchaser and is enforceable against the Purchaser in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization or similar Applicable Laws relating to creditors' rights generally and subject to general principles of equity;
- (f) the Purchaser is not a non-Canadian Person within the meaning of the *Investment Canada Act* (Canada) nor a non-resident of Canada for the purposes of the *Income Tax Act* (Canada);

As of the date of submission of the LTAs, the Purchaser has "General Eligibility" status as defined under *Directive 067* and the Purchaser's BA code is A7E2;
- (i) as of the date of submission of the LTAs, the Purchaser is not aware of any fact or circumstance that would (i) result in the AER determining that the Purchaser poses an unreasonable risk in accordance with the factors and criteria established by the AER pursuant to *Directive 088* and *Manual 023: Licensee Life-Cycle Management*, or (ii)

prevent or delay the Licence Transfers or the review of the LTAs by the AER as contemplated hereunder;

- (j) with respect to the GST imposed under the GST Legislation, the Purchaser is registered under the GST Legislation and will continue to be registered at the Closing Date in accordance with the provisions of the GST Legislation and that its GST registration number is 830233359 RT0001;

5.3 Enforcement of Representations and Warranties

- (a) The representations and warranties of each Party contained in this Agreement shall survive until Closing and shall thereafter be of no further force and effect. Effective upon the occurrence of Closing, each Party hereby releases and forever discharges each other Party from any breach of any representations and warranties set forth in this Agreement. For greater certainty, none of the representations and warranties contained in this Article 5 shall survive Closing and, the Purchaser's sole recourse for any material breach of representation or warranty by the Vendor shall be for the Purchaser to not complete the Transaction in accordance with this Agreement.
- (b) The representations and warranties of the Vendor made herein or pursuant hereto are made for the exclusive benefit of the Purchaser, and the representations and warranties of the Purchaser made herein or pursuant hereto are made for the exclusive benefit of the Vendor, as the case may be, and are not transferable and may not be made the subject of any right of subrogation in favour of any other Person.
- (c) The Parties expressly acknowledge and agree that the provisions of this Section 5.3 and the limit on each Party's liability set out in this Section 5.3 are intended by the Parties as a limitation of liability that represents a fair and equitable allocation of the risks and liabilities that each Party has agreed to assume in connection with the subject matter hereof and is not an agreement within the provision of subsection 7(2) of the *Limitations Act* (Alberta).

ARTICLE 6 "AS IS, WHERE IS" AND NO ADDITIONAL REPRESENTATIONS AND WARRANTIES

6.1 Due Diligence Acknowledgement

The Purchaser acknowledges and agrees that:

- (a) it was solely responsible to perform any inspections it deemed pertinent to the purchase of the Assets and to be satisfied as to the condition of the Assets prior to entering into this Agreement with the Vendor;
- (b) notwithstanding the fact that it was permitted to review any diligence materials and disclosures provided by the Vendor, including the Due Diligence Information, the Vendor assumes no liability for errors or omissions in such diligence materials and disclosure or any other property listings or advertising, promotional or publicity statements and materials, and makes no representations or warranties in respect thereof;
- (c) by entering into this Agreement with the Vendor, the Purchaser shall be deemed to represent, warrant and agree with respect to the Assets that:

 - (vi) without limiting the generality of the foregoing, the Vendor is not under any obligation to disclose to the Purchaser, and shall have no liability for its failure to disclose to the Purchaser, any information known to it relating to the Assets except as may be required by any Applicable Law; and

6.2 "As Is, Where Is", No Additional Representations

- (a) Without limiting any other provision of this Agreement, the Purchaser acknowledges and agrees that it is acquiring the Assets on an "as is, where is" and "without recourse" basis with all defects, both patent and latent, and with all faults, whether known or unknown, presently existing or that may hereafter arise. The Purchaser acknowledges and agrees that, except as expressly set forth in this Agreement, the Vendor, its Affiliates and their respective Representatives have not made, do not make and specifically negate and disclaim any representation, warranty, promise, covenant, agreement or guaranty of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning or with respect to the Assets. For greater certainty, but without limitation, except as expressly set forth in this Agreement, none of the Vendor, its Affiliates or their respective Representatives make any condition, representation or warranty whatsoever, express or implied, with respect to:
- (i) the title and interest of the Vendor in and to the Assets;

- (b) The Purchaser acknowledges that except for its express rights under this Agreement, the Purchaser expressly waives and relinquishes any rights or benefits it may have under any Applicable Law designed to invalidate releases of unknown or unsuspected claims.
 - (c) Except for its express rights under this Agreement, the Purchaser hereby waives all rights and remedies (whether now existing or hereinafter arising and including all common law, tort, contractual and statutory rights and remedies) against the Vendor, its Affiliates and their respective Representatives in respect of the Assets and any representations or statements made or information or data furnished to the Purchaser or its Representatives in connection herewith (whether made or furnished orally or by electronic, faxed, written or other means). Such waiver is absolute, unlimited, and includes, but is not limited to, waiver of express warranties, implied warranties, any warranties contained in the *Sale of Goods Act* (Alberta), the *Sale of Goods Act* (British Columbia) (or similar applicable statutes, all as may be amended, repealed or replaced), warranties of fitness for a particular use, warranties of merchantability, warranties of occupancy, strict liability and claims of every kind and type, including claims regarding defects, whether or not discoverable or latent, product liability claims, or similar claims, and all other claims that may be later created or conceived in strict liability or as strict liability type claims and rights.

ARTICLE 7 RISK AND COSTS AND INSURANCE

7.1 Risk and Costs

Except as otherwise provided for in this Agreement, the Assets will be at the sole risk and responsibility of the Vendor until the Closing Date, and thereafter at the sole risk and responsibility of the Purchaser.

7.2 Insurance

Any property, liability and other insurance maintained by the Vendor in relation to the Assets, to the extent applicable, shall not be transferred at Closing, but shall remain the responsibility of the Vendor until the Closing Date. The Purchaser shall be responsible for placing its own property, liability and other insurance coverage with respect to the Assets in respect of the period from and after 12:01 a.m. on the Closing Date.

ARTICLE 8 INDEMNIFICATION

8.1 Indemnification Given by Purchaser

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates and/or their respective Representatives related to or in connection with the Assets and the Assumed Liabilities, including: (i) all Losses and Liabilities attributable to the ownership, operation, use, construction or maintenance of the Assets occurring, accruing or arising during the period following the Closing Date; (ii) all Losses and Liabilities arising or accruing on or after the Closing Date under any Assumed Contract, including any and all Cure Costs; and (iii) any other Losses and Liabilities for which the Purchaser has otherwise agreed to indemnify the Vendor pursuant to this Agreement, including pursuant to Section 9.2. The Purchaser's indemnity obligations set forth in this Section 8.1 shall survive the Closing Date indefinitely pursuant to Section 14.3.

8.2 Third Party Claims

- (a) If any of the Vendor, its Affiliates or any of their respective Representatives receives written notice of the commencement or assertion of any Third Party Claim for which the Purchaser is liable pursuant to this Agreement (or has otherwise agreed to indemnify the Vendor, its Affiliates or their respective Representatives against), the Vendor shall give the Purchaser reasonably prompt notice thereof, but in any event no later than ten (10) days after receipt of such notice of such Third Party Claim. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.
- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives, pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its

own expenses of participating in or assuming such defence. In the event that the Purchaser elects to assume the carriage and control of the defence of a Third Party Claim pursuant to this Section 8.2(b), then the Vendor shall, or shall cause its Affiliates and/or their respective Representatives to, cooperate in good faith in the defence of each Third Party Claim and may participate in such defence assisted by counsel of its own choice at its own expense.

- (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

8.5 Third Party Beneficiary

The Vendor's Representatives and the Vendor's Affiliates, and all of their respective Representatives are intended third party beneficiaries of this Article 8 and shall have the right, power and authority to enforce the provisions hereof as though they were each a party hereto. The Purchaser further agrees to execute such agreements as may be reasonably requested by such Persons in connection with these provisions that are consistent with this Article 8 or that are reasonably necessary to give further effect thereto.

ARTICLE 9 ENVIRONMENTAL MATTERS

9.1 Acknowledgements Regarding Environmental Condition

The Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. The Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands and the Tangibles, that the Vendor has provided the Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of the Purchaser (insofar as the Vendor could reasonably provide such access) and that the Purchaser is not relying upon any representation or warranty of the

Vendor, its Affiliates or any of their respective Representatives as to the environmental condition of the Assets, or any Environmental Liabilities or Abandonment and Reclamation Obligations in respect thereof.

9.2 Assumption of Environmental Liabilities

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any matter or thing arising out of, attributable to or connected with any Environmental Liabilities or any Abandonment and Reclamation Obligations. Once Closing has occurred, the Purchaser shall be solely responsible for all Environmental Liabilities and all Abandonment and Reclamation Obligations as between the Vendor (on one hand) and the Purchaser (on the other hand) including whether occurring or accruing prior to, on or after the Closing Date, and hereby releases the Vendor, its Affiliates and their respective Representatives from any claims the Purchaser may have against the Vendor with respect to all such Environmental Liabilities and Abandonment and Reclamation Obligations. Without restricting the generality of the foregoing, the Purchaser shall be responsible for all Environmental Liabilities and Abandonment and Reclamation Obligations (including whether occurring or accruing prior to, on or after the Closing Date) in respect of all Wells and Tangibles.

ARTICLE 10 COVENANTS

10.1 Conduct of Business Until Closing

- (a) From the date hereof until the Closing Date, subject to any limitations set out in the Title Documents and any other agreements and documents to which the Assets are subject, the Vendor shall (i) to the extent the Assets are under the custody and control of the Vendor, maintain the Assets in a proper and prudent manner in material compliance with all Applicable Laws; and (ii) not without the consent of Purchaser: (A) make any commitment or propose, initiate or authorize any capital expenditure out of the ordinary course of business with respect to the Assets, of which the Vendor's share is in excess of \$25,000.00, except in the case of an emergency, as may be reasonably necessary to protect or ensure life and safety, to preserve the Assets or title to the Assets, or in respect of amounts which Vendor may be committed to expend or be deemed to authorize for expenditure without its consent (but with notice to Purchaser in all cases); (B) sell, transfer, assign, encumber or otherwise dispose of any of the Assets or any interest therein; (C) surrender or abandon any of the Assets (except any abandonment of Leases to the extent any such Leases terminate pursuant to their terms); (D) materially amend or terminate any Title Documents or enter into any agreements or commitments related to the Assets, other than in the ordinary course of business; or (E) enter into any agreement or commitment to take any action prohibited by this Section 10.1(a).
- (b) Until the Closing Date, the Vendor shall (i) provide the Purchaser with all access to the Assets as reasonably required by the Purchaser in order to allow for and assist the Purchaser with an orderly passing of the Assets to the Purchaser following Closing in accordance

herewith, and (ii) promptly provide the Purchaser with copies of any AFEs, requests for consents, operation notices and similar notices received by the Vendor with respect to the Assets.

- (c) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to this Section 10.1 will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
- (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives,

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to this Section 10.1.

10.2 ROFRs

- (a) Promptly following the execution of this Agreement, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of the Identified ROFRs, which shall include the Purchaser's bona fide allocation of the amount of the Purchase Price attributable to each of such Assets which are subject to an Identified ROFR. The Vendor shall courier ROFR notices to the Third Parties holding such Identified ROFRs promptly following the receipt of the same from the Purchaser. To the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such an Identified ROFR.
- (b) If any such Third Party elects to exercise such an Identified ROFR, then:
- (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the Identified ROFR has been exercised, effective as of the date of this Agreement;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to an Identified ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall be reduced by the value allocated to such Assets by Purchaser in the ROFR notices as set out in Section 10.2(a).
- (c) In the event that a Third Party exercises an Identified ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser

agrees to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.

- (d) Closing shall not be delayed even though certain of the Identified ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Date (such Identified ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
- (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);
 - (ii) the Purchaser shall have (as of the Closing Date) prepared all Specific Conveyances and other closing documentation required for the sale of the Assets subject to the Outstanding ROFRs (the "**Outstanding ROFR Assets**");
 - (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Purchaser, and the provisions of Section 10.2(b) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and
 - (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed on the Closing Date.
- (e) From and after Closing the Parties shall cooperate and shall take all steps required to comply with any ROFRs identified after Closing in accordance with the terms thereof. The Purchaser shall be entitled to receive all proceeds payable by the holders of any such ROFRs exercised after Closing and there will be no adjustment to the Purchase Price as a consequence of the identification of any such ROFRs or the exercise thereof after Closing.
- (f) The Purchaser shall be liable for all Losses and Liabilities suffered, sustained, paid or incurred by Vendor and its Affiliates, and, in addition and as an independent covenant, shall indemnify the Vendor and its Affiliates from and against all Losses and Liabilities suffered, sustained, paid or incurred by it and all Claims made against it, in either case, as a consequence of any allocation of value provided by the Purchaser and used by the Vendor for a notice in respect of an Identified ROFR pursuant to Section 10.2(a).

10.3 Document Review

Prior to Closing, the Vendor shall provide Purchaser with reasonable access to the Title Documents and other Miscellaneous Interests in the possession or under the control of Vendor for the purpose of verifying the continued validity and effect of the Title Documents, the identification of Assets the subject of ROFRs, the preparation of Specific Conveyances and other matters related to this Agreement and the Transaction.

11.1 Mutual Conditions

The respective obligations of the Parties to complete the purchase and sale of the Assets are subject to the following conditions being fulfilled or performed as at or prior to the Closing Date:

- (a) the Court shall have granted the Approval and Vesting Order and the Approval and Vesting Order shall be a Final Order;

- (c) the Closing is not otherwise prohibited by Applicable Law.

The foregoing conditions are for the mutual benefit of the Vendor and the Purchaser and may be asserted by the Vendor or the Purchaser regardless of the circumstances and may be waived only with the agreement of the Vendor and the Purchaser.

- (b) the Vendor shall have complied with and performed, in all material respects, all of its covenants and obligations contained in this Agreement;
- (c) the Vendor shall have executed and delivered or caused to have been executed and delivered to the Purchaser at or before the Closing all the documents contemplated in Section 12.2; and
- (d) except for the Cure Costs set out in Schedule F (and any adjustments thereto in accordance with Section 2.6, if applicable), there will be no other Cure Costs that are required to be paid by the Purchaser to secure the assignment of the Assumed Contracts to the Purchaser.

The foregoing conditions are for the exclusive benefit of the Purchaser and may be waived by it in its sole discretion, in whole or in part, at any time and from time to time without prejudice to any other rights which the Purchaser may have.

11.3 Conditions for the Benefit of the Vendor

The obligation of the Vendor to complete the sale of the Assets is subject to the following conditions being fulfilled or performed as at or prior to the Closing Date:

- (a) all representations and warranties of the Purchaser contained in Section 5.2 of this Agreement shall be true and correct in all material respects as at the Closing Date with the same force and effect as if made at and as of such time;

11.4 Satisfaction of Conditions

Each of the Parties shall proceed diligently and in good faith and use all commercially reasonable efforts to fulfill and assist in the fulfillment of the conditions set forth in Sections 11.1, 11.2 and 11.3. In addition, each of the Parties agrees not to take any action that could reasonably be expected to preclude, delay or have an adverse effect on the Transaction or would render, or may reasonably be expected to render, any representation or warranty made by it in this Agreement untrue in any material respect.

11.5 Monitor's Certificate

When the conditions to Closing set out in Sections 11.1, 11.2 and 11.3 have been satisfied and/or waived by the each of the Vendor and the Purchaser, as applicable, the Vendor and the Purchaser will each deliver to the Monitor written confirmation: (a) that such conditions of Closing, as applicable, have been satisfied and/or waived; and (b) of the amount of the Transfer Taxes and Cure Costs to be paid on Closing (in each case, to the extent applicable), in substantially the form of Schedule D (the "**Conditions Certificates**"). Upon receipt by the Monitor of: (i) confirmation of payment of the balance of the Purchase Price (less the Deposit) to be paid on Closing has been received by the Vendor; (ii) confirmation of payment of applicable Transfer Taxes to be paid on Closing have been paid to the Vendor (or evidence of an agreement to pay all Transfer Taxes by the Purchaser to any relevant Governmental Authorities or counterparty); and (iii) each of the Conditions Certificates, the Monitor shall: (A) issue forthwith its Monitor's Certificate concurrently to the Vendor and the Purchaser, at which time the Closing will be deemed to have occurred; and (B) file as soon as practicable a copy of the Monitor's Certificate with the Court (and shall provide a true copy of such filed certificate to the Vendor and the Purchaser). In the case of (A) and (B), above, the Monitor will be relying exclusively on the basis of the Conditions Certificates and without any obligation whatsoever to verify the satisfaction or waiver of the applicable conditions.

- (a) by the mutual written agreement of the Vendor and the Purchaser, provided however that if this Agreement has been approved by the Court, any such termination shall require either the consent of the Monitor or the approval of the Court;
- (b) by the Purchaser, upon written notice to the Vendor, if there has been a material breach by the Vendor of any material representation, warranty or covenant contained in this Agreement, which breach has not been waived by the Purchaser, and: (i) such breach is not curable and has rendered the satisfaction of any condition in Section 11.2 impossible by the Outside Date; or (ii) if such breach is curable, the Purchaser has provided prior written notice of such breach to the Vendor, and such breach has not been cured within ten (10) days (or, if not curable within ten (10) days, such longer period as is reasonable under the circumstances, not to exceed thirty (30) days) following the date upon which the Vendor received such notice;
- (c) by the Purchaser, upon written notice to the Vendor, (i) any time after the Outside Date, if (A) the Court Approval has not been obtained, or (B) the Closing has not occurred by the Outside Date and such failure to close was not caused by or as a result of the Purchaser's breach of this Agreement;

- (f) by either Party, upon written notice to the other Party, pursuant to Section 3.4.

13.2 Effect of Termination

Notwithstanding any termination of this Agreement as permitted under Section 13.1, or as otherwise provided for in this Agreement, the provisions of Sections 3.3 (Deposit), 14.1 (Public Announcements),

14.4 (Governing Law), 14.5 (Consequential Damages), 14.11 (Costs and Expenses) and 14.15 (Third Party Beneficiaries) shall remain in full force and effect following any such permitted termination, and the Deposit shall be governed by Section 3.3.

ARTICLE 14 GENERAL

14.1 Public Announcements

- (a) Subject to Section 14.1(b), if a Party intends to issue a press release or other public disclosure of this Agreement, the terms hereof or the Transaction, the disclosing Party shall provide the other Parties with an advance copy of any such press release or public disclosure with sufficient time to enable the other Parties to review such press release or other public disclosure and provide any comments. The disclosing Party shall not issue such press release or other public disclosure without the prior written consent of the other Parties, such consent not to be unreasonably withheld.
- (b) Notwithstanding Section 14.1(a): (i) this Agreement may be filed by the Vendor with the Court; and (ii) the Transaction may be disclosed by the Vendor to the Court, subject to redacting confidential or sensitive information as permitted by Applicable Law. The Parties further agree that:
 - (i) the Vendor may prepare and file reports and other documents with the Court containing references to the Transaction and the terms of the Transaction;
 - (ii) the Vendor may forward a copy of this Agreement and all related documentation to the Orphan Well Association and its Representatives, agents, legal counsel and financial advisors, and may further advise such Persons of the existence and nature of any discussions and negotiations in relation thereto or in relation to the Transaction; provided that the Orphan Well Association and its Representatives agree in advance to be bound by any confidentiality undertakings or similar confidentiality requirements reasonably requested by the Vendor; and
 - (iii) the Vendor and its professional advisors may prepare and file such reports and other documents with the Court containing references to the Transaction contemplated by this Agreement and the terms of such Transaction as may reasonably be necessary to obtain the Court Approval and to complete the Transaction contemplated by this Agreement or to comply with their obligations to the Court.

14.2 Dissolution of Vendor

The Purchaser acknowledges and agrees that nothing in this Agreement shall operate to prohibit or diminish in any way the right of the Vendor or any of its Affiliates to cause the dissolution or wind-up of any of the Vendor subsequent to the Closing Date, or otherwise cause or allow the Vendor to cease operations in any manner or at any time subsequent to the Closing Date as the Vendor may determine in its sole discretion, which may be exercised without regard to the impact any such action may have on the Vendor's ability to fulfil its obligations under this Agreement that survive Closing.

14.3 Survival

Upon Closing, the obligations, covenants, representations and warranties of the Parties set out in this Agreement shall expire, be terminated and extinguished and of no further force or effect, provided that notwithstanding the Closing contemplated hereunder or the delivery of documents pursuant to this Agreement, the obligations and covenants of the Parties set out in Section 2.3 (Licence Transfers), Section 2.4 (Specific Conveyances), Section 2.5 (Post-Closing Maintenance of Assets), Section 5.3 (Enforcement of Representations and Warranties), Section 10.2 (ROFRs) and Article 4 (Transfer Taxes), Article 6 ("As Is, Where Is" and No Additional Representations and Warranties), Article 8 (Indemnification), Article 9 (Environmental Matters) and Article 14 (General), shall survive Closing, shall remain in full force and effect, shall not merge as a result of Closing and shall be binding on the Parties indefinitely thereafter except as expressly stated to the contrary therein or otherwise in accordance with Applicable Laws.

14.4 Governing Law

- (a) This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta, and the federal laws of Canada applicable therein (excluding any conflict of law rule or principle of such laws that might refer such interpretation or enforcement to the laws of another jurisdiction). The Parties consent to the jurisdiction and venue of the courts of Alberta for the resolution of any such dispute arising under this Agreement.
- (b) Notwithstanding Section 14.4(a), any and all documents or orders that may be filed, made or entered in the CCAA Proceedings, and the rights and obligations of the Parties thereunder, including all matters of construction, validity and performance thereunder, shall in all respects be governed by, and interpreted, construed and determined in accordance with the laws of the Province of Alberta. The Parties consent to the jurisdiction and venue of the Court, as applicable, for the resolution of any such disputes, regardless of whether such disputes arose under this Agreement. Each Party agrees that service of process on such Party as provided in Section 14.13 shall be deemed effective service of process on such Party.

14.5 Consequential Damages

Under no circumstance shall any of the Parties, their Representatives or their respective directors, officers, employees or agents be liable for any punitive, exemplary, consequential or indirect damages (including for greater certainty, any loss of profits) (collectively, "**Consequential Damages**") that may be alleged to result, in connection with, arise out of, or relate to this Agreement or the Transaction, other than Consequential Damages for which the Purchaser is liable as a result of a Third Party Claim (which liability shall be subject to and recoverable under Article 8 (Indemnification)). For greater certainty, the Parties agree that none of the Parties, their respective Affiliates or their respective Representatives shall be liable for any lost profits whatsoever, whether such lost profits are considered to be direct, consequential or indirect losses, and regardless of whether such lost profits were foreseeable by the Parties at any time or whether such lost profits were the direct and natural result of a Party's breach of its obligations under this Agreement.

14.6 Further Assurances

Each of the Parties from and after the date hereof shall, from time to time, and at the request and expense of the Party requesting the same, do all such further acts and things and execute and deliver such further

instruments, documents, matters, papers and assurances as may be reasonably requested to complete the Transaction and for more effectually carrying out the true intent and meaning of this Agreement.

14.7 Assignment

The Purchaser shall not, without the Vendor's prior written consent, assign any right or interest in this Agreement, which consent may be withheld in the Vendor's sole and absolute discretion, except that the Purchaser shall have the right to assign any or all of its rights, interests or obligations hereunder to one or more Affiliates of the Purchaser, provided that: (a) such Affiliate agrees to be bound by the terms of this Agreement; (b) the Purchaser shall remain liable hereunder for any breach of the terms of this Agreement by such Affiliate; (c) such assignment shall not release the Purchaser from any obligation or liability hereunder in favour of the Vendor; and (d) the Purchaser shall acknowledge and confirm its continuing obligations in favour of the Vendor in an assignment and assumption agreement in form and substance satisfactory to the Vendor.

14.8 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

14.9 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

14.10 Time of the Essence

Time is of the essence in this Agreement.

14.11 Costs and Expenses

Unless otherwise provided for in this Agreement, each Party shall be responsible for all costs and expenses (including the fees and disbursements of legal counsel, bankers, investment bankers, accountants, brokers and other advisors) incurred by it in connection with this Agreement and the Transaction. Notwithstanding any other provision of this Agreement, the Purchaser shall pay the cost of all surveys, title insurance policies and title reports ordered by the Purchaser.

14.12 Entire Agreement

This Agreement and the Confidentiality Agreement (the terms and conditions of which are incorporated by reference into this Agreement, and binding upon the Parties, as if such agreement were signed directly by the Parties) constitute the entire agreement between the Parties with respect to the subject matter hereof and cancel and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, between the Parties with respect to the subject matter hereof. There are no conditions, covenants,

agreements, representations, warranties or other provisions, whether oral or written, express or implied, collateral, statutory or otherwise, relating to the subject matter hereof other than those contained in this Agreement or in the Confidentiality Agreement.

 9. Upon delivery of the Monitor's Certificate together with a certified copy of this Order, this Order shall be immediately registered by the Land Titles Registrar notwithstanding the requirements of section 191(1) of the LTA and notwithstanding that the appeal period in respect of this Order has not elapsed. The Land Titles Registrar is hereby directed to accept all Affidavits of Corporate Signing Authority submitted by KSV Restructuring Inc., in its capacity as Monitor of AlphaBow and not in its personal capacity.

For the purposes of determining the nature and priority of Claims, the net proceeds from sale of the Purchased Assets shall stand in the place and stead of the Purchased Assets from and after delivery of the Monitor's Certificate and all Claims including Encumbrances (but excluding Permitted Encumbrances) shall not attach to, encumber or otherwise form a charge, security interest, lien, or other Claim against the Purchased Assets and may be asserted against the net proceeds from sale of the Purchased Assets with the same priority as they had with respect to the Purchased Assets immediately prior to the sale, as if the Purchased Assets had not been sold and remained in the possession or control of the person having that possession or control immediately prior to the sale. Unless otherwise ordered (whether before or after the date of this Order), no distributions shall be

made to creditors of net proceeds from sale of the Purchased Assets without further order of this Court.

13. The Purchaser (or its nominee) shall be entitled to enter into and upon, hold and enjoy the Purchased Assets for its own use and benefit without any interference of or by the AlphaBow, or any person claiming by, through or against the AlphaBow.
14. Immediately upon closing of the Transaction, holders of Permitted Encumbrances shall have no claim whatsoever against AlphaBow associated with the Purchased Assets.

Dear Sirs / Mesdames:

Re: AlphaBow Energy Ltd. CCAA Proceedings

We write in regard to the Purchase and Sale Agreement between AlphaBow Energy Ltd. and North 40 Resources Ltd. (the "Agreement") for which AlphaBow will seek court approval on December 19, 2024.

Bearspaw's position remains that the Wayne-Rosedale Glauconitic Unit No. 1 Agreement should be excluded from the Purchase and Sale Agreement pending resolution of Bearspaw's claim in regard to oil produced from the well identified as 100/07-15-029-20W4/00 (the "7-15 Well").

We propose that Bearspaw's application, in the form of its Amended Originating Application previously provided, be heard in Commercial Duty Court on one of the following dates, as a half day application:

- January 21, 2025 at 2 pm (Justice Jeffrey)
- January 22, 2025 at 10 am (Justice Jeffrey)
- January 24, 2025 at 2 pm (Justice Neilson)

- February 6 or 7, 2025 at 10 am or 2 pm (Justice Johnston)
- February 6 or 7, 2025 at 10 am or 2 pm (Justice Burns)

We propose that written briefs would be filed, two weeks in advance for Bears paw and one week in advance for any respondent who wishes to file a brief, including North 40.

Please advise if we have your agreement to book this matter with the Court.

We will be proposing an alternative means of resolving this matter by separate letter later this week.

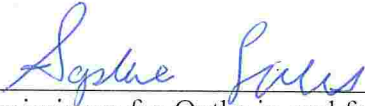

Yours truly,

Katherine Reiffenstein

Dear Ms. Reiffenstein:

Re: AlphaBow Energy Ltd. ("AlphaBow") CCAA Proceedings

We write further to your letter of December 4, 2024, advising that Bearspaw's position remains that the Wayne-Rosedale Glauconitic Unit No. 1 Agreement (the "**Agreement**") should be excluded from the Purchase and Sale Agreement as between AlphaBow and North 40 Resources Ltd (the "**PSA**").

As set out in the PSA, only AlphaBow's unit interest is being sold, as far as we understand there is no dispute that AlphaBow has an interest in the agreement, rather the issue is the proper interpretation of the Agreement. We do not see that PSA as prejudicing the Claim, however the exclusion of the Agreement would as it would require AlphaBow to incur additional costs at the expense of its stakeholders in order to bring a further application and may impact the ability of AlphaBow to close the remainder of the deal which as you are aware the Alberta Energy Regulator and Orphan Well Association has raised concerns if AlphaBow does not pursue all transactions at this next application.

In order to alleviate Bearspaw's concerns, we continue to be prepared to include language in the Sales Approval and Vesting Order (the "**SAVO**") that makes it clear that the SAVO does not determine the ownership of the petroleum produced from the 7-15 Well. Our position is that this meets the intentions of all parties: AlphaBow is not prejudiced by any delay, and Bearspaw has clear language that the PSA and SAVO do not, in any way, impact Bearspaw's claim.

Please let me know if you would like to discuss further.

Yours truly,

- (b) Both before and after Closing, the Purchaser shall use all commercially reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit this Transaction to be completed. The Parties acknowledge that the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of the Purchaser, at the Purchaser's sole cost and expense, to provide any and all financial assurances, deposits or security that may be required by Governmental Authorities or any Third Parties under the Assumed Contracts or Applicable Laws to permit the transfer of the Assets, including the Assumed Contracts, to the Purchaser.

2.6 Assumed Liabilities

Following Closing, the Purchaser shall assume, perform, discharge and pay when due all of the Assumed Liabilities. For greater certainty, the Purchaser acknowledges and agrees that the Environmental Liabilities and Abandonment and Reclamation Obligations in respect of the Assets are future costs and obligations associated with the ownership of the Assets that are tied and connected to the ownership of the Assets such that they are inextricably linked and embedded with the Assets.

ARTICLE 3 PURCHASE PRICE

3.1 Purchase Price

The consideration payable by the Purchaser for the Assets shall be the sum of [REDACTED] (the "**Purchase Price**"). The Purchase Price shall be satisfied in accordance with Section 3.3(b) and shall not be subject to any adjustment (and for greater certainty, Cure Costs shall be satisfied in accordance with Section 2.5(a)(i)). The Purchaser and the Vendor acknowledge and agree that the Purchase Price reflects the fair market value of the Assets as of the Closing Date, having due regard to the Environmental Liabilities connected to and embedded in the Assets that depress the value of the Assets.

3.2 Allocation of Purchase Price

The Purchase Price shall be allocated among the Assets as follows:

- (a) to the Petroleum and Natural Gas Rights, 75%;
- (b) to the Tangibles, 25% less \$10.00; and
- (c) to the Miscellaneous Interests, \$10.00.

3.3 Deposit and Satisfaction of Purchase Price

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount equal to ten percent (10%) of the Purchase Price (the "**Deposit**") to the Monitor;
 - (ii) the Deposit has been delivered to and shall be held in trust by the Monitor; and
 - (iii) the Deposit shall be held and administered by the Monitor in accordance with the terms and conditions of this Agreement (including this Section 3.3).

- (b) At Closing, the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)(i)) shall be paid and satisfied as follows:
- (i) as to the amount of the Deposit, upon receipt of a written joint direction delivered to the Monitor by the Purchaser and the Vendor, the Monitor shall deliver the amount of the Deposit to the Vendor by electronic wire transfer and such amount shall be applied against the amount of the Purchase Price for the account of the Purchaser; and
 - (ii) as to the balance of the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)(i)), along with any additional amounts owing in respect of applicable GST, the Purchaser shall pay to the Vendor such amount by electronic wire transfer.
- (c) If this Agreement is terminated:
- (i) (A) pursuant to Section 13.1(a) by mutual agreement of the Parties; (B) pursuant to Sections 13.1(b) or 13.1(c) by the Purchaser; (C) pursuant to Section 13.1(e) by the Vendor; or (D) for any other reason other than as contemplated under Section 3.3(c)(ii); then the Deposit shall be returned to the Purchaser; or
 - (ii) pursuant to Section 13.1(d) by the Vendor, the full amount of the Deposit shall be forfeited to the Vendor,

and, subject to Section 13.2, each Party shall be released from all obligations and liabilities under or in connection with this Agreement. In the event of termination of this Agreement under Section 3.3(c)(ii) pursuant to which the Vendor shall be entitled to retain the Deposit, the Parties agree that the amount of the Deposit, constitutes a genuine pre-estimate of liquidated damages representing the Vendor's Losses and Liabilities as a result of Closing not occurring and agree that the Vendor shall not be entitled to recover from the Purchaser any amounts that are in excess of the Deposit as a result of Closing not occurring. The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Vendor's damages.

ARTICLE 4 TRANSFER TAXES

4.1 Transfer Taxes

The Parties agree that:

- (a) the Purchase Price does not include Transfer Taxes and the Purchaser shall be liable for and shall pay, and be solely responsible for, any and all Transfer Taxes pertaining to the Purchaser's acquisition of the Assets; and
- (b) the Purchaser shall indemnify the Vendor and its Affiliates for, from and against any Transfer Taxes (including any interest or penalties imposed by a Governmental Authority) that any of them are required to pay or for which any of them may become liable as a result of any failure by the Purchaser to self-assess, pay or remit such Transfer Taxes, other than as a result of a failure by the Vendor or its Affiliates to timely remit any amounts on account of Transfer Taxes paid by the Purchaser hereunder.

- (d) except for: (i) Court Approval; and (ii) the Licence Transfers and any consents, approvals or waivers that are required in connection with the assignment of an Assumed Contract; the execution, delivery and performance of this Agreement by it does not and will not require any consent, approval, authorization or other order of, action by, filing with or notification to, any Governmental Authority, except where failure to obtain such consent, approval, authorization or action, or to make such filing or notification, would not prevent or materially delay the consummation by the Purchaser of this Transaction;

- (b) The representations and warranties of the Vendor made herein or pursuant hereto are made for the exclusive benefit of the Purchaser, and the representations and warranties of the Purchaser made herein or pursuant hereto are made for the exclusive benefit of the Vendor, as the case may be, and are not transferable and may not be made the subject of any right of subrogation in favour of any other Person.
- (c) The Parties expressly acknowledge and agree that the provisions of this Section 5.3 and the limit on each Party's liability set out in this Section 5.3 are intended by the Parties as a limitation of liability that represents a fair and equitable allocation of the risks and liabilities that each Party has agreed to assume in connection with the subject matter hereof and is not an agreement within the provision of subsection 7(2) of the *Limitations Act* (Alberta).

ARTICLE 6 "AS IS, WHERE IS" AND NO ADDITIONAL REPRESENTATIONS AND WARRANTIES

6.1 Due Diligence Acknowledgement

The Purchaser acknowledges and agrees that:

- (a) it was solely responsible to perform any inspections it deemed pertinent to the purchase of the Assets and to be satisfied as to the condition of the Assets prior to entering into this Agreement with the Vendor;
- (b) notwithstanding the fact that it was permitted to review any diligence materials and disclosures provided by the Vendor, including the Due Diligence Information, the Vendor assumes no liability for errors or omissions in such diligence materials and disclosure or any other property listings or advertising, promotional or publicity statements and materials, and makes no representations or warranties in respect thereof;

 - (vi) without limiting the generality of the foregoing, the Vendor is not under any obligation to disclose to the Purchaser, and shall have no liability for its failure to disclose to the Purchaser, any information known to it relating to the Assets except as may be required by any Applicable Law; and

- (a) Without limiting any other provision of this Agreement, the Purchaser acknowledges and agrees that it is acquiring the Assets on an "as is, where is" and "without recourse" basis with all defects, both patent and latent, and with all faults, whether known or unknown, presently existing or that may hereafter arise. The Purchaser acknowledges and agrees that, except as expressly set forth in this Agreement, the Vendor, its Affiliates and their respective Representatives have not made, do not make and specifically negate and disclaim any representation, warranty, promise, covenant, agreement or guaranty of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning or with respect to the Assets. For greater certainty, but without limitation, except as expressly set forth in this Agreement, none of the Vendor, its Affiliates

or their respective Representatives make any condition, representation or warranty whatsoever, express or implied, with respect to:

- (i) the title and interest of the Vendor in and to the Assets;

- (xvii) the nature and quantum of the Assumed Liabilities; or
- (xviii) any other matter with respect to the Assets.

- (b) The Purchaser acknowledges that the release and disclaimer described in this Article 6 is intended to be very broad and, except for its express rights under this Agreement, the Purchaser expressly waives and relinquishes any rights or benefits it may have under any Applicable Law designed to invalidate releases of unknown or unsuspected claims.
- (c) Except for its express rights under this Agreement, the Purchaser hereby waives all rights and remedies (whether now existing or hereinafter arising and including all common law, tort, contractual and statutory rights and remedies) against the Vendor, its Affiliates and their respective Representatives in respect of the Assets and any representations or statements made or information or data furnished to the Purchaser or its Representatives in connection herewith (whether made or furnished orally or by electronic, faxed, written or other means). Such waiver is absolute, unlimited, and includes, but is not limited to, waiver of express warranties, implied warranties, any warranties contained in the *Sale of Goods Act* (Alberta), the *Sale of Goods Act* (British Columbia) (or similar applicable statutes, all as may be amended, repealed or replaced), warranties of fitness for a particular use, warranties of merchantability, warranties of occupancy, strict liability and claims of every kind and type, including claims regarding defects, whether or not discoverable or latent, product liability claims, or similar claims, and all other claims that may be later created or conceived in strict liability or as strict liability type claims and rights.

ARTICLE 7 RISK AND COSTS AND INSURANCE

7.1 Risk and Costs

Except as otherwise provided for in this Agreement, the Assets will be at the sole risk and responsibility of the Vendor until the Closing Date, and thereafter at the sole risk and responsibility of the Purchaser.

7.2 Insurance

Any property, liability and other insurance maintained by the Vendor in relation to the Assets, to the extent applicable, shall not be transferred at Closing, but shall remain the responsibility of the Vendor until the Closing Date. The Purchaser shall be responsible for placing its own property, liability and other insurance coverage with respect to the Assets in respect of the period from and after 12:01 a.m. on the Closing Date.

ARTICLE 8 INDEMNIFICATION

8.1 Indemnification Given by Purchaser

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates and/or their respective Representatives related to or in connection with the Assets and the Assumed Liabilities,

including: (i) all Losses and Liabilities attributable to the ownership, operation, use, construction or maintenance of the Assets during the period following the Closing Date; (ii) all Losses and Liabilities arising or accruing on or after the Closing Date under any Assumed Contract, including any and all Cure Costs; and (iii) any other Losses and Liabilities for which the Purchaser has otherwise agreed to indemnify the Vendor pursuant to this Agreement, including pursuant to Section 9.2. The Purchaser's indemnity obligations set forth in this Section 8.1 shall survive the Closing Date indefinitely pursuant to Section 14.3.

8.2 Third Party Claims

- (a) If any of the Vendor, its Affiliates or any of their respective Representatives receives written notice of the commencement or assertion of any Third Party Claim for which the Purchaser is liable pursuant to this Agreement (or has otherwise agreed to indemnify the Vendor, its Affiliates or their respective Representatives against), the Vendor shall give the Purchaser reasonably prompt notice thereof, but in any event no later than ten (10) days after receipt of such notice of such Third Party Claim. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.
- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives, pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its own expenses of participating in or assuming such defence. In the event that the Purchaser elects to assume the carriage and control of the defence of a Third Party Claim pursuant to this Section 8.2(b), then the Vendor shall, or shall cause its Affiliates and/or their respective Representatives to, cooperate in good faith in the defence of each Third Party Claim and may participate in such defence assisted by counsel of its own choice at its own expense.
- (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and

any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

8.5 Third Party Beneficiary

The Vendor's Representatives and the Vendor's Affiliates, and all of their respective Representatives are intended third party beneficiaries of this Article 8 and shall have the right, power and authority to enforce the provisions hereof as though they were each a party hereto. The Purchaser further agrees to execute such agreements as may be reasonably requested by such Persons in connection with these provisions that are consistent with this Article 8 or that are reasonably necessary to give further effect thereto.

ARTICLE 9 ENVIRONMENTAL MATTERS

9.1 Acknowledgements Regarding Environmental Condition

The Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. The Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands and the Tangibles, that the Vendor has provided the Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of the Purchaser (insofar as the Vendor could reasonably provide such access) and that the Purchaser is not relying upon any representation or warranty of the Vendor, its Affiliates or any of their respective Representatives as to the environmental condition of the Assets, or any Environmental Liabilities or Abandonment and Reclamation Obligations in respect thereof.

9.2 Assumption of Environmental Liabilities

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any matter or thing arising out of, attributable to or connected with any Environmental Liabilities or any Abandonment and Reclamation Obligations. Once Closing has occurred,

the Purchaser shall be solely responsible for all Environmental Liabilities and all Abandonment and Reclamation Obligations as between the Vendor (on one hand) and the Purchaser (on the other hand) including whether occurring or accruing prior to, on or after the Closing Date, and hereby releases the Vendor, its Affiliates and their respective Representatives from any claims the Purchaser may have against the Vendor with respect to all such Environmental Liabilities and Abandonment and Reclamation Obligations. Without restricting the generality of the foregoing, the Purchaser shall be responsible for all Environmental Liabilities and Abandonment and Reclamation Obligations (including whether occurring or accruing prior to, on or after the Closing Date) in respect of all Wells and Tangibles.

ARTICLE 10 COVENANTS

10.1 Conduct of Business Until Closing

- (a) Until the Closing Date, the Vendor shall provide the Purchaser with all access to the Assets as reasonably required by the Purchaser in order to allow for and assist the Purchaser with an orderly passing of the Assets to the Purchaser following Closing in accordance herewith.
- (b) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to this Section 10.1 will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
 - (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives;

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to this Section 10.1.

10.2 ROFRs

- (a) The Purchaser acknowledges that it shall be responsible for conducting such separate investigation of the Assets as the Purchaser has determined is appropriate with respect to the identification of ROFRs applicable to the Assets as soon as is reasonably practicable after the date hereof. The Purchaser shall indemnify Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any failure by the Purchaser to identify ROFRs applicable to the Assets or any Third Party Claim relating to the allocation of the value of a ROFR to be determined by the Purchaser in accordance with Section 10.2(b)(i), as applicable.
- (b) If the Purchaser has identified any ROFRs pursuant to Section 10.2(a):
 - (i) promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of such ROFRs, which shall include the Purchaser's bona fide allocation

- of the amount of the Purchase Price attributable to each of such Assets which are subject to a ROFR;
- (ii) the Vendor shall courier ROFR notices to the Third Parties holding such ROFRs promptly following the receipt of the same from the Purchaser; and
 - (iii) to the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such a ROFR.
- (c) If any such Third Party elects to exercise such a ROFR, then:
- (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the ROFR has been exercised;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to a ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall be subject to a reduction in the event of the exercise of any such ROFR by a Third Party based on the portion of the Purchase Price attributed to the Assets in respect of which the ROFR has been exercised (or the Purchaser shall be entitled to a refund of the portion of the Purchase Price attributed to the Assets in respect of which the ROFR has been exercised, including any Deposits).
- (d) In the event that a Third Party exercises a ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser agrees to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.
- (e) Closing shall not be delayed even though certain of the ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Date (such ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
- (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);
 - (ii) the Purchaser shall have (as of the Closing Date) prepared all Specific Conveyances and other closing documentation required for the sale of the Assets subject to the Outstanding ROFRs (the "**Outstanding ROFR Assets**");
 - (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Purchaser, and the provisions of Section 10.2(c) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and

- (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed on the Closing Date.

10.3 Document Review

Prior to Closing, the Vendor shall provide Purchaser with reasonable access to the Title Documents and other Miscellaneous Interests in the possession or under the control of Vendor for the purpose of verifying the continued validity and effect of the Title Documents, the identification of Assets the subject of ROFRs, the preparation of Specific Conveyances and other matters related to this Agreement and the Transaction.

ARTICLE 11 CONDITIONS

11.1 Mutual Conditions

The respective obligations of the Parties to complete the purchase and sale of the Assets are subject to the following conditions being fulfilled or performed as at or prior to the Closing Date:

- (a) the Court shall have granted the Approval and Vesting Order and the Approval and Vesting Order shall be a Final Order;
- (b) no Governmental Authority shall have enacted, issued or promulgated any final or non-appealable order or Applicable Law subsequent to the date hereof which has the effect of: (i) making any of the transactions contemplated by this Agreement illegal; or (ii) otherwise prohibiting, preventing or restraining the Vendor from the sale of the Assets; and
- (c) the Closing is not otherwise prohibited by Applicable Law;

The foregoing conditions are for the mutual benefit of the Vendor and the Purchaser and may be asserted by the Vendor or the Purchaser regardless of the circumstances and may be waived only with the agreement of the Vendor and the Purchaser.

11.2 Conditions for the Benefit of the Purchaser

The obligation of the Purchaser to complete the purchase of the Assets is subject to the following conditions being fulfilled or performed as at or prior to the Closing Date:

- (a) all representations and warranties of the Vendor contained in Section 5.1 of this Agreement shall be true and correct in all material respects as at the Closing Date with the same force and effect as if made at and as of such time;
- (b) the Vendor shall have complied with and performed, in all material respects, all of its covenants and obligations contained in this Agreement; and

- (a) Subject to Section 14.1(b), if a Party intends to issue a press release or other public disclosure of this Agreement, the terms hereof or the Transaction, the disclosing Party shall provide the other Parties with an advance copy of any such press release or public disclosure with sufficient time to enable the other Parties to review such press release or other public disclosure and provide any comments. The disclosing Party shall not issue such press release or other public disclosure without the prior written consent of the other Parties, such consent not to be unreasonably withheld.
- (b) Notwithstanding Section 14.1(a): (i) this Agreement may be filed by the Vendor with the Court; and (ii) the Transaction may be disclosed by the Vendor to the Court, subject to redacting confidential or sensitive information as permitted by Applicable Law. The Parties further agree that:
 - (i) the Vendor may prepare and file reports and other documents with the Court containing references to the Transaction and the terms of the Transaction;
 - (ii) the Vendor may forward a copy of this Agreement and all related documentation to the Orphan Well Association and its Representatives, agents, legal counsel and financial advisors, and may further advise such Persons of the existence and nature of any discussions and negotiations in relation thereto or in relation to the Transaction; provided that the Orphan Well Association and its Representatives agree in advance to be bound by any confidentiality undertakings or similar confidentiality requirements reasonably requested by the Vendor; and
 - (iii) the Vendor and its professional advisors may prepare and file such reports and other documents with the Court containing references to the Transaction contemplated by this Agreement and the terms of such Transaction as may reasonably be necessary to obtain the Court Approval and to complete the Transaction contemplated by this Agreement or to comply with their obligations to the Court.

14.2 Dissolution of Vendor

The Purchaser acknowledges and agrees that nothing in this Agreement shall operate to prohibit or diminish in any way the right of the Vendor or any of its Affiliates to cause the dissolution or wind-up of any of the Vendor subsequent to the Closing Date, or otherwise cause or allow the Vendor to cease operations in any manner or at any time subsequent to the Closing Date as the Vendor may determine in its

sole discretion, which may be exercised without regard to the impact any such action may have on the Vendor's ability to fulfil its obligations under this Agreement that survive Closing.

14.3 Survival

Upon Closing, the obligations, covenants, representations and warranties of the Parties set out in this Agreement shall expire, be terminated and extinguished and of no further force or effect, provided that notwithstanding the Closing contemplated hereunder or the delivery of documents pursuant to this Agreement, the obligations and covenants of the Parties set out in Section 2.3 (Licence Transfers), Section 2.4 (Specific Conveyances), Section 2.5 (Post-Closing Maintenance of Assets), Section 5.3 (Enforcement of Representations and Warranties), Section 10.2 (ROFRs) and Article 4 (Transfer Taxes), Article 6 ("As Is, Where Is" and No Additional Representations and Warranties), Article 8 (Indemnification), Article 9 (Environmental Matters) and Article 14 (General), shall survive Closing, shall remain in full force and effect, shall not merge as a result of Closing and shall be binding on the Parties indefinitely thereafter except as expressly stated to the contrary therein or otherwise in accordance with Applicable Laws.

14.4 Governing Law

- (a) This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta, and the federal laws of Canada applicable therein (excluding any conflict of law rule or principle of such laws that might refer such interpretation or enforcement to the laws of another jurisdiction). The Parties consent to the jurisdiction and venue of the courts of Alberta for the resolution of any such dispute arising under this Agreement.
- (b) Notwithstanding Section 14.4(a), any and all documents or orders that may be filed, made or entered in the CCAA Proceedings, and the rights and obligations of the Parties thereunder, including all matters of construction, validity and performance thereunder, shall in all respects be governed by, and interpreted, construed and determined in accordance with the laws of the Province of Alberta. The Parties consent to the jurisdiction and venue of the Court, as applicable, for the resolution of any such disputes, regardless of whether such disputes arose under this Agreement. Each Party agrees that service of process on such Party as provided in Section 14.13 shall be deemed effective service of process on such Party.

14.5 Consequential Damages

Under no circumstance shall any of the Parties, their Representatives or their respective directors, officers, employees or agents be liable for any punitive, exemplary, consequential or indirect damages (including for greater certainty, any loss of profits) (collectively, "**Consequential Damages**") that may be alleged to result, in connection with, arise out of, or relate to this Agreement or the Transaction, other than Consequential Damages for which the Purchaser is liable as a result of a Third Party Claim (which liability shall be subject to and recoverable under Article 8 (Indemnification)). For greater certainty, the Parties agree that none of the Parties, their respective Affiliates or their respective Representatives shall be liable for any lost profits whatsoever, whether such lost profits are considered to be direct, consequential or indirect losses, and regardless of whether such lost profits were foreseeable by the Parties at any time or whether such lost profits were the direct and natural result of a Party's breach of its obligations under this Agreement.

14.6 Further Assurances

Each of the Parties from and after the date hereof shall, from time to time, and at the request and expense of the Party requesting the same, do all such further acts and things and execute and deliver such further instruments, documents, matters, papers and assurances as may be reasonably requested to complete the Transaction and for more effectually carrying out the true intent and meaning of this Agreement.

14.7 Assignment

The Purchaser shall not, without the Vendor's prior written consent, assign any right or interest in this Agreement, which consent may be withheld in the Vendor's sole and absolute discretion, except that the Purchaser shall have the right to assign any or all of its rights, interests or obligations hereunder to one or more Affiliates of the Purchaser, provided that: (a) such Affiliate agrees to be bound by the terms of this Agreement; (b) the Purchaser shall remain liable hereunder for any breach of the terms of this Agreement by such Affiliate; (c) such assignment shall not release the Purchaser from any obligation or liability hereunder in favour of the Vendor; and (d) the Purchaser shall acknowledge and confirm its continuing obligations in favour of the Vendor in an assignment and assumption agreement in form and substance satisfactory to the Vendor.

14.8 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

14.9 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

Time is of the essence in this Agreement.

14.11 Costs and Expenses

Unless otherwise provided for in this Agreement, each Party shall be responsible for all costs and expenses (including the fees and disbursements of legal counsel, bankers, investment bankers, accountants, brokers and other advisors) incurred by it in connection with this Agreement and the Transaction. Notwithstanding any other provision of this Agreement, the Purchaser shall pay the cost of all surveys, title insurance policies and title reports ordered by the Purchaser.

14.12 Entire Agreement

This Agreement and the Confidentiality Agreement (the terms and conditions of which are incorporated by reference into this Agreement, and binding upon the Parties, as if such agreement were signed directly by the Parties) constitute the entire agreement between the Parties with respect to the subject matter hereof and cancel and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, between the Parties with respect to the subject matter hereof. There are no conditions, covenants, agreements, representations, warranties or other provisions, whether oral or written, express or implied, collateral, statutory or otherwise, relating to the subject matter hereof other than those contained in this Agreement or in the Confidentiality Agreement.

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates and/or their respective Representatives related to or in connection with the Assets and the Assumed Liabilities, including: (i) all Losses and Liabilities attributable to the ownership, operation, use, construction or maintenance of the Assets during the period following the Closing Date; (ii) all Losses and Liabilities arising or accruing on or after the Closing Date under any Assumed Contract, including any and all Cure Costs; and (iii) any other Losses and Liabilities for which the Purchaser has otherwise agreed to indemnify the Vendor pursuant to this Agreement, including pursuant to Section 9.2. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.
- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives, pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its own expenses of participating in or assuming such defence. - (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in

accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and

Without restricting the generality of the foregoing, the Purchaser shall be responsible for all Environmental Liabilities and Abandonment and Reclamation Obligations (including whether occurring or accruing prior to, on or after the Closing Date) in respect of all Wells and Tangibles.

- (b) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to this Section 10.1 will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
 - (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives;

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to this Section 10.1.

10.2 ROFRs

- (a) The Purchaser acknowledges that it shall be responsible for conducting such separate investigation of the Assets as the Purchaser has determined is appropriate with respect to the identification of ROFRs applicable to the Assets as soon as is reasonably practicable after the date hereof. The Purchaser shall indemnify Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any failure by the Purchaser to identify ROFRs applicable to the Assets or any Third Party Claim relating to the allocation of the value of a ROFR to be determined by the Purchaser in accordance with Section 10.2(b)(i), as applicable.

- (b) If the Purchaser has identified any ROFRs pursuant to Section 10.2(a):
 - (i) promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of such ROFRs, which shall include the Purchaser's bona fide allocation of the amount of the Purchase Price attributable to each of such Assets which are subject to a ROFR;
 - (ii) the Vendor shall courier ROFR notices to the Third Parties holding such ROFRs promptly following the receipt of the same from the Purchaser; and
 - (iii) to the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such a ROFR.
- (c) If any such Third Party elects to exercise such a ROFR, then:
 - (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the ROFR has been exercised;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to a ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall be subject to a reduction in the event of the exercise of any such ROFR by a Third Party based on the portion of the Purchase Price attributed to the Assets in respect of which the ROFR has been exercised (or the Purchaser shall be entitled to a refund of the portion of the Purchase Price attributed to the Assets in respect of which the ROFR has been exercised, including any Deposits).
- (d) In the event that a Third Party exercises a ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser agrees to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.
- (e) Closing shall not be delayed even though certain of the ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Date (such ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
 - (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);
 - (ii) the Purchaser shall have (as of the Closing Date) prepared all Specific Conveyances and other closing documentation required for the sale of the Assets subject to the Outstanding ROFRs (the "**Outstanding ROFR Assets**");

- (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Purchaser, and the provisions of Section 10.2(c) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and
- (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed on the Closing Date.

14.3 Survival

Upon Closing, the obligations, covenants, representations and warranties of the Parties set out in this Agreement shall expire, be terminated and extinguished and of no further force or effect, provided that notwithstanding the Closing contemplated hereunder or the delivery of documents pursuant to this Agreement, the obligations and covenants of the Parties set out in Section 2.3 (Licence Transfers), Section 2.4 (Specific Conveyances), Section 2.5 (Post-Closing Maintenance of Assets), Section 5.3 (Enforcement of Representations and Warranties), Section 10.2 (ROFRs) and Article 4 (Transfer Taxes), Article 6 ("As Is, Where Is" and No Additional Representations and Warranties), Article 8 (Indemnification), Article 9 (Environmental Matters) and Article 14 (General), shall survive Closing, shall remain in full force and effect, shall not merge as a result of Closing and shall be binding on the Parties indefinitely thereafter except as expressly stated to the contrary therein or otherwise in accordance with Applicable Laws.

1.4 Interpretation if Closing Does Not Occur

If Closing does not occur, each provision of this Agreement which presumes that the Purchaser has acquired the Assets shall be construed as having been contingent upon Closing having occurred.

ARTICLE 2 PURCHASE AND SALE

2.1 Agreement of Purchase and Sale

Subject to the terms and conditions of this Agreement, and in consideration of the Purchase Price, the Vendor hereby agrees to sell, assign and transfer to the Purchaser, and the Purchaser agrees to purchase, accept and receive from the Vendor, the Vendor's Interest in and to the Assets.

2.2 Transfer of Property and Assumption of Liabilities

Provided that Closing occurs and subject to the terms and conditions of this Agreement, possession, risk, and legal and beneficial ownership of the Assets shall transfer from the Vendor to the Purchaser at the Closing Time, and the Purchaser agrees to assume, discharge, perform and fulfil all Assumed Liabilities. Without limiting the provisions of this Agreement relating to the General Conveyance, Assignment and Assumption Agreement (and such agreement itself), or any other provisions of this Agreement relating to sale, transfer, assignment, conveyance or delivery, the Assets shall be sold, assigned, transferred, conveyed, and delivered by the Vendor to the Purchaser by way of the Licence Transfers, the Specific Conveyances and other appropriate instruments of transfer, bills of sale, endorsements, assignments, and deeds, in recordable form, or by way of an Order of the Court, as appropriate, and free and clear of any and all Claims other than Permitted Encumbrances, as applicable.

2.3 Licence Transfers

- (a) Promptly following the Closing Time (or at such earlier time as may be permitted by the AER, as applicable), the Vendor shall electronically submit applications to the AER for the Licence Transfers ("LTAs"), and confirm that such submission has been made to the Purchaser, and in addition the Vendor shall cause to be provided any information and documentation along with such LTAs to the AER which are required to be provided by the transferor in connection with the foregoing. The Purchaser shall accept or ratify such LTAs without delay, provided that, if the Purchaser in good faith determines or believes that any of the LTAs are not complete and accurate, or the AER refuses to process any such LTAs because of some defect therein, the Parties shall cooperate to duly complete or to correct such incomplete or inaccurate LTAs as soon as practicable and, thereafter, the Vendor shall promptly re-submit such LTAs and the Purchaser shall accept or ratify such re-submitted LTAs without delay. Each Party shall be responsible for its own costs relating to LTAs

hereunder. The Purchaser shall provide any information and documentation in respect of such LTAs to the AER which are required to be provided by the transferee in connection with the foregoing. Following submission of the LTAs, the Purchaser shall use reasonable commercial efforts to obtain the approval from the AER of the LTAs and registration of the Licence Transfers, subject to the specific requirements of this Section 2.3.

- (b) If the AER denies any of the LTAs because of misdescription or other minor deficiencies contained therein, the Vendor shall, within two Business Days of such denial, correct the LTA(s) and amend and re-submit the LTA(s), and the Purchaser shall accept or ratify such re-submitted LTAs without delay.
- (c) In the event that the Purchaser has applied, or prior to the Closing Time applies, to the AER for a discretionary waiver from the AER's security requirements in respect of the Transaction, then Vendor shall provide such information and documentation to the AER regarding the Assets as may reasonably be required in connection with the AER's review of such discretionary waiver application made by the Purchaser (but only to the extent such information and documentation has not already been made available by the Vendor or its Representatives to the Purchaser or its Representatives); provided that the Purchaser agrees it shall have primary carriage of, and be solely responsible at its own cost for submitting and liaising with the AER in respect of, such application.
- (d) Each Party shall on a timely and continuing basis keep the other Party fully apprised and informed regarding all communications such Party may have with the AER in connection with the Transaction, including all communications respecting LTAs, and without limiting the generality of the foregoing each Party shall provide copies to the other Party of all substantive correspondence between such Party and the AER (with any commercially sensitive information redacted and unredacted copies provided on an external counsel only basis).

2.4 Specific Conveyances

- (a) As soon as practicable following Closing, the Vendor shall deliver or cause to be delivered to the Purchaser such original copies of the Title Documents and any other agreements and documents to which the Assets are subject and such original copies of contracts, agreements, records, books, documents, licenses, reports and data comprising Miscellaneous Interests which are now in the possession or control of the Vendor or of which the Vendor gains possession or control prior to Closing.
- (b) Within a reasonable time following its receipt of the Title Documents from Vendor, Purchaser shall prepare and provide for the Vendor's review all Specific Conveyances with cooperation from Vendor. None of the Specific Conveyances shall confer or impose upon either Party any greater right or obligation than as contemplated in this Agreement. Promptly following its receipt of the Specific Conveyances from the Purchaser, the Vendor shall execute and deliver such Specific Conveyances to Purchaser and the Purchaser shall thereafter register and/or distribute (as applicable), all such Specific Conveyances and shall bear all costs incurred therewith and in preparing and registering any further assurances required to convey the Assets to the Purchaser.
- (c) Notwithstanding Sections 2.4(a) and 2.4(b), requests for the transfers from the Vendor to the Purchaser of registered Crown leases or licences, related surface rights and any other

Title Documents which are administered by a Governmental Authority shall be submitted by the Vendor and accepted by the Purchaser as soon as is practicable after Closing.

2.5 Post-Closing Maintenance of Assets

- (a) Following Closing, if and to the extent that Purchaser must be novated into, recognized as a party to, or otherwise accepted as assignee or transferee of the Vendor's Interest in the Assets or certain of them, including any Title Documents and Assumed Contracts, the following provisions shall apply with respect to the applicable Assets until such novation, recognition or acceptance has occurred:
 - (i) each of the Parties shall use reasonable commercial efforts to obtain, as may be required by the terms of any Assumed Contracts, consents or approvals to the assignment of such Assumed Contracts; provided that to the extent that any Cure Costs are payable with respect to any Assumed Contract, the Purchaser shall be responsible for and shall pay all such Cure Costs, which shall be paid directly to the counterparty as and when required in conjunction with the assignment of the Assumed Contracts, and which Cure Costs shall form part of the Purchase Price for the Assets;
 - (ii) the Vendor shall hold the rights, entitlements, benefits, remedies, duties and obligations in respect of the applicable Assets in trust for the exclusive benefit of the Purchaser as bare trustee and agent;
 - (iii) the Vendor will, at the request and expense and under the direction of the Purchaser, in the name of the Vendor or otherwise as the Purchaser shall reasonably specify, take all such reasonable actions and do all such reasonable things as shall, in the reasonable opinion of the Purchaser, be necessary or desirable in order that the rights, entitlements, benefits, remedies, duties and obligations of the Vendor in respect of any applicable Assets may be enjoyed, received or performed, as the case may be, in accordance with the terms of the Title Documents and Assumed Contracts, including that all monies receivable under any Title Documents and Assumed Contracts may be received by the Purchaser and that all rights and licenses under any Title Documents and Assumed Contracts may be exercised by the Purchaser;
 - (iv) the Vendor shall, no later than thirty (30) days after receipt of funds, pay over to the Purchaser all such monies collected by the Vendor in respect of the Assets following the Closing Time, net of any unpaid related costs or expenses (including any taxes that are payable in respect of the receipt of such amounts);
 - (v) to the extent permitted by any applicable Assumed Contract:
 - (A) the Purchaser will pay, perform and discharge the duties and obligations accruing after Closing under such Assumed Contract, on behalf of the Vendor, until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser; and
 - (B) the Vendor shall use reasonable commercial efforts to exercise the rights, entitlements, benefits and remedies under such Assumed Contract, on behalf of the Purchaser until such time as the effective transfer or

assignment of the relevant Assumed Contract to the Purchaser, or such Assumed Contract expires or otherwise terminates;

- (vi) the Vendor shall not have any liability as a consequence of the Vendor taking any action or causing anything to be done under this Section 2.5(a), and the Purchaser shall be responsible and liable for, and, as a separate covenant, shall hereby indemnify and save harmless the Vendor and its Representatives against, all costs and expenses reasonably incurred by the Vendor, its Affiliates or their respective Representatives as a consequence of or in connection with this Section 2.5(a); and
 - (vii) nothing in this Agreement shall constitute an agreement to assign, and shall not be construed as an assignment of, or an attempt to assign to the Purchaser, any Assumed Contract until such time as the necessary consents or approvals with respect to the assignment are obtained.
- (b) Both before and after Closing, each of the Parties shall use all commercially reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit this Transaction to be completed. The Parties acknowledge that the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of the Purchaser, at the Purchaser's sole cost and expense, to provide any and all financial assurances, deposits or security that may be required by Governmental Authorities or any Third Parties under the Assumed Contracts or Applicable Laws to permit the transfer of the Assets, including the Assumed Contracts, to the Purchaser.

2.6 Assumed Liabilities

Following Closing, the Purchaser shall assume, perform, discharge and pay when due all of the Assumed Liabilities. For greater certainty, the Purchaser acknowledges and agrees that the Environmental Liabilities and Abandonment and Reclamation Obligations in respect of the Assets are future costs and obligations associated with the ownership of the Assets that are tied and connected to the ownership of the Assets such that they are inextricably linked and embedded with the Assets.

ARTICLE 3 PURCHASE PRICE

3.1 Purchase Price

The consideration payable by the Purchaser for the Vendor's Interest in and to the Assets shall be the sum of [REDACTED] plus the Cure Costs (collectively, the "**Purchase Price**"). The Purchase Price shall be satisfied in accordance with Section 3.3(b) and Section 2.5(a)(i) and shall not be subject to any adjustment. The Purchaser and the Vendor acknowledge and agree that the Purchase Price reflects the fair market value of the Vendor's Interest in and to the Assets as of the Closing Time, having due regard to the Environmental Liabilities and Abandonment and Reclamation Obligations connected to and embedded in the Assets that depress the value of the Assets.

3.2 Allocation of Purchase Price

The Purchase Price shall be allocated among the Vendor's Interest in and to the Assets as follows:

- (a) to the Petroleum and Natural Gas Rights, 80%;

- (b) to the Tangibles, 20% less \$10.00; and
- (c) to the Miscellaneous Interests, \$10.00.

3.3 Deposit and Satisfaction of Purchase Price

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount equal to [REDACTED] (the "**Deposit**") to the Monitor;
 - (ii) the Deposit has been delivered to and shall be held in trust by the Monitor; and
 - (iii) the Deposit shall be held and administered by the Monitor in accordance with the terms and conditions of this Agreement (including this Section 3.3).
- (b) The Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)) shall be paid and satisfied as follows:
 - (i) as to the amount of the Deposit, the Monitor shall retain the amount of the Deposit and, upon the receipt of a written joint direction delivered to the Monitor from the Purchaser and the Vendor confirming that the conditions to Closing have been satisfied and directing the Monitor to release the Deposit to the Vendor, will release and pay the amount of the Deposit to the Vendor as a credit against the amount of the Purchase Price; and
 - (ii) as to the balance of the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)), along with any additional amounts owing in respect of applicable GST (collectively, the "**Closing Payment**"), the Purchaser shall pay to Vendor such amount by electronic wire transfer.
- (c) If this Agreement is terminated:
 - (i) (A) pursuant to Section 13.1(a) by mutual agreement of the Parties; (B) pursuant to Sections 13.1(b) or 13.1(c) by the Purchaser; (C) pursuant to Section 13.1(e) by the Vendor; or (D) for any other reason other than as contemplated under Section 3.3(c)(ii); then the Deposit shall be returned to the Purchaser; or
 - (ii) pursuant to Section 13.1(d) by the Vendor, the full amount of the Deposit shall be forfeited to the Vendor,

and, subject to Section 13.2, each Party shall be released from all obligations and liabilities under or in connection with this Agreement. In the event of termination of this Agreement under Section 3.3(c)(ii) pursuant to which the Vendor shall be entitled to retain the Deposit, the Parties agree that the amount of the Deposit constitutes a genuine pre-estimate of liquidated damages representing the Vendor's Losses and Liabilities as a result of Closing not occurring and agree that the Vendor shall not be entitled to recover from the Purchaser any amounts that are in excess of the Deposit as a result of Closing not occurring. The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Vendor's damages.

ARTICLE 4 TRANSFER TAXES

4.1 Transfer Taxes

The Parties agree that:

- (a) the Purchase Price does not include Transfer Taxes and the Purchaser shall be liable for and shall pay, and be solely responsible for, any and all Transfer Taxes pertaining to the Purchaser's acquisition of the Vendor's Interest in and to the Assets; and
- (b) the Purchaser shall indemnify the Vendor and its Affiliates for, from and against any Transfer Taxes (including any interest or penalties imposed by a Governmental Authority) that any of them are required to pay or for which any of them may become liable as a result of any failure by the Purchaser to self-assess, pay or remit such Transfer Taxes, other than as a result of a failure by the Vendor or its Affiliates to timely remit any amounts on account of Transfer Taxes paid by the Purchaser hereunder.

- (d) except for: (i) Court Approval; and (ii) the Licence Transfers and any consents, approvals or waivers that are required in connection with the assignment of an Assumed Contract; the execution, delivery and performance of this Agreement by it does not and will not require any consent, approval, authorization or other order of, action by, filing with or notification to, any Governmental Authority, except where failure to obtain such consent, approval, authorization or action, or to make such filing or notification, would not prevent or materially delay the consummation by the Purchaser of this Transaction;
- (e) subject to Court Approval being obtained, this Agreement has been duly executed and delivered by it and constitutes a legal, valid and binding obligation of the Purchaser and is enforceable against the Purchaser in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization or similar Applicable Laws relating to creditors' rights generally and subject to general principles of equity;

Effective upon the occurrence of Closing, each Party hereby releases and forever discharges each other Party from any breach of any representations and warranties set forth in this Agreement. For greater certainty, none of the representations and warranties contained in this Article 5 shall survive Closing and, the Purchaser's sole recourse for any material breach of representation or warranty by the Vendor shall be for the Purchaser to not complete the Transaction in accordance with this Agreement.
- (b) The representations and warranties of the Vendor made herein or pursuant hereto are made for the exclusive benefit of the Purchaser, and the representations and warranties of the Purchaser made herein or pursuant hereto are made for the exclusive benefit of the Vendor, as the case may be, and are not transferable and may not be made the subject of any right of subrogation in favour of any other Person.
- (c) The Parties expressly acknowledge and agree that the provisions of this Section 5.3 and the limit on each Party's liability set out in this Section 5.3 are intended by the Parties as a limitation of liability that represents a fair and equitable allocation of the risks and liabilities that each Party has agreed to assume in connection with the subject matter hereof and is not an agreement within the provision of subsection 7(2) of the *Limitations Act* (Alberta).

ARTICLE 6
"AS IS, WHERE IS" AND NO ADDITIONAL
REPRESENTATIONS AND WARRANTIES

The Purchaser acknowledges and agrees that:

- (a) it was solely responsible to perform any inspections it deemed pertinent to the purchase of the Assets and to be satisfied as to the condition of the Assets prior to entering into this Agreement with the Vendor;
- (b) notwithstanding the fact that it was permitted to review any diligence materials and disclosures provided by the Vendor, including the Due Diligence Information, the Vendor assumes no liability for errors or omissions in such diligence materials and disclosure or any other property listings or advertising, promotional or publicity statements and materials, and makes no representations or warranties in respect thereof;
- (c) by entering into this Agreement with the Vendor, the Purchaser shall be deemed to represent, warrant and agree with respect to the Assets that:

The Purchaser acknowledges and agrees that, except as expressly set forth in this Agreement, the Vendor, its Affiliates and their respective Representatives have not made, do not make and specifically negate and disclaim any representation, warranty, promise, covenant, agreement or guaranty of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning or with respect to the Assets. - (c) Except for its express rights under this Agreement, the Purchaser hereby waives all rights and remedies (whether now existing or hereinafter arising and including all common law, tort, contractual and statutory rights and remedies) against the Vendor, its Affiliates and their respective Representatives in respect of the Assets and any representations or statements made or information or data furnished to the Purchaser or its Representatives in connection herewith (whether made or furnished orally or by electronic, faxed, written or other means). Except as otherwise provided for in this Agreement, the Assets will be at the sole risk and responsibility of the Vendor until the Closing Time, and thereafter at the sole risk and responsibility of the Purchaser.

7.2 Insurance

Any property, liability and other insurance maintained by the Vendor in relation to the Assets, to the extent applicable, shall not be transferred at Closing, but shall remain the responsibility of the Vendor until the Closing Time. The Purchaser shall be responsible for placing its own property, liability and other insurance coverage with respect to the Assets in respect of the period from and after the Closing Time.

ARTICLE 8 INDEMNIFICATION

8.1 Indemnification Given by Purchaser

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates and/or their respective Representatives related to or in connection with the Assumed Liabilities, including: (i) the Vendor's Interest share of all Losses and Liabilities attributable to the ownership, operation, use, construction or maintenance of the Assets during the period following the Closing Time; (ii) the Vendor's Interest share of all Losses and Liabilities arising or accruing on or after the Closing Time under any Assumed Contract as contemplated under Section 2.5(a)(vi), including any and all Cure Costs; and (iii) any other Losses and Liabilities for which the Purchaser has otherwise agreed to indemnify the Vendor pursuant to this Agreement, including pursuant to Section 9.2. The Purchaser's indemnity obligations set forth in this Section 8.1 shall survive the Closing Time indefinitely pursuant to Section 14.3.

8.2 Third Party Claims

- (a) If any of the Vendor, its Affiliates or any of their respective Representatives receives written notice of the commencement or assertion of any Third Party Claim for which the Purchaser is liable pursuant to this Agreement (or has otherwise agreed to indemnify the Vendor, its Affiliates or their respective Representatives against), the Vendor shall give the Purchaser reasonably prompt notice thereof, but in any event no later than ten (10) days after receipt of such notice of such Third Party Claim. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.
- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives, pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the

Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its own expenses of participating in or assuming such defence. In the event that the Purchaser elects to assume the carriage and control of the defence of a Third Party Claim pursuant to this Section 8.2(b), then the Vendor shall, or shall cause its Affiliates and/or their respective Representatives to, cooperate in good faith in the defence of each Third Party Claim and may participate in such defence assisted by counsel of its own choice at its own expense.

- (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

8.5 Third Party Beneficiary

The Vendor, its Affiliates and each of their respective Representatives are intended third party beneficiaries of this Article 8 and shall have the right, power and authority to enforce the provisions hereof as though they were each a party hereto. **ARTICLE 9
ENVIRONMENTAL MATTERS**

9.1 Acknowledgements Regarding Environmental Condition

The Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. The Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands and the Tangibles, that the Vendor has provided the Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of the Purchaser (insofar as the Vendor could reasonably provide such access) and that the Purchaser is not relying upon any representation or warranty of the Vendor, its Affiliates or any of their respective Representatives as to the environmental condition of the Assets, or any Environmental Liabilities or Abandonment and Reclamation Obligations in respect thereof.

9.2 Assumption of Environmental Liabilities

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

Once Closing has occurred, the Purchaser shall be solely responsible for the Vendor's Interest share of all Environmental Liabilities and all Abandonment and Reclamation Obligations as between the Vendor (on one hand) and the Purchaser (on the other hand) including whether occurring or accruing prior to, on or after the Closing Time, and hereby releases the Vendor, its Affiliates and their respective Representatives from any claims the Purchaser may have against the Vendor with respect to all such Environmental Liabilities and Abandonment and Reclamation Obligations. Without restricting the generality of the foregoing, the Purchaser shall be responsible for the Vendor's Interest share of all Environmental Liabilities and Abandonment and Reclamation Obligations (including whether occurring or accruing prior to, on or after the Closing Time) in respect of all Wells and Tangibles.

**ARTICLE 10
COVENANTS**

10.1 Court Filings

- (a) From and after the date of execution of this Agreement and until the Closing Time, the Vendor shall use commercially reasonable efforts to deliver to the Purchaser copies of all pleadings, motions, notices, statements, schedules, applications, reports and other papers that relate, in whole or in part, to this Agreement, or to the Purchaser or its Representatives, that are to be filed by the Vendor in connection with the Court Approval in advance of their filing, and shall provide the Purchaser with a reasonable opportunity to review and comment thereon.
- (b) The Vendor shall act reasonably and in good faith in considering any comments provided by the Purchaser to such papers; provided, however that, subject in each case to the

foregoing good faith obligations of the Vendor, the Vendor shall have no obligation to accept and incorporate the Purchaser's comments to such papers and neither the Vendor's inadvertent failure to comply with this Section 10.1, nor the Vendor's failure to comply with this Section 10.1 due to emergency circumstances, shall constitute a breach under this Agreement.

10.2 Conduct of Business Until Closing

- (a) Except: (A) as expressly provided in this Agreement; (B) with the prior written consent of the Purchaser (not to be unreasonably withheld, conditioned or delayed); (C) as necessary or advisable in connection with the CCAA Proceedings; or (D) as otherwise provided in the Approval and Vesting Order or any other Order of the Court in connection with the CCAA Proceedings; following the date hereof and prior to Closing, to the extent reasonably practicable having regard to the CCAA Proceedings, the Vendor shall use commercially reasonable efforts to:
 - (i) maintain the Assets, to the extent the Assets are under the custody and control of the Vendor, or cause the Assets to be maintained, in accordance with good industry practice, and in material compliance with all Applicable Laws, the directions of Governmental Authorities and the terms and conditions of the Assumed Contracts;
 - (ii) not sell, pledge, assign, lease, license, or cause, permit, or suffer the imposition of any encumbrance (other than Permitted Encumbrances) on, or otherwise dispose of, any of the Assets, except in the ordinary course of normal day-to-day operations of the Assets, consistent with past practices;
 - (iii) not make any commitment or propose, initiate or authorize any capital expenditure with respect to the Assets, except in case of an emergency; or
 - (iv) not authorize or agree, in writing or otherwise, to take any actions in respect of the foregoing.
- (b) Until the Closing Time, the Vendor shall provide the Purchaser with all access to the Assets as reasonably required by the Purchaser in order to allow for and assist the Purchaser with an orderly passing of the Assets to the Purchaser following Closing in accordance herewith.
- (c) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to Section 10.2(b) will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
 - (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives;

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to Section 10.2(b).

10.3 ROFRs

- (a) The Parties shall use commercially reasonable efforts to identify the Assets which are the subject of ROFRs as soon as reasonably practicable following the date hereof, and in any event prior to Closing. Promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall provide the Vendor with its bona fide allocation of the value attributable to each of such Assets which are subject to a ROFR in its determination of the Purchase Price (which value, for clarity, may be a negative amount). The Purchaser shall indemnify the Vendor, its Affiliates and their respective Representatives from and against all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any failure by the Parties to identify ROFRs applicable to the Assets or any Third Party Claim relating to the allocation of the value of a ROFR to be determined by the Purchaser in accordance with this Section 10.3(a).
- (b) If the Parties have identified any ROFRs pursuant to Section 10.3(a):
 - (i) promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of such ROFRs, which shall include the Purchaser's bona fide allocation of the value attributable to each of such Assets which are subject to a ROFR;
 - (ii) the Vendor shall execute and courier ROFR notices to the Third Parties holding such ROFRs promptly following the receipt of the same from the Purchaser; and
 - (iii) to the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such a ROFR.
- (c) If any such Third Party elects to exercise such a ROFR, then:
 - (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the ROFR has been exercised;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to a ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall be subject to a reduction in the amount of such proceeds received from a Third Party. Notwithstanding the foregoing, the Vendor shall not be obligated to pay any amounts to the Purchaser in excess of the amounts received by the Vendor pursuant to this Agreement with respect to the exercise of any ROFRs.
- (d) In the event that a Third Party exercises a ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser agrees

to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.

- (e) Closing shall not be delayed even though certain of the ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Time (such ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
 - (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);
 - (ii) the Purchaser shall have (as of the Closing Time) prepared all Specific Conveyances and other closing documentation required for the sale of the Assets subject to the Outstanding ROFRs (the "**Outstanding ROFR Assets**");
 - (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Parties, and the provisions of Section 10.3(c) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and
 - (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed at the Closing Time.

10.4 Document Review

Prior to Closing, the Vendor shall provide Purchaser with reasonable access to the Title Documents and other Miscellaneous Interests in the possession or under the control of Vendor for the purpose of verifying the continued validity and effect of the Title Documents, the identification of Assets the subject of ROFRs, the preparation of Specific Conveyances and other matters related to this Agreement and the Transaction.

Each Party agrees that service of process on such Party as provided in Section 14.13 shall be deemed effective service of process on such Party.

14.5 Consequential Damages

Under no circumstance shall any of the Parties, their Representatives or their respective directors, officers, employees or agents be liable for any punitive, exemplary, consequential or indirect damages (including for greater certainty, any loss of profits) (collectively, "**Consequential Damages**") that may be alleged to result, in connection with, arise out of, or relate to this Agreement or the Transaction, other than Consequential Damages for which the Purchaser is liable as a result of a Third Party Claim (which liability shall be subject to and recoverable under Article 8 (Indemnification)). For greater certainty, the Parties agree that none of the Parties, their respective Affiliates or their respective Representatives shall be liable for any lost profits whatsoever, whether such lost profits are considered to be direct, consequential or indirect losses, and regardless of whether such lost profits were foreseeable by the Parties at any time or whether such lost profits were the direct and natural result of a Party's breach of its obligations under this Agreement.

14.6 Further Assurances

Each of the Parties from and after the date hereof shall, from time to time, and at the request and expense of the Party requesting the same, do all such further acts and things and execute and deliver such further instruments, documents, matters, papers and assurances as may be reasonably requested to complete the Transaction and for more effectually carrying out the true intent and meaning of this Agreement.

14.7 Assignment

The Purchaser shall not, without the Vendor's prior written consent, assign any right or interest in this Agreement, which consent may be withheld in the Vendor's sole and absolute discretion, except that the Purchaser shall have the right to assign any or all of its rights, interests or obligations hereunder to one or more Affiliates of the Purchaser, provided that: (a) such Affiliate agrees to be bound by the terms of this Agreement; (b) the Purchaser shall remain liable hereunder for any breach of the terms of this Agreement by such Affiliate; (c) such assignment shall not release the Purchaser from any obligation or liability hereunder in favour of the Vendor; and (d) the Purchaser shall acknowledge and confirm its continuing obligations in favour of the Vendor in an assignment and assumption agreement in form and substance satisfactory to the Vendor, acting reasonably.

14.8 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

14.9 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

Notwithstanding any other provision of this Agreement, the Purchaser shall pay the cost of all surveys, title insurance policies and title reports ordered by the Purchaser.

14.12 Entire Agreement

This Agreement and the Confidentiality Agreement (the terms and conditions of which are incorporated by reference into this Agreement, and binding upon the Parties, as if such agreement were signed directly by the Parties) constitute the entire agreement between the Parties with respect to the subject matter hereof and cancel and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, between the Parties with respect to the subject matter hereof. There are no conditions, covenants, agreements, representations, warranties or other provisions, whether oral or written, express or implied, collateral, statutory or otherwise, relating to the subject matter hereof other than those contained in this Agreement or in the Confidentiality Agreement.

ARTICLE 2 PURCHASE AND SALE

2.1 Agreement of Purchase and Sale

Subject to the terms and conditions of this Agreement, and in consideration of the Purchase Price, the Vendor hereby agrees to sell, assign and transfer to the Purchaser, and the Purchaser agrees to purchase, accept and receive from the Vendor, the Vendor's Interest in and to the Assets.

2.2 Transfer of Property and Assumption of Liabilities

Provided that Closing occurs and subject to the terms and conditions of this Agreement, possession, risk, and legal and beneficial ownership of the Assets shall transfer from the Vendor to the Purchaser on the Closing Date, and the Purchaser agrees to assume, discharge, perform and fulfil all Assumed Liabilities. Without limiting the provisions of this Agreement relating to the General Conveyance, Assignment and Assumption Agreement (and such agreement itself), or any other provisions of this Agreement relating to sale, transfer, assignment, conveyance or delivery, the Assets shall be sold, assigned, transferred, conveyed, and delivered by the Vendor to the Purchaser by way of the Licence Transfers, the Specific Conveyances and other appropriate instruments of transfer, bills of sale, endorsements, assignments, and deeds, in recordable form, or by way of an Order of the Court, as appropriate, and free and clear of any and all Claims other than Permitted Encumbrances, as applicable.

2.3 Licence Transfers

- (a) Promptly following the granting of the Approval and Vesting Order by the Court, the Vendor shall electronically submit applications to the AER for the Licence Transfers ("LTAs"), and confirm that such submission has been made to the Purchaser, and in addition the Vendor shall cause to be provided any information and documentation along with such LTAs to the AER which are required to be provided by the transferor in connection with the foregoing. The Purchaser shall accept or ratify such LTAs without delay, provided that, if the Purchaser in good faith determines or believes that any of the LTAs are not complete and accurate, or the AER refuses to process any such LTAs because of some defect therein, the Parties shall cooperate to duly complete or to correct such incomplete or inaccurate LTAs as soon as practicable and, thereafter, the Vendor shall promptly re-submit such LTAs and the Purchaser shall accept or ratify such re-submitted LTAs without delay. Each Party shall be responsible for its own costs relating to LTAs hereunder. The Purchaser shall provide any information and documentation in respect of such LTAs to the AER which are required to be provided by the transferee in connection with the foregoing. Following submission of the LTAs, the Purchaser shall use reasonable commercial efforts to obtain the approval from the AER of the LTAs and registration of the Licence Transfers, subject to the specific requirements of this Section 2.3.
- (b) If the AER denies any of the LTAs because of misdescription or other minor deficiencies contained therein, the Vendor shall, within two Business Days of such denial, correct the LTA(s) and amend and re-submit the LTA(s), and the Purchaser shall accept or ratify such re-submitted LTAs without delay.

- (d) The Purchaser shall on a timely and continuing basis keep the Vendor fully apprised and informed regarding all communications the Purchaser may have with the AER in connection with the Transaction, including all communications respecting LTAs, and without limiting the generality of the foregoing the Purchaser shall provide copies to the Vendor of all related correspondence from the Purchaser to the AER, and the Purchaser shall request that the AER provide copies to the Vendor of all related correspondence from the AER to the Purchaser.

2.4 Specific Conveyances

- (a) Within a reasonable time following its receipt of the Title Documents from Vendor, Purchaser shall prepare and provide for the Vendor's review all Specific Conveyances. None of the Specific Conveyances shall confer or impose upon either Party any greater right or obligation than as contemplated in this Agreement. Promptly after Closing, the Purchaser shall register and/or distribute (as applicable), all such Specific Conveyances

and shall bear all costs incurred therewith and in preparing and registering any further assurances required to convey the Assets to the Purchaser.

- (b) As soon as practicable following Closing, the Vendor shall deliver or cause to be delivered to the Purchaser such original copies of the Title Documents and any other agreements and documents to which the Assets are subject and such original copies of contracts, agreements, records, books, documents, licenses, reports and data comprising Miscellaneous Interests which are now in the possession or control of the Vendor or of which the Vendor gains possession or control prior to Closing.
- (c) Notwithstanding Sections 2.4(a) and 2.4(b), requests for the transfers from the Vendor to the Purchaser of registered Crown leases or licences, related surface rights and any other Title Documents which are administered by a Governmental Authority shall be submitted by the Vendor and accepted by the Purchaser as soon as is practicable after Closing.

2.5 Post-Closing Maintenance of Assets

- (a) Following Closing, if and to the extent that Purchaser must be novated into, recognized as a party to, or otherwise accepted as assignee or transferee of Vendor's interest in the Assets or certain of them, including any Title Documents and Assumed Contracts, the following provisions shall apply with respect to the applicable Assets until such novation, recognition or acceptance has occurred:
 - (i) the Purchaser shall use reasonable commercial efforts to obtain, as may be required by the terms of any Assumed Contracts, consents or approvals to the assignment of such Assumed Contracts; provided that to the extent that any Cure Costs are payable with respect to any Assumed Contract, the Vendor shall be responsible for and shall pay all such Cure Costs, which shall be paid directly to the counterparty as and when required in conjunction with the assignment of the Assumed Contracts, and which Cure Costs shall form part of the Purchase Price for the Assets;
 - (ii) to the extent not obtained prior to the Closing Date, the Purchaser shall continue to use reasonable commercial efforts to obtain the AER's approval of the LTAs and registration of the Licence Transfers;
 - (iii) to the extent permitted by any applicable Assumed Contract:
 - (A) the Purchaser will pay, perform and discharge the duties and obligations accruing after Closing under such Assumed Contract, on behalf of the Vendor, until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser; and
 - (B) the Vendor shall use reasonable commercial efforts to exercise the rights, entitlements, benefits and remedies under such Assumed Contract, on behalf of the Purchaser until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser, or such Assumed Contract expires or otherwise terminates;
 - (iv) the Vendor shall not have any liability as a consequence of the Vendor taking any action or causing anything to be done under this Section 2.5(a), and the Purchaser

shall be responsible and liable for, and, as a separate covenant, shall hereby indemnify and save harmless the Vendor and its Representatives against, all costs and expenses reasonably incurred by the Vendor, its Affiliates or their respective Representatives as a consequence of or in connection with this Section 2.5(a); and

- (v) nothing in this Agreement shall constitute an agreement to assign, and shall not be construed as an assignment of, or an attempt to assign to the Purchaser, any Assumed Contract until such time as the necessary consents or approvals with respect to the assignment are obtained.
- (b) Both before and after Closing, the Purchaser shall use all commercially reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit this Transaction to be completed. The Parties acknowledge, that subject to Section 11.1(c), the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of the Purchaser, at the Purchaser's sole cost and expense, to provide any and all financial assurances, deposits or security that may be required by Governmental Authorities or any Third Parties under the Assumed Contracts or Applicable Laws to permit the transfer of the Assets, including the Assumed Contracts, to the Purchaser.

2.6 Assumed Liabilities

- (a) Following Closing, the Purchaser shall assume, perform, discharge and pay when due all of the Assumed Liabilities. For greater certainty, the Purchaser acknowledges and agrees that the Environmental Liabilities and Abandonment and Reclamation Obligations in respect of the Assets are future costs and obligations associated with the ownership of the Assets that are tied and connected to the ownership of the Assets such that they are inextricably linked and embedded with the Assets.
- (b) Notwithstanding anything to the contrary in this Agreement or any document entered into in connection with the Transaction which is to the contrary, the Purchaser is not assuming, shall assume or shall be deemed to have assumed any Losses and Liabilities of the Vendor other than the Assumed Liabilities (all such other Losses and Liabilities, the "**Excluded Liabilities**"). For the avoidance of doubt, the Excluded Liabilities shall include all Cure Costs, except for Cure Costs related to or connected or associated with:
 - (i) rental payments, surface lease or similar surface disposition payments, or royalty payments pursuant to any Assumed Contracts that are set out in Part I of Schedule F hereto; and
 - (ii) arrears which have accrued in accordance with the Title Documents in relation to the Vendor's Interest in and to the Assets that are set out in Part II of Schedule F hereto,

which Cure Costs shall constitute Assumed Liabilities and shall be payable by the Purchaser.

ARTICLE 3 PURCHASE PRICE

3.1 Purchase Price

The consideration payable by the Purchaser for the Assets shall be the sum of [REDACTED] (the "**Purchase Price**"). The Purchase Price shall be satisfied in accordance with Section 3.3(b) and shall not be subject to any adjustment (and for greater certainty, Cure Costs shall be satisfied in accordance with Section 2.5(a)(i)). The Purchaser and the Vendor acknowledge and agree that the Purchase Price reflects the fair market value of the Assets as of the Closing Date, having due regard to the Environmental Liabilities connected to and embedded in the Assets that depress the value of the Assets.

3.2 Allocation of Purchase Price

The Purchase Price shall be allocated among the Assets as follows:

- (a) to the Petroleum and Natural Gas Rights, 80%;
- (b) to the Tangibles, 20% less \$10.00; and
- (c) to the Miscellaneous Interests, \$10.00.

3.3 Deposit and Satisfaction of Purchase Price

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount equal to ten percent (10%) of the Purchase Price (the "**Deposit**") to the Monitor;
 - (ii) the Deposit has been delivered to and shall be held in trust by the Monitor; and
 - (iii) the Deposit shall be held and administered by the Monitor in accordance with the terms and conditions of this Agreement (including this Section 3.3).
- (b) At Closing, the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)(i)) shall be paid and satisfied as follows:
 - (i) as to the amount of the Deposit, upon the receipt of a written joint direction delivered to the Monitor by the Purchaser and the Vendor, the Monitor shall deliver the amount of the Deposit to the Vendor by electronic wire transfer and such amount shall be applied against the amount of the Purchase Price for the account of the Purchaser; and
 - (ii) as to the balance of the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)(i)), along with any additional amounts owing in respect of applicable GST, the Purchaser shall pay to the Vendor such amount by electronic wire transfer.
- (c) If this Agreement is terminated:
 - (i) (A) pursuant to Section 13.1(a) by mutual agreement of the Parties; (B) pursuant to Sections 13.1(b) or 13.1(c) by the Purchaser; (C) pursuant to Section 13.1(e) by

the Vendor; or (D) for any other reason other than as contemplated under Section 3.3(c)(ii); then the Deposit shall be returned to the Purchaser; or

- (ii) pursuant to Section 13.1(d) by the Vendor, the full amount of the Deposit shall be forfeited to the Vendor,

and, subject to Section 13.2, each Party shall be released from all obligations and liabilities under or in connection with this Agreement. In the event of termination of this Agreement under Section 3.3(c)(ii) pursuant to which the Vendor shall be entitled to retain the Deposit, the Parties agree that the amount of the Deposit, constitutes a genuine pre-estimate of liquidated damages representing the Vendor's Losses and Liabilities as a result of Closing not occurring and agree that the Vendor shall not be entitled to recover from the Purchaser any amounts that are in excess of the Deposit as a result of Closing not occurring. The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Vendor's damages.

ARTICLE 4 TRANSFER TAXES

4.1 Transfer Taxes

The Parties agree that:

- (a) the Purchase Price does not include Transfer Taxes and the Purchaser shall be liable for and shall pay, and be solely responsible for, any and all Transfer Taxes pertaining to the Purchaser's acquisition of the Assets; and
- (b) the Purchaser shall indemnify the Vendor and its Affiliates for, from and against any Transfer Taxes (including any interest or penalties imposed by a Governmental Authority) that any of them are required to pay or for which any of them may become liable as a result of any failure by the Purchaser to self-assess, pay or remit such Transfer Taxes, other than as a result of a failure by the Vendor or its Affiliates to timely remit any amounts on account of Transfer Taxes paid by the Purchaser hereunder.

7.2 Insurance

Any property, liability and other insurance maintained by the Vendor in relation to the Assets, to the extent applicable, shall not be transferred at Closing, but shall remain the responsibility of the Vendor until the Closing Date. The Purchaser shall be responsible for placing its own property, liability and other insurance coverage with respect to the Assets in respect of the period from and after 12:01 a.m. on the Closing Date.

ARTICLE 8 INDEMNIFICATION

8.1 Indemnification Given by Purchaser

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates and/or their respective Representatives related to or in connection with the Assets and the Assumed Liabilities, including: (i) all Losses and Liabilities attributable to the ownership, operation, use, construction or maintenance of the Assets during the period following the Closing Date; (ii) all Losses and Liabilities arising or accruing on or after the Closing Date under any Assumed Contract, including any and all Cure Costs; and (iii) any other Losses and Liabilities for which the Purchaser has otherwise agreed to indemnify the Vendor pursuant to this Agreement, including pursuant to Section 9.2. The Purchaser's indemnity obligations set forth in this Section 8.1 shall survive the Closing Date indefinitely pursuant to Section 14.3.

8.2 Third Party Claims

- (a) If any of the Vendor, its Affiliates or any of their respective Representatives receives written notice of the commencement or assertion of any Third Party Claim for which the Purchaser is liable pursuant to this Agreement (or has otherwise agreed to indemnify the Vendor, its Affiliates or their respective Representatives against), the Vendor shall give the Purchaser reasonably prompt notice thereof, but in any event no later than ten (10) days

after receipt of such notice of such Third Party Claim. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.

- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives, pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its own expenses of participating in or assuming such defence. In the event that the Purchaser elects to assume the carriage and control of the defence of a Third Party Claim pursuant to this Section 8.2(b), then the Vendor shall, or shall cause its Affiliates and/or their respective Representatives to, cooperate in good faith in the defence of each Third Party Claim and may participate in such defence assisted by counsel of its own choice at its own expense.
- (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

8.5 Third Party Beneficiary

The Vendor's Representatives and the Vendor's Affiliates, and all of their respective Representatives are intended third party beneficiaries of this Article 8 and shall have the right, power and authority to enforce the provisions hereof as though they were each a party hereto. The Purchaser further agrees to execute such agreements as may be reasonably requested by such Persons in connection with these provisions that are consistent with this Article 8 or that are reasonably necessary to give further effect thereto.

ARTICLE 9 ENVIRONMENTAL MATTERS

9.1 Acknowledgements Regarding Environmental Condition

The Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. The Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands and the Tangibles, that the Vendor has provided the Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of the Purchaser (insofar as the Vendor could reasonably provide such access) and that the Purchaser is not relying upon any representation or warranty of the Vendor, its Affiliates or any of their respective Representatives as to the environmental condition of the Assets, or any Environmental Liabilities or Abandonment and Reclamation Obligations in respect thereof.

9.2 Assumption of Environmental Liabilities

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any matter or thing arising out of, attributable to or connected with any Environmental Liabilities or any Abandonment and Reclamation Obligations. Once Closing has occurred, the Purchaser shall be solely responsible for all Environmental Liabilities and all Abandonment and Reclamation Obligations as between the Vendor (on one hand) and the Purchaser (on the other hand) including whether occurring or accruing prior to, on or after the Closing Date, and hereby releases the Vendor, its Affiliates and their respective Representatives from any claims the Purchaser may have against the Vendor with respect to all such Environmental Liabilities and Abandonment and Reclamation Obligations. Without restricting the generality of the foregoing, the Purchaser shall be responsible for all Environmental Liabilities and Abandonment and Reclamation Obligations (including whether occurring or accruing prior to, on or after the Closing Date) in respect of all Wells and Tangibles.

**ARTICLE 10
COVENANTS**

10.1 Conduct of Business Until Closing

- (a) Until the Closing Date, the Vendor shall provide the Purchaser with all access to the Assets as reasonably required by the Purchaser in order to allow for and assist the Purchaser with an orderly passing of the Assets to the Purchaser following Closing in accordance herewith.
- (b) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to this Section 10.1 will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
 - (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives;

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to this Section 10.1.

10.2 ROFRs

- (a) The Purchaser acknowledges that it shall be responsible for conducting such separate investigation of the Assets as the Purchaser has determined is appropriate with respect to the identification of ROFRs applicable to the Assets as soon as is reasonably practicable after the date hereof. The Purchaser shall indemnify Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any failure by the Purchaser to identify ROFRs applicable to the Assets or any Third Party Claim relating to the allocation of the value of a ROFR to be determined by the Purchaser in accordance with Section 10.2(b)(i), as applicable.
- (b) If the Purchaser has identified any ROFRs pursuant to Section 10.2(a):
 - (i) promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of such ROFRs, which shall include the Purchaser's bona fide allocation of the amount of the Purchase Price attributable to each of such Assets which are subject to a ROFR;
 - (ii) the Vendor shall courier ROFR notices to the Third Parties holding such ROFRs promptly following the receipt of the same from the Purchaser; and
 - (iii) to the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such a ROFR.

- (c) If any such Third Party elects to exercise such a ROFR, then:
 - (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the ROFR has been exercised;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to a ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall not be subject to any reduction in the event of the exercise of any such ROFR by a Third Party.
- (d) In the event that a Third Party exercises a ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser agrees to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.
- (e) Closing shall not be delayed even though certain of the ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Date (such ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
 - (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);
 - (ii) the Purchaser shall have (as of the Closing Date) prepared all Specific Conveyances and other closing documentation required for the sale of the Assets subject to the Outstanding ROFRs (the "**Outstanding ROFR Assets**");
 - (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Purchaser, and the provisions of Section 10.2(c) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and
 - (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed on the Closing Date.

10.3 Document Review

Prior to Closing, the Vendor shall provide Purchaser with reasonable access to the Title Documents and other Miscellaneous Interests in the possession or under the control of Vendor for the purpose of verifying the continued validity and effect of the Title Documents, the identification of Assets the subject

of ROFRs, the preparation of Specific Conveyances and other matters related to this Agreement and the Transaction.

10.4 Approval and Vesting Order

Application for the Approval and Vesting Order shall only be made following the Purchaser providing written confirmation that the conditions set out in Sections 11.2(c), 11.2(d) and 11.2(e) have been satisfied.

The Purchaser shall not, without the Vendor's prior written consent, assign any right or interest in this Agreement, which consent may be withheld in the Vendor's sole and absolute discretion, except that the Purchaser shall have the right to assign any or all of its rights, interests or obligations hereunder to one or more Affiliates of the Purchaser, provided that: (a) such Affiliate agrees to be bound by the terms of this Agreement; (b) the Purchaser shall remain liable hereunder for any breach of the terms of this Agreement by such Affiliate; (c) such assignment shall not release the Purchaser from any obligation or liability hereunder in favour of the Vendor; and (d) the Purchaser shall acknowledge and confirm its continuing obligations in favour of the Vendor in an assignment and assumption agreement in form and substance satisfactory to the Vendor.

14.8 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

14.9 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

Notwithstanding any other provision of this Agreement, the Purchaser shall pay the cost of all surveys, title insurance policies and title reports ordered by the Purchaser.

14.12 Entire Agreement

This Agreement and the Confidentiality Agreement (the terms and conditions of which are incorporated by reference into this Agreement, and binding upon the Parties, as if such agreement were signed directly by the Parties) constitute the entire agreement between the Parties with respect to the subject matter hereof and cancel and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, between the Parties with respect to the subject matter hereof. There are no conditions, covenants, agreements, representations, warranties or other provisions, whether oral or written, express or implied, collateral, statutory or otherwise, relating to the subject matter hereof other than those contained in this Agreement or in the Confidentiality Agreement.

SERVICE

1. Service of notice of this application and the supporting materials is hereby declared to be good and sufficient, no other person is required to have been served with notice of this application.

APPROVAL OF TRANSACTIONS

2. The Transaction is hereby approved, and the Sale Agreement is commercially reasonable and in the best interests of AlphaBow and its stakeholders. The execution of the Sale Agreement by AlphaBow is hereby ratified, confirmed and approved, and AlphaBow is hereby authorized and directed to take such additional steps and execute such additional documents as may be necessary or desirable for the completion of the transaction and for the conveyance of the assets set out in Schedule "A" hereto (the "**Purchased Assets**") to the Purchaser.

VESTING OF PROPERTY

3. [Subject only to approval by the Alberta Energy Regulator ("**Energy Regulator**") of transfer of any applicable licenses, permits and approvals pursuant to section 24 of the *Oil and Gas Conservation Act* (Alberta) and section 18 of the *Pipeline Act* (Alberta), and] upon the delivery of a Monitor's Certificate to the Purchaser substantially in the form attached as Schedule "B" hereto (the "**Monitor's Certificate**"), all of AlphaBow's right, title and interest in and to the Purchased Assets shall vest absolutely in the Purchaser, free and clear of and from any and all security interests (whether contractual, statutory, or otherwise), hypothecs, mortgages, trusts or deemed trusts (whether contractual, statutory, or otherwise), liens, executions, levies, charges, or other financial or monetary claims, whether or not they have attached or been perfected, registered or filed and whether secured, unsecured or otherwise (collectively, the "**Claims**") including, without limiting the generality of the foregoing:

- (a) any Encumbrances or Charges (as created by and defined in the Initial Order of the Honourable Justice Lema and any other Orders granted in this Action);
- (b) all charges, security interests or claims evidenced by registrations pursuant to the *Personal Property Security Act*, the *Mines and Minerals Act*, the *Land Titles Act* or any other personal, mineral or real property registry system;
- (c) any liens or claims of lien under the *Builders' Lien Act* (Alberta) or the *Prompt Payment and Construction Lien Act* (Alberta);
- (d) any linear or non-linear municipal property tax claims under the *Municipal Government Act* (Alberta), or otherwise;
- (e) any outstanding amounts owing in respect of the AER Orphan Fund Levy and Administration Fees; and
- (f) those Claims listed in Schedule "C" hereto,

(all of which are collectively referred to as the "**Encumbrances**", which term shall not include the permitted encumbrances, caveats, interests, easements, and restrictive covenants listed in Schedule "D" (collectively, "**Permitted Encumbrances**")) and for greater certainty, this Court orders that all Claims including Encumbrances other than Permitted Encumbrances, affecting or relating to the Purchased Assets are hereby expunged, discharged and terminated as against the Purchased Assets.

1. Upon delivery of AlphaBow's Monitor's Certificate, and upon filing of a certified copy of this Order, together with any applicable registration fees, all governmental authorities including those referred to below in this paragraph (collectively, "**Governmental Authorities**") are hereby authorized, requested and directed to accept delivery of such Monitor's Certificate and certified copy of this Order as though they were originals and to register such transfers, interest authorizations, discharges and discharge statements of conveyance as may be required to convey to the Purchaser or its nominee clear title to the Purchased Assets subject only to Permitted Encumbrances. Without limiting the foregoing:

- (a) the Registrar of Land Titles ("**Land Titles Registrar**") for the lands defined below shall and is hereby authorized, requested and directed to forthwith:

- (i) cancel existing Certificates of Title identified and legally described in Schedule "A" of the Sale Agreement (the "**Lands**");
 - (ii) issue a new Certificate of Title for the Lands in the name of the Purchaser (or its nominee), namely, Bench Creek Resources Ltd.;
 - (iii) transfer to the New Certificate of Title the existing instruments listed in Schedule "D", to this Order, and to issue and register against the New Certificate of Title such new caveats, utility rights of ways, easements or other instruments as are listed in Schedule "D"; and
 - (iv) discharge and expunge the Encumbrances listed in Schedule "C" to this Order and discharge and expunge any Claims including Encumbrances (but excluding Permitted Encumbrances) which may be registered after the date of the Sale Agreement against the existing Certificate of Title to the Lands;
- (b) Alberta Energy shall and is hereby authorized, requested and directed to forthwith:
- (i) cancel and discharge those Claims including builders' liens, security notices, assignments under section 426 (formerly section 177) of the *Bank Act* (Canada) and other Encumbrances (but excluding Permitted Encumbrances) registered (whether before or after the date of this Order) against the estate or interest of the Applicant in and to any of the Purchased Assets located in the Province of Alberta; and
 - (ii) transfer all Crown leases listed in Schedule "E" to this Order standing in the name of the Applicant, to the Purchaser (or its nominee) free and clear of all Claims including Encumbrances but excluding Permitted Encumbrances;
- (c) the Registrar of the Alberta Personal Property Registry (the "**PPR Registrar**") shall and is hereby directed to forthwith cancel and discharge any registrations at the Alberta Personal Property Registry (whether made before or after the date of this Order) claiming security interests (other than Permitted Encumbrances) in the estate or interest of the Applicant in any of the Purchased Assets which are of a kind prescribed by applicable regulations as serial-number goods.

5. In order to effect the transfers and discharges described above, this Court directs each of the Governmental Authorities to take such steps as are necessary to give effect to the terms of this Order and the Sale Agreement. Presentment of this Order and the Monitor's Certificate shall be the sole and sufficient authority for the Governmental Authorities to make and register transfers of title or interest and cancel and discharge registrations against any of the Purchased Assets of any Claims including Encumbrances but excluding Permitted Encumbrances.
6. No authorization, approval or other action by and no notice to or filing with any governmental authority or regulatory body exercising jurisdiction over the Purchased Assets is required for the due execution, delivery and performance by AlphaBow of the Sale Agreement.
7. Upon delivery of the Monitor's Certificate together with a certified copy of this Order, this Order shall be immediately registered by the Land Titles Registrar notwithstanding the requirements of section 191(1) of the *Land Titles Act*, RSA 2000, c.L-7 and notwithstanding that the appeal period in respect of this Order has not elapsed. The Land Titles Registrar is hereby directed to accept all Affidavits of Corporate Signing Authority submitted by AlphaBow.
8. For the purposes of determining the nature and priority of Claims, the net proceeds from sale of the Purchased Assets shall stand in the place and stead of the Purchased Assets from and after delivery of the Monitor's Certificate and all Claims (but excluding Permitted Encumbrances) shall not attach to, encumber or otherwise form a charge, security interest, lien, or other Claim against the Purchased Assets and may be asserted against the net proceeds from sale of the Purchased Assets with the same priority as they had with respect to the Purchased Assets immediately prior to the sale, as if the Purchased Assets had not been sold and remained in the possession or control of the person having that possession or control immediately prior to the sale. Unless otherwise ordered (whether before or after the date of this Order), no distributions shall be made to creditors of net proceeds from sale of the Purchased Assets without further order of this Court.
9. Except as expressly provided for in the Sale Agreement, the Purchaser (or its nominee) shall not, by completion of the Transaction, have liability of any kind whatsoever in respect of any Claims against AlphaBow.
10. Upon completion of the Transaction, AlphaBow and all persons who claim by, through or under AlphaBow in respect of the Purchased Assets, and all persons or entities having any Claims of any kind whatsoever in respect of the Purchased Assets, save and except for persons entitled to the benefit of the Permitted Encumbrances, shall stand absolutely and forever barred, estopped and

foreclosed from and permanently enjoined from pursuing, asserting or claiming any and all right, title, estate, interest, royalty, rental, equity of redemption or other Claim whatsoever in respect of or to the Purchased Assets, and to the extent that any such persons or entities remain in the possession or control of any of the Purchased Assets, or any artifacts, certificates, instruments or other indicia of title representing or evidencing any right, title, estate, or interest in and to the Purchased Assets, they shall forthwith deliver possession thereof to the Purchaser (or its nominee).

11. The Purchaser (or its nominee) shall be entitled to enter into and upon, hold and enjoy the Purchased Assets for its own use and benefit without any interference of or by AlphaBow, or any person claiming by, through or against AlphaBow.
12. Immediately upon closing of the Transaction, holders of Permitted Encumbrances shall have no claim whatsoever against AlphaBow associated with the Purchased Assets.
13. The Monitor is directed to file with the Court a copy of the Monitor's Certificate forthwith after delivery thereof to the Purchaser (or its nominee).

2.4 Post-Closing Maintenance of Assets

- (a) Following Closing, if and to the extent that Purchaser must be novated into, recognized as a party to, or otherwise accepted as assignee or transferee of Vendor's interest in the Assets or certain of them, including any Title Documents and Assumed Contracts, the following provisions shall apply with respect to the applicable Assets until such novation, recognition or acceptance has occurred:
 - (i) the Purchaser shall use reasonable commercial efforts to obtain, as may be required by the terms of any Assumed Contracts, consents or approvals to the assignment of such Assumed Contracts; provided that to the extent that any Cure Costs are payable with respect to any Assumed Contract, the Purchaser shall be responsible for and shall pay all such Cure Costs, which shall be paid directly to the counterparty as and when required in conjunction with the assignment of the Assumed Contracts, and which Cure Costs shall form part of the Purchase Price for the Assets;

 - (iv) nothing in this Agreement shall constitute an agreement to assign, and shall not be construed as an assignment of, or an attempt to assign to the Purchaser, any

Assumed Contract until such time as the necessary consents or approvals with respect to the assignment are obtained.

- (b) Both before and after Closing, the Purchaser shall use all commercially reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit this Transaction to be completed. The Parties acknowledge that the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of the Purchaser, at the Purchaser's sole cost and expense, to provide any and all financial assurances, deposits or security that may be required by Governmental Authorities or any Third Parties under the Assumed Contracts or Applicable Laws to permit the transfer of the Assets, including the Assumed Contracts, to the Purchaser.

The Purchase Price shall be satisfied in accordance with Section 3.3(b) and shall not be subject to any adjustment (and for greater certainty, Cure Costs shall be satisfied in accordance with Section 2.4(a)(i)). The Purchaser and the Vendor acknowledge and agree that the Purchase Price reflects the fair market value of the Assets as of the Closing Date.

3.2 Allocation of Purchase Price

The Purchase Price shall be allocated among the Assets as follows:

- (a) to the Petroleum and Natural Gas Rights, 100% less \$10.00;
- (b) to the Miscellaneous Interests, \$10.00.

3.3 Deposit and Satisfaction of Purchase Price

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount equal to [REDACTED] (the "**Deposit**") to the Monitor;

In the event of termination of this Agreement under Section 3.3(c)(ii) pursuant to which the Vendor shall be entitled to retain the Deposit, the Parties agree that the amount of the Deposit, constitutes a genuine pre-estimate of liquidated damages representing the Vendor's Losses and Liabilities as a result of Closing not occurring and agree that the Vendor shall not be entitled to recover from the Purchaser any amounts that are in excess of the Deposit as a result of Closing not occurring. The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Vendor's damages.

4.1 Transfer Taxes

The Parties agree that:

- (a) the Purchase Price does not include Transfer Taxes and the Purchaser shall be liable for and shall pay, and be solely responsible for, any and all Transfer Taxes pertaining to the Purchaser's acquisition of the Assets; and

- (a) If any of the Vendor, its Affiliates or any of their respective Representatives receives written notice of the commencement or assertion of any Third Party Claim for which the Purchaser is liable pursuant to this Agreement (or has otherwise agreed to indemnify the Vendor, its Affiliates or their respective Representatives against), the Vendor shall give the Purchaser reasonably prompt notice thereof, but in any event no later than ten (10) days after receipt of such notice of such Third Party Claim. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.
- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives,

pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its own expenses of participating in or assuming such defence. In the event that the Purchaser elects to assume the carriage and control of the defence of a Third Party Claim pursuant to this Section 8.2(b), then the Vendor shall, or shall cause its Affiliates and/or their respective Representatives to, cooperate in good faith in the defence of each Third Party Claim and may participate in such defence assisted by counsel of its own choice at its own expense.

- (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

8.5 Third Party Beneficiary

The Vendor's Representatives and the Vendor's Affiliates, and all of their respective Representatives are intended third party beneficiaries of this Article 8 and shall have the right, power and authority to enforce the provisions hereof as though they were each a party hereto. The Purchaser further agrees to execute such agreements as may be reasonably requested by such Persons in connection with these provisions that are consistent with this Article 8 or that are reasonably necessary to give further effect thereto.

**ARTICLE 9
ENVIRONMENTAL MATTERS**

9.1 Acknowledgements Regarding Environmental Condition

The Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. The Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands that the Vendor has provided the Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of the Purchaser (insofar as the Vendor could reasonably provide such access) and that the Purchaser is not relying upon any representation or warranty of the Vendor, its Affiliates or any of their respective Representatives as to the environmental condition of the Assets,

**ARTICLE 10
COVENANTS**

10.1 Conduct of Business Until Closing

- (a) Until the Closing Date, the Vendor shall provide the Purchaser with all access to the Assets as reasonably required by the Purchaser in order to allow for and assist the Purchaser with an orderly passing of the Assets to the Purchaser following Closing in accordance herewith.
- (b) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to this Section 10.1 will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
 - (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives;

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to this Section 10.1.

10.2 ROFRs

- (a) The Purchaser acknowledges that it shall be responsible for conducting such separate investigation of the Assets as the Purchaser has determined is appropriate with respect to the identification of ROFRs applicable to the Assets as soon as is reasonably practicable after the date hereof. The Purchaser shall indemnify Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any failure by the Purchaser to identify ROFRs applicable to the Assets or any Third Party Claim relating to the allocation of the value of a ROFR to be determined by the Purchaser in accordance with Section 10.2(b)(i), as applicable.
- (b) If the Purchaser has identified any ROFRs pursuant to Section 10.2(a):

- (i) promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of such ROFRs, which shall include the Purchaser's bona fide allocation of the amount of the Purchase Price attributable to each of such Assets which are subject to a ROFR;
 - (ii) the Vendor shall courier ROFR notices to the Third Parties holding such ROFRs promptly following the receipt of the same from the Purchaser; and
 - (iii) to the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such a ROFR.
- (c) If any such Third Party elects to exercise such a ROFR, then:
- (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the ROFR has been exercised;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to a ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall not be subject to any reduction in the event of the exercise of any such ROFR by a Third Party.
- (d) In the event that a Third Party exercises a ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser agrees to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.
- (e) Closing shall not be delayed even though certain of the ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Date (such ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
- (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);
 - (ii) the Purchaser shall have (as of the Closing Date) prepared all Specific Conveyances and other closing documentation required for the sale of the Assets subject to the Outstanding ROFRs (the "**Outstanding ROFR Assets**");
 - (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Purchaser, and the provisions of Section 10.2(c) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and

- (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed on the Closing Date.

10.3 Document Review

Prior to Closing, the Vendor shall provide Purchaser with reasonable access to the Title Documents and other Miscellaneous Interests in the possession or under the control of Vendor for the purpose of verifying the continued validity and effect of the Title Documents, the identification of Assets the subject of ROFRs, the preparation of Specific Conveyances and other matters related to this Agreement and the Transaction.

In addition, each of the Parties agrees not to take any action that could reasonably be expected to preclude, delay or have an adverse effect on the Transaction or would render, or may reasonably be expected to render, any representation or warranty made by it in this Agreement untrue in any material respect.

11.5 Monitor's Certificate

When the conditions to Closing set out in Sections 11.1, 11.2 and 11.3 have been satisfied and/or waived by the each of the Vendor and the Purchaser, as applicable, the Vendor and the Purchaser will each deliver to the Monitor written confirmation: (a) that such conditions of Closing, as applicable, have been satisfied and/or waived; and (b) of the amount of the Transfer Taxes to be paid on Closing (in each case, to the extent applicable), in substantially the form of Schedule D (the "**Conditions Certificates**"). In the case of (A) and (B), above, the Monitor will be relying exclusively on the basis of the Conditions Certificates and without any obligation whatsoever to verify the satisfaction or waiver of the applicable conditions.

Notwithstanding any termination of this Agreement as permitted under Section 13.1, or as otherwise provided for in this Agreement, the provisions of Sections 3.3 (Deposit), 14.1 (Public Announcements), 14.4 (Governing Law), 14.5 (Consequential Damages), 14.11 (Costs and Expenses) and 14.15 (Third Party Beneficiaries) shall remain in full force and effect following any such permitted termination, and the Deposit shall be governed by Section 3.3.

ARTICLE 14 GENERAL

14.1 Public Announcements

- (a) Subject to Section 14.1(b), if a Party intends to issue a press release or other public disclosure of this Agreement, the terms hereof or the Transaction, the disclosing Party shall provide the other Parties with an advance copy of any such press release or public disclosure with sufficient time to enable the other Parties to review such press release or other public disclosure and provide any comments. The disclosing Party shall not issue such press release or other public disclosure without the prior written consent of the other Parties, such consent not to be unreasonably withheld.
- (b) Notwithstanding Section 14.1(a): (i) this Agreement may be filed by the Vendor with the Court; and (ii) the Transaction may be disclosed by the Vendor to the Court, subject to redacting confidential or sensitive information as permitted by Applicable Law. The Parties further agree that:
 - (i) the Vendor may prepare and file reports and other documents with the Court containing references to the Transaction and the terms of the Transaction;

14.2 Dissolution of Vendor

The Purchaser acknowledges and agrees that nothing in this Agreement shall operate to prohibit or diminish in any way the right of the Vendor or any of its Affiliates to cause the dissolution or wind-up of any of the Vendor subsequent to the Closing Date, or otherwise cause or allow the Vendor to cease operations in any manner or at any time subsequent to the Closing Date as the Vendor may determine in its

sole discretion, which may be exercised without regard to the impact any such action may have on the Vendor's ability to fulfil its obligations under this Agreement that survive Closing.

14.3 Survival

Upon Closing, the obligations, covenants, representations and warranties of the Parties set out in this Agreement shall expire, be terminated and extinguished and of no further force or effect, provided that notwithstanding the Closing contemplated hereunder or the delivery of documents pursuant to this Agreement, the obligations and covenants of the Parties set out in Section 2.3 (Specific Conveyances), Section 2.4 (Post-Closing Maintenance of Assets), Section 5.3 (Enforcement of Representations and Warranties), Section 10.2 (ROFRs) and Article 4 (Transfer Taxes), Article 6 ("As Is, Where Is" and No Additional Representations and Warranties), Article 8 (Indemnification), Article 9 (Environmental Matters) and Article 14 (General), shall survive Closing, shall remain in full force and effect, shall not merge as a result of Closing and shall be binding on the Parties indefinitely thereafter except as expressly stated to the contrary therein or otherwise in accordance with Applicable Laws.

- (b) Notwithstanding Section 14.4(a), any and all documents or orders that may be filed, made or entered in the CCAA Proceedings, and the rights and obligations of the Parties thereunder, including all matters of construction, validity and performance thereunder, shall in all respects be governed by, and interpreted, construed and determined in accordance with the laws of the Province of Alberta. The Parties consent to the jurisdiction and venue of the Court, as applicable, for the resolution of any such disputes, regardless of whether such disputes arose under this Agreement. Under no circumstance shall any of the Parties, their Representatives or their respective directors, officers, employees or agents be liable for any punitive, exemplary, consequential or indirect damages (including for greater certainty, any loss of profits) (collectively, "**Consequential Damages**") that may be alleged to result, in connection with, arise out of, or relate to this Agreement or the Transaction, other than Consequential Damages for which the Purchaser is liable as a result of a Third Party Claim (which liability shall be subject to and recoverable under Article 8 (Indemnification)). For greater certainty, the Parties agree that none of the Parties, their respective Affiliates or their respective Representatives shall be liable for any lost profits whatsoever, whether such lost profits are considered to be direct, consequential or indirect losses, and regardless of whether such lost profits were foreseeable by the Parties at any time or whether such lost profits were the direct and natural result of a Party's breach of its obligations under this Agreement.

14.6 Further Assurances

Each of the Parties from and after the date hereof shall, from time to time, and at the request and expense of the Party requesting the same, do all such further acts and things and execute and deliver such further instruments, documents, matters, papers and assurances as may be reasonably requested to complete the Transaction and for more effectually carrying out the true intent and meaning of this Agreement.

The Purchaser shall not, without the Vendor's prior written consent, assign any right or interest in this Agreement, which consent may be withheld in the Vendor's sole and absolute discretion, except that the Purchaser shall have the right to assign any or all of its rights, interests or obligations hereunder to one or more Affiliates of the Purchaser, provided that: (a) such Affiliate agrees to be bound by the terms of this Agreement; (b) the Purchaser shall remain liable hereunder for any breach of the terms of this Agreement by such Affiliate; (c) such assignment shall not release the Purchaser from any obligation or liability hereunder in favour of the Vendor; and (d) the Purchaser shall acknowledge and confirm its continuing obligations in favour of the Vendor in an assignment and assumption agreement in form and substance satisfactory to the Vendor.

14.8 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

14.9 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

Notwithstanding any other provision of this Agreement, the Purchaser shall pay the cost of all surveys, title insurance policies and title reports ordered by the Purchaser.

14.12 Entire Agreement

This Agreement and the Confidentiality Agreement (the terms and conditions of which are incorporated by reference into this Agreement, and binding upon the Parties, as if such agreement were signed directly by the Parties) constitute the entire agreement between the Parties with respect to the subject matter hereof and cancel and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, between the Parties with respect to the subject matter hereof. There are no conditions, covenants, agreements, representations, warranties or other provisions, whether oral or written, express or implied, collateral, statutory or otherwise, relating to the subject matter hereof other than those contained in this Agreement or in the Confidentiality Agreement.

4. Without limiting the foregoing:

- (a) the Registrar of Land Titles ("**Land Titles Registrar**") for the lands defined below shall and is hereby authorized, requested and directed to forthwith:

5. In order to effect the transfers and discharges described above, this Court directs each of the Governmental Authorities to take such steps as are necessary to give effect to the terms of this Order and the Sale Agreement. The Land Titles Registrar is hereby directed to accept all Affidavits of Corporate Signing Authority submitted by AlphaBow.
8. For the purposes of determining the nature and priority of Claims, the net proceeds from sale of the Purchased Assets shall stand in the place and stead of the Purchased Assets from and after delivery of the Monitor's Certificate and all Claims (but excluding Permitted Encumbrances) shall not attach to, encumber or otherwise form a charge, security interest, lien, or other Claim against the Purchased Assets and may be asserted against the net proceeds from sale of the Purchased Assets with the same priority as they had with respect to the Purchased Assets immediately prior to the sale, as if the Purchased Assets had not been sold and remained in the possession or control of the person having that possession or control immediately prior to the sale. Unless otherwise ordered (whether before or after the date of this Order), no distributions shall be made to creditors of net proceeds from sale of the Purchased Assets without further order of this Court.
9. Except as expressly provided for in the Sale Agreement, the Purchaser (or its nominee) shall not, by completion of the Transaction, have liability of any kind whatsoever in respect of any Claims against AlphaBow.
10. Upon completion of the Transaction, AlphaBow and all persons who claim by, through or under AlphaBow in respect of the Purchased Assets, and all persons or entities having any Claims of any kind whatsoever in respect of the Purchased Assets, save and except for persons entitled to the benefit of the Permitted Encumbrances, shall stand absolutely and forever barred, estopped and

foreclosed from and permanently enjoined from pursuing, asserting or claiming any and all right, title, estate, interest, royalty, rental, equity of redemption or other Claim whatsoever in respect of or to the Purchased Assets, and to the extent that any such persons or entities remain in the possession or control of any of the Purchased Assets, or any artifacts, certificates, instruments or other indicia of title representing or evidencing any right, title, estate, or interest in and to the Purchased Assets, they shall forthwith deliver possession thereof to the Purchaser (or its nominee).

11. The Purchaser (or its nominee) shall be entitled to enter into and upon, hold and enjoy the Purchased Assets for its own use and benefit without any interference of or by AlphaBow, or any person claiming by, through or against AlphaBow.
12. Immediately upon closing of the Transaction, holders of Permitted Encumbrances shall have no claim whatsoever against AlphaBow associated with the Purchased Assets.
13. The Monitor is directed to file with the Court a copy of the Monitor's Certificate forthwith after delivery thereof to the Purchaser (or its nominee).

None of the Specific Conveyances shall confer or impose upon either Party any greater right or obligation than as contemplated in this Agreement. Promptly after Closing, the Purchaser shall register and/or distribute (as applicable), all such Specific Conveyances and shall bear all costs incurred therewith and in preparing and registering any further assurances required to convey the Assets to the Purchaser.
- (b) As soon as practicable following Closing, the Vendor shall deliver or cause to be delivered to the Purchaser such original copies of the Title Documents and any other agreements and documents to which the Assets are subject and such original copies of contracts, agreements, records, books, documents, licenses, reports and data comprising Miscellaneous Interests which are now in the possession or control of the Vendor or of which the Vendor gains possession or control prior to Closing.

- (c) Notwithstanding Sections 2.4(a) and 2.4(b), requests for the transfers from the Vendor to the Purchaser of registered Crown leases or licences, related surface rights and any other Title Documents which are administered by a Governmental Authority shall be submitted by the Vendor and accepted by the Purchaser as soon as is practicable after Closing.

2.5 Post-Closing Maintenance of Assets

- (a) Following Closing, if and to the extent that Purchaser must be novated into, recognized as a party to, or otherwise accepted as assignee or transferee of Vendor's interest in the Assets or certain of them, including any Title Documents and Assumed Contracts, the following provisions shall apply with respect to the applicable Assets until such novation, recognition or acceptance has occurred:
 - (i) the Purchaser shall use reasonable commercial efforts to obtain, as may be required by the terms of any Assumed Contracts, consents or approvals to the assignment of such Assumed Contracts; provided that to the extent that any Cure Costs are payable with respect to any Assumed Contract, the Purchaser shall be responsible for and shall pay all such Cure Costs, which shall be paid directly to the counterparty as and when required in conjunction with the assignment of the Assumed Contracts, and which Cure Costs shall form part of the Purchase Price for the Assets;
 - (ii) to the extent not obtained prior to the Closing Date, the Purchaser shall continue to use reasonable commercial efforts to obtain the AER's approval of the LTAs and registration of the Licence Transfers;
 - (iii) to the extent permitted by any applicable Assumed Contract:
 - (A) the Purchaser will pay, perform and discharge the duties and obligations accruing after Closing under such Assumed Contract, on behalf of the Vendor, until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser; and
 - (B) the Vendor shall use reasonable commercial efforts to exercise the rights, entitlements, benefits and remedies under such Assumed Contract, on behalf of the Purchaser until such time as the effective transfer or assignment of the relevant Assumed Contract to the Purchaser, or such Assumed Contract expires or otherwise terminates;
 - (iv) the Vendor shall not have any liability as a consequence of the Vendor taking any action or causing anything to be done under this Section 2.5(a), and the Purchaser shall be responsible and liable for, and, as a separate covenant, shall hereby indemnify and save harmless the Vendor and its Representatives against, all costs and expenses reasonably incurred by the Vendor, its Affiliates or their respective Representatives as a consequence of or in connection with this Section 2.5(a); and
 - (v) nothing in this Agreement shall constitute an agreement to assign, and shall not be construed as an assignment of, or an attempt to assign to the Purchaser, any Assumed Contract until such time as the necessary consents or approvals with respect to the assignment are obtained.

- (b) Both before and after Closing, the Purchaser shall use all commercially reasonable efforts to obtain any and all approvals required under Applicable Law and any and all material consents of Third Parties required to permit this Transaction to be completed. The Parties acknowledge that the acquisition of such consents shall not be a condition precedent to Closing. It shall be the sole obligation of the Purchaser, at the Purchaser's sole cost and expense, to provide any and all financial assurances, deposits or security that may be required by Governmental Authorities or any Third Parties under the Assumed Contracts or Applicable Laws to permit the transfer of the Assets, including the Assumed Contracts, to the Purchaser.

2.6 Assumed Liabilities

Following Closing, the Purchaser shall assume, perform, discharge and pay when due all of the Assumed Liabilities. For greater certainty, the Purchaser acknowledges and agrees that the Environmental Liabilities and Abandonment and Reclamation Obligations in respect of the Assets are future costs and obligations associated with the ownership of the Assets that are tied and connected to the ownership of the Assets such that they are inextricably linked and embedded with the Assets.

ARTICLE 3 PURCHASE PRICE

3.1 Purchase Price

The consideration payable by the Purchaser for the Assets shall be the aggregate sum of [REDACTED] (the "**Purchase Price**"). The Purchase Price shall be satisfied in accordance with Section 3.3(b) and shall not be subject to any adjustment (and for greater certainty, Cure Costs shall be satisfied in accordance with Section 2.5(a)(i)). The Purchaser and the Vendor acknowledge and agree that the Purchase Price reflects the fair market value of the Assets as of the Closing Date, having due regard to the Environmental Liabilities connected to and embedded in the Assets that depress the value of the Assets.

3.2 Allocation of Purchase Price

The Purchase Price shall be allocated among the Assets as follows:

- (a) to the Petroleum and Natural Gas Rights, 80%;
- (b) to the Tangibles, 20% less \$10.00; and
- (c) to the Miscellaneous Interests, \$10.00.

3.3 Deposit and Satisfaction of Purchase Price

- (a) The Parties acknowledge that:
 - (i) as of the date hereof, the Purchaser has paid the amount of [REDACTED] equal to twenty percent (20%) of the Purchase Price (the "**Deposit**") to the Monitor;
 - (ii) the Deposit has been delivered to and shall be held in trust by the Monitor; and
 - (iii) the Deposit shall be held and administered by the Monitor in accordance with the terms and conditions of this Agreement (including this Section 3.3).

- (b) At Closing, the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)(i)) shall be paid and satisfied as follows:
- (i) as to the amount of the Deposit, upon the receipt of a written joint direction delivered to the Monitor by the Purchaser and the Vendor, the Monitor shall deliver the amount of the Deposit to the Vendor by electronic wire transfer and such amount shall be applied against the amount of the Purchase Price for the account of the Purchaser; and
 - (ii) as to the balance of the Purchase Price (other than Cure Costs, which are payable in accordance with Section 2.5(a)(i)), along with any additional amounts owing in respect of applicable GST, the Purchaser shall pay to the Vendor such amount by electronic wire transfer.
- (c) If this Agreement is terminated:
- (i) (A) pursuant to Section 13.1(a) by mutual agreement of the Parties; (B) pursuant to Sections 13.1(b) or 13.1(c) by the Purchaser; (C) pursuant to Section 13.1(e) by the Vendor; or (D) for any other reason other than as contemplated under Section 3.3(c)(ii); then the Deposit shall be returned to the Purchaser; or
 - (ii) pursuant to Section 13.1(d) by the Vendor, the full amount of the Deposit shall be forfeited to the Vendor,

and, subject to Section 13.2, each Party shall be released from all obligations and liabilities under or in connection with this Agreement. In the event of termination of this Agreement under Section 3.3(c)(ii) pursuant to which the Vendor shall be entitled to retain the Deposit, the Parties agree that the amount of the Deposit, constitutes a genuine pre-estimate of liquidated damages representing the Vendor's Losses and Liabilities as a result of Closing not occurring and agree that the Vendor shall not be entitled to recover from the Purchaser any amounts that are in excess of the Deposit as a result of Closing not occurring. The Purchaser hereby waives any claim or defence that the amount of the Deposit is a penalty or is otherwise not a genuine pre-estimate of the Vendor's damages.

ARTICLE 4 TRANSFER TAXES

4.1 Transfer Taxes

The Parties agree that:

- (a) the Purchase Price does not include Transfer Taxes and the Purchaser shall be liable for and shall pay, and be solely responsible for, any and all Transfer Taxes pertaining to the Purchaser's acquisition of the Assets; and
- (b) the Purchaser shall indemnify the Vendor and its Affiliates for, from and against any Transfer Taxes (including any interest or penalties imposed by a Governmental Authority) that any of them are required to pay or for which any of them may become liable as a result of any failure by the Purchaser to self-assess, pay or remit such Transfer Taxes, other than as a result of a failure by the Vendor or its Affiliates to timely remit any amounts on account of Transfer Taxes paid by the Purchaser hereunder.

- (b) The representations and warranties of the Vendor made herein or pursuant hereto are made for the exclusive benefit of the Purchaser, and the representations and warranties of the Purchaser made herein or pursuant hereto are made for the exclusive benefit of the Vendor, as the case may be, and are not transferable and may not be made the subject of any right of subrogation in favour of any other Person.
- (c) The Parties expressly acknowledge and agree that the provisions of this Section 5.3 and the limit on each Party's liability set out in this Section 5.3 are intended by the Parties as a limitation of liability that represents a fair and equitable allocation of the risks and liabilities that each Party has agreed to assume in connection with the subject matter hereof and is not an agreement within the provision of subsection 7(2) of the *Limitations Act* (Alberta).

ARTICLE 6 "AS IS, WHERE IS" AND NO ADDITIONAL REPRESENTATIONS AND WARRANTIES

6.1 Due Diligence Acknowledgement

The Purchaser acknowledges and agrees that:

- (a) it was solely responsible to perform any inspections it deemed pertinent to the purchase of the Assets and to be satisfied as to the condition of the Assets prior to entering into this Agreement with the Vendor;
- (b) notwithstanding the fact that it was permitted to review any diligence materials and disclosures provided by the Vendor, including the Due Diligence Information, the Vendor assumes no liability for errors or omissions in such diligence materials and disclosure or any other property listings or advertising, promotional or publicity statements and materials, and makes no representations or warranties in respect thereof;

The Purchaser acknowledges and agrees that, except as expressly set forth in this Agreement, the Vendor, its Affiliates and their respective Representatives have not made, do not make and specifically negate and disclaim any representation, warranty, promise, covenant, agreement or guaranty of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning or with respect to the Assets. For greater certainty, but without limitation, except as expressly set forth in this Agreement, none of the Vendor, its Affiliates

or their respective Representatives make any condition, representation or warranty whatsoever, express or implied, with respect to:

- (i) the title and interest of the Vendor in and to the Assets;

- (c) Except for its express rights under this Agreement, the Purchaser hereby waives all rights and remedies (whether now existing or hereinafter arising and including all common law, tort, contractual and statutory rights and remedies) against the Vendor, its Affiliates and their respective Representatives in respect of the Assets and any representations or statements made or information or data furnished to the Purchaser or its Representatives in connection herewith (whether made or furnished orally or by electronic, faxed, written or other means). Such waiver is absolute, unlimited, and includes, but is not limited to, waiver of express warranties, implied warranties, any warranties contained in the *Sale of Goods Act* (Alberta), the *Sale of Goods Act* (British Columbia) (or similar applicable statutes, all as may be amended, repealed or replaced), warranties of fitness for a particular use, warranties of merchantability, warranties of occupancy, strict liability and claims of every kind and type, including claims regarding defects, whether or not discoverable or latent, product liability claims, or similar claims, and all other claims that may be later created or conceived in strict liability or as strict liability type claims and rights.

ARTICLE 7 RISK AND COSTS AND INSURANCE

7.1 Risk and Costs

Except as otherwise provided for in this Agreement, the Assets will be at the sole risk and responsibility of the Vendor until the Closing Date, and thereafter at the sole risk and responsibility of the Purchaser.

7.2 Insurance

Any property, liability and other insurance maintained by the Vendor in relation to the Assets, to the extent applicable, shall not be transferred at Closing, but shall remain the responsibility of the Vendor until the Closing Date. The Purchaser shall be responsible for placing its own property, liability and other insurance coverage with respect to the Assets in respect of the period from and after 12:01 a.m. on the Closing Date.

ARTICLE 8 INDEMNIFICATION

8.1 Indemnification Given by Purchaser

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates and/or their respective Representatives related to or in connection with the Assets and the Assumed Liabilities,

including: (i) all Losses and Liabilities attributable to the ownership, operation, use, construction or maintenance of the Assets during the period following the Closing Date; (ii) all Losses and Liabilities arising or accruing on or after the Closing Date under any Assumed Contract, including any and all Cure Costs; and (iii) any other Losses and Liabilities for which the Purchaser has otherwise agreed to indemnify the Vendor pursuant to this Agreement, including pursuant to Section 9.2. The Purchaser's indemnity obligations set forth in this Section 8.1 shall survive the Closing Date indefinitely pursuant to Section 14.3.

8.2 Third Party Claims

- (a) If any of the Vendor, its Affiliates or any of their respective Representatives receives written notice of the commencement or assertion of any Third Party Claim for which the Purchaser is liable pursuant to this Agreement (or has otherwise agreed to indemnify the Vendor, its Affiliates or their respective Representatives against), the Vendor shall give the Purchaser reasonably prompt notice thereof, but in any event no later than ten (10) days after receipt of such notice of such Third Party Claim. Such notice to the Purchaser shall describe the Third Party Claim in reasonable detail and shall indicate, if reasonably practicable, the estimated amount (or the method of computation of the amount) of the Losses and Liabilities that has been or may be sustained by the Vendor, its Affiliates or their respective Representatives, respectively, and a reference to the provisions of this Agreement, or other applicable document, upon which such claim is based.
- (b) The Purchaser may assume the carriage and control of the defence of any Third Party Claim by giving notice to that effect to the Vendor, not later than ten (10) days after receiving notice of that Third Party Claim (the "**Notice Period**") so long as: (i) the Purchaser first acknowledges to the Vendor, in writing, liability to the Vendor, its Affiliates and/or their respective Representatives, under this Agreement with respect to such Third Party Claim and that the outcome of such Third Party Claim does not alter or diminish the Purchaser's obligation to indemnify the Vendor, its Affiliates and/or their respective Representatives, pursuant to this Agreement, subject to the Purchaser's right to contest in good faith the Third Party Claim; (ii) the Purchaser has the financial resources to defend against the Third Party Claim and fulfill any indemnification obligations and has provided the Vendor, its Affiliates and/or their respective Representatives, with evidence thereof; (iii) the Third Party Claim involves monetary damages; and (iv) the Purchaser thereafter pursues the defence or settlement of the Third Party Claim actively and diligently. The Purchaser's right to do so shall be subject to the rights of any insurer or other third party who has potential liability in respect of that Third Party Claim. The Purchaser shall pay all of its own expenses of participating in or assuming such defence. In the event that the Purchaser elects to assume the carriage and control of the defence of a Third Party Claim pursuant to this Section 8.2(b), then the Vendor shall, or shall cause its Affiliates and/or their respective Representatives to, cooperate in good faith in the defence of each Third Party Claim and may participate in such defence assisted by counsel of its own choice at its own expense.
- (c) If the Vendor has not received notice within the Notice Period that the Purchaser has elected to assume the carriage and control of the defence of such Third Party Claim in accordance with Section 8.2(b), or if the Purchaser has given such notice but thereafter fails or is unable to pursue the defence or settlement of such Third Party Claim actively and diligently, the Vendor, its Affiliates and/or their respective Representatives, may, at their option, elect to settle or compromise the Third Party Claim on terms of its choosing, or assume such defence assisted by counsel of its own choosing, and the Purchaser shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and

any Losses and Liabilities suffered or incurred by the Vendor, its Affiliates and/or their Representatives with respect to such Third Party Claim.

8.3 Failure to Give Timely Notice

Notwithstanding that time is of the essence, a failure to give timely notice as provided in this Article 8 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, any Party which was entitled to receive such notice was deprived of its right to recover any payment under any applicable insurance coverage or was otherwise prejudiced as a result of such failure.

8.4 No Merger

There shall not be any merger of any liability or indemnity hereunder in any assignment, conveyance, transfer or document delivered pursuant hereto notwithstanding any rule of law, equity or statute to the contrary and all such rules are hereby waived.

8.5 Third Party Beneficiary

The Vendor's Representatives and the Vendor's Affiliates, and all of their respective Representatives are intended third party beneficiaries of this Article 8 and shall have the right, power and authority to enforce the provisions hereof as though they were each a party hereto. The Purchaser further agrees to execute such agreements as may be reasonably requested by such Persons in connection with these provisions that are consistent with this Article 8 or that are reasonably necessary to give further effect thereto.

ARTICLE 9 ENVIRONMENTAL MATTERS

9.1 Acknowledgements Regarding Environmental Condition

The Purchaser acknowledges that, insofar as the environmental condition of the Assets is concerned, it will acquire the Assets pursuant hereto on an "as is, where is" basis. The Purchaser acknowledges that it is familiar with the condition of the Assets, including the past and present use of the Lands and the Tangibles, that the Vendor has provided the Purchaser with a reasonable opportunity to inspect the Assets at the sole cost, risk and expense of the Purchaser (insofar as the Vendor could reasonably provide such access) and that the Purchaser is not relying upon any representation or warranty of the Vendor, its Affiliates or any of their respective Representatives as to the environmental condition of the Assets, or any Environmental Liabilities or Abandonment and Reclamation Obligations in respect thereof.

9.2 Assumption of Environmental Liabilities

If Closing occurs, the Purchaser shall:

- (a) be liable to the Vendor, its Affiliates and their respective Representatives for; and
- (b) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives from and against;

all Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any matter or thing arising out of, attributable to or connected with any Environmental Liabilities or any Abandonment and Reclamation Obligations. Once Closing has occurred,

the Purchaser shall be solely responsible for all Environmental Liabilities and all Abandonment and Reclamation Obligations as between the Vendor (on one hand) and the Purchaser (on the other hand) including whether occurring or accruing prior to, on or after the Closing Date, and hereby releases the Vendor, its Affiliates and their respective Representatives from any claims the Purchaser may have against the Vendor with respect to all such Environmental Liabilities and Abandonment and Reclamation Obligations. Without restricting the generality of the foregoing, the Purchaser shall be responsible for all Environmental Liabilities and Abandonment and Reclamation Obligations (including whether occurring or accruing prior to, on or after the Closing Date) in respect of all Wells and Tangibles.

ARTICLE 10 COVENANTS

10.1 Conduct of Business Until Closing

- (a) Until the Closing Date, the Vendor shall provide the Purchaser with all access to the Assets as reasonably required by the Purchaser in order to allow for and assist the Purchaser with an orderly passing of the Assets to the Purchaser following Closing in accordance herewith.
- (b) The access to the Assets to be afforded to the Purchaser and its Representatives pursuant to this Section 10.1 will be subject to the Assumed Contracts and all of the Vendor's site entry protocols, health, safety and environmental rules, policies and procedures. Further, the Purchaser acknowledges and agrees that it shall:
 - (i) be solely liable and responsible for any and all Losses and Liabilities which the Vendor, its Affiliates or their respective Representatives may suffer, sustain, pay or incur; and
 - (ii) as a separate covenant, indemnify and save harmless the Vendor, its Affiliates and their respective Representatives harmless from any and all Claims or Losses and Liabilities whatsoever which may be brought against, suffered by or incurred by the Vendor, its Affiliates or their respective Representatives;

arising out of, resulting from, attributable to or in any way connected with any access provided to the Purchaser or its Representatives pursuant to this Section 10.1.

10.2 ROFRs

- (a) The Purchaser acknowledges that it shall be responsible for conducting such separate investigation of the Assets as the Purchaser has determined is appropriate with respect to the identification of ROFRs applicable to the Assets as soon as is reasonably practicable after the date hereof. The Purchaser shall indemnify Losses and Liabilities suffered, sustained, paid or incurred by the Vendor, its Affiliates or their respective Representatives as a result of any failure by the Purchaser to identify ROFRs applicable to the Assets or any Third Party Claim relating to the allocation of the value of a ROFR to be determined by the Purchaser in accordance with Section 10.2(b)(i), as applicable.
- (b) If the Purchaser has identified any ROFRs pursuant to Section 10.2(a):
 - (i) promptly following the identification of Assets which are the subject of ROFRs, the Purchaser shall prepare and provide the Vendor with ROFR notices to be issued in respect of such ROFRs, which shall include the Purchaser's bona fide allocation

- of the amount of the Purchase Price attributable to each of such Assets which are subject to a ROFR;
- (ii) the Vendor shall courier ROFR notices to the Third Parties holding such ROFRs promptly following the receipt of the same from the Purchaser; and
 - (iii) to the extent the Purchaser is not copied directly on a response from a Third Party ROFR holder, the Vendor shall notify the Purchaser in writing forthwith upon each Third Party exercising or waiving such a ROFR.
- (c) If any such Third Party elects to exercise such a ROFR, then:
- (i) the definition of Assets shall be deemed to be amended to exclude those Assets in respect of which the ROFR has been exercised;
 - (ii) such Assets shall not be conveyed to the Purchaser;
 - (iii) any proceeds received by the Vendor from a Third Party in respect of the sale and conveyance of any Assets which are subject to a ROFR shall be deemed to not constitute Assets for the purposes of this Agreement; and
 - (iv) the Purchase Price shall not be subject to any reduction in the event of the exercise of any such ROFR by a Third Party.
- (d) In the event that a Third Party exercises a ROFR and is then unable or unwilling to enter into a conveyance agreement with the Vendor for the relevant Assets, the Purchaser agrees to accept a conveyance of such Assets under the same terms and conditions as this Agreement to whatever extent possible.
- (e) Closing shall not be delayed even though certain of the ROFRs are outstanding and capable of exercise by the holders thereof as of the Closing Date (such ROFRs being referred to as "**Outstanding ROFRs**"). In such case, the following procedures shall apply:
- (i) the Parties shall proceed with Closing (for greater certainty without any reduction in the Purchase Price for the Outstanding ROFRs, and without variation of any other terms or conditions of this Agreement);

 - (iii) if an Outstanding ROFR is exercised by a Third Party, the Vendor will promptly notify the Purchaser thereof in writing, the Specific Conveyances and other closing documentation related to such Outstanding ROFR Assets will be of no force or effect and shall be destroyed by the Purchaser, and the provisions of Section 10.2(c) shall apply to the Assets which are the subject of the Outstanding ROFR being exercised by the Third Party, *mutatis mutandis*; and
 - (iv) if after Closing an Outstanding ROFR is extinguished by lapse of time, waiver or otherwise (other than as a result of being exercised), the Vendor will promptly notify the Purchaser thereof in writing and promptly deliver copies of the Specific

Conveyances and closing documentation previously prepared to the Purchaser, and such documentation shall be effective and the sale of such Outstanding ROFR Assets to Purchaser pursuant hereto shall be deemed to have closed on the Closing Date.

10.3 Document Review

Prior to Closing, the Vendor shall provide Purchaser with reasonable access to the Title Documents and other Miscellaneous Interests in the possession or under the control of Vendor for the purpose of verifying the continued validity and effect of the Title Documents, the identification of Assets the subject of ROFRs, the preparation of Specific Conveyances and other matters related to this Agreement and the Transaction.

In addition, each of the Parties agrees not to take any action that could reasonably be expected to preclude, delay or have an adverse effect on the Transaction or would render, or may reasonably be expected to render, any representation or warranty made by it in this Agreement untrue in any material respect.

11.5 Monitor's Certificate

Notwithstanding any termination of this Agreement as permitted under Section 13.1, or as otherwise provided for in this Agreement, the provisions of Sections 3.3 (Deposit), 14.1 (Public Announcements), 14.4 (Governing Law), 14.5 (Consequential Damages), 14.11 (Costs and Expenses) and 14.15 (Third Party Beneficiaries) shall remain in full force and effect following any such permitted termination, and the Deposit shall be governed by Section 3.3.

ARTICLE 14 GENERAL

14.1 Public Announcements

- (a) Subject to Section 14.1(b), if a Party intends to issue a press release or other public disclosure of this Agreement, the terms hereof or the Transaction, the disclosing Party shall provide the other Parties with an advance copy of any such press release or public disclosure with sufficient time to enable the other Parties to review such press release or other public disclosure and provide any comments. The disclosing Party shall not issue such press release or other public disclosure without the prior written consent of the other Parties, such consent not to be unreasonably withheld.
- (b) Notwithstanding Section 14.1(a): (i) this Agreement may be filed by the Vendor with the Court; and (ii) the Transaction may be disclosed by the Vendor to the Court, subject to redacting confidential or sensitive information as permitted by Applicable Law. The Parties further agree that:
 - (i) the Vendor may prepare and file reports and other documents with the Court containing references to the Transaction and the terms of the Transaction;
 - (ii) the Vendor may forward a copy of this Agreement and all related documentation to the Orphan Well Association and its Representatives, agents, legal counsel and financial advisors, and may further advise such Persons of the existence and nature of any discussions and negotiations in relation thereto or in relation to the Transaction; provided that the Orphan Well Association and its Representatives agree in advance to be bound by any confidentiality undertakings or similar confidentiality requirements reasonably requested by the Vendor; and
 - (iii) the Vendor and its professional advisors may prepare and file such reports and other documents with the Court containing references to the Transaction contemplated by this Agreement and the terms of such Transaction as may reasonably be necessary to obtain the Court Approval and to complete the Transaction contemplated by this Agreement or to comply with their obligations to the Court.

14.2 Dissolution of Vendor

The Purchaser acknowledges and agrees that nothing in this Agreement shall operate to prohibit or diminish in any way the right of the Vendor or any of its Affiliates to cause the dissolution or wind-up of any of the Vendor subsequent to the Closing Date, or otherwise cause or allow the Vendor to cease operations in any manner or at any time subsequent to the Closing Date as the Vendor may determine in its

sole discretion, which may be exercised without regard to the impact any such action may have on the Vendor's ability to fulfil its obligations under this Agreement that survive Closing.

14.3 Survival

Upon Closing, the obligations, covenants, representations and warranties of the Parties set out in this Agreement shall expire, be terminated and extinguished and of no further force or effect, provided that notwithstanding the Closing contemplated hereunder or the delivery of documents pursuant to this Agreement, the obligations and covenants of the Parties set out in Section 2.3 (Licence Transfers), Section 2.4 (Specific Conveyances), Section 2.5 (Post-Closing Maintenance of Assets), Section 5.3 (Enforcement of Representations and Warranties), Section 10.2 (ROFRs) and Article 4 (Transfer Taxes), Article 6 ("As Is, Where Is" and No Additional Representations and Warranties), Article 8 (Indemnification), Article 9 (Environmental Matters) and Article 14 (General), shall survive Closing, shall remain in full force and effect, shall not merge as a result of Closing and shall be binding on the Parties indefinitely thereafter except as expressly stated to the contrary therein or otherwise in accordance with Applicable Laws.

14.4 Governing Law

- (a) This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta, and the federal laws of Canada applicable therein (excluding any conflict of law rule or principle of such laws that might refer such interpretation or enforcement to the laws of another jurisdiction). The Parties consent to the jurisdiction and venue of the courts of Alberta for the resolution of any such dispute arising under this Agreement.
- (b) Notwithstanding Section 14.4(a), any and all documents or orders that may be filed, made or entered in the CCAA Proceedings, and the rights and obligations of the Parties thereunder, including all matters of construction, validity and performance thereunder, shall in all respects be governed by, and interpreted, construed and determined in accordance with the laws of the Province of Alberta. The Parties consent to the jurisdiction and venue of the Court, as applicable, for the resolution of any such disputes, regardless of whether such disputes arose under this Agreement. Each Party agrees that service of process on such Party as provided in Section 14.13 shall be deemed effective service of process on such Party.

14.5 Consequential Damages

Under no circumstance shall any of the Parties, their Representatives or their respective directors, officers, employees or agents be liable for any punitive, exemplary, consequential or indirect damages (including for greater certainty, any loss of profits) (collectively, "**Consequential Damages**") that may be alleged to result, in connection with, arise out of, or relate to this Agreement or the Transaction, other than Consequential Damages for which the Purchaser is liable as a result of a Third Party Claim (which liability shall be subject to and recoverable under Article 8 (Indemnification)). For greater certainty, the Parties agree that none of the Parties, their respective Affiliates or their respective Representatives shall be liable for any lost profits whatsoever, whether such lost profits are considered to be direct, consequential or indirect losses, and regardless of whether such lost profits were foreseeable by the Parties at any time or whether such lost profits were the direct and natural result of a Party's breach of its obligations under this Agreement.

14.6 Further Assurances

Each of the Parties from and after the date hereof shall, from time to time, and at the request and expense of the Party requesting the same, do all such further acts and things and execute and deliver such further instruments, documents, matters, papers and assurances as may be reasonably requested to complete the Transaction and for more effectually carrying out the true intent and meaning of this Agreement.

14.7 Assignment

The Purchaser shall not, without the Vendor's prior written consent, assign any right or interest in this Agreement, which consent may be withheld in the Vendor's sole and absolute discretion, except that the Purchaser shall have the right to assign any or all of its rights, interests or obligations hereunder to one or more Affiliates of the Purchaser, provided that: (a) such Affiliate agrees to be bound by the terms of this Agreement; (b) the Purchaser shall remain liable hereunder for any breach of the terms of this Agreement by such Affiliate; (c) such assignment shall not release the Purchaser from any obligation or liability hereunder in favour of the Vendor; and (d) the Purchaser shall acknowledge and confirm its continuing obligations in favour of the Vendor in an assignment and assumption agreement in form and substance satisfactory to the Vendor.

14.8 Waiver

No failure on the part of any Party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any right or remedy in law or in equity or by statute or otherwise conferred. No waiver by any Party of any breach (whether actual or anticipated) of any of the terms, conditions, representations or warranties contained herein shall take effect or be binding upon that Party unless the waiver is expressed in writing under the authority of that Party. Any waiver so given shall extend only to the particular breach so waived and shall not limit or affect any rights with respect to any other or future breach.

14.9 Amendment

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party.

14.10 Time of the Essence

Time is of the essence in this Agreement.

14.11 Costs and Expenses

Unless otherwise provided for in this Agreement, each Party shall be responsible for all costs and expenses (including the fees and disbursements of legal counsel, bankers, investment bankers, accountants, brokers and other advisors) incurred by it in connection with this Agreement and the Transaction. Notwithstanding any other provision of this Agreement, the Purchaser shall pay the cost of all surveys, title insurance policies and title reports ordered by the Purchaser.

14.12 Entire Agreement

This Agreement and the Confidentiality Agreement (the terms and conditions of which are incorporated by reference into this Agreement, and binding upon the Parties, as if such agreement were signed directly by the Parties) constitute the entire agreement between the Parties with respect to the subject matter hereof and cancel and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, between the Parties with respect to the subject matter hereof. There are no conditions, covenants, agreements, representations, warranties or other provisions, whether oral or written, express or implied, collateral, statutory or otherwise, relating to the subject matter hereof other than those contained in this Agreement or in the Confidentiality Agreement.

Unless otherwise ordered (whether before or after the date of this Order), no distributions shall be made to creditors of net proceeds from sale of the Purchased Assets without further order of this Court. title, estate, interest, royalty, rental, equity of redemption or other Claim whatsoever in respect of or to the Purchased Assets, and to the extent that any such persons or entities remain in the possession or control of any of the Purchased Assets, or any artifacts, certificates, instruments or other indicia of title representing or evidencing any right, title, estate, or interest in and to the Purchased Assets, they shall forthwith deliver possession thereof to the Purchaser (or its nominee).

11. The Purchaser (or its nominee) shall be entitled to enter into and upon, hold and enjoy the Purchased Assets for its own use and benefit without any interference of or by the AlphaBow, or any person claiming by, through or against the AlphaBow.

Delivery by facsimile or by electronic transmission in portable document format (PDF) of an executed counterpart of this Agreement is as effective as delivery of an originally executed counterpart of this Agreement.

10. Amendments

This Agreement shall not be varied in its terms or amended by oral agreement or by representations or otherwise other than by an instrument in writing dated subsequent to the date hereof, executed by a duly authorized representative of each Party. [Second Amended Statement of Claim filed May 10, 2022.PDF](#)

Hello Andrew,

There is another point further to this that I wanted to draw your attention to. I have also copied company's counsel on this email.

As I believe everyone is aware, the assets with respect to which CNRL is concerned are those which were transferred/assigned by Pengrowth Energy Corporation (now Strathcona Resources Ltd. through name changes) to Sequoia Operating Corp. (now AlphaBow Energy Ltd. by name change). CNRL did not consent to those transfers/assignments, and in fact withheld its consent. Accordingly, it is CNRL's view that AlphaBow has no interest in those assets/agreements, and that these interests are still held by Pengrowth/Strathcona. AlphaBow therefore has no interest able to be conveyed. This issue is the subject of a claim in Action No. 1901-15627. The Second Amended Statement of Claim in this Action is attached. The Agreements/Interests at issue (and which we say are not vested in AlphaBow) are those listed in the schedules to this Second Amended Statement of Claim.

As a result, CNRL is of the view that AlphaBow does not have any interest in any of those assets, and accordingly is unable to convey them to a purchaser. It is also our view that title defects in AlphaBow's name cannot be cured by a Vesting Order, as AlphaBow is only able to convey interests which it holds. To the extent that CNRL has withheld consent, those interests never passed to AlphaBow.

As a result, with respect to assets operated by CNRL on which consent to assignment was withheld, CNRL has been invoicing Strathcona Resources. (Although for a brief time CNRL had invoiced AlphaBow directly – and received payment directly from AlphaBow (without prejudice to CNRL's position) – pursuant to an Ongoing Business and Standstill Agreement, which was subsequently terminated. Since this termination, CNRL has been invoicing Strathcona directly in respect of CNRL operated properties (on which consent was withheld).)

Whether or not CNRL would be prepared consent to the conveyance of these “consent withheld” interests to a purchaser depends on a number of factors, including the creditworthiness of the presumed purchaser. Until the identify of the purchaser is known, CNRL reserves all rights to refuse to provide the required consents, and will object to any purported transfer of these interests by AlphaBow to a purported purchaser to which CNRL has not consented. In the meantime, we wanted to be sure that there was no misunderstanding on the part of the company or the Monitor that it is CNRL's position that on these “consent withheld” assets AlphaBow has no interest capable of being conveyed, and whether a conveyance of any such purported interests will be permitted is an issue which will require CNRL's consent.

Please let me know if you have any questions.

Subject: RE: CNRL/Alphabow

Hello Andrew,

I have discussed this with my client, and we are a bit confused on a couple of points.

First – we don't really understand why this inquiry is being made of CNRL rather than just getting this information from AlphaBow's records. AlphaBow should (and must) have this same information. While CNRL is prepared to be helpful in this, the reality is that there are over 300 cost centres, and pulling this information together will involve a fair amount of work (read: cost) on CNRL's part. CNRL is happy to assist, but is confused as to why this same information can't just be pulled from AlphaBow's records. Are you able to advise?

Second – are you asking for all 300+ lands/wells, or is the prospective purchaser only interested in certain ones.

Are you able to provide any guidance on the foregoing?

Thx.

Hi Randal – hope all is well! On the Alphabow matter, we have a prospective purchaser asking for a breakdown of the amounts owed by Alphabow to CNRL by lands/wells. Can you go back to your client and request this information?

Thanks.

The Agreements

The Land Agreements

6. The Plaintiffs, or any one of them, and Pengrowth are parties or successors in interest to 183 land agreements pursuant to which they, among others, own interests in varying percentages in numerous oil and gas well sites located in Alberta. A list of all land agreements between the Plaintiffs and Pengrowth, including the applicable agreement names, numbers, and effective dates are listed at Schedule “A” to this Statement of Claim (the “**Land Agreements**”).
7. The Land Agreements document the terms of ownership of the jointly owned oil and gas well sites, the allocation of capital, operating, surface rental costs, and mineral land rental costs between the joint interest owners, the invoicing and payment requirements of the joint interest owners, the approval process for the incursion of capital expenses by the Operator for the joint operation, and the defined timing for payment by the joint interest owners of all joint interest billings issued by the Operator. The majority of the Land Agreements incorporate either the 1971, 1974, 1981 or 1990 CAPL Operating Agreements.

8. The Plaintiffs, or any one of them, are the Operator of 77 of the Land Agreements. Currently, there are outstanding amounts owing by Pengrowth to the Plaintiffs under 13 of the 77 Land Agreements, as identified in column E of Schedule “A” to this Statement of Claim.

Facility Agreements

9. The Plaintiffs, or any one of them, and Pengrowth are also parties or successors in interest to 19 facility agreements pursuant to which they, among others, own working interests of varying percentages in certain facilities located in Alberta. A list of all facility agreements between the Plaintiffs and Pengrowth, including the applicable agreement names, numbers, and effective dates, are listed at Schedule “B” to this Statement of Claim (the “**Facility Agreements**”).
10. The Facility Agreements provide terms for the operation of the assets, and document the terms of ownership, the allocation of capital and operating costs amongst the owners, including the timing for payment of same, and the approval process for the incursion of capital expenses by the Operator.
11. CNR is the Operator of 9 of the Facility Agreements. While there are no outstanding amounts currently owing by Pengrowth to the Plaintiffs under the Facility Agreements, such amounts will accrue each month, which sums will be proved at the trial of this action.

Service Agreements

12. The Plaintiffs, or any one of them, and Pengrowth are also parties or successors in interest to 20 service agreements pursuant to which the Plaintiffs provides a variety of services to Pengrowth including, among others things, contract well operating services, gas gathering and handling services, effluent processing services, and water disposal services. A list of all service agreements between the Plaintiffs and Pengrowth, including the applicable agreement names, numbers, and effective dates, are listed at Schedule “C” to this Statement of Claim (the “**Service Agreements**”).

13. Currently, there are outstanding amounts owing by Pengrowth to the Plaintiffs, or any one of them, under 4 of the Service Agreements, as identified in column E of Schedule “C” to this Statement of Claim.

Unit Agreement

14. CNR and CNRNAP, or either one of them, and Pengrowth are also parties or successors in interest to 5 unit agreements pursuant to which they, among others, own interests in varying percentages in various units in Alberta. A list of all unit agreements between CNR, CNRNAP, and Pengrowth, including the applicable agreement names, numbers, and effective dates, are listed at Schedule “D” to this Statement of Claim (the “**Unit Agreements**”).
15. The Unit Agreements provide for the development, production and operation of various royalty and working interests in the unitized zone, and dictates the participation percentage of each owner in the unit and the allocation of capital and operating costs between the various owners, including the timing for payment of same.
16. CNR is Unit Operator of 1 of the Unit Agreements. While there are no outstanding amounts currently owing by Pengrowth to the Plaintiffs under the Unit Agreements, such amounts will accrue each month, which sums will be proved at the trial of this action.

Freehold P&NG Leases

17. The Plaintiffs, or any one of them, are lessor under various freehold Petroleum & Natural Gas Leases pursuant to which they leased rights to Pengrowth to explore for and develop petroleum and natural gas in mineral rights owned by the Plaintiffs, subject to the terms of the applicable Freehold P&NG Lease (as defined below), including the payment of all required annual rentals and royalties on oil and gas production therefrom. A list of all Freehold P&NG Leases between the Plaintiffs, or any one of them, and Pengrowth, are listed at Schedule “E” to this Statement of Claim (the “**Freehold P&NG Leases**”).
18. While there are no outstanding amounts currently owing by Pengrowth to the Plaintiffs under the Freehold P&NG Leases, such amounts will accrue annually (with respect to rentals) and each month (with respect to royalties) to the extent oil and/or gas production

is produced from the mineral rights granted under the Freehold P&NG Leases, which sums will be proved at the trial of this action.

Pengrowth's Purported Assignment of Various Agreements to AlphaBow

19. It is a term of the Land Agreements, Facility Agreements, Service Agreements, Freehold P&NG Leases, and Unit Agreements, express or implied, that any assignment by a party of all or a portion of its interest thereunder required the consent of all other parties to the relevant agreement prior to such transfer or assignment taking effect.
20. In or about October, November and December 2017; January, February, May and November, 2018; and September 2019, Pengrowth advised the Plaintiffs by letter that:
 - (a) pursuant to a Sale Agreement, dated October 18, 2017, Pengrowth had assigned its entire interest in the Land Agreements, Facility Agreements, Service Agreements, Freehold P&NG Leases and Unit Agreements to AlphaBow (the “**Purported Assigned Interests**”); and
 - (b) Pengrowth requested the consent of CNRNAP, CNR and/or CNRL, as applicable, to the assignment in accordance with the terms of the relevant Land Agreement, Facility Agreement, Service Agreement, Freehold P&NG Lease or Unit Agreement (collectively, the “**Assignment Letters**”).
21. Each of the Assignment Letters enclosed a Notice of Assignment or an Assignment Agreement between Pengrowth and AlphaBow.
22. The Plaintiffs did not consent to Pengrowth's purported assignment of the Purported Assigned Interests to AlphaBow.
23. By letters dated throughout November and December, 2017; January, February, May and December, 2018; and September 2019, the Plaintiffs advised Pengrowth in relation to the Assignment Letters received for the Land Agreements, Facility Agreements, Freehold P&NG Leases and Unit Agreements that, *inter alia*:
 - (a) they were in receipt of the Assignment Letters;

- (b) the Plaintiffs had concerns relating to AlphaBow's ability to meet future financial obligations that may arise with respect to the Purported Assigned Interests and, as a result, were withholding their requested consent to Pengrowth's assignment of the Purported Assigned Interests and related appointment and replacement of Operator thereunder;
- (c) the Plaintiffs may be prepared to grant their consent to the assignment of the Purported Assigned Interests if: (i) Pengrowth or AlphaBow provided them with satisfactory evidence of AlphaBow's ability to meet its prospective financial obligations; or (ii) AlphaBow provided an irrevocable standby letter of credit in an amount equal to the expected abandonment and reclamation obligations applicable to Pengrowth's share of the Purported Assigned Interests;
- (d) until such time as such evidence was provided and CNR, CNRNAP, or CNRL, as applicable, granted its written consent, the Plaintiffs would: (i) continue to look to Pengrowth to meet all liabilities and obligations relating to the Purported Assigned Interests; (ii) not recognize AlphaBow as being entitled to any rights under the Land Agreements, Facility Agreements, [Freehold P&NG Leases](#) and/or Unit Agreements, including the right to take any share of the petroleum substances in kind; and (iii) assume and treat any payments made under the Land Agreements, Facility Agreements, [Freehold P&NG Leases](#) and/or Unit Agreements as having been made for and on behalf of Pengrowth by AlphaBow as Pengrowth's authorized agent;
- (e) should Pengrowth proceed with the assignment of the Purported Assigned Interests to AlphaBow, Pengrowth would be in breach of the Land Agreements, Facility Agreements, [Freehold P&NG Leases](#) and/or Unit Agreement and would be fully liable to the Plaintiffs for such breaches; and
- (f) CNR, CNRNAP, or CNRL as applicable, was prepared to work with Pengrowth and AlphaBow with a view to resolving its outstanding concerns regarding the financial status of AlphaBow.

24. The Plaintiffs did not respond to the Assignment Letters relating to the Service Agreements because, among other things, the services provided under the Service Agreements related entirely to the Purported Assigned Interests under the Land Agreements. As the Plaintiffs withheld their consent to the assignment of the Purported Assigned Interests under the Land Agreements, there was nothing which Pengrowth could assign, or purport to assign, in relation to the Service Agreements.
25. At no time did AlphaBow or Pengrowth provide the Plaintiffs with satisfactory evidence of AlphaBow's ability to meet its prospective financial obligations, nor did they work with CNR, CNRNAP, or CNRL, as applicable, to resolve its outstanding concerns regarding the financial status of AlphaBow. Instead, Pengrowth proceeded with the proposed assignment of the Purported Assigned Interests in the face of the Plaintiffs' withheld consent.
26. The Plaintiffs did not consent to Pengrowth's assignment of the Purported Assigned Interests to AlphaBow. Pengrowth's purported transfer and assignment of the Purported Assigned Interests to AlphaBow constitutes a breach of the Land Agreements, Facility Agreements, Service Agreements, [Freehold P&NG Leases](#) and Unit Agreements and is not legally effective or binding on CNR, CNRNAP or CNRL, as applicable. At all material times, Pengrowth has been, and continues to be, the legal and beneficial owner of the Purported Assigned Interests and liable to the Plaintiffs, or any one of them, for all costs and expenses payable under the applicable Land Agreements, Facility Agreements, Service Agreements, [Freehold P&NG Leases](#) and Unit Agreements.
27. ^

Pengrowth or, in the alternative, AlphaBow ^ is Liable to the Plaintiffs

Breaches of the Land Agreements, Facility Agreement, Service Agreements, [Freehold P&NG Leases](#) and Unit Agreements

28. It was a term of the Land Agreements, Facility Agreements, Service Agreements, [Freehold P&NG Leases](#) and Unit Agreements governing the Purported Assigned Interests that Pengrowth would pay all amounts due and owing thereunder, if and when such amounts became due.

29. While Pengrowth has continued to pay substantially all of the amounts due and owing to the Plaintiffs pursuant to the applicable Land Agreements, Facility Agreements, Service Agreements and Unit Agreements, or with respect to the Freehold P&NG Leases, Alphabow has continued to pay all of the rentals and royalties accrued thereunder on behalf of, and to the credit of, Pengrowth, since the effective date of the assignment of the Purported Assigned Interests, by letter dated October 21, 2019 (the “**October Letter**”), Pengrowth notified the Plaintiffs that, among other things:
- (a) Pengrowth rejected the position of the Plaintiffs and their withholding of consent to the assignment of the Purported Assigned Interests to AlphaBow and asserted that the assignment to AlphaBow was valid and effective; and
 - (b) effective immediately, any and all queries, matters, demands, concerns, or other communications related to the Purported Assigned Assets should be directed to AlphaBow.
30. As at August 31, 2019, Pengrowth is indebted to the Plaintiffs in the amount of \$6,683.38 (the “**Outstanding Costs**”). The Plaintiffs have further issued Invoice Nos. 683873 and 684687 (the “**September Invoices**”) to Pengrowth in the amount of \$256,031.29 and \$21,369.08, respectively, relating to costs payable by Pengrowth under the Land Agreements, Facility Agreements, Service Agreements and Unit Agreements for September 2019. In accordance with the position taken by Pengrowth in the October Letter, Pengrowth has contested a portion of the September Invoices on the basis that AlphaBow is the proper contractual counterparty. Amounts owing will continue to accrue each month, including with respect to the Freehold P&NG Leases, which sums will be proved at the trial of this action.
31. In breach of the Land Agreements, Facility Agreements, Service Agreements, Freehold P&NG Leases and Unit Agreements, and despite repeated demands from CNR, CNRNAP or CNRL, as applicable, Pengrowth has failed or refused to pay the Outstanding Costs to the Plaintiffs.
32. In the alternative, if Pengrowth’s assignment of the Land Agreements, Facility Agreements, Service Agreements, Freehold P&NG Leases and Unit Agreements to

AlphaBow was legally effective and binding on the Plaintiffs ^ all Outstanding Costs are due and owing by AlphaBow to the Plaintiffs, or any one of them.

33. The Plaintiffs continue to incur costs associated with the Land Agreements, Facility Agreements, Service Agreements and Unit Agreements, and rentals and royalties continue to accrue under the Freehold P&NG Leases, in an amount as yet unknown but to be proved at the Trial of this Action. Pengrowth or, in the alternative, AlphaBow ^ is responsible for payment of all such future costs pursuant to the terms of the relevant Land Agreements, Facility Agreements, Service Agreements, Freehold P&NG Leases and Unit Agreements.

Unjust Enrichment

34. Pengrowth or, in the alternative, AlphaBow ^ has been unjustly enriched by obtaining: (a) the benefit of joint operation production under the Land Agreements, (b) various gas gathering, compression, transportation and processing services, among other things, pursuant to the Facility Agreements, (c) gas, water and effluent handling services and contract well operating services under the Service Agreements, ^ (d) all benefits under the Unit Agreements; and (e) all production under the Freehold P&NG Leases, but now refuses to accept the corresponding costs.
35. There is no juristic reason for this enrichment and it has caused CNR, CNRNAP or CNRL, as applicable, a corresponding financial deprivation.

Damages

36. As a result of Pengrowth's or, in the alternative, AlphaBow's ^ breaches of the Land Agreements, Facility Agreements, Service Agreements, Freehold P&NG Leases and Unit Agreements, as particularized above, the Plaintiffs have suffered and continue to suffer loss and damages, the particulars of which will be provided at the trial of this action.

Place of Trial

37. The Plaintiffs propose that the trial of this action be held at the Calgary Courts Centre in the City of Calgary, in the Province of Alberta.
38. The trial of this action will take less than 25 days.

Remedies Sought

39. The Plaintiffs seeks an Order:

- (a) granting a declaration that Pengrowth's purported assignment of the Purported Assigned Interests to AlphaBow △ was of no force and effect and Pengrowth remains the legal and beneficial owner of the Purported Assigned Interests and is liable to the Plaintiffs, or any one of them, for all costs and expenses payable under all applicable agreements between them or otherwise at law;
- (b) awarding damages against Pengrowth or, in the alternative, AlphaBow △, in the sum of \$6,683.38, or such further and other amount as may be proved at the trial of this action;
- (c) in the alternative, granting a declaration that Pengrowth or, in the alternative, AlphaBow △ has been unjustly enriched and it holds \$6,683.38, or such other amount as may be proved at the trial of this action, in trust for the Plaintiffs, or either one of them;
- (d) granting pre and post-judgment interest at the contractual rates;
- (e) in the alternative, granting pre and post-judgment interest at such rate or rates as may be ordered by the Court or pursuant to the *Judgment Interest Act*, RSA 2000, c J-1, as amended, and its regulations;
- (f) granting costs, including disbursements and GST; and
- (g) granting such further and other relief as this Honourable Court deems just.

Attention: Keely Cameron

Dear Ms. Cameron:

Re: AlphaBow Energy Ltd. (“AlphaBow”) re: Application for Advice and Directions with respect to potential sale of AlphaBow Assets

We are counsel for Strathcona Resources Ltd. (“**Strathcona**”), formerly Pengrowth Energy Corporation, with respect to Action No. 1901-15627 (the “**Action**”).

Pursuant to the Statement of Defence filed in that Action on January 2, 2020, Strathcona’s position is that certain petroleum and natural gas rights and other interests under certain agreements (defined therein as the “**Assigned Assets**”) were assigned by Strathcona to AlphaBow, and that such assignment is valid and binding.

Strathcona takes no position with respect to the balance of AlphaBow’s application, including with respect to any application by AlphaBow regarding the ultimate vesting of the Assigned Assets with a subsequent purchaser.

Yours truly,

McCarthy Tétrault LLP

Lyndsey Delamont
