Dear Madam/Sir:

Re: AlphaBow Energy Ltd. CCAA Proceedings

Bears paw wishes to negotiate a resolution to its claim for oil produced from the well at 100/07-15-029-20W4/00 (the "7-15 well") but cannot finalize its proposal to the parties without information as to the proceeds paid to AlphaBow and/or withheld by Torxen in respect of oil produced from the 7-15 Well since March 2020.

We ask that AlphaBow provide its information in this regard, and repeat our request to Torxen to provide its information. If the information cannot be provided, please let me know by December 11, 2024.

Hi Katherine,

Let me know if you have time later this week to discuss. AlphaBow has been unable to find any records relating to the receipt of oil revenue from the 7-15-029-20W4. Their records only show the receipt of gas and NGL revenue relating to 7-15-029-20W4. I can also advise that from August 30, 2023, all amounts owing to AlphaBow from Torxen were garnished by the AER.

Hi Keely,

AlphaBow likely needs to look for any oil revenue on a Wayne-Rosedale Glauconitic Unit No. 1 statement from Torxen, as the only oil-producing well in this Unit that Torxen operates is the 7-15 well. Torxen doesn't specify on its JIBs that the oil is produced from the 7-15 well.
