Discussion

THE COURT: Thank you, madam clerk.

Okay. There's a lot happening this morning. I guess I have a couple of questions before we begin.

Mr. Pontin, why did I receive materials this morning? I mean, I've had a chance to read through your brief and just the substance of the affidavit but, presumably, you had notice of this for some time, so what's going on?

MR. PONTIN: I received service of this application last week, Sir. Prior to that, I had some notice, but there's thousands of pages of materials literally and I still haven't been able to read them all just for a function of timing, but from the -- the time last week that we received materials, reviewed, understood what the application is seeking, we obtained instruction, we had affidavits prepared, the brief as succinct as possible, and we only have those signed up, the affidavit, for instance, last night -- well, last afternoon, shortly before 4:00, I believe. So we did endeavour to get that into your hands as soon as possible, with apologies for the lateness.

THE COURT: Well, it's not a question of apologies for lateness. I mean, part of the problem that I have here is that I received the materials from the

applicant, as well as the various reports from the Monitor, and other information. I had a chance to review those, I had specific questions with respect to that, and then we're hit with a contesting of this application, and so the question that I have is whether we can even proceed today.

MR. PONTIN: I did advise the parties. I -- I won't make submissions, obviously, for others, but I did advise the parties upon understanding that we would be opposing the materials. I sent, at least to counsel for the Company and counsel for the Monitor, an indication that we would be filing as early this week as possible our objections, so nobody was surprised, I think, by receiving the materials. The lateness is only a function of unfortunate time constraints, but we did at least advise as early as possible last week that we would be taking opposition.

THE COURT: Well, let me back up a little bit more, then, Mr. Pontin. I'm assuming that you knew of the application that approved of the SISP, I'm gathering that you knew that, at least.

MR. PONTIN: I was -- I was not engaged at that time.

THE COURT: Okay. And so when were you engaged?

MR. PONTIN: It was after the orders had been approved and partway into the SISP proceeding, I think it was a week, or maybe two, before the LOI deadline, so my first discussions with the client were surrounding whether or not that process would be participated in principally.

THE COURT: The question, I suppose is, was there any discussion of appealing the SISP order?

MR. PONTIN: I -- I -- I'm wary of -- of disclosing solicitor and client communications, but the fact is there wasn't, so at least I could say I'm not crossing confidence boundaries and saying those were not discussed.

THE COURT: Okay. I don't know who's speaking on behalf of the applicants here, maybe Mr. Rosenblat, but I'm not sure.

MR. ROSENBLAT: Yes, Justice.

THE COURT: What are your thoughts on this?

MR. ROSENBLAT: We're -- we're prepared to proceed today.

THE COURT: Of course you are, but the concern I have is we have a substantive objection to this, and, I mean, having briefly read the brief, it is a substantive objection, so what am I supposed to do with this in the face of very serious allegations being made on the part of Dentons?

MR. WASSERMAN: Justice, it's -- it's Marc Wasserman speaking. I mean, from -- from our perspective, you know, Dentons' client, and the evidence shows this, knew about the SISP, knew about the opportunity to provide the DIP. This process was put in place through a court approved process, it was followed properly. This company is running out of money, there's insufficient funding. This company was marketed, and nobody came forward. The fact that Dentons was retained when they were retained and served their materials late is -- really should be of no consequence from the perspective of whether we move forward or not. I mean, to the extent that Your Honour needs -- sorry, I apologize, to the extent that, Justice, you need time to review the materials and you want to stand this down for an hour or so, or however long you think you need to review the materials, of course we want you to have adequate time to review the materials, but we don't think a substantial delay is appropriate here, and we think this is -- and we're going to be arguing that, you know, their -- their objection is too late.

THE COURT: Well, it may too late, but the question is, you know, as you know, the whole structure, Mr. Wasserman, of the CCAA and the way the processes are put into place is to ensure fairness and sort of equality of viewing, and the concern that I have, from my very brief review of the brief, is that that is lacking in this circumstance given the structure of the interim financing and the other financing that took place prior to that. So there is a real problem in sort of the, I was going to say integrity, that's pushing it a little bit too far, but I'm going to use that term just because I think you understand, the small integrity of the process. I have a concern with respect to that. I mean, you are well aware of the cases that he has referred to in his brief, the *CannaPiece* case, which is quite an important decision, and the *Medipure* case, you're aware of those and the concerns that the Courts have raised with respect to that.

And so that's sort of what I'm concerned about at this moment. So the question is, where do we go with this? If indeed I have that concern and I'm expressing that concern right now, then what do you propose we do with it?

MR. WASSERMAN: Well, we -- we don't -- I mean, we don't think the way that those cases have been represented in the brief are accurate and -- and we think that this situation can be distinguished from those cases, and we're prepared to argue that. So we think that, you know, to the -- we understand you may have concerns, we think we can convince you that those concerns are not founded, and we think that the way this

process was designed, the opportunity that BP was given to participate in the CCAA process, take a provision -- take a portion of the DIP, we indicated to BP that this was going to be the outcome if they don't, and we believe that parties who are -- participated in the process fairly can have the opportunity to assume whatever debt they think is appropriate under asset purchase transactions. We're assuming debt that's junior to BP, I don't see them complaining about that.

So we believe that this is an appropriately fair process and we think that -- that we are in a position to proceed to convince you of that. Sounds like we may have a lot of convincing to do, but we think by the time we're completed our submissions, with the support of the Monitor, we're hopeful that you'll see the situation the way we do.

THE COURT: Okay. Any response to that, Mr. Pontin?

MR. PONTIN: I am prepared to proceed this morning if it's the most efficient. Of course, we are looking for our objection to be upheld, in which case we would be presumably proceeding with a further SISP or some further process. So it's to our advantage if we don't proceed, obviously, the order won't be made, but I'm in your hands, Sir.

THE COURT: Let's proceed. I guess the other concern I have is, I mean, I looked at these materials and, other than ...

Mr. Rosenblat, are you in Calgary or are you in Ontario?

MR. ROSENBLAT: I'm in Ontario.

THE COURT: As are you, Mr. Wasserman?

MR. WASSERMAN: Yes.

THE COURT: Okay. Then you're not familiar with my beef with respect to the utilization of the term "DIP", it's not a phrase that we have in Canada. Is this --

MR. WASSERMAN: We -- we are -- we are -- we -- we have been made aware of that and we are only going to be using interim financing. I apologize for using the word "DIP", it will not happen again, but if I slip, don't hold it against me.

THE COURT: I won't. I mean, the concern I have, and I've always expressed this, especially to Calgary and Edmonton counsel, is that, as both of you

know, especially in this instance because we have involvement of the American courts, and DIP has a particular meaning to it, it's a term of art down in the States. As everyone on this call is aware, it has a particular meaning down in the States, and my first question was whether you've complied with sections 361, 363, and 364 of the American *Bankruptcy Code* with respect to cash collateral and adequate protection, and I'm guessing that you haven't because you've done this under the CCAA, which is interim financing.

So I'm assuming that you haven't complied with those provisions of the US *Bankruptcy Code*. Our American friends, who may be or may not be on this call, are well aware of what I'm talking about here concerning the adequate protection aspects of it, but, you know, if indeed this is interim financing at a CCAA, then that's not an issue, but we've just got to be careful, especially when we're dealing with American courts, because the American courts have a particular view of what DIP financing is all about.

So, having said that, now that my rant is off the table, let's proceed with the application and see where we go with it.

MR. WASSERMAN: Okay. Mr. Rosenblat's going to lead the submissions for us, and we will -- we'll -- I'll text him if he uses the word "DIP" financing. We completely understand and we -- you know, we understand exactly what you're saying about the adequate protection and the provisions and the US *Bankruptcy Code*, that in the context of this case, because it is a chapter 15, are not invoked in the same way they would be in a chapter 11. So I think that's a very important point and a good one, so we'll continue to ensure we use appropriate terminology going forward. Thank you.

THE COURT: All right. Perfect, Mr. Wasserman.

Okay. Mr. Rosenblat?

MR. ROSENBLAT: Good morning, Justice.

THE COURT: Good morning.

MR. ROSENBLAT: Before I move forward with our submissions, perhaps I'll just introduce who we have on the line on behalf of Canadian Overseas Petroleum Ltd., or COPL, and the various other applicants. We have myself, Mr. Wasserman, and Mr. Nikolaev.

From the Province firm, we have the CRO, Peter Kravitz. We also have Mr. Berman and Mr. Popescu from Province. From the company, we have Mr. Millholland and Mr. Johnson. From -- from Dentons, you would have met Mr. Pontin.

From the Monitor, we have Mr. Goldstein and Mr. Knight and Mr. Basi, as well as their counsel from the Cassels firm, Mr. Jacobs and Mr. Oliver.

There are a few other names that I see on the screen which we're not familiar with. I see an Adam, a George, an 'E', a Richard, and a Steve, who I'm not able to introduce just because I'm -- I'm not sure who they are, unless either of the --

THE COURT: I see Mr. Zahara is there. Who are you representing, Mr. Zahara?

MR. ZAHARA: Good morning, Justice Yamauchi. I'm on behalf of Summit Partners, the interim lender, stalking horse bidder and secured creditor, and I'm joined by my co-counsel, Ms. Smith from Kirkland & Ellis LLP in New York.

THE COURT: Okay. Anyone else who needs to introduce themselves and may be making submissions? Okay. Let's proceed.

Submissions by Mr. Rosenblat

MR. ROSENBLAT: Thank you, Justice. In addition to our initial order and comeback materials, we delivered an affidavit, an application, and a bench brief in support of the relief we'll be seeking today, which you should have in front of you. The materials were all served on the service list and have been filed with the court. The Monitor, KSV, has also filed and served its second report, which I'll be referring to as well.

The applicants have brought this application for two orders before you today. First, we are seeking an approval investing order that, among other things, approves of the stalking horse purchase agreement that has been identified as the successful bid in the sale of investment solicitation process, or SISP, which this Court approved on March 19th, approval of the transactions contemplated therein, the granting of certain releases, and the postponement of the requirement to hold shareholder meetings for the duration of these proceedings.

The second order we'll be seeking is for a stay extension until June 7th, 2024, which is 1 week after the intended closing date contemplated by the stalking horse purchase agreement.

I'm in your hands in terms of how you'd like to proceed from here. I appreciate that you're new to this matter, and if it would be helpful, I'm happy to provide you with some background in terms of the events leading to the CCAA filing. Alternatively, I can provide you with an update in terms of activities and events since we were last before this Court,

and then move over to the relief we're seeking today.

THE COURT: Okay. Well, let's start with the notion, as you mentioned. I received your materials and the materials from the Monitor some time ago. I received the second report from the Monitor. I've received several copies of it, but I did receive them early enough that I was able to review them over the weekend.

So I've reviewed your materials, Mr. Rosenblat, as well as those of the Monitor that were provided, including the brief that you provided to me, and after I got through both the Monitor's materials and your materials, with all due respect, there's really nothing special about this application. I mean, it's your regular AVO application and there was nothing special about it. It became special when I received Mr. Pontin's materials this morning.

I did have some minor questions with respect to the actual structure of the order and the materials attached thereto, those are kind of minor questions that I had with respect to it, but you invited me to hear from you with respect to what's happened since the last court application, or order, and I'll invite you to make submissions with respect to that, but I want you to then dive into the heart of the matter, which is dealing with the issues raised by Mr. Pontin's brief.

MR. ROSENBLAT: Certainly. And I can be brief in terms of an update since we were last here. As you can appreciate, the primary activities of the company, in consultation with the Monitor since we were last before this Court, related to the administration of the SISP. Following the granting of the SISP order, a press release was issued announcing same. An outreach commenced, again, in accordance with the terms of the SISP approved by this Court. The applicants reached out to 137 parties to solicit interest in their business and/or assets. Each of these parties was provided with a teaser letter, a copy of the SISP order, a form of NDA, summary of the proceedings, and a link to the Monitor's website. Ultimately, four interested parties executed an NDA and gained access to a virtual data room, as well as a confidential information memorandum were sent.

Since and during these activities, the financial advised and the applicants have responded to diligence requests, (INDISCERNIBLE) site visits, and attended virtual calls. Apart from all of the activities with the SISP, the applicants have continued to manage their operations and their liquidity, notwithstanding the -- the limitations during this proceeding of their cash position.

The SISP LOI deadline has passed. The SISP, as approved by this Court, provided that if no LOI was received by that deadline, the stalking horse transaction would be deemed to be the successful bid, which of course would still require further approval from this Court,

which brings me to the relief we're seeking here today.

Unless there's any further questions on my -- my brief summary of what's happened since the last appearance, I'm happy to delve into what I appreciate you're most focused on.

THE COURT: No, that's fine. Again, I've read your materials, I know where we are today, I know how we got to where we are today, but I received this morning, about 35 minutes ago, an affidavit number 4 from Mr. Kravitz talking about some of the things that are addressed in the materials that Mr. Pontin provided to me, and I guess my question is, and this may be going to the core of the arguments that you're going to make, is how aware was BP of everything that was going on here? And, you know, from the very beginning, let's start from the very beginning because I recognize that Mr. Pontin has recently been retained, and that's fair enough, I made him justify to me why I was receiving materials on the morning of the application, but that's neither here nor there, I mean, that's water under the bridge, I now have the materials, but my most important question is how aware was BP of everything that was going on with respect to this?

MR. ROSENBLAT: I -- I would submit incredibly aware, Justice. To give you a bit of a chronology, and -- and as referenced in the first affidavit of Mr. Kravitz at paragraph 145, the company approached BP in February, well before the filing. It explained its dire liquidity position, and for background, at the time of filing, they were days away from being fully depleted of -- of any and all cash reserves. They explained that. They welcomed BP to participate in the interim financing facility and BP ultimately declined.

Following that, a restructuring support agreement with Summit was executed the day before the filing and the term of that support agreement was that they would provide a DIP -- sorry, interim financing facility for up to US $11 million. The application for the initial order was served on BP. In that application, though it wasn't before the Court at the initial hearing, the form of SISP that was -- be ultimately sought and which set out the nature of the floor, which Mr. Pontin calls it --

THE COURT: M-hm.

MR. ROSENBLAT: -- that would need to be beaten by an alternative transaction, as well as the nature of the liabilities that were contemplated as being assumed in stalking horse, were all disclosed. Those were again brought before the Court at the comeback where an amended and restated initial order, or ARIO, as well the formal approval of the SISP was sought. Since then, they would have received our materials in support of the approval of the transaction, the application before you today. So to your initial question, they have been, you know, very familiar and very aware, frankly, before

just about anybody else.

THE COURT: I know I'm getting into the meat of the matter, but I need to because it's in my mind right at the moment, and that is the aspect of roll-up because, I mean, certainly, even when I was in your world, that always was raised as a concern, and it has been since the dawn of this new utilization of the CCAA, and the roll-up aspect has always been a concern to the Courts. So talk to me about that because there seems to be kind of a practical roll-up aspect to this transaction.

MR. ROSENBLAT: Certainly, and I appreciate that that's how Mr. Pontin has characterized it in our -- in his materials. I -- I do think that there is significant distinction here. Obviously, in the case of a roll-up, you're securing debt without any actual incremental advance, there's no dispute around the limitations around that, but that is not what's occurring here. What's occurring here, which my partner, Mr. Wasserman alluded to earlier, is that a bidder is choosing which liabilities to assume and which not to, and if the submission from Mr. Pontin is that assuming a liability that is not reflective of a waterfall of relative security interests amounts to a roll-up, then that in and of itself would ultimately preclude virtually any sale transaction in the context of a -- a vesting order or a CCAA sale just because that would preclude the assumption of any unsecured liabilities in the absence of all secured creditors being paid in full, which to use the, you know, example of unsecured liabilities being assumed in our proposed transaction would mean that you couldn't assume contracts, which in any going concerned transaction you would presumably need given that presumably any business would have certain contracts with trade partners, suppliers, et cetera, which would be required to operate.

THE COURT: Okay. So practically no roll-up?

MR. ROSENBLAT: That is my submission.

THE COURT: All right. Please continue.

MR. ROSENBLAT: Certainly, Justice. So I had intended to go through, you know, some of the tests and the items that were set out in our bench brief. Would that be helpful, or would you prefer if I focus more on some of the points that Mr. Pontin and -- and BP have raised in their materials?

THE COURT: Well, I think that we're kind of all aware of section 36 and the requirements and the *Soundair* criteria, I mean, we're all aware of what that's all about, and I think that Mr. Pontin probably sort of agrees that some of the *Soundair* and section 36 criteria have been complied with. He's focusing in on a couple of them and I'm just going to ask you to focus in on those, if you don't mind. So what you're

doing, basically, is responding to what Mr. Pontin is --

MR. ROSENBLAT: Certainly.

THE COURT: -- bringing up because, otherwise, taking out Mr. Pontin's arguments for a moment, I mean, again, I had some very minor questions with respect to the transaction, but they pale in comparison to what Mr. Pontin is raising. So if we get through this first step, then I'm going to address the very minor questions that I have with respect to the transaction itself, so that's what I'm going to ask you to focus in on, if you don't mind.

MR. ROSENBLAT: Certainly, Justice. So to go through, you know, what I perceive as the order of the arguments that they've made specific to where they started with *Soundair*, a lot of the focus of their bench brief, and -- and almost the entire focus of their affidavit, has been on issues with respect to the SISP or the process in and of itself, independent of certain other transactional concerns that they've raised which I'll address.

To distill part of their materials, they've suggested that the vesting order is prejudicial because the SISP, which this Court approved, was insufficient. There's suggestions that the length of the process, the places in which ads were placed for the floor price were not appropriate. We, of course, disagree with all that and, you know, a lot of the reasons for that were set out in our brief, which were provided in support of the application for the approval of the SISP itself, which, again, BP did not oppose or appear for despite being served, and which this Court granted, and which order is final.

The -- one -- one point I'll make, which is a little separate from that, but I think it's an important point, and then I'll come back to certain other points raised by the BP materials, is that this SISP which the Court approved was only possible as a result of the interim financing which Summit provided. As I mentioned before and is set out in more detail in the first Kravitz affidavit, the company had less than a week of cash reserves available at the time that it filed. BP, nor the other third parties that were approached to provide interim financing, showed a willingness to do so, and in the absence of that being filed -- sorry, provided, there could not have been a SISP and there could not have been a going concern transaction searched for, even, however, they did provide the interim financing. A SISP was applied for, it was approved, and it has been complied with, and -- and the compliance with the SISP is another point which I'd like to -- to speak to shortly, but all that being said, if I were to distill my points, it's really that any suggestion that there's any issue from a process standpoint does not have merits so long as the process was followed, given that this is the process that this Court ordered, and which, again, for the reasons in our previous application materials, our view was and continues to be fully justified.

With respect to the compliance with the terms of the SISP, you would have seen both in our materials, as well as the Monitor's, details around all the activities that were completed in each case as required by and pursuant to the terms of the SISP. There is an allegation in paragraph 29 of the Anderson affidavit served yesterday that a potential bidder was ignored. That is incorrect and was the purpose of the 4th Kravitz affidavit, which we provided this morning. The very day that that potential bidder reached out to the Monitor, Province provided them with the email which is appended to the 4th Kravitz affidavit giving them all the materials that any other potential participant would have been provided with. The NDA, which would have been, you know, the next step prior to being able to access the virtual data room and conversations, et cetera, and confidential information with the company, there was no response to that, and so my submission would be that, you know, it's quite clear that we have complied with this Court's approved SISP and that, in terms of process, there really isn't any room for -- for argument or a debate as that precluding the approval of the relief being sought today.

THE COURT: Okay.

MR. ROSENBLAT: While we're on the point of the affidavit, and then I'll -- I'll focus a little bit more on -- on some of the other points that Mr. Pontin raised, I do think it's worth noting that in the affidavit itself, again, this -- this issue paragraph -- at paragraph 29, the Spectrum Energy principle that is quoted, himself concluded that the asset was not worth the floor set by this Court in its SISP order, which I think is important to recognize, particularly when there's suggestions that, you know, more time might be needed for the SISP, particularly when there was no runway for the SISP, and, again, this is the SISP that has been approved by this Court and which has been fully complied with by the applicants in consultation with the Monitor.

THE COURT: But he's talking about a different floor, I think. I mean, the stalking horse set a floor of, I think it was $55 million, whereas he's suggesting that it should be 11 million, which is the amount of the interim financing.

MR. ROSENBLAT: Sure. So if -- if -- Justice, if I could maybe answer two pieces to that question? In -- in terms of the floor, my point there would go back to what my earlier submissions were focused on, which is that this Court ordered what the appropriate floor was, they had an opportunity to object to it, they did not, and so that floor is the right floor, and by, you know, the BP materials' own submission, that floor was not met.

THE COURT: Okay.

MR. ROSENBLAT: So -- so that would be one point. And then the other point which I think is important to clarify is it was very clear in the SISP that this wasn't a -- a cash floor that had to be beaten, and it was also clear in all the materials that would have been provided both publicly or confidentially. There were certain cash components provided that had to be satisfied, so, for example, cash sufficient to pay for a break fee if it was triggered, however, the SISP was very on the point about the Summit debt, the first lean debt, not the DIP, in that it was enough to clear it or on such other terms as the lender consented to. It would have always been possible for another suggestion or proposal to have been made. No such proposal or suggestion was made, you know, as I've mentioned and as is throughout our materials, no LOI was received for an alternative, you know, basis for the assumption of debt or different price or otherwise.

THE COURT: Okay.

MR. ROSENBLAT: So, unless there's anything further on that, Justice, I'm -- I'm happy to kind of walk through one by one some of the items that the BP materials had raised beyond those which I have addressed so far.

THE COURT: Sure, why don't you do that.

MR. ROSENBLAT: Okay. One point that BP makes is that the assumption of debt is analogous to proceeds and that, as a result, such "proceeds" must effectively be administered pari passu with the Summit facility. My submission is that that is incorrect. And this does overlap with some of the points I made earlier because I do think they tie it at the same principle, which is, if priority was the determining factor for an assumption, nearly no going concern transaction would work because, again, any going concern transaction naturally, and this is the case here, is going to require the assumption of certain unsecured debt, and so if an assumption was analogous to proceeds, and I think we'll all, you know, acknowledge that proceeds are subject to a waterfall, a going concern transaction, which required the assumption of contracts or the assumption of other unsecured liabilities, could only work in the context where all secured creditors are paid in full, which will often not be possible.

Unless there's anything further on that, I thought I might spend a little bit of time on the cases that were referenced, and I -- I know I provided my submissions already with respect to -- to *Medipure* and how this really is not a roll-up, so perhaps I can focus on *CannaPiece* and the *Third Eye* cases.

In my submission, they are both significantly distinguishable from the facts before us today. *Third Eye* focused on whether an interest was an interest in land capable of being vested off, which of course is not the case here. *CannaPiece* extended what they call the

cascade analysis to be on the question of whether or not an interest in land can be vested off, but, again, this is not analogous.

More particularly, with reference to the cascade analysis test, the first prong, I'll call it, is consideration of the nature of the interest. As I mentioned, in *Third Eye*, that interest was an interest in land. In *CannaPiece*, it was a first lien interest in certain collateral, not a pari passu one.

THE COURT: But I'm just going to stop you just for a second.

MR. ROSENBLAT: Certainly.

THE COURT: I mean, the point I think that Mr. Pontin is making in his brief is not with respect to the facts of those cases, but the general principles that arise from the cases. I mean, the *Soundair* case is different from the case that we're dealing with today and yet the principles are still alive, they're still important in dealing with this. When you look at the principles that Mr. Pontin has articulated in his brief, he's looking at the principles, and you look at paragraph 30 of his brief, and you've already referred to this, the nature and strength of the interest that is proposed to be extinguished. In this case, we're dealing with a secured interest that's apparently ranking pari passu with Summit's interest, so it is different from the *Third Eye* situation, but the principle is still important.

The second is whether the interest holder has consented to the vesting out of their interest. That, I think, is sort of, if I might say, it's kind of the really important part of your argument, which is they had their chance and they never took their chance. And the third is if the first two steps proved to be ambiguous or inconclusive, a consideration of the equities.

So you can distinguish the facts of both of those cases from the case that's before this Court, but I think that the principles are still important. And, similarly, I think the *CannaPiece*, as principles, are important, not necessarily the facts of the case. So that's kind of what I'm thinking because, you know, we talk about principles all the time when we're dealing with CCAA, and so I think that's the important part that Mr. Pontin is raising, so if you could just sort of focus in on those and forget the distinguishing of the cases themselves because the principles, I think, are still important, Mr. Rosenblat.

MR. ROSENBLAT: Certainly. Certainly. And I'll focus on the principles. At times, I'll make reference to the distinction only because I think they -- they help me make the point in terms of why those principles would lead to one result here and a -- and a different result in those other cases, and so I'll -- I'll refer to the context only for that purpose. I -- I appreciate the focus you want me to put, and I -- and I will do that.

But in terms of the context, so in -- in *Third Eye*, it was a question, when answering the nature of the interest question, of whether the interest could be vested off. In *CannaPiece*, I -- I will acknowledge that there's more analogousness to that to here in that it -- it wasn't unvestable (phonetic) incumbrance, it was an incumbrance that was first lien against certain assets, whereas a different creditor of the first lien over other assets.

In that case, it would make sense that the nature of that interest is one that shouldn't be extinguished because, in that case, an interest that wasn't priority relative to the proposed bidder was purported to be extinguished. Here, the interest isn't of that nature and my submission would be that that distinction is a distinction which goes to the point that the nature of this interest isn't a determinative factor in terms of whether or not it should be vested off. In this case, they are not priming a creditor. They are pari passu, and I -- I would acknowledge that, but I think pari pussu debt in and of itself is not an interest that should be precluded from being vested off, particularly when you look at the overall context here, which is that that is tying to, again, a credit bid of the interim financing facility, which is the only reason that, frankly, you know, mid-March this company didn't have to go into, you know, a sell off for parts, non-going concern, non-SISP process, it's tied to that, as is reflected in the materials, including that same paragraph I referred you to in the Kravitz affidavit, the first one at paragraph 145, a point that had been communicated to BP. On exit, this company needs financing, and you would have seen in the cashflows appended to the second Monitor's report that it's anticipated that by early June the company will once again, notwithstanding the DIP, be out of all cash.

The buyer in this case, who is assuming this liability, or proposing to assume this liability, being the Summit 1L debt, is also putting in the money that would enable the business to operate and, in turn, provide any prospect of any assumed debt, be it Summit's, the unsecureds, or BP's ever being repaid. So I would submit that it's those facts and the nature of the interest that would suggest that, yes, they do have an interest in this, but it isn't an interest of a nature that it would not be justifiable to vest off, again, in that overall context.

THE COURT: Okay.

MR. ROSENBLAT: Unless there's anything further on that, I can go through the other two -- two prongs. And -- and, again, I -- I may speak a little bit to the context, but I'll -- I'll only be doing that to support my view on why, in this case, the prongs go one direction versus another.

The second prong of the *Third Eye/CannaPiece* test is whether or not there was consent to the vesting off, and -- and I think there -- again, I spend a little bit of time on -- on the facts

in *Third Eye* in particular because I think they're -- they're relevant to the point I'm going to make. In -- in *Third Eye*, the question was really, initially, whether or not the interest was one of a nature that could be vested off, and then the question after that was, well, contractually, could it be done? Could there be an arrangement? If there was an arrangement prior to the filing, does that justify it, if absent that, it wasn't justified? That can't stand for the principle that you can only vest off debt -- or, sorry, security or a lien if the creditor consents. That was really specific to those facts. If a creditor always had to consent to its incumbrance being vested off, frankly, there wouldn't be AVOs. And, again, I would say that, you know, if -- if these arguments are given merit in and of themselves, they would make it very difficult for there to ever to be a successful going concern in the context of a CCAA.

The third prong -- or -- or I'll pause, unless there was anything further you wanted to discuss on the second.

THE COURT: I don't think so. Thanks.

MR. ROSENBLAT: Thank you, Justice. On the third prong, again, it would be my submission that the equities are not in support of Mr. Pontin's opposition. Again, I'll -- I'll briefly go over the facts of the other case more to inform why my submissions are not just different, but why I'm of the view that, again, Mr. Pontin's arguments would not gain success on the basis of *Third Eye or CannaPiece*.

Obviously, to quickly refer to *Third Eye*, that was with respect to an interest in land, very different. In *CannaPiece*, in that case, there were two other bids, one bid was going to assume one creditor's liability of -- of the two key creditors, each of which had a first lien on a different pool of assets, and the other bid was going to assume the other creditor's liability. Furthermore, in that one, associated with the SISP, the objecting creditor operated under the assumption that, under the stalking horse transaction, their debt would be assumed.

Here, none of those factors are applicable. BP had the materials before almost anybody else having been served with the initial application record, which made it clear what was intended to be assumed versus not. There was never anything that suggested they could expect there to be a requirement for an assumption of BP's debt. And, furthermore, there isn't an alternative deal available right now that the equities could lend itself towards justifying. There's one bid, there's one transaction, and there's no alternative that would see any different treatment to BP, and so on that basis, my submission would be that the equities do not support their position, either.

So, Justice, I'm happy to speak more to any of those points. I believe I've spoken to each

of the points that the BP materials raised. If there are any other questions or anything else that I could do to be helpful, I'm in your hands.

THE COURT: I'll just jump into the *Soundair* criteria for a minute. I mean, I'm looking at Mr. Pontin's brief, paragraph 33. You've already talked about the process, the provident nature of the process, so that's the first section of paragraph 33. The second section, you've already addressed that as well. Let's talk a little bit about the efficacy and integrity. I mean, he makes a very strong statement at paragraph (h), where he says: (as read)

> In this case, the high bid threshold has been disconnected from the consideration actually flowing to the debtors' estate. This disconnect undermines the integrity of the sale process - bidders are dissuaded from participating in the process, and at the same time there are no proceeds to mitigate the suppressed purchaser participation.

And that's a very strong statement and it speaks to the integrity of the process, but I think that you've already addressed that with respect to how the floor was set and why it was set where it was. I think you've addressed that, but if there's anything else you wanted to add to your comments, that would be fine as well.

MR. ROSENBLAT: Yes, Justice. It -- it really is that (a) there was the -- a bit of a mischaracterization of the floor, and I -- and I think I walked you through the actual floor as set out in this Court's -- the Court approved SISP. Unless there are any other questions on that, the only other point I would is, again, to the extent that there was an issue with the floor, this isn't the time for -- for BP to be raising that issue, that was a month ago.

THE COURT: Let me just see. Paragraph (j), there's a missing word or a missing phrase, but I think I get the point: (as read)

> In other words, the process has not worked to maximum benefit of creditors that comprise the ...

I'm gathering it's the pari passu creditors or the secured creditors: (as read)

> Instead, it has depressed bid activity and split the fulcrum claims, creating a preference.

And that's sort of the fundamental portion of his argument is that, by virtue of this stalking

horse bid, a preference has been created by giving Summit et al repayment, if you want to call it, of its debt to the prejudice of BP, which creates a preference to the pari passu nature of it, but I think, again, you've already addressed that because it's an assumption of liability, it's not sort of, Okay, we're going to cut a cheque to Summit for all of its secured claims and away we go. It's not that, it's something completely different, it's a going concern transaction that will ultimately see Summit paid perhaps, depending on the success or failure of this corporation; correct? Is that a correct analysis?

MR. ROSENBLAT: Yes, Justice, that's exactly it.

THE COURT: Okay. You've already talked about the roll-up. Okay. Is there anything else that you wanted to chat about?

MR. ROSENBLAT: Nothing further from me, Justice. Of course, if you have any other questions, I'm -- I'm happy to assist.

THE COURT: I will, but that will come at the end if we get through this first step.

MR. ROSENBLAT: Certainly.

THE COURT: All right. So let me look over Mr. Pontin's. Just give me one second, I'm just going to grab another pad of paper.

All right. Mr. Pontin?

MR. PONTIN: Yes, Sir. Is there anywhere you'd like me to start, or would you like just my thoughts in response, generally?

THE COURT: I think thoughts in response. I mean, you know that I've read all of the materials that we have to this point, I have read your brief, and so I'm aware of the facts of how we've ended up where we are today. But, as you can tell, I've read the brief, I'm familiar with your arguments, but, obviously, I have not had time to dive into all of the attachments to your brief, I just didn't have time.

MR. PONTIN: Of course.

THE COURT: Nor did I have the wherewithal to print everything that you provided to me. I mean, I read the brief and I'm aware of the facts, the the cases to which you refer in your briefs, so carry on, Mr. Pontin.

Submissions by Mr. Pontin

MR. PONTIN: Sure. Thank you, Justice. And I -- I suppose I would start, then, just with the -- there's the -- the factual question, the conflict that arises between the affidavits of what Spectrum was or wasn't aware of. I -- I don't think anything turns specifically on that point. If it does, there is -- there is conflicting facts, but my understanding was that Spectrum received the solicitation, that's what Mr. Kravitz correctly points out in his latest affidavit, the solicitation was provided. I just understand that Spectrum made further enquiries after that to the Monitor's office. I have no further information other than to say they've indicated to BP there was no response, but -- but I don't say that to say this process falls down because an emails was missed or maybe it bounced, I just say that as the broader context, as I think you've -- you've correctly indicated, Sir, the broader context is really the issue and the principles come to whether or not this was an effective process. That's just one of several concerns that, all put together, say, was this really sufficient?

There's been some discussion as well -- and I should say I'm referring to the Anderson affidavit if you've received that, it was part of late materials, but in the Anderson affidavit, there's not a lot of discussion, nor in -- in the other evidence, as to what BP was or wasn't aware of, and my submission is -- is, of course, we should approach that carefully, then, if we're speculating as to who knew what at the relevant times. I think it's clear BP was served with materials, but I also don't view -- at least my submission would be that the approval investing order in those materials, it was expressly stated throughout that it would be sought at the end of the process. So I -- I don't want to support any submission that says that the approval investing was effectively approved at the beginning of the SISP because BP failed to object instead of preferring to wait to see how the SISP would play out, and then, of course, the *Soundair* factors, the (INDISCERNIBLE), the statutory factors, but I'll --

THE COURT: Just one second, though, Mr. Pontin, just hang on.

MR. PONTIN: Yes, Sir.

THE COURT: The one thing that I raised, and the reason I was even raising the question was, was BP aware of the application for the approval of a SISP? And it's clear to me, at least from the materials that have been provided, that they were aware of that. Whether they took a role in it or made submissions, I just simply don't know. I don't know what their role was in the application, I think it was before Madam Justice Johnston, but I don't know what they were aware of, but they were certainly given notice of the application to approve of the SISP, and that was the only question I had.

MR. PONTIN: Yes. They -- they received notice, I believe, I -- I don't have the affidavit of service, but I wouldn't contest the fact they likely did receive notice, but outside of that evidence, there's nothing to indicate BP's position at that time, there's certainly no consent communicated. There -- there is some material that speaks to the fact that an offer for BP to participate in the DIP was provided and BP declined the offer to extend -- sorry, I said the DIP, but they -- BP declined to extend interim financing at the time, and I -- I -- that's not uncommon.

But my argument then follows, and you've seen it in the brief, that the interim financing, of course, as the priority position, is an effective position from which the credit bid and to carry on, and if a credit bid stalking horse has been approved and something over $11 million is received as an offer, then the consideration received in that scenario would result in some repayment on a pari passu basis to the senior debt. And so all of my friends' submissions regarding this as not senior debt, this is pari passu, BP is a senior secured creditor, just as is Summit. The real issue is, because it's a cashless bid and a cashless consideration, it's -- with a floor at 55 million, does the $55 million in consideration flow back to the debtors' estate?

And you've captured the points in my brief already, so I won't -- I won't sort of harp on it, but I think it's clear that the consideration does not go back to the debtors' estate, so the off set creates prejudice there, the -- the juxtaposition creates prejudice because you have a very high entry level to get into the SISP and participate. You have evidence that creditors were not -- sorry, that -- that participants in the LOI process were not interested. The fact that there weren't any LOIs submitted by the deadline is evidence the value must be something less than 55 million, but the consideration for a high entry point has to be that that consideration flows back to the estate, and my submission is, whether it's a cash consideration or assumption of debt, it's all consideration for the assets and so, therefore, that must be directed to the debtors' estate, not directed specifically to one creditor in preference and in prejudice to another.

And I -- I would submit, Sir, that if you read section 36(6) as the starting point, I think that's a complete answer to the issue, and -- and this does not -- I would submit, with respect to my friend's position, that you cannot do a going concern sale if you cannot sanction a preference, there's -- there's a complete difference between sanctioning the carry forward of an unsecured position assuming liabilities taken forward on secured creditors because they are not being vested out of assets. They're typically not in the money, even if they are, it's still an acceptable position to take forward an unsecured creditor in a transaction on a going concern basis because section 36(6) specifically speaks to the vesting out of a security interest and how the security, if you're taking it away from the asset in order to facilitate a transaction, the security must attach to the proceeds, and it

specifically says the Court shall order that the security that is vested out attaches in the proceeds in the result.

So, in this case, we have two senior secured creditors, one of them is having their security vested out of the asset to facilitate the disposition, we don't dispute this is a very common process, but, in our submission, it's imperative that then the vesting out is mitigated by the vesting into the proceeds, and in a cashless transaction, there's no proceeds. So it's -- firstly, it's offside section 36(6), in my submission, very plainly, the legislation addresses it; and, secondly, it creates that prejudice and that preference and of course then that integrity question, and that's where you go back to section 36(3) and go through the waterfall factors.

And I think *CannaPiece* was clear that the *Third Eye* factors don't just apply to an interest in land. *CannaPiece* -- the Court said that in a CESO (phonetic) like context quite plainly and said the analysis is the *Soundair* factors, which you're -- you, Sir, are familiar with, the analysis of the *Third Eye* factors if a third party interest is being extinguished. And then there's other cases that we included, at least succinctly saying that the security interest of a senior secured particularly is -- is of imperative interest. We cannot just have that dismissed without serious consideration. And in this case, obviously, I'll return to the beginning, section 36(6) I think addresses the whole issue because the proceeds must stand in place instead of the asset and, in an unsecured position, you can carry that forward. I have no concerns because there's no vesting of their interests out of the property.

That's sort of the briefest submission that I could make, Sir. If -- if you wanted me to continue, I would go through the *Soundair* factors, the *Third Eye* factors. My only submission is it's a retrospective analysis. Those cases are -- are quite plain. We couldn't have assessed this -- or BP couldn't of before I was retained, on a prospective basis. If we had a bid higher than 55 million, we'd all be walking to the bank with a smile, presumably. Unfortunately, we didn't, so then we have to look at, well, here we are. If there's a credit bid to follow tomorrow for $11 million and we enter the SISP and there's a $30 million offer, the prejudice isn't there because then BP and Summit will share the proceeds on a prorated basis. In my submission, of course, they'd prefer to have 100 cent dollars than have to share the pari passu, but -- but that's my submission. BP obviously is being significantly prejudiced in the alternative.

THE COURT: The real question and the real concern I have, Mr. Pontin, is the awareness of your client of the structure of the stalking horse bid and what would flow or not flow to your client as a result thereof. And yet they stood back and watched this process unfold and here we are today, on the morning of the seeking approval of the AVO, here we are making this argument. And that is a concern that I have. I mean, the structure of the stalking horse was known to your client and yet nothing was done with

respect to it, and that's why I posed the questions to you in the first instance. And that's a real concern that I have, listening to you.

MR. PONTIN: Yeah. And I -- my response is I'm not sure what the evidence is that -- that BP was aware of the nature of how they would be treated and, in -- in any event, the fact that it is a retrospective analysis in every case when a vesting order is sought, the -- the alternative to order -- to say, Well, BP ought to have known it would be prejudiced if a higher offer wasn't obtained, I think, in my submission at least, is the wrong analysis. I think it has to continue to be a retrospective analysis to say was this -- this process proper, integral. And -- and when it's subject to scrutiny, I don't think the fact that a creditor could have or should have guessed that it might have a problem in the event of no competing bids, in my submission, that's -- that's not the analysis. And -- and further, again, I turn back to section 36(6). I think -- I think it is determinative, regardless of parties' awareness. I think it's directive to the Court. I won't read the legislation, it speaks for itself, but it says the Court shall, shall order. So the consideration being assumption of debt or cash, it's practically the same thing. It's all consideration for the transaction.

THE COURT: Do you have any cases that talk about section 6? Subsection 6, sorry. I meant, 36(6).

MR. PONTIN: I don't in front of me, nor -- if they're not in the brief, then -- then you haven't seen them, I haven't provided, nor read, nor provided to my friends anything on that point.

THE COURT: Hang on a second.

MR. PONTIN: I relied strictly on the -- the language of legislation.

THE COURT: Yes. I understand.

MR. PONTIN: And -- and my submissions are, just to repeat very briefly, is -- is in every approval of vesting order that I'm familiar with, the paradigm is that the security is taken from the asset and vests into the proceeds.

THE COURT: All right. Anything else, Mr. Pontin?

MR. PONTIN: Just subject to any questions, Sir.

THE COURT: Thank you, Sir.

All right. Mr. Rosenblat --

MR. ZAHARA: Sir, actually, it's Mr. Zahara on behalf of Summit. At some point --

THE COURT: (INDISCERNIBLE)

MR. ZAHARA: -- in time, I'd also just like to respond to Mr. Pontin's submission and so whether you want me to do that before Mr. Rosenblat has the final word or after him, I'm in your hands, My Lord.

THE COURT: That's okay. I'm sorry I interrupted you, Mr. Zahara. I should have invited you to the floor, so here you go. This is the problem when we're on Webex. I forget the people are there, whereas when you're in the courtroom, I can look down at your face and see it there. So here we go.

Submissions by Mr. Zahara

MR. ZAHARA: Certainly. And I will try not to retread ground that my very capable friend Mr. Rosenblat did, but I think there is some points I do want to highlight on behalf of the Summit entities. In terms of how all of this came to be, I think it is an important consideration, and Mr. Rosenblat did a good job of laying that out, but I think it's also important to point out that not only was a restructuring support agreement, but the interim financing agreement and the approvals of that were all tied together. The consideration provided under the interim financing was linked to the SISP, there's cross-default provisions within that interim financing agreement, if the SISP order is varied or amended or modified, you know, this was the consideration. The Summit parties put their hands forward, put their skin in the game, so to speak, and put their money where their mouth was in terms of saying, We will support this, but these are the conditions under which we will do so going forward. And as I understand the evidence, which hasn't been challenged or rebutted by BP, they were provided that opportunity as well and declined to participate.

So I think that that is a real consideration for this Court, is all of this stuff was inextricably linked together, from Summit's point of view, and all of these things had to work hand in hand in order for us to put that money up and allow this process to go forward. And, you know, from our point of view, the process has been complied with. The process and the integrity of it has been preserved. All of this was known to all of the parties going through and they had available to them the terms of the restructuring support agreement, the terms of the interim financing term sheet and the terms of the SISP were all laid out in those

documents as well, as Mr. Rosenblat pointed out, well before they were even approved by the Court. So BP acknowledges --

THE COURT: Okay. Just a second. You're going really fast here, Mr. Zahara.

MR. ZAHARA: Sorry.

THE COURT: But you raised a really interesting and important point, I think, and that is that the SISP terms sheet, which presumably included the structure of the transaction itself, was provided as part of the notice prior to the hearing of the amended initial order; is that a correct comment?

MR. ZAHARA: It was included with the restructuring support agreement that was provided as part of the initial materials that were served, I believe, on March 7th or 8th prior to the initial -- just prior to the initial application. So that would have been made available to all of -- parties. And I think, you know, where probably me and Mr. Pontin have a bit of a difference is, if a party's served with materials -- this is a sophisticated party and chooses not to review or understand the materials, it's not our -- the job of Summit, the debtors, or this Court to -- to help them understand that. And if they've chosen not to participate, I think that's an important consideration for this Court, as silence is acquiescence. And I'll take you to a case that basically says that shortly.

So in terms of the arguments on section 36(6) that Mr. Pontin has made in his brief, I don't believe that's consistent with the case law or the practice of the court and that's borne out by the fact that there is no case law provided in support of that interpretation. Certainly, as Mr. Rosenblat pointed out, if -- if that were the interpretation of 36(6), you could never do a pure credit bid and successfully get (INDISCERNIBLE) the assets if it was objected to by any secured creditor that wasn't receiving proceeds, or if there wasn't a dollar of (phonetic) proceeds to do it.

And I think, you know, the -- the case law provided by my friend, Mr. Rosenblat, is helpful and particularly, I think in this case, although not exactly in point fashion, but going back to the principles of the case, as you noted with the *White Birch* case at tab 22 of the COPL brief, and I just want to highlight a couple points in that case. In that case, there was in fact a credit bid, a substantial portion of it that was subsequently objected to after the fact and the bidding process had previously been approved and that party had knowledge of that bidding process and a credit bid would be allowed. And the Court's comments in paragraphs 37 to approximately 42 of that case -- and I'll just highlight a couple of them because I think, you know, these are pertinent to hear. Paragraph 37 in particular, the Court notes in *White Birch:*

> It is not enough to appear before a Court and say: "Well, we've got nothing to say now. We may have something to say later" and then, use this argument to reopen the entire process once the result is known and the result turns out to be not as satisfactory as it may have been expected.

So in this case -- and then the Court goes on:

> In other words, silence sometimes may be equivalent to acquiescence. All stakeholders knew what to expect before walking into the auction room.

In that case, it was an auction bid that part was done by credit bid. And so the Court goes on to say that, once this process is put in place, it shouldn't be lightly overturned or changed once the results are known and basically deemed to be unsatisfactory by one disgruntled party. And that's highlighted in paragraph 40 of that. It said:

> Once the bidding process is started, then there is no coming back. Or if there is coming back, it is because the process is vitiated by an illegality or non-compliance of proper procedures and not because …

A credit bidder has, in that case:

> … decided to credit bid in accordance with the bidding procedures previously adopted by the Court.

And in paragraph 41:

> The Court cannot take position today which would have the effect of annihilating the auction which took place last week.

And that's exactly what, I think, BP's asking this Court to do is ignore the SISP order that was granted, re-order some new process today and as part of that reiterating the process, they don't really provide a solution to it. And -- and by solution, I mean they don't provide this Court with any ability to grant that order, in terms of they're not here saying they're prepared to fund on a priority basis interim financing to let the company operate during such a period. They haven't said they're willing to put forward any money or a stalking horse bid of their own to allow of another or different floor to be set. And I again echo the comments of Mr. Rosenblat that all of this could have been done at the outset of this when

the SISP was approved and they had the opportunity -- they had proper notice of that and had the ability to make those submissions on the process then.

I think -- I just want to reiterate that in this case, the assumption of the debt, there's no extra proceeds that are flowing to anyone. I know there's -- there's no certainly that that will ever be repaid to Summit. Certainly, the -- the credit bid amount, as defined in the stalking horse purchase agreement, and that's at section 3(1)(a)(1) -- 3(a)(1), so it's -- it's limited to the amount of the actual DIP financing. And that stalking horse -- executed version of that stalking horse purchase agreement is Exhibit G to the -- I believe it's the third Kravitz affidavit that was filed in support of this application and was served on the service list, which would have included BP, on or about Apil 8th, 2024. So they have notice -- have had notice of that form of the stalking horse purchase agreement and how it works for a significant period of time and, again, no issues are raised then.

So I think those are important considerations for this Court. We don't believe that the structure of the SISP is prejudicial or was prejudicial to BP in this case. They chose to stick their heads in the sand and now -- have only now decided to pull them out of the sand and, you know, at this point in time to attack the structure of that SISP is too late. And to your point, there wasn't an appeal of that made. The -- the structure in terms of the cashless proceeds was known for a significant period of time.

And I think the final point I just want to make is I don't know that I agree with Mr. Pontin's submissions in respect of whether or not *CannaPiece* is applicable. I don't believe that their debt is being extinguished or transferred to a residual Co here, as was proposed in *CannaPiece*. Their debt continues to exist against COPL. This -- the assets that the debt is secured by is no longer there, but the debt itself is not being extinguished. So I have a slightly different view in that. I don't know that *CannaPiece* is -- is helpful to his arguments in this case in the way that he suggests.

So those are my submissions, My Lord, subject to any questions you have. If not, I'll clear it over to Mr. Rosenblat or Mr. Oliver.

THE COURT: Thank you. I'm going to look to Mr. Oliver because I don't want to be accused of ignoring anybody in this. So, Mr. Oliver, the floor is yours. I think that you are acting on behalf of the Monitor in this instance.

MR. OLIVER: Yes, Sir.

THE COURT: And if you have anything to say about this, that would be welcome at this point.

Submissions by Mr. Oliver

MR. OLIVER: Thank you very much. So, Sir, to begin with and at risk of potentially stating the obvious, the -- some of the allegations that have been made in BP's material are frankly troubling by the Monitor. The Monitor, as an officer of the court, it takes its role very seriously. It was heavily involved in the -- in running this process and, in the circumstances, the allegations that are made in particular about not responding to bidders has been addressed to the extent there -- there was -- there was evidence on that point. It has been addressed in reply. The short of it is there is -- is actually no substance to the allegations.

The response to the enquiry was passed to the CRO immediately, and I'm speaking, of course, with respect to Spectrum. The CRO responded immediately with the materials and the -- I'm advised by KSV that there was nothing received from Spectrum. So we're -- we're concerned with -- with how that has been portrayed in the record as somehow an indicia of a deficient process. We have a circumstance here, which has been referenced. There were 137 prospective purchasers which were contacted. That is a very significant group of parties. There -- there were site tours conducted, there were parties admitted to the data room, all of which is indica of a process that has been properly administered and supervised.

Certainly, the Monitor echoes the concerns that have been mazed -- that have been raised by various parties about BP not raising these issues at an earlier date. Sir, you're likely aware of the -- from other cases of the principles that CCAA proceedings are effectively building blocks and, when parties take steps that are reliant upon prior -- prior orders made, they're entitled to do so on the basis that -- that all participants in that process have an obligation to appear promptly and to -- and to raise concerns. This -- the -- the concept based on *Soundair,* that you are entitled to retrospectively look back on the process, needs to be understood partially in the context of the facts of *Soundair,* which I appreciate, Sir, earlier on you -- you cautioned against, but I think it's important to note, and you have mentioned this in other hearings, as -- as the practice has evolved on some files, it's become more often to seek prior court -- or more common to seek court approval of sales -- sales processes upfront. And *Soundair* was a circumstance in which that was not done, so that was -- it -- it would make very good sense to go back and look at all of the -- all of the steps that had been -- that had been taken by the -- by the Receiver, no there.

Second, I did want to comment on, just for -- for -- just for your information, the materials that the Monitor put before the Court in the hearing before Justice Johnston about the timing of the SISP. So the -- the 45 day period, these were issues that were raised by Mr. Pontin in his -- in -- in his brief and I'm just going to read into the record one paragraph from that report, which was: (as read)

> In the Monitor's view, the 45 day solicitation period under the SISP is reasonable in the -- in the circumstances and sufficient to allow interested parties to perform diligence and submit offers in light of:
>
> 1. The availability of a detailed restructuring terms sheet which precedes the stalking horse purchase agreement, which will assist potential -- potential bidders in preparing and considering their bids; and
>
> 2. The SISP process that will specifically target the oil and gas industry for potential purchasers;
>
> 3. The Monitor's previous experience in a sale of distressed oil and gas assets of similar size and the Monitor's limited review of current market offerings by select oil and gas sales advisors, which have timelines similar to the SISP;
>
> 4. The public and well-known nature of the companies and the locations in which they operate;

I'm going to skip ahead somewhat.

> 5. The -- the need to balance between ensuring that sufficient time is available to attempt to identify a superior transaction; and
>
> 6. Managing the costs of conducting the CCAA proceedings for -- for a further period of time, which excess costs would be borne by stakeholders and require that financing be secured.

So, as you can see, Sir, the Court was made aware of the balancing of interests in this SISP that had to be done. These -- there is -- there is no sale process that is -- that is ever perfect and that is ever going to canvass every inch of the Earth looking for a purchaser, but it doesn't have to be. And in this instance, the Court and BP, had it chose to participate, would have -- would have seen the various competing issues that the Monitor and other stakeholders were trying to balance. And -- and that is why it is -- it is -- the circumstance we're in is -- is almost akin to the bidder-bidder circumstance that -- that you see at the -- at the end of a process, except, of course, BP is not a bidder, but it is -- it is very easy to show up and throw stones when the process is over when you -- when you don't get involved.

So, in light of the comments that have been made by everyone else, I don't intend to go into any further details, except to conclude with the fact that, from the Monitor's perspective, there is -- there is no -- there's no legitimate purpose that is going to be achieved by remarketing these assets. Not only does the company not have the liquidity to do that, as the Monitor indicated in the second report, its view is there's likely no better offer available and the request from -- from BP, frankly, has the appearance of an attempt to leverage a better outcome for -- for itself, which is a -- which is -- which is a concern because it will be the estate and stakeholders that would -- that would bear that brunt.

So, in closing, Sir, the Monitor is supportive of the applicant's application. It has been responsive and has supervised a fair and transparent and fulsome process. I'd be happy to answer any questions.

THE COURT: Thank you, Mr. Oliver.

MR. OLIVER: Thank you.

THE COURT: I don't know if there's any other counsel that want to make submissions? All right. Hearing a deafening silence, I'm just going to go back to Mr. Rosenblat and see if there's anything he wants to add, in particular, a response to 36(6). If you have anything to add with respect to that, that would be helpful. If you're talking, sir, I think you're muted.

MR. ROSENBLAT: Apologies, Justice.

THE COURT: Not a problem.

Submissions by Mr. Rosenblat (Reply)

MR. ROSENBLAT: To -- to echo and build a little bit on what Mr. Zahara mentioned earlier, as well as my points, no one disputes what 36(6) says, but it's quite clear, in my submissions, that that is specific to proceeds and that the characterization of an assumed liability as consideration and, in turn, something to which a lien should attach and through that somehow require that there be an assumption of liabilities in order of priority is simply not what the provision says. You know, I made the point earlier about, you know, if that was the case, you, just as a practical matter, could not have any of these deals succeed because quite often you will need to take unsecured debt on, to use my example again, assumed contracts.

And then I'll make, you know, a somewhat obvious point, but to -- but to bring it all

together, no one disputes that if, you know, what -- what Mr. Pontin had described as the $55 million dollar floor, which again I'll caveat with saying that isn't technically right, but if $55 million of cash was received, nobody disputes that that cash would flow through the waterfall. It would go through the debt and then what remained after that would be paried between -- you know, paried at thereafter in terms of priority. This just simply is not cash proceeds and it's not something coming in that can have a lien attached to it.

THE COURT: Okay. Anything else?

MR. ROSENBLAT: That's it from me, Justice.

Decision

THE COURT: Okay. Thank you. Okay. Let me start by -- well, first, thank you for your submissions. I just want to make one comment at the outset and that is that there is some concern with respect to the allegation of being non-responsive and the fact that, for example, the Monitor did not respond to an enquiry with respect to this matter. Mr. Oliver has addressed that. And I think in fairness to Mr. Pontin, he can correct me if I am wrong, but Mr. Pontin is only providing this Court with information that he was provided and that, in fact, if the representation that he made through his client is inaccurate, in other words, that there actually was compliance on the part of Monitor -- strict compliance on the part of the Monitor, I am not sure that Mr. Pontin is saying that himself. I think that is information coming from his client and nobody is suggesting that Mr. Pontin is accusing the Monitor, or anyone involved in this process, of wrongdoing by ignoring the process. He is only reflecting information that was received by his client. I just need to make that very clear on the record because I am not sure that anybody is questioning the integrity of the Monitor's activities with respect to this matter. It is doing what it is statutorily required to do and I don't think anybody is questioning that or its integrity.

What's important, as you can tell from my questioning with respect to this, is the knowledge that BP had of this process. And I had a concern when I first got Mr. Pontin's materials with respect to that because, if indeed BP was not aware of this process really from the outset, then there would be a concern. In other words, if they were stuck back in a back room and never advised of anything that was going on, that would be of a huge concern to me, but it appears to me that BP has been made aware throughout this process of what is going on. It was aware, at the very least, of the stalking horse term sheet which contained the necessary details of the stalking horse offer and so it was aware of what was going to happen and where it was going to go. And the concern I have is that these issues were not raised until, at least on my desk, until about an hour and 45 minutes before this hearing this morning. I know that Mr. Pontin provided this to the commercial coordinator late yesterday, but I did not receive the materials until this morning.

So I guess the question that I have and the one that's sort of wallowing around in my mind is why wasn't something said sooner? And I think Mr. Pontin has sort of told me why, but that, to my mind, is of a great deal of concern to me because, if your interest in a particular transaction is going to be of some concern to you to the point where you would pay a lawyer to provide extensive materials and sound, very good argument with respect to it, then why wasn't this brought up when this matter was brought before Madam Justice Johnston or even before that, when the party was aware of the term sheet of the stalking horse bid? That, to my mind, does not sit quite well with me and I am quite a bit concerned about that.

Mr. Rosenblat has made very sound argument with respect to the fact that, although the transaction may smell of roll-up, in fact, it's not. On a de facto basis, it is not a roll-up, it is something completely different because in this instance the stalking horse bidder is not paying cash and rolling up the amounts that were previously owed to the Summit Group. It is simply assuming that obligation and whether that eventually gets paid is a question that will be determined sometime in the future, but certainly not now.

The parties in favour of this particular transaction have expressed the view that the SISP order is final. And it is a final order, it was not appealed. That's why I asked Mr. Pontin at the outset whether this was appealed because, again, this is all part of knowledge and the fact that the party, his client, BP, was aware of both the transaction and then the SISP order leads me to believe that they didn't really have an interest in challenging what was going to move forward on the basis of this transaction and so it is a final order, it was not appealed and therefore this Court has to abide by an order which was granted, although it's not a question of judicial comedy, it's a question of practicality and what we are dealing with in front of us today, which is a binding order. And so the SISP order is a binding order and it appears to me, from the materials that have been provided, the Monitor and all involved parties, including the debtor corporation, has complied with the provisions of the SISP.

Section 36(6) of the *Companies' Creditors Arrangement Act,* counsel has made argument that this particular provision deals primarily with proceeds. If there is money in, certainly the interests of secured creditors have to be recognized. This is not a money in process. This is not a transaction that reflects it and therefore the subsection 36(6) really does not apply to this particular transaction and, if it did, it is not -- whoever's got their phone -- could everybody please mute while this is going on because I'm getting a very loud noise banging in my ears.

So it's not apropos to this transaction because we are not dealing with cash in. This is a credit deal and it's something completely different from that and there's probably good reason why there is very little case law with respect to this.

I think Mr. Zahara made a very important point with respect to this transaction. That very important point is, this is not just one deal, it's part of a bigger deal. In other words, it's part of the entire transaction, entire structure of this *Companies' Creditors Arrangement Act* proceeding. The offer by the stalking horses did not just include their offer. This is not a third party coming in. It is an interested party because it was the one that provided the interim financing. Part of that interim financing was dealt with in Madam Justice Johnston's previous orders and, again, the interim financing was part of a bigger -- I'm sorry, the transaction involving the stalking horse was part of a bigger transaction that involved the entirety of this proceeding. And so to say that this is a unique offer with a unique aspect to it, being the stalking horse only, and we can look at that in a silo, is incorrect in my respectful opinion. It is part of a larger transaction. And Mr. Zahara made the representation, which I accept, that the stalking horse bidder would not have made that bid if it wasn't part of the entire transaction that was involved in this case.

Mr. Zahara also pointed me to the case of *White Birch Paper Holding Company,* which is a Quebec case. And in particular, he referred me to paragraphs 37 to 42, which I think applies squarely to the case at bar. This is a situation where the BP Group was aware of what was going on and at the 11th hour they are seeking to skuttle what has been going on for the past several months. *White Birch* is completely on point with respect to what is before this Court and I apply the principles articulated by the Court in that case.

So, as a result, I am approving of the order as provided, but I do have some minor points that I want to raise with Mr. Rosenblat, or minor questions, more than that. Just for clarification purposes, could you explain to me the environmental liability issue, because paragraph 2.4 seems to conflict with 2.5. Like how are the environmental liabilities dealt with because we, in Alberta, are particularly concerned with the environmental liabilities as they relate to these types of assets, and I'm sure that Wyoming feels the same way.

MR. ROSENBLAT: Certainly, Justice. And I'm just moving to the provisions myself, but I know that these were designed specifically with that concern in mind. In -- in negotiating the purchase agreement, we were obviously aware of, you know, this Court's concerns with respect to environmental liabilities and the *Redwater* issues.

In consulting with our US counsel, as well as Summit's US counsel, we understood that the ability to effectively vest off environmental liabilities, and the standard in the US is different from the standard in Alberta, and that would be before you. And so, really, this was engineered to put you in a position where, when considering this deal, you knew that nothing in that was at risk of overstepping what would be permitted. There are no operations in Canada, really, what would trigger those environmental liabilities, the primary oil and gas assets are in Wyoming and so the structure is really -- and -- and I'll

refer you to a section here -- sorry, I'm just -- I thought I had the section. Yes. So -- so the -- the structure here is that the environmental liabilities, which this is speaking to, are really US ones that wouldn't be subject to the *Redwater* principles and then, as a matter of recognition, we understand that, to the extent there would be any issues from a public policy or chapter 15 perspective, if any, those would be raised in the context of the recognition.

THE COURT: Okay. But there is compliance with the Wyoming laws is my concern because certainly, if there isn't, by virtue of this agreement, compliance with the Wyoming laws, then I'm not sure that even though this is the main proceeding that we can sort of override the Wyoming legislation.

MR. ROSENBLAT: Sure. Thank you, Justice. And I realize now I was looking at the wrong provision when I was making that point. It's actually section 2.5 where we specifically engineered it to speak to the Wyoming laws. If you look at 2.5(a), and this is the definition of excluded liability, so ultimately what we're seeking to have vested off, you'll see a caveat at the end that says: (as read)

> Notwithstanding the inclusion of environmental liabilities in the lead-in, that it is qualified with to the extent permitted by applicable law pursuant to the laws of the state where the applicable purchased assets are located.

And so the --

THE COURT: Okay.

MR. ROSENBLAT: -- the concept being, obviously, we -- we wouldn't ask you to make a determination of Wyoming law, but we've engineered it so that, if you're inclined to approve of this transaction, you wouldn't be at risk of stepping beyond applicable law because it's quite clear that what's being vested out is qualified with that limitation.

THE COURT: Okay. And I assume then that if ultimately let's say Alberta law is changed, then there would have to be compliance with Alberta law pursuant to that provision, correct?

MR. ROSENBLAT: I would just, to -- to be candid, qualify that with, yes, to the extent Alberta law is applicable, but I just don't believe in this case, given the location of the assets, that that's likely to occur, but, of course, if it is applicable, would operate as you've described.

THE COURT: Sure. All it would take is one well.

MR. ROSENBLAT: Yeah.

THE COURT: Right?

MR. ROSENBLAT: Exactly.

THE COURT: And I guess the concern, or not the concern, what I'm raising is you're saying pursuant to the laws of the state and I don't think that -- it's not a capital 'S' state, I'm assuming that you're referring to state in the conflict of laws situation where state is basically any entity, government --

MR. ROSENBLAT: Exactly. That wasn't intended to limit the scope of applicable law to the extent that the law is applicable as the law of whatever jurisdiction. In Canada, the US, or otherwise, it -- it would be caught.

THE COURT: Okay. Can you explain to me, Mr. Rosenblat, just give me a high-level explanation of how the Southwestern Production Corp. transaction is working? Like that seems to be kind of an outlier to this whole transaction and it seems that it may be part of it, or it may not be part of it, but I just need to know just generally --

MR. ROSENBLAT: Certainly.

THE COURT: -- what's going on there.

MR. ROSENBLAT: Certainly. So -- so the issue really there is that the Southwestern entity is party to certain contacts and holds certain permits. The purchaser would prefer to acquire those the same way that it's acquiring all the other assets within the group, i.e., by way of an asset sale. As part of the diligence that was being completed during the negotiation of the purchase agreement, there was some concern raised by the company that certain of those permits and assets held by the Southwestern entity may not be capable of getting transferred in a reasonable time. And so the concept is that, to the extent it can be by the intended closing, it would be the purchaser's preference to continue in that way but, if not, this is really a mechanism to avoid needing to, you know, delay closing or putting the transaction at risk because it allows the benefit of the assets within that entity, i.e., the permits, the contracts, the licences, to be transferred, despite those potential delays if it were to be transferred from the entity rather than the entity holding them being transferred.

THE COURT: Can they be? In other words, because there's some discussion here about an equity purchase with respect to Southwest, so would that the way around it, as opposed to purchasing the assets to be -- the purchaser would be purchasing the entity or the equity in the entity to avoid that --

MR. ROSENBLAT: Yes.

THE COURT: -- regulatory problem?

MR. ROSENBLAT: Exactly. I would describe it as a regulatory delay, but -- but, yes, Justice.

THE COURT: Okay. So that's why there's that little bit of an outlier with respect to that, but it's not anything of great substance. It's just how vested --

MR. ROSENBLAT: Exactly.

THE COURT: -- (INDISCERNIBLE) this transaction. Okay. All right.

There is one nit and I have to say, this was -- I started reading the agreement and it confused me right at the outset and I just need you to correct it, if you don't mind. Oh, no. It's the preamble to the order. And this is sounding like a real nit thing, but I just need you to separate out the applicants from the Summit Group because I found it a bit confusing that sort of one ran into the other. Just give me a second so I can find it.

Yes. The first preamble. If you put in the fourth line, "by and amongst certain applicants as", I don't know, "as vendors and Summit partners et cetera as purchasers". I was running the applicants into Summit partners and it confused me and it doesn't take a lot to confuse me, but that did, so if you could just separate that out, that would be helpful.

MR. ROSENBLAT: Certainly. We'll -- we'll revise that.

THE COURT: Okay. Are there any other comments, or questions, or concerns that you wanted to raise today?

MR. ROSENBLAT: Nothing from me, Justice.

THE COURT: Okay. Mr. Pontin just turned his lights on, so, Mr. Pontin?

MR. PONTIN: Nothing of substance to the order. I understand that is as announced. I just wanted to say my appreciation for the Court's recognition that my submissions regarding the sale process were, in fact -- I was relaying the evidence in the Anderson affidavit. I was not, of course, making any commentary on the integrity of any of the professionals engaged and I appreciated that you did make that clear and, of course, I just wanted to express my appreciation among my colleagues at bar.

THE COURT: All right. No, I appreciate that. You've been in front of me enough for me to know that, Mr. Pontin, so thank you.

All right. Anything else? Mr. Rosenblat, are you going get me a copy of the order back?

MR. ROSENBLAT: Yes, Justice.

THE COURT: Is there only one order? Just a second, there's the -- sorry. Okay. So there's the approval and vesting order. And the stay extension, is that going to be included in the order or is it going to be a separate order?

MR. ROSENBLAT: It's a separate order. You should have it as schedule E to the -- to the application. And I think I may have mentioned it before, but to say it again, the -- the date there, June 7th, that's based on the target closing date of May 31st, with one week added in for buffer.

THE COURT: Okay. Good luck with that. Okay. It might be worthwhile for you to send me clean copies of the orders. Send them through the commercial coordinator. I've found, actually, and Mr., you know, Oliver, Mr. Zahara and Mr. Pontin are aware of the fact that I am always confused as to where the actual orders go. They always seem to disappear on me and they show up in the most unusual places. So if you'll send them through the commercial coordinator, she will send them on to me, I will sign them immediately and get them back to you, so you can move on with this. All right?

MR. ROSENBLAT: Thank you very much, Justice.

THE COURT: Now, is there anything else before we adjourn for the day? Okay. With that, I look forward to receiving the redraft of the actual order and then the extension of the stay order from me. All right? Great. Thank you, counsel. appreciate your submissions.

MR. ZAHARA: Thank you.

MR. OLIVER: Thank you, Justice.

THE COURT CLERK: Order in court.

MR. PONTIN: Thank you, Sir.

The Parties acknowledge that the acquisition of such Customary Post-Closing Approvals shall not be a condition precedent to Closing. With reasonable cooperation from the COPL Entities, the Purchasers, at the Purchasers' sole cost and expense, shall use commercially reasonable efforts to provide any and all financial assurances, deposits, proof of insurance, security, or other deliverables and actions that may be required by Governmental Authorities or any third parties pursuant to the terms of the Assigned Contracts or Applicable Laws to permit the transfer of the Purchased Assets, including the Assigned Contracts, to the Purchasers; provided that the COPL Entities shall cooperate with and use commercially reasonable efforts to assist the Purchasers in the obtaining of such deliverables and actions to the extent that the cooperation of the COPL Entities does not unreasonably delay wind-up of the COPL Entities after Closing. Without limiting the generality of the foregoing, the Parties shall: (i) give each other reasonable advance notice of all meetings or other oral communications with any Governmental Authority relating to the Transaction Regulatory Approvals and provide as soon as practicable but in any case, if any, within the required time, any additional submissions, information and/or documents requested by any Governmental Authority necessary, proper or advisable to obtain the Transaction Regulatory Approvals; (ii) not participate independently in any such meeting or other oral communication without first giving the other Party (or their outside counsel) an opportunity to attend and participate in such meeting or other oral communication, unless otherwise required or requested by such Governmental Authority; (iii) if any Governmental Authority initiates an oral communication regarding the Transaction Regulatory Approvals, promptly notify the other Party of the substance of such communication; (iv) subject to Applicable Laws relating to the exchange of information, provide each other with a reasonable advance opportunity to review and comment upon and consider in good faith the views of the other in connection with all written communications (including any filings, notifications, submissions, analyses, presentations, memoranda, briefs, arguments, opinions and proposals) made or submitted by or on behalf of a Party with a Governmental Authority regarding the Transaction Regulatory Approvals; and (v) promptly provide each other with copies of all written communications to or from any Governmental Authority relating to the Transaction Regulatory Approvals.

(d) Each of the Parties may, as advisable and necessary, reasonably designate any competitively or commercially sensitive material provided to the other under this Section 7.2 as "Outside Counsel Only Material", provided that the disclosing Party also provides a redacted version to the receiving Party. Such materials and the information contained therein shall be given only to the outside legal counsel of the recipient and, subject to any additional agreements between the Parties, will not be disclosed by such outside legal counsel to employees, officers or directors of the recipient unless express written permission is obtained in advance from the source of the materials or its legal counsel.

(e) Subject to Purchasers' obligations to promptly file submissions pertaining to Customary Post-Closing Approvals and to provide any and all financial assurances, deposits, proof of insurance, security, or other deliverables and actions that may be required by Governmental Authorities or any third parties pursuant to the terms of the Assigned Contracts or Applicable Laws to permit the transfer of the Purchased Assets, including the Assigned Contracts, to the Purchasers, the obligations of the Parties to use commercially reasonable efforts to obtain the Transaction Regulatory Approvals does not require the Purchasers (or any Affiliate thereof) to initiate, commence, contest or resist any commenced, threatened, or foreseeable proceeding that would reasonably be expected to seek to prevent, materially impede or materially delay the consummation of the transactions contemplated by this Agreement, or to offer, accept or agree to: (i) the sale, divestiture, licensing, or disposition of any part of the businesses or assets of the Purchasers or their Affiliates or of the Purchased Assets; (ii) the termination of any existing contractual rights, relationships and obligations, or entry into, or amendment of, any such contractual arrangements; (iii) the taking of any action that, after consummation of the transactions contemplated by this Agreement, would limit the freedom of action of, or impose any other requirement on the Purchasers or the COPL Entities with respect to the operation of their or their Affiliates' businesses or assets; or (iv) any other remedial action in order to obtain the Transaction Regulatory Approvals that would be detrimental to the Purchasers or their Affiliates.

7.3 Covenants Relating to this Agreement

(a) Each of the Parties shall perform all obligations required to be performed by the applicable Party under this Agreement, co-operate with the other Parties in connection therewith and do all such other acts and things as may be necessary or desirable in order to consummate and make effective, as soon as reasonably practicable and prior to the Outside Date, the transactions contemplated by this Agreement and, without limiting the generality of the foregoing, from the date hereof until the earlier of (x) the Closing Date and (y) the termination of this Agreement pursuant to Article 9, each Party shall and, where appropriate, shall cause each of its Affiliates to:

(i) negotiate in good faith and use its commercially reasonable efforts to take or cause to be taken all actions and to do, or cause to be done, all things

necessary, proper or advisable to satisfy the conditions precedent to the obligations of such Party hereunder (including, where applicable, negotiating in good faith with the applicable Governmental Authorities and/or third Persons in connection therewith), and to cause the fulfillment at the earliest practicable date of all of the conditions precedent to the other Party's obligations to consummate the transactions contemplated hereby; and

(ii) not take any action, or refrain from taking any action, or permit any action to be taken or not taken, which would reasonably be expected to prevent, materially delay or otherwise impede the consummation of the transactions contemplated by this Agreement.

(b) From the date hereof until the Closing Date, the Purchasers hereby agree, and hereby agree to cause their representatives to, keep the COPL Entities informed on a reasonably current basis, and no less frequently than on a weekly basis through teleconference or other meeting, and as reasonably requested by the COPL Entities or the Monitor, as to the Purchasers' progress in terms of the satisfaction of the conditions precedent contained herein.

(c) From the date hereof until the Closing, the COPL Entities hereby agree, and hereby agree to cause their representatives to, keep the Purchasers informed, as reasonably requested by the Purchasers or the Monitor, as to the COPL Entities' progress in terms of the satisfaction of the conditions precedent contained herein.

(d) The COPL Entities and the Purchasers agree to execute and deliver such other documents, certificates, agreements and other writings, and to take such other actions to consummate or implement as soon as reasonably practicable, the transactions contemplated by this Agreement.

(e) From the date hereof until the earlier of (x) the Closing Date and (y) the termination of this Agreement pursuant to Article 9, the COPL Entities hereby agree, and hereby agree to cause their representatives to, promptly notify the Purchasers of (i) any event, condition, or development that has resulted in the inaccuracy in a material respect or material breach of any representation or warranty, covenant or agreement contained in this Agreement, or (ii) any Material Adverse Effect occurring from and after the date hereof prior to the Closing Date.

(f) The COPL Entities and the Purchasers agree to use commercially reasonable efforts to timely prepare and file all documentation and pursue all steps reasonably necessary to obtain any material third-party Consents and Approvals as may be required in connection with the transaction contemplated by this Agreement.

(g) The COPL Entities shall prepare and deliver to Purchasers all documents contemplated herein that are required to be delivered by any COPL Entity to the Purchasers at or prior to the Closing and take all actions required to be taken by

each COPL Entity at or prior to the Closing, which shall be in Purchasers' reasonable satisfaction.

7.4 Conduct of Business

Except (x) for emergency operations (for which the COPL Entities shall give prompt notice to Purchasers), or (y) as expressly required by this Agreement or expressly consented to in writing by Purchasers, such consent not to be unreasonably withheld:

(a) The COPL Entities agree that from and after the date hereof until Closing, the COPL Entities will:

(i) subject to any interruptions resulting from force majeure, mechanical breakdown and planned maintenance, maintain or cause its Affiliates to maintain the Purchased Assets in the usual, regular and ordinary manner consistent with past practice, including to maintain and not let terminate or expire, any Lease;

(ii) give written notice to Purchasers as soon as is practicable of any material damage or casualty to or destruction or condemnation of any of the Purchased Assets of which the COPL Entities have knowledge;

(iii) notify Purchasers of any election that the COPL Entities or its or their Affiliates is required or has the right to make under any joint operating agreement, marketing or purchase contract, area of mutual interest agreement or farmout agreement, specifying the nature and time period associated with such election; and

(iv) act in accordance with any and all orders of the Bankruptcy Court and CCAA Court.

(b) The COPL Entities agree that from and after the date hereof until Closing, the COPL Entities will not:

(i) except for operations undertaken to avoid (or as a result of) any order of a Governmental Authority, propose any new operations with respect to the Purchased Assets or agree to participate in any new operations with respect to the Purchased Assets, in each case, that is reasonably expected to result in expenditures greater than $50,000 with respect to the COPL Entities' interest in such Purchased Assets;

(ii) subject to Section 7.4(b)(i), become a non-consenting party to any operation proposed by a third party;

(iii) terminate (unless such instrument terminates pursuant to its express terms), release, waive any rights or materially amend the terms of any Lease, Permit

or Assigned Contract (or any Contract that could become an Assigned Contract);

(iv) settle or initiate any suit or litigation or waive any material claims, in each case, attributable to the Purchased Assets and affecting the period after the Effective Time; or

(v) authorize, agree or commit to do any of the foregoing.

For the avoidance of doubt, the pendency of the U.S. Proceedings and CCAA Proceedings and any actions required to be taken, or not taken, by the COPL Entities pursuant to an order of the Bankruptcy Court or CCAA Court, as applicable, in connection with such proceedings shall in no way be deemed a breach of this Section 7.4(b).

7.5 As is, where is

The Purchasers acknowledge that, subject to the representations and warranties set out herein (including for the avoidance of doubt, Section 4.7), the COPL Entities are selling the Purchased Assets on an "**as is, where is**" basis as they shall exist on the Closing Date and that, as of the date of this Agreement, the Purchasers have had an opportunity to conduct any and all due diligence regarding the Purchased Assets, the Business, the Environmental Liabilities of the COPL Entities and the Assumed Liabilities and that they have relied solely on their own independent review, investigation, and/or inspection of any documents and/or other materials regarding the COPL Entities, the Purchased Assets, the Business, the Environmental Liabilities and the Assumed Liabilities. Any information provided to the Purchasers describing the Purchased Assets, the Business, the Environmental Liabilities of the COPL Entities and the Assumed Liabilities has been prepared solely for the convenience of prospective purchasers and is not warranted to be complete, accurate or correct except to the extent of the representations and warranties of the COPL Entities set forth in Article 4. Unless specifically stated herein, the Purchasers acknowledge that they did not rely on any written or oral statements, representations, promises, warranties, conditions or guaranties whatsoever, whether express, implied, by operation of law or otherwise, regarding the COPL Entities, the Business, the Purchased Assets, the Environmental Liabilities of the COPL Entities or Assumed Liabilities or the completeness of any information provided in connection therewith or in any instrument furnished in connection with this Agreement including, without limitation, the respective rights, titles and interests of the COPL Entities, if any, in the Purchased Assets. This Section shall not merge on the Closing Date and is deemed incorporated by reference in all documents delivered pursuant to the terms of this Agreement.

7.6 Tax Matters

(a) For purposes of the definitions of "Assumed Liabilities" and "Excluded Liabilities", the COPL Entities shall be allocated and bear all Asset Taxes attributable to any Tax period ending prior to the Effective Time and the portion of any Straddle Period ending immediately prior to the Effective Time, and the Purchasers shall be allocated and bear all Asset Taxes attributable to any Tax period beginning on or after the Effective Time and the portion of any Straddle Period

beginning on the Effective Time. For purposes of determining the allocations described in this Section (a):

(i) Asset Taxes attributable to the severance or production of Hydrocarbons (including Wyoming Oil and Gas Ad Valorem Taxes, but not including Asset Taxes described in clause (iii) of this Section (a) below), shall be allocated to the Tax period or portion thereof in which the severance or production giving rise to such Asset Taxes occurred (for example, Wyoming Oil and Gas Ad Valorem Taxes for the 2024 Tax period that are based upon or measured by the severance or production of Hydrocarbons from the Purchased Assets in 2023 shall be allocated entirely to COPL Entities regardless of when such Asset Taxes are assessed or paid, and Wyoming Oil and Gas Ad Valorem Taxes for the 2025 Tax period that are based upon or measured by the severance or production of Hydrocarbons from the Purchased Assets in 2024 shall be allocated to COPL Entities to the extent the applicable severance or production of such Hydrocarbons upon which such Asset Taxes are based occurred prior to the Effective Time, on the one hand, and allocated to Purchasers to the extent the applicable severance or production of such Hydrocarbons upon which such Asset Taxes are based occurred on or after the Effective Time, on the other hand);

(ii) Asset Taxes that are based upon or related to sales or receipts or imposed on a transactional basis (other than such Asset Taxes described in clause (i) or (iii) of this Section 7.6(a)), shall be allocated to the Tax period or portion thereof in which the transaction giving rise to such Asset Taxes occurred; and

(iii) Asset Taxes that are ad valorem, property or other Asset Taxes imposed on a periodic basis (excluding Wyoming Oil and Gas Ad Valorem Taxes, which are described in clause (i) of this Section 7.6(a)) pertaining to a Straddle Period shall be allocated between the portion of such Straddle Period ending immediately prior to the Effective Time and the portion of such Straddle Period beginning on the Effective Time by prorating each such Asset Tax based on the number of days in the applicable Straddle Period that occur before the Effective Time, on the one hand, and the number of days in such Straddle Period that occur on or after the Effective Time, on the other hand.

(b) The Purchasers and the COPL Entities agree to furnish or cause to be furnished to each other, as promptly as reasonably practicable, such information and assistance relating to the Purchased Assets and the Assumed Liabilities as is reasonably necessary for the preparation and filing of any Tax Return, claim for refund or other required filings relating to Tax matters, for the preparation for and proof of facts during any Tax audit, for the preparation for any Tax protest, for the prosecution of

any suit or other proceedings relating to Tax matters and for the answer to any governmental or regulatory inquiry relating to Tax matters.

(c) The Purchasers and the COPL Entities shall each be responsible for the preparation of their own Tax Returns required to be filed under Applicable Law in respect of the Purchased Assets. The COPL Entities agree to prepare in a manner consistent with their past practice and file (or cause to be filed) all Tax Returns relating to Asset Taxes due prior to the Closing Date and pay all Asset Taxes set forth thereon. After the Closing Date, the Purchasers shall (1) be responsible for paying any Asset Taxes for any (A) Tax period that ends before the Effective Time or (B) Straddle Period, in each case, that become due and payable after the Closing Date and shall file with the appropriate Governmental Authority any and all Tax Returns required to be filed after the Closing Date with respect to such Asset Taxes, (2) submit each such Tax Return to COPLA Parent for its review and comment reasonably in advance of the due date therefor, and (3) timely file any such Tax Return, incorporating any reasonable comments received from COPLA Parent at least five (5) Business Days prior to the due date therefor; provided that the COPL Entities shall pay to Purchasers the amount of any Asset Taxes shown as payable on such Tax Returns that are allocated to the COPL Entities pursuant to Section (a) at least five (5) Business Days prior to the due date therefor. The Parties agree that (A) this Section (c) is intended solely to address the timing and manner in which certain Tax Returns relating to Asset Taxes are filed and the Asset Taxes shown thereon are paid to the applicable Governmental Authority, and (B) nothing in this Section (c) shall be interpreted as altering the manner in which Asset Taxes are allocated to and economically borne by the Parties.

(d) The Purchasers shall be responsible for and shall pay, or cause to be paid, any Transfer Tax in respect of the purchase and sale of the Purchased Assets under this Agreement (other than any Transfer Taxes that are not required to be paid under the CCAA, the U.S. Bankruptcy Code, or any other Applicable Law) and such Transfer Tax shall be remitted to the appropriate Governmental Authority as provided for under Applicable Law (except any Transfer Tax which, under Applicable Law, is collectible by the COPL Entities, in which case such Transfer Tax shall be collected by the applicable COPL Entity and remitted by the COPL Entity to the appropriate Governmental Authority as provided for under the Applicable Law but, for the avoidance of doubt, the Purchasers shall remain economically responsible for and shall pay to or reimburse, or cause to be paid or reimbursed, as the case may be, the COPL Entities for any such Transfer Tax). For the avoidance of doubt any Transfer Taxes in connection with the Implementation Steps are covered by this Section 7.6(d) and shall be borne by the Purchasers. The COPL Entities and the Purchasers shall reasonably cooperate to mitigate and/or eliminate the amount of Transfer Taxes resulting from the transactions contemplated herein (provided, for the avoidance of doubt, this shall not require the parties to structure the transactions in a manner eligible for the benefits of Section 1146(a) of the U.S. Bankruptcy Code).

(e) Prior to Closing, the COPL Entities shall promptly notify Purchasers in writing of any proposed assessment or the commencement of any Tax audit or administrative or judicial proceeding or of any demand or claim with respect to Taxes with respect to the Purchased Assets.

(f) If, at any time after the Closing Time, a Party determines, or becomes aware that an "advisor" (as is defined for purposes of section 237.3 or section 237.4 of the Tax Act) has determined, that the transactions contemplated by this Agreement are or would be subject to the reporting requirements under section 237.3 or the notification requirements under section 237.4 of the Tax Act (in this Section 7.6(f), the "**Disclosure Requirements**"), the Party will promptly inform the other Party of its intent, or its advisor's intent, to comply with the Disclosure Requirements and the Parties will cooperate in good faith to determine the applicability of such Disclosure Requirements. In the event that, following such cooperation, it is ultimately determined that any Party is required to file any applicable information, return, notification and/or disclosure in accordance with the Disclosure Requirements (in this Section 7.6(f), in each case, a "**Mandatory Disclosure**"), each Party required to file a Mandatory Disclosure (in this Section 7.6(f), a "**Disclosing Party**") shall submit to the other Party a draft of such Mandatory Disclosure at least 30 days before the date on which such Mandatory Disclosure is required by Applicable Law to be filed, and such other Party shall have the right to make reasonable comments or changes on such draft by communicating such comments or changes in writing to the Disclosing Party at least 15 days before the date on which such Mandatory Disclosure is required by Applicable Law to be filed. The Disclosing Party shall consider in good faith any such comments or changes proposed by the other Party and shall incorporate such comments or changes which the Disclosing Party determines are reasonable and in accordance with Applicable Law.

(g) From the date hereof until the Closing, the COPL Entities shall not make or change any material Tax election with respect to Asset Taxes, change or adopt any material accounting policies or practices (including any Tax accounting methods, policies, or practices) with respect to Asset Taxes, file any amended material Tax Return with respect to Asset Taxes, enter into any closing agreement in respect of any Asset Taxes, settle any material Tax claim, assessment or other audit or Tax action with respect to Asset Taxes, surrender any right to claim a refund of material Asset Taxes, consent to any extension or waiver of the limitation period applicable to any Asset Tax claim or assessment, incur any material liability for Asset Taxes outside the ordinary course of business, fail to pay any Asset Tax that becomes due and payable (including any estimated Tax payments), prepare or file material Tax Return with respect to Asset Taxes in a manner inconsistent with past practice, or take any other similar action relating to the filing of any Tax Return with respect to Asset Taxes or the payment of any Asset Tax, in each case, other than as required by Applicable Law.

7.7 Certain Payments or Instruments Received from Third Persons

(a) Until the first (1st) anniversary of the Closing Date, subject to and in accordance with Section 7.7(c), to the extent that, after the Closing Date: (a) the Purchasers or any of their Affiliates receives any payment that is for the account of the COPL Entities according to the terms of any Closing Document, the Purchasers shall, and shall cause their Affiliates to, promptly deliver such amount or instrument to the applicable COPL Entity; or (b) any of the COPL Entities or any of their Affiliates receives any payment that is for the account of the Purchasers, any COPL Entity or a Subsidiary of a COPL Entity according to the terms of any Closing Document or that relates to the Business, such COPL Entity shall promptly deliver such amount to the Purchasers.

(b) All amounts due and payable under this Section 7.7 shall be due and payable by the applicable Party in immediately available funds, by wire transfer to the account designated in writing by the relevant Party. Notwithstanding the foregoing, each Party hereby undertakes to use its commercially reasonable efforts to direct or forward all bills, invoices or like instruments to the appropriate Party.

(c) Except as otherwise expressly provided in this Agreement, (i) the COPL Entities shall remain entitled to all of the rights of ownership (including the right to all production, proceeds of production and other proceeds, if any) and shall remain responsible for all costs and expenses, in each case attributable to the Purchased Assets for the period of time prior to the Effective Time, (ii) and subject to the occurrence of the Closing, the Purchasers shall be entitled to all of the rights of ownership (including the right to all production, proceeds of production and other proceeds) attributable to the Purchased Assets for the period of time from and after the Effective Time, and shall be responsible for all costs and expenses attributable to the Purchased Assets for the period of time from and after the Effective Time.

7.8 Release by the Purchasers and the Credit Facility Agent

Except in connection with any obligations of the COPL Entities or the Monitor contained in this Agreement or any Closing Documents, effective as of the Closing, each Purchaser and the Credit Facility Agent hereby releases and forever discharges the COPL Entities, the CRO, the Monitor and their respective Affiliates, and each of their respective successors and assigns, and all officers, directors, partners, members, shareholders, limited partners, employees, agents, financial and legal advisors of each of them, from any and all actual or potential Released Claims which such Person had, has or may have in the future to the extent relating to the Purchased Assets or the Assumed Liabilities, save and except for Released Claims arising out of (a) fraud or willful misconduct or (b) the Excluded Liabilities.

7.9 Release by the COPL Entities

Except in connection with any obligations of each Purchaser and the Monitor contained in this Agreement or any Closing Documents, effective as of the Closing, and subject to the Initial

CCAA Order, the COPL Entities hereby release and forever discharge each Purchaser, the Credit Facility Agent, the CRO, the Monitor and their respective Affiliates, and each of their respective successors and assigns, and all officers, directors, partners, members, shareholders, limited partners, employees, agents, financial and legal advisors of each of them, from any and all actual or potential Released Claims which such Person had, has or may have in the future to the extent relating to the Purchased Assets, the Assumed Liabilities, the Excluded Assets or the Excluded Liabilities, save and except for Released Claims arising out of fraud or willful misconduct.

7.10 Employees

Within five Business Days after the date hereof, the COPL Entities shall provide Purchasers with a list containing the name, position, exempt or non-exempt status and location of those current Business Employees, and the base salary or hourly wage rate and any target annual incentive applicable to each such Business Employee. The Purchasers shall, in their sole discretion, have the option, but not the obligation, to offer employment as of the Closing Date to such Business Employees as it determines (the "**Offered Employees**") on terms and conditions to be determined in Purchasers' sole discretion. Not later than ten Business Days prior to the Closing Date, the Purchasers shall provide COPL Entities with a list of the material terms (including compensation details, position and location of employment) of each such offer made to each Business Employee. Within five Business Days after the date hereof and until the Closing Date, COPL Entities shall use its best efforts to provide the Purchasers reasonable access to the Business Employees for the sole purpose of interviewing such Business Employees and discussing employment with the Purchasers. The Purchasers may directly communicate any offer of employment to a Business Employee; *provided, however*, that the Purchasers will notify COPL Entities prior to contacting any such Business Employee. Each Offered Employee who accepts the Purchasers' offer of employment and actually commences employment with the Purchaser shall be referred to as a "**Continuing Employee**". Prior to the Closing Date, the COPL Entities shall waive, effective as of the Closing Date, any restrictions otherwise applicable to a Continuing Employee pursuant to any agreement or other arrangement between the COPL Entities or any of their Affiliates and such Continuing Employee, which would restrict or otherwise prevent such Continuing Employee from accepting or commencing employment with the Purchasers. For the avoidance of doubt, the COPL Entities and the Purchasers are not, and do not intend to be, joint employers at any time, and nothing herein may be construed as creating a joint employer relationship between the COPL Entities and the Purchasers.

7.11 Purchase of Equity

No later than two Business Days prior to the scheduled Closing Date, the Purchasers, in their sole discretion, may elect by written notice to the COPL Entities to acquire one hundred percent (100%) of the equity of SWP (the "**Equity Purchase Option**") for no additional consideration. If the Purchasers elect the Equity Purchase Option, the applicable COPL Entities shall execute and deliver a mutually agreeable assignment (the "**SWP Assignment**") of all of the equity interests of SWP (the "**SWP Interests**") to the Purchasers (or their designated Affiliates) at Closing and any Purchased Assets owned by SWP shall not be conveyed at Closing under the Assignment. For the avoidance of doubt, unless the Purchasers affirmatively elect the Equity

Purchase Option, the Purchased Assets of SWP (rather than the SWP Interests) will be acquired at Closing pursuant to this Agreement.

ARTICLE 8
INSOLVENCY PROVISIONS

8.1 Court Orders and Related Matters

(a) From and after the date of this Agreement and until the Closing Date, the COPL Entities shall deliver to the Purchasers drafts of any and all pleadings, motions, notices, statements, applications, schedules, reports, and other papers to be filed or submitted by any COPL Entity in connection with or related to this Agreement, including with respect to the SISP Order, the Vesting Order, the Vesting Recognition Order, and the SISP Recognition Order, for the Purchasers' prior review at least three (3) days in advance of service and filing of such materials (or where circumstances make it impracticable to allow for three (3) days' review, with as much opportunity for review and comment as is practically possible in the circumstances). The COPL Entities acknowledge and agree (i) that any such pleadings, motions, notices, statements, applications, schedules, reports, or other papers shall be in form and substance satisfactory to the Purchasers, acting reasonably, and (ii) to consult and cooperate with the Purchasers regarding any discovery, examinations and hearing in respect of any of the foregoing, including the submission of any evidence, including witnesses testimony, in connection with such hearing.

(b) Notice of the applications or motions (as applicable) seeking the issuance of the Vesting Order, the Vesting Recognition Order, the SISP Order and the SISP Recognition Order shall be served by the COPL Entities on all Persons required to receive notice under Applicable Law and the requirements of the CCAA, the CCAA Court, the U.S. Bankruptcy Code, the U.S. Bankruptcy Court and any other Person determined necessary by the COPL Entities or the Purchasers, acting reasonably.

(c) Notwithstanding any other provision herein, it is expressly acknowledged and agreed that in the event that (i) the SISP Recognition Order has not been issued and entered by the U.S. Bankruptcy Court within fourteen (14) days after the SISP Order being entered by the CCAA Court or such later date agreed to in writing by the Purchasers in their sole discretion; (ii) the Vesting Order has not been issued and entered by the CCAA Court by the applicable date set forth in Section 4(a)(iii) of the Support Agreement or such later date agreed to in writing by the Purchasers in their sole discretion; or (iii) the Vesting Recognition Order has not been issued and entered by the U.S. Bankruptcy Court within fourteen (14) days after the Vesting Order being entered by the CCAA Court or such later date agreed to in writing by the Purchasers in their sole discretion, the Purchasers may terminate this

Agreement; provided that in each case, such deadlines are subject to court availability.

(d) If the Vesting Order or the Vesting Recognition Order, as applicable, relating to this Agreement is appealed or a motion for leave to appeal, rehearing, reargument or reconsideration is filed with respect thereto, the COPL Entities agree to take all action as may be commercially reasonable and appropriate to defend against such appeal, petition or motion.

(e) The COPL Entities acknowledge and agree, that the Vesting Order and the Vesting Recognition Order shall provide that, on the Closing Date and concurrently with the Closing, the Purchased Assets shall be transferred to the Purchasers free and clear of all Encumbrances, other than Permitted Encumbrances.

ARTICLE 9
TERMINATION

9.1 Termination

This Agreement may be terminated at any time prior to Closing as follows:

(a) by mutual written consent of the COPL Entities and the Purchasers;

(b) by the Purchasers or the COPL Entities, if this Agreement is not the Successful Bid (as determined pursuant to the SISP);

(c) by the Purchasers or the COPL Entities, if Closing has not occurred on or before the Outside Date, provided that the terminating Party is not then in breach of any representation, warranty, covenant or other agreement in this Agreement that resulted in the failure of the Closing to occur by the Outside Date;

(d) by the Purchasers, upon the appointment of a receiver, trustee in bankruptcy or similar official in respect of any COPL Entity or any of the property of any COPL Entity, other than with the prior written consent of the Purchaser;

(e) by the Purchasers, pursuant to Section (c);

(f) by the Purchasers or the COPL Entities, upon the termination, dismissal or conversion of the CCAA Proceedings and the U.S. Proceedings;

(g) by the Purchasers or the COPL Entities, upon denial of the SISP Order, the SISP Recognition Order, the Vesting Order or the Vesting Recognition Order (or if any such order is stayed, vacated or varied without the consent of the Purchasers);

(h) by the Purchasers or the COPL Entities, if a court of competent jurisdiction, including the CCAA Court or the U.S. Bankruptcy Court, or other Governmental Authority has issued an Order or taken any other action that permanently restrains,

enjoins or otherwise prohibits the consummation of Closing and such Order or action has become a Final Order;

(i) by the COPL Entities, if there has been a violation or breach by the Purchasers of any covenant, representation or warranty which would prevent the satisfaction of the conditions set forth in Section 6.3(a) or Section 6.3(b) and such violation or breach has not been waived by the COPL Entities or cured upon the earlier of (i) ten (10) Business Days after written notice thereof from the COPL Entities and (ii) the Outside Date, unless the COPL Entities are in violation or breach of their obligations under this Agreement which would prevent the satisfaction of the conditions set forth in Section 6.2(a) or Section 6.2(b);

(j) by the Purchasers, if there has been a violation or breach by the COPL Entities of any covenant, representation or warranty which would prevent the satisfaction of the conditions set forth in Section 6.2(a) or Section 6.2(b) and such violation or breach has not been waived by the Purchasers or cured upon the earlier of (i) ten (10) Business Days after written notice thereof from the Purchasers and (ii) the Outside Date, unless the Purchasers are in violation or breach of their obligations under this Agreement which would prevent the satisfaction of the conditions set forth in Section 6.2(a) or Section 6.2(b);

(k) by the Purchasers or the COPL Entities, if the Support Agreement is terminated pursuant to the terms thereof; and

(l) by the Purchasers, if there has been an Event of Default under the DIP Term Sheet.

The Party desiring to terminate this Agreement pursuant to this Section 9.1 (other than pursuant to Section 9.1(a)) shall give written notice of such termination to the other Party or Parties, as applicable, specifying in reasonable detail the basis for such Party's exercise of its termination rights.

9.2 Effect of Termination

In the event of termination of this Agreement pursuant to Section 9.1, this Agreement shall become void and of no further force or effect without liability of any Party to any other Party to this Agreement except that (a) Article 1, this Section 9.2, Section 9.3; Section 11.3, Section 11.5, Section 11.6, Section 11.7 and Section 11.8 shall survive and (b) no termination of this Agreement shall relieve any Party of any liability for any breach by it of this Agreement prior to such termination or fraud.

9.3 Termination Fee and Expense Reimbursement

(a) Upon CCAA Court approval of an Alternative Restructuring Proposal that is not provided by the Purchasers or any of their Affiliates in accordance with the terms of the SISP Order, upon the termination of this Agreement pursuant to Section 9.1(b), or upon the COPL Entities' termination of the Support Agreement pursuant to Section 8(b)(iii) thereof, the COPL Entities shall pay $350,000 (such amount,

the "**Break-Up Fee**") to the Purchasers from the proceeds of such transaction concurrently with the consummation of an Alternative Restructuring Proposal *plus* an expense reimbursement for Purchasers' reasonable and documented legal and other costs incurred in connection with the transactions contemplated by this Agreement in an aggregate amount not exceeding $150,000 (the "**Expense Reimbursement**").

(b) For the avoidance of doubt, and notwithstanding anything to the contrary set forth in this Section 9.3, under no circumstances shall the COPL Entities be obligated to pay the Break-Up Fee or the Expense Reimbursement more than once.

(c) The COPL Entities acknowledge (i) that the Purchasers have made a substantial investment of management time and incurred substantial out-of-pocket expenses in connection with the negotiation and execution of this Agreement, their due diligence of the Business and the COPL Entities, and their effort to consummate the transactions contemplated hereby, and (ii) that the Parties' efforts have substantially benefited the COPL Entities and the bankruptcy estates of the COPL Entities through the submission of the offer that is reflected in this Agreement, that will serve as a minimum bid on which other potential interested bidders can rely, thus increasing the likelihood that the price at which the applicable COPL Entities or their assets are sold will reflect their true worth. The Parties hereby acknowledge that the Break-Up Fee and Expense Reimbursement payable pursuant to this Section 9.3 is commercially reasonable and necessary to induce the Purchasers to enter into this Agreement and consummate the transactions contemplated hereby. For the avoidance of doubt, the covenants set forth in this Section 9.3 are continuing obligations and survive termination of this Agreement.

ARTICLE 11
GENERAL MATTERS

11.1 Confidentiality

After the Closing Time, each of the COPL Entities shall, and shall cause its Affiliates to, maintain the confidentiality of all confidential information relating to the Business, the Purchased Assets, and the transactions contemplated by this Agreement (but not including information that is or becomes generally available to the public other than as a result of disclosure by any of such COPL Entities or their representatives in breach of this Agreement), except any disclosure of such information and records as may be required by Applicable Law, the CCAA Proceedings, the U.S. Proceedings, or permitted by Purchasers in writing. If any of such COPL Entities, or any of their representatives, becomes legally compelled by deposition, interrogatory, request for documents, subpoena, civil investigative demand, or similar judicial or administrative process, to disclose any such information, such party shall, provide the Purchasers with reasonably prompt prior oral or written notice of such requirement (including any report, statement, testimony or other submission to such Governmental Authority) to the extent legally permissible and reasonably practicable, and cooperate with the Purchasers, at the Purchasers' expense, to obtain a protective order or similar remedy to cause such information not to be disclosed; provided that in the event that such protective order or other similar remedy is not obtained, such COPL Entity, as applicable, shall, or shall cause its Affiliate or representative to, furnish only that portion of such information that has been legally compelled, and shall, or shall cause such Affiliate or representative to, exercise its commercially reasonable efforts to obtain assurance that confidential treatment will be accorded such disclosed information. The foregoing limitations shall not (A) prevent a Party from recording

the Assignment or any federal or state assignments delivered at Closing or from complying with any disclosure requirements of Governmental Authorities that are applicable to the transfer of the Purchased Assets from the COPL Entities to Purchasers or (B) prevent any Party from making disclosures to the extent reasonably required in connection with seeking to obtain Consents and Approvals.

11.2 Public Notices

No press release or other announcement concerning the transactions contemplated by this Agreement shall be made by the COPL Entities or the Purchasers, or any of their respective Affiliates, without the prior consent of the other Party (such consent not to be unreasonably withheld, conditioned or delayed); provided, however, that subject to the last sentence of this Section 11.2, any Party may, without such consent, make such disclosure if the same is required by Applicable Law (including the CCAA Proceedings and the U.S. Proceedings) or by any stock exchange on which any of the securities of such Party or any of its Affiliates are listed, or by any insolvency or other court or securities commission, or other similar Governmental Authority having jurisdiction over such Party or any of its Affiliates, and, if such disclosure is required, the Party making such disclosure shall use commercially reasonable efforts to give prior oral or written notice to the other Party to the extent legally permissible and reasonably practicable, and if such prior notice is not legally permissible or reasonably practicable, to give such notice reasonably promptly following the making of such disclosure. Notwithstanding the foregoing: (i) this Agreement may be filed by (A) the COPL Entities with the CCAA Court and the U.S. Bankruptcy Court; and (B) COPL on its profile on www.sedarplus.ca; and (ii) the transactions contemplated in this Agreement may be disclosed by the COPL Entities to the CCAA Court and the U.S. Bankruptcy Court, subject to redacting confidential or sensitive information as permitted by Applicable Law. The Parties further agree that:

(a) the Monitor may prepare and file reports and other documents with the CCAA Court and the U.S. Bankruptcy Court containing references to the transactions contemplated by this Agreement and the terms of such transactions;

(b) the COPL Entities, the Purchasers and their respective professional advisors may prepare and file such reports and other documents with the CCAA Court and the U.S. Bankruptcy Court containing references to the transactions contemplated by this Agreement and the terms of such transactions as may reasonably be necessary to complete the transactions contemplated by this Agreement or to comply with their obligations in connection therewith; and

(c) the Purchasers and their respective Affiliates may make announcements regarding the transactions contemplated by this Agreement to their existing and prospective investors provided that the information contained in such announcements is consistent with information that has been filed with the CCAA Court and the U.S. Bankruptcy Court or otherwise contained in a press release or other public filing permitted by this Section 11.2.

The Parties shall be afforded an opportunity to review and comment on such materials prior to their filing (provided, for greater certainty, that the ability of the Parties to comment on any Monitor's report shall be limited to accuracy of the report). The Parties may issue a joint press release announcing the execution and delivery of this Agreement, in form and substance mutually agreed to them.

11.3 Injunctive Relief

(a) The Parties agree that irreparable harm would occur for which money damages would not be an adequate remedy at law in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the Parties shall be entitled to seek specific performance, injunctive and other equitable relief to prevent breaches or threatened breaches of this Agreement, and to enforce compliance with the terms of this Agreement, without any requirement for the securing or posting of any bond in connection with the obtaining of any such specific performance, injunctive or other equitable relief, this being in addition to any other remedy to which the Parties may be entitled at law or in equity.

(b) Each Party hereby agrees not to raise any objections to the availability of the equitable remedies provided for herein and the Parties further agree that by seeking the remedies provided for in this Section 11.3, a Party shall not in any respect waive its right to seek any other form of relief that may be available to a Party under this Agreement.

(c) Notwithstanding anything herein to the contrary herein, under no circumstances shall a Party be permitted or entitled to receive both monetary damages and specific performance and election to pursue one shall be deemed to be an irrevocable waiver of the other.

11.4 Survival

None of the representations, warranties, covenants (except for any covenants to the extent they are to be performed at or after the Closing) of any of the Parties set forth in this Agreement, in any Closing Document to be executed and delivered by any of the Parties (except any covenants included in such Closing Documents, which, by their terms, survive the Closing) or in any other agreement, document or certificate delivered pursuant to or in connection with this Agreement or the transactions contemplated hereby shall survive the Closing.

11.5 Non-Recourse

No past, present or future director, officer, employee, incorporator, manager, member, partner, securityholder, Affiliate, agent, lawyer or representative of the respective Parties, in such capacity, shall have any liability for any obligations or liabilities of the Purchasers or the COPL Entities, as applicable, under this Agreement, or for any Causes of Action based on, in respect of or by reason of the transactions contemplated hereby.

11.6 Assignment; Binding Effect

No Party may assign its right or benefits under this Agreement without the consent of each of the other Parties, except that without such consent the Purchasers may, upon prior notice to the COPL Entities: (a) assign this Agreement, or any or all of its rights and obligations hereunder, to one or more of their Affiliates; or (b) direct that title to all or some of the Purchased Assets be transferred to, and the corresponding Assumed Liabilities be assumed by, one or more of their Affiliates; provided that no such assignment or direction shall relieve the Purchasers of their obligations hereunder. This Agreement shall be binding upon and inure to the benefit of the Parties and their respective permitted successors and permitted assigns. Nothing in this Agreement shall create or be deemed to create any third Person beneficiary rights in any Person not a Party to this Agreement.

11.7 Notices

Any notice, request, demand or other communication required or permitted to be given to a Party pursuant to the provisions of this Agreement will be in writing and will be effective and deemed given under this Agreement on the earliest of: (a) the date of personal delivery; (b) the date of transmission by email, with confirmed transmission and receipt (if sent during normal business hours of the recipient, if not, then on the next Business Day); (c) two (2) days after deposit with a nationally-recognized courier or overnight service such as Federal Express; or (d) five (5) days after mailing via certified mail, return receipt requested. All notices not delivered personally or by email will be sent with postage and other charges prepaid and properly addressed to the Party to be notified at the address set forth for such Party:

TABLE OF CONTENTS

I. INTRODUCTION

1. This Bench Brief is submitted by BP Energy Company ("**BP**"), in response to the application of Canadian Overseas Petroleum Limited ("**COPL**", and entities joined in the within proceedings, collectively hereafter the "**Debtors**") seeking an Approval and Vesting Order (the "**Proposed AVO**") with respect to the Stalking Horse Purchase Agreement (as defined below).

2. The relief sought by the Debtors is unsupportable at law. It is specifically prejudicial to BP and seeks to sanction a preference of one creditor over another of equivalent seniority. The Proposed AVO fails to meet the requirements of the *Companies' Creditors Arrangement Act* (the "**CCAA**"), and further fails to meet the criteria for the extinguishment of third party interests.

II. FACTS

3. The material facts are not in dispute.

4. The first lien lender group (referred to herein as the "**Summit Parties**") are parties with BP to an Intercreditor Agreement.

5. The Summit Parties are owed approximately $44 MM (USD) under their loan facility (the "**Summit Loan Indebtedness**").

6. BP is owed approximately $11 MM (USD) as a result of terminated swap agreements (the "**BP Indebtedness**").

7. By virtue of an Intercreditor Agreement, BP and the Summit Parties (together, the "**Senior Creditors**") are *pari passu*, senior secured creditors of COPL with shared collateral.

8. The Summit Parties have additionally advanced $11 MM (USD) to COPL for interim financing under a DIP facility (the "**Summit DIP**").

9. The Summit DIP is secured by a super-priority charge, ahead of the Senior Creditors.

10. The Summit Parties (or some combination of them) have entered a stalking horse purchase and sale agreement with COPL (the "**Stalking Horse Purchase Agreement**").

11. The Summit Parties can credit bid the Summit DIP amount, as it sits in first priority. The Summit Parties cannot credit bid the Summit Loan Indebtedness, as it is not a priority debt ahead of BP. The Summit Parties propose to have the stalking horse assume the Summit Loan Indebtedness, rather than pay it out, as this would allow it to avoid its *pari passu* obligation and effectively reorder the priorities among creditors.

12. The effect is the same, however it is structured: the full amount of the Summit Loan Indebtedness is preserved, while the BP Indebtedness is extinguished.

13. This follows a sale process ("**SISP**"), in which the stalking horse offer made by the Summit Parties was marketed. The baseline price for the stalking horse was the full amount of the Summit Loan Indebtedness, plus the Summit DIP. Accordingly, a qualified bid would only be achieved if better than approximately $55 MM (USD), plus the necessary bid increment to cover bid protections.

14. If a qualified bid had been received, the proceeds would have to be shared among the Summit Parties and BP on a *pari passu* basis. By contrast, if no qualified bids are received, the Summit Parties would receive 100% recovery, by virtue of the assumption of its debt under the Proposed AVO. The Summit Parties accordingly benefit from reduced competition in the SISP, as any competing offer, unless sufficient to fully repay both Senior Creditors, would actually worsen the Summit Parties' position.

15. As no qualified submissions were received by the first deadline in the SISP, COPL has applied for approval of the Proposed AVO.

16. If approved, this will result in 100% recoveries to the Summit Parties, and nil recoveries to BP, despite the Senior Creditors ranking equally as the fulcrum creditors.

17. This outcome is specifically contrary to the Senior Creditors' existing priority rights, reorders the priorities (accelerating the Summit Loan Indebtedness ahead of BP), sanctions a preference, and is contrary to the legislated (and conventional) requirement that proceeds of sale, under a vesting order, must be applied in priority fashion against the debts under the security that is discharged.

III. ISSUES

18. Should the Proposed AVO be approved?

19. It is submitted the Proposed AVO fails to meet the applicable statutory and common law requirements for a vesting order, particularly in view of the attempted extinguishment of BP's senior creditor position.

20. The requested relief must be refused, and COPL may pursue various reasonable alternatives in its restructuring path.

IV. LAW AND ARGUMENT

A. Statutory Requirements

21. The authority for the applicants to seek a vesting order is found under section 36 of the CCAA.

22. Section 36(1) allows the Court to authorize sale or disposition of assets outside of ordinary course.

***Companies Creditors Arrangement Act*, RSC, 1985, c C-36, subsection 36(1) [CCAA]; [TAB 1].**

23. Section 36(3) provides a list of non-exhaustive factors for consideration in approving an extraordinary disposition, including:

(a) whether the process leading to the proposed sale or disposition was reasonable in the circumstances;

(b) whether the monitor approved the process leading to the proposed sale or disposition;

(c) whether the monitor filed with the court a report stating that in their opinion the sale or disposition would be more beneficial to the creditors than a sale or disposition under a bankruptcy;

(d) the extent to which the creditors were consulted;

(e) the effects of the proposed sale or disposition on the creditors and other interested parties; and

(f) whether the consideration to be received for the assets is reasonable and fair, taking into account their market value.

CCAA, subsection 36(3), with emphasis.

24. The Court accordingly must consider: was the process reasonable? What is its effect?

25. Section 36(6) provides the authority for this Court to vest the assets. There is a very clear proviso:

> (6) The court may authorize a sale or disposition free and clear of any security, charge or other restriction and, if it does, it shall also order that other assets of the company or the proceeds of the sale or disposition be subject to a security, charge or other restriction in favour of the creditor whose security, charge or other restriction is to be affected by the order.

CCAA, subsection 36(6), with emphasis.

26. The legislation is clear – to obtain a vesting order, upon sale of all of the assets of the company, the proceeds must stand in place and stead of the assets. The security that is vested off the assets must attach to the proceeds *with equivalent priority*. This paradigm is absolutely standard in sale approval and vesting orders.

27. What the Debtors propose is for the assets to be vested, but the proceeds to be directed to a singular creditor. This is a cashless offer, but a no cash offer only works if it is a true credit bid. This is because there is no abuse of section 36(6), if the priority creditor is paying down its own debt by way of the credit bid. For that to work, the credit-bidder must have first priority. If it does not, it must assume or payout those liabilities that rank at or above the credit-bidder's position.

28. Put more simply, the security of both BP and the Summit Lenders will be vested off the assets, but only the Summit Lenders will receive any portion of the $55MM (USD) consideration. This is specifically contrary to the legislation.

B. Common Law Requirements

29. Any sale process must be assessed with retrospective view to the *Soundair* factors:

(a) whether sufficient effort has been made to obtain the best price and that the receiver or debtor (as applicable) has not acted improvidently;

(b) whether the interests of all parties have been considered;

(c) the efficacy and integrity of the process by which offers have been obtained; and

(d) whether there has been unfairness in the working out of the process.

***Royal Bank v. Soundair Corp.*, (1991), 4 OR (3d) 1 (CA), at para 16 [*Soundair*]; [TAB 2].**

30. Additional factors, when seeking to extinguish third party interests, were set out in *Third Eye Capital Corporation v Dianor Resources Inc.* The Ontario Court of Appeal described the "rigorous cascade analysis":

(a) first, the nature and strength of the interest that is proposed to be extinguished;

(b) second, whether the interest holder has consented to the vesting out of their interest either in the insolvency process itself or in agreements reached prior to the insolvency; and

(c) third, if the first two steps proved to be ambiguous or inconclusive, a consideration of the equities to determine if a vesting order is appropriate in the circumstances.

***Third Eye Capital Corporation v Dianor Resources Inc*, 2019 ONCA 508 at para 102-110 [*Third Eye*]; [TAB 3].**

31. The factors set out in *Soundair* and *Third Eye* are applicable in any CCAA sale process where the applicant seeks a vesting order. This was confirmed and the factors were recently applied in the CCAA proceedings of CannaPiece Group, wherein the Court refused to grant a vesting order, on facts similar to the case at bar.

***In the Matter of CannaPiece Group Inc*, 2023 ONSC 841 [*CannaPiece*]; [TAB 4].**

32. In *CannaPiece*, between two senior secured creditors, one party would have acquired the assets and assumed its own debt, and the other would have had its rights extinguished. The Court refused the order.

33. The *Soundair* factors are applied to the application of COPL, as follows:

Sufficient effort and a provident process

(a) The efforts to market the COPL assets were focused on a defined pool of recipients. A press release was issued, but not a solicitation. No general solicitation was made through relevant industry publications, so the entirety of the marketing pool was limited to the targeted recipients.

(b) The solicitation period was very short. This is not uncommon in CCAA proceedings, due to prevailing constraints, but the fact it's common, to run shorter processes, does not reduce the importance of ensuring effectiveness. In this case, interested parties were afforded very little time to discover and assess a complex operational package, with a notional floor value exceeding $55MM.

(c) BP was advised by at least one potential purchaser that he made inquiries within the solicitation period and received no response.

(d) As discussed below, the stalking horse bid created a high bar to entry for other potential bidders, to the sole advantage of the Summit Parties. This created singular advantage to one creditor (rather than any advantage to the estate and stakeholders), while simultaneously quelling potential bid activity.

Whether the interests of all parties were considered

(e) It is evident the interests of BP have not been considered. BP's legal interests are equivalent to the Summit Parties, but its treatment is opposite. It is assumed by the applicants that BP's rights under the Intercreditor Agreement can simply be disregarded, though no legal premise has been provided to support this.

Efficacy and integrity of the process

(f) If the stalking horse bid were a true credit bid, it would have to be limited to the amount of the Summit DIP; that is the extent of the priority amount. The bid floor would be $11MM (USD) and any proceeds in excess of that amount would be pro-rated among BP and the Summit Parties.

(g) Setting the bid floor higher reduces competition from other prospective buyers. This is fine, if it means more proceeds for the debtor's estate, for distribution to stakeholders.

(h) In this case, the high bid threshold has been disconnected from the consideration actually flowing to the debtors' estate. This disconnect undermines the integrity of the sale process – bidders are dissuaded from participating in the process, and at the same time there are no proceeds to mitigate the suppressed purchaser participation.

Unfairness in the working out of the process

(i) There is an inherent conflict highlighted above, where the stalking horse bidder has had the advantage of reduced competition against its bid, which bid provides for 100% recoveries contrary to its *pari passu* obligations. This conflict is contrary to the spirit and purpose of a stalking horse.

(j) In other words, the process has not worked to maximum benefit of creditors that comprise the. Instead, it has depressed bid activity and split the fulcrum claims, creating a preference.

(k) The Court cannot reorder legal priorities. To allow the Summit Parties to lift their pre-filing debt to a priority position ahead of other existing claims is akin to a rollup, which is prohibited by section 11.2 of the CCAA. The parties have structured this arrangement to try to avoid a rollup, but the practical effect of this transaction is the same.

(l) In *Re Medipure Pharmaceuticals Inc.,* the Court reviewed recent Canadian jurisprudence with respect to full and partial rollups:

> It is clear that take-out or roll-up DIP, even facilitated new money advanced under the DIP, in contrast to creeping DIP, is prohibited by s. 11.2(1) of the CCAA.

***Medipure Pharmaceuticals Inc. (Re*), 2022 BCSC 177, at para 60 [*Medipure*]; [TAB 6].**

(m) The purpose behind the prohibition is that the rollup is to the prejudice of other creditors, and does not benefit the debtor:

> An important protection under subsection 11.2(1) is the prevention of the interim financing charge from securing pre-filing obligations because partial "roll up" provisions prejudice other creditors and do not benefit the debtor.

***Medipure,* at para 49.**

(n) The reordering of priorities in insolvency proceedings has long been repugnant. This is not just the reordering of priorities under the *Bankruptcy and Insolvency Act*. As stated by Honourable Justice Morawetz, in *Re Windsor Machine & Stamping Limited*:

> There is no basis, in my view, for the argument that somehow the absence of a statutory distribution scheme entitles unsecured creditors to obtain enhanced priority over secured creditors for pre-filing obligations. To give effect to this argument would result in a situation where secured creditors would be prejudiced by participating in CCAA proceedings as opposed to receivership/bankruptcy proceedings. This could very well result in a situation where secured creditors would prefer the receivership/bankruptcy option as opposed to the CCAA option as it would recognize their priority position. Such an outcome would undermine certain key objectives of the CCAA, namely, (i) maintain the status quo during the proceedings; and (ii) to facilitate the ability of a debtor to restructure its affairs. In my view, it is essential, in a court supervised process, to give due consideration to the priority rights of secured creditors.

***Windsor Machine & Stamping Limited (Re),* 2009 CanLII 3977, at para 43; [TAB 7].**

(o) The stalking horse process has accordingly resulted in an unfairness that cannot now be sanctioned.

34. Turning to the *Third Eye* factors:

The nature and strength of the interest that is proposed to be extinguished

35. A security interest, particularly a first position security interest, is significant. This was stated in *CannaPiece*, and bears no exception. There is essentially no greater interest at stake in a CCAA restructuring, when the secured creditor constitutes the fulcrum.

36. The Court in *CannaPiece* also confirmed the *Third Eye* factors are not limited only to extinguishment of interests in land.

Does the interest holder consent to being extinguished, in past or present terms

37. BP does not and would not consent to an arrangement that will see the Summit Parties fully repaid, yet BP receive nothing for its security.

If the matter remains inconclusive, consideration of the equities, to determine if a vesting order is appropriate in the circumstances

38. It is submitted the first two factors of the *Third Eye* test are conclusive.

39. In any case, the considerations to be made, with respect to this third factor, were summarized in *CannaPiece* as follows:

> A consideration of the equities contemplated in the third step includes consideration of the prejudice, if any, to the third party interest holder; whether the third party may be adequately compensated for its interest from the proceeds of the disposition are sale [*sic*]; whether, based on evidence of value, there is any equity in the property; and whether the parties are acting in good faith.

***CannaPiece,* at para 56.**

40. The equities lie with BP in this case. It is being specifically prejudiced. There are no proceeds of sale or disposition, which would normally stand in place and stead of the property to mitigate the secured creditor's loss. It bears repeating, this is the prescribed requirement in section 36(6) of the CCAA, and it is absent in this application.

41. In consideration of the equities, it will be argued that the stalking horse agreement must be approved, for the benefit of all stakeholders. It will be argued that the worse alternative is a bankruptcy or receivership.

42. It is submitted that the Court must be very cautious in weighing projections and hypotheticals as against actual, quantifiable prejudice.

43. In *CannaPiece*, the Court rejected the applicant's submission that the only other alternative would be a bankruptcy.

***CannaPiece*, at para 99.**

44. In the present case, if the Proposed AVO is rejected:

(a) the SISP could be extended;

(b) that could be with or without a stalking horse credit bid, limited to the Summit DIP;

(c) the Senior Creditors could negotiate an arrangement – in *CannaPiece*, after the first rejection, the parties returned to the Court within a week for approval of a negotiated transaction, with the consent of both senior secured creditors;

***CannaPiece Group Inc v Marzilli,* 2023 ONSC 3291 [TAB 5]**

(d) the Debtors may be petitioned into receivership;

(e) therein the Debtors may be continued as a going concern and/or the subject of a sale process;

(f) the Debtors may go into bankruptcy.

V. CONCLUSION

45. The Proposed AVO fails to meet statutory requirements for approval. It must be rejected. It is specifically contrary to the express terms of section 36(6) of the CCAA, and in practical effect creates a rollup (and acceleration of priority) contrary to section 11.2 of the CCAA.

46. In addition, the Proposed AVO fails the common law tests. Review of the *Soundair* factors confirms the sale process was flawed. The entry point for bidders exceeded $55MM (USD), but there was no corresponding benefit to the affected stakeholders. The process stifled participation, but failed to deliver any consideration back to BP. This is specifically prejudicial.

47. There is no basis at law for the applicants to extinguish BP's rights. By contrast, should the Proposed AVO be rejected, there are various reasonable alternatives that can and should be pursued. This includes extending the going concern, preserving employment and enterprise.

ALL OF WHICH IS RESPECTFULLY SUBMITTED THIS 23rd DAY OF APRIL, 2024.

AFFIDAVIT OF KENNETH JOAQUIN ANDERSON

Sworn on April 23, 2024

I, Kenneth Joaquin Anderson, of the City of Houston, in the State of TX, USA, **MAKE OATH AND SAY THAT**:

1. I am an employee of BP American Production Company ("**BP America**") with the title Structured Solutions Origination Manager . As such, I have knowledge of the matters to which I herein depose. Where that knowledge is based on information or belief, I have stated the source of that information and verily believe it to be true.

2. I am authorized to swear this Affidavit on behalf of BP America.

3. BP America is affiliated with BP Energy Company ("**BP**"), which are both direct wholly owned subsidiaries of BP Company North America Inc. BP is a secured creditor of COPL America, Inc., one of the applicants in the within proceedings ("**COPL America**", together with the other entities filed in these proceedings, collectively referred to as the "**Debtors**").

4. I am advised by BP's legal counsel, Derek Pontin, at Dentons Canada LLP, that the Debtors sought and obtained protection under the *Companies' Creditors Arrangement Act* (the "**CCAA**") pursuant to an initial order from the Court of King's Bench of Alberta (the "**Court**") granted on March 8, 2024 (the "**Initial Order**") and thereafter on March 19, 2024, sought and obtained an Amended and Restated Initial Order from the Court (the "**ARIO**"). The ARIO approved, *inter alia*, an interim financing arrangement pursuant to which Summit Partners Credit Fund III, L.P., Summit Investors Credit III, LLC, and Summit Investors Credit III (UK), L.P. (the "**Interim Lender**") made available to the Debtors a credit facility for the purposes of funding the within CCAA proceedings, in the initial amount of $1.5 MM (USD) and increased to a maximum amount of $11 MM(USD).

5. I am further advised by my counsel that concurrently with the ARIO, the Debtors sought and obtained an order approving a sale and investment solicitation process in respect of the business and assets of the Debtors (the "**SISP Approval Order**"). Pursuant to the SISP Approval Order, the Court approved the terms of a stalking horse agreement, to be entered into among Summit Partners Credit Fund III, L.P., Summit Investors Credit III, LLC, Summit Investors Credit III (UK), L.P., and Summit Investors Credit Offshore Intermediate Fund III, L.P. (the "**Summit Parties**", or the "**Stalking Horse Purchaser**") and the Debtors. The Summit Parties and the Debtors entered into the Stalking Horse Agreement on or about April 8, 2024 (the "**Stalking Horse Agreement**").

6. I swear this affidavit in opposition to an application filed by the Debtors for an Approval and Vesting Order with respect to the Stalking Horse Agreement, and the transaction contemplated thereunder (the "**Proposed AVO**").

Swap and Loan Agreements

7. BP and COPL America entered into certain hedging arrangements with respect to the oil and gas production of the Debtors, which were governed by a ISDA Master Agreement, dated March 15, 2021 (as amended, the "**ISDA Agreement**"). A copy of the ISDA Agreement is attached hereto as **Exhibit "A".**

8. As contemplated by the ISDA Agreement, COPL America and BP entered into a series of hedging transactions (the "**Hedging Transactions**").

9. On March 16, 2021, BP, COPL America and ABC Funding, LLC, in its capacity as administrative agent for the Summit Parties, entered into an Intercreditor Agreement (the "**Initial Intercreditor Agreement**"). A copy of the Initial Intercreditor Agreement is attached hereto and marked as **Exhibit "B"**.

10. The Initial Intercreditor Agreement was subsequently amended on October 4, 2023 (the "**First Amended Intercreditor Agreement**"), and again on October 13, 2023 (the "**Second Amended**

Intercreditor Agreement", together with the Initial Intercreditor Agreement and the First Amended Intercreditor Agreement, collectively the "**Intercreditor Agreement**"). Copies of the First Amended Intercreditor Agreement and the Second Amended Intercreditor Agreement are attached hereto and marked as **Exhibits "C"** and **"D"**, respectively.

11. The Intercreditor Agreement was entered into for the purpose of establishing relative priorities and sharing of common collateral among the Summit Parties and BP under their respective arrangements with COPL America.

12. Article II, Section 2.01 of the Initial Intercreditor Agreement provides:

> Section 2.01. Obligations and Liens Pari Passu.
>
> (a) Subject to the other terms and conditions of this Agreement, the Obligations shall be *pari passu* with the Swap Obligations. At the times and under the conditions described in Article IV, the Obligations and the Swap Obligations will be repaid Ratably with the proceeds of Collateral after the payment of expenses. Upon the execution of this Agreement, the Liens granted under the Collateral Documents that are in effect at the time of execution of this Agreement shall be in favor of the Collateral Agent for the benefit of the Creditors, to secure, Ratably, the Obligations and the Swap Obligations. Such Collateral Documents are in all substantive respects in the form approved by the Swap Counterparty.

13. "Obligations" are generally defined in the Intercreditor Agreement as all obligations of COPL America owing to the Summit Parties under the Term Loan Credit Agreement, entered into among the Interim Lender and the Debtors dated March 16, 2021, as subsequently amended (such obligations hereinafter referred to as the "**Summit Loan Obligations**"). "Swap Obligations" are generally defined in the Intercreditor Agreement as the obligations of COPL America owing to BP under the ISDA Agreement.

14. During the course of 2023, COPL America experienced losses on the Hedging Transactions. As set out in the Affidavit of Peter Kravitz, sworn March 7, 2024, the obligations of COPL America to BP, as of September 30, 2023, with respect to losses under the Hedging Transactions, included a current commodity derivative liability of $8.8 MM (USD), and a non-current commodity derivative liability of $1.8 MM (USD).

15. Pursuant to a letter agreement dated October 12, 2023 (the "**Swap Termination Agreement**"), effective October 4, 2023, BP and COPL terminated the Hedging Transactions. The Swap Termination Agreement crystalized COPL America's obligations under the ISDA Agreement to BP in the amount of USD $11,873,702.13 (the "**Swap Termination Obligation**"). A copy of the Swap Termination Agreement is attached hereto and marked as **Exhibit "E".**

16. The Swap Termination Agreement states (with my emphasis added):

> Such Termination Payment remains a Swap Obligation and BP Specified Swap Obligations as defined in the Intercreditor Agreement and shall be **paid on a pro rata and pari passu basis** with all Loan Obligations in accordance with and subject to such Intercreditor Agreement. In the event of any inconsistency, conflict or ambiguity between this letter and the Intercreditor Agreement, the terms of the Intercreditor Agreement shall control and supersede any such inconsistency, conflict, or ambiguity.

17. Pursuant to the Swap Termination Agreement, in the event of default by COPL America under the ISDA Agreement, the Swap Termination Obligation shall become immediately due and payable. COPL America is in default of the ISDA Agreement, including (without limitation) by declaring insolvency and filing for CCAA protection in the within proceedings. The Swap Termination Obligation is presently owing, due and payable to BP.

18. Further to the Intercreditor Agreement and the Swap Termination Agreement, BP and the Summit Parties are *pari passu* creditors. The *pari passu* provisions of the agreements entered by BP are material and imperative terms of those agreements.

19. The fact COPL America is indebted to BP in the amount of the Swap Termination Obligation, and BP's rights and ranking as a *pari passu* creditor with the Summit Parties, are not in dispute in these proceedings, as reflected in the Debtors' affidavits and filed materials.

CCAA Proceedings

20. Prior to the commencement of these CCAA proceedings, BP was engaged in some discussions with: (i) representatives of the Debtors; (ii) Peter Kravitz with Province, LLC (the "**Province LLC Representative**"); and (ii) Patrick Murphy and Ashley Smith as representatives of the Summit Parties (the "**Summit Parties Representatives**"), specifically in respect of BP's willingness to participate as a lender for purposes of interim debtor-in-possession ("**DIP**") financing. BP declined to participate as an interim DIP lender.

21. BP was advised by the Province LLC Representative and Summit Parties Representatives that, if it failed to participate as an interim DIP lender for COPL, that a priority or priming charge may be granted in favour of another interim lender, with the effect of establishing a priority ahead of BP's pari passu, first secured position against COPL America.

22. BP is aware that an interim DIP financing loan was approved in favour of the Debtors, which interim financing was extended by the Interim Lender (being some of the Summit Parties). BP was aware that the granting of the interim financing charge would prime its position, and that the interim financing charge would equivalently prime the Summit Parties, as the *pari passu* first lien creditor.

23. At no time was I advised that the Debtors or the Summit Parties were intending to directly or indirectly alter the relative priority among BP and Summit. BP has never agreed, and does not agree, to any waiver or abrogation of its rights as a *pari passu* creditor ranked equally with the Summit Parties.

24. I am aware that the interim financing granted in favour of the Debtors is approximately (USD) $11 MM. BP views the value of the Debtors, or the Debtors' assets, to be significantly greater than that amount. BP was not opposed to an interim financing charge of (USD) $11 MM being granted, on the basis of the assumed value of the Debtor's assets being substantially higher than this amount. In BP's view, a provident sale would realize something greater than (USD) $11 MM, and the proceeds in excess of the interim financing would be paid to BP and the Summit Parties on a pro-rata basis, in keeping with the parties' respective rights under the Intercreditor Agreement.

SISP

25. Prior to the Debtors' filing for CCAA protection, BP was aware that the Debtors were marketing and soliciting offers for the purchase of the Debtors' assets. BP was involved in high-level discussions with certain potentially interested parties. The value of the Debtors' assets at that time, discussed generally (and as I've indicated, above) were always in excess of (USD) $11 MM.

26. The values being discussed at the relevant times were less than (USD) $56 MM. That appears to be the baseline upon which the Debtors' assets were marketed, under the Stalking Horse Agreement. That is, a qualifying offer needed to be sufficient to repay the DIP (which the Summit Parties propose to credit bid), and also repay the Summit Loan Obligations (which the Summit Parties propose to assume as debt, rather than credit bid).

27. There is no attendance to BP's equivalent rights as a *pari passu*, senior secured creditor, in the stalking horse agreement that is being presented for approval.

28. In view of the foregoing, it is not a surprise that no competitive bids were made within the SISP. The assets, in BP's understanding, are worth less than (USD) $56 MM. That has now been demonstrated by a lack of bids made. However, the assets are worth more than (USD) $11 MM, which is the limit of the amount the Summit Parties are able to credit bid. A fair process would either set the floor at (USD) $11 MM, reflecting only the super-priority debt, or at (USD) $67 MM (using round numbers), with clear understanding that any qualifying bid must address both senior secured creditors – not just one.

29. Aside from the foregoing, BP has also been advised, by the Chief Financial Officer Spectrum Energy, that he contacted the Monitor as a potentially interested party in respect of the Debtors'

assets. He received no response, and thereafter conducted his own investigations. He ultimately concluded the stalking horse floor price was too high to warrant a bid submission.

30. The timeline for an LOI was only 30 days. BP has concerns with the integrity of the SISP, if there was not sufficient ability for interested parties to participate within the compressed solicitation timeline.

31. Further, I am not aware of any general solicitation(s) to have been circulated in relevant industry publications. I am aware a news release was issued, but no targeted solicitations of interest for the Debtors' assets.

Summary

32. In summary, BP views the proposed vesting order as being substantially prejudicial, for the following reasons:

(a) the Debtors own and operate substantial oil and gas holdings, which must be adequately exposed to market for a time and at a price floor that will stimulate the greatest possible interest;

(b) the process in this case was chilling and ineffective, due to the price floor being set above market;

(c) normally, the highest possible stalking horse would be supported, as it would benefit the affected stakeholders;

(d) that is not the case here – the stakeholders are equivalent, but receive specifically disparate treatment.

33. In the circumstances, BP's view is that a further solicitation is required, with a floor price either set at (USD) $56 MM, for the benefit of both equivalent senior creditors, or at a lesser number where the market can be properly tested for what these asset may sell for.

34. The alternative would be the total extinguishment of BP's rights, and the total preservation (and elevation) of the Summit Parties' rights, contrary to the Intercreditor Agreement.

35. I make this Affidavit in opposition to the Debtors application for the approval and vesting order with respect to the Stalking Horse Agreement and the transaction contemplated thereunder, and for no improper purpose.

2002 MASTER AGREEMENT

dated as of March 15, 2021

BP Energy Company and COPL America Inc

have entered and/or anticipate entering into one or more transactions (each a "Transaction") that are or will be governed by this 2002 Master Agreement, which includes the schedule (the "Schedule"), and the documents and other confirming evidence (each a "Confirmation") exchanged between the parties or otherwise effective for the purpose of confirming or evidencing those Transactions. This 2002 Master Agreement and the Schedule are together referred to as this "Master Agreement".

Accordingly, the parties agree as follows:—

1. Interpretation

(a) ***Definitions.*** The terms defined in Section 14 and elsewhere in this Master Agreement will have the meanings therein specified for the purpose of this Master Agreement.

(b) ***Inconsistency.*** In the event of any inconsistency between the provisions of the Schedule and the other provisions of this Master Agreement, the Schedule will prevail. In the event of any inconsistency between the provisions of any Confirmation and this Master Agreement, such Confirmation will prevail for the purpose of the relevant Transaction.

(c) ***Single Agreement.*** All Transactions are entered into in reliance on the fact that this Master Agreement and all Confirmations form a single agreement between the parties (collectively referred to as this "Agreement"), and the parties would not otherwise enter into any Transactions.

2. Obligations

(a) ***General Conditions.***

(i) Each party will make each payment or delivery specified in each Confirmation to be made by it, subject to the other provisions of this Agreement.

(ii) Payments under this Agreement will be made on the due date for value on that date in the place of the account specified in the relevant Confirmation or otherwise pursuant to this Agreement, in freely transferable funds and in the manner customary for payments in the required currency. Where settlement is by delivery (that is, other than by payment), such delivery will be made for receipt on the due date in the manner customary for the relevant obligation unless otherwise specified in the relevant Confirmation or elsewhere in this Agreement.

(iii) Each obligation of each party under Section 2(a)(i) is subject to (1) the condition precedent that no Event of Default or Potential Event of Default with respect to the other party has occurred and is continuing, (2) the condition precedent that no Early Termination Date in respect of the relevant Transaction has occurred or been effectively designated and (3) each other condition specified in this Agreement to be a condition precedent for the purpose of this Section 2(a)(iii).

(b) ***Change of Account.*** Either party may change its account for receiving a payment or delivery by giving notice to the other party at least five Local Business Days prior to the Scheduled Settlement Date for the payment or delivery to which such change applies unless such other party gives timely notice of a reasonable objection to such change.

(c) ***Netting of Payments.*** If on any date amounts would otherwise be payable:—

(i) in the same currency; and

(ii) in respect of the same Transaction,

by each party to the other, then, on such date, each party's obligation to make payment of any such amount will be automatically satisfied and discharged and, if the aggregate amount that would otherwise have been payable by one party exceeds the aggregate amount that would otherwise have been payable by the other party, replaced by an obligation upon the party by which the larger aggregate amount would have been payable to pay to the other party the excess of the larger aggregate amount over the smaller aggregate amount.

The parties may elect in respect of two or more Transactions that a net amount and payment obligation will be determined in respect of all amounts payable on the same date in the same currency in respect of those Transactions, regardless of whether such amounts are payable in respect of the same Transaction. The election may be made in the Schedule or any Confirmation by specifying that "Multiple Transaction Payment Netting" applies to the Transactions identified as being subject to the election (in which case clause (ii) above will not apply to such Transactions). If Multiple Transaction Payment Netting is applicable to Transactions, it will apply to those Transactions with effect from the starting date specified in the Schedule or such Confirmation, or, if a starting date is not specified in the Schedule or such Confirmation, the starting date otherwise agreed by the parties in writing. This election may be made separately for different groups of Transactions and will apply separately to each pairing of Offices through which the parties make and receive payments or deliveries.

(d) ***Deduction or Withholding for Tax.***

(i) ***Gross-Up.*** All payments under this Agreement will be made without any deduction or withholding for or on account of any Tax unless such deduction or withholding is required by any applicable law, as modified by the practice of any relevant governmental revenue authority, then in effect. If a party is so required to deduct or withhold, then that party ("X") will:—

(1) promptly notify the other party ("Y") of such requirement;

(2) pay to the relevant authorities the full amount required to be deducted or withheld (including the full amount required to be deducted or withheld from any additional amount paid by X to Y under this Section 2(d)) promptly upon the earlier of determining that such deduction or withholding is required or receiving notice that such amount has been assessed against Y;

(3) promptly forward to Y an official receipt (or a certified copy), or other documentation reasonably acceptable to Y, evidencing such payment to such authorities; and

(4) if such Tax is an Indemnifiable Tax, pay to Y, in addition to the payment to which Y is otherwise entitled under this Agreement, such additional amount as is necessary to ensure that the net amount actually received by Y (free and clear of Indemnifiable Taxes, whether assessed against X or Y) will equal the full amount Y would have received had no such deduction or withholding been required. However, X will not be required to pay any additional amount to Y to the extent that it would not be required to be paid but for:—

(A) the failure by Y to comply with or perform any agreement contained in Section 4(a)(i), 4(a)(iii) or 4(d); or

(B) the failure of a representation made by Y pursuant to Section 3(f) to be accurate and true unless such failure would not have occurred but for (I) any action taken by a taxing authority, or brought in a court of competent jurisdiction, after a Transaction is entered into (regardless of whether such action is taken or brought with respect to a party to this Agreement) or (II) a Change in Tax Law.

(ii) ***Liability.*** If:—

(1) X is required by any applicable law, as modified by the practice of any relevant governmental revenue authority, to make any deduction or withholding in respect of which X would not be required to pay an additional amount to Y under Section 2(d)(i)(4);

(2) X does not so deduct or withhold; and

(3) a liability resulting from such Tax is assessed directly against X,

then, except to the extent Y has satisfied or then satisfies the liability resulting from such Tax, Y will promptly pay to X the amount of such liability (including any related liability for interest, but including any related liability for penalties only if Y has failed to comply with or perform any agreement contained in Section 4(a)(i), 4(a)(iii) or 4(d)).

3. Representations

Each party makes the representations contained in Sections 3(a), 3(b), 3(c), 3(d), 3(e) and 3(f) and, if specified in the Schedule as applying, 3(g) to the other party (which representations will be deemed to be repeated by each party on each date on which a Transaction is entered into and, in the case of the representations in Section 3(f), at all times until the termination of this Agreement). If any "Additional Representation" is specified in the Schedule or any Confirmation as applying, the party or parties specified for such Additional Representation will make and, if applicable, be deemed to repeat such Additional Representation at the time or times specified for such Additional Representation.

(a) ***Basic Representations.***

(i) ***Status.*** It is duly organised and validly existing under the laws of the jurisdiction of its organisation or incorporation and, if relevant under such laws, in good standing;

(ii) ***Powers.*** It has the power to execute this Agreement and any other documentation relating to this Agreement to which it is a party, to deliver this Agreement and any other documentation relating to this Agreement that it is required by this Agreement to deliver and to perform its obligations under this Agreement and any obligations it has under any Credit Support Document to which it is a party and has taken all necessary action to authorise such execution, delivery and performance;

(iii) ***No Violation or Conflict.*** Such execution, delivery and performance do not violate or conflict with any law applicable to it, any provision of its constitutional documents, any order or judgment of any court or other agency of government applicable to it or any of its assets or any contractual restriction binding on or affecting it or any of its assets;

(iv) ***Consents.*** All governmental and other consents that are required to have been obtained by it with respect to this Agreement or any Credit Support Document to which it is a party have been obtained and are in full force and effect and all conditions of any such consents have been complied with; and

(v) ***Obligations Binding.*** Its obligations under this Agreement and any Credit Support Document to which it is a party constitute its legal, valid and binding obligations, enforceable in accordance with their respective terms (subject to applicable bankruptcy, reorganisation, insolvency, moratorium or similar laws affecting creditors' rights generally and subject, as to enforceability, to equitable principles of general application (regardless of whether enforcement is sought in a proceeding in equity or at law)).

(b) ***Absence of Certain Events.*** No Event of Default or Potential Event of Default or, to its knowledge, Termination Event with respect to it has occurred and is continuing and no such event or circumstance would occur as a result of its entering into or performing its obligations under this Agreement or any Credit Support Document to which it is a party.

(c) ***Absence of Litigation.*** There is not pending or, to its knowledge, threatened against it, any of its Credit Support Providers or any of its applicable Specified Entities any action, suit or proceeding at law or in equity or before any court, tribunal, governmental body, agency or official or any arbitrator that is likely to affect the legality, validity or enforceability against it of this Agreement or any Credit Support Document to which it is a party or its ability to perform its obligations under this Agreement or such Credit Support Document.

(d) ***Accuracy of Specified Information.*** All applicable information that is furnished in writing by or on behalf of it to the other party and is identified for the purpose of this Section 3(d) in the Schedule is, as of the date of the information, true, accurate and complete in every material respect.

(e) ***Payer Tax Representation.*** Each representation specified in the Schedule as being made by it for the purpose of this Section 3(e) is accurate and true.

(f) ***Payee Tax Representations.*** Each representation specified in the Schedule as being made by it for the purpose of this Section 3(f) is accurate and true.

(g) ***No Agency.*** It is entering into this Agreement, including each Transaction, as principal and not as agent of any person or entity.

4. Agreements

Each party agrees with the other that, so long as either party has or may have any obligation under this Agreement or under any Credit Support Document to which it is a party:—

(a) ***Furnish Specified Information.*** It will deliver to the other party or, in certain cases under clause (iii) below, to such government or taxing authority as the other party reasonably directs:—

(i) any forms, documents or certificates relating to taxation specified in the Schedule or any Confirmation;

(ii) any other documents specified in the Schedule or any Confirmation; and

(iii) upon reasonable demand by such other party, any form or document that may be required or reasonably requested in writing in order to allow such other party or its Credit Support Provider to make a payment under this Agreement or any applicable Credit Support Document without any deduction or withholding for or on account of any Tax or with such deduction or withholding at a reduced rate (so long as the completion, execution or submission of such form or document would not materially prejudice the legal or commercial position of the party in receipt of such demand), with any such form or document to be accurate and completed in a manner reasonably satisfactory to such other party and to be executed and to be delivered with any reasonably required certification,

in each case by the date specified in the Schedule or such Confirmation or, if none is specified, as soon as reasonably practicable.

(b) ***Maintain Authorisations.*** It will use all reasonable efforts to maintain in full force and effect all consents of any governmental or other authority that are required to be obtained by it with respect to this Agreement or any Credit Support Document to which it is a party and will use all reasonable efforts to obtain any that may become necessary in the future.

(c) ***Comply With Laws.*** It will comply in all material respects with all applicable laws and orders to which it may be subject if failure so to comply would materially impair its ability to perform its obligations under this Agreement or any Credit Support Document to which it is a party.

(d) ***Tax Agreement.*** It will give notice of any failure of a representation made by it under Section 3(f) to be accurate and true promptly upon learning of such failure.

(e) ***Payment of Stamp Tax.*** Subject to Section 11, it will pay any Stamp Tax levied or imposed upon it or in respect of its execution or performance of this Agreement by a jurisdiction in which it is incorporated, organised, managed and controlled or considered to have its seat, or where an Office through which it is acting for the purpose of this Agreement is located ("Stamp Tax Jurisdiction"), and will indemnify the other party against any Stamp Tax levied or imposed upon the other party or in respect of the other party's execution or performance of this Agreement by any such Stamp Tax Jurisdiction which is not also a Stamp Tax Jurisdiction with respect to the other party.

5. Events of Default and Termination Events

(a) ***Events of Default.*** The occurrence at any time with respect to a party or, if applicable, any Credit Support Provider of such party or any Specified Entity of such party of any of the following events constitutes (subject to Sections 5(c) and 6(e)(iv)) an event of default (an "Event of Default") with respect to such party:—

(i) ***Failure to Pay or Deliver.*** Failure by the party to make, when due, any payment under this Agreement or delivery under Section 2(a)(i) or 9(h)(i)(2) or (4) required to be made by it if such failure is not remedied on or before the first Local Business Day in the case of any such payment or the first Local Delivery Day in the case of any such delivery after, in each case, notice of such failure is given to the party;

(ii) ***Breach of Agreement; Repudiation of Agreement.***

(1) Failure by the party to comply with or perform any agreement or obligation (other than an obligation to make any payment under this Agreement or delivery under Section 2(a)(i) or 9(h)(i)(2) or (4) or to give notice of a Termination Event or any agreement or obligation under Section 4(a)(i), 4(a)(iii) or 4(d)) to be complied with or performed by the party in accordance with this Agreement if such failure is not remedied within 30 days after notice of such failure is given to the party; or

(2) the party disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, this Master Agreement, any Confirmation executed and delivered by that party or any

Transaction evidenced by such a Confirmation (or such action is taken by any person or entity appointed or empowered to operate it or act on its behalf);

(iii) ***Credit Support Default.***

(1) Failure by the party or any Credit Support Provider of such party to comply with or perform any agreement or obligation to be complied with or performed by it in accordance with any Credit Support Document if such failure is continuing after any applicable grace period has elapsed;

(2) the expiration or termination of such Credit Support Document or the failing or ceasing of such Credit Support Document, or any security interest granted by such party or such Credit Support Provider to the other party pursuant to any such Credit Support Document, to be in full force and effect for the purpose of this Agreement (in each case other than in accordance with its terms) prior to the satisfaction of all obligations of such party under each Transaction to which such Credit Support Document relates without the written consent of the other party; or

(3) the party or such Credit Support Provider disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, such Credit Support Document (or such action is taken by any person or entity appointed or empowered to operate it or act on its behalf);

(iv) ***Misrepresentation.*** A representation (other than a representation under Section 3(e) or 3(f)) made or repeated or deemed to have been made or repeated by the party or any Credit Support Provider of such party in this Agreement or any Credit Support Document proves to have been incorrect or misleading in any material respect when made or repeated or deemed to have been made or repeated;

(v) ***Default Under Specified Transaction.*** The party, any Credit Support Provider of such party or any applicable Specified Entity of such party:—

(1) defaults (other than by failing to make a delivery) under a Specified Transaction or any credit support arrangement relating to a Specified Transaction and, after giving effect to any applicable notice requirement or grace period, such default results in a liquidation of, an acceleration of obligations under, or an early termination of, that Specified Transaction;

(2) defaults, after giving effect to any applicable notice requirement or grace period, in making any payment due on the last payment or exchange date of, or any payment on early termination of, a Specified Transaction (or, if there is no applicable notice requirement or grace period, such default continues for at least one Local Business Day);

(3) defaults in making any delivery due under (including any delivery due on the last delivery or exchange date of) a Specified Transaction or any credit support arrangement relating to a Specified Transaction and, after giving effect to any applicable notice requirement or grace period, such default results in a liquidation of, an acceleration of obligations under, or an early termination of, all transactions outstanding under the documentation applicable to that Specified Transaction; or

(4) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, a Specified Transaction or any credit support arrangement relating to a Specified Transaction that is, in either case, confirmed or evidenced by a document or other confirming evidence executed and delivered by that party, Credit Support Provider or Specified Entity (or such action is taken by any person or entity appointed or empowered to operate it or act on its behalf);

(vi) ***Cross-Default.*** If "Cross-Default" is specified in the Schedule as applying to the party, the occurrence or existence of:—

(1) a default, event of default or other similar condition or event (however described) in respect of such party, any Credit Support Provider of such party or any applicable Specified Entity of such party under one or more agreements or instruments relating to Specified Indebtedness of any of them (individually or collectively) where the aggregate principal amount of such agreements or instruments, either alone or together with the amount, if any, referred to in clause (2) below, is not less than the applicable Threshold Amount (as specified in the Schedule) which has resulted in such Specified Indebtedness becoming, or becoming capable at such time of being declared, due and payable under such agreements or instruments before it would otherwise have been due and payable; or

(2) a default by such party, such Credit Support Provider or such Specified Entity (individually or collectively) in making one or more payments under such agreements or instruments on the due date for payment (after giving effect to any applicable notice requirement or grace period) in an aggregate amount, either alone or together with the amount, if any, referred to in clause (1) above, of not less than the applicable Threshold Amount;

(vii) ***Bankruptcy.*** The party, any Credit Support Provider of such party or any applicable Specified Entity of such party:—

(1) is dissolved (other than pursuant to a consolidation, amalgamation or merger); (2) becomes insolvent or is unable to pay its debts or fails or admits in writing its inability generally to pay its debts as they become due; (3) makes a general assignment, arrangement or composition with or for the benefit of its creditors; (4)(A) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (B) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in clause (A) above and either (I) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (II) is not dismissed, discharged, stayed or restrained in each case within 15 days of the institution or presentation thereof; (5) has a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger); (6) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (7) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within 15 days thereafter; (8) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (1) to (7) above (inclusive); or (9) takes any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the foregoing acts; or

(viii) ***Merger Without Assumption.*** The party or any Credit Support Provider of such party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all its assets to, or reorganises, reincorporates or reconstitutes into or as, another entity and, at the time of such consolidation, amalgamation, merger, transfer, reorganisation, reincorporation or reconstitution:—

(1) the resulting, surviving or transferee entity fails to assume all the obligations of such party or such Credit Support Provider under this Agreement or any Credit Support Document to which it or its predecessor was a party; or

(2) the benefits of any Credit Support Document fail to extend (without the consent of the other party) to the performance by such resulting, surviving or transferee entity of its obligations under this Agreement.

(b) ***Termination Events.*** The occurrence at any time with respect to a party or, if applicable, any Credit Support Provider of such party or any Specified Entity of such party of any event specified below constitutes (subject to Section 5(c)) an Illegality if the event is specified in clause (i) below, a Force Majeure Event if the event is specified in clause (ii) below, a Tax Event if the event is specified in clause (iii) below, a Tax Event Upon Merger if the event is specified in clause (iv) below, and, if specified to be applicable, a Credit Event Upon Merger if the event is specified pursuant to clause (v) below or an Additional Termination Event if the event is specified pursuant to clause (vi) below:—

(i) ***Illegality.*** After giving effect to any applicable provision, disruption fallback or remedy specified in, or pursuant to, the relevant Confirmation or elsewhere in this Agreement, due to an event or circumstance (other than any action taken by a party or, if applicable, any Credit Support Provider of such party) occurring after a Transaction is entered into, it becomes unlawful under any applicable law (including without limitation the laws of any country in which payment, delivery or compliance is required by either party or any Credit Support Provider, as the case may be), on any day, or it would be unlawful if the relevant payment, delivery or compliance were required on that day (in each case, other than as a result of a breach by the party of Section 4(b)):—

(1) for the Office through which such party (which will be the Affected Party) makes and receives payments or deliveries with respect to such Transaction to perform any absolute or contingent obligation to make a payment or delivery in respect of such Transaction, to receive a payment or delivery in respect of such Transaction or to comply with any other material provision of this Agreement relating to such Transaction; or

(2) for such party or any Credit Support Provider of such party (which will be the Affected Party) to perform any absolute or contingent obligation to make a payment or delivery which such party or Credit Support Provider has under any Credit Support Document relating to such Transaction, to receive a payment or delivery under such Credit Support Document or to comply with any other material provision of such Credit Support Document;

(ii) ***Force Majeure Event.*** After giving effect to any applicable provision, disruption fallback or remedy specified in, or pursuant to, the relevant Confirmation or elsewhere in this Agreement, by reason of force majeure or act of state occurring after a Transaction is entered into, on any day:—

(1) the Office through which such party (which will be the Affected Party) makes and receives payments or deliveries with respect to such Transaction is prevented from performing any absolute or contingent obligation to make a payment or delivery in respect of such Transaction, from receiving a payment or delivery in respect of such Transaction or from complying with any other material provision of this Agreement relating to such Transaction (or would be so prevented if such payment, delivery or compliance were required on that day), or it becomes impossible or

impracticable for such Office so to perform, receive or comply (or it would be impossible or impracticable for such Office so to perform, receive or comply if such payment, delivery or compliance were required on that day); or

(2) such party or any Credit Support Provider of such party (which will be the Affected Party) is prevented from performing any absolute or contingent obligation to make a payment or delivery which such party or Credit Support Provider has under any Credit Support Document relating to such Transaction, from receiving a payment or delivery under such Credit Support Document or from complying with any other material provision of such Credit Support Document (or would be so prevented if such payment, delivery or compliance were required on that day), or it becomes impossible or impracticable for such party or Credit Support Provider so to perform, receive or comply (or it would be impossible or impracticable for such party or Credit Support Provider so to perform, receive or comply if such payment, delivery or compliance were required on that day),

so long as the force majeure or act of state is beyond the control of such Office, such party or such Credit Support Provider, as appropriate, and such Office, party or Credit Support Provider could not, after using all reasonable efforts (which will not require such party or Credit Support Provider to incur a loss, other than immaterial, incidental expenses), overcome such prevention, impossibility or impracticability;

(iii) ***Tax Event.*** Due to (1) any action taken by a taxing authority, or brought in a court of competent jurisdiction, after a Transaction is entered into (regardless of whether such action is taken or brought with respect to a party to this Agreement) or (2) a Change in Tax Law, the party (which will be the Affected Party) will, or there is a substantial likelihood that it will, on the next succeeding Scheduled Settlement Date (A) be required to pay to the other party an additional amount in respect of an Indemnifiable Tax under Section 2(d)(i)(4) (except in respect of interest under Section 9(h)) or (B) receive a payment from which an amount is required to be deducted or withheld for or on account of a Tax (except in respect of interest under Section 9(h)) and no additional amount is required to be paid in respect of such Tax under Section 2(d)(i)(4) (other than by reason of Section 2(d)(i)(4)(A) or (B));

(iv) ***Tax Event Upon Merger.*** The party (the "Burdened Party") on the next succeeding Scheduled Settlement Date will either (1) be required to pay an additional amount in respect of an Indemnifiable Tax under Section 2(d)(i)(4) (except in respect of interest under Section 9(h)) or (2) receive a payment from which an amount has been deducted or withheld for or on account of any Tax in respect of which the other party is not required to pay an additional amount (other than by reason of Section 2(d)(i)(4)(A) or (B)), in either case as a result of a party consolidating or amalgamating with, or merging with or into, or transferring all or substantially all its assets (or any substantial part of the assets comprising the business conducted by it as of the date of this Master Agreement) to, or reorganising, reincorporating or reconstituting into or as, another entity (which will be the Affected Party) where such action does not constitute a Merger Without Assumption;

(v) ***Credit Event Upon Merger.*** If "Credit Event Upon Merger" is specified in the Schedule as applying to the party, a Designated Event (as defined below) occurs with respect to such party, any Credit Support Provider of such party or any applicable Specified Entity of such party (in each case, "X") and such Designated Event does not constitute a Merger Without Assumption, and the creditworthiness of X or, if applicable, the successor, surviving or transferee entity of X, after taking into account any applicable Credit Support Document, is materially weaker immediately after the occurrence of such Designated Event than that of X immediately prior to the occurrence of such Designated Event (and, in any such event, such party or its successor, surviving or transferee entity, as appropriate, will be the Affected Party). A "Designated Event" with respect to X means that:—

(1) X consolidates or amalgamates with, or merges with or into, or transfers all or substantially all its assets (or any substantial part of the assets comprising the business conducted by X as of the

date of this Master Agreement) to, or reorganises, reincorporates or reconstitutes into or as, another entity;

(2) any person, related group of persons or entity acquires directly or indirectly the beneficial ownership of (A) equity securities having the power to elect a majority of the board of directors (or its equivalent) of X or (B) any other ownership interest enabling it to exercise control of X; or

(3) X effects any substantial change in its capital structure by means of the issuance, incurrence or guarantee of debt or the issuance of (A) preferred stock or other securities convertible into or exchangeable for debt or preferred stock or (B) in the case of entities other than corporations, any other form of ownership interest; or

(vi) ***Additional Termination Event.*** If any "Additional Termination Event" is specified in the Schedule or any Confirmation as applying, the occurrence of such event (and, in such event, the Affected Party or Affected Parties will be as specified for such Additional Termination Event in the Schedule or such Confirmation).

(c) ***Hierarchy of Events.***

(i) An event or circumstance that constitutes or gives rise to an Illegality or a Force Majeure Event will not, for so long as that is the case, also constitute or give rise to an Event of Default under Section 5(a)(i), 5(a)(ii)(1) or 5(a)(iii)(1) insofar as such event or circumstance relates to the failure to make any payment or delivery or a failure to comply with any other material provision of this Agreement or a Credit Support Document, as the case may be.

(ii) Except in circumstances contemplated by clause (i) above, if an event or circumstance which would otherwise constitute or give rise to an Illegality or a Force Majeure Event also constitutes an Event of Default or any other Termination Event, it will be treated as an Event of Default or such other Termination Event, as the case may be, and will not constitute or give rise to an Illegality or a Force Majeure Event.

(iii) If an event or circumstance which would otherwise constitute or give rise to a Force Majeure Event also constitutes an Illegality, it will be treated as an Illegality, except as described in clause (ii) above, and not a Force Majeure Event.

(d) ***Deferral of Payments and Deliveries During Waiting Period.*** If an Illegality or a Force Majeure Event has occurred and is continuing with respect to a Transaction, each payment or delivery which would otherwise be required to be made under that Transaction will be deferred to, and will not be due until:—

(i) the first Local Business Day or, in the case of a delivery, the first Local Delivery Day (or the first day that would have been a Local Business Day or Local Delivery Day, as appropriate, but for the occurrence of the event or circumstance constituting or giving rise to that Illegality or Force Majeure Event) following the end of any applicable Waiting Period in respect of that Illegality or Force Majeure Event, as the case may be; or

(ii) if earlier, the date on which the event or circumstance constituting or giving rise to that Illegality or Force Majeure Event ceases to exist or, if such date is not a Local Business Day or, in the case of a delivery, a Local Delivery Day, the first following day that is a Local Business Day or Local Delivery Day, as appropriate.

(e) ***Inability of Head or Home Office to Perform Obligations of Branch.*** If (i) an Illegality or a Force Majeure Event occurs under Section 5(b)(i)(1) or 5(b)(ii)(1) and the relevant Office is not the Affected Party's head or home office, (ii) Section 10(a) applies, (iii) the other party seeks performance of the relevant obligation or

compliance with the relevant provision by the Affected Party's head or home office and (iv) the Affected Party's head or home office fails so to perform or comply due to the occurrence of an event or circumstance which would, if that head or home office were the Office through which the Affected Party makes and receives payments and deliveries with respect to the relevant Transaction, constitute or give rise to an Illegality or a Force Majeure Event, and such failure would otherwise constitute an Event of Default under Section 5(a)(i) or 5(a)(iii)(1) with respect to such party, then, for so long as the relevant event or circumstance continues to exist with respect to both the Office referred to in Section 5(b)(i)(1) or 5(b)(ii)(1), as the case may be, and the Affected Party's head or home office, such failure will not constitute an Event of Default under Section 5(a)(i) or 5(a)(iii)(1).

6. Early Termination; Close-Out Netting

(a) ***Right to Terminate Following Event of Default.*** If at any time an Event of Default with respect to a party (the "Defaulting Party") has occurred and is then continuing, the other party (the "Non-defaulting Party") may, by not more than 20 days notice to the Defaulting Party specifying the relevant Event of Default, designate a day not earlier than the day such notice is effective as an Early Termination Date in respect of all outstanding Transactions. If, however, "Automatic Early Termination" is specified in the Schedule as applying to a party, then an Early Termination Date in respect of all outstanding Transactions will occur immediately upon the occurrence with respect to such party of an Event of Default specified in Section 5(a)(vii)(1), (3), (5), (6) or, to the extent analogous thereto, (8), and as of the time immediately preceding the institution of the relevant proceeding or the presentation of the relevant petition upon the occurrence with respect to such party of an Event of Default specified in Section 5(a)(vii)(4) or, to the extent analogous thereto, (8).

(b) ***Right to Terminate Following Termination Event.***

(i) ***Notice.*** If a Termination Event other than a Force Majeure Event occurs, an Affected Party will, promptly upon becoming aware of it, notify the other party, specifying the nature of that Termination Event and each Affected Transaction, and will also give the other party such other information about that Termination Event as the other party may reasonably require. If a Force Majeure Event occurs, each party will, promptly upon becoming aware of it, use all reasonable efforts to notify the other party, specifying the nature of that Force Majeure Event, and will also give the other party such other information about that Force Majeure Event as the other party may reasonably require.

(ii) ***Transfer to Avoid Termination Event.*** If a Tax Event occurs and there is only one Affected Party, or if a Tax Event Upon Merger occurs and the Burdened Party is the Affected Party, the Affected Party will, as a condition to its right to designate an Early Termination Date under Section 6(b)(iv), use all reasonable efforts (which will not require such party to incur a loss, other than immaterial, incidental expenses) to transfer within 20 days after it gives notice under Section 6(b)(i) all its rights and obligations under this Agreement in respect of the Affected Transactions to another of its Offices or Affiliates so that such Termination Event ceases to exist.

If the Affected Party is not able to make such a transfer it will give notice to the other party to that effect within such 20 day period, whereupon the other party may effect such a transfer within 30 days after the notice is given under Section 6(b)(i).

Any such transfer by a party under this Section 6(b)(ii) will be subject to and conditional upon the prior written consent of the other party, which consent will not be withheld if such other party's policies in effect at such time would permit it to enter into transactions with the transferee on the terms proposed.

(iii) ***Two Affected Parties.*** If a Tax Event occurs and there are two Affected Parties, each party will use all reasonable efforts to reach agreement within 30 days after notice of such occurrence is given under Section 6(b)(i) to avoid that Termination Event.

(iv) ***Right to Terminate.***

(1) If:—

(A) a transfer under Section 6(b)(ii) or an agreement under Section 6(b)(iii), as the case may be, has not been effected with respect to all Affected Transactions within 30 days after an Affected Party gives notice under Section 6(b)(i); or

(B) a Credit Event Upon Merger or an Additional Termination Event occurs, or a Tax Event Upon Merger occurs and the Burdened Party is not the Affected Party,

the Burdened Party in the case of a Tax Event Upon Merger, any Affected Party in the case of a Tax Event or an Additional Termination Event if there are two Affected Parties, or the Non-affected Party in the case of a Credit Event Upon Merger or an Additional Termination Event if there is only one Affected Party may, if the relevant Termination Event is then continuing, by not more than 20 days notice to the other party, designate a day not earlier than the day such notice is effective as an Early Termination Date in respect of all Affected Transactions.

(2) If at any time an Illegality or a Force Majeure Event has occurred and is then continuing and any applicable Waiting Period has expired:—

(A) Subject to clause (B) below, either party may, by not more than 20 days notice to the other party, designate (I) a day not earlier than the day on which such notice becomes effective as an Early Termination Date in respect of all Affected Transactions or (II) by specifying in that notice the Affected Transactions in respect of which it is designating the relevant day as an Early Termination Date, a day not earlier than two Local Business Days following the day on which such notice becomes effective as an Early Termination Date in respect of less than all Affected Transactions. Upon receipt of a notice designating an Early Termination Date in respect of less than all Affected Transactions, the other party may, by notice to the designating party, if such notice is effective on or before the day so designated, designate that same day as an Early Termination Date in respect of any or all other Affected Transactions.

(B) An Affected Party (if the Illegality or Force Majeure Event relates to performance by such party or any Credit Support Provider of such party of an obligation to make any payment or delivery under, or to compliance with any other material provision of, the relevant Credit Support Document) will only have the right to designate an Early Termination Date under Section 6(b)(iv)(2)(A) as a result of an Illegality under Section 5(b)(i)(2) or a Force Majeure Event under Section 5(b)(ii)(2) following the prior designation by the other party of an Early Termination Date, pursuant to Section 6(b)(iv)(2)(A), in respect of less than all Affected Transactions.

(c) ***Effect of Designation.***

(i) If notice designating an Early Termination Date is given under Section 6(a) or 6(b), the Early Termination Date will occur on the date so designated, whether or not the relevant Event of Default or Termination Event is then continuing.

(ii) Upon the occurrence or effective designation of an Early Termination Date, no further payments or deliveries under Section 2(a)(i) or 9(h)(i) in respect of the Terminated Transactions will be required to be made, but without prejudice to the other provisions of this Agreement. The amount, if any, payable in respect of an Early Termination Date will be determined pursuant to Sections 6(e) and 9(h)(ii).

(d) ***Calculations; Payment Date.***

(i) ***Statement.*** On or as soon as reasonably practicable following the occurrence of an Early Termination Date, each party will make the calculations on its part, if any, contemplated by Section 6(e) and will provide to the other party a statement (1) showing, in reasonable detail, such calculations (including any quotations, market data or information from internal sources used in making such calculations), (2) specifying (except where there are two Affected Parties) any Early Termination Amount payable and (3) giving details of the relevant account to which any amount payable to it is to be paid. In the absence of written confirmation from the source of a quotation or market data obtained in determining a Close-out Amount, the records of the party obtaining such quotation or market data will be conclusive evidence of the existence and accuracy of such quotation or market data.

(ii) ***Payment Date.*** An Early Termination Amount due in respect of any Early Termination Date will, together with any amount of interest payable pursuant to Section 9(h)(ii)(2), be payable (1) on the day on which notice of the amount payable is effective in the case of an Early Termination Date which is designated or occurs as a result of an Event of Default and (2) on the day which is two Local Business Days after the day on which notice of the amount payable is effective (or, if there are two Affected Parties, after the day on which the statement provided pursuant to clause (i) above by the second party to provide such a statement is effective) in the case of an Early Termination Date which is designated as a result of a Termination Event.

(e) ***Payments on Early Termination.*** If an Early Termination Date occurs, the amount, if any, payable in respect of that Early Termination Date (the "Early Termination Amount") will be determined pursuant to this Section 6(e) and will be subject to Section 6(f).

(i) ***Events of Default.*** If the Early Termination Date results from an Event of Default, the Early Termination Amount will be an amount equal to (1) the sum of (A) the Termination Currency Equivalent of the Close-out Amount or Close-out Amounts (whether positive or negative) determined by the Non-defaulting Party for each Terminated Transaction or group of Terminated Transactions, as the case may be, and (B) the Termination Currency Equivalent of the Unpaid Amounts owing to the Non-defaulting Party less (2) the Termination Currency Equivalent of the Unpaid Amounts owing to the Defaulting Party. If the Early Termination Amount is a positive number, the Defaulting Party will pay it to the Non-defaulting Party; if it is a negative number, the Non-defaulting Party will pay the absolute value of the Early Termination Amount to the Defaulting Party.

(ii) ***Termination Events.*** If the Early Termination Date results from a Termination Event:—

(1) *One Affected Party.* Subject to clause (3) below, if there is one Affected Party, the Early Termination Amount will be determined in accordance with Section 6(e)(i), except that references to the Defaulting Party and to the Non-defaulting Party will be deemed to be references to the Affected Party and to the Non-affected Party, respectively.

(2) *Two Affected Parties.* Subject to clause (3) below, if there are two Affected Parties, each party will determine an amount equal to the Termination Currency Equivalent of the sum of the Close-out Amount or Close-out Amounts (whether positive or negative) for each Terminated Transaction or group of Terminated Transactions, as the case may be, and the Early Termination Amount will be an amount equal to (A) the sum of (I) one-half of the difference between the higher amount so determined (by party "X") and the lower amount so determined (by party "Y") and (II) the Termination Currency Equivalent of the Unpaid Amounts owing to X less (B) the Termination Currency Equivalent of the Unpaid Amounts owing to Y. If the Early Termination Amount is a positive number, Y will pay it to X; if it is a negative number, X will pay the absolute value of the Early Termination Amount to Y.

(3) *Mid-Market Events*. If that Termination Event is an Illegality or a Force Majeure Event, then the Early Termination Amount will be determined in accordance with clause (1) or (2) above, as appropriate, except that, for the purpose of determining a Close-out Amount or Close-out Amounts, the Determining Party will:—

(A) if obtaining quotations from one or more third parties (or from any of the Determining Party's Affiliates), ask each third party or Affiliate (I) not to take account of the current creditworthiness of the Determining Party or any existing Credit Support Document and (II) to provide mid-market quotations; and

(B) in any other case, use mid-market values without regard to the creditworthiness of the Determining Party.

(iii) ***Adjustment for Bankruptcy.*** In circumstances where an Early Termination Date occurs because Automatic Early Termination applies in respect of a party, the Early Termination Amount will be subject to such adjustments as are appropriate and permitted by applicable law to reflect any payments or deliveries made by one party to the other under this Agreement (and retained by such other party) during the period from the relevant Early Termination Date to the date for payment determined under Section 6(d)(ii).

(iv) ***Adjustment for Illegality or Force Majeure Event.*** The failure by a party or any Credit Support Provider of such party to pay, when due, any Early Termination Amount will not constitute an Event of Default under Section 5(a)(i) or 5(a)(iii)(1) if such failure is due to the occurrence of an event or circumstance which would, if it occurred with respect to payment, delivery or compliance related to a Transaction, constitute or give rise to an Illegality or a Force Majeure Event. Such amount will (1) accrue interest and otherwise be treated as an Unpaid Amount owing to the other party if subsequently an Early Termination Date results from an Event of Default, a Credit Event Upon Merger or an Additional Termination Event in respect of which all outstanding Transactions are Affected Transactions and (2) otherwise accrue interest in accordance with Section 9(h)(ii)(2).

(v) ***Pre-Estimate.*** The parties agree that an amount recoverable under this Section 6(e) is a reasonable pre-estimate of loss and not a penalty. Such amount is payable for the loss of bargain and the loss of protection against future risks, and, except as otherwise provided in this Agreement, neither party will be entitled to recover any additional damages as a consequence of the termination of the Terminated Transactions.

(f) ***Set-Off.*** Any Early Termination Amount payable to one party (the "Payee") by the other party (the "Payer"), in circumstances where there is a Defaulting Party or where there is one Affected Party in the case where either a Credit Event Upon Merger has occurred or any other Termination Event in respect of which all outstanding Transactions are Affected Transactions has occurred, will, at the option of the Non-defaulting Party or the Non-affected Party, as the case may be ("X") (and without prior notice to the Defaulting Party or the Affected Party, as the case may be), be reduced by its set-off against any other amounts ("Other Amounts") payable by the Payee to the Payer (whether or not arising under this Agreement, matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation). To the extent that any Other Amounts are so set off, those Other Amounts will be discharged promptly and in all respects. X will give notice to the other party of any set-off effected under this Section 6(f).

For this purpose, either the Early Termination Amount or the Other Amounts (or the relevant portion of such amounts) may be converted by X into the currency in which the other is denominated at the rate of exchange at which such party would be able, in good faith and using commercially reasonable procedures, to purchase the relevant amount of such currency.

If an obligation is unascertained, X may in good faith estimate that obligation and set off in respect of the estimate, subject to the relevant party accounting to the other when the obligation is ascertained.

Nothing in this Section 6(f) will be effective to create a charge or other security interest. This Section 6(f) will be without prejudice and in addition to any right of set-off, offset, combination of accounts, lien, right of retention or withholding or similar right or requirement to which any party is at any time otherwise entitled or subject (whether by operation of law, contract or otherwise).

7. Transfer

Subject to Section 6(b)(ii) and to the extent permitted by applicable law, neither this Agreement nor any interest or obligation in or under this Agreement may be transferred (whether by way of security or otherwise) by either party without the prior written consent of the other party, except that:—

(a) a party may make such a transfer of this Agreement pursuant to a consolidation or amalgamation with, or merger with or into, or transfer of all or substantially all its assets to, another entity (but without prejudice to any other right or remedy under this Agreement); and

(b) a party may make such a transfer of all or any part of its interest in any Early Termination Amount payable to it by a Defaulting Party, together with any amounts payable on or with respect to that interest and any other rights associated with that interest pursuant to Sections 8, 9(h) and 11.

Any purported transfer that is not in compliance with this Section 7 will be void.

8. Contractual Currency

(a) ***Payment in the Contractual Currency.*** Each payment under this Agreement will be made in the relevant currency specified in this Agreement for that payment (the "Contractual Currency"). To the extent permitted by applicable law, any obligation to make payments under this Agreement in the Contractual Currency will not be discharged or satisfied by any tender in any currency other than the Contractual Currency, except to the extent such tender results in the actual receipt by the party to which payment is owed, acting in good faith and using commercially reasonable procedures in converting the currency so tendered into the Contractual Currency, of the full amount in the Contractual Currency of all amounts payable in respect of this Agreement. If for any reason the amount in the Contractual Currency so received falls short of the amount in the Contractual Currency payable in respect of this Agreement, the party required to make the payment will, to the extent permitted by applicable law, immediately pay such additional amount in the Contractual Currency as may be necessary to compensate for the shortfall. If for any reason the amount in the Contractual Currency so received exceeds the amount in the Contractual Currency payable in respect of this Agreement, the party receiving the payment will refund promptly the amount of such excess.

(b) ***Judgments.*** To the extent permitted by applicable law, if any judgment or order expressed in a currency other than the Contractual Currency is rendered (i) for the payment of any amount owing in respect of this Agreement, (ii) for the payment of any amount relating to any early termination in respect of this Agreement or (iii) in respect of a judgment or order of another court for the payment of any amount described in clause (i) or (ii) above, the party seeking recovery, after recovery in full of the aggregate amount to which such party is entitled pursuant to the judgment or order, will be entitled to receive immediately from the other party the amount of any shortfall of the Contractual Currency received by such party as a consequence of sums paid in such other currency and will refund promptly to the other party any excess of the Contractual Currency received by such party as a consequence of sums paid in such other currency if such shortfall or such excess arises or results from any variation between the rate of exchange at which the Contractual Currency is converted into the currency of the judgment or order for the purpose of such judgment or order and the rate of exchange at which such party is able, acting in good faith and using

commercially reasonable procedures in converting the currency received into the Contractual Currency, to purchase the Contractual Currency with the amount of the currency of the judgment or order actually received by such party.

(c) ***Separate Indemnities.*** To the extent permitted by applicable law, the indemnities in this Section 8 constitute separate and independent obligations from the other obligations in this Agreement, will be enforceable as separate and independent causes of action, will apply notwithstanding any indulgence granted by the party to which any payment is owed and will not be affected by judgment being obtained or claim or proof being made for any other sums payable in respect of this Agreement.

(d) ***Evidence of Loss.*** For the purpose of this Section 8, it will be sufficient for a party to demonstrate that it would have suffered a loss had an actual exchange or purchase been made.

9. Miscellaneous

(a) ***Entire Agreement.*** This Agreement constitutes the entire agreement and understanding of the parties with respect to its subject matter. Each of the parties acknowledges that in entering into this Agreement it has not relied on any oral or written representation, warranty or other assurance (except as provided for or referred to in this Agreement) and waives all rights and remedies which might otherwise be available to it in respect thereof, except that nothing in this Agreement will limit or exclude any liability of a party for fraud.

(b) ***Amendments.*** An amendment, modification or waiver in respect of this Agreement will only be effective if in writing (including a writing evidenced by a facsimile transmission) and executed by each of the parties or confirmed by an exchange of telexes or by an exchange of electronic messages on an electronic messaging system.

(c) ***Survival of Obligations.*** Without prejudice to Sections 2(a)(iii) and 6(c)(ii), the obligations of the parties under this Agreement will survive the termination of any Transaction.

(d) ***Remedies Cumulative.*** Except as provided in this Agreement, the rights, powers, remedies and privileges provided in this Agreement are cumulative and not exclusive of any rights, powers, remedies and privileges provided by law.

(e) ***Counterparts and Confirmations.***

(i) This Agreement (and each amendment, modification and waiver in respect of it) may be executed and delivered in counterparts (including by facsimile transmission and by electronic messaging system), each of which will be deemed an original.

(ii) The parties intend that they are legally bound by the terms of each Transaction from the moment they agree to those terms (whether orally or otherwise). A Confirmation will be entered into as soon as practicable and may be executed and delivered in counterparts (including by facsimile transmission) or be created by an exchange of telexes, by an exchange of electronic messages on an electronic messaging system or by an exchange of e-mails, which in each case will be sufficient for all purposes to evidence a binding supplement to this Agreement. The parties will specify therein or through another effective means that any such counterpart, telex, electronic message or e-mail constitutes a Confirmation.

(f) ***No Waiver of Rights.*** A failure or delay in exercising any right, power or privilege in respect of this Agreement will not be presumed to operate as a waiver, and a single or partial exercise of any right, power or privilege will not be presumed to preclude any subsequent or further exercise, of that right, power or privilege or the exercise of any other right, power or privilege.

(g) ***Headings.*** The headings used in this Agreement are for convenience of reference only and are not to affect the construction of or to be taken into consideration in interpreting this Agreement.

(h) ***Interest and Compensation.***

(i) ***Prior to Early Termination.*** Prior to the occurrence or effective designation of an Early Termination Date in respect of the relevant Transaction:—

(1) *Interest on Defaulted Payments.* If a party defaults in the performance of any payment obligation, it will, to the extent permitted by applicable law and subject to Section 6(c), pay interest (before as well as after judgment) on the overdue amount to the other party on demand in the same currency as the overdue amount, for the period from (and including) the original due date for payment to (but excluding) the date of actual payment (and excluding any period in respect of which interest or compensation in respect of the overdue amount is due pursuant to clause (3)(B) or (C) below), at the Default Rate.

(2) *Compensation for Defaulted Deliveries.* If a party defaults in the performance of any obligation required to be settled by delivery, it will on demand (A) compensate the other party to the extent provided for in the relevant Confirmation or elsewhere in this Agreement and (B) unless otherwise provided in the relevant Confirmation or elsewhere in this Agreement, to the extent permitted by applicable law and subject to Section 6(c), pay to the other party interest (before as well as after judgment) on an amount equal to the fair market value of that which was required to be delivered in the same currency as that amount, for the period from (and including) the originally scheduled date for delivery to (but excluding) the date of actual delivery (and excluding any period in respect of which interest or compensation in respect of that amount is due pursuant to clause (4) below), at the Default Rate. The fair market value of any obligation referred to above will be determined as of the originally scheduled date for delivery, in good faith and using commercially reasonable procedures, by the party that was entitled to take delivery.

(3) *Interest on Deferred Payments.* If:—

(A) a party does not pay any amount that, but for Section 2(a)(iii), would have been payable, it will, to the extent permitted by applicable law and subject to Section 6(c) and clauses (B) and (C) below, pay interest (before as well as after judgment) on that amount to the other party on demand (after such amount becomes payable) in the same currency as that amount, for the period from (and including) the date the amount would, but for Section 2(a)(iii), have been payable to (but excluding) the date the amount actually becomes payable, at the Applicable Deferral Rate;

(B) a payment is deferred pursuant to Section 5(d), the party which would otherwise have been required to make that payment will, to the extent permitted by applicable law, subject to Section 6(c) and for so long as no Event of Default or Potential Event of Default with respect to that party has occurred and is continuing, pay interest (before as well as after judgment) on the amount of the deferred payment to the other party on demand (after such amount becomes payable) in the same currency as the deferred payment, for the period from (and including) the date the amount would, but for Section 5(d), have been payable to (but excluding) the earlier of the date the payment is no longer deferred pursuant to Section 5(d) and the date during the deferral period upon which an Event of Default or Potential Event of Default with respect to that party occurs, at the Applicable Deferral Rate; or

(C) a party fails to make any payment due to the occurrence of an Illegality or a Force Majeure Event (after giving effect to any deferral period contemplated by clause (B) above), it will, to the extent permitted by applicable law, subject to Section 6(c) and for so long as the event or circumstance giving rise to that Illegality or Force Majeure Event

continues and no Event of Default or Potential Event of Default with respect to that party has occurred and is continuing, pay interest (before as well as after judgment) on the overdue amount to the other party on demand in the same currency as the overdue amount, for the period from (and including) the date the party fails to make the payment due to the occurrence of the relevant Illegality or Force Majeure Event (or, if later, the date the payment is no longer deferred pursuant to Section 5(d)) to (but excluding) the earlier of the date the event or circumstance giving rise to that Illegality or Force Majeure Event ceases to exist and the date during the period upon which an Event of Default or Potential Event of Default with respect to that party occurs (and excluding any period in respect of which interest or compensation in respect of the overdue amount is due pursuant to clause (B) above), at the Applicable Deferral Rate.

(4) *Compensation for Deferred Deliveries.* If:—

(A) a party does not perform any obligation that, but for Section 2(a)(iii), would have been required to be settled by delivery;

(B) a delivery is deferred pursuant to Section 5(d); or

(C) a party fails to make a delivery due to the occurrence of an Illegality or a Force Majeure Event at a time when any applicable Waiting Period has expired,

the party required (or that would otherwise have been required) to make the delivery will, to the extent permitted by applicable law and subject to Section 6(c), compensate and pay interest to the other party on demand (after, in the case of clauses (A) and (B) above, such delivery is required) if and to the extent provided for in the relevant Confirmation or elsewhere in this Agreement.

This representation and agreement will be deemed to be repeated by each party on each date on which the parties enter into a Transaction.

Unless the parties otherwise agree in writing, the Office through which a party enters into a Transaction will also be the Office in which it books the Transaction and the Office through which it makes and receives payments and deliveries with respect to the Transaction. Subject to Section 6(b)(ii), neither party may change the Office in which it books the Transaction or the Office through which it makes and receives payments or deliveries with respect to a Transaction without the prior written consent of the other party.

11. Expenses

A Defaulting Party will on demand indemnify and hold harmless the other party for and against all reasonable out-of-pocket expenses, including legal fees, execution fees and Stamp Tax, incurred by such other party by reason of the enforcement and protection of its rights under this Agreement or any Credit Support Document to which the Defaulting Party is a party or by reason of the early termination of any Transaction, including, but not limited to, costs of collection.

(c) ***Service of Process.*** Each party irrevocably appoints the Process Agent, if any, specified opposite its name in the Schedule to receive, for it and on its behalf, service of process in any Proceedings. If for any reason any party's Process Agent is unable to act as such, such party will promptly notify the other party and within 30 days appoint a substitute process agent acceptable to the other party. The parties irrevocably consent to service of process given in the manner provided for notices in Section 12(a)(i), 12(a)(iii) or 12(a)(iv). Nothing in this Agreement will affect the right of either party to serve process in any other manner permitted by applicable law.

"Close-out Amount" means, with respect to each Terminated Transaction or each group of Terminated Transactions and a Determining Party, the amount of the losses or costs of the Determining Party that are or would be incurred under then prevailing circumstances (expressed as a positive number) or gains of the Determining Party that are or would be realised under then prevailing circumstances (expressed as a negative number) in replacing, or in providing for the Determining Party the economic equivalent of, (a) the material terms of that Terminated Transaction or group of Terminated Transactions, including the payments and deliveries by the parties under Section 2(a)(i) in respect of that Terminated Transaction or group of Terminated Transactions that would, but for the occurrence of the relevant Early Termination Date, have been required after that date (assuming satisfaction of the conditions precedent in

Section 2(a)(iii)) and (b) the option rights of the parties in respect of that Terminated Transaction or group of Terminated Transactions.

Any Close-out Amount will be determined by the Determining Party (or its agent), which will act in good faith and use commercially reasonable procedures in order to produce a commercially reasonable result. The Determining Party may determine a Close-out Amount for any group of Terminated Transactions or any individual Terminated Transaction but, in the aggregate, for not less than all Terminated Transactions. Each Close-out Amount will be determined as of the Early Termination Date or, if that would not be commercially reasonable, as of the date or dates following the Early Termination Date as would be commercially reasonable.

Unpaid Amounts in respect of a Terminated Transaction or group of Terminated Transactions and legal fees and out-of-pocket expenses referred to in Section 11 are to be excluded in all determinations of Close-out Amounts.

In determining a Close-out Amount, the Determining Party may consider any relevant information, including, without limitation, one or more of the following types of information:—

(i) quotations (either firm or indicative) for replacement transactions supplied by one or more third parties that may take into account the creditworthiness of the Determining Party at the time the quotation is provided and the terms of any relevant documentation, including credit support documentation, between the Determining Party and the third party providing the quotation;

(ii) information consisting of relevant market data in the relevant market supplied by one or more third parties including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads, correlations or other relevant market data in the relevant market; or

(iii) information of the types described in clause (i) or (ii) above from internal sources (including any of the Determining Party's Affiliates) if that information is of the same type used by the Determining Party in the regular course of its business for the valuation of similar transactions.

The Determining Party will consider, taking into account the standards and procedures described in this definition, quotations pursuant to clause (i) above or relevant market data pursuant to clause (ii) above unless the Determining Party reasonably believes in good faith that such quotations or relevant market data are not readily available or would produce a result that would not satisfy those standards. When considering information described in clause (i), (ii) or (iii) above, the Determining Party may include costs of funding, to the extent costs of funding are not and would not be a component of the other information being utilised. Third parties supplying quotations pursuant to clause (i) above or market data pursuant to clause (ii) above may include, without limitation, dealers in the relevant markets, end-users of the relevant product, information vendors, brokers and other sources of market information.

Without duplication of amounts calculated based on information described in clause (i), (ii) or (iii) above, or other relevant information, and when it is commercially reasonable to do so, the Determining Party may in addition consider in calculating a Close-out Amount any loss or cost incurred in connection with its terminating, liquidating or re-establishing any hedge related to a Terminated Transaction or group of Terminated Transactions (or any gain resulting from any of them).

Commercially reasonable procedures used in determining a Close-out Amount may include the following:—

(1) application to relevant market data from third parties pursuant to clause (ii) above or information from internal sources pursuant to clause (iii) above of pricing or other valuation models that are, at the time of the determination of the Close-out Amount, used by the Determining Party in the regular course of its business in pricing or valuing transactions between the Determining Party and unrelated third parties that are similar to the Terminated Transaction or group of Terminated Transactions; and

Additionally, the set-off rights under this section include but are not limited to the following: (i) any Early Termination Amount against any Posted Credit Support held by a party relating to the Agreement; (ii) any Early Termination Amount against any amount(s) (including any excess collateral, security or credit support) owed by or to a party under any other agreement or arrangement between the parties; (iii) any Early Termination Amount owed to the Non-defaulting Party against any amount(s) (including any excess collateral, security or credit support) owed by the Non-defaulting Party or its Affiliates to the Defaulting Party under any other agreement or arrangement; (iv) any Early Termination Amount owed to the Defaulting Party against any amount(s) (including any excess collateral, security or credit support) owed by the Defaulting Party to the Non-defaulting Party or its Affiliates under any other agreement or arrangement; and/or (v) any Early Termination Amount owed to the Defaulting Party against any amount(s) (including any excess collateral, security or credit support) owed by the Defaulting Party or its Affiliates to the Non-defaulting Party under any other agreement or arrangement. For the purposes of this Section 6(f) and with respect to Party B, "Affiliates" shall mean none.

If an obligation is unascertained, X may in good faith estimate that obligation and set off in respect of the estimate subject to the relevant party accounting to the other when the obligation is ascertained.

To the extent that Other Amounts or any other sums otherwise owed by the Non-defaulting Party's Affiliate to the Defaulting Party, have been setoff by the Non-defaulting Party pursuant to this Section 6(f), the Non-defaulting Party's Affiliate shall not be liable to, and shall be released by, the Defaulting Party; provided further that the Defaulting Party shall be forever estopped from asserting that the Non-defaulting Party's Affiliate owes the Other Amounts or other sums to the Defaulting Party. The obligations of the Non-defaulting Party, the Non-defaulting Party's Affiliates, the Defaulting Party and the Defaulting Party's Affiliates under this Agreement or otherwise in respect of such Other Amounts or other sums shall be deemed satisfied and discharged to the extent of any such setoff. The Non-defaulting Party will give the Defaulting Party notice of any setoff effected under this section provided that failure to give such notice shall not affect the validity of the setoff. Until Party A is notified in writing by Collateral Agent to pay to Collateral Agent directly amounts due and owing by Party B hereunder, Party A may continue to make such payments to Party B. Any payments made by Party A to the Collateral Agent directly at the instruction of the Collateral Agent will satisfy Party A's payment obligations under this Agreement, and relieve Party A from the obligation to make a payment to Party B.

(i) ***Counterparts and Confirmations***.

(i) Section 9(e)(i) shall be deleted in its entirety and replaced with the following:

"This Agreement (and each amendment, modification and waiver in respect of it) may be executed and delivered in counterparts (including by facsimile, electronic mail in portable document format (.pdf) or by such other electronic means intended to preserve the original graphic and pictorial appearance of a document), each of which will be deemed an original and shall have the same effect as delivery of an executed original of this Agreement (or amendment, modification and waiver, as applicable). Each party agrees that the electronic signatures, whether digital or encrypted, of the parties included in this Agreement

are intended to authenticate this writing and to have the same force and effect as manual signatures."

(ii) The second and third sentences of Section 9(e)(ii) shall be deleted and replaced by the following:

"Any Transaction may be effectuated in an EDI transmission or telephone conversation or other electronic means of communication with the offer and acceptance constituting the agreement of the parties. The parties shall be legally bound from the time they so agree to transaction terms and may each rely thereon. Any such Transaction shall be considered a "writing" and to have been "signed". Notwithstanding the foregoing sentence, the parties agree that Party A (the "***Confirming Party***") will promptly send a Confirmation to Party B to confirm a telephonic transaction by any reasonable means, including, without limitation, by facsimile, hand delivery, courier, or certified United States mail (return receipt requested) within three Business Days of a Transaction, provided that the failure to send a Confirmation shall not invalidate the oral agreement of the parties. Confirming Party adopts its confirming letterhead, or the like, as its signature on any Confirmation as the identification and authentication of Confirming Party. If the Confirmation contains any provisions other than those relating to the commercial terms of the transaction (i.e., price, quantity, performance obligation, delivery point, period of delivery and/or transportation/transmission conditions), which modify or supplement the Transaction or the terms of this Master Agreement (e.g., Force Majeure, arbitration or additional representations and warranties), such provisions shall not be deemed to be accepted pursuant to this Section 9(e)(ii) but must be expressly agreed to by both parties; provided that the foregoing shall not invalidate any Transaction agreed to by the parties. If Party A's Confirmation is materially different from Party B's understanding of the Transaction, Party B shall notify the Confirming Party via facsimile, EDI or mutually agreeable electronic means by the Confirm Deadline, unless Party B has previously sent a Confirmation to the Confirming Party. The failure of Party B to so notify the Confirming Party in writing by the Confirm Deadline constitutes Party B's agreement to the terms of the Transaction described in the Confirming Party's Confirmation. If there are any material differences between timely sent Confirmations governing the same Transaction, or if Party B has timely objected to the terms of the Confirming Party's Confirmation, such Transaction remains valid and the parties remain legally bound thereby, however, both parties shall in good faith attempt to resolve such differences. Once such material differences are resolved, the Confirming Party shall transmit a written Confirmation to Party B, and such written Confirmation shall be accepted (or disputed) pursuant to the provisions of this Section 9(e)(ii). The provisions of this Section 9(e)(ii) may be repeated as many times as necessary to produce a written Confirmation that is accepted or deemed accepted by Party B. In the event of a conflict among the terms of (i) a binding Confirmation pursuant to this Section 9(e)(ii), (ii) the oral agreement of the parties (which may be evidenced by a recording of such transaction, oral testimony, data in a computer system, trade tickets, and/or notes), and (iii) this Master Agreement, the terms of the items shall govern in the priority listed in this sentence.

"***Confirm Deadline***" shall mean the earlier of (1) 5:00 p.m. in Party B's time zone on the fifth New York Business Day following the New York Business Day a

Confirmation is received by Party B; provided, if the Confirmation is received after 5:00 p.m. in Party B's time zone, it shall be deemed received at the opening of the next New York Business Day, or (2) on and after the effective date of the confirmation rules set forth in CFTC Regulation 23.501, such earlier time as is set forth in the compliance schedule in CFTC Regulation 23.501(a), as modified by CFTC Regulation 23.501(c). "***New York Business Day***" shall mean any day except for a Saturday, Sunday or a day on which the Federal Reserve Bank of New York is closed.

Notwithstanding the provisions of Section 12(a)(iii) of the Agreement, a written Confirmation and any other writing related to or in response to a written Confirmation shall be deemed delivered to the receiving party (i) when actually received by the receiving party or (ii) with respect to a written Confirmation and other writing delivered by facsimile, when the sending party's facsimile machine indicates by an electronic or written facsimile log that the receiving party's facsimile machine received such written Confirmation.

Party A shall not be required to maintain or retain a paper-based version of the written Confirmation delivered to Party B. In addition to a paper-based version of the written Confirmation delivered to Party B, the following shall constitute a "written Confirmation" for all purposes of this Agreement: (i) an electronic image of a paper-based version of the written Confirmation, and (ii) data in Party A's computer system.

Any document generated by the parties with respect to a Transaction, including this Agreement, may be imaged and stored electronically ("***Imaged Documents***"). Imaged Documents may be introduced as evidence in any proceeding as if such were original business records and neither party shall contest the admissibility of Imaged Documents as evidence in any proceeding."

(iii) Notwithstanding the foregoing, the Confirming Party will endeavour to send the Confirmation to the other Party as soon as technologically practicable, but in any event will endeavour to do so in accordance with the compliance schedule set forth in CFTC Regulation 23.501(a), as modified by CFTC Regulation 23.501(c).

(j) ***Notices***. The wording of Section 12(a)(iii) shall be replaced in its entirety by the following:

"if sent by facsimile transmission, on receipt by the sender of a valid transmission report."

(k) ***ISDA Definitions and Inconsistency***.

(i) This Agreement, each Confirmation and each Transaction between the parties are subject to the 2005 ISDA Commodity Definitions as published by the International Swaps and Derivatives Association, Inc., ("the Definitions"), and will be governed in all relevant respects by the provisions set forth in the Definitions, without regard to any amendment to the Definitions subsequent to the date hereof. The provisions of the Definitions are incorporated by reference and shall be deemed a part of this Agreement, except that sub-annexes B to I inclusive shall not apply.

(ii) In the event of any inconsistency between the provisions of this Agreement and the Definitions, this Agreement will prevail. In the event of any inconsistency between the provisions of any Credit Support Document and the Definitions, the Credit Support Document will prevail. Subject to Section 1(b) of this Agreement, in the event of any inconsistency between the provisions of any Confirmation and this Agreement or the Definitions, the Confirmation will prevail for the purpose of the relevant Transaction.

(l) ***Market Disruption Events; Additional Market Disruption Events***.

(i) The "Market Disruption Events" specified in Section 7.4(c) of the Definitions shall apply; and

(ii) "Additional Market Disruption Events" shall apply only if specified in the relevant Confirmation.

(m) ***Disruption Fallbacks***.

The "Disruption Fallbacks" specified in Section 7.5(c) of the Definitions shall apply, except that:

(i) "Fallback Reference Price" shall not apply;

(ii) for the purposes of Section 7.6 of the Definitions, the Maximum Days of Disruption will be five (5) Commodity Business Days; and

(iii) "Reference Dealers" means, with respect to any transaction for which the relevant Commodity Reference Price is "Commodity-Reference Dealers", the four independent leading dealers selected in good faith and jointly agreed upon by the parties satisfying all the criteria that the parties apply generally at the time of deciding whether to offer or to make an extension of credit or to enter into a transaction comparable to this Transaction. Such dealers will be appointed to make a determination of the Commodity-Reference Price, taking into consideration the latest available quotation for the Commodity-Reference Price and any other information that in good faith they deem relevant. If the parties have not agreed upon the appointment of the dealers on or before the sixth Commodity Business Day following the first Pricing Date on which the Market Disruption Event occurred or existed, or if a determination of the relevant Commodity-Reference Price cannot be obtained from at least four dealers, the next applicable Disruption Fallback will apply to the Transaction.

(n) ***Severability.*** In the event any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby. The parties shall endeavour, in good faith negotiations, to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

(o) ***Payment Date During Transfer Period.*** If the parties are required by Section 6(b)(ii) to make efforts to transfer certain obligations under this Agreement in connection with a Termination Event, and a Payment Date (as defined in the related Confirmation) will

occur under the relevant Affected Transaction during the period specified in Section 6(b) for those efforts, then the payment(s) due to be made on that Payment Date shall be postponed until the earlier of (i) the Local Business Day following the day on which a transfer is effected in consequence of such efforts; (ii) the Local Business Day following the day on which such period ends, if an Early Termination Date is not designated by a party on such day; and (iii) the Early Termination Date for the relevant Affected Transaction, with such postponed payment(s) then being treated as Unpaid Amounts. In either case, the postponed payment(s) shall bear interest (before as well as after judgment) at the Applicable Deferral Rate from (and including) such Payment Date to (but excluding) the date of actual payment.

(p) ***Termination Payments by Non-defaulting Party***. Notwithstanding the provisions of Sections 6(d) and 6(e) of the Agreement, if there is a Defaulting Party, the obligations of the Non-defaulting Party to pay to the Defaulting Party any amount under Section 6(e) shall not arise until, and shall be subject to the conditions precedent that, the Non-defaulting Party shall have received confirmation satisfactory to it in its sole discretion that (i) all Transactions are terminated in accordance with Section 6(c), and (ii) all obligations (contingent or absolute, matured or unmatured) of the Defaulting Party and any Affiliate of the Defaulting Party to make any payment to the Non-defaulting Party or any Affiliate of the Non-defaulting Party shall have been fully and finally performed; and provided, further, that if under the foregoing provisions it is determined that the Non-defaulting Party is to make a payment to the Defaulting Party, there shall be deducted from the amount of such payment all amounts which the Defaulting Party may be obligated to pay under Section 11.

(q) ***Confidentiality.*** The contents of this Agreement and all other documents relating to this Agreement, and any information (including any financial information) made available by one party or its Credit Support Provider to the other party or its Credit Support Provider with respect to this Agreement is confidential and shall not be disclosed to any third party (nor shall any public announcement relating to this Agreement be made by either party) without the prior written consent of the other party, except for such information (i) as may become generally available to the public, (ii) as may be necessary to enforce this Agreement or implement any Transaction hereunder, (iii) as may be required or appropriate in response to any summons, subpoena, or otherwise in connection with any litigation or to comply with any applicable law, order, regulation, ruling, or accounting disclosure rule or standard, (iv) as may be necessary to comply with a regulatory agency's reporting requirements, including but not limited to gas cost recovery proceedings; (v) as may be delivered to such third party for the sole purpose of calculating a published index; (vi) as may be obtained from a non-confidential source that disclosed such information in a manner that did not violate its obligations to the non-disclosing party or its Credit Support Provider in making such disclosure, or (vii) as may be furnished to the disclosing party's Affiliates, and to each of such person's auditors, attorneys, advisors, lenders, monitors or prospective purchasers of all or substantially all of a party's assets or any of its rights under this Agreement, provided such persons are required to keep the information that is disclosed in confidence. Notwithstanding the foregoing, if information would be permitted to be disclosed pursuant to DF Supplement Section 2.13, then such disclosure shall be permitted under any other applicable confidentiality provision or agreement. Any confidential information received by a party may be used by such party and, to the extent disclosure is not restricted hereunder, may be disclosed and used by such permitted recipients, including in each case use by persons acting in a structuring, sales or trading capacity. With respect to information provided with respect

to this Agreement, this obligation shall survive for a period of one (1) year following the expiration or termination of this Agreement, provided, however, that with respect to information provided with respect to a Transaction, this obligation shall only survive for a period of one (1) year following the expiration or termination of such Transaction.

(r) ***LIMITATION OF LIABILITY.*** **NO PARTY SHALL BE REQUIRED TO PAY OR BE LIABLE FOR PUNITIVE, EXEMPLARY, CONSEQUENTIAL, SPECIAL, INCIDENTAL OR INDIRECT DAMAGES (WHETHER OR NOT ARISING FROM ITS NEGLIGENCE OR STRICT LIABILITY) TO ANY OTHER PARTY; PROVIDED, HOWEVER, THAT NOTHING IN THIS PROVISION SHALL AFFECT THE ENFORCEABILITY OF SECTION 6(e) OF THIS AGREEMENT OR THE OBLIGATION TO PAY ANY AMOUNT REQUIRED PURSUANT TO SECTION 6(e) OF THIS AGREEMENT. IF AND TO THE EXTENT ANY PAYMENT REQUIRED TO BE MADE PURSUANT TO THIS AGREEMENT IS DEEMED TO CONSTITUTE LIQUIDATED DAMAGES, THE PARTIES ACKNOWLEDGE AND AGREE THAT SUCH DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE AND THAT SUCH PAYMENT IS INTENDED TO BE A REASONABLE APPROXIMATION OF THE AMOUNT OF SUCH DAMAGES AND NOT A PENALTY.**

The Swap Counterparty hereby acknowledges and consents to the Loan Parties' grants of Liens to the Administrative Agent in all rights of the Loan Parties under the Swap Documents, including all payments owing to the Loan Parties thereunder, notwithstanding any restrictions on assignment in any Swap Document.

(c) The Administrative Agent consents to the Loan Parties' entering into Commodity Hedging Transactions with the Swap Counterparty that constitute Acceptable Commodity Hedging Transactions. The Administrative Agent agrees and consents to the Swap Counterparty being a Secured Party (as defined in the Credit Agreement) with respect to Acceptable Commodity Hedging Transactions; provided, however, that the Administrative Agent may, by giving written notice to the Borrower and to the Swap Counterparty, elect to revoke the Swap Counterparty's status as a Secured Party for purposes of any Acceptable Commodity Hedging Transactions entered into beginning on the fifth (5^{th}) Business Day following the Borrower's and the Swap Counterparty's receipt (or deemed receipt pursuant to Section 5.09) of such notice. The Administrative Agent also agrees that in the event the Administrative Agent notifies the Borrower that the Borrower's entry into a Commodity Hedging Transaction would not constitute an Acceptable Commodity Hedging Transaction, then the Administrative Agent will also concurrently notify the Swap Counterparty of such determination.

(d) Without the prior written consent of the Administrative Agent, the Loan Parties and the Swap Counterparty shall not amend, supplement, delete or otherwise modify the Swap Counterparty Master Agreement or any provision thereof from the form presented to the Administrative Agent for its review prior to execution of this Agreement:

(i) if such action would result in a violation, or the creation of an obligation on the part of the Borrower to violate, the limitations on credit support set forth in Section 2.02 hereof;

(ii) such that the Threshold Amount (as defined in the Swap Counterparty Master Agreement) that is applicable to the Borrower would be anything other than a fixed dollar amount equal to or greater than $500,000; or

(iii) in a manner that changes or expands the events that constitute Events of Default or Additional Termination Events (each as defined in the Swap Counterparty Master Agreement) or otherwise have the effect of causing an event to have consequences similar to an Event of Default or Additional Termination Event.

Notwithstanding clauses (i) through (iii) preceding, if (1) the Swap Counterparty notifies the Administrative Agent that it and the Borrower propose an amendment, supplement, deletion or modification to the Swap Counterparty Master Agreement mandated by the regulatory requirements imposed by the Commodity Futures Trading Commission under the Dodd-Frank Wall Street Reform and Consumer Protection Act and (2) the Borrower's request for the Administrative Agent's consent to the proposed amendment, supplement, deletion or modification is accompanied by a legal opinion of counsel reasonably satisfactory to the Administrative Agent confirming to the Administrative Agent that such amendment, supplement, deletion or modification is legally required, then the Administrative Agent will not unreasonably withhold or delay its consent to any such amendment, supplement, deletion or modification.

(e) The amounts payable by the Loan Parties to each Creditor at any time under any of the Principal Agreements to which such Creditor is a party shall be separate and independent debts, and each Creditor shall be entitled to enforce any Right arising out of the applicable Principal Agreement to which it is a party, subject to the terms thereof and of this Agreement. Subject to clauses (h) and (i), both before and during an insolvency or liquidation proceeding, any Creditor may take any actions and exercise any and all rights that they would have as an unsecured creditor, including the commencement of an insolvency or liquidation proceeding against the Loan Parties in accordance with applicable law and the termination of any Principal Agreement in accordance with the terms thereof; provided, that if any Creditor becomes a judgment Lien creditor in respect of Collateral as a result of its enforcement of its rights as an unsecured creditor with respect to the Swap Obligations or the Obligations, as the case may be, such judgment Lien shall be subject to the terms of this Agreement for all purposes as the other Liens securing the Total Obligations are subject to this Agreement and the proceeds thereof shall be applied as provided in Section 4.02(b).

(f) Each Creditor hereby agrees that no Creditor shall have any right individually to realize upon any Liens granted under the Collateral Documents, it being understood

and agreed that such Rights may be exercised only by the Collateral Agent or the trustee under the Collateral Documents for the Ratable benefit of the Creditors.

(g) Each Acceptable Commodity Hedging Transaction at the time it is executed by the Borrower or other Loan Party and the Swap Counterparty shall be deemed to be acceptable under this Agreement if permitted under the Credit Agreement. The Swap Counterparty Master Agreement will be a "Secured Swap Agreement" under and as defined in the Guarantee and Collateral Agreement. The Swap Counterparty and the Loan Parties will enter into Commodity Hedging Transactions under the Swap Counterparty Master Agreement that will comply with the limitations set forth in the definition of Acceptable Commodity Hedging Transaction and any Commodity Hedging Transaction that does not comply with such limitations will not be secured by the Collateral. If a Commodity Hedging Transaction would otherwise be secured under the Collateral Documents but for a deviation from the criteria for "Acceptable Commodity Hedging Transactions" set forth in the definition hereof, and that deviation is consented to in writing and delivered via electronic mail to the Swap Counterparty in accordance with Section 5.09 by the Administrative Agent (with such approvals as may be required by the Credit Agreement), then such Commodity Hedging Transaction shall be secured by the Collateral Documents.

(h) Each Creditor hereby agrees that it shall not (and hereby waives any right to) contest, or support any other Person in contesting, in any proceedings (including any insolvency or liquidation proceedings), the priority, validity or enforceability of a Lien held by or on behalf of the Collateral Agent in any Collateral; provided that nothing in this Agreement shall be construed to prevent or impair the rights of the Collateral Agent or any Creditor to enforce this Agreement as provided herein.

(i) Each Lender and Swap Counterparty agrees that (i) it will not (and hereby waives any right to) challenge or question in any proceeding the validity or enforceability of any of the Total Obligations or any Collateral Document or the validity, attachment, perfection or priority of any Lien under any Collateral Document or the validity or enforceability of the priorities, rights or duties established by or other provisions of this Agreement, (ii) it will not take or cause to be taken any action the purpose or intent of which is, or could be, to interfere, hinder or delay, in any manner, whether by judicial proceedings or otherwise, any sale, transfer or other disposition of the Collateral by Collateral Agent in accordance with the terms of this Agreement, (iii) it will not institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against Collateral Agent or any other Creditor seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Collateral, and none of Collateral Agent or any other Creditor shall be liable for any action taken or omitted to be taken by Collateral Agent or Creditor, with respect to any Collateral in accordance with the provisions of this Agreement, (iv) it will not seek, and hereby waives any right, to have any Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral and (v) it will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of this Agreement; provided, that nothing in this Agreement shall be construed to prevent or impair the rights of any of Collateral Agent or any other Creditor to enforce this Agreement.

Section 2.02. Limitations on Separate Credit Support. The Swap Counterparty agrees that, without the prior written consent of the Administrative Agent, the Swap Counterparty will

not seek or accept credit support for any Swap Obligation or any other Commodity Hedging Transaction between the Loan Parties and the Swap Counterparty, including without limitation letters of credit, guarantees from any owner of the Loan Parties or any other Person, or Liens on any Property of the Loan Parties, other than the Rights of the Swap Counterparty under the Collateral Documents until after the full payment and cancellation of the Obligations.

Section 2.03. Release of Collateral; Authorization; Amendments to Loan Documents; Notice of Releases.

(a) Subject to the terms hereof and the Loan Documents, the Collateral Agent shall permit the Loan Parties to remain in possession and control of the Collateral, to operate the Collateral, and to collect, invest and dispose of any income thereon or therefrom.

(b) The Collateral Agent shall have the right from time to time to release Collateral from the Liens created by the Collateral Documents; provided that, subject to Section 5.04, the written consent of the Swap Counterparty shall be required for any release of Collateral (other than Permitted Dispositions) during any rolling 12-month period that, when aggregated with all other Oil and Gas Properties for which Lien releases have been granted within the immediately preceding 12-month period for which the Swap Counterparty did not grant its consent (other than Permitted Dispositions), have aggregate Collateral Value in excess of 10% of the aggregate Collateral Value of all Oil and Gas Properties of the Loan Parties. Notwithstanding anything to the contrary in this Agreement, and for the avoidance of doubt, the proceeds of a sale of Collateral occurring while no Triggering Event has occurred (or would result therefrom) shall be applied as required by the Loan Documents. Subject to Section 5.04, the Collateral Agent shall not, in connection with a Disposition, release any Collateral from Liens created by the Collateral Documents during the existence of a Triggering Event, except for Permitted Exceptions; provided, that all Parties acknowledge and agree that the proceeds of any Permitted Disposition that occurs during the existence of a Triggering Event shall constitute Proceeds and shall be applied in accordance with Section 4.02 hereof

(c) To the extent permitted by, and subject to the provisions of, the applicable Collateral Documents, (i) the Collateral Agent may, in its sole discretion and without the consent of the Creditors, take all actions it deems necessary or appropriate in order to enforce any of the terms of the Collateral Documents and (ii) the Collateral Agent shall have power to institute and to maintain such suits and proceedings as it may deem expedient (A) to prevent any impairment of the Collateral by any act that may be unlawful or in violation of the Principal Agreements, and (B) to preserve or protect its interests and the interests of the Creditors in the Collateral; provided, that, for the avoidance of doubt, the foregoing shall not be understood to grant the Collateral Agent any rights it does not have under the Credit Agreement and Collateral Documents (excluding this Agreement and any other Swap Intercreditor Agreement). Notwithstanding the above, the Collateral Agent may choose not to take any action authorized by this Section until it receives written direction from a Creditor.

(d) The Collateral Agent is authorized to receive any Proceeds for the benefit of the Creditors and to distribute such Proceeds to the Creditors in accordance with the provisions of this Agreement.

(e) The Collateral Agent shall, as soon as reasonably practicable after any release of the Collateral permitted by Section 2.03(b), notify the Swap Counterparty of such release giving full particulars with respect thereto; provided, however, that any failure of the Collateral Agent to comply with the requirements of this sentence shall not give rise to any breach of contract claim against the Collateral Agent, the Administrative Agent or any Lender or result, directly or indirectly, in any liability being imposed on the Collateral Agent, the Administrative Agent or any Lender in connection therewith.

(f) The Lender Group may enter into any increase, amendment, modification or supplement to any Loan Document (other than (x) the Collateral Documents, unless permitted by clause (g) below and (y) Section 2.12(f) of the Credit Agreement in a manner adverse to the Swap Counterparty), enter into new or additional credit facilities with the Loan Parties, or grant any waiver, consent, release, indulgence, extension or renewal with respect to any Loan Document (other than the Collateral Documents, unless permitted by clause (g) below) or such new or additional credit facilities ("**Credit Agreement Modifications**"), and such Credit Agreement Modifications shall be deemed accepted by the Swap Counterparty and the Loan Parties for the purposes of the Swap Counterparty Master Agreement with respect to those provisions of the Loan Documents (other than the Collateral Documents, unless permitted by clause (g) below) incorporated by reference in the Swap Counterparty Master Agreement. The Administrative Agent shall, as soon as reasonably practicable after entering into any amendment, modification or supplement to the Credit Agreement or any Collateral Document, notify the Swap Counterparty and provide the Swap Counterparty with a copy of such amendment, modification or supplement; provided, however, that any failure of the Administrative Agent to comply with the requirements of this sentence shall not impact the validity of such amendment, modification or supplement, give rise to any breach of contract claim against the Administrative Agent or any Lender or result, directly or indirectly, in any liability being imposed on the Administrative Agent or any Lender in connection therewith.

(g) The Collateral Agent may enter into any amendment, modification or supplement to any of the Collateral Documents, unless the effect of such amendment would be to (i) change the priority of or subordinate the Liens created thereby, except to the extent the Administrative Agent is permitted to do so under the Credit Agreement, (ii) materially modify any remedy provided for therein if adverse to the Swap Counterparty, (iii) materially reduce or diminish the benefits of all or substantially all of the security provided for in the Collateral Documents, except to the extent the Administrative Agent is permitted to do so under the Credit Agreement, or (iv) otherwise have any material detrimental effect on the Swap Counterparty's rights and obligations under this Agreement.

(h) Within two (2) Business Days of each date on which (i) the outstanding Exposure of the Loan Parties under the Swap Documents exceeds (and continues to exceed) $100,000,000 or (ii) BP Corporation North America Inc.'s credit rating falls to lower than Baa3 as listed by Moody's Investors Service, Inc. or BBB- as listed by Standard & Poor's Corporation, the Swap Counterparty shall (a) furnish written notice to the Collateral Agent and the Administrative Agent of such occurrence, including in such notice the aggregate amount of Exposure then in existence, (b) negotiate in good faith with the Loan Parties and the Administrative Agent to provide additional credit support for the Swap Counterparty's existing and future potential Exposure and other obligations under the Swap Documents in addition to the guaranty

of BP Corporation North America Inc. being executed and delivered contemporaneously with this Agreement and (c) cause to be furnished to the Loan Parties and the Administrative Agent within two (2) Business Days of the occurrence of an event specified in clause (i) or (ii) preceding such additional credit support.

Section 2.04. Hedge Reports. Borrower hereby agrees that Swap Counterparty may provide to the Administrative Agent from time to time, and the Swap Counterparty hereby agrees to provide or otherwise make available (which may be via access to an online portal containing the daily mark to market information of Borrower) to the Administrative Agent within five Business Days following such request, a report of the marked-to-market positions of the various transactions in effect from time to time under the relevant Swap Counterparty Master Agreement. Borrower hereby irrevocably consents and agrees that the Swap Counterparty may provide or otherwise make available to the Administrative Agent, its successors and assigns such reports, confirmations and mark to market information as contemplated above, including, without limitation, by granting the Administrative Agent access to an online portal that reflects the daily mark to market information of Borrower.

Section 2.05. Consent to Disclosures. The Loan Parties hereby consent to Creditors' disclosure to each other of any confidential information relating to the Loan Parties that has been provided to any Creditor by or for the benefit of the Loan Parties, notwithstanding any confidentiality agreement between the Loan Parties and any Creditor that might otherwise limit or prohibit such disclosure; provided that the receiving Creditor agrees to treat such information as confidential in accordance with the terms of Section 10.17 of the Credit Agreement.

Section 2.06. Refinancing. The Swap Counterparty consents to any Refinancing of the Credit Agreement and the indebtedness thereunder; provided that the holders of such Refinancing debt (or an agent on their behalf) bind themselves in writing to the terms of this Agreement, and provided further that any such Refinancing shall require the prior written consent of the Swap Counterparty if, on the date of such Refinancing, such Refinancing causes the aggregate principal amount outstanding under the Credit Agreement (after giving effect to such Refinancing) to exceed 85% of the aggregate present value of the future net income with respect to proved and producing reserves attributable to the Oil and Gas Properties of Borrower and its Subsidiaries as set forth in the most recently provided Reserve Report, discounted at a 9% per annum discount rate, thus causing a material reduction in the value of the Collateral, security or credit support available to the Swap Counterparties, while Swap Obligations are still in effect or outstanding hereunder, unless Borrower (i) delivers pari passu first lien replacement security (unencumbered, except for liens and encumbrances permitted by the Credit Agreement) to be shared ratably by the Creditors under and in accordance with this Agreement, having a value and terms and conditions reasonably acceptable to the Swap Counterparty, or (ii) provides the Swap Counterparty with replacement security sufficient in form, amount and for a term reasonably acceptable to the Swap Counterparty.

ARTICLE III
COLLATERAL AGENT

Section 3.01. Appointment of the Collateral Agent. Each Creditor hereby designates the Collateral Agent to act as the contractual representative for the Creditors, to hold and enforce the Liens under the Collateral Documents for the benefit of the Creditors and take certain other actions

as permitted by the Collateral Documents and this Agreement. Each Creditor hereby authorizes the Collateral Agent to take such action on its behalf under the provisions of this Agreement and the Collateral Documents and to exercise such powers and to perform such duties hereunder and thereunder as are specifically delegated to it hereunder or under any Collateral Document or required of the Collateral Agent by the terms hereof or thereof and such other powers as are reasonably incidental thereto. The Collateral Agent may perform any of its duties hereunder by or through its affiliates, agents or employees and the exculpatory and indemnification provisions in this Agreement and the Collateral Documents shall apply to any such affiliate, agent or employee. The Collateral Agent agrees to act as the Collateral Agent upon the express terms and conditions contained herein.

Section 3.02. Nature of Duties of the Collateral Agent. The Collateral Agent shall have no duties or responsibilities, except those expressly set forth in this Agreement, the Credit Agreement, or the Collateral Documents. The Collateral Agent shall have and may exercise such powers hereunder and under the Collateral Documents as are specifically delegated to the Collateral Agent by the terms hereof, together with such powers as are reasonably incidental thereto. Neither the Collateral Agent nor any of its affiliates, directors, officers, employees or agents (each, a "**Protected Party**") shall be liable to the Creditors for any damages caused by any action taken or omitted by any Protected Party hereunder or under the Collateral Documents **(INCLUDING THOSE DAMAGES CAUSED BY THE SOLE NEGLIGENCE, COMPARATIVE NEGLIGENCE, CONTRIBUTORY NEGLIGENCE OR CONCURRENT NEGLIGENCE OF ANY PROTECTED PARTY)**, unless caused solely by the gross negligence or willful misconduct of the Protected Party seeking protection under this Section 3.02. The duties of the Collateral Agent shall be mechanical and administrative in nature; and the Collateral Agent, in its capacity as such, shall not have by reason of this Agreement or the Collateral Documents a fiduciary relationship in respect of any Creditor. Nothing in this Agreement, expressed or implied, is intended to or shall be so construed as to impose upon the Collateral Agent any duties or obligations in respect of this Agreement and the Collateral Documents except as expressly set forth herein. Other than its duties expressly provided herein or in the Collateral Documents, Collateral Agent shall have no implied duties to Creditors or the Loan Parties under or in connection with this Agreement and no implied duties as to any Property belonging to the Borrower (whether or not the same constitutes Collateral), whether such Property is in Collateral Agent's possession or control or in the possession or control of any of its agents or nominees, or any income thereon or as to the preservation of Rights against prior parties or any other rights pertaining thereto or available at law or otherwise. Collateral Agent shall have the same Rights hereunder as any other Creditor and may exercise the same as though it were not performing the duties specified herein. The Person serving as Collateral Agent may engage in any kind of other business with the Loan Parties or any of the Loan Parties' affiliates as if it were not performing the duties specified herein, and may accept fees and other consideration from the Loan Parties and such other Persons in connection with this Agreement or any Principal Agreement, and otherwise, without having to account for the same to the other Creditors except as specified herein.

Section 3.03. Lack of Reliance on the Collateral Agent.

(a) Independently and without reliance upon the Collateral Agent or any other Creditor, each Creditor represents to the Collateral Agent and each of the other Creditors that, as of the date of this Agreement, such Creditor has made (i) its own independent investigation of the

financial condition and affairs of the Loan Parties based on such documents and information as it has deemed appropriate in connection with the taking or not taking of any action in connection herewith, and (ii) its own appraisal of the creditworthiness of the Loan Parties. Each Creditor also acknowledges that it will, independently and without reliance upon the Collateral Agent or any other Person and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement or the Collateral Documents. Except as expressly provided in this Agreement, the Collateral Agent shall have no duty or responsibility, either initially or on a continuing basis, to provide any Creditor with any credit or other information concerning the affairs, financial condition or business of the Loan Parties which may come into the possession of the Collateral Agent or any of its affiliates whether now in its possession or in its possession at any time or times hereafter; and the Collateral Agent shall not be required to keep itself informed as to the performance or observance by the Loan Parties of this Agreement, any Collateral Document or any other document referred to or provided for herein or to inspect the Properties or books of the Loan Parties.

(b) The Collateral Agent shall not (i) be responsible to any Creditor for any recitals, statements, information, representations or warranties herein, in any Collateral Document, or in any document, certificate or other writing delivered in connection herewith or therewith or for the execution, effectiveness, genuineness, validity, enforceability, collectability, priority or sufficiency of this Agreement or the Collateral Documents or the financial condition of the Loan Parties; or (ii) be required to make any inquiry concerning (a) the performance or observance by others of any of the terms, provisions or conditions of this Agreement or the Collateral Documents, including the content of notices, opinions, certificates and directions given under this Agreement or the Collateral Documents, (b) the financial condition of the Loan Parties, or (c) the existence or possible existence of any "default" or "event of default" under the Principal Agreements. To the extent the Collateral Agent receives any written notice of default provided to the Loan Parties by the Administrative Agent, it shall promptly provide a copy of the same to the Swap Counterparty but shall in no event have any liability to the Swap Counterparty for any failure to so provide such notice.

Section 3.04. Certain Rights of the Collateral Agent. If the Collateral Agent shall request instructions from the Creditors with respect to any act or action (including the failure to act) in connection with this Agreement or the Collateral Documents, the Collateral Agent shall be entitled to refrain from such act or taking such action unless and until the Collateral Agent shall have received written instructions from any Creditor or Creditors pursuant to the terms hereof; and the Collateral Agent shall not incur liability to any Person by reason of so refraining. Without limiting the foregoing, no Creditor shall have any right of action whatsoever against the Collateral Agent as a result of the Collateral Agent acting or refraining from acting under this Agreement or the Collateral Documents in accordance with the written instructions given in accordance with this Agreement, and such instructions and any action taken or failure to act pursuant thereto shall be binding on all the Creditors. The Collateral Agent shall be fully justified in failing or refusing to take any action hereunder or under the Collateral Documents unless it shall first be indemnified to its satisfaction by the Creditors against any and all liability and expense which may be incurred by the Collateral Agent by reason of taking or continuing to take any such action. Notwithstanding any other provision of this Article III or any indemnity or instructions provided by any or all of the Creditors, the Collateral Agent shall not be required to take any action which, in the reasonable belief of the Collateral Agent, exposes the Collateral Agent to personal liability or which, in the

reasonable belief of the Collateral Agent, is contrary to this Agreement, the Collateral Documents or applicable law.

Section 3.05. Reliance by the Collateral Agent. The Collateral Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, statement, certificate or telecopier message, cablegram, radiogram, facsimile transmission, e-mail, order or other documentary, teletransmission or telephone message believed by it to be genuine and correct and to have been signed, sent or made by the proper Person. The Collateral Agent may consult with legal counsel, accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken by it in good faith in accordance with the advice of such counsel, accountants or experts.

Section 3.06. Creditors as Owners. The Collateral Agent may deem and treat each Creditor as the owner of its portion of the Total Obligations as described herein for all purposes hereof unless and until the Collateral Agent is notified of a change in Creditors.

Section 3.07. Successor Collateral Agent.

(a) Collateral Agent shall not be subject to removal by Creditors or the Loan Parties; provided that if the Person serving as Administrative Agent is replaced as Administrative Agent under the Credit Agreement, the Person serving as replacement Administrative Agent shall automatically and without further action or consent by the Loan Parties or the Swap Counterparty become Collateral Agent under this Agreement. The Collateral Agent may resign at any time by giving 30 days prior written notice thereof to the Creditors and the Borrower. Following any such notice of resignation, the resigning Collateral Agent shall have the right to appoint a successor Collateral Agent, subject to the consent of the Swap Counterparty to the appointee (which consent shall not be unreasonably withheld, conditioned or delayed). If within 30 days after the retiring Collateral Agent's giving of notice of resignation, no successor Collateral Agent shall have been so appointed by the resigning Collateral Agent which has accepted such appointment, then the Swap Counterparty may, in its sole discretion, appoint a successor Collateral Agent.

(b) Upon the acceptance of any appointment as the Collateral Agent hereunder by a successor Collateral Agent, such successor Collateral Agent shall thereupon succeed to and become vested with all the Rights and duties of the retiring Collateral Agent, and the retiring Collateral Agent shall be discharged from its duties under this Agreement. After any retiring Collateral Agent's resignation hereunder as the Collateral Agent, the provisions of this Agreement shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Collateral Agent under this Agreement.

Section 3.08. Employment of Collateral Agent and Counsel. The Collateral Agent may execute any of its duties as the Collateral Agent hereunder or under the Collateral Documents by or through employees, agents, and attorneys-in-fact and shall not be answerable to the Creditors for the default or misconduct of any such employees, agents or attorneys-in-fact reasonably selected by it in good faith unless such default or misconduct is a direct result of the gross negligence or willful misconduct of the Collateral Agent in monitoring the activities of such employees, agents or attorneys-in-fact; provided that the Collateral Agent shall always be obligated to account for moneys or securities received by it or its authorized agents. The Collateral

Agent shall be entitled to advice of independent legal counsel concerning all matters pertaining to the collateral agency hereby created and its duties hereunder or under the Collateral Documents.

Section 3.09. Limitation on Liability of the Creditors and the Collateral Agent. The Creditors and the Collateral Agent shall not be deemed, as a result of the execution and delivery of the Collateral Documents or the consummation of the transactions contemplated by this Agreement and the Collateral Documents, to have assumed any obligation of the Loan Parties with respect to the Collateral or any liability under or with respect to any of the contracts, agreements, leases, instruments or documents which are, or which may hereafter be, assigned to the Collateral Agent for the benefit of the Creditors.

ARTICLE IV
ELECTION TO PURSUE REMEDIES; PROCEEDS

Section 4.01. Procedures Regarding Remedies.

(a) Upon the occurrence and during the continuance of any Triggering Event, the Collateral Agent shall, upon the request of any of the Accelerated Creditors specifying the particular actions being requested by such Accelerated Creditor, and subject to the other provisions of this Agreement, commence to take, or direct the appropriate trustee or agent to take, those requested actions provided for in the Collateral Documents relating to the pursuit of remedies; provided, that the Swap Counterparty shall not have the right to require Collateral Agent to realize on any Liens or take any enforcement actions granted pursuant to the Collateral Documents until, if the amount of Swap Obligations owing to the Swap Counterparty is equal to or greater than fifty percent (50%) of the Total Obligations, the 45th day after a Triggering Event of the type referred to in clause (i) of the definition of Triggering Event shall have occurred (the "**Standstill Period**") and provided further that such Triggering Event shall be continuing on such date and the Collateral Agent shall not have diligently commenced exercise of remedies on such date; provided further that, to the extent the amount of Swap Obligations owing to the Swap Counterparty is equal to or greater than seventy-five percent (75%) of the Total Obligations, the Swap Counterparty will not be subject to the Standstill Period and may immediately request the Collateral Agent to take actions as provided in this Section 4.01. For the avoidance of doubt, the Swap Counterparty shall not have the right to require Collateral Agent to realize on any Liens or take any enforcement actions granted pursuant to the Collateral Documents if the amount of Swap Obligations owing to the Swap Counterparty is less than fifty percent (50%) of the Total Obligations.

(b) The Loan Parties and the Creditors agree that upon the occurrence of a Triggering Event, all payments made to any Creditor by the Loan Parties shall be shared by all Creditors in accordance with Section 4.02.

(c) Each Creditor agrees: (i) to deliver to each other Creditor, as applicable, at the same time it makes delivery to the Borrower, a copy of any (A) notice declaring the occurrence of an Event of Default under any Loan Documents, (B) notice declaring the occurrence of an Event of Default (as defined in the Swap Documents) or Termination Event (as defined in the Swap Documents) under any Swap Documents, (C) notice of intent to accelerate or notice of acceleration of the Loan Parties' obligations, or (D) notice of the designation of an Early Termination Date (as defined in the Swap Documents) with respect to any Swap Obligation; (ii) to deliver to each other

Creditor, at the same time it makes delivery to any other Person, a copy of any notice of the commencement of any judicial proceeding and a copy of any other notice with respect to the exercise of remedies with respect to any of the Total Obligations; and (iii) deliver the Early Termination Amount (as defined in the Swap Documents). Any failure by a party hereto to furnish a copy under this clause (c) shall not limit or affect the rights and obligations hereunder.

(d) Each of the Swap Counterparty and the Collateral Agent hereby agrees that it shall endeavor to furnish the Borrower with a copy of any notice provided or received, as applicable, by it pursuant to clause (i) of the definition of Triggering Event. Each of the Borrower and the Administrative Agent hereby agrees that it shall endeavor to furnish the Swap Counterparty with a copy of any notice received or provided, as applicable, by it pursuant to clause (ii) of the definition of Triggering Event. Any failure by a party hereto to furnish a copy under this clause (d) shall not limit or affect the rights and obligations hereunder.

(e) The Borrower hereby agrees that the Swap Counterparty may provide to the Administrative Agent from time to time, and the Swap Counterparty hereby agrees to provide to the Administrative Agent within three (3) Business Days following the Swap Counterparty's receipt of a written request therefor from the Administrative Agent, a report of the marked-to-market positions of the various transactions in effect from time to time under the Swap Documents. Any unintentional failure by the Swap Counterparty to timely furnish information required under this clause (e) shall not limit or affect the parties' rights and obligations hereunder.

(f) In the event that the Liens created under the Collateral Documents conflict with the Liens created under other security documents in favor of or for the benefit of the Administrative Agent, the Liens created under the Collateral Documents shall have priority.

(g) Collateral Agent shall not be obligated to follow any instructions of any Accelerated Creditor if Collateral Agent determines, in its sole and absolute discretion, that: (i) such instructions conflict with the provisions of this Agreement, any Principal Agreement, any Collateral Document or any Governmental Requirement, (ii) such instructions are ambiguous, inconsistent, in conflict with other instructions (whether from the same or another Accelerated Creditor) or otherwise insufficient to direct the actions of Collateral Agent; provided that Collateral Agent explains the grounds for a refusal, or (iii) Collateral Agent has not been adequately indemnified to its satisfaction (including indemnity from the Accelerated Creditors in accordance with the Ratable amounts of Total Obligations owing to them). Collateral Agent shall have the right, in its discretion, to take any action authorized under this Agreement or the Collateral Documents, to the extent that such action is not prohibited by the terms hereof or thereof, which it deems proper and consistent with the instructions given by any Accelerated Creditor as provided for herein or otherwise in the best interest of Creditors. In the absence of written instructions from any Accelerated Creditor for any particular matter, Collateral Agent shall have no duty to take or refrain from taking any action unless such action or inaction is explicitly required by the terms of this Agreement or any Governmental Requirement. Collateral Agent shall have no duty with respect to a Triggering Event unless it has received written notice from an Accelerated Creditor that a Triggering Event has occurred.

(h) The Collateral Agent shall cease to comply with any direction by a Swap Counterparty pursuant to this Section 4.01 if (i) the Triggering Event under the Swap Documents

of such Swap Counterparty has been cured or waived or (ii) the amounts owed by Borrower to such Swap Counterparty under Acceptable Commodity Hedging Transactions have been paid in full or otherwise discharged.

Section 4.02. Proceeds.

(a) The Creditors hereby agree between themselves that (i) prior to the occurrence of a Triggering Event, each Creditor shall be entitled to receive and retain for its own account, and shall never be required to disgorge to the Collateral Agent or any other Creditor hereunder or acquire direct or participating interests in the Obligations or the Swap Obligations, as the case may be, owing to such Creditor, scheduled payments or voluntary prepayments, payments for the redemption or purchase of principal, interest, fees and premium, if any, settlement payments and any other payments in respect of the Principal Agreements or Credit Agreement Modifications, all in compliance with the terms thereof, and (ii) upon the occurrence and during the continuance of a Triggering Event, all such amounts received by any Creditor after a Triggering Event shall constitute Proceeds, shall be turned over to the Collateral Agent, and shall be shared by the Creditors, Ratably, and in accordance with Section 4.02(b) below; provided, however, and for the avoidance of doubt, if the Administrative Agent grants its consent for any letter of credit pursuant to Section 2.02, the Swap Counterparty shall not be obligated to hold in trust, pay over or share with the Administrative Agent any portion of the proceeds of any such letter of credit.

(b) All Proceeds received by the Collateral Agent during the existence of a Triggering Event shall be applied in accordance with this Section 4.02. To the extent any Creditor ever receives any portion of such Proceeds in excess of its Ratable share (or to the extent the Collateral Agent receives reimbursement in excess of expenses actually incurred), the party receiving those excess Proceeds agrees to promptly make all necessary transfers so as to give full effect to this Section 4.02. All Proceeds received by the Collateral Agent during the existence of a Triggering Event shall be applied in the following order:

(i) ***First***, to reimburse the Collateral Agent for expenses in accordance with Section 5.01;

(ii) ***Second***, Ratably, to the Administrative Agent in respect of amounts owing to the Lender Group and to the Swap Counterparty until the Total Obligations are fully satisfied; and

(iii) ***Third***, to the extent that any Proceeds remain, to the Borrower or as otherwise required by applicable law.

Section 4.03. Notice of Amount of Indebtedness. Upon receipt of any Proceeds to be distributed pursuant to Section 4.02, the Collateral Agent shall give the Creditors notice thereof, and each Creditor (or its representative) shall, within three (3) Business Days, notify the Collateral Agent of the amount of the Total Obligations owing to it. Such notification shall state the amount of the Total Obligations owing to it and how much is then due and owing. If requested by the Collateral Agent, each Creditor (or its representative) shall demonstrate that the amounts set forth in its notice are actually owing to such Creditor to the reasonable satisfaction of the Collateral Agent. Notwithstanding the foregoing, the Collateral Agent may conclusively rely on information

in such notices without any investigation. In the event that any Creditor fails to timely notify the Collateral Agent of the amount of the Total Obligations owed to it, the Collateral Agent shall distribute such Proceeds on any basis deemed reasonable by it and not in bad faith.

Section 4.04. Additional Swap Counterparties. The Swap Counterparty hereby agrees to execute and deliver any amended or restated version of this Agreement that is executed by the Loan Parties, the Administrative Agent, the Collateral Agent and any other counterparty to a Secured Swap Agreement (under and as defined in the Collateral Documents) which provides for Acceptable Commodity Hedging Transactions that are agreed to by the Administrative Agent as being secured obligations under the Collateral Documents.

ARTICLE V
MISCELLANEOUS

Section 5.01. Expenses. The Lenders and the Swap Counterparty shall each bear their Ratable share of any reasonable expenses incurred by the Collateral Agent in taking action on behalf of the Creditors in connection with its investigation, evaluation or enforcement of any Rights under the Collateral Documents or the performance of its duties under this Agreement or under any of the Collateral Documents, but only to the extent Collateral Agent does not receive reimbursement for such expenses from the Loan Parties or from Proceeds within 30 days after such expenses are invoiced; provided, that, to the extent any Creditor reimburses Collateral Agent for such expenses, such Creditor will be entitled to receive its Ratable share of any reimbursement subsequently received by Collateral Agent from the Loan Parties or from Proceeds.

Section 5.02. Limitation of Collateral Agent Liability; Indemnification of the Collateral Agent. Neither the Collateral Agent nor any of its representatives shall (i) be liable for any action taken or omitted to be taken by it or them hereunder or under the Collateral Documents in good faith and reasonably believed by it or them to be within the discretion or power conferred upon it or them by this Agreement and the Collateral Documents or (ii) be responsible for the consequences of any error of judgment, except to the extent arising solely from its gross negligence or willful misconduct. The Collateral Agent shall not be responsible in any manner to any other party for the effectiveness, enforceability, genuineness, validity or the due execution of the Collateral Documents or for any representation, warranty, document, certificate, report or statement made in or in connection with the Collateral Documents or be under any obligation to any other party to ascertain or inquire as to the performance or observation of any of the terms, covenants or conditions of any of the Loan Documents or the Swap Documents on the part of the Borrower. The Lenders and the Swap Counterparty agree to Ratably reimburse and indemnify the Collateral Agent and its affiliates, directors, officers, employees and agents (each an "**Indemnified Party**") on a current basis and hold the indemnified parties harmless on a current basis from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, reasonable expenses, and reasonable disbursements of any kind or nature whatsoever which may be imposed on, asserted against or incurred by any Indemnified Party in any way relating to or arising out of this Agreement or the Collateral Documents or any action taken or omitted by an Indemnified Party under this Agreement or the Collateral Documents, **INCLUDING ANY SUCH LIABILITIES, OBLIGATIONS, LOSSES, DAMAGES, PENALTIES, ACTIONS, JUDGMENTS, SUITS, COSTS, REASONABLE EXPENSES AND REASONABLE DISBURSEMENTS ARISING OUT OF THE SOLE, CONCURRENT, CONTRIBUTORY**

OR COMPARATIVE NEGLIGENCE OF ANY INDEMNIFIED PARTY, except to the extent the same results solely from the gross negligence or willful misconduct of such Indemnified Party. The provisions of this Section shall survive the termination of this Agreement, whether in whole or in part.

Section 5.03. Limitation of Liability. The Swap Counterparty (including any individual partner, member, director, employee or agent of the Swap Counterparty) shall not incur any liability under this Agreement to the Loan Parties except for liabilities arising from the Swap Counterparty's gross negligence or willful misconduct, as determined by a court of competent jurisdiction. This Agreement is intended to benefit only Collateral Agent and the Creditors, and neither the Loan Parties nor any other Person shall have any rights hereunder or be entitled to claim any damages or defenses on account hereof from or against Collateral Agent or any Creditor (or any affiliate of Collateral Agent or any Creditor).

Section 5.04. Term.

(a) This Agreement shall terminate upon (i) the full payment of the Swap Obligations due and owing to the Swap Counterparty and the delivery by the Loan Parties of a written notice to the Swap Counterparty following such payment that the Loan Parties is terminating the Swap Counterparty Master Agreement; (ii) payment in full of all Obligations (other than indemnity obligations and similar obligations that survive the termination of the Credit Agreement for which no notice of a claim has been received by the Administrative Agent) under the Credit Agreement or (iii) the execution and delivery of a written termination notice signed by each of the parties; provided that if at any time any payment of the Total Obligations is rescinded or must be restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the obligations of the Borrower and the Rights of the Creditors under this Agreement, with respect to that payment, shall be reinstated as though the payment had been due but not made at that time. The Swap Counterparty agrees that the Loan Parties may terminate the Swap Counterparty Master Agreement by providing written notice to the Swap Counterparty at any time that there are no outstanding Commodity Hedging Transactions or payment obligations for any Commodity Hedging Transactions thereunder, irrespective of whether the Loan Parties has that express right under the terms of the Swap Counterparty Master Agreement. For purposes of the preceding clause (i), the Collateral Agent or the Borrower may request in writing that the Swap Counterparty confirm the termination of the Swap Counterparty Master Agreement. The Swap Counterparty shall have ten (10) Business Days from the date the notice is deemed given pursuant to Section 5.09 in which to either confirm in writing such termination or provide a written notice to the Collateral Agent and the Borrower of the total amount of outstanding Swap Obligations claimed in good faith by the Swap Counterparty. If the Swap Counterparty does not provide any notice within the 10 Business Day period, or if notice is provided of outstanding Swap Obligations and those obligations are paid in full, the Swap Counterparty Master Agreement will be deemed terminated for purposes of the preceding clause (i).

(b) If Borrower has issued to the Swap Counterparty a letter of credit or other credit support as credit support replacement for the Collateral Documents then securing such Swap Counterparty (such letter of credit or other credit support to be in form and substance and in an amount and from an issuing bank reasonably satisfactory to the Swap Counterparty) to secure payment of all Swap Obligations owing the Swap Counterparty, such Person shall cease to be a

Swap Counterparty for all purposes of this Agreement and the Collateral Documents and such Swap Obligations and the Swap Documents of the Swap Counterparty shall cease to be secured by the Collateral Documents.

Section 5.05. Survival of Rights. All of the respective Rights and interests of the Creditors under this Agreement (and the respective obligations and agreements of the Creditors under this Agreement), shall remain in full force and effect regardless of:

(a) any lack of validity or enforceability of any of the Loan Documents, the Swap Documents or any other agreement or instrument related thereto; or

(b) any other circumstance which might otherwise constitute a defense available to, or discharge of, the Loan Parties with respect to the Obligations or the Swap Obligations (other than the defense that such obligations have been fully satisfied).

Section 5.06. Representations and Warranties. Each of the Loan Parties and the Swap Counterparty represents and covenants to each other and to the Collateral Agent that as of the date of its entry into any Commodity Hedging Transactions it will be, an "Eligible Contract Participant" as defined in 7 U.S.C. § 1a(18). ABC Agent, as the Administrative Agent and as the Collateral Agent, and the Swap Counterparty each represent and warrant to the other that:

(a) neither the execution and delivery of this Agreement nor its performance of or compliance with the terms and provisions hereof will conflict with, or result in a breach of the terms, conditions or provisions of, or constitute a default under, any other agreement to which it is now subject;

(b) it has all requisite authority to execute, deliver and perform its obligations under this Agreement; and

(c) this Agreement constitutes its legal, valid, and binding obligation, enforceable against it in accordance with its terms, subject only to applicable bankruptcy, insolvency or similar laws and general principles of equity.

Section 5.07. Further Assurances. The Administrative Agent and the Swap Counterparty each covenant that, as long as this Agreement remains in effect, it will execute and deliver any and all other instruments reasonably requested by the other to give effect to the terms and conditions of this Agreement.

Section 5.08. Assignment; Agreement Binding on Successors and Assigns. The terms and provisions of this Agreement shall be binding upon and inure to the benefit of each Creditor and its respective successors and permitted assigns. The terms and provisions of this Agreement shall not inure to the benefit of, nor be relied upon by, the Borrower or its successors or assigns. The Swap Counterparty shall not assign, transfer or sell any part of its portion of the Total Obligations without the prior written consent of the Administrative Agent in its sole and absolute discretion. For purposes of the immediately preceding sentence, a change of control of the Swap Counterparty or a merger by the Swap Counterparty with another entity shall not constitute an assignment of the Swap Counterparty's portion of the Total Obligations. This Agreement, the

Loan Documents and the Obligations may be assigned at any time to any Person(s) without the consent of the Swap Counterparty.

Section 5.09. Notice. Unless otherwise provided, any consent, request, notice, or other communication under or in connection with this Agreement must be in writing to be effective and shall be deemed to have been given (a) if sent by a nationally recognized overnight delivery service using its overnight delivery option (e.g., Federal Express, UPS or the United States postal service), on the Business Day after it is enclosed in an envelope and properly addressed, stamped and deposited with such delivery service, (b) if by other form of mail, on the third Business Day after it is enclosed in an envelope and properly addressed, stamped, sealed, certified return receipt requested, and deposited in the appropriate official postal service, or (c) if by courier, electronic transmissions, or facsimile transmission, when actually delivered. Until changed by a subsequent notice delivered in accordance with this Section, notices for each party are to be directed to:

ARTICLE II
NATURE OF OBLIGATIONS AND LIENS

Section 2.01. Obligations and Liens Pari Passu.

(a) Subject to the other terms and conditions of this Agreement, the Loan Obligations ~~shall be pari passu with~~and the Swap Obligations shall be secured on a first priority, *pari passu* basis by the Liens on the Collateral granted to the Collateral Agent under the Collateral Documents. At the times and under the conditions described in Article IV, the Loan Obligations and the Swap Obligations will be repaid Ratably with the proceeds of Collateral after the payment of expenses. Upon the execution of this Agreement, the Liens granted under the Collateral Documents that are in effect at the time of execution of this Agreement shall be in favor of the Collateral Agent for the benefit of the Creditors, to secure, Ratably, the Loan Obligations and the Swap Obligations. Such Collateral Documents are in all substantive respects in the form approved by the Swap Counterpart~~y~~ies.

(b) The Liens under the Collateral Documents shall be Permitted Liens and the Administrative Agent consents to the Loan Parties granting such Liens. The Swap Counterpart~~y~~ies hereby acknowledge~~s~~ and consent~~s~~ to the Loan Parties' grants of Liens to the Administrative Agent in all rights of the Loan Parties under the Swap Documents, including all payments owing to the Loan Parties thereunder, notwithstanding any restrictions on assignment in any Swap Document.

(c) The Administrative Agent consents to the Loan Parties' entering into the Swap Counterparty Master Agreements and Commodity Hedging Transactions with ~~the~~each Swap Counterparty, that constitutes Acceptable Commodity Hedging Transactions. The Administrative Agent agrees and consents to ~~the~~each Swap Counterparty being a Secured Party (as defined in the ~~Credit~~Guarantee and Collateral Agreement) with respect to Acceptable Commodity Hedging Transactions; provided, however, that the Administrative Agent may, by giving written notice to the Borrower and to the applicable Swap Counterparty, elect to revoke ~~the~~such Swap Counterparty's status as a Secured Party for purposes of any Acceptable Commodity Hedging Transactions entered into beginning on the fifth (5th) Business Day following the Borrower's and ~~the~~such Swap Counterparty's receipt (or deemed receipt pursuant to Section 5.09) of such notice. The Administrative Agent also agrees that in the event the Administrative Agent notifies the Borrower that the Borrower's entry into a Commodity Hedging Transaction would not constitute an Acceptable Commodity Hedging Transaction, then the Administrative Agent will also concurrently notify ~~the~~such Swap Counterparty of such determination.

(d) Without the prior written consent of the Administrative Agent, the Loan Parties and ~~the~~each Swap Counterparty shall not amend, supplement, delete or otherwise modify ~~the~~any Swap Counterparty Master Agreement or any provision thereof from the form presented to the Administrative Agent for its review prior to execution of this Agreement:

(i) if such action would result in a violation, or the creation of an obligation on the part of the Borrower to violate, the limitations on credit support set forth in Section 2.023 ~~hereof~~;

(ii) such that the Threshold Amount (as defined in the applicable Swap Counterparty Master Agreement) that is applicable to the Borrower would be anything other than a fixed dollar amount equal to or greater than $500,000; or

(iii) in a manner that changes or expands the events that constitute Events of Default or Additional Termination Events (each as defined in the Swap Counterparty Master Agreements) or otherwise have the effect of causing an event to have consequences similar to an Event of Default or Additional Termination Event.

Notwithstanding clauses (i) through (iii) preceding, if (1) ~~the~~any Swap Counterparty notifies the Administrative Agent that it and the Borrower propose an amendment, supplement, deletion or modification to ~~the~~any Swap Counterparty Master Agreement mandated by the regulatory requirements imposed by the Commodity Futures Trading Commission under the Dodd-Frank Wall Street Reform and Consumer Protection Act and (2) the Borrower's request for the Administrative Agent's consent to the proposed amendment, supplement, deletion or modification is accompanied by a legal opinion of counsel reasonably satisfactory to the Administrative Agent confirming to the Administrative Agent that such amendment, supplement, deletion or modification is legally required, then the Administrative Agent will not unreasonably withhold or delay its consent to any such amendment, supplement, deletion or modification.

(e) The amounts payable by the Loan Parties to each Creditor at any time under any of the Principal Agreements to which such Creditor is a party shall be separate and independent debts, and each Creditor shall be entitled to enforce any Right arising out of the applicable Principal Agreement to which it is a party, subject to the terms thereof and of this Agreement. (f) Each Creditor hereby agrees that no Creditor shall have any right individually to realize upon any Liens granted under the Collateral Documents, it being understood and agreed that such Rights may be exercised only by the Collateral Agent or the trustee under the Collateral Documents for the Ratable benefit of the Creditors.

(g) Each Acceptable Commodity Hedging Transaction at the time it is executed by the Borrower or other Loan Party and the any Swap Counterparty shall be deemed to be acceptable under this Agreement if permitted under the Credit Agreement. ~~The~~Each Swap Counterparty

If a Commodity Hedging Transaction would otherwise be secured under the Collateral Documents but for a deviation from the criteria for "Acceptable Commodity Hedging Transactions" set forth in the definition hereof, and that deviation is consented to in writing and delivered via electronic mail to the applicable Swap Counterparty in accordance with Section 5.09 by the Administrative Agent (with such approvals as may be required by the Credit Agreement), then such Commodity Hedging Transaction shall be secured by the Collateral Documents.

(h) Each Creditor hereby agrees that it shall not (and hereby waives any right to) contest, or support any other Person in contesting, in any proceedings (including any insolvency or liquidation proceedings), the priority, validity or enforceability of a Lien held by or on behalf of the Collateral Agent in any Collateral; provided that nothing in this Agreement shall be construed to prevent or impair the rights of the Collateral Agent or any Creditor to enforce this Agreement as provided herein.

(i) Each Lender and each Swap Counterparty agrees that (i) it will not (and hereby waives any right to) challenge or question in any proceeding the validity or enforceability of any of the Total Obligations or any Collateral Document or the validity, attachment, perfection or priority of any Lien under any Collateral Document or the validity or enforceability of the priorities, rights or duties established by or other provisions of this Agreement, (ii) it will not take or cause to be taken any action the purpose or intent of which is, or could be, to interfere, hinder or delay, in any manner, whether by judicial proceedings or otherwise, any sale, transfer or other disposition of the Collateral by Collateral Agent in accordance with the terms of this Agreement, (iii) it will not institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against Collateral Agent or any other Creditor seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Collateral, and none of Collateral Agent or any other Creditor shall be liable for any action taken or omitted to be taken by Collateral Agent or Creditor, with respect to any Collateral in accordance with the provisions of this Agreement, (iv) it will not seek, and hereby waives any right, to have any Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral and (v) it will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of this Agreement; provided, that nothing in this Agreement shall be construed to prevent or impair the rights of any of Collateral Agent or any other Creditor to enforce this Agreement.

Section 2.02. Specified Swap Obligations.

(a) Commencing on the Tenth Amendment Effective Date, the BP Specified Swap Obligations shall bear interest at the rate per annum set forth in Section 2.6(a) of the Credit Agreement for the Loans then outstanding; provided, that if at any time, the Borrower has outstanding one or more Term SOFR Loans and one or more ABR Loans, the BP Specified

(b) On each Interest Payment Date, interest accrued on the BP Specified Swap Obligations shall be due and payable in cash; provided, that to the extent the Borrower elects PIK Interest pursuant to Section 2.6(b) of the Credit Agreement (and the Administrative Agent approves such election in accordance with the Credit Agreement), BP acknowledges and agrees that interest on the BP Specified Swap Obligations for the applicable Interest Period will accrue as PIK Interest to the same extent as the Loan Obligations without further action of any party hereto. All interest hereunder shall be computed at the time and in the manner set forth in Section 2.6(b) of the Credit Agreement.

(e) The BP Specified Swap Obligations (i) shall be due and payable in full on the Maturity Date and (ii) shall not require any ongoing mark to market payments, amortization, fees or otherwise.

(f) From and after the Tenth Amendment Effective Date, while no Triggering Event has occurred, the proceeds of (i) any sale of Collateral, (ii) repayments pursuant to Section 2.7 of the Credit Agreement, (iii) voluntary prepayments pursuant to Section 2.8 of the Credit Agreement and (iv) mandatory prepayments pursuant to Section 2.9 of the Credit Agreement shall, in each case, be applied Ratably among the Loan Obligations and the BP Specified Swap Obligations.

Section 2.03. ~~Section 2.02.~~ Limitations on Separate Credit Support. ~~The~~Each Swap Counterparty agrees that, without the prior written consent of the Administrative Agent, ~~the~~such Swap Counterparty will not seek or accept credit support for any Swap Obligation or any other Commodity Hedging Transaction between the Loan Parties and ~~the~~such Swap Counterparty, including without limitation letters of credit, guarantees from any owner of the Loan Parties or any other Person, or Liens on any Property of the Loan Parties, other than the Rights of ~~the~~such Swap Counterparty under the Collateral Documents until after the full payment and cancellation of the Loan Obligations.

Notwithstanding anything to the contrary in this Agreement, and for the avoidance of doubt, the proceeds of a sale of Collateral occurring while no Triggering Event has occurred (or would result therefrom) shall be applied as required by the Loan Documents.~~ Subject to Section 5.04, the Collateral Agent shall not, in connection with a Disposition, release any Collateral from Liens created by the Collateral Documents during the existence of a Triggering Event, except for Permitted ~~Exceptions~~Dispositions; provided, that all Parties acknowledge and agree that the proceeds of any Permitted Disposition that occurs during the existence of a Triggering Event shall constitute Proceeds and shall be applied in accordance with Section 4.02~~hereof~~.

Notwithstanding the above, the Collateral Agent may choose not to take any action authorized by this Section until it receives written direction from a Creditor.

(d) The Collateral Agent is authorized to receive any Proceeds for the benefit of the Creditors and to distribute such Proceeds to the Creditors in accordance with the provisions of this Agreement.

(e) The Collateral Agent shall, as soon as reasonably practicable after any release of the Collateral permitted by Section 2.0~~3~~4(b), notify ~~the~~each Swap Counterparty of such release giving full particulars with respect thereto; provided, however, that any failure of the Collateral Agent to comply with the requirements of this sentence shall not give rise to any breach of contract claim against the Collateral Agent, the Administrative Agent or any Lender or result, directly or indirectly, in any liability being imposed on the Collateral Agent, the Administrative Agent or any Lender in connection therewith.

(f) The Lender Group may enter into any increase, amendment, modification or supplement to any Loan Document (other than (x) the Collateral Documents, unless permitted by clause (g) below and (y) Section 2.12(f) of the Credit Agreement in a manner adverse to ~~the~~any Swap Counterparty), enter into new or additional credit facilities with the Loan Parties, or grant any waiver, consent, release, indulgence, extension or renewal with respect to any Loan Document (other than the Collateral Documents, unless permitted by clause (g) below) or such new or additional credit facilities ("**Credit Agreement Modifications**"), and such Credit Agreement Modifications shall be deemed accepted by the Swap Counterpart~~y~~ies and the Loan Parties for

Each Creditor also acknowledges that it will, independently and without reliance upon the Collateral Agent or any other Person and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement or the Collateral Documents. Except as expressly provided in this Agreement, the Collateral Agent shall have no duty or responsibility, either initially or on a continuing basis, to provide any Creditor with any credit or other information concerning the affairs, financial condition or business of the Loan Parties which may come into the possession of the Collateral Agent or any of its affiliates whether now in its possession or in its possession at any time or times hereafter; and the Collateral Agent shall not be required to keep itself informed as to the performance or observance by the Loan Parties of this Agreement, any Collateral Document or any other document referred to or provided for herein or to inspect the Properties or books of the Loan Parties.

(b) The Collateral Agent shall not (i) be responsible to any Creditor for any recitals, statements, information, representations or warranties herein, in any Collateral Document, or in any document, certificate or other writing delivered in connection herewith or therewith or for

the execution, effectiveness, genuineness, validity, enforceability, collectability, priority or sufficiency of this Agreement or the Collateral Documents or the financial condition of the Loan Parties; or (ii) be required to make any inquiry concerning (a) the performance or observance by others of any of the terms, provisions or conditions of this Agreement or the Collateral Documents, including the content of notices, opinions, certificates and directions given under this Agreement or the Collateral Documents, (b) the financial condition of the Loan Parties, or (c) the existence or possible existence of any "default" or "event of default" under the Principal Agreements. Section 3.04. Certain Rights of the Collateral Agent. If the Collateral Agent shall request instructions from the Creditors with respect to any act or action (including the failure to act) in connection with this Agreement or the Collateral Documents, the Collateral Agent shall be entitled to refrain from such act or taking such action unless and until the Collateral Agent shall have received written instructions from any Creditor or Creditors pursuant to the terms hereof; and the Collateral Agent shall not incur liability to any Person by reason of so refraining. Without limiting the foregoing, no Creditor shall have any right of action whatsoever against the Collateral Agent as a result of the Collateral Agent acting or refraining from acting under this Agreement or the Collateral Documents in accordance with the written instructions given in accordance with this Agreement, and such instructions and any action taken or failure to act pursuant thereto shall be binding on all the Creditors. The Collateral Agent shall be fully justified in failing or refusing to take any action hereunder or under the Collateral Documents unless it shall first be indemnified to its satisfaction by the Creditors against any and all liability and expense which may be incurred by the Collateral Agent by reason of taking or continuing to take any such action. Notwithstanding any other provision of this Article III or any indemnity or instructions provided by any or all of the Creditors, the Collateral Agent shall not be required to take any action which, in the reasonable belief of the Collateral Agent, exposes the Collateral Agent to personal liability or which, in the reasonable belief of the Collateral Agent, is contrary to this Agreement, the Collateral Documents or applicable law.

Section 3.05. Reliance by the Collateral Agent. The Collateral Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, statement, certificate or telecopier message, cablegram, radiogram, facsimile transmission, e-mail, order or other documentary, teletransmission or telephone message believed by it to be genuine and correct and to have been signed, sent or made by the proper Person. The Collateral Agent may consult with legal counsel, accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken by it in good faith in accordance with the advice of such counsel, accountants or experts.

Section 3.06. Creditors as Owners. The Collateral Agent may deem and treat each Creditor as the owner of its portion of the Total Obligations as described herein for all purposes hereof unless and until the Collateral Agent is notified of a change in Creditors.

Section 3.07. Successor Collateral Agent.

(a) Collateral Agent shall not be subject to removal by Creditors or the Loan Parties; provided that if the Person serving as Administrative Agent is replaced as Administrative Agent under the Credit Agreement, the Person serving as replacement Administrative Agent shall automatically and without further action or consent by the Loan Parties or the Swap Counterpartyies become Collateral Agent under this Agreement. The Collateral Agent may resign at any time by giving thirty (30) days prior written notice thereof to the Creditors and the Borrower. Following any such notice of resignation, the resigning Collateral Agent shall have the right to appoint a successor Collateral Agent, subject to the consent of the Swap Counterpartyies to the appointee (which consent shall not be unreasonably withheld, conditioned or delayed). If within thirty (30) days after the retiring Collateral Agent's giving of notice of resignation, no successor Collateral Agent shall have been so appointed by the resigning Collateral Agent which has accepted such appointment, then the Swap Counterparty may, in its sole discretion, appoint a successor Collateral Agent.

(b) Upon the acceptance of any appointment as the Collateral Agent hereunder by a successor Collateral Agent, such successor Collateral Agent shall thereupon succeed to and become vested with all the Rights and duties of the retiring Collateral Agent, and the retiring Collateral Agent shall be discharged from its duties under this Agreement. After any retiring Collateral Agent's resignation hereunder as the Collateral Agent, the provisions of this Agreement shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Collateral Agent under this Agreement.

Section 3.08. Employment of Collateral Agent and Counsel. The Collateral Agent may execute any of its duties as the Collateral Agent hereunder or under the Collateral Documents by or through employees, agents, and attorneys-in-fact and shall not be answerable to the Creditors for the default or misconduct of any such employees, agents or attorneys-in-fact reasonably selected by it in good faith unless such default or misconduct is a direct result of the gross negligence or willful misconduct of the Collateral Agent in monitoring the activities of such employees, agents or attorneys-in-fact; provided that the Collateral Agent shall always be obligated to account for moneys or securities received by it or its authorized agents. The Collateral Agent shall be entitled to advice of independent legal counsel concerning all matters pertaining to the collateral agency hereby created and its duties hereunder or under the Collateral Documents.

Section 3.09. Limitation on Liability of the Creditors and the Collateral Agent. The Creditors and the Collateral Agent shall not be deemed, as a result of the execution and delivery of the Collateral Documents or the consummation of the transactions contemplated by this Agreement and the Collateral Documents, to have assumed any obligation of the Loan Parties with respect to the Collateral or any liability under or with respect to any of the contracts, agreements, leases, instruments or documents which are, or which may hereafter be, assigned to the Collateral Agent for the benefit of the Creditors.

Section 4.01. Procedures Regarding Remedies.

(a) Upon the occurrence and during the continuance of any Triggering Event, the Collateral Agent shall, upon the request of any of the Accelerated Creditors specifying the particular actions being requested by such Accelerated Creditor, and subject to the other provisions of this Agreement, commence to take, or direct the appropriate trustee or agent to take, those requested actions provided for in the Collateral Documents relating to the pursuit of remedies; provided, that the Swap Counterparties shall not have the right to require Collateral Agent to realize on any Liens or take any enforcement actions granted pursuant to the Collateral Documents until, if the amount of Swap Obligations owing to the Swap Counterparty is equal to or greater than fifty percent (50%) of the Total Obligations, the forty-fifth (45th) day after a Triggering Event of the type referred to in clause (i) of the definition of Triggering Event shall have occurred (the "**Standstill Period**") and provided further that such Triggering Event shall be continuing on such date and the Collateral Agent shall not have diligently commenced exercise of remedies on such date; provided further that, to the extent the amount of Swap Obligations owing to the one or more Swap Counterparties is equal to or greater than seventy-five percent (75%) of the Total Obligations, the such Swap Counterparties will not be subject to the Standstill Period and may immediately request the Collateral Agent to take actions as provided in this Section 4.01. For the avoidance of doubt, the Swap Counterparty shall not have the right to require Collateral Agent to realize on any Liens or take any enforcement actions granted pursuant to the Collateral Documents if the amount of Swap Obligations owing to the Swap Counterparty is less than fifty percent (50%) of the Total Obligations.

(b) The Loan Parties and the Creditors agree that upon the occurrence of a Triggering Event, all payments made to any Creditor by the Loan Parties shall be shared by all Creditors in accordance with Section 4.02.

(c) Each Creditor agrees: (i) to deliver to each other Creditor, as applicable, at the same time it makes delivery to the Borrower, a copy of any (A) notice declaring the occurrence of an Event of Default under any Loan Documents, (B) notice declaring the occurrence of an Event of Default (as defined in the applicable Swap Documents) or Termination Event (as defined in the applicable Swap Documents) under any Swap Documents, (C) notice of intent to accelerate or notice of acceleration of the Loan Parties' obligations, or (D) notice of the designation of an Early Termination Date (as defined in the applicable Swap Documents) with respect to any Swap Obligation; (ii) to deliver to each other Creditor, at the same time it makes delivery to any other Person, a copy of any notice of the commencement of any judicial proceeding and a copy of any other notice with respect to the exercise of remedies with respect to any of the Total Obligations; and (iii) deliver the Early Termination Amount (as defined in the applicable Swap Documents). Any failure by a party hereto to furnish a copy under this clause (c) shall not limit or affect the rights and obligations hereunder.

(d) Each of the Swap Counterparties and the Collateral Agent hereby agrees that it shall endeavor to furnish the Borrower with a copy of any notice provided or received, as applicable, by it pursuant to clause (i) of the definition of Triggering Event. Each of the Borrower and the

Administrative Agent hereby agrees that it shall endeavor to furnish the Swap Counterpartyies with a copy of any notice received or provided, as applicable, by it pursuant to clause (ii) of the definition of Triggering Event. Any failure by a party hereto to furnish a copy under this clause (d) shall not limit or affect the rights and obligations hereunder.

(e) The Borrower hereby agrees that theany Swap Counterparty may provide to the Administrative Agent from time to time, and thesuch Swap Counterparty hereby agrees to provide to the Administrative Agent within three (3) Business Days following thesuch Swap Counterparty's receipt of a written request therefor from the Administrative Agent, a report of the marked-to-market positions of the various transactions in effect from time to time under the applicable Swap Documents. Any unintentional failure by theany Swap Counterparty to timely furnish information required under this clause (e) shall not limit or affect the parties' rights and obligations hereunder.

(f) In the event that the Liens created under the Collateral Documents conflict with the Liens created under other security documents in favor of or for the benefit of the Administrative Agent, the Liens created under the Collateral Documents shall have priority.

(g) Collateral Agent shall not be obligated to follow any instructions of any Accelerated Creditor if Collateral Agent determines, in its sole and absolute discretion, that: (i) such instructions conflict with the provisions of this Agreement, any Principal Agreement, any Collateral Document or any Governmental Requirement, (ii) such instructions are ambiguous, inconsistent, in conflict with other instructions (whether from the same or another Accelerated Creditor) or otherwise insufficient to direct the actions of Collateral Agent; provided that Collateral Agent explains the grounds for a refusal, or (iii) Collateral Agent has not been adequately indemnified to its satisfaction (including indemnity from the Accelerated Creditors in accordance with the Ratable amounts of Total Obligations owing to them). Collateral Agent shall have the right, in its discretion, to take any action authorized under this Agreement or the Collateral Documents, to the extent that such action is not prohibited by the terms hereof or thereof, which it deems proper and consistent with the instructions given by any Accelerated Creditor as provided for herein or otherwise in the best interest of Creditors. In the absence of written instructions from any Accelerated Creditor for any particular matter, Collateral Agent shall have no duty to take or refrain from taking any action unless such action or inaction is explicitly required by the terms of this Agreement or any Governmental Requirement. Collateral Agent shall have no duty with respect to a Triggering Event unless it has received written notice from an Accelerated Creditor that a Triggering Event has occurred.

(h) The Collateral Agent shall cease to comply with any direction by aany Swap Counterparty pursuant to this Section 4.01 if (i) the Triggering Event under the applicable Swap Documents of such Swap Counterparty has been cured or waived or (ii) the amounts owed by Borrower to such Swap Counterparty under Acceptable Commodity Hedging Transactions have been paid in full or otherwise discharged.

Section 4.02. Proceeds.

(a) The Creditors hereby agree between themselves that (i) prior to the occurrence of a Triggering Event, each Creditor shall be entitled to receive and retain for its own account, and

shall never be required to disgorge to the Collateral Agent or any other Creditor hereunder or acquire direct or participating interests in the Loan Obligations or the Swap Obligations, as the case may be, owing to such Creditor, scheduled payments or voluntary prepayments, payments for the redemption or purchase of principal, interest, fees and premium, if any, settlement payments and any other payments in respect of the Principal Agreements or Credit Agreement Modifications, all in compliance with the terms thereof, and (ii) upon the occurrence and during the continuance of a Triggering Event, all such amounts received by any Creditor ~~after a~~following such Triggering Event shall constitute Proceeds, shall be turned over to the Collateral Agent, and shall be shared by the Creditors, Ratably, and in accordance with Section 4.02(b) below; provided, however, and for the avoidance of doubt, if the Administrative Agent grants its consent for any letter of credit pursuant to Section 2.0~~2~~3, ~~the~~no Swap Counterparty shall ~~not~~ be obligated to hold in trust, pay over or share with the Administrative Agent any portion of the proceeds of any such letter of credit.

(b) All Proceeds received by the Collateral Agent during the existence of a Triggering Event shall be applied in accordance with this Section 4.02. To the extent any Creditor ever receives any portion of such Proceeds in excess of its Ratable share (or to the extent the Collateral Agent receives reimbursement in excess of expenses actually incurred), the party receiving those excess Proceeds agrees to promptly make all necessary transfers so as to give full effect to this Section 4.02. All Proceeds received by the Collateral Agent during the existence of a Triggering Event shall be applied in the following order:

(i) ***First***, to reimburse the Collateral Agent for expenses in accordance with Section 5.01;

(ii) ***Second***, Ratably, to the Administrative Agent in respect of amounts owing to the Lender Group and to the Swap Counterpart~~y~~ies until the Total Obligations are fully satisfied; and

(iii) ***Third***, to the extent that any Proceeds remain, to the Borrower or as otherwise required by applicable law.

Section 4.03. Notice of Amount of Indebtedness. Upon receipt of any Proceeds to be distributed pursuant to Section 4.02, the Collateral Agent shall give the Creditors notice thereof, and each Creditor (or its representative) shall, within three (3) Business Days, notify the Collateral Agent of the amount of the Total Obligations owing to it. Such notification shall state the amount of the Total Obligations owing to it and how much is then due and owing. If requested by the Collateral Agent, each Creditor (or its representative) shall demonstrate that the amounts set forth in its notice are actually owing to such Creditor to the reasonable satisfaction of the Collateral Agent. Notwithstanding the foregoing, the Collateral Agent may conclusively rely on information in such notices without any investigation. In the event that any Creditor fails to timely notify the Collateral Agent of the amount of the Total Obligations owed to it, the Collateral Agent shall distribute such Proceeds on any basis deemed reasonable by it and not in bad faith.

Section 4.04. Additional Swap Counterparties. ~~The Swap Counterparty hereby agrees to execute and deliver any amended or restated version of this Agreement that is executed by the Loan Parties, the Administrative Agent, the Collateral Agent and any other counterparty to a~~

~~Secured Swap Agreement (under and as defined in the Collateral Documents) which provides for Acceptable Commodity Hedging Transactions that are agreed to by the Administrative Agent as being secured obligations under the Collateral Documents.~~

. If any Person that is approved by Administrative Agent as a counterparty to a Swap Agreement under the Credit Agreement desires to become a "Swap Counterparty" for the purposes of this Agreement and the Collateral Documents, then it shall execute and deliver to the Administrative Agent and the Borrower a Joinder Supplement. In each case, upon execution and delivery of such Joinder Supplement by such Person, Administrative Agent and Borrower, such Person shall be deemed a Swap Counterparty hereunder as if an original signatory. Joinder Supplements executed pursuant to this Section 4.04 do not require the signatures or consents of all Creditors party to this Agreement. Promptly after execution of any such Joinder Supplement, the parties thereto will endeavor to send a copy thereof to each other Swap Counterparty, but failure or delay in doing so will not make such Joinder Supplement void or voidable or otherwise affect the rights and duties of the parties hereto.

ARTICLE V
MISCELLANEOUS

Section 5.01. Expenses. The Lenders and the Swap Counterpart~~y~~ies shall each bear their Ratable share of any reasonable expenses incurred by the Collateral Agent in taking action on behalf of the Creditors in connection with its investigation, evaluation or enforcement of any Rights under the Collateral Documents or the performance of its duties under this Agreement or under any of the Collateral Documents, but only to the extent Collateral Agent does not receive reimbursement for such expenses from the Loan Parties or from Proceeds within thirty (30) days after such expenses are invoiced; provided, that, to the extent any Creditor reimburses Collateral Agent for such expenses, such Creditor will be entitled to receive its Ratable share of any reimbursement subsequently received by Collateral Agent from the Loan Parties or from Proceeds.

Section 5.02. Limitation of Collateral Agent Liability; Indemnification of the Collateral Agent. Neither the Collateral Agent nor any of its representatives shall (i) be liable for any action taken or omitted to be taken by it or them hereunder or under the Collateral Documents in good faith and reasonably believed by it or them to be within the discretion or power conferred upon it or them by this Agreement and the Collateral Documents or (ii) be responsible for the consequences of any error of judgment, except to the extent arising solely from its gross negligence or willful misconduct. The Collateral Agent shall not be responsible in any manner to any other party for the effectiveness, enforceability, genuineness, validity or the due execution of the Collateral Documents or for any representation, warranty, document, certificate, report or statement made in or in connection with the Collateral Documents or be under any obligation to any other party to ascertain or inquire as to the performance or observation of any of the terms, covenants or conditions of any of the Loan Documents or the Swap Documents on the part of the Borrower. The Lenders and the Swap Counterpart~~y~~ies agree to Ratably reimburse and indemnify the Collateral Agent and its affiliates, directors, officers, employees and agents (each an "**Indemnified Party**") on a current basis and hold the indemnified parties harmless on a current basis from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, reasonable expenses, and reasonable disbursements of any kind or nature

whatsoever which may be imposed on, asserted against or incurred by any Indemnified Party in any way relating to or arising out of this Agreement or the Collateral Documents or any action taken or omitted by an Indemnified Party under this Agreement or the Collateral Documents, **INCLUDING ANY SUCH LIABILITIES, OBLIGATIONS, LOSSES, DAMAGES, PENALTIES, ACTIONS, JUDGMENTS, SUITS, COSTS, REASONABLE EXPENSES AND REASONABLE DISBURSEMENTS ARISING OUT OF THE SOLE, CONCURRENT, CONTRIBUTORY OR COMPARATIVE NEGLIGENCE OF ANY INDEMNIFIED PARTY,** except to the extent the same results solely from the gross negligence or willful misconduct of such Indemnified Party. The provisions of this Section shall survive the termination of this Agreement, whether in whole or in part.

Section 5.03. Limitation of Liability. ~~The~~No Swap Counterparty (including any individual partner, member, director, employee or agent of ~~the~~any Swap Counterparty) shall ~~not~~ incur any liability under this Agreement to the Loan Parties except for liabilities arising from ~~the~~such Swap Counterparty's gross negligence or willful misconduct, as determined by a court of competent jurisdiction. This Agreement is intended to benefit only Collateral Agent and the Creditors, and neither the Loan Parties nor any other Person shall have any rights hereunder or be entitled to claim any damages or defenses on account hereof from or against Collateral Agent or any Creditor (or any affiliate of Collateral Agent or any Creditor).

Section 5.04. Term.

(a) This Agreement shall terminate upon (i) the full payment of the Swap Obligations due and owing to the Swap Counterpart~~y~~ies and the delivery by the Loan Parties of a written notice to the Swap Counterpart~~y~~ies following such payment that the Loan Parties is terminating the Swap Counterparty Master Agreements; (ii) payment in full of all Loan Obligations (other than indemnity obligations and similar obligations that survive the termination of the Credit Agreement for which no notice of a claim has been received by the Administrative Agent) under the Credit Agreement or (iii) the execution and delivery of a written termination notice signed by each of the parties; provided that if at any time any payment of the Total Obligations is rescinded or must be restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the obligations of the Borrower and the Rights of the Creditors under this Agreement, with respect to that payment, shall be reinstated as though the payment had been due but not made at that time. ~~The~~Each Swap Counterpart~~y~~ies agrees that the Loan Parties may terminate ~~the~~any Swap Counterparty Master Agreement by providing written notice to ~~the~~such Swap Counterparty at any time that there are no outstanding Commodity Hedging Transactions or payment obligations for any Commodity Hedging Transactions thereunder, irrespective of whether the Loan Parties has that express right under the terms of the Swap Counterparty Master Agreement. For purposes of the preceding clause (i), the Collateral Agent or the Borrower may request in writing that ~~the~~such Swap Counterparty confirm the termination of the applicable Swap Counterparty Master Agreement. ~~The~~Such Swap Counterparty shall have ten (10) Business Days from the date the notice is deemed given pursuant to Section 5.09 in which to either confirm in writing such termination or provide a written notice to the Collateral Agent and the Borrower of the total amount of outstanding Swap Obligations claimed in good faith by ~~the~~such Swap Counterparty. If ~~the~~such Swap Counterparty does not provide any notice within the ten (10) Business Day period, or if notice is provided of outstanding Swap Obligations and

those obligations are paid in full, ~~the~~such Swap Counterparty Master Agreement will be deemed terminated for purposes of the preceding clause (i).

(b) If Borrower has issued to ~~the~~any Swap Counterparty a letter of credit or other credit support as credit support replacement for the Collateral Documents then securing such Swap Counterparty (such letter of credit or other credit support to be in form and substance and in an amount and from an issuing bank reasonably satisfactory to ~~the~~such Swap Counterparty) to secure payment of all Swap Obligations owing ~~the~~such Swap Counterparty, such Person shall cease to be a Swap Counterparty for all purposes of this Agreement and the Collateral Documents and such Swap Obligations and the Swap Documents of ~~the~~such Swap Counterparty shall cease to be secured by the Collateral Documents.

Section 5.05. Survival of Rights. All of the respective Rights and interests of the Creditors under this Agreement (and the respective obligations and agreements of the Creditors under this Agreement), shall remain in full force and effect regardless of:

(a) any lack of validity or enforceability of any of the Loan Documents, the Swap Documents or any other agreement or instrument related thereto; or

(b) any other circumstance which might otherwise constitute a defense available to, or discharge of, the Loan Parties with respect to the Loan Obligations or the Swap Obligations (other than the defense that such obligations have been fully satisfied).

Section 5.06. Representations and Warranties. Each of the Loan Parties and ~~the~~each Swap Counterparty represents and covenants to each other and to the Collateral Agent that as of the date of its entry into any Commodity Hedging Transactions it will be, an "Eligible Contract Participant" as defined in 7 U.S.C. § 1a(18). ABC Agent, as the Administrative Agent and as the Collateral Agent, and ~~the~~each Swap Counterparty each represent and warrant to the other that:

(a) neither the execution and delivery of this Agreement nor its performance of or compliance with the terms and provisions hereof will conflict with, or result in a breach of the terms, conditions or provisions of, or constitute a default under, any other agreement to which it is now subject;

(b) it has all requisite authority to execute, deliver and perform its obligations under this Agreement; and

(c) this Agreement constitutes its legal, valid, and binding obligation, enforceable against it in accordance with its terms, subject only to applicable bankruptcy, insolvency or similar laws and general principles of equity.

Section 5.07. Further Assurances. ~~The~~Each of the Administrative Agent and the Swap Counterpart~~y~~ies ~~each~~ covenant that, ~~as~~so long as this Agreement remains in effect, ~~it~~each of the Administrative Agent and the Swap Counterparties will execute and deliver any and all other instruments reasonably requested by the other to give effect to the terms and conditions of this Agreement.

Section 5.08. Assignment; Agreement Binding on Successors and Assigns. The terms and provisions of this Agreement shall be binding upon and inure to the benefit of each Creditor and its respective successors and permitted assigns. The terms and provisions of this Agreement shall not inure to the benefit of, nor be relied upon by, the Borrower or its successors or assigns. ~~The~~No Swap Counterparty shall ~~not~~ assign, transfer or sell any part of its portion of the Total Obligations without the prior written consent of the Administrative Agent in its sole and absolute discretion. For purposes of the immediately preceding sentence, a change of control of ~~the~~any Swap Counterparty or a merger by ~~the~~any Swap Counterparty with another entity shall not constitute an assignment of ~~the~~such Swap Counterparty's portion of the Total Obligations. This Agreement, the Loan Documents and the Loan Obligations may be assigned at any time to any Person(s) without the consent of ~~the~~any Swap Counterparty.

Section 5.09. Notice. Unless otherwise provided, any consent, request, notice, or other communication under or in connection with this Agreement must be in writing to be effective and shall be deemed to have been given (a) if sent by a nationally recognized overnight delivery service using its overnight delivery option (e.g., Federal Express, UPS or the United States postal service), on the Business Day after it is enclosed in an envelope and properly addressed, stamped and deposited with such delivery service, (b) if by other form of mail, on the third Business Day after it is enclosed in an envelope and properly addressed, stamped, sealed, certified return receipt requested, and deposited in the appropriate official postal service, or (c) if by courier, electronic transmissions, or facsimile transmission, when actually delivered. expressly stated to the contrary. References in this Agreement to "hereby," "herein," "hereinafter," "hereinabove," "hereinbelow," "hereof," "hereunder" and words of similar import shall be to this Agreement in its entirety and not only to the particular Exhibit, Schedule, Annex, Appendix, Attachment, Article, or Section in which such reference appears unless specifically stated otherwise. Exhibits and Schedules to any Loan Document or this Agreement shall be deemed incorporated by reference in such Loan Document or this Agreement, as applicable. References to any document, instrument, or agreement (a) shall include all exhibits, schedules, and other attachments thereto, and (b) shall include all documents, instruments, or agreements issued or executed in replacement thereof. This Agreement, for convenience only, has been divided into Articles and Sections; and it is understood that the rights and other legal relations of the parties hereto shall be determined from this instrument as an entirety and without regard to the aforesaid division into Articles and Sections and without regard to headings prefixed to such Articles or Sections. The phrases "this Section" and "this clause" and similar phrases refer only to the sections or clauses hereof in which such phrases occur. Definitions of terms defined in the singular or plural shall be equally applicable to the plural or singular, as the case may be, unless otherwise indicated. The Exhibits, Schedules, Annexes, Appendixes and Attachments attached to this Agreement and items referenced as being attached to this Agreement are incorporated herein and shall be considered a part of this Agreement for all purposes. The words "asset" and "property" shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, real property, securities, accounts and general intangibles.

Section 1.05. Joint Preparation; Construction of Indemnities and Releases. **This Agreement, the Loan Documents and the Swap Documents have been reviewed and negotiated by sophisticated parties with access to legal counsel, and no rule of construction shall apply hereto or thereto which would require or allow this Agreement, any Loan Document or any Swap Document to be construed against any party because of its role in drafting such document. All indemnification and release of liability provisions of this Agreement shall be construed broadly (and not narrowly) in favor of the Persons receiving indemnification or releases of liability.**

ARTICLE II
NATURE OF OBLIGATIONS AND LIENS

Section 2.01. Obligations and Liens Pari Passu.

(a) Subject to the other terms and conditions of this Agreement, the Loan Obligations and the Swap Obligations shall be secured on a first priority, *pari passu* basis by the Liens on the Collateral granted to the Collateral Agent under the Collateral Documents. At the times and

under the conditions described in Article IV, the Loan Obligations and the Swap Obligations will be repaid Ratably with the proceeds of Collateral after the payment of expenses. Upon the execution of this Agreement, the Liens granted under the Collateral Documents that are in effect at the time of execution of this Agreement shall be in favor of the Collateral Agent for the benefit of the Creditors, to secure, Ratably, the Loan Obligations and the Swap Obligations. Such Collateral Documents are in all substantive respects in the form approved by the Swap Counterparties.

(b) The Liens under the Collateral Documents shall be Permitted Liens and the Administrative Agent consents to the Loan Parties granting such Liens. The Swap Counterparties hereby acknowledge and consent to the Loan Parties' grants of Liens to the Administrative Agent in all rights of the Loan Parties under the Swap Documents, including all payments owing to the Loan Parties thereunder, notwithstanding any restrictions on assignment in any Swap Document.

(c) The Administrative Agent consents to the Loan Parties' entering into the Swap Counterparty Master Agreements and Commodity Hedging Transactions with each Swap Counterparty, that constitutes Acceptable Commodity Hedging Transactions. The Administrative Agent agrees and consents to each Swap Counterparty being a Secured Party (as defined in the Guarantee and Collateral Agreement) with respect to Acceptable Commodity Hedging Transactions; provided, however, that the Administrative Agent may, by giving written notice to the Borrower and to the applicable Swap Counterparty, elect to revoke such Swap Counterparty's status as a Secured Party for purposes of any Acceptable Commodity Hedging Transactions entered into beginning on the fifth (5th) Business Day following the Borrower's and such Swap Counterparty's receipt (or deemed receipt pursuant to Section 5.09) of such notice. The Administrative Agent also agrees that in the event the Administrative Agent notifies the Borrower that the Borrower's entry into a Commodity Hedging Transaction would not constitute an Acceptable Commodity Hedging Transaction, then the Administrative Agent will also concurrently notify such Swap Counterparty of such determination.

(d) Without the prior written consent of the Administrative Agent, the Loan Parties and each Swap Counterparty shall not amend, supplement, delete or otherwise modify any Swap Counterparty Master Agreement or any provision thereof from the form presented to the Administrative Agent for its review prior to execution of this Agreement:

(i) if such action would result in a violation, or the creation of an obligation on the part of the Borrower to violate, the limitations on credit support set forth in Section 2.03;

(ii) such that the Threshold Amount (as defined in the applicable Swap Counterparty Master Agreement) that is applicable to the Borrower would be anything other than a fixed dollar amount equal to or greater than $500,000; or

(iii) in a manner that changes or expands the events that constitute Events of Default or Additional Termination Events (each as defined in the Swap Counterparty

Master Agreements) or otherwise have the effect of causing an event to have consequences similar to an Event of Default or Additional Termination Event.

Notwithstanding clauses (i) through (iii) preceding, if (1) any Swap Counterparty notifies the Administrative Agent that it and the Borrower propose an amendment, supplement, deletion or modification to any Swap Counterparty Master Agreement mandated by the regulatory requirements imposed by the Commodity Futures Trading Commission under the Dodd-Frank Wall Street Reform and Consumer Protection Act and (2) the Borrower's request for the Administrative Agent's consent to the proposed amendment, supplement, deletion or modification is accompanied by a legal opinion of counsel reasonably satisfactory to the Administrative Agent confirming to the Administrative Agent that such amendment, supplement, deletion or modification is legally required, then the Administrative Agent will not unreasonably withhold or delay its consent to any such amendment, supplement, deletion or modification.

If a Commodity Hedging Transaction would otherwise be secured under the Collateral Documents but for a deviation from the criteria for "Acceptable Commodity Hedging Transactions" set forth in the definition hereof, and that deviation is consented to in writing and delivered via electronic mail to the applicable Swap Counterparty in accordance with Section 5.09 by the Administrative Agent (with such approvals

as may be required by the Credit Agreement), then such Commodity Hedging Transaction shall be secured by the Collateral Documents.

(h) Each Creditor hereby agrees that it shall not (and hereby waives any right to) contest, or support any other Person in contesting, in any proceedings (including any insolvency or liquidation proceedings), the priority, validity or enforceability of a Lien held by or on behalf of the Collateral Agent in any Collateral; provided that nothing in this Agreement shall be construed to prevent or impair the rights of the Collateral Agent or any Creditor to enforce this Agreement as provided herein.

(i) Each Lender and each Swap Counterparty agrees that (i) it will not (and hereby waives any right to) challenge or question in any proceeding the validity or enforceability of any of the Total Obligations or any Collateral Document or the validity, attachment, perfection or priority of any Lien under any Collateral Document or the validity or enforceability of the priorities, rights or duties established by or other provisions of this Agreement, (ii) it will not take or cause to be taken any action the purpose or intent of which is, or could be, to interfere, hinder or delay, in any manner, whether by judicial proceedings or otherwise, any sale, transfer or other disposition of the Collateral by Collateral Agent in accordance with the terms of this Agreement, (iii) it will not institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against Collateral Agent or any other Creditor seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Collateral, and none of Collateral Agent or any other Creditor shall be liable for any action taken or omitted to be taken by Collateral Agent or Creditor, with respect to any Collateral in accordance with the provisions of this Agreement, (iv) it will not seek, and hereby waives any right, to have any Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral and (v) it will not attempt, directly or indirectly, whether by judicial proceedings or otherwise, to challenge the enforceability of any provision of this Agreement; provided, that nothing in this Agreement shall be construed to prevent or impair the rights of any of Collateral Agent or any other Creditor to enforce this Agreement.

Section 2.02. Specified Swap Obligations.

(a) Commencing on the Tenth Amendment Effective Date, the BP Specified Swap Obligations shall bear interest at the rate per annum set forth in Section 2.6(a) of the Credit Agreement for the Loans then outstanding; provided, that if at any time, the Borrower has outstanding one or more Term SOFR Loans and one or more ABR Loans, the BP Specified Swap Obligations shall bear interest at a rate determined by reference to Adjusted Term SOFR plus the Applicable Rate.

(b) On each Interest Payment Date, interest accrued on the BP Specified Swap Obligations shall be due and payable in cash; provided, that to the extent the Borrower elects PIK Interest pursuant to Section 2.6(b) of the Credit Agreement (and the Administrative Agent approves such election in accordance with the Credit Agreement), BP acknowledges and agrees that interest on the BP Specified Swap Obligations for the applicable Interest Period will accrue as PIK Interest to the same extent as the Loan Obligations without further action of any party hereto. All

interest hereunder shall be computed at the time and in the manner set forth in Section 2.6(b) of the Credit Agreement.

(c) [reserved].

(d) All payments with respect to the BP Specified Swap Obligations due pursuant to this Section 2.02, shall be made to the Administrative Agent for distribution to BP (to the BP Account or otherwise as mutually agreed between BP and the Administrative Agent) pursuant to the procedures set forth with respect to payment of interest set forth in the Credit Agreement.

(e) The BP Specified Swap Obligations (i) shall be due and payable in full on the Maturity Date and (ii) shall not require any ongoing mark to market payments, amortization, fees or otherwise.

Section 2.03. Limitations on Separate Credit Support. Each Swap Counterparty agrees that, without the prior written consent of the Administrative Agent, such Swap Counterparty will not seek or accept credit support for any Swap Obligation or any other Commodity Hedging Transaction between the Loan Parties and such Swap Counterparty, including without limitation letters of credit, guarantees from any owner of the Loan Parties or any other Person, or Liens on any Property of the Loan Parties, other than the Rights of such Swap Counterparty under the Collateral Documents until after the full payment and cancellation of the Loan Obligations.

Section 2.04. Release of Collateral; Authorization; Amendments to Loan Documents; Notice of Releases.

(a) Subject to the terms hereof and the Loan Documents, the Collateral Agent shall permit the Loan Parties to remain in possession and control of the Collateral, to operate the Collateral, and to collect, invest and dispose of any income thereon or therefrom.

(c) To the extent permitted by, and subject to the provisions of, the applicable Collateral Documents, (i) the Collateral Agent may, in its sole discretion and without the consent of the Creditors, take all actions it deems necessary or appropriate in order to enforce any of the terms of the Collateral Documents and (ii) the Collateral Agent shall have power to institute and to maintain such suits and proceedings as it may deem expedient (A) to prevent any impairment of

the Collateral by any act that may be unlawful or in violation of the Principal Agreements, and (B) to preserve or protect its interests and the interests of the Creditors in the Collateral; provided, that, for the avoidance of doubt, the foregoing shall not be understood to grant the Collateral Agent any rights it does not have under the Credit Agreement and Collateral Documents (excluding this Agreement and any other Swap Intercreditor Agreement). Notwithstanding the above, the Collateral Agent may choose not to take any action authorized by this Section until it receives written direction from a Creditor.

(d) The Collateral Agent is authorized to receive any Proceeds for the benefit of the Creditors and to distribute such Proceeds to the Creditors in accordance with the provisions of this Agreement.

(e) The Collateral Agent shall, as soon as reasonably practicable after any release of the Collateral permitted by Section 2.04(b), notify each Swap Counterparty of such release giving full particulars with respect thereto; provided, however, that any failure of the Collateral Agent to comply with the requirements of this sentence shall not give rise to any breach of contract claim against the Collateral Agent, the Administrative Agent or any Lender or result, directly or indirectly, in any liability being imposed on the Collateral Agent, the Administrative Agent or any Lender in connection therewith.

(f) The Lender Group may enter into any increase, amendment, modification or supplement to any Loan Document (other than (x) the Collateral Documents, unless permitted by clause (g) below and (y) Section 2.12(f) of the Credit Agreement in a manner adverse to any Swap Counterparty), enter into new or additional credit facilities with the Loan Parties, or grant any waiver, consent, release, indulgence, extension or renewal with respect to any Loan Document (other than the Collateral Documents, unless permitted by clause (g) below) or such new or additional credit facilities ("**Credit Agreement Modifications**"), and such Credit Agreement Modifications shall be deemed accepted by the Swap Counterparties and the Loan Parties for the purposes of the Swap Counterparty Master Agreements with respect to those provisions of the Loan Documents (other than the Collateral Documents, unless permitted by clause (g) below) incorporated by reference in each Swap Counterparty Master Agreement. The Administrative Agent shall, as soon as reasonably practicable after entering into any amendment, modification or supplement to the Credit Agreement or any Collateral Document, notify the Swap Counterparties and provide the Swap Counterparties with a copy of such amendment, modification or supplement; provided, however, that any failure of the Administrative Agent to comply with the requirements of this sentence shall not impact the validity of such amendment, modification or supplement, give rise to any breach of contract claim against the Administrative Agent or any Lender or result, directly or indirectly, in any liability being imposed on the Administrative Agent or any Lender in connection therewith.

(g) The Collateral Agent may enter into any amendment, modification or supplement to any of the Collateral Documents, unless the effect of such amendment would be to (i) change the priority of or subordinate the Liens created thereby, except to the extent the Administrative Agent is permitted to do so under the Credit Agreement, (ii) materially modify any remedy provided for therein if adverse to any Swap Counterparty, (iii) materially reduce or diminish the benefits of all or substantially all of the security provided for in the Collateral Documents, except to the extent the Administrative Agent is permitted to do so under the Credit Agreement, or (iv)

otherwise have any material detrimental effect on any Swap Counterparty's rights and obligations under this Agreement.

(h) The Borrower hereby agrees that substantially concurrently with any notice that is delivered to (i) the Administrative Agent or the Collateral Agent pursuant the Credit Agreement, or (ii) the Swap Counterparty pursuant to the Swap Documents, it shall deliver such notice to the Administrative Agent, the Collateral Agent and the Swap Counterparty, as applicable; provided, however, that any failure of the Borrower to comply with the requirements of this clause (h) shall not shall not impact the validity of such notices.

Section 2.05. Hedge Reports. The Borrower hereby agrees any Swap Counterparty may provide to the Administrative Agent from time to time, and such Swap Counterparty hereby agrees to provide or otherwise make available (which may be via access to an online portal containing the daily mark to market information of the Borrower) to the Administrative Agent within five (5) Business Days following such request, a report of the marked-to-market positions of the various transactions in effect from time to time under the Swap Counterparty Master Agreements. Borrower hereby irrevocably consents and agrees that the Swap Counterparties may provide or otherwise make available to the Administrative Agent, its successors and assigns such reports, confirmations and mark to market information as contemplated above, including, without limitation, by granting the Administrative Agent access to an online portal that reflects the daily mark to market information of the Borrower.

Section 2.06. Consent to Disclosures. The Loan Parties hereby consent to Creditors' disclosure to each other of any confidential information relating to the Loan Parties that has been provided to any Creditor by or for the benefit of the Loan Parties, notwithstanding any confidentiality agreement between the Loan Parties and any Creditor that might otherwise limit or prohibit such disclosure; provided that the receiving Creditor agrees to treat such information as confidential in accordance with the terms of Section 10.17 of the Credit Agreement.

Section 2.07. Refinancing. The Swap Counterparties consent to any Refinancing of the Credit Agreement and the indebtedness thereunder; provided that the holders of such Refinancing debt (or an agent on their behalf) bind themselves in writing to the terms of this Agreement, and provided further that any such Refinancing shall require the prior written consent of the Swap Counterparties if, on the date of such Refinancing, such Refinancing causes the aggregate principal amount outstanding under the Credit Agreement (after giving effect to such Refinancing) to exceed 85% of the aggregate present value of the future net income with respect to proved and producing reserves attributable to the Oil and Gas Properties of the Borrower and its Subsidiaries as set forth in the most recently provided Reserve Report, discounted at a 9% per annum discount rate, thus causing a material reduction in the value of the Collateral, security or credit support available to the Swap Counterparties, while Swap Obligations are still in effect or outstanding hereunder, unless Borrower (i) delivers *pari passu* first lien replacement security (unencumbered, except for liens and encumbrances permitted by the Credit Agreement) to be shared ratably by the Creditors under and in accordance with this Agreement, having a value and terms and conditions reasonably acceptable to the Swap Counterparties, or (ii) provides the Swap Counterparties with replacement security sufficient in form, amount and for a term reasonably acceptable to the Swap Counterparties.

ARTICLE III
COLLATERAL AGENT

Section 3.01. Appointment of the Collateral Agent. Each Creditor hereby designates the Collateral Agent to act as the contractual representative for the Creditors, to hold and enforce the Liens under the Collateral Documents for the benefit of the Creditors and take certain other actions as permitted by the Collateral Documents and this Agreement. Each Creditor hereby authorizes the Collateral Agent to take such action on its behalf under the provisions of this Agreement and the Collateral Documents and to exercise such powers and to perform such duties hereunder and thereunder as are specifically delegated to it hereunder or under any Collateral Document or required of the Collateral Agent by the terms hereof or thereof and such other powers as are reasonably incidental thereto. The Collateral Agent may perform any of its duties hereunder by or through its affiliates, agents or employees and the exculpatory and indemnification provisions in this Agreement and the Collateral Documents shall apply to any such affiliate, agent or employee. The Collateral Agent agrees to act as the Collateral Agent upon the express terms and conditions contained herein.

Section 3.02. Nature of Duties of the Collateral Agent. The Collateral Agent shall have no duties or responsibilities, except those expressly set forth in this Agreement, the Credit Agreement, or the Collateral Documents. The Collateral Agent shall have and may exercise such powers hereunder and under the Collateral Documents as are specifically delegated to the Collateral Agent by the terms hereof, together with such powers as are reasonably incidental thereto. Neither the Collateral Agent nor any of its affiliates, directors, officers, employees or agents (each, a "**Protected Party**") shall be liable to the Creditors for any damages caused by any action taken or omitted by any Protected Party hereunder or under the Collateral Documents **(INCLUDING THOSE DAMAGES CAUSED BY THE SOLE NEGLIGENCE, COMPARATIVE NEGLIGENCE, CONTRIBUTORY NEGLIGENCE OR CONCURRENT NEGLIGENCE OF ANY PROTECTED PARTY)**, unless caused solely by the gross negligence or willful misconduct of the Protected Party seeking protection under this Section 3.02. The duties of the Collateral Agent shall be mechanical and administrative in nature; and the Collateral Agent, in its capacity as such, shall not have by reason of this Agreement or the Collateral Documents a fiduciary relationship in respect of any Creditor. Nothing in this Agreement, expressed or implied, is intended to or shall be so construed as to impose upon the Collateral Agent any duties or obligations in respect of this Agreement and the Collateral Documents except as expressly set forth herein. Other than its duties expressly provided herein or in the Collateral Documents, Collateral Agent shall have no implied duties to Creditors or the Loan Parties under or in connection with this Agreement and no implied duties as to any Property belonging to the Borrower (whether or not the same constitutes Collateral), whether such Property is in Collateral Agent's possession or control or in the possession or control of any of its agents or nominees, or any income thereon or as to the preservation of Rights against prior parties or any other rights pertaining thereto or available at law or otherwise. Collateral Agent shall have the same Rights hereunder as any other Creditor and may exercise the same as though it were not performing the duties specified herein. The Person serving as Collateral Agent may engage in any kind of other business with the Loan Parties or any of the Loan Parties' affiliates as if it were not performing the duties specified herein, and may accept fees and other consideration from the Loan Parties and such other Persons in connection with

this Agreement or any Principal Agreement, and otherwise, without having to account for the same to the other Creditors except as specified herein.

Section 3.03. Lack of Reliance on the Collateral Agent.

(a) Independently and without reliance upon the Collateral Agent or any other Creditor, each Creditor represents to the Collateral Agent and each of the other Creditors that, as of the date of this Agreement, such Creditor has made (i) its own independent investigation of the financial condition and affairs of the Loan Parties based on such documents and information as it has deemed appropriate in connection with the taking or not taking of any action in connection herewith, and (ii) its own appraisal of the creditworthiness of the Loan Parties. Each Creditor also acknowledges that it will, independently and without reliance upon the Collateral Agent or any other Person and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement or the Collateral Documents. Except as expressly provided in this Agreement, the Collateral Agent shall have no duty or responsibility, either initially or on a continuing basis, to provide any Creditor with any credit or other information concerning the affairs, financial condition or business of the Loan Parties which may come into the possession of the Collateral Agent or any of its affiliates whether now in its possession or in its possession at any time or times hereafter; and the Collateral Agent shall not be required to keep itself informed as to the performance or observance by the Loan Parties of this Agreement, any Collateral Document or any other document referred to or provided for herein or to inspect the Properties or books of the Loan Parties.

(b) The Collateral Agent shall not (i) be responsible to any Creditor for any recitals, statements, information, representations or warranties herein, in any Collateral Document, or in any document, certificate or other writing delivered in connection herewith or therewith or for the execution, effectiveness, genuineness, validity, enforceability, collectability, priority or sufficiency of this Agreement or the Collateral Documents or the financial condition of the Loan Parties; or (ii) be required to make any inquiry concerning (a) the performance or observance by others of any of the terms, provisions or conditions of this Agreement or the Collateral Documents, including the content of notices, opinions, certificates and directions given under this Agreement or the Collateral Documents, (b) the financial condition of the Loan Parties, or (c) the existence or possible existence of any "default" or "event of default" under the Principal Agreements. To the extent the Collateral Agent receives any written notice of default provided to the Loan Parties by the Administrative Agent, it shall promptly provide a copy of the same to each Swap Counterparty but shall in no event have any liability to any Swap Counterparty for any failure to so provide such notice.

Section 3.04. Certain Rights of the Collateral Agent. If the Collateral Agent shall request instructions from the Creditors with respect to any act or action (including the failure to act) in connection with this Agreement or the Collateral Documents, the Collateral Agent shall be entitled to refrain from such act or taking such action unless and until the Collateral Agent shall have received written instructions from any Creditor or Creditors pursuant to the terms hereof; and the Collateral Agent shall not incur liability to any Person by reason of so refraining. Without limiting the foregoing, no Creditor shall have any right of action whatsoever against the Collateral Agent as a result of the Collateral Agent acting or refraining from acting under this

Agreement or the Collateral Documents in accordance with the written instructions given in accordance with this Agreement, and such instructions and any action taken or failure to act pursuant thereto shall be binding on all the Creditors. The Collateral Agent shall be fully justified in failing or refusing to take any action hereunder or under the Collateral Documents unless it shall first be indemnified to its satisfaction by the Creditors against any and all liability and expense which may be incurred by the Collateral Agent by reason of taking or continuing to take any such action. Notwithstanding any other provision of this Article III or any indemnity or instructions provided by any or all of the Creditors, the Collateral Agent shall not be required to take any action which, in the reasonable belief of the Collateral Agent, exposes the Collateral Agent to personal liability or which, in the reasonable belief of the Collateral Agent, is contrary to this Agreement, the Collateral Documents or applicable law.

Section 3.05. Reliance by the Collateral Agent. The Collateral Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, statement, certificate or telecopier message, cablegram, radiogram, facsimile transmission, e-mail, order or other documentary, teletransmission or telephone message believed by it to be genuine and correct and to have been signed, sent or made by the proper Person. The Collateral Agent may consult with legal counsel, accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken by it in good faith in accordance with the advice of such counsel, accountants or experts.

Section 3.06. Creditors as Owners. The Collateral Agent may deem and treat each Creditor as the owner of its portion of the Total Obligations as described herein for all purposes hereof unless and until the Collateral Agent is notified of a change in Creditors.

Section 3.07. Successor Collateral Agent.

(a) Collateral Agent shall not be subject to removal by Creditors or the Loan Parties; provided that if the Person serving as Administrative Agent is replaced as Administrative Agent under the Credit Agreement, the Person serving as replacement Administrative Agent shall automatically and without further action or consent by the Loan Parties or the Swap Counterparties become Collateral Agent under this Agreement. The Collateral Agent may resign at any time by giving thirty (30) days prior written notice thereof to the Creditors and the Borrower. Following any such notice of resignation, the resigning Collateral Agent shall have the right to appoint a successor Collateral Agent, subject to the consent of the Swap Counterparties to the appointee (which consent shall not be unreasonably withheld, conditioned or delayed). If within thirty (30) days after the retiring Collateral Agent's giving of notice of resignation, no successor Collateral Agent shall have been so appointed by the resigning Collateral Agent which has accepted such appointment, then the Swap Counterparty may, in its sole discretion, appoint a successor Collateral Agent.

(b) Upon the acceptance of any appointment as the Collateral Agent hereunder by a successor Collateral Agent, such successor Collateral Agent shall thereupon succeed to and become vested with all the Rights and duties of the retiring Collateral Agent, and the retiring Collateral Agent shall be discharged from its duties under this Agreement. After any retiring Collateral Agent's resignation hereunder as the Collateral Agent, the provisions of this

Agreement shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Collateral Agent under this Agreement.

Section 3.08. Employment of Collateral Agent and Counsel. The Collateral Agent may execute any of its duties as the Collateral Agent hereunder or under the Collateral Documents by or through employees, agents, and attorneys-in-fact and shall not be answerable to the Creditors for the default or misconduct of any such employees, agents or attorneys-in-fact reasonably selected by it in good faith unless such default or misconduct is a direct result of the gross negligence or willful misconduct of the Collateral Agent in monitoring the activities of such employees, agents or attorneys-in-fact; provided that the Collateral Agent shall always be obligated to account for moneys or securities received by it or its authorized agents. The Collateral Agent shall be entitled to advice of independent legal counsel concerning all matters pertaining to the collateral agency hereby created and its duties hereunder or under the Collateral Documents.

Section 3.09. Limitation on Liability of the Creditors and the Collateral Agent. The Creditors and the Collateral Agent shall not be deemed, as a result of the execution and delivery of the Collateral Documents or the consummation of the transactions contemplated by this Agreement and the Collateral Documents, to have assumed any obligation of the Loan Parties with respect to the Collateral or any liability under or with respect to any of the contracts, agreements, leases, instruments or documents which are, or which may hereafter be, assigned to the Collateral Agent for the benefit of the Creditors.

ARTICLE IV
ELECTION TO PURSUE REMEDIES; PROCEEDS

Section 4.01. Procedures Regarding Remedies.

(a) Upon the occurrence and during the continuance of any Triggering Event, the Collateral Agent shall, upon the request of any of the Accelerated Creditors specifying the particular actions being requested by such Accelerated Creditor, and subject to the other provisions of this Agreement, commence to take, or direct the appropriate trustee or agent to take, those requested actions provided for in the Collateral Documents relating to the pursuit of remedies; provided, that the Swap Counterparties shall not have the right to require Collateral Agent to realize on any Liens or take any enforcement actions granted pursuant to the Collateral Documents until, if the amount of Swap Obligations owing to the Swap Counterparty is equal to or greater than fifty percent (50%) of the Total Obligations, the forty-fifth (45th) day after a Triggering Event of the type referred to in clause (i) of the definition of Triggering Event shall have occurred (the "**Standstill Period**") and provided further that such Triggering Event shall be continuing on such date and the Collateral Agent shall not have diligently commenced exercise of remedies on such date; provided further that to the extent the amount of Swap Obligations owing to one or more Swap Counterparties is equal to or greater than seventy-five percent (75%) of the Total Obligations, such Swap Counterparties will not be subject to the Standstill Period and may immediately request the Collateral Agent to take actions as provided in this Section 4.01. For the avoidance of doubt, the Swap Counterparty shall not have the right to require Collateral Agent to realize on any Liens or take any enforcement actions granted pursuant to the Collateral

Documents if the amount of Swap Obligations owing to the Swap Counterparty is less than fifty percent (50%) of the Total Obligations.

(b) The Loan Parties and the Creditors agree that upon the occurrence of a Triggering Event, all payments made to any Creditor by the Loan Parties shall be shared by all Creditors in accordance with Section 4.02.

(c) Each Creditor agrees: (i) to deliver to each other Creditor, as applicable, at the same time it makes delivery to the Borrower, a copy of any (A) notice declaring the occurrence of an Event of Default under any Loan Documents, (B) notice declaring the occurrence of an Event of Default (as defined in the applicable Swap Documents) or Termination Event (as defined in the applicable Swap Documents) under any Swap Documents, (C) notice of intent to accelerate or notice of acceleration of the Loan Parties' obligations, or (D) notice of the designation of an Early Termination Date (as defined in the applicable Swap Documents) with respect to any Swap Obligation; (ii) to deliver to each other Creditor, at the same time it makes delivery to any other Person, a copy of any notice of the commencement of any judicial proceeding and a copy of any other notice with respect to the exercise of remedies with respect to any of the Total Obligations; and (iii) deliver the Early Termination Amount (as defined in the applicable Swap Documents). Any failure by a party hereto to furnish a copy under this clause (c) shall not limit or affect the rights and obligations hereunder.

(d) Each of the Swap Counterparties and the Collateral Agent hereby agrees that it shall endeavor to furnish the Borrower with a copy of any notice provided or received, as applicable, by it pursuant to clause (i) of the definition of Triggering Event. Each of the Borrower and the Administrative Agent hereby agrees that it shall endeavor to furnish the Swap Counterparties with a copy of any notice received or provided, as applicable, by it pursuant to clause (ii) of the definition of Triggering Event. Any failure by a party hereto to furnish a copy under this clause (d) shall not limit or affect the rights and obligations hereunder.

(e) The Borrower hereby agrees that any Swap Counterparty may provide to the Administrative Agent from time to time, and such Swap Counterparty hereby agrees to provide to the Administrative Agent within three (3) Business Days following such Swap Counterparty's receipt of a written request therefor from the Administrative Agent, a report of the marked-to-market positions of the various transactions in effect from time to time under the applicable Swap Documents. Any unintentional failure by any Swap Counterparty to timely furnish information required under this clause (e) shall not limit or affect the parties' rights and obligations hereunder.

(f) In the event that the Liens created under the Collateral Documents conflict with the Liens created under other security documents in favor of or for the benefit of the Administrative Agent, the Liens created under the Collateral Documents shall have priority.

(g) Collateral Agent shall not be obligated to follow any instructions of any Accelerated Creditor if Collateral Agent determines, in its sole and absolute discretion, that: (i) such instructions conflict with the provisions of this Agreement, any Principal Agreement, any Collateral Document or any Governmental Requirement, (ii) such instructions are ambiguous, inconsistent, in conflict with other instructions (whether from the same or another Accelerated

Creditor) or otherwise insufficient to direct the actions of Collateral Agent; provided that Collateral Agent explains the grounds for a refusal, or (iii) Collateral Agent has not been adequately indemnified to its satisfaction (including indemnity from the Accelerated Creditors in accordance with the Ratable amounts of Total Obligations owing to them). Collateral Agent shall have the right, in its discretion, to take any action authorized under this Agreement or the Collateral Documents, to the extent that such action is not prohibited by the terms hereof or thereof, which it deems proper and consistent with the instructions given by any Accelerated Creditor as provided for herein or otherwise in the best interest of Creditors. In the absence of written instructions from any Accelerated Creditor for any particular matter, Collateral Agent shall have no duty to take or refrain from taking any action unless such action or inaction is explicitly required by the terms of this Agreement or any Governmental Requirement. Collateral Agent shall have no duty with respect to a Triggering Event unless it has received written notice from an Accelerated Creditor that a Triggering Event has occurred.

(h) The Collateral Agent shall cease to comply with any direction by any Swap Counterparty pursuant to this Section 4.01 if (i) the Triggering Event under the applicable Swap Documents of such Swap Counterparty has been cured or waived or (ii) the amounts owed by Borrower to such Swap Counterparty under Acceptable Commodity Hedging Transactions have been paid in full or otherwise discharged.

Section 4.02. Proceeds.

(a) The Creditors hereby agree between themselves that (i) prior to the occurrence of a Triggering Event, each Creditor shall be entitled to receive and retain for its own account, and shall never be required to disgorge to the Collateral Agent or any other Creditor hereunder or acquire direct or participating interests in the Loan Obligations or the Swap Obligations, as the case may be, owing to such Creditor, scheduled payments or voluntary prepayments, payments for the redemption or purchase of principal, interest, fees and premium, if any, settlement payments and any other payments in respect of the Principal Agreements or Credit Agreement Modifications, all in compliance with the terms thereof, and (ii) upon the occurrence and during the continuance of a Triggering Event, all such amounts received by any Creditor following such Triggering Event shall constitute Proceeds, shall be turned over to the Collateral Agent, and shall be shared by the Creditors, Ratably, and in accordance with Section 4.02(b) below; provided, however, and for the avoidance of doubt, if the Administrative Agent grants its consent for any letter of credit pursuant to Section 2.03, no Swap Counterparty shall be obligated to hold in trust, pay over or share with the Administrative Agent any portion of the proceeds of any such letter of credit.

(b) All Proceeds received by the Collateral Agent during the existence of a Triggering Event shall be applied in accordance with this Section 4.02. To the extent any Creditor ever receives any portion of such Proceeds in excess of its Ratable share (or to the extent the Collateral Agent receives reimbursement in excess of expenses actually incurred), the party receiving those excess Proceeds agrees to promptly make all necessary transfers so as to give full effect to this Section 4.02. All Proceeds received by the Collateral Agent during the existence of a Triggering Event shall be applied in the following order:

(i) ***First***, to reimburse the Collateral Agent for expenses in accordance with Section 5.01;

(ii) ***Second***, Ratably, to the Administrative Agent in respect of amounts owing to the Lender Group and to the Swap Counterparties until the Total Obligations are fully satisfied; and

(iii) ***Third***, to the extent that any Proceeds remain, to the Borrower or as otherwise required by applicable law.

Section 4.03. Notice of Amount of Indebtedness. Upon receipt of any Proceeds to be distributed pursuant to Section 4.02, the Collateral Agent shall give the Creditors notice thereof, and each Creditor (or its representative) shall, within three (3) Business Days, notify the Collateral Agent of the amount of the Total Obligations owing to it. Such notification shall state the amount of the Total Obligations owing to it and how much is then due and owing. If requested by the Collateral Agent, each Creditor (or its representative) shall demonstrate that the amounts set forth in its notice are actually owing to such Creditor to the reasonable satisfaction of the Collateral Agent. Notwithstanding the foregoing, the Collateral Agent may conclusively rely on information in such notices without any investigation. In the event that any Creditor fails to timely notify the Collateral Agent of the amount of the Total Obligations owed to it, the Collateral Agent shall distribute such Proceeds on any basis deemed reasonable by it and not in bad faith.

Section 4.04. Additional Swap Counterparties. If any Person that is approved by Administrative Agent as a counterparty to a Swap Agreement under the Credit Agreement desires to become a "Swap Counterparty" for the purposes of this Agreement and the Collateral Documents, then it shall execute and deliver to the Administrative Agent and the Borrower a Joinder Supplement substantially in the form of Exhibit B hereto. In each case, upon execution and delivery of such Joinder Supplement by such Person, Administrative Agent and Borrower, such Person shall be deemed a Swap Counterparty hereunder as if an original signatory. Joinder Supplements executed pursuant to this Section 4.04 do not require the signatures or consents of all Creditors party to this Agreement. Promptly after execution of any such Joinder Supplement, the parties thereto will endeavor to send a copy thereof to each other Swap Counterparty, but failure or delay in doing so will not make such Joinder Supplement void or voidable or otherwise affect the rights and duties of the parties hereto.

ARTICLE V
MISCELLANEOUS

Section 5.01. Expenses. The Lenders and the Swap Counterparties shall each bear their Ratable share of any reasonable expenses incurred by the Collateral Agent in taking action on behalf of the Creditors in connection with its investigation, evaluation or enforcement of any Rights under the Collateral Documents or the performance of its duties under this Agreement or under any of the Collateral Documents, but only to the extent Collateral Agent does not receive reimbursement for such expenses from the Loan Parties or from Proceeds within thirty (30) days after such expenses are invoiced; provided, that, to the extent any Creditor reimburses Collateral Agent for such expenses, such Creditor will be entitled to receive its Ratable share of any

reimbursement subsequently received by Collateral Agent from the Loan Parties or from Proceeds.

Section 5.02. Limitation of Collateral Agent Liability; Indemnification of the Collateral Agent. Neither the Collateral Agent nor any of its representatives shall (i) be liable for any action taken or omitted to be taken by it or them hereunder or under the Collateral Documents in good faith and reasonably believed by it or them to be within the discretion or power conferred upon it or them by this Agreement and the Collateral Documents or (ii) be responsible for the consequences of any error of judgment, except to the extent arising solely from its gross negligence or willful misconduct. The Collateral Agent shall not be responsible in any manner to any other party for the effectiveness, enforceability, genuineness, validity or the due execution of the Collateral Documents or for any representation, warranty, document, certificate, report or statement made in or in connection with the Collateral Documents or be under any obligation to any other party to ascertain or inquire as to the performance or observation of any of the terms, covenants or conditions of any of the Loan Documents or the Swap Documents on the part of the Borrower. The Lenders and the Swap Counterparties agree to Ratably reimburse and indemnify the Collateral Agent and its affiliates, directors, officers, employees and agents (each an "**Indemnified Party**") on a current basis and hold the indemnified parties harmless on a current basis from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, reasonable expenses, and reasonable disbursements of any kind or nature whatsoever which may be imposed on, asserted against or incurred by any Indemnified Party in any way relating to or arising out of this Agreement or the Collateral Documents or any action taken or omitted by an Indemnified Party under this Agreement or the Collateral Documents, **INCLUDING ANY SUCH LIABILITIES, OBLIGATIONS, LOSSES, DAMAGES, PENALTIES, ACTIONS, JUDGMENTS, SUITS, COSTS, REASONABLE EXPENSES AND REASONABLE DISBURSEMENTS ARISING OUT OF THE SOLE, CONCURRENT, CONTRIBUTORY OR COMPARATIVE NEGLIGENCE OF ANY INDEMNIFIED PARTY,** except to the extent the same results solely from the gross negligence or willful misconduct of such Indemnified Party. The provisions of this Section shall survive the termination of this Agreement, whether in whole or in part.

Section 5.03. Limitation of Liability. No Swap Counterparty (including any individual partner, member, director, employee or agent of any Swap Counterparty) shall incur any liability under this Agreement to the Loan Parties except for liabilities arising from such Swap Counterparty's gross negligence or willful misconduct, as determined by a court of competent jurisdiction. This Agreement is intended to benefit only Collateral Agent and the Creditors, and neither the Loan Parties nor any other Person shall have any rights hereunder or be entitled to claim any damages or defenses on account hereof from or against Collateral Agent or any Creditor (or any affiliate of Collateral Agent or any Creditor).

Section 5.04. Term.

(a) This Agreement shall terminate upon (i) the full payment of the Swap Obligations due and owing to the Swap Counterparties and the delivery by the Loan Parties of a written notice to the Swap Counterparties following such payment that the Loan Parties is terminating the Swap Counterparty Master Agreements; (ii) payment in full of all Loan Obligations (other than indemnity obligations and similar obligations that survive the termination of the Credit

Agreement for which no notice of a claim has been received by the Administrative Agent) under the Credit Agreement or (iii) the execution and delivery of a written termination notice signed by each of the parties; provided that if at any time any payment of the Total Obligations is rescinded or must be restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the obligations of the Borrower and the Rights of the Creditors under this Agreement, with respect to that payment, shall be reinstated as though the payment had been due but not made at that time. Each Swap Counterparties agrees that the Loan Parties may terminate any Swap Counterparty Master Agreement by providing written notice to such Swap Counterparty at any time that there are no outstanding Commodity Hedging Transactions or payment obligations for any Commodity Hedging Transactions thereunder, irrespective of whether the Loan Parties has that express right under the terms of the Swap Counterparty Master Agreement. For purposes of the preceding clause (i), the Collateral Agent or the Borrower may request in writing that such Swap Counterparty confirm the termination of the applicable Swap Counterparty Master Agreement. Such Swap Counterparty shall have ten (10) Business Days from the date the notice is deemed given pursuant to Section 5.09 in which to either confirm in writing such termination or provide a written notice to the Collateral Agent and the Borrower of the total amount of outstanding Swap Obligations claimed in good faith by such Swap Counterparty. If such Swap Counterparty does not provide any notice within the ten (10) Business Day period, or if notice is provided of outstanding Swap Obligations and those obligations are paid in full, such Swap Counterparty Master Agreement will be deemed terminated for purposes of the preceding clause (i).

(b) If Borrower has issued to any Swap Counterparty a letter of credit or other credit support as credit support replacement for the Collateral Documents then securing such Swap Counterparty (such letter of credit or other credit support to be in form and substance and in an amount and from an issuing bank reasonably satisfactory to such Swap Counterparty) to secure payment of all Swap Obligations owing such Swap Counterparty, such Person shall cease to be a Swap Counterparty for all purposes of this Agreement and the Collateral Documents and such Swap Obligations and the Swap Documents of such Swap Counterparty shall cease to be secured by the Collateral Documents.

Section 5.05. Survival of Rights. All of the respective Rights and interests of the Creditors under this Agreement (and the respective obligations and agreements of the Creditors under this Agreement), shall remain in full force and effect regardless of:

(a) any lack of validity or enforceability of any of the Loan Documents, the Swap Documents or any other agreement or instrument related thereto; or

(b) any other circumstance which might otherwise constitute a defense available to, or discharge of, the Loan Parties with respect to the Loan Obligations or the Swap Obligations (other than the defense that such obligations have been fully satisfied).

Section 5.06. Representations and Warranties. Each of the Loan Parties and each Swap Counterparty represents and covenants to each other and to the Collateral Agent that as of the date of its entry into any Commodity Hedging Transactions it will be, an "Eligible Contract

Participant" as defined in 7 U.S.C. § 1a(18). ABC Agent, as the Administrative Agent and as the Collateral Agent, and each Swap Counterparty each represent and warrant to the other that:

(a) neither the execution and delivery of this Agreement nor its performance of or compliance with the terms and provisions hereof will conflict with, or result in a breach of the terms, conditions or provisions of, or constitute a default under, any other agreement to which it is now subject;

(b) it has all requisite authority to execute, deliver and perform its obligations under this Agreement; and

(c) this Agreement constitutes its legal, valid, and binding obligation, enforceable against it in accordance with its terms, subject only to applicable bankruptcy, insolvency or similar laws and general principles of equity.

Section 5.07. Further Assurances. Each of the Administrative Agent and the Swap Counterparties covenant that, so long as this Agreement remains in effect, each of the Administrative Agent and the Swap Counterparties will execute and deliver any and all other instruments reasonably requested by the other to give effect to the terms and conditions of this Agreement.

Section 5.08. Assignment; Agreement Binding on Successors and Assigns. The terms and provisions of this Agreement shall be binding upon and inure to the benefit of each Creditor and its respective successors and permitted assigns. The terms and provisions of this Agreement shall not inure to the benefit of, nor be relied upon by, the Borrower or its successors or assigns. No Swap Counterparty shall assign, transfer or sell any part of its portion of the Total Obligations without the prior written consent of the Administrative Agent in its sole and absolute discretion. For purposes of the immediately preceding sentence, a change of control of any Swap Counterparty or a merger by any Swap Counterparty with another entity shall not constitute an assignment of such Swap Counterparty's portion of the Total Obligations. This Agreement, the Loan Documents and the Loan Obligations may be assigned at any time to any Person(s) without the consent of any Swap Counterparty.

Section 5.09. Notice. Unless otherwise provided, any consent, request, notice, or other communication under or in connection with this Agreement must be in writing to be effective and shall be deemed to have been given (a) if sent by a nationally recognized overnight delivery service using its overnight delivery option (e.g., Federal Express, UPS or the United States postal service), on the Business Day after it is enclosed in an envelope and properly addressed, stamped and deposited with such delivery service, (b) if by other form of mail, on the third Business Day after it is enclosed in an envelope and properly addressed, stamped, sealed, certified return receipt requested, and deposited in the appropriate official postal service, or (c) if by courier, electronic transmissions, or facsimile transmission, when actually delivered. Section 5.12. Invalid Provisions. If any part of this Agreement is for any reason found to be unenforceable, all other portions nevertheless remain enforceable. However, if the provision held to be unenforceable is a material part of the Agreement, such unenforceable provision may, to the extent permitted by law, be replaced by a clause or provision judicially construed and interpreted to be as similar in substance and content to the original terms of such provision as the context would reasonably allow, so that such clause or provision would thereafter be enforceable.

Section 5.13. Multiple Counterparts. 1.0 Introduction

1. Pursuant to an order (the "**Initial Order**") pronounced by the Court of King's Bench of Alberta (the "**Court**") on March 8, 2024 (the "**Filing Date**"), Canadian Overseas Petroleum Limited ("**COPL**") and those other entities listed in **Appendix "A"** (collectively, the "**Applicants**"), and together with other Non-Filing Affiliates (as defined below), the "**COPL Group**" or the "**Companies**") were granted protection under the *Companies' Creditors Arrangement Act,* R.S.C. 1985, c. C-36*,* as amended (the "**CCAA**"), and KSV Restructuring Inc. was appointed as monitor in these CCAA proceedings (in such capacity, the "**Monitor**")

2. The principal purpose of these CCAA proceedings is to create a stabilized environment to enable the Companies to:

   a) continue to operate in the ordinary course with the protection afforded by the stay of proceedings under the CCAA; and

   b) undertake a Court-supervised sale and investment solicitation process for the Companies' assets and business, which will be supported by a stalking horse bid from the Lender (as defined below), with the view of identifying and completing a going-concern sale transaction.

3. Pursuant to the terms of the Initial Order, *inter alia*, the Court:

   a) granted a stay of proceedings in favour of the Applicants and their directors and officers (the "**Stay of Proceedings**") to and including March 18, 2024 (the "**Stay Period**");

   b) extended the Stay of Proceedings and other provisions of the Initial Order to the following affiliates of the Applicants: (i) Shoreline Canoverseas Petroleum Development Corporation Limited ("**ShoreCan**"); and (ii) Essar Exploration and Production Limited, Nigeria ("**Essar Nigeria**" and, together with ShoreCan, the "**Non-Filing Affiliates**");

   c) approved the terms of a debtor-in-possession ("**DIP**") financing pursuant to a DIP term sheet (the "**DIP Term Sheet**") with Summit Partners Credit Fund II, L.P., Summit Investors Credit III, LLC, and Summit Investors Credit III (UK), L.P. (collectively, the "**DIP Lender**"), pursuant to which a US$11 million DIP loan facility (the "**DIP Facility**") will be made available to fund the COPL Group's ongoing business and these CCAA

proceedings, subject to the terms therein, provided that borrowings under the DIP Facility do not exceed US$1.5 million without further Court approval;

d) approved the appointment of Peter Kravitz to act as chief restructuring officer (in such capacities, the "**CRO**") pursuant to the powers and obligations set out in the engagement letter dated December 19, 2023, as amended by agreements dated December 29, 2023 and January 17, 2024, between Province Fiduciary Services, LLC ("**Province**") and the COPL Group ("**CRO Engagement Letter**");

e) granted charges on all of the Applicants' current and future assets, property, and undertakings (collectively, the "**Property**"), in the following amounts and priority:

   i. first, a charge up to a maximum amount of $1.5 million (the "**Administration Charge**") to secure the fees and disbursements of the Monitor, its legal counsel, the Applicants' Canadian and US legal counsel, and the Financial Advisor (as defined below) and a charge in the amount of US$500,000 (the "**CRO Charge**") to secure the fees and disbursements of the CRO (as defined below), both ranking *pari passu* with each other;

   ii. second, a charge in the amount of $500,000 in favour of the directors and officers of the Applicants (the "**Directors' Charge**"); and

   iii. third, a charge up to the maximum principal amount of US$1.5 million, plus accrued and unpaid interest, fees and expenses thereon, on the Property in favour of the DIP Lender to secure advances to the Applicants made under the DIP Facility prior to the Comeback Hearing (as defined below) (the "**DIP Lender's Charge**", and together with the Administration Charge, the CRO Charge and the Directors' Charge, the "**Initial Charges**"); and

f) permitted the Applicants to pay amounts owing for goods and services supplied to the Applicants prior to the date of the Initial Order if, in the opinion of the Applicants, the supplier is critical to the COPL Group's business and ongoing operations of the Applicants, consistent with existing policies and procedures, subject to the terms of the DIP Term Sheet and obtaining the consent of the Monitor.

4. At the Initial Order hearing, the Court adjourned the following relief until the Comeback Hearing:

   a) approving the CRO Engagement Letter; and

   b) approving the engagement letter between Province, LLC ("**Province LLC**") and the COPL Group dated December 19, 2023 (the "**Financial Advisor Engagement Letter**"), pursuant to which, Province LLC will act as financial advisor (the "**Financial Advisor**") to the COPL Group during these CCAA proceedings.

5. On March 11, 2024, the Applicants commenced proceedings in the United States Bankruptcy Court for the District of Delaware (the "**US Court**") seeking recognition of these CCAA proceedings as a foreign main proceeding under chapter 15 of title 11 of the United States (the "**US**") Code (the "**Bankruptcy Code**"), 11 U.S.C. §§ 101-1532. On March 12, 2024, the US Court entered an order granting provisional relief in aid of these CCAA proceedings.

6. The comeback hearing is scheduled to be heard on March 19, 2024 (the "**Comeback Hearing**"). The Applicants intend to seek a one-day extension of the Stay Period at a hearing to be held on March 18, 2024 until the Comeback Hearing can be held.

7. At the Comeback Hearing, the Applicants are seeking the following orders:

   a) an order (the "**SISP Approval Order**"), among other things:

      i. approving the proposed sale and investment solicitation process (the "**SISP**"), the terms of which are further described below;

      ii. authorizing and directing the Applicants to negotiate and finalize a definitive stalking horse purchase agreement (such definitive agreement being the "**Stalking Horse Purchase Agreement**") with the Lender (the "**Stalking Horse Purchaser**") on substantially the terms set forth in the Restructuring Term Sheet attached as Exhibit B to the Restructuring Support Agreement (as defined below);

iii. approving an expense reimbursement (the "**Expense Reimbursement**") for costs incurred by the Stalking Horse Purchaser and a break fee of US$350,000 (the "**Break Fee**" and, together with the Expense Reimbursement, the "**Bid Protections**") for the benefit of the Stalking Horse Purchaser, subject to the execution of the Stalking Horse Purchase Agreement; and

iv. granting a Court-ordered charge over the Property up to US$500,000 in favour of the Stalking Horse Purchaser as security for payment of the Bid Protections (the "**Bid Protections Charge**"), with the priority set out therein; and

b) an amended and restated Initial Order (the "**ARIO**"), among other things:

i. extending the Stay Period to and including May 20, 2024 (the "**Stay Extension**");

ii. approving the CRO Engagement Letter and Financial Engagement Letter, and approving the payment of fees contemplated under the same;

iii. approving and authorizing and empowering the Applicants and the Lender, *nunc pro tunc*, to enter into the support agreement dated March 7, 2024 among the Applicants and the Lender (the "**Restructuring Support Agreement**");

iv. providing that the Applicants shall not be required to incur any further expenses for the duration of the Stay Period in relation to any filings (including financial statements), disclosures, core or non-core documents, and press releases (collectively, the "**Securities Filings**") that may be required by any law respecting securities or capital markets in Canada, or by the rules and regulations of a stock exchange, and authorizing the Applicants to postpone the requirement for any future annual or other meetings of the shareholders of COPL;

v. increasing the maximum principal amount that the Applicants can borrow under the DIP Facility to US$11 million;

vi. increasing the maximum amount of the Initial Charges to:

1. $2.5 million for the Administration Charge;

2. $1 million for the Directors' Charge; and

3. US$11 million for the DIP Lender's Charge;

vii. providing that the CRO Charge now secure the Transaction Fee (as defined in the CRO Engagement Letter), which was previously excluded from the CRO Charge.

8. The increased Initial Charges, together with the Bid Protections Charge, are collectively referred to as the "**Charges**".

9. KSV is filing this first report (this "**First Report**") as the Monitor.

1.1 Purposes of this First Report

1. The purposes of this First Report are to:

a) summarize the relief being sought by the Applicants at the Comeback Hearing;

b) provide the Court with an update on the Monitor's activities since the granting of the Initial Order; and

c) provide the Monitor's recommendations regarding the relief being sought by the Applicants at the Comeback Hearing.

1.2 Scope and Terms of Reference

1. In preparing this First Report, the Monitor has relied upon the Applicants' unaudited financial information, books and records, information available in the public domain and discussions with the Applicants' management and legal counsel.

2. The Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the financial information relied on to prepare this First Report in a manner that complies with Canadian Auditing Standards ("**CAS**") pursuant to the Chartered Professional Accountants of Canada Handbook and, accordingly, the Monitor expresses no opinion or other form of assurance contemplated under the CAS in respect of such information. Any party wishing to place reliance on the financial information should perform its own diligence.

3. An examination of the Cash Flow Forecast (as defined below) as outlined in the Chartered Professional Accountants of Canada Handbook has not been performed. Future-oriented financial information relied upon in this First Report is based upon the Applicants' assumptions regarding future events; actual results achieved may vary from this information and these variations may be material. The Monitor expresses no opinion or other form of assurance on whether the Cash Flow Forecast will be achieved.

1.3 Currency

1. Unless otherwise noted, all currency references in this First Report are in Canadian dollars.

2.0 Background

1. The affidavit of Peter Kravitz, Chief Restructuring Officer of COPL, sworn March 7, 2024, in support of the CCAA Originating Application (the "**First Kravitz Affidavit**"), provides, *inter alia*, background information concerning the Applicants, their respective businesses, as well as the reasons for the commencement of these CCAA proceedings.

2. KSV's pre-filing report dated March 8, 2024 (the "**Pre-Filing Report**") provides additional background information on these CCAA proceedings. Among other things, the Pre-Filing Report includes the Applicants' cash flow projection (the "**Cash Flow Forecast**") for the period March 7 to June 1, 2024. The Court materials filed in these CCAA proceedings, including this First Report and the Pre-Filing Report, are available on the Monitor's case website at www.ksvadvisory.com/experience/case/canadian-overseas-petroleum.

3.0 Restructuring Support Agreement[1]

1. Pursuant to the Restructuring Support Agreement, the Lender has agreed to, among other things: (i) support the relief sought in the Initial Order and the ARIO; (ii) negotiate in good faith definitive documents for an executable stalking horse transaction on substantially the same terms as the terms set forth in the Restructuring Term Sheet; and (iii) support the implementation of the SISP. A copy of the Restructuring Support Agreement is attached as Exhibit "P" to the First Kravitz Affidavit.

[1] The following constitutes a summary description of the Restructuring Support Agreement. Reference should be made directly to the Restructuring Support Agreement for a complete understanding of its terms and conditions. Capitalized terms used in this section and not otherwise defined have the meanings ascribed to them in the Restructuring Support Agreement.

2. The Restructuring Support Agreement further provides that the parties agree to negotiate in good faith to enter into the Stalking Horse Purchase Agreement on or prior to March 22, 2024, with such Stalking Horse Purchase Agreement to be substantially on the terms set out in the Restructuring Term Sheet, acting reasonably, with the approval of the Monitor.

3. In addition, under the Restructuring Support Agreement, the Companies have agreed to, among other things: (i) take all reasonable actions necessary to implement the transaction contemplated under the Stalking Horse Purchase Agreement, in the event that the stalking horse bid is the Successful Bid (as defined below) under the SISP; (ii) satisfy the milestones set out in the Restructuring Support Agreement with respect to closing the transactions contemplated under the Restructuring Term Sheet; (iii) preserve the current business operations of the Companies in all material respects; and (iv) pay the reasonable and documented fees and expenses of the Lender incurred in connection with the transactions contemplated thereunder.

4. The Monitor views the Restructuring Support Agreement as a significant positive step in these CCAA proceedings. The Monitor supports Court approval of the Restructuring Support Agreement as, *inter alia*, it evidences the support of the Applicants' principal economic stakeholders for the SISP and the other substantive relief being sought at the Comeback Hearing as the Applicants seek to stabilize their business and preserve it as a going concern, for the benefit of the Applicants' other stakeholders, including creditors, employees, customers, and suppliers.

4.0 CRO Engagement Letter and Financial Advisor Engagement Letter

1. As discussed in the Pre-Filing Report, the Monitor has reviewed the terms of the Financial Advisor Engagement Letter and CRO Engagement Letter and supports the Court's approval of same, including the fees contained therein. Copies of the CRO Engagement Letter and Financial Advisor Engagement Letter are attached to the First Kravitz Affidavit as Appendix "R" and "S", respectively.

4.1 CRO Engagement Letter

1. The material financial terms of the CRO Engagement Letter include:

    a) beginning on December 19, 2023, and on each monthly anniversary of such date, COPL shall pay Province, in advance, a fee of US$80,000 (the "**Monthly Fee**");

b) upon the consummation of any Transaction (as defined in the CRO Engagement Letter), COPL shall pay Province a one-time transaction fee (the "**Transaction Fee**") as follows:

i. in the amount of US$400,000 if a Transaction is consummated by an acquirer who provided any new value to the Applicants or their estate in full or partial consideration of the acquisition; and

ii. in the amount of US$250,000 if the Transaction is consummated by an acquirer who capitalizes such an acquisition by way of a credit bid; and

c) Province will charge all costs and expenses incurred in the normal course of performing the CRO Engagement Letter to COPL at Province's actual cost.

2. The Monitor recommends that the Court approve the CRO Engagement Letter for the following reasons:

a) based on the Monitor's experience, the Monthly Fee is fair and reasonable in the circumstances and comparable to fees charged by entities that have provided similar services in CCAA proceedings;

b) in the event the Stalking Horse Purchaser is the Successful Bid in the SISP, the Transaction Fee payable to Province is US$250,000, which represents approximately 0.45% of the purchase price contemplated under the Restructuring Term Sheet (as discussed in detail below). In addition, the fee structure is intended to incentivize the CRO to attempt to obtain additional Qualified Bids (as defined below). Based on the Monitor's experience, the Transaction Fee is reasonable and comparable to success / transaction fees charged by entities that have provided similar services in CCAA proceedings.

c) the non-financial terms of the CRO Engagement Letter are fair and reasonable in the circumstances;

d) the DIP Lender supports the CRO Engagement Letter;

e) as confirmed in the Richardson Affidavit, the CRO has provided essential support to the Applicants' sparse management team since his initial engagement and the services of the CRO will be critical to the Applicants in connection with this CCAA proceeding and in the administration of the SISP; and

f) the Monitor has been advised that the CRO has experience serving in such role and other fiduciary roles in the oil and gas exploration and production sector, including with respect to, among other engagements, Basic Energy Services, Inc., Sable Permian Resources, and Mesquite Energy.

3. The Monitor is supportive of the CRO Charge now also securing the Transaction Fee.

4.2 Financial Advisor Engagement Letter

1. The material financial terms of the Financial Advisor Engagement Letter include:

a) the COPL Group shall pay Province LLC in advance a retainer (the "**Retainer**") in the total amount of US$100,000, which amount shall increase to US$200,000 upon the Applicants receiving any DIP financing;

b) Province LLC will charge fees on an hourly rate basis; and

c) Province LLC will bill the COPL Group on a monthly or more frequent basis for professional fees and expenses and shall first deduct the billed amount from the Retainer, with any amount remaining due and payable by the COPL Group. The COPL Group is responsible for replenishing the full amount of the Retainer following such billing.

2. As outlined in the Pre-Filing Report, KSV has reviewed the terms of the Financial Advisor Engagement Letter and supports the approval of the same, which will allow the Financial Advisor to continue to provide the COPL Group with financial advisory expertise during the CCAA and Chapter 15 proceedings. In addition, the DIP Lender supports the approval of the Financial Advisor Engagement Letter.

3. The Monitor has been advised that the professionals at Province LLC have experience providing advisory services in the oil and gas exploration and production sector, including with respect to, among other engagements, the insolvency proceedings of Basic Energy Services. Inc., TPC Group Inc., and Fieldwood Energy, LLC.

5.0 SISP and Restructuring Term Sheet[2]

5.1 SISP

1. The purpose of the SISP is to market the Companies' business and assets for sale. The SISP is anchored by the Restructuring Term Sheet, which provides certainty to the Companies and their stakeholders of a going-concern transaction, while also enabling the Applicants, with the assistance and oversight of the Financial Advisor and the Monitor, to test the market and pursue the possibility of a superior transaction.

2. Subject to Court approval, the Applicants, with the assistance of the Financial Advisor and oversight of the Monitor, will carry out the SISP. The professionals at KSV have experience acting as CCAA monitor and other court-officer capacities in insolvency proceedings in the oil and gas exploration and production sector, including, among others, the insolvency proceedings of Redwater Energy Corporation, Lexin Resources Ltd., Elcano Exploration Inc., Forent Energy Ltd., Northern Patriot Oil and Gas Ltd., Tuscany Energy Ltd., Verity Energy Ltd., Canadian Rockies Petroleum Corp., Cabot Energy Inc., and Prevail Energy Canada Ltd.

3. The proposed SISP was developed by the Applicants in consultation with the Monitor, the Financial Advisor and the DIP Lender.

4. The key aspects of the proposed SISP are summarized below; however, interested parties are strongly encouraged to review the full terms of the SISP, which is attached as Schedule "A" to the proposed SISP Approval Order.

5. A summary of the SISP timeline is as follows:

Milestone	Deadline[3]
Court approval of SISP	March 19, 2024
Latest date for Applicants to commence SISP	March 19, 2024
LOI Deadline	April 17, 2024
Qualified Bid Deadline	May 2, 2024
Notification to Qualified Bidder of Auction (if any)	May 6, 2024
Auction (if any)	May 8, 2024
Implementation Order	Subject to Court availability

[2] Capitalized terms in this section have the meaning provided to them in the SISP or the Restructuring Term Sheet unless otherwise defined herein.
[3] To the extent any dates fall on a non-business day in Alberta, they shall be deemed to be the first business day thereafter.

6. Each milestone in the SISP timeline above can be extended by the Applicants, with the consent of the Monitor, the Stalking Horse Purchaser, and the Consenting Lenders (as defined in the Restructuring Support Agreement).

5.1.1 Solicitation of Interest

1. The SISP provides that the Applicants, with the assistance of the Financial Advisor and oversight of the Monitor, will disseminate marketing materials and solicit interest from parties potentially interested in pursuing a transaction (each, a "**Potential Bidder**").

2. In particular, the SISP provides that the Applicants, with the oversight of the Monitor, will:

   a) prepare and disseminate marketing materials and a process letter to Potential Bidders identified by the Applicants and the Monitor, including a form of non-disclosure agreement (an "**NDA**"), by no later than March 19, 2024;

   b) solicit interest from parties with a view to such interested parties entering into an NDA (parties shall only obtain access to the virtual data room and be permitted to participate in the SISP if they execute an NDA, in form and substance satisfactory to the Companies);

   c) provide applicable parties who have entered into an NDA with the Companies access to a virtual data room containing, among other things, diligence information such as a confidential information memorandum, a template purchase and sale agreement, historical operating and financial results, and financial projections and budgets prepared by the Companies; and

   d) request that such parties submit:

      i. a letter of intent to bid that identifies the potential bidder and a general description of the assets and/or business(es) of the COPL Group that would be the subject of the bid and that reflects a reasonable prospect of culminating in a Qualified Bid (as defined below), as determined by the COPL Group in consultation with the Monitor and the Consenting Lenders (an "**LOI**") by 11:59 p.m. Mountain Time on April 17, 2024 (the "**LOI Deadline**") and, if applicable;

      ii. a binding offer meeting the requirements for a Qualified Bid (as defined and described below) by 11:59 p.m. Mountain Time on May 2, 2024 (the "**Qualified Bid Deadline**").

3. If, by the LOI Deadline, no LOI has been received, then the SISP shall be deemed to be terminated and the Stalking Horse Transaction shall be the Successful Bid and shall be consummated in accordance with and subject to the terms of the Support Agreement and the Stalking Horse Purchase Agreement.

5.1.2 Qualified Bids

1. To be a "**Qualified Bid**", a bid must meet the requirements outlined in paragraph 7 of the SISP, including, among other things, that it:

   a) provide for aggregate consideration, payable in cash in full on closing, in an amount equal to or greater than:

      i. all outstanding obligations under the Senior Credit Agreement (anticipated to be US$44.46 million), unless otherwise agreed to by the lenders thereunder;

      ii. all outstanding obligations under the DIP Term Sheet (anticipated to be US$11 million) plus cash consideration of US$250,000;

      iii. any obligations in priority to amounts owing under the DIP Term Sheet, including any Charges (anticipated to be US$500,000 and $3.5 million); and

      iv. an amount to satisfy the Bid Protections (anticipated to be US$500,000)

      (the "**Consideration Value**"), which is estimated to be at least US$56.71 million and $3.5 million in the aggregate;

   b) provides a schedule that identifies the composition of the Consideration Value and any assumptions that could reduce the net consideration payable including details of any material liabilities that are being assumed or excluded;

   c) provides for a closing date of no later than 30 days after completion of the Auction if selected as the Successful Bid;

   d) includes:

      i. duly executed and binding transaction documents, including a redline of the submitted transaction document against the Stalking Horse Purchase Agreement posted in the virtual data room;

ii. the legal name and identity and contact information of the Potential Bidder, full disclosure of its direct and indirect principals, and the name(s) of each of its equity holder(s); and

iii. disclosure of any connections or agreements with the Companies or their affiliates;

e) includes full details of the Potential Bidder's intended treatment of the Companies' employees, customers, contracts, collective bargaining agreements, pension and benefit obligations, and vendors under the proposed bid;

f) be accompanied by a cash deposit (the "**Deposit**") equal to at least 10% of the Consideration Value, which Deposit shall be retained by the Monitor in a non-interest-bearing trust account in accordance with the terms thereof; and

g) does not include any request for or entitlement to any break fee, expense reimbursement or similar type of payment.

5.1.3 Auction

1. If no Qualified Bids are submitted by the Qualified Bid Deadline, the Stalking Horse Purchaser will be the Successful Bidder (as defined in the SISP) under the SISP.

2. If one or more Qualified Bids are received by the Qualified Bid Deadline, the Companies will proceed with an auction process (the "**Auction**") in accordance with the SISP, including as follows:

a) bidding at the Auction shall be conducted in rounds. The Qualified Bid that represents the highest or otherwise best Qualified Bid as determined by the Applicants, in consultation with the Monitor, shall constitute the "**Initial Bid**" for the first round, and any bid made at the Auction by a Qualified Party (as defined in the SISP) subsequent to the Applicants' announcement of the Initial Bid (each, an "**Overbid**"), must be made in minimum cash purchase price increments of US$250,000 above the Initial Bid;

b) the Auction shall continue in one or more rounds and will conclude after each participating Qualified Party has had the opportunity to submit an Overbid with full knowledge and confirmation of the then-existing highest or otherwise best bid and no Qualified Party submits an Overbid; and

c) during the Auction, the Companies, in consultation with the Monitor, will review each subsequent Qualified Bid, considering the factors for a Qualified Bid as set out in the SISP, and identify the highest or otherwise best bid received at the Auction as the "**Successful Bid**" under the SISP.

5.2 Restructuring Term Sheet

1. The Restructuring Term Sheet contemplates a credit bid of the DIP Facility for all or substantially all of the assets (excluding funds for the Wind-Up Reserve) or equity, as applicable and as determined by the Stalking Horse Purchaser, provided that the Stalking Horse Purchaser may subsequently increase its credit bid to include a portion or all of the principal amount of debt outstanding under the Senior Credit Agreement (the "**Transaction**"), as described in more detail below.

2. It is proposed that the Companies will finalize a definitive Stalking Horse Purchase Agreement with the Stalking Horse Purchaser on substantially the same terms as the Restructuring Term Sheet and that the Stalking Horse Purchase Agreement will be made publicly available no later than March 23, 2024.

3. The following constitutes a summary description of the Restructuring Term Sheet only. Reference should be made directly to the Restructuring Term Sheet for complete terms and conditions. A copy of the Restructuring Term Sheet is attached as Exhibit B to the Restructuring Support Agreement, which is attached as Exhibit "P" to the First Kravitz Affidavit.

4. The key terms and conditions of the Restructuring Term Sheet are provided below.

   a) **Stalking Horse Purchaser:** the Lender, or one or more entities to be formed by the Lender;

   b) **Purchase Price:** the purchase price (the "**Purchase Price**") payable by the Stalking Horse Purchaser for the purchased assets (the "**Purchased Assets**") shall be equal to the sum of:

      i. an amount equal to the outstanding obligations owing pursuant to the DIP Facility, including the principal amount of such claims and interest and fees accrued as of the closing date (the "**Credit Bid Amount**"); and

      ii. the assumption of the obligations under the Senior Credit Agreement, to the extent not the subject of the credit bid.

c) **Documentation:** the parties will settle the terms of the Stalking Horse Purchase Agreement by no later than March 22, 2024;

d) **Excluded Assets:** an amount to be agreed upon by the Applicants and the Lender, each acting reasonably, to fund any professional fees incurred in connection with post-closing matters and/or to wind-up and terminate the CCAA proceedings and the Chapter 15 proceedings, and such other assets as agreed upon by such parties;

e) **Conditions Precedent:** include, among other things:

i. the Court granting the SISP Approval Order and approving the Bid Protections;

ii. the Court granting an Approval and Vesting Order, in form and substance satisfactory to the Stalking Horse Purchaser, acting reasonably (the "**Approval & Vesting Order**");

iii. the US Court granting orders recognizing the SISP Approval Order and the Approval & Vesting Order pursuant to chapter 15 of the Bankruptcy Code, in form and substance satisfactory to the Stalking Horse Purchaser, acting reasonably;

iv. the performance of covenants contained in the Restructuring Support Agreement;

v. the respective parties' representations and warranties be accurate at closing; and

vi. customary closing deliverables.

5.3 Bid Protections

1. The Restructuring Term Sheet includes an Expense Reimbursement for reasonable out-of-pocket third-party expenses incurred by the Stalking Horse Purchaser in connection with the Transaction and a Break Fee of US$350,000 (i.e., the Bid Protections).

2. The Expense Reimbursement and the Break Fee are intended to compensate the Stalking Horse Purchaser for its expenditures of time and money and its agreement to act as the stalking horse purchaser, including the preparation of the Restructuring Term Sheet and Stalking Horse Purchase Agreement. The proposed SISP Approval Order provides that the Applicants are authorized and directed to pay the Bid Protections, in the manner and

circumstances described in the Restructuring Support Agreement and the Stalking Horse Purchase Agreement, namely upon the closing of a "**Superior Proposal**", as defined and on the terms set forth therein.

3. The maximum amount of the Bid Protections (US$500,000) represents approximately 0.63% of the of the Purchase Price. The Monitor compared the Bid Protections to other bid protections approved by Canadian courts in insolvency proceedings commenced between 2018 to 2023. The comparison is attached hereto as **Appendix "B"**. As outlined in the attached summary, bid protections in the context of sale processes are generally between 2.5% to 4.0% of the purchase price, and the Bid Protections in this case represent approximately 0.63% of the Purchase Price. Based on this analysis, the Monitor is of the view that the Bid Protections are below the general range of reasonable bid protections in comparable restructuring proceedings.

5.4 SISP Recommendation

1. The Monitor recommends that this Court issue an order approving the SISP and the Restructuring Term Sheet for the following reasons:

   a) the SISP provides for a marketing of the Companies' business, with the assistance of the Financial Advisor and under the oversight of the Monitor;

   b) stalking horse sale processes are a recognized mechanism in restructuring processes to maximize recoveries, while creating stability and certainty of a going-concern transaction;

   c) the SISP provides a meaningful opportunity to complete a transaction with greater value than the Restructuring Term Sheet, if one is identified;

   d) in the Monitor's view, the 45-day solicitation period under the SISP is reasonable in the circumstances and sufficient to allow interested parties to perform diligence and submit offers in light of:

      i. the availability of the detailed Restructuring Term Sheet which precedes the Stalking Horse Purchase Agreement, which will assist Potential Bidders in preparing and considering their bids;

      ii. the SISP process that will specifically target the oil and gas industry for potential purchasers;

iii. the Monitor's previous experience in the sale of distressed oil and gas assets of similar size and the Monitor's limited review of current market offerings by select oil and gas sales advisors, which have timelines similar to the SISP;

iv. the public and well-known nature of the Companies in the locations in which they operate, such that the SISP will likely receive substantial media attention within those markets, making Potential Bidders aware thereof;

v. the need to balance between ensuring that sufficient time is available to attempt to identify a superior transaction, and managing the costs of conducting these CCAA proceedings for a further period of time (which excess costs would be borne by stakeholders and require that financing be secured); and

vi. as reflected in the Cash Flow Forecast, the Applicants do not have sufficient cash or access to funding to support operations during a longer SISP.

e) the DIP Lender is supportive of the proposed SISP;

f) the Monitor is of the view that the Bid Protections, which represent approximately 0.63% of the Purchase Price, are customary (even including in the context of a credit bid) and reasonable in the circumstances and will not create uncertainty or discourage interested parties from submitting offers in the SISP; and

g) as at the date of this First Report, the Monitor is not aware of any objections to the SISP or the Restructuring Term Sheet.

6.0 Cash Flow Forecast

1. A copy of the Cash Flow Forecast prepared by the Applicants, which was reviewed and discussed with the Monitor, is attached as **Appendix "C"**. This is the same Cash Flow Forecast that was appended to the Pre-Filing Report and covers the period from March 7 to June 1, 2024. The Cash Flow Forecast contemplates that the Applicants are able to fund their businesses within the confines of the DIP Facility.

2. A summary of the Cash Flow Forecast[4] is provided below:

7.0 Stay Extension and Related Relief

1. Pursuant to the Initial Order, the Court granted the Stay of Proceedings to and including March 18, 2024 (i.e., the Stay Period). The Applicants are requesting an extension of the Stay Period to May 20, 2024 (the "**Stay Extension**"), being the anticipated date of obtaining the Implementation Order, as defined and provided for in the SISP, if an auction is ultimately held.

2. The Monitor supports the request for an extension of the Stay Period and believes that it is appropriate in the circumstances for the following reasons:

   a) the Applicants are acting in good faith and with due diligence;

   b) the proposed Stay Extension will allow the Applicants time to conduct the SISP;

   c) the Monitor does not believe that any creditor will be materially prejudiced by the Stay Extension;

   d) as of the date of this First Report, the Monitor is not aware of any party opposed to the Stay Extension; and

   e) the Cash Flow Forecast reflects that the Applicants are projected to have sufficient liquidity to fund their operations and the costs of these CCAA proceedings during the Stay Extension.

8.0 Securities Filing Relief

1. COPL, as a publicly traded company and a reporting issuer, is seeking relief from, among other things, filings (including financial statements), disclosures, core or non-core documents, and press releases that may be required by any federal, provincial or other laws respecting securities or capital markets in Canada, the United States or the United Kingdom or by the rules and regulations of a stock exchange, provided that any securities regulator or stock exchange shall not be prohibited from taking any action against the Applicant or exercising any discretion that it may have of a nature described in section 11.1(2) of the CCAA as a consequence of such failure by COPL. COPL is also seeking relief from its

obligation to call and hold its annual general meeting (the "**AGM**") or any other meeting of the shareholders of COPL.

2. During these CCAA proceedings, the Applicants' executive management team and the CRO will be focused on the Companies' restructuring efforts. The work required to maintain its securities reporting and prepare for and hold an AGM or any other meeting of shareholders would require significant expense, time, and attention from management and would detract from these efforts. In addition, the CCAA is a public process that will provide shareholders and other stakeholders with information regarding COPL.

3. Given the foregoing, COPL is seeking an order relieving it of its obligation to call an AGM or any other meeting of the shareholders and forego such reporting obligations until further order of the Court. The Monitor views this request as reasonable and supports such relief.

9.0 Court-ordered Charges

9.1 Proposed Charges and Priority of the Charges

1. As detailed below, the Applicants are seeking increases to the quantum of the Administration Charge, Directors' Charge, and DIP Lender's Charge.

2. Each of the Initial Charges previously granted in these CCAA proceedings rank in priority to all other encumbrances against the Property. At the Comeback Hearing, the Applicants are seeking to have all of the Initial Charges rank in priority to any encumbrances in respect of the Property.

3. If the Court grants the ARIO and approves the proposed increases to the Initial Charges, the priority and amount of the Charges, as among them would be as follows:

Priority	Charge	Currency	Current ($)	Proposed ($)
First	Administration Charge	CAD	1,500,000	2,500,000
	CRO Charge	USD	500,000	500,000
Second	Director's Charge	CAD	500,000	1,000,000
Third	DIP Lender's Charge	USD	1,500,000	11,000,000
Fourth	Bid Protections Charge	USD	0	500,000

9.2 Administration Charge Increase

1. The Initial Order granted an Administration Charge in the amount of $1.5 million to secure the fees and expenses of the Monitor, its counsel, the Applicants' Canadian and US counsel, and the Financial Advisor to the Comeback Hearing.

2. The Applicants seek to increase the amount of the Administration Charge to $2.5 million.

3. The Monitor is of the view that the increased Administration Charge is required and reasonable in the circumstances given the complexities of the Applicants' CCAA proceedings and the services to be provided by the professionals, each of whom is necessary to further the restructuring efforts of the Applicants. Without such protection, the professionals are unlikely to be prepared to continue to provide services in these CCAA proceedings.

4. The Cash Flow Forecast has been prepared on the basis of monthly payments of professional fees, and accordingly, there should be limited exposure to the professionals with the proposed increased Administration Charge.

5. The Monitor understands that the DIP Lender supports the proposed increase to the Administration Charge.

9.3 Directors' Charge Increase

1. The Initial Order approved a Directors' Charge in the amount of $500,000 to secure the indemnity in favour of the COPL Group's directors and officers in the Initial Order based on potential exposure for the directors and officers during the initial 10-day Stay Period.

2. The Applicants are seeking to increase the amount of the Directors' Charge to $1 million.

3. The amount of the Directors' Charge was estimated by the Applicants in consultation with the Monitor, taking into consideration the potential exposure of the directors and officers for Canadian/US sales taxes, pension obligations, vacation pay, employee wages, and source deductions, as the case may be. Set forth below is an outline of the Applicants' estimated potential exposure with respect to such items:

(unaudited)	Amount ($000s)
Wages and source deductions	277
Vacation pay	303
Sales taxes	446
Total Directors' Charge	**1,026**
Rounded	**1,000**

4. The Monitor has reviewed the backup provided by the Applicants in respect of the potential obligations to be covered by the Directors' Charge and is of the view that the proposed increase to the Directors' Charge is reasonable in the circumstances as the continued involvement of the directors and officers is beneficial to the Applicants and these CCAA proceedings. The basis of these obligations, including the calculation of the Directors' Charge, was described in the Pre-Filing Report.

5. The Monitor is not aware of any objection to the proposed increases to the Administration Charge or the Directors' Charge as of the date of this First Report.

9.4 DIP Lender's Charge Increase

1. The terms of the DIP Facility were detailed in the Pre-Filing Report and the First Kravitz Affidavit. As noted in those materials, it is the Applicants' intention to seek an increase in the amount that may be borrowed under the DIP Facility from US$1.5 million to US$11 million at the Comeback Hearing.

2. The Monitor is of the view that the increase of the DIP Lender's Charge is reasonable and appropriate for the following reasons:

    a) the Cash Flow Forecast reflects that the Applicants will require financing of approximately US$10 million for the Stay Extension period (i.e., up to and including May 13, 2024);

    b) the terms of the DIP Facility are reasonable for the reasons set out in the Pre-Filing Report;

    c) the DIP Lender is not prepared to provide further financing without the benefit of the increase in the DIP Lender's Charge; and

    d) therefore, without the increase in the DIP Lender's Charge, the Applicants will not have the funding they require to continue to operate and/or to fund these proceedings, including the funding required to carry out the SISP.

3. The Applicants will seek access to the full availability under the DIP Facility as part of the ARIO.

10.0 Monitor's Activities since the Initial Order

1. Since the Filing Date, the Monitor has, among other things:

   a) corresponded and spoken regularly with the Companies' management team regarding all aspects of these CCAA proceedings;

   b) prepared the notice to the Companies' creditors (the "**Creditors' Notice**"), as required pursuant to the CCAA;

   c) mailed the Creditors' Notice and filed Forms 1 and 2 with the Office of the Superintendent of Bankruptcy, as required under the CCAA;

   d) posted the Creditors' Notice, list of creditors, and other documents on the Monitor's website;

   e) provided notice of the CCAA Proceedings to the Non-Filing Affiliates;

   f) arranged for the publication of the CCAA notice in the *New York Times*, *The Globe and Mail*, and *The Calgary Herald*, in accordance with the Initial Order;

   g) monitored the Applicants' receipts and disbursements;

   h) assisted the Applicants in their discussions with suppliers, customers, and employees;

   i) engaged with Osler and the Monitor's counsel, Cassels Brock & Blackwell LLP, regarding certain matters relating to these CCAA proceedings;

   j) reviewed and commented on the Applicants' materials to be filed in support of the relief to be sought at the Comeback Hearing; and

   k) prepared this First Report.

11.0 Shareholder Matters

1. On March 14, 2024, the CRO provided the Monitor with copies of various email correspondence received from shareholders who expressed concerns regarding, among other things: (i) the value of the assets and the sale of same; (ii) the quantum of the outstanding debt; and (iii) Anavio Capital Partners LLP's historic role in potential short trades of the COPL stock.

2. The Monitor was subsequently copied on email correspondence from a shareholder raising concerns about short trades of the COPL stock.

3. The Monitor understands that the CRO has responded to the email correspondence received. The Monitor's view is that the SISP will determine the value of the COPL Group.

12.0 Conclusion and Recommendation

1. Based on the foregoing, the Monitor respectfully recommends that this Court grant the ARIO and the SISP Approval Order on the terms of the draft orders set out in the Applicants' Comeback Hearing materials.

Notes

Purchase price equal to the sum of $191,000 in cash plus 90% of the inventory value as at the closing date, plus the purchaser's agreement to the AR collection agreement appended to the APA. Estimated TV is reported in Farber's first report.

Four separate stalking horse agreements were entered into for various of the debtor's business units. The stalking horse bidder in each agreement is a corporation related to the debtor's 95.5% shareholder and most significant secured creditors. The purchase price in each case is in the form of a credit bid or assumption of debt. No break fees are contemplated in any of the stalking horse agreements.

APA did not split break fee between termination fee and expense reimbursement amounts

Estimated transaction value consists only of the cash portion of the purchaser's bid.

Estimated transaction value equal to an amount sufficient to satisfy i) repayment of the amounts secured by the administration charge; ii) repayment of the DIP loan; iii) payment of amounts secured by KERP charge; and iv) funding of a proposal which will provide for payment of, among other things, the outstanding secured debentures and preferred claims.

Transaction is for assets of both Canadian and US entities.

MANAGEMENT'S REPORT ON CASH FLOW STATEMENT

(paragraph 10(2)(b) of the CCAA)

The management of Canadian Overseas Petroleum Limited, and those other applicant entities listed in Schedule "A" (collectively, the "**Applicants**"), have developed the assumptions and prepared the attached statement of projected cash flow as of the 7th day of March, 2024 for the period March 7, 2024 to June 1, 2024 (the "**Cash Flow**"). All such assumptions are disclosed in the notes to the Cash Flow.

The hypothetical assumptions are reasonable and consistent with the purpose of the Cash Flow as described in Note 1 to the Cash Flow, and the probable assumptions are suitably supported and consistent with the plans of the Applicants and provide a reasonable basis for the Cash Flow.

Since the Cash Flow is based on assumptions regarding future events, actual results will vary from the information presented, and the variations may be material.

The Cash Flow has been prepared solely for the purpose outlined in Note 1 using a set of hypothetical and probable assumptions set out therein. Consequently, readers are cautioned that the Cash Flow may not be appropriate for other purposes.

i. extended the Stay Period to and including May 20, 2024 (the "**Stay Extension**");

ii. approved the CRO Engagement Letter and the engagement letter between Province, LLC and the COPL Group dated December 19, pursuant to which Province, LLC will act as financial advisor (in such capacity, the "**Financial Advisor**") to the COPL Group during these CCAA proceedings, and approved the payment of fees contemplated therein;

2. Copies of the ARIO and SISP Approval Order are attached hereto as **Appendix "B"** and **"C"**, respectively.

3. On March 11, 2024, the Applicants commenced proceedings in the United States Bankruptcy Court for the District of Delaware (the "**US Court**") seeking recognition of these CCAA proceedings as a foreign main proceeding under chapter 15 of title 11 of the United States (the "**US**") Code (the "**Bankruptcy Code**"), 11 U.S.C. §§ 101-1532.    c) report on the Applicants' cash flow projection for the period April 15 to June 8, 2024 (the "**Cash Flow Forecast**");

   d) set out the Monitor's basis for its support of the Applicants' request that the stay of proceedings be extended from May 20 to June 7, 2024;

   e) recommend the Court issue the following orders:

      i. an approval and vesting order ("**AVO**"), among other things:

         1. approving the Transaction;

2. ordering that, upon the Monitor delivering a certificate substantially in the form of Schedule "C" to the AVO (the "**Monitor's Certificate**"), all of the Applicants' right, title and interest in and to the Purchased Assets (defined below) shall vest in the Stalking Horse Purchaser free and clear of any and all Encumbrances, other than the Permitted Encumbrances (both as defined in the Stalking Horse Purchase Agreement);

3. ordering that in the event that Southwestern Production Corporation ("**SWP**") is acquired pursuant to the Transaction, the Monitor's Certificate shall acknowledge same and, upon filing with this Court a copy of the Monitor's Certificate with such acknowledgement, SWP shall be deemed to cease to be an applicant in these CCAA proceedings and shall be deemed to be released from the purview of the ARIO and all other Orders of this Court granted in respect of these CCAA proceedings, save and except for the AVO, the provisions of which (as they relate to SWP) shall continue to apply in all respects;

4. approving certain releases in favour of the Released Parties (as defined below); and

ii. an order (the "**Stay Extension Order**"), among other things, extending the Stay Period until and including June 7, 2024.

1.2 Scope and Terms of Reference

1. In preparing this Second Report, the Monitor has relied upon the Applicants' unaudited financial information, books and records, information available in the public domain and discussions with the Applicants' management and legal counsel.

2.0 Background

1. The affidavits of Peter Kravitz, CRO of COPL, affirmed March 7 and 14, 2024, in these CCAA proceedings (the "**First Kravitz Affidavit**" and "**Second Kravitz Affidavit**", respectively), provide, *inter alia*, background information concerning the Applicants, their respective businesses, as well as the reasons for the commencement of these CCAA proceedings.

2. KSV's pre-filing report dated March 8, 2024 (the "**Pre-Filing Report**") and the Monitor's first report to court dated March 15, 2024 (the "**First Report**") provide additional background information on these CCAA proceedings. 3.0 SISP[1]

3.1 Marketing Process

3. The Applicants, with the assistance of the Financial Advisor and under the supervision of the Monitor, carried out the SISP in accordance with the SISP Approval Order. A summary of the SISP is as follows:

    a) following the issuance of the SISP Approval Order, the Applicants and the Financial Advisor launched the SISP by distributing an interest solicitation letter detailing the

acquisition opportunity (the "**Teaser**") to potential purchasers and investors. In addition, the Applicants issued a press release on March 21, 2024, announcing that the SISP Approval Order had been granted and that bids to purchase the business and/or assets of the COPL Group were being solicited;

b) the Teaser was sent to 137 prospective purchasers, comprised of Canadian and US operators, financial groups, and other strategic parties, including certain parties that contacted the Monitor directly. In compiling the list of prospective purchasers, the Financial Advisor sought input from the Applicants and the Monitor;

c) attached to the Teaser was a SISP process letter and a form of non-disclosure agreement ("**NDA**"). The NDA was in a form substantially similar to those executed by the Stalking Horse Purchaser;

d) Prospective purchasers who executed an NDA were provided with access to a virtual data room (the "**VDR**") that contained: (i) a confidential information memorandum (the "**CIM**") prepared by the Financial Advisor, with input from the Applicants and the Monitor; (ii) certain historical and projected financial information; (iii) and certain other relevant diligence information, including operational metrics, employee information and material contracts and agreements;

e) The Financial Advisor, in coordination with the Applicants, responded to diligence request lists from three parties engaged in the process, including requests for production data, land and well files, financial data, and environmental testing results;

f) the Applicants and the Financial Advisor arranged for two parties to take site visits, consisting of one day in the corporate office location and one day in the Wyoming field. Both site visits were successfully completed during the week of April 8, 2024; and

g) on April 9, 2024 the Stalking Horse Purchase Agreement was served on the CCAA service list, posted on the Monitor's website, and provided to prospective purchasers who had executed an NDA.

4. The SISP provides that if, by April 17, 2024 (the "**LOI Deadline**"), no letters of intent are received reflecting a reasonable prospect of culminating in a Qualified Bid, as determined by the Applicants in consultation with the Monitor and the Consulting Lenders (a "**LOI**"), the SISP shall be deemed to be terminated and the Stalking Horse Bid shall be the Successful Bid.

3.2 SISP Results

1. Based on information provided by the Financial Advisor, a summary of the results of the SISP is as follows

   a) 137 parties were sent the Teaser, SISP process letter, and NDA;

   b) five parties (including the Stalking Horse Purchaser) executed an NDA and were provided access to the VDR to perform additional due diligence following their review of the Teaser; and

   c) no LOIs were received prior to the LOI Deadline (April 17, 2024).

2. Therefore, in accordance with the terms of the SISP, following the LOI Deadline, the Stalking Horse Bid was declared as the Successful Bid and the SISP was terminated.

4.2 Transaction Recommendation

1. The Monitor recommends that the Court Issue an order approving the Transaction pursuant to section 36 of the CCAA for the following reasons:

a) in the Monitor's view, the SISP was commercially reasonable and conducted in accordance with the SISP Approval Order, including the timelines it established, which allowed the opportunity for the market to be broadly canvassed in a transparent and fair process, and provided an opportunity for parties to perform due diligence. No LOIs were received before the LOI Deadline, and accordingly, the Stalking Horse Bid was deemed to be the Successful Bid in the SISP;

b) while the Transaction does not contemplate recovery for creditors other than the DIP Lender and Stalking Horse Purchaser and counterparties to Assumed Contracts, it provides for the greatest recovery available in the circumstances and is more beneficial to stakeholders than a sale or disposition in a bankruptcy;

c) the Transaction provides a going-concern solution for the Applicants;

d) as at the date of this Second Report, the Transaction is the only transaction available to the Applicants as no other transaction was identified under the SISP, and the consideration to be received, taken as a whole, is fair and reasonable given the facts and circumstances of the Applicants and this CCAA proceeding; and

e) the Monitor does not believe that further time spent marketing the Applicants' business and assets will result in a superior transaction.

4.3 Anticipated Timeline to Closing

1. The Outside Date in the Stalking Horse Purchase Agreement is August 31, 2024. The Monitor understands that the Applicants and the Stalking Horse Purchaser are working diligently to close the Transaction prior to that date, with a target Closing date of May 31, 2024.

2. At this time, the Monitor understands that obtaining the AVO is the final significant condition precedent to the Transaction.

5.0 Releases

1. The proposed AVO provides for a broad release of all claims relating to the business, operations, assets, Property and affairs of the Applicants, the administration and/or management of the Applicants, this CCAA proceeding, or the Stalking Horse Purchase Agreement (and closing documents related thereto), the RSA, any agreement, document, instrument, matter or transaction involving the Applicants arising in connection with or pursuant to any of the foregoing, and/or the consummation of the Transaction, against:

    a) the current and former directors, officers, employees, legal counsel, agents and advisors of the Applicants;

    b) the Monitor and its legal counsel;

    c) the Stalking Horse Purchaser (including in its capacity as DIP Lender), its affiliates and their respective current and former directors, officers, employees, legal counsel, agents and advisors; and

    d) Province, its affiliates and their respective current and former directors, officers, employees, legal counsel and advisors, including the CRO (collectively, the "**Released Parties**").

2. The proposed release does not release:

    a) any claim that is not permitted to be released pursuant to section 5.1(2) of the CCAA;

    b) any actual fraud, gross negligence or willful misconduct on the part of any Released Parties; or

c) any obligations of any of the Released Parties under or in connection with the Stalking Horse Purchase Agreement, the RSA, the Closing Documents (as defined in the Stalking Horse Purchase Agreement), the Definitive Documents (as defined in the ARIO), and/or any matter involving the COPL Group arising in connection with or pursuant to any of the foregoing.

3. In the Monitor's view:

a) the Released Parties have been (and will be) essential in facilitating this CCAA proceeding and the proposed Transaction, which will ultimately see the Applicants' business continue for the benefit of its key stakeholders. Of note in this regard: (i) the efforts of the COPL Group's directors and officers, who agreed to continue in their role through this CCAA proceeding, assisting with institutional knowledge of the COPL Group's business and operations, have been integral in achieving the proposed Transaction; and (ii) the Stalking Horse Purchaser, including in its role as DIP Lender, financed this CCAA proceeding, and has played a critical role in the development and structuring of the proposed Transaction that will see the Applicants' business continue as a going concern;

b) the release is connected to the proposed Transaction, including in that it will provide assurance to the COPL Group's directors and officers as it relates to the discharge of the Directors' Charge that is required for completion of the Transaction;

c) the releases are consistent with releases granted in other recent CCAA proceedings where there is no plan of compromise and arrangement; and

d) on the basis of the foregoing, the Monitor is supportive of the proposed releases.

6.0 Cash Flow Forecast

1. The Applicants, with the assistance of the Financial Advisor, have prepared the Cash Flow Forecast for the period April 15 to June 8, 2024. The Cash Flow Forecast and the Applicants' statutory report on the cash flow pursuant to Section 10(2)(b) of the CCAA is attached as **Appendix "D"**.

2. The Cash Flow Forecast reflects that the Applicants will have sufficient liquidity until June 8, 2024.

3. Based on the Monitor's review of the Cash Flow Forecast, the cash flow assumptions appear reasonable. The Applicants have been operating in accordance with previous cash flow forecasts filed with this Court, for which the underlying assumptions are consistent with this Cash Flow Forecast.

4. The Monitor's statutory report on the Cash Flow Forecast is attached as **Appendix "E"**.

7.0 Stay Extension

1. The stay of proceedings currently expires on May 20, 2024. The Applicants are requesting an extension of the stay of proceedings until June 7, 2024. While the Applicants expect to close the Transaction prior to that date, the Stay Extension is being sought to allow the Applicants the time to prepare materials and return to Court to seek further relief, if required.

2. The Monitor supports the request for an extension of the Stay Period and believes that it is appropriate in the circumstances for the following reasons:

   a) the Applicants are acting, and continue to act, in good faith and with due diligence;

   b) the Monitor does not believe that any creditor will be materially prejudiced by the Stay Extension;

   c) it will provide the Applicants the time required to work with the Stalking Horse Purchaser and their respective legal counsel to complete the Transaction;

   d) as of the date of this Second Report, neither the Applicants nor the Monitor is aware of any party opposed to the Stay Extension; and

   e) the Cash Flow Forecast reflects that the Applicants are projected to have sufficient liquidity to fund their operations and the costs of these CCAA proceedings during the Stay Extension.

8.0 Conclusion and Recommendation

1. Based on the foregoing, the Monitor respectfully recommends that this Honourable Court grant the relief sought by the Applicants.

18. During the Stay Period, all rights and remedies of any Person against or in respect of the Non-Filing Affiliates, or affecting the Non-Filing Affiliates' Property and Business, as a result of a Non-Filing Affiliates' Default Event, are hereby stayed and suspended except with leave of this Court, provided that nothing in this Order shall:

1. On March 19, 2024, the Alberta Court of King's Bench (the "**Court**") granted an order (the "**SISP Order**") that, among other things, (a) authorized the COPL Entities to implement a sale and investment solicitation process ("**SISP**") in accordance with the terms hereof, (b) approved the Support Agreement, (c) authorized and directed the COPL Entities to enter into the Stalking Horse Purchase Agreement, and (d) approved the Break-Up Fee. Capitalized terms that are not defined herein have the meanings ascribed thereto in the Amended & Restated Initial Order granted by the Court in the COPL Entities' proceedings under the *Companies' Creditors Arrangement Act* on March 19, 2024, as amended, restated or supplemented from time to time, or the SISP Order, as applicable.

2. This SISP sets out the manner in which (i) binding bids for executable transaction alternatives that are superior to the sale transaction provided for in the Stalking Horse Purchase Agreement involving the shares and/or the business and assets of the COPL Entities will be solicited from interested parties, (ii) any such bids received will be addressed, (iii) any Successful Bid (as defined below) will be selected, and (iv) Court approval of any Successful Bid will be sought. Such transaction alternatives may include, among other things, a sale of some or all of the COPL Entities' shares, assets and/or business and/or an investment in the COPL Entities, each of which shall be subject to all terms set forth in this SISP.

3. The SISP shall be conducted by the COPL Entities, with the assistance of the Financial Advisor and oversight of KSV Restructuring Inc., in its capacity as court-appointed monitor (the "**Monitor**").

4. Parties who wish to have their bids considered shall participate in the SISP in accordance with the terms herein.

    a) prepare marketing materials and a process letter;
    b) prepare and provide applicable parties with access to a data room containing diligence information;
    c) solicit interest from parties to enter into non-disclosure agreements (parties shall only obtain access to the data room and be permitted to participate in the SISP if they execute a non-disclosure agreement that is in form and substance satisfactory to the COPL Entities); and
    d) request that such parties (other than the Stalking Horse Bidder or its designee) submit (i) a letter of intent to bid that identifies the potential bidder (which, for the avoidance of doubt, may be a purchaser or an investor) and a general description of the assets and/or business(es) of the COPL Entities that would be the subject of the bid and that reflects a reasonable prospect of culminating in a Qualified Bid (as defined below), as determined by the COPL Entities in consultation with the Monitor and the Consenting Lenders (as defined in the Support Agreement) (a

"**LOI**") by the LOI Deadline (as defined below) and, if applicable, (ii) a binding offer meeting at least the requirements set forth in Section 7 below, as determined by the COPL Entities in consultation with the Monitor (a "**Qualified Bid**") by the Qualified Bid Deadline (as defined below).

6. The SISP shall be conducted subject to the terms hereof and the following key milestones:

    e) The COPL Entities to hold Auction (if applicable) – 10:00 a.m. Mountain Time on May 8, 2024; and

        - (if there is no Auction) – by no later than 9 days after the Qualified Bid Deadline, subject to Court availability.
        - (if there is an Auction) – by no later than 9 days after completion of the Auction, subject to Court availability.

7. In order to constitute a Qualified Bid, a bid must comply with the following:

    b. it provides a detailed sources and uses schedule that identifies, with specificity, the amount of cash consideration (the "**Cash Consideration Value**") and any assumptions that could reduce the net consideration payable;

c. it is reasonably capable of being consummated within 30 days after completion of the Auction if selected as the Successful Bid;
d. it contains:

    v. disclosure of any connections or agreements with the COPL Entities or any of its affiliates, any known, potential, prospective bidder, or any officer, manager, director, or known equity security holder of the COPL Entities or any of its affiliates; and
    vi. such other information reasonably requested by the COPL Entities or the Monitor;
e. it includes a letter stating that the bid is submitted in good faith, is binding and is irrevocable until the selection of the Successful Bid; provided, however, that if such bid is selected as the Successful Bid, it shall remain irrevocable until the closing of the Successful Bid;
f. it provides written evidence of a bidder's ability to fully fund and consummate the transaction and satisfy its obligations under the transaction documents, including binding equity/debt commitment letters and/or guarantees covering the full value of all cash consideration and the additional items (in scope and amount) covered by the guarantees provided by affiliates of the Purchaser in connection with the Stalking Horse Purchase Agreement;
g. it does not include any request for or entitlement to any break fee, expense reimbursement or similar type of payment;
h. it is not conditional upon:
    i. approval from the bidder's board of directors (or comparable governing body) or equityholder(s);
    ii. the outcome of any due diligence by the bidder; or
    iii. the bidder obtaining financing;
i. it includes an acknowledgment and representation that the bidder has had an opportunity to conduct any and all required due diligence prior to making its bid, and that the transaction that is the subject of the bid shall be on an "as is, where is" basis and without surviving representations, warranties, covenants or indemnities of any kind, nature or description by the COPL Entities, except to the extent set forth in a written agreement as between the Purchaser and the COPL Entities (as applicable).
j. it specifies any regulatory or other third-party approvals the party anticipates would be required to complete the transaction (including the anticipated timing necessary

to obtain such approvals and any approvals/authority to hold oil and gas licenses and permits);

k. it includes full details of the bidder's intended treatment of the COPL Entities' employees under the proposed bid;

l. it is accompanied by a cash deposit (the "**Deposit**") by wire transfer of immediately available funds equal to 10% of the Cash Consideration Value, which Deposit shall be retained by the Monitor in a non-interest bearing trust account in accordance with this SISP;

m. a statement that the bidder will bear its own costs and expenses (including legal and advisor fees) in connection with the proposed transaction, and by submitting its bid is agreeing to refrain from and waive any assertion or request for reimbursement on any basis; and

n. it is received by the Qualified Bid Deadline.

8. The COPL Entities, in consultation with the Monitor, may waive compliance with any one or more of the requirements specified in Section 7 above and deem a non-compliant bid to be a Qualified Bid, provided that the COPL Entities shall not waive compliance with the requirements specified in Subsections 7(a), (b), (d), (e), (f), (g), (i) or (l) without the prior written consent of the Stalking Horse Bidder and Consenting Lenders.

9. Notwithstanding the requirements specified in Section 7 above, the transaction contemplated by the Stalking Horse Purchase Agreement (the "**Stalking Horse Transaction**"), is deemed to be a Qualified Bid, provided that, for greater certainty, no Deposit shall be required to be submitted in connection with the Stalking Horse Transaction.

10. If one or more Qualified Bids (other than the Stalking Horse Transaction) has been received by the COPL Entities on or before the Qualified Bid Deadline, the COPL Entities shall proceed with an auction process to determine the successful bid(s) (the "**Auction**"), which Auction shall be administered in accordance with Schedule "A" hereto. The successful bid(s) selected within the Auction shall constitute the "**Successful Bid**". Forthwith upon determining to proceed with an Auction, the COPL Entities shall provide written notice to each party that submitted a Qualified Bid (including the Stalking Horse Transaction), along with copies of all Qualified Bids and a statement by the COPL Entities specifying which Qualified Bid is the leading bid.

11. If, by the LOI Deadline no LOI has been received, then the SISP shall be deemed to be terminated and the Stalking Horse Transaction shall be the Successful Bid and shall be consummated in accordance with and subject to the terms of the Support Agreement and the Stalking Horse Purchase Agreement. If no Qualified Bid (other than the Stalking Horse Transaction) has been received by the COPL Entities on or before the Qualified Bid Deadline, then the Stalking Horse Transaction shall be the Successful Bid and shall be consummated in accordance with and subject to the terms of the Support Agreement and the Stalking Horse Purchase Agreement.

12. Following selection of a Successful Bid, the COPL Entities, with the assistance of its advisors, shall seek to finalize any remaining necessary definitive agreement(s) with respect to the Successful Bid in accordance with the key milestones set out in Section 6. Once the necessary definitive agreement(s) with respect to a Successful Bid have been finalized, as determined by the COPL Entities, in consultation with the Monitor, the COPL Entities shall apply to the Court for an order or orders approving such Successful Bid and/or the mechanics to authorize the COPL Entities to complete the transactions contemplated thereby, as applicable, and authorizing the COPL Entities to (i) enter into any and all necessary agreements and related documentation with respect to the Successful Bid, (ii) undertake such other actions as may be necessary to give effect to such Successful Bid, and (iii) implement the transaction(s) contemplated in such Successful Bid (each, an "**Implementation Order**").

13. All Deposits shall be retained by the Monitor in a non-interest bearing trust account. If a Successful Bid is selected and an Implementation Order authorizing the consummation of the transaction contemplated thereunder is granted, any Deposit paid in connection with such Successful Bid will be non-refundable and shall, upon closing of the transaction contemplated by such Successful Bid, be applied to the cash consideration to be paid in connection with such Successful Bid or be dealt with as otherwise set out in the definitive agreement(s) entered into in connection with such Successful Bid. Any Deposit delivered with a Qualified Bid that is not selected as a Successful Bid, will be returned to the applicable bidder as soon as reasonably practicable (but not later than ten (10) business days) after the date upon which the Successful Bid is approved pursuant to an Implementation Order or such earlier date as may be determined by the COPL Entities, in consultation with the Monitor.

14. The COPL Entities shall provide the Consenting Lenders with such information relating to the SISP as is required under the Support Agreement.

15. Any amendments to this SISP may only be made by: (a) the COPL Entities with the written consent of the Monitor and after consultation with the Consenting Lenders, provided that the COPL Entities shall not amend Subsections 7(a), (b), (d), (e), (f), (g), (i) or (l) or Section 13 without the prior written consent of the Stalking Horse Bidder and the Consenting Lenders.

[ATTACHED]

IN THE COURT OF KING'S BENCH OF ALBERTA

IN THE MATTER OF THE *COMPANIES' CREDITORS ARRANGEMENT ACT*, R.S.C. 1985, c.C-36, AS AMENDED

IN THE MATTER OF CANADIAN OVERSEAS PETROLEUM LIMITED AND THOSE ENTITIES LISTED IN SCHEDULE "A"

MONITOR'S REPORT ON CASH FLOW STATEMENT

(paragraph 23(1)(b) of the CCAA)

The attached statement of projected cash flow of Canadian Overseas Petroleum Limited, and those other applicant entities listed in Schedule "A" (collectively, the "**Applicants**"), as of the 19th day of April, 2024, consisting of a weekly projected cash flow statement for the period April 14, 2024 to June 8, 2024 (the "**Cash Flow**") has been prepared by the management of the Applicants for the purpose described in Note 1, using the probable and hypothetical assumptions set out in the notes to the Cash Flow.

Our review consisted of inquiries, analytical procedures, and discussions related to information supplied by the management and employees of the Applicants. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the Cash Flow. We have also reviewed the support provided by management for the probable assumptions and the preparation and presentation of the Cash Flow.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects:

a) the hypothetical assumptions are not consistent with the purpose of the Cash Flow;

b) as at the date of this report, the probable assumptions developed by management are not suitably supported and consistent with the plans of the Applicants or do not provide a reasonable basis for the Cash Flow, given the hypothetical assumptions; or

c) the Cash Flow does not reflect the probable and hypothetical assumptions.

Since the Cash Flow is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the Cash Flow will be achieved. We express no opinion or other form of assurance with respect to the accuracy of any financial information presented in this report or relied upon in preparing this report.

The Cash Flow has been prepared solely for the purpose described in Note 1 of the Cash Flow and readers are cautioned that it may not be appropriate for other purposes.

Dated at Calgary, Alberta this 19th day of April, 2024.

AFFIDAVIT OF PETER KRAVITZ
(Affirmed March 7, 2024)

I, Peter Kravitz, of 2360 Corporate Circle, Suite 340, Henderson, Nevada, Interim Chief Executive Officer ("**Interim CEO**") and Chief Restructuring Officer ("**CRO**") of Canadian Overseas Petroleum Limited ("**COPL**" or the "**Company**"), AFFIRM THAT:

1. This affidavit is made in support of an application by COPL and those entities listed in Schedule "A" (collectively, the "**Applicants**" and together with those other Non-Filing Affiliates (as defined below) listed in Schedule "B", the "**COPL Group**") for an initial order (the "**Initial Order**") and related relief under the *Companies' Creditors Arrangement Act,* R.S.C. 1985, c. C-

36, as amended (the "**CCAA**"). This affidavit is also made in support of an amended and restated Initial Order (the "**Amended and Restated Initial Order**") that will be sought at a hearing within 10 days of an Initial Order being granted (the "**Comeback Hearing**").

2. I currently serve as the CRO and Interim CEO of the COPL Group. I was appointed as CRO of the COPL Group on December 29, 2023. I was named Interim CEO on January 18, 2024. I am also a founding principal at Province, LLC as well as Province Fiduciary Services, LLC (collectively, "**Province**"). Province is a leading restructuring advisory firm. During my time at Province, I have served in a multitude of roles, including as chief restructuring officer to a number of distressed companies, advisor to and member of bankruptcy oversight, equity and creditor committees, as a Chapter 11 Liquidating Trustee and Plan Administrator, and as a member of numerous boards of directors. In my capacity as CRO and Interim CEO of the COPL Group, I have become familiar with the business and affairs of the Applicants, and have relied upon the books and records of COPL and my personal experiences with the Company. As such, I have personal knowledge of the matters deposed to herein. Where I have relied on other sources of information, I have so stated, and I believe them to be true and accurate. In preparing this affidavit, I have also consulted with members of the senior management teams of the COPL Group and the Applicants' financial and legal advisors. The Applicants do not waive or intend to waive any applicable privilege by any statement herein.

3. COPL is a publicly traded international oil and gas exploration, development and production company headquartered in Calgary, Alberta.

4. Operational and financial control of the COPL Group is based out of the head office in Calgary and all geological and other technical services are provided from that office and remotely

in Calgary. The COPL Group's main oil producing assets and reserves are in the State of Wyoming, USA, where the COPL Group is the operator, and majority working interest owner, of three oil producing units (defined below as the "**Wyoming Assets**"). The COPL Group also has a 50% interest in a joint venture company in Nigeria, which it formed several years ago as part of its strategy to diversify its asset portfolio. Almost exclusively, the COPL Group's revenues relate to oil production in Wyoming.

5. Operational and working interest control over the Wyoming Assets was acquired through two significant acquisitions in 2021 and 2022. In March 2021, COPL, through its subsidiary COPL America (as defined below), acquired all of the membership interests in Atomic Oil and Gas LLC ("**Atomic**"), including its wholly owned subsidiary Pipeco LLC ("**Pipeco**") and the entire share capital of SouthWestern Production Corp. ("**SWP**") (together the "**Atomic Acquisition**"). At the time, Atomic's assets were principally comprised of working interests in three federal oil producing units located in the Powder River Basin in Converse County, Wyoming: the Barron Flats (Shannon) Unit ("**BFSU**") (58% working interest), Barron Flats (Deep) Unit ("**BFDU**") (55.56 % working interest) and the Cole Creek Unit ("**CCU**") (66.7% working interest).

6. In July 2022, COPL America completed an acquisition of substantially all of the assets of Cuda Oil and Gas Inc. ("**Cuda**") (the "**Cuda Acquisition**", and together with the Atomic Acquisition, the "**Acquisitions**"). At the time of the Cuda Acquisition, Cuda had a 27% working interest in the BFSU, a 27.5% working interest in the BFDU and a 33.33% working interest in the CCU. Following closing of the Cuda Acquisition, COPL America now has an 85-100% working interest across these three oil producing units in Wyoming, and through SWP acting as the operator for each unit.

7. With the acquisition of the Cuda assets and those working interests wholly owned by COPL America, the COPL Group set upon a strategy to optimize and increase oil production in the Wyoming Assets and embark on future development.

8. Unfortunately, since the Acquisitions, the COPL Group's financial and operational performance has struggled. The COPL Group has failed to deliver free cash flow in any single quarter over the past 18 months and COPL America has laboured to service its debt. This has led to repeated requests by COPL America for waivers, amendments and improved credit terms from the Lender (as defined below) and repeated small equity and convertible debt "rescue" financings by COPL. In addition, over the past 12-18 months, a series of operational challenges and market conditions, as well as weather-related interruptions have significantly curtailed the Wyoming Assets' oil production, leading to decreased sales, increased capital expenditure and higher production costs. These production-related interruptions, combined with the escalating cost of injectants, a challenging inflationary and high interest rate environment and accumulated hedging losses, which until recently needed to be cash settled monthly, have further strained the COPL Group's liquidity.

9. In addition, in late 2023, the COPL Group announced the termination of a potentially promising joint venture opportunity with an established energy company. The announcement had a materially negative impact on the trading price of COPL's common equity.

10. The COPL Group has undertaken a number of cost reduction and restructuring initiatives over the past several months in an effort to address these issues and preserve capital. Among other things, the COPL Group has undertaken significant efforts to reduce its annual G&A costs, facilitated amendments to its convertible bonds, mitigated the accumulated hedging losses with a

new secured swap loan with its derivatives counterparty, and temporarily suspended the purchase of gas and liquids used for injection in connection with its miscible flood program used in the BFSU.

11. However, despite these operational restructuring and cost reduction initiatives and the recent modest increase in oil production, the COPL Group has continued to struggle to generate free cash flow to support its ongoing working capital requirements (including the related costs of being a public reporting entity), leading to increasingly strained liquidity. In addition, as a result of certain technical defaults occurring under the Senior Credit Facility (as defined below), since August 2022, COPL America has been almost entirely prevented from disbursing funds to COPL for general and administrative (G&A) expenses and other services that are provided by COPL to COPL America and its subsidiaries.

12. On or about December 20, 2023, COPL America received a Notice of Default from its Lender (as defined below) under the Senior Credit Facility in respect of COPL America's failure to comply with certain financial covenants. Despite a last-minute forbearance from the Lender, which forbearance (which was continued once) will expire on March 9 at 12:01 AM, and the closing of a $2.5 million emergency equity placement in January with its Lead Bondholder (as defined below), the COPL Group expects that its available cash reserves will be fully depleted by no later than the early-middle of March and that it will require additional funding to be able to continue operations beyond such date.

13. Given the COPL Group's limited remaining cash on hand, in recent weeks, COPL (with the assistance of its Financial Advisor (as defined below)), began exploring debtor-in-possession ("**DIP**") financing options from its key stakeholders and other third parties that either regularly

provide such financings or may have a strategic interest in the Wyoming Assets in anticipation of an insolvency proceeding. At the same time, COPL also engaged in discussions with the Lender regarding the terms on which it would support a restructuring of the COPL Group.

14. Following careful consideration of available options and alternatives, and in light of the imminent expiry of the forbearance, the COPL Group has determined with the assistance of its financial and legal advisors and indications of potential value from third-party sources that the best path to stabilize its business, preserve it as a going concern, and maximize stakeholder value is to commence these CCAA proceedings, obtain urgently needed DIP financing from certain entities comprising the Lender, and to effect a restructuring of the COPL Group through the proposed SISP (as defined below), which would be supported by the transactions contemplated under the Stalking Horse Purchase Agreement (as defined below).

15. Accordingly, the Applicants are seeking an Initial Order, providing for, among other things, the following relief:

(a) a stay of proceedings against the Applicants and a limited stay of proceedings against the Non-Filing Affiliates for an initial 10-day period (the "**Initial Stay Period**");

(b) authorization to enter into the DIP Term Sheet and borrow under the DIP Loan (each as defined below) in the maximum principal amount of $11 million, with a maximum of $1.5 million to be advanced for the Initial Stay Period (as defined below);

(c) authorization, with the written consent of the Monitor, to pay pre-filing amounts owing to suppliers of good and services, if in the opinion of the Applicants, the supplier is critical to the business or operations of the Applicants;

(d) approving the engagement between the COPL Group and Province, pursuant to which, among other things, Province will act as the CRO of the COPL Group during these CCAA proceedings through the services of Peter Kravitz, authorizing and directing the CRO to carry out the terms of the CRO Engagement Letter (as defined below), and approving the payment of fees contemplated under the CRO Engagement Letter;

(e) approving the engagement between the COPL Group and Province, pursuant to which, among other things, Province will act as financial advisor (the "**Financial Advisor**"), authorizing and directing the COPL Group to make the payments contemplated in the FA Engagement Letter (defined below);

(f) the granting of the following priority charges (collectively, the "**Charges**") over the Property (as defined in the Initial Order), listed in order of priority:

(i) the Administration Charge (as defined below), up to a maximum amount of CAD$1.5 million, and the CRO Charge (as defined below), up to a maximum amount of $500,000, ranking *pari passu* with each other;

(ii) the Directors' Charge (as defined below) up to a maximum amount of CAD$500,000; and

(iii) the DIP Lenders' Charge (as defined below) up to a maximum amount of $1.5 million (plus accrued and unpaid interest, fees and expenses); and

(g) authorization for COPL to act as the foreign representative in respect of the within proceeding for the purpose of having this CCAA proceeding recognized and approved in a jurisdiction outside of Canada, and authorizing COPL to apply for foreign

recognition and approval of this CCAA proceeding, as necessary, in the United States Bankruptcy Court for the District of Delaware pursuant to Chapter 15 of title 15 of the United States Bankruptcy Code (the "**Bankruptcy Code**"), 11 U.S.C. §§ 101-1532.

16. If the proposed Initial Order is granted, the Applicants intend to bring an application to be heard at the Comeback Hearing seeking the Amended and Restated Initial Order, which will include the following relief:

(a) extending the stay of proceedings until March 18, 2024, and granting other customary Comeback Hearing relief under the CCAA;

(b) approving and authorizing and empowering the Applicants and the Lender, *nunc pro tunc*, to enter into, the support agreement dated March 7, 2024 among the COPL Group and the Lender (the "**Restructuring Support Agreement**") pursuant to which, and subject to the terms and conditions set out therein, the Lender has agreed to support these CCAA proceedings and the Chapter 15 Cases (as defined below), including the requested SISP, the Stalking Horse Purchase Agreement, and the SISP Approval Order (both as defined below);

(c) increasing the maximum principal amount that the Applicants can borrow under the DIP Loan to $11 million;

(d) increasing the maximum amounts secured by the Administration Charge to CAD$2.5 million, the CRO Charge to $500,000, and the DIP Lenders' Charge to $11 million (plus accrued and unpaid interest, fees and expenses); and

(e) authorizing the decision by the Applicants to incur no further expenses for the duration of the Stay Period in relation to any filings (including financial statements), disclosures, core or non-core documents, and press releases that may be required by any federal, provincial or other laws respecting securities or capital markets in Canada, the United States or the United Kingdom or by the rules and regulations of a stock exchange, provided that any securities regulator or stock exchange shall not be prohibited from taking any action or exercising any discretion that it may have of a nature described in section 11.1(2) of the CCAA as a consequence of such failure by the Applicant.

17. In addition, at the Comeback Hearing, the Applicants also intend to seek an order (the "**SISP Approval Order**"), among other things:

(a) authorizing and directing the Applicants to negotiate and finalize a definitive stalking horse transaction agreement (such definitive agreement being the "**Stalking Horse Purchase Agreement**" with the Lender, or its designated nominee (the "**Stalking Horse Purchaser**") in respect of a transaction as described in and substantially in accordance with the terms of the Restructuring Term Sheet (as defined below)) negotiated among the COPL Group and the Lender;

(b) approving the Bid Protections (as defined below) set forth in the

(c) approving the Bid Protections (as defined below) set forth in the Restructuring Term Sheet and authorizing the COPL Group to pay the amounts in respect of the same to the Stalking Horse Purchaser (or as it may direct) in the circumstances and manner described in the Restructuring Term Sheet;

(d) approving a sale and investment solicitation process (the "**SISP**") in which the Stalking Horse Purchase Agreement will serve as the "**Stalking Horse Bid**", and authorizing the Applicants to implement the SISP pursuant to its terms;

(e) authorizing and directing the Applicants and the Monitor to perform their respective obligations and do all things necessary to perform their obligations under the SISP; and

(f) declaring that the Monitor and its affiliates, partners, directors, legal counsel, employees, agents, and controlling persons shall have no liability with respect to any losses, claims, damages or liabilities of any nature or kind to any person in connection with or as a result of the SISP, except to the extent such losses, claims, damages or liabilities result from the gross negligence or wilful misconduct of the Monitor in performing its obligations under the SISP, as determined by this Court.

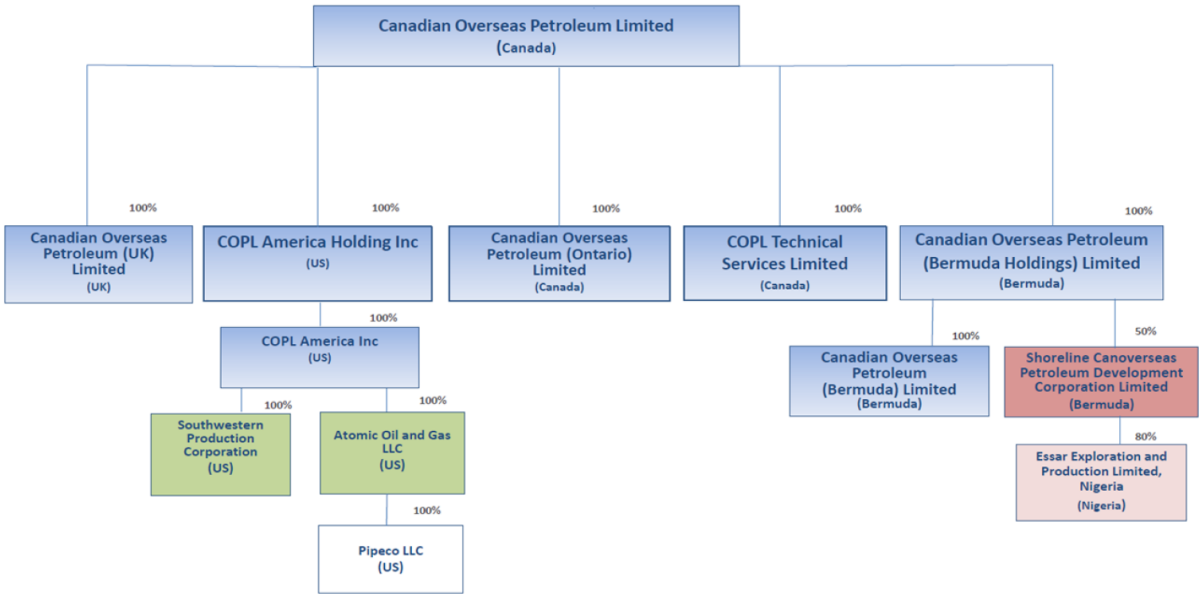
23. A corporate chart depicting the structure of the COPL Group is set out below:



C. The Business of the Applicants

(a) Overview

24. As described in greater detail below, all or substantially of the senior management, strategic corporate functions and operational decision-making for the COPL Group is performed by and through COPL's head office in Calgary and/or by Canadian employees of the COPL Group. This includes, among other things, financial accounting, M&A and corporate strategy, legal and tax services. In addition, Canadian employees of COPL Technical, also based out of Calgary, have historically performed substantially all of the geoscience and engineering-related services for the COPL Group. Predominantly all of the operational and strategic decisions were directed by Canadians employees.

25. Over the past few years, the COPL Group has been directed and controlled by COPL's board and its executive officers, the majority of whom were Canadian residents. COPL's Canadian-resident management, including former President and CEO, Arthur Millholland, directs

the COPL Group's non-Canadian subsidiaries. Mr. Millholland is a resident of Calgary. He is currently the President of COPL America and a director of ShoreCan. Mr. Millholland's technical expertise has been instrumental in understanding the long-term value of the Barron Flats Unit miscible flood. COPL's specialized management team has been responsible for making decisions relating to petroleum engineering strategy, hiring, and financing for the entire COPL Group.

26. The COPL Group's exploration and development efforts are primarily based in the United States.

(i) Wyoming Assets

27. The COPL Group's oil producing assets and reserves are located in the State of Wyoming where the COPL Group, through COPL America and its direct subsidiaries, is the operator, and majority working interest owner, of the Wyoming Assets.

28. As noted above, on March 16, 2021, COPL America acquired 100% of privately-held Atomic, SWP and Pipeco for consideration of $54 million consisting of assumed debt, cash and common shares of COPL. COPL's wholly owned subsidiaries, COPL America and COPL America Holding entered into the Senior Credit Facility to help finance the Atomic Acquisition.

29. On July 26, 2022, COPL America completed the acquisition of the assets of Cuda for a total cash consideration of $19.15 million, plus assumed liabilities at closing which were estimated to be approximately $1.6 million, consisting primarily of outstanding obligations owing by Cuda to SWP under a Joint Interest Billing arrangement.

30. Following completion of the Acquisitions, the COPL Group has a significant operating interest in 42,415.55 acres (gross) of contiguous leasehold in the Powder River Basin ("**PRB**") in

Converse and Natrona Counties Wyoming, US, including the following three oil exploration units (collectively, the "**Wyoming Assets**"): (i) an 85.52% working interest in the BFDU[1]; (ii) a 100% average working interest in the CCU[2]; and (iii) an 85.7% working interest in the BFSU[3]. The COPL Group also has an interest in other non-utilized lands complimentary to the Wyoming Assets. The leaseholds are a combination of (i) fee simple freehold leases; (ii) State of Wyoming leases, and (iii) Federal leases.

31. The BFSU and CCU are at the beginning of their 40+ year life. The produced crude oil is light (40.6°API) and sweet.

32. The following table summarizes the COPL Group's proved and probable oil and gas reserves in the Wyoming Assets as of December 31, 2022, as evaluated by Ryder Scott Company – Canada ("**RS**"). RS is an independent qualified reserves evaluator and auditor:[4]

---

1 The primary working interest holders in the BFDU are: Atomic (55.55%), COPL America (27.77%) and China National Offshore Oil Corporation ("**CNOOC**") (16.66%). In March 2023, the BFDU lapsed as a result of missed drilling obligations within the unit. At the time the BFDU dissolved, 2,693 net acres of undeveloped land were lost, which consisted of leases that were not producing at the time of dissolution and/or did not overlap with the BFSU. However, the COPL Group continues to hold an additional 4,750 net acres of term leases in the Barron Flats Deep area that will expire in the first quarter of 2024 unless additional development is conducted in this area perpetuating the leases.

2 The CCU is situated within the PRB, directly west of the BFSU. The primary working interest holders in the CCU are: Atomic (66.67%) and COPL America (33.33%). The operator of the CCU is SWP.

3 The BFSU is situated within the PRB approximately 25 miles northeast of Casper, Wyoming. The primary working interest holders in the BFSU are: Atomic (58.05%), COPL America (27.09%) and CNOOC (14.43%).

4 The table is based on a report prepared in consultation with RS. The "Proved" reserves are those reserves that can be estimated with a high degree of certainty to be recoverable. There is a 90% probability that the actual remaining quantities recovered will exceed the estimated proved reserves. "Probable" reserves are those additional reserves that are less certain to be recovered than proved reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated proved plus probable reserves.

33. Predominantly all of the COPL Group's revenues relate to oil production in respect of the Wyoming Assets, which is currently sold under a contract with SWP and one purchaser, the price of which is based on the monthly average of West Texas Intermediate (WTI) for light sweet crude oil as quoted on the New York Mercantile Exchange. For the three months ended September 30, 2023, the total gross lease oil sales from the Wyoming Assets averaged 1,193 barrels per day (**bbls/d**), with 1,104 bbls/d in the BFSU, 76 bbls/d in the CCU and 13 bbls/d in the BFD area.

(ii) Nigeria Operations

34. In October 2014, COPL formed ShoreCan, a joint venture company with Shoreline Energy International Limited ("**Shoreline**). COPL and Shoreline each hold a 50% interest in ShoreCan. ShoreCan is focused on acquiring upstream oil and gas exploration, development and producing assets in Africa. ShoreCan presently holds 80% of the shares of Essar Exploration and Production Limited, Nigeria ("**Essar Nigeria**" and, together with ShoreCan, the "**Non-Filing Affiliates**"), which is registered under the laws of Nigeria. Essar Nigeria's sole asset is a disputed claim to a 100% interest and operatorship of an oil prospecting license, located about 50 kilometres offshore

in the central area of the Niger Delta ("**OPL 226**"). Essar Exploration and Production Limited (Mauritius) ("**Essar Mauritius**") holds the remaining 20% of the equity of Essar Nigeria.

35. COPL Technical provides ShoreCan with engineering, geological, geophysical and legal and accounting services, which in turn, flow through to Essar Nigeria. Shoreline provides ShoreCan with in-country Nigerian legal and accounting services and manages government relations.

36. On March 27, 2020, Essar Mauritius filed a claim in the High Court of Justice of England and Wales against ShoreCan seeking various relief, including to terminate the Shareholders' Agreement and the Share Purchase Agreement dated August 17, 2015 and the resulting transfer of its shares in Essar Nigeria to ShoreCan. Essar Mauritius also claimed damages in respect to historic amounts invested in Essar Nigeria for the OPL 226 project.

37. On August 4, 2020, COPL announced that ShoreCan and Essar Mauritius had reached a tentative settlement and, in connection therewith, entered into certain definitive agreements with respect to Essar Nigeria, including a sale and purchase agreement, which among other things, set out their respective obligations under the shareholder agreement with respect to Essar Nigeria. ShoreCan and Essar Mauritius have since, on separate occasions, agreed to the extend the completion date of the definitive agreements, most recently to December 31, 2021.

38. Since December 2021, there have been no further developments with the joint venture partners. The COPL Group's efforts in Nigeria are currently on hold.

39. As noted below, the Applicants are seeking in the proposed Initial Order to have the stay of proceedings extended over the Non-Filing Affiliates to prevent any realization and enforcement efforts that could compromise the joint venture business or the OPL 226 project.

(b) Employees and Employee Benefits

40. As of the date of this affidavit, the COPL Group has 23 full-time employees (**FTE**), one (1) part-time employee (**PTE**), and two (2) independent contractors. Of these employees, 8 FTEs are located in Calgary, AB, 8 FTEs in the United Kingdom, and 8 FTEs and 1 PTE in the United States. Historically, Canadian employees performed executive functions, whereas the US full-time employees were more focused on operations.

41. The COPL Group does not have any unionized employees and does not have any defined benefit or defined contribution pension plans for any of its directors, officers or employees.

42. SWP sponsors Fidelity Investments' Savings Incentive Match Plan for Employees IRA Plan (the "**Plan**") for its eligible employees. To be eligible for the Plan, employees must earn at least $5,000 annually from SWP. Eligible employees may opt to defer part of their compensation (up to the limits set out in the Internal Revenue Code) into an Individual Retirement Account ("**IRA**").

43. SWP may choose to make contributions to the Plan based on one of two options. Under the first option, SWP contributes 2% of an employee's compensation to their IRA, regardless of the employee's contributions. Under the second option, SWP matches the employee's contributions dollar-for-dollar, up to 3% of the employee's compensation for the Plan year, or the applicable limit, whichever is lower. If SWP chooses the first option, employees will be informed prior to the Plan's 60-day election period. In the absence of a specific election, SWP defaults to the matching contribution option. Distributions from the IRA are subject to federal and potentially state income taxes in the year they are withdrawn.

(c) Leases and Real Property

44. As discussed above, the COPL Group's most significant real property holding is the 42,415.55 acres (gross) of contiguous leasehold in relation to the Wyoming Assets. The leaseholds with respect to the BFDU, CCU and BFSU consist of (i) fee simple freehold leases, (ii) State of Wyoming leases, and (iii) Federal Leases.

45. Relationships between the lessees are governed by unit operating agreements ("**UOAs**"), which provide the underlying contractual framework for the operation of units in the oil and natural gas industry. There are UOAs for each of the three Unit areas.[5] In two of the UOAs (BFDU and BFSU), there is one main partner, being the CNOOC Group. In the Cole Creek UOA, nearly all interests are held by Atomic, SWP or Pipeco (collectively, the "**Atomic Group**"). In all three UOAs, the participating parties have appointed SWP as the operator of the Unit and as such SWP is also a party to the UOA. The Atomic Group's respective acreage interests in each Unit area as of 31 December 2022 are as follows:

Atomic Group Wyoming leases	Cole Creek Unit (96.05% average working interest)	BFDU (85.52% average working interest) and BFSU (85.68% average working interest)	Acreage outside unitized lands (average working interest 85.82%)	Total Acreage
Gross acres	6,000.00	24,458.04	11,957.51	42,415.55
Net acres	5,763.08	20,955.77	10,470.43	37,189.28

[5] The UOAs with respect to the Wyoming Assets are consistent with the typical UOAs, which include the following headings: Duration of the Agreement, Parties to the Agreement, Parties Participating Interests, Scope of Work, Exclusive Operations, Designated Operator, the Unit Operating Committee, Cost Control and Contracting, Hydrocarbon Allocation, Hydrocarbon Lifting and Disposal, Transfer of Interests, Withdrawal from UOA, Liabilities, Decommissioning, Default, Dispute resolution, and Accounting procedure.

46. With respect to its Nigerian property interest, the Company, through its joint venture ShoreCan, owns shares in Essar Nigeria, which in turn is the disputed license holder of OPL 226. ShoreCan has entered into the Essar Nigeria Shareholders Agreement to set out the rights, duties and understandings of ShoreCan and its partners, and to govern the expectations with respect to how the project will be carried out.

47. COPL leases an office in Calgary, Alberta. COPL America leases office space in Lakewood, Colorado. Neither COPL nor COPL America own any real property.

(d) Distribution & Suppliers

48. All of the oil produced by the Wyoming Assets is sold by SWP under a purchase agreement with a Denver based trading group/aggregator named Texon L.P. ("**Texon**"). Texon collects and transports the crude oil directly from the field and pays SPC weekly.

49. In terms of suppliers, COPL America, through SWP, is party to a Natural Gas Liquids Purchase Agreement (as amended, "**Tallgrass Agreements**") with Tallgrass Midstream, LLC ("**Tallgrass"**) whereby SWP has agreed to purchase all production of mixed natural gas liquids, consisting primarily of propane and butane, from a Tallgrass facility. These natural gas liquids purchased from Tallgrass are used as injectant liquid in the COPL Group's miscible flooding program.

50. The Tallgrass Agreements provide, among other things, that in the event SWP purchases less than all production during any month of the term of the Tallgrass Agreements, SWP shall pay to Tallgrass an additional payment in an amount equal to (a) the number of gallons not taken during such month, multiplied by (b) the difference between (i) the price SWP would have paid to Tallgrass for such product and (ii) the price Tallgrass received from selling the gallons not taken

into the local pipeline. The term of the Tallgrass Agreements is for five years, which commenced in October 2021.

51. It is vital to the preservation of the business of the COPL Group that it can continue its relationship with Tallgrass without disruption and on existing trade terms while the Applicants pursue their restructuring efforts pursuant to these proceedings. The proposed Initial Order authorizes the Applicants to pay pre-filing amounts to critical suppliers subject to the terms of the DIP Term Sheet and the Definitive Documents and with the consent of the Monitor. It is intended that Tallgrass would be paid pre-filing amounts pursuant to such proposed term in the Initial Order.

(e) Shared Services

52. As noted above, the COPL Group relies on COPL for certain administrative and business support services that are integral to the COPL Group's operations. These services include executive, M&A and strategic corporate, investigation of new projects and future development, capital expenditure review and approval, legal, tax, financial accounting, treasury, statutory reporting, Lender reporting, internal controls and tax, among other things (together, the "**Management Services**").

53. In addition, the COPL Group relies on COPL Technical for technical oil and gas operation services that are integral to the COPL Group's operation. These services include geological and geophysical services, engineering services and corporate development and land management services (together, the "**Technical Services**" and with the Management Services, the "**Shared Services**").

54. COPL and COPL Technical provide these Shared Services from the COPL Group's head office in Calgary. The COPL Group cannot operate or function, and a restructuring within these

proceedings could not occur, without the provision of the Shared Services from COPL and COPL Technical.

55. As described below, historically, COPL America was permitted under the Senior Credit Facility to disburse $166,666 per month to COPL on account of general and administrative expenses and Shared Services. Such payments were made until August 2022 when, due to certain technical defaults occurring under the Senior Credit Facility, COPL America was restricted from making any further disbursements to COPL.

56. In October 2023, in connection with a $3.5 million equity financing, COPL America was permitted to start making payments of $85,000 per month to COPL in consideration for the Shared Services. Draft shared services agreements were prepared between COPL and COPL America (in respect of the Management Services) and COPL Technical and COPL America (in respect of the Technical Services). However, these agreements were never executed. A second payment of $85,000 was made by COPL America in November 2023 for the Shared Services. However, these payments ceased in December upon the receipt by the COPL of the Default Notice (defined below). Since December 2023, no payments have been made by COPL America in respect of the Shared Services.

61. COPL America, through SWP, collects, transfers and disburses funds generated through the COPL Group's operations as required by the Joint Operating Agreements of which it is a part, and pursuant to COPL America's obligations under the Senior Credit Facility. COPL has designated control to COPL America to administer the COPL America Bank Accounts as a condition of the Senior Credit Facility.

62. In connection with these CCAA proceedings, the Applicants are seeking the authority to continue the cash management system described above (the "**Cash Management System**") to maintain the funding and banking arrangements already in place for the COPL Group. The Cash Management System includes the necessary accounting controls to enable the COPL to trace funds and ensure that all transactions are adequately documented and readily ascertainable. Any

disruption to the Cash Management System would be extremely detrimental to the COPL Group's operations.

(a) Senior Credit Facility

76. As discussed above, COPL America is a borrower under a senior secured loan agreement originally dated March 16, 2021 (the "**Senior Credit Agreement**") and as amended through Amendment No. 11 dated as of October 13, 2023 (as may be amended, restated, supplemented, or otherwise modified from time to time, the "**Senior Credit Facility**") entered into with the lender parties thereto (collectively, the "**Lender**") and ABC Funding, LLC as administrative and collateral agent (in such capacity, the "**Agent**"). A copy of the Senior Credit Agreement, with amendments, is attached hereto as **Exhibit** "**C**".

77. The Senior Credit Facility is repayable within a four-year term and provides for a base facility of $45 million, which was drawn by COPL America to fund, in part, the Atomic

Acquisition, and up to $20 million to fund future development, the approval of which is at the sole discretion of the Lender. The Senior Credit Facility is guaranteed by COPL America, COPL America Holding, SWP and Pipeco; however, it is not guaranteed by COPL or any of its subsidiaries outside of the US.

78. The Senior Credit Facility is subject to an interest rate of Secured Overnight Financing Rate ("**SOFR**") plus 0.11448% plus 10.5% per annum.

79. Under a separate warrant purchase agreement dated March 16, 2021, the Lender was granted warrants representing 5% of the fully diluted common shares of COPL America for an exercise price of $0.01 per share.

80. Pursuant to a third amending agreement to the Senior Credit Facility as of March 31, 2022 and a sixth amending agreement to the Senior Credit Facility as of March 24, 2023, the Lender was granted an additional 1% and 2.5% respectively of the fully diluted common shares of COPL America for an exercise price of $0.01 per share for a combined total warrant coverage of 8.5% of such fully diluted shares (collectively, the "**Lender Warrants**").

81. The Lender Warrants may be exercised, subject to the occurrence of certain trigger events, in whole or in part at any time and from time to time from and after March 16, 2021 until the later of: (a) the 60th day following the date on which the Senior Credit Facility is paid in full and (b) March 16, 2025.

82. Upon the occurrence of certain trigger events, the Lender would be entitled to redeem such Lender Warrants for an amount equal to the greater of 8.5% of COPL's market capitalization on a fully diluted basis or 8.5% of the net asset value of COPL America at such time, subject to certain adjustments. Trigger events include, among others: (i) the Maturity Date set out in the Senior

Credit Agreement or any date on which the Loans are repaid in full; (ii) acceleration under the Senior Credit Facility; (iii) a refinancing, repayment or other transaction or series of transactions which results in the aggregate principal amount of outstanding Obligations (as defined therein) decreasing to an amount equal to 50% or less of Obligations outstanding as of immediately after the issuance of the Warrants and consummation of the transactions contemplated by the Senior Credit Facility; (iv) a Liquidity Event; (v) the occurrence of a Change of Control; (vi) a Change of Control of a Material Subsidiary (as those terms are defined in the Senior Credit Facility).

83. On October 4, 2023, the Company signed a tenth amendment to the Senior Credit Facility that provides for the Company to be able to elect a payment-in-kind of interest by increasing the outstanding principal amount of the Senior Credit Facility, rather than paying such portion of the interest in cash ("**PIK Interest**"). In addition, the amendment provides that such PIK Interest capitalization applies for the interest payment dates ending October 31, 2023, November 30, 2023, December 31, 2023 and January 31, 2024.

(b) Swap Intercreditor Agreement

84. On March 15, 2021, as a condition of the Senior Credit Facility, and a means of mitigating exposure to commodity price risk volatility, COPL America entered into a master risk management agreement (as amended, restated, supplemented or otherwise modified from time to time, the "**BP Swap Counterparty Master Agreement**") with BP Energy Company ("**BP**").

85. In connection therewith, COPL America, BP and the Lender entered into an intercreditor agreement originally dated March 16, 2021 and as amended through the second amendment dated as of October 13, 2023 (as amended, restated, supplemented or otherwise modified from time to time, the "**Swap Intercreditor Agreement**"). The Lender was administrative agent and collateral

agent under the Swap Intercreditor Agreement. A copy of the Swap Intercreditor Agreement, with amendments, is attached hereto as **Exhibit** "**D**".

86. The Swap Intercreditor Agreement, among other things, provides that the obligations under the BP Swap Counterparty Master Agreement and the loan obligations under the Senior Credit Facility were to be secured on a first priority, *pari passu* basis by the Liens on the Collateral granted to the Lender under the Collateral Documents (in each case as such terms are defined in the Senior Credit Facility).

(c) Swap Loan

87. On October 4, 2023, COPL America and BP terminated all the COPL Group's crude oil and butane hedging contracts and the outstanding obligations under the BP Swap Counterparty Master Agreement, resulting in obligations due and owing to BP in an aggregate amount of $11,873,702.13 as of such date (collectively, the "**BP Specified Swap Obligations**") and memorialized in a letter agreement dated October 12, 2023 between and among COPL America, BP and the lender under the Senior Credit Facility (the "**BP Swap Termination Documentation**").

88. Pursuant to the BP Swap Termination Documentation, the BP Swap Obligations were replaced with a loan in the principal amount of $11,873,702.13 (the "**Swap Loan**"). The BP Swap Termination Documentation provided that the Swap Loan remained an obligation under the BP Swap Counterparty Master Agreement. A copy of the BP Swap Termination Document is attached hereto as **Exhibit** "**E**".

89. The Swap Loan bears interest at the same rate and calculation methodology as the Senior Credit Facility and has the same maturity date of March 16, 2025. The BP Swap Termination

Documentation provided for an initial principal repayment of $500,000, which was made in October 2023.

90. Further repayments of the Swap Loan or the Senior Credit Facility were to be made to both counterparties, in a ratio based on total obligations due to those parties, pursuant to the Swap Intercreditor Agreement.

91. The BP Swap Termination Documentation provides that the Swap Loan remains a "Swap Obligation" under the Swap Intercreditor Agreement and shall be treated as *pari passu* with the Loan Obligations (as defined in the Swap Intercreditor Agreement).

92. Copies of PPSA search results dated as of March 4, 2024 in the province of Alberta and UCC search results in the states of incorporation and operation dated as of February 28, 2024 are attached hereto as **Exhibit** "**F**".

93. Terminating the hedges and entering into the Swap Loan protected the Company's liquidity from monthly cash settlements of the swaps that could have resulted in further defaults under the Senior Credit Facility.

(d) Subordinated Credit Facility Agreement

94. COPL America is also a borrower pursuant to a subordinated credit facility agreement originally effective March 16, 2021 and as amended through the third amended and restated subordinated credit facility agreement effective March 21, 2023 (as may be amended, restated, supplemented or otherwise modified from time to time, the "**Subordinated Intercompany Credit Facility Agreement**") between COPL and COPL America. A copy of the Subordinated Intercompany Credit Facility Agreement, with amendments, is attached hereto as **Exhibit** "**G**".

95. Under the Subordinated Intercompany Credit Facility Agreement, COPL agreed to provide a credit facility (the "**Interco Credit Facility**") under which COPL America may borrow amounts up to the sum of $53 million. The full amount of the principal, accrued but unpaid interest, and any service charges under that certain shared services agreement with COPL UK are payable on the later of (i) March 16, 2026 and (ii) one year following the date that all Obligations (as defined in the Senior Credit Facility) under the Senior Credit Facility have been fully satisfied and paid in full in cash.

96. Until the Obligations (as defined therein) under the Senior Credit Facility have been fully satisfied: (i) the indebtedness under Interco Credit Facility is wholly subordinate and junior in payment to such Obligations; and (ii) COPL America is not permitted to make, and COPL is not permitted to accept or retain, any payments under the Subordinated Interco Credit Agreement.

97. The Interco Credit Facility is unsecured and unguaranteed and shall remain unsecured and unguaranteed.

(e) Convertible Bonds

(i) Bond Issuances

98. On July 26, 2022, COPL issued two series of unsecured convertible bonds with an aggregate principal face value amount of $25.2 million, the proceeds of which were used in part to fund the cash component on the Cuda Acquisition, as follows:

(a) $12.6 million principal amount of senior convertible bonds due July 26, 2024 (the "**2024 Bonds**"); and

(b) $12.6 million principal amount of Bonds due July 26, 2025 (the "**2025 Bonds**" and together with the 2024 Bonds, including all subsequently issued bonds consolidated therewith to form a single series, collectively, the "**Bonds**").

99. The bond instrument governing the 2024 Bonds was subsequently supplemented on March 24, 2023, October 10, 2023 and January 14, 2024 and the bond instrument governing the 2025 Bonds was subsequently supplemented on December 30, 2022, March 24, 2023, October 10, 2023 and January 15, 2024, in each case to reflect, among other things, an increase to the outstanding principal amount of the Bonds, a reduction in the conversion price per share, and to extend the maturity date of the Bonds.

100. The 2024 Bonds now have a maturity date of January 26, 2028 (hereinafter, the "**2028 Bonds**") and the 2025 Bonds now have a maturity date of January 26, 2029 (hereinafter, the "**2029 Bonds**"). Copies of the bond instrument in respect of the 2028 Bond and the bond instrument in respect of the 2029 Bond are attached hereto as **Exhibit** "**H**" and **Exhibit** "**I**", respectively.

101. For the purpose of interest calculations, the Bonds have a deemed issue date of July 26, 2022, whether or not they were actually issued on such date.

102. The Bonds are held in majority by one large institutional shareholder, being a UK-based fund (the "**Lead Bondholder**"), with the remainder held by other investors (all investors collectively, the "**Bondholders**").

103. As part of the issuance of certain of the Bonds, COPL has committed to certain undertakings and restrictions with the Lead Bondholder, including (among other things):

(a) the COPL Group shall not offer, issue or enter into any shares, convertible bonds or other convertible indebtedness without the prior written consent of the Lead Bondholder;

(b) COPL will not do any act or thing which would result in an adjustment of the Conversion Price, other than the issuance of shares in connection with the Lead Bondholder's purchase; and

(c) COPL shall not appoint or incur any costs and expenses relating to, any brokers or other financial or professional advisors in connection with any future equity or equity-linked financing, except with the prior written consent of the Lead Bondholder.

(ii) Commercial Terms of Bonds

104. The Bonds have the same commercial terms, other than in relation to their maturity dates. The Bonds are currently unsecured. However, the Bonds provide for the creation of a security interest in favour of the Bondholders in the following circumstances:

(a) the Bonds contain a negative pledge that while the Bonds are outstanding, COPL shall not grant any security, subject to certain exemptions, for financial indebtedness or financial indebtedness guarantees without, at the same time or before granting a *pari passu* equivalent security package to the relevant Bondholders; and

(b) the Bonds include a covenant that, upon security interests being granted in relation to a possible reserve-based loan ("**RBL**") facility that refinances the Senior Credit Facility, COPL and its subsidiaries must grant the Bondholders a customary second

ranking "security and guarantee package" covering the same security collateral as provided in relation to the RBL.

105. The Bonds have a 13.0% interest rate per annum, which increases by 0.75% per annum quarterly from the issue date (each such anniversary an "**Interest Payment Date**") until maturity or, until COPL gives notice to the relevant Bondholders that it shall pay all interest in cash for the relevant series of Bonds (each a "**Cash Payment Notice**"). COPL cannot issue a Cash Payment Notice until the Senior Credit Facility has been repaid and discharged. If it does so prior to the maturity of the Bonds, the interest rate applicable to the relevant series of Bonds will decrease by 2.0% per annum from the Cash Payment Notice date and no further quarterly increases will apply to the respective Bonds from that date.

106. Unless COPL provides a Cash Payment Notice to the relevant Bondholders, interest is accrued and its payment deferred until the earlier of:

(a) conversion of the relevant Bonds;

(b) maturity of the relevant Bonds; or

(c) certain contingent "early exit" type scenarios for the Bondholders.

However, if COPL provides a Cash Payment Notice, interest will be payable as follows:

(d) all accrued unpaid deferred interest must be paid by COPL on the first Interest Payment Date after the Cash Payment Notice;

(e) all interest relating to the interest period in which the Cash Payment Notice is given must be paid on the first Interest Payment Date after the Cash Payment Notice; and

(f) all interest relating to an interest period falling after when the Cash Payment Notice is given must be paid on the Interest Payment Date at the end of such interest period.

107. Bondholders have the right to convert their Bonds at anytime (the "**Conversion Option**") at a fixed conversion price per Common Share, which is subject to anti-dilution protections and price re-adjustments.

108. The conversion of the Bonds also results in a payment due to the Bondholders (the "**Conversion Payment**") that is calculated based on, among other things, the principal face value of the bond, the amount of interest payable from the conversion date to maturity and all accrued but unpaid interest to the conversion date. The Conversion Payment can, at the Bondholder's option, be settled in shares (the "**Share Settlement Option**").

109. At the relevant maturity date, any relevant Bonds outstanding, except for the Bonds in which the Conversion Option has been exercised, will be redeemed by COPL by a cash payment on the maturity date.

110. Subject to the right of each Bondholder to exercise its conversion rights, on notice to the Bondholders, COPL may at its option redeem all, but not some of the Bonds by cash payment, if certain conditions relating to the parity value of the relevant Bonds are met.

111. Subject to a fundamental change event or an event of default, in each case as defined in the relevant Bonds the Bondholder will have the right to require COPL to redeem in cash any of its Bonds (the "**Bondholders' Redemption Option**").

(iii) Bondholder Warrants

112. As additional compensation to the respective Bondholders at the respective dates of issue of the Bonds, COPL has issued a total of 137,810,188 Common Share purchase warrants to such Bondholders (collectively, the "**Bondholder Warrants**").

(iv) Current Outstanding Bonds and Conversion Payment Settlements

113. As at the date of this affidavit, the following Bonds are outstanding:

(a) 53 unconverted 2028 Bonds with an aggregate principal face value of $10.6 million outstanding; and

(b) 54 unconverted 2029 Bonds with an aggregate principal face value of $10.8 million outstanding.

114. Based on my review of the books and records of the Company, COPL would be contractually required to pay at maturities a maximum of $10.6 million in respect of the 2028 Bonds and $10.8 million in respect of the 2029 Bonds, assuming that the Bonds are not repaid in cash earlier than at maturity, that all outstanding Bonds are not converted before maturity, and that none of the Bondholders that already converted elects to receive its Conversion Payment in shares earlier than at maturity

115. As of February 2, 2024, COPL has issued 308,156,665 Common Shares to Bondholders who have converted their Bonds and 1,632,492,052 shares as a result of Bondholders' exercise of the Share Settlement Option.

F. Events leadings up to CCAA Filing

116. Following the Acquisitions, the COPL Group set upon a strategy to optimize and increase oil production in the Wyoming Assets and embark on future development. Since that time, however, COPL Group's financial and operational performance has struggled. The COPL Group has failed to deliver free cash flow in any single quarter over the past 18 months and COPL America has laboured to service its debt. This has led to repeated requests by COPL America for waivers and amendments from the Lender (as defined below) and repeated requests by COPL for additional funding from its Lead Bondholder. In addition, a series of operational challenges and weather-related interruptions, combined with a challenging inflationary and high interest rate environment, the accumulation of hedging losses which, until recently, needed to be cash settled monthly, and the termination of a promising joint venture partnership, has led to significant financial challenges and liquidity constraints.

(a) Production Challenges, Market Conditions and Weather-related Interruptions

117. Over the past two years, average daily oil production at the Wyoming Assets was significantly curtailed due to a series of operational interruptions related to the COPL Group's miscible flood program in the BFSU. Miscible flooding refers to a process used in the oil and gas industry whereby high-pressure solvent is injected into an oil reservoir, raising the reservoir pressure and mobilizing the oil in place, in order to increase oil recovery from the reservoir. The COPL Group introduced miscible flooding in the BFSU in 2021 to optimize the production rates in the field and take advantage of the oil production response to enriched gas injection. However, despite an initial positive reservoir response to the miscible flood program, over time, it was determined that the field's undersized low pressure gas gathering system ("**GGS**"), which was

constructed with high density polyethylene plastic material, was not capable of accommodating the high pressure and volume of gas arriving at the producing wellheads and delivering it back to the gas plant for recycle. This led to unsafe operations and working conditions.

118. In order to mitigate the unsafe conditions, the COPL Group was forced to take a series of temporary measures which caused oil production to be significantly curtailed, including by shutting down certain wells for a period of time, reducing and redistributing the gas injection volumes to bring down the working pressures, and modifying well configurations by removing the low-pressure pumping equipment and replacing it with a high-pressure flowing configuration. At the same time, COPL sought and received approval in October 2022 from the Wyoming Oil & Gas Conservation Commission ("**WOGCC**") to temporarily flare excess gas at the Wyoming Assets to ease the high pressures and gas volumes at certain producing wells until a field wide solution could be engineered and implemented.

119. Production interruptions were further exacerbated in late 2022 and early 2023 by severe winter weather conditions and record-breaking precipitation in the spring and summer. Frequent storms, temperature extremes and high snowfall caused field wide shut-ins due to road closures and blockages within the fields restricting access for crude oil offtake. The difficult winter conditions caused high impact producing wells to go offline for periods of time and substantially increased operating costs.

120. The COPL Group completed a series of capital-intensive upgrades to its GGS through 2022 and 2023, with accompanying changes to well site facilities to handle increased pressures, to resolve the production bottlenecks. By July 2023, the first phase of the GGS upgrade had been completed, which addressed much of the low-pressure gas gathering line restrictions in the centre

of the field. With the system commissioned, the COPL Group was able to conclude its permitted gas flaring program in late 2023 and slowly started to see an increase in the overall production from the BFSU. However, during this same period, the costs of enriching liquid purchases required for the higher injection rates increased significantly, to the point where the economic feasibility of the miscible flood program was being compromised.

121. The efforts to mitigate the GGS restrictions and address the production bottleneck led to significant increased operating costs over the past two years, and considerable production downtime from high rate producing wells. For the nine-months ended September 30, 2023, petroleum sales, net of royalties, were $16.5 million as compared to $21.3 million in the same period in 2022.

(b) High Inflation and Interest Rate Environment

122. In addition to production interruptions, since Russia's invasion of Ukraine in early 2022 and the recent conflict in the Middle East, there have been emerging global concerns over oil and natural gas supply, which has resulted in more volatile benchmark commodity prices, including the price of crude oil. These conflicts have contributed to increased inflationary pressures on governments and businesses, and a corresponding interest rate hikes by central banks. This has led to significantly increased borrowing costs for COPL America under the Senior Credit Facility, which (as above) has a variable interest rate based on SOFR.

(c) Hedging Losses

123. As noted above, as a condition of entering the Senior Credit Facility, COPL America was required to enter into certain hedging arrangements with BP. Until October 2023, COPL America

had in place certain hedges with respect to the sale of its crude oil production and the purchase of natural gas liquids (NGLs).

124. Through the course of 2023, COPL America experienced losses on its hedging contracts, which were required to be cash settled on a monthly basis.

125. More specifically, the COPL Group recognized an unrealized loss of $3.9 million and $2.1 million on crude oil contracts for the three and nine months ended September 30, 2023 and an unrealized gain of $0.6 million and unrealized loss of $1.6 million on butane contracts for the three and nine months ended September 30, 2023, respectively. As at September 30, 2023, the fair value of the hedging contracts had been recognized as a current commodity derivative liability of $8.8 million and a non-current commodity derivative liability of $1.8 million.

126. On October 4 and 13, 2023, all the COPL Group's crude oil and butane hedging contracts were terminated and the outstanding obligations in respect of these contracts as at the date of signing were replaced with the Swap Loan with an initial principal amount of $11.9 million.

(d) Cessation of G&A Expense Payments

127. Under the initial terms of the Senior Credit Agreement, COPL America was expressly permitted to disburse $166,666.66 per month for *bona fide* administrative expenses and G&A expenses of COPL for the first 24-months following the effective date of the Senior Credit Facility (the "**G&A Expense Payments**"). The G&A Expense Payments were conditional upon, among other things, (i) the disbursements being made solely from a segregated G&A account, which had been prefunded through equity contributions in the amount of $3,834,000; and (ii) no "Default" or "Event of Default" having occurred under the Senior Credit Facility.

128. On or about November 29, 2021, COPL and COPL America entered into the second amendment to the Subordinated Intercompany Credit Facility (the "**Second Amendment**") confirming, among other things, that COPL America was permitted to pay to COPL, and COPL could accept and retain, the G&A Expense Payments. The Second Amendment also provided that COPL America shall not be permitted to make any payments to COPL if, at the time of such payment, a "Default" or "Event of Default" existed under the Senior Credit Facility.

129. In or about August 2022, the Lender advised COPL America that it had committed certain technical defaults under the Senior Credit Facility and, as a result, COPL America was prohibited from disbursing any further amounts on account of the G&A Expense Payments or Shared Services. Since that time, the COPL Group's general and administrative expenses have been funded solely through equity financing and bond offerings which, as further discussed below, are no longer available in the absence of the relief being sought in the Proposed Initial Order by way of the DIP Loan.

(e) Termination of Joint Venture Opportunity

130. On July 24, 2023, the COPL Group announced that COPL America had executed a non-binding letter of intent with an established energy company (the "**JV Counterparty**") to develop and exploit its oil reserves and resources at the CCU area. The letter of intent granted exclusivity to the JV Counterparty for a period of time to allow for the negotiation of terms, and the structure of the joint venture to be agreed upon. At the time it was announced, the Company was optimistic

that the potential joint venture would lead to future development, and ultimately increased production and sales in the CCU.

131. However, on December 18, 2023, COPL announced that the JV counterparty had elected to terminate the letter of intent and that no further discussions were planned. This was a significant setback for the COPL Group, as reflected in the materially negative reaction of the trading price of COPL's common equity after the announcement. As a general matter, it will be difficult for the COPL Group to unlock value and develop the oil reserves in the CCU without a joint venture partner.

(f) Cost Reduction and Restructuring Initiatives

132. In light of the Company's liquidity constraints, operational interruptions and increasing borrowing costs, the COPL Group undertook a number of cost reduction initiatives to preserve capital while it attempted to increase oil recovery from the Wyoming Assets and restructure its business. Among other things, over the past twelve months, the COPL Group has implemented the following cost reduction initiatives:

(a) For about six months in 2023, the COPL Group "spiked" a slightly leaner 80% / 20% mixture of gas and liquids in the injectors, and then cut off for dry gas injection for the rest of the year. The purpose behind this cycling of mixtures was to reduce the purchased products costs of the liquid injectant;

(b) the COPL Group commenced the winding-up of its African subsidiary structures;

(c) the COPL Group reduced its annual G&A costs by over $2 million;

(d) the COPL Group restructured its debts by covering its hedging losses with the Swap Loan (described above), and by facilitating amendments to the Bonds and the Senior Credit Facility;

(e) During October and November of 2023, the COPL Group had increased its purchase of injectant to over $500,000 per month (more than double September's expenditure), but any corresponding increases in production and revenue were minimal, far below expectations and accordingly, did not merit continuing because they were outweighed by increased oilfield costs; and

(f) on December 29, 2023, in order to preserve liquidity, the COPL Group announced that it had stopped acquiring any propane or butane for injection in connection with the miscible flood program.

(g) COPL Defaults under the Senior Credit Facility

133. Notwithstanding these cost reduction initiatives, the financial performance of the COPL Group has continued to struggle. Province, in its capacity as financial advisor to the COPL Group, and to better understand historical performance and cost structure, prepared a variance report in February 2024 comparing the budgeted and actual financials of COPL in fiscal year 2023. Among other things, the variance report indicates that throughout 2023, actual revenue and operating income were consistently below budgeted amounts. A copy of this variance report is attached hereto as **Exhibit "J"**.

134. On or about December 20, 2023, COPL America received a Notice of Default (the "**Default Notice**") from the Lender due to COPL America's failure to comply with certain financial covenants pursuant to section 6.7 of the Senior Credit Facility.

135. At various times prior to the delivery of the Default Notice, the COPL Group had been in breach of the financial covenants and other requirements under the Senior Credit Facility. However, in each instance, COPL America had been successfully able to obtain waivers from the Lender for these breaches, as reflected in the series of amendments to the Senior Credit Facility. As a result of the waivers, the COPL Group had not previously defaulted under the Senior Credit Facility.

136. In the Default Notice, the Lender advised COPL America that it was unwilling to further amend or waive the terms of its Senior Credit Facility. Without an amendment or waiver, COPL America would be in default of the Senior Credit Facility on or before January 1, 2024. A copy of the COPL press release dated December 20, 2023 announcing the Default Notice is attached hereto as **Exhibit "K"**.

(h) Forbearance Agreement and Emergency Financing

137. On December 29, 2023, COPL America announced that it had entered into a Forbearance Agreement with the Lender (the "**December Forbearance Agreement**"), pursuant to which the Lender agreed not to enforce its rights and remedies under the Senior Credit Facility until the expiry of the agreement on February 29, 2024 subject to the satisfaction of certain conditions precedent. A copy of the December Forbearance Agreement is attached hereto as **Exhibit "L"**. At the same time, the COPL Group announced that the Company had received a proposal for $2.5 million in emergency equity financing from its principal Bondholder. The emergency funding was

designed to give the COPL Group an opportunity to remain listed while the COPL Group obtained an independent technical review of the assets, and approach investment banks with a view to obtaining indications as to the value of COPL's assets, in an effort to seek further funding. As a condition of the emergency financing, I was appointed as CRO with certain limitations in my authority as evidenced in an amendment to the engagement letter (see Exhibit "S" below).

138. On January 16, 2024, the Company closed the $2.5 million equity placement. A copy of the news release announcing the equity placement is attached hereto as **Exhibit "M"**.

139. On February 28, 2024, COPL America and the Lender entered into an amending agreement to the Forbearance Agreement, whereby the Lender agreed to further forbear until March 9, 2024 at 12:01 AM EST. A copy of the amending agreement to the Forbearance Agreement is attached hereto as **Exhibit "N"**.

(i) Special Meeting Requisition

140. On February 28, 2024, COPL received an email from a lawyer who claimed he was representing 10 members of a group referring to itself as the "COPL Shareholder Action Group" (the "**SAG**"), purporting to requisition a special meeting of the shareholders of COPL (the "**Requisition Notice**"). The members of the SAG alleged that they held the combined beneficial holding of 6.60% of COPL's issued share capital. A copy of the Requisition Notice is attached hereto as **Exhibit "O"**. I am advised by Ms. Kelsey Armstrong, a partner at Osler, Hoskin & Harcourt LLP ("**Osler**"), counsel for the Applicants and believe that the Requisition Notice is deficient for the purposes of requisitioning a special meeting of shareholders under section 143 of

the *Canada Business Corporations Act*. The lawyer representing SAG was notified of the deficiencies.

(j) Results of Third-Party Technical Review

141. On February 19, 2024, the results of the third-party technical review were received. At a high level, the review demonstrated the immediate need for short and long-term expenditures and the material risks related to the field at the Wyoming Assets. For proprietary and competitive reasons, the final report is not attached to this affidavit.

142. The COPL Group expects that its cash reserves will be fully depleted in the early-middle of March 2024 and that it will require additional funding to be able to continue operations beyond such date.

G. Urgent Need for Relief

143. Following the persistent production bottlenecks and simultaneous debt burden the Company has faced over the past several years, COPL faces significant liquidity challenges which threaten its ability to continue as a going concern. Despite obtaining emergency equity financing in early January 2024, the Company will have no cash by the early-middle of March 2024. The Applicants are therefore insolvent as they cannot meet their liabilities and obligations as they come due. In these circumstances, the Applicants require urgent relief under the CCAA to ensure that they can continue as a going concern, service their customer base, maintain employment for their employees, and preserve enterprise value while they pursue the SISP.

(a) Discussions with Stakeholders regarding DIP Financing

144. Given the COPL Group's limited remaining cash on hand, in recent weeks, the Company began exploring DIP financing options with its key stakeholders and other third parties that either regularly provide such financings or may have a strategic interest in the Wyoming Assets in anticipation of an insolvency proceeding. At the same time, COPL America also engaged in discussions with the Lender regarding the terms on which it would support a restructuring of the COPL Group and provide DIP financing. The Lender has worked in good faith with the COPL Group over the past several years to address the COPL's Group challenging financial situation and better position it for long term success. Such efforts have included the various amendments to the Senior Credit Facility discussed above and the Forbearance Agreement.

145. On February 20, 2024, I participated in a video conference with representatives from both the Lender and BP, as well as other members of the Province team. During this meeting, the COPL Group's dire liquidity situation and the pending expiration of the December Forbearance Agreement was discussed. I reviewed the proposed DIP loan budget and formally requested that BP participate in a proposed DIP loan at approximately its percentage of the senior secured *pari passu* debt. I also requested that BP participate in future funding of the business if its debt was made into equity as part of a reorganized capital structure in a potential post-CCAA emergence. I advised that the seniority of its debt would likely be impaired if it did not participate in the proposed DIP. BP's representative stated his appreciation for my directness and asked for a copy of Province's AP priority schedule, DIP budget and term sheet (which was subsequently provided by email). BP also informed the COPL Group that it understood bankruptcy priorities but was unlikely to fund the DIP or future operations as that was not part of its funds' mandate.

(b) Restructuring Term Sheet

146. These efforts were fruitful. On March 7, 2024, the COPL Group and the Lender executed the Restructuring Support Agreement, a copy of which is attached hereto as **Exhibit** "**P**".The Restructuring Support Agreement appends a term sheet (the "**Restructuring Term Sheet**") that sets the key terms to be included in a Stalking Horse Purchase Agreement, which will support the proposed SISP and may ultimately serve as the basis for the restructuring of COPL.

147. The proposed restructuring of the COPL Group provided for in the Restructuring Term Sheet is compromised of the following significant aspects:

(a) the COPL Group will seek Court approval of the SISP within 10 days of commencing these CCAA proceedings;

(b) the applicable Applicants will enter into the Stalking Horse Purchase Agreement with the Lender (or their assignee(s)), in such capacity the "**Bidder**". Among other things, the Stalking Horse Purchase Agreement will provide for:

(i) a credit bid of the DIP Loan for all or substantially all of the assets (excluding the "Excluded Assets" (as defined therein)) and/or equity, as applicable and as determined by the Bidder, of the COPL Group, excluding COPL;

(ii) the assumption of the obligations under the Credit Agreement, to the extent not credit bid;

(iii) the requirement that a SISP be completed in accordance with the terms set forth therein and in the Stalking Horse Purchase Agreement;

(iv) the requirement that the Applicants reimburse the Bidder for its reasonable costs and expenses incurred in connection with the Stalking Horse Purchase Agreement; and

(v) a break fee in the amount of $350,000; and

(c) the CCAA proceedings, the SISP and the SISP Approval Order will be recognized in the Chapter 15 Case.

H. Relief Sought

148. The Applicants will be seeking various forms of relief upon commencing these CCAA proceedings, including the following.

(a) Stay of Proceedings

149. The Applicants are insolvent and urgently require a broad stay of proceedings and other protections provided by the CCAA in order to preserve the status quo and secure breathing space to prevent the exercise of remedies by contractual counterparties and others. Additionally, the stay of proceedings will provide the Applicants the necessary time to finalize and complete a Transaction for a sale of some or all of the equity or assets of the COPL Group (following the conduct of the SISP).

(b) Extension of Stay of Proceedings to the Non-Filing Affiliates

150. The Applicants are seeking to extend the stay of proceedings to the two Non-Filing Affiliates: ShoreCan and Essar Nigeria. As noted above, ShoreCan is a joint venture company in which the Applicant COPL Bermuda Holdings has a 50% ownership interest with Shoreline

(which is not an Applicant in these CCAA proceedings). ShoreCan itself has an 80% equity interest in Essar Nigeria, whose sole asset is a 100% interest and operatorship of OPL 226. Extending the stay of proceedings to the Non-Filing Affiliates is necessary to prevent any default or cross-defaults from being declared in agreements of the Non-Filing Affiliates that may arise as a result of the insolvency of the Applicants, and to prevent any realization and enforcement attempts from being made in Nigeria or elsewhere. Such enforcement action could lead to the immediate loss of value of the COPL Group (including actions against the Non-Filing Affiliates that will directly impact the Applicants and/or distract their management) and their stakeholders.

(c) Appointment of Monitor

151. It is proposed that KSV Restructuring Inc. ("**KSV**") will act as monitor (in such capacity, the "**Monitor**") in respect of the Applicants in these CCAA proceedings if the proposed Initial Order is issued. I am advised by Mr. Noah Goldstein of KSV that KSV is a "trustee" within the meaning of section 2 of the *Bankruptcy and Insolvency Act*, and is not subject to any of the restrictions on who may be appointed as monitor set out in section 11.7(2) of the CCAA. I understand that KSV has extensive experience acting as monitor or financial advisor to debtor companies under the CCAA.

152. The Proposed Monitor has consented to act as the Monitor of COPL under the CCAA. A copy of the Proposed Monitor's consent to act as Monitor is attached hereto as **Exhibit "Q"**.

153. I understand that the Proposed Monitor will file a pre-filing report with the Court as Proposed Monitor in conjunction with the Applicants' request for relief under the CCAA.

(d) Appointment of Chief Restructuring Officer

154. As described above, the COPL Group has engaged Province, using my services, to act as the CRO. A copy of the executed engagement letter with amendments (the **"CRO Engagement Letter"**) is attached hereto as **Exhibit "R"**.

155. In the course of my duties as CRO, I have become and am familiar with the COPL Group's businesses, day-to-day operations, and financial affairs. I understand the COPL Group's financial situation and am well-positioned to lead the enterprise through the restructuring process and into the SISP.

156. I have significant restructuring advisory experience. I have acted on engagements for notable brands like NextPoint Financial (Liberty Tax), Circuit City, RESCAP, Fleetwood, Radio Shack, Aegean Marine Petroleum Network, Samson Resources, PetSmart, Core Media, Sable Permian, BoardRiders, Philadelphia Energy Solutions, Intelsat, Claire's and Washington Prime Group, among others. Notably, in NextPoint, I served as the CRO in a CCAA proceeding with a Delaware recognition.

157. The proposed Initial Order provides for the approval of the CRO Engagement Letter, as well as a court-ordered charge on the Property in respect of the Applicants (the "**CRO Charge**"). The CRO Charge is proposed to rank *pari passu* with the Administration Charge and in priority to all other charges. The Applicants are proposing that the CRO Charge for the first ten days be limited to $500,000 and will be seeking to increase the CRO Charge at the Comeback Hearing. The CRO Engagement Letter sets out the applicable fees and disbursements.

158. I am advised by Marc Wasserman, a partner at Osler, and believe that many of the CRO-related provisions in the proposed Initial Order are similar to protections afforded to chief restructuring officers in other CCAA proceedings. These protections include that:

(a) nothing in the proposed Initial Order shall be construed as resulting in the CRO being an employer, successor employer, a responsible person, operator or person with apparent authority within the meaning of any statute, regulation or rule of law, or equity for any purpose whatsoever; and

(b) no action or other proceeding shall be commenced directly, or by way of counterclaim, third-party claim or otherwise, against or in respect of the CRO and all rights and remedies of any Person against or in respect of the CRO are hereby stayed and suspended, except with the written consent of the CRO and the Monitor, or with leave of this Court on notice to the Applicants, the Monitor and the CRO. I believe that my appointment as CRO is in the best interests of the COPL Group and its stakeholders. I also understand that the proposed Monitor supports my appointment as CRO.

(e) Appointment of Financial Advisor

159. On December 19, 2023, the COPL Group engaged Province as Financial Advisor to assist the COPL Group in dealing with the liquidity challenges it was facing and to provide financial advisory services to, among other things, assist in evaluating the COPL Group's liquidity and in the preparation of short-term cash flow forecasts, assist in formulating, evaluating and implementing various contingency plans and financial alternatives, assist in negotiations with creditors and stakeholders, assist in developing business plans and evaluating potential restructuring alternatives. The proposed Monitor supports the engagement of Province as Financial

Advisor to the COPL Group. A copy of the engagement letter executed between the COPL Group and Province (the "**FA Engagement Letter**") is attached as **Exhibit "S"**. The Applicants are asking, as part of the proposed Initial Order, for the Court to approve the COPL Group's engagement of Province as Financial Advisor and directing it to make the payments contemplated by the FA Engagement Letter.

(f) Cash Flow Forecast

160. The Applicants have prepared 13-week cash flow projections and the underlying assumptions as required by the CCAA. A copy of the cash flow projections is attached hereto as **Exhibit** "**T**". The projections demonstrate that the Applicants require access to additional funding during these proceedings. The Applicants' principal use of cash during these CCAA proceedings will be the costs associated with the ongoing operation of the COPL Group business including, among other things, employee compensation, supplier payments, lease payments and general administrative expenses. In addition to these normal course operating expenditures, the Applicants will also incur professional fees and disbursements with these CCAA proceedings and the Chapter 15 Case, including the SISP and the negotiation, approval and implementation of a transaction.

(g) DIP Financing

161. Interim financing is needed to provide stability and fund operations and restructuring efforts for a limited period of time under CCAA protection which pursuing a Transaction.

162. In the lead-up to the commencement of these CCAA proceedings, I contacted a number of the COPL Group's large stakeholders and external parties, on behalf of the COPL Group, and provided them with information necessary to assess and evaluate an opportunity to provide debtor-in-possession financing. I provided information by way of a situation update presentation, and a

discussion of COPL's financial forecast. I also responded to information requests and facilitated access to a virtual data room upon the execution of the form of non-disclosure agreement ("**NDA**").

163. At the end of this process, only certain entities comprising the Lender were prepared to advance DIP funding. Accordingly, each of the Applicants, as borrowers, have entered into a term sheet dated March 7, 2024 (the "**DIP Term Sheet**") with Summit Partners Credit Fund II, L.P., Summit Investors Credit III, LLC,; and Summit Investors Credit III (UK), L.P. (together, the "**DIP Lender**"), pursuant to which the DIP Lender has agreed to fund a senior secured, super priority loan (the "**DIP Loan**") in a maximum principal amount of $11 million. A copy of the DIP Term Sheet is attached hereto as **Exhibit** "**U**".

164. Based on the Cash Flow Forecast, the DIP Loan is expected to provide the Applicants will sufficient liquidity to continue their business operating during these CCAA proceedings while completing a Transaction for the benefit of the Applicants and their stakeholders.

165. The DIP Term Sheet includes the following commercial terms:

(a) **Loan size**: $11 million fully-funded non-revolving term loan facility.

(b) **Outside Date**: August 30, 2024

(c) **Interest**: SOFR rate in effect on such day plus 5% *per annum*, payable in cash

(d) **Default rate**: 2% per annum, payable in cash

(e) **Fees:** Commitment Fee equal to 0.75% of commitments and Exit Fee equal to 0.75% of commitments.

(f) **Conditions Precedent to Initial Advance**: the CCAA Court issuing the Initial Order.

(g) **Conditions Precedent to Subsequent Advances**: (i) the CCAA Court issuing the Initial Order and the U.S. Bankruptcy Court recognizing the Initial Order; (ii) execution and delivery of the DIP Term Sheet; (iii) the CCAA Court issuing an amended and restated order and the U.S. Bankruptcy Court recognizing this amended and restated order; (iv) the parties acting in accordance with the SISP, (v) no order in the CCAA Proceedings or Chapter 15 Proceedings being stayed; (vi) no liens ranking in priority to or *pari passu* with the DIP Lenders' Charge (defined below), except for the Administration Charge and the CRO Charge; (vii) no Default or Events of Default (as defined therein); (viii) the Company delivering a written request for the advance; (ix) payment of all Interim Lender Expenses (as defined therein); and (x) entering into the RSA and, with respect to any advances after March 22, 2024, the Stalking Horse Purchase Agreement.

166. The DIP Loan is proposed to be secured by a Court-ordered charge (the "**DIP Lenders' Charge**") on all of the present and future assets, property and undertaking of the Applicants (the "**Property**"). The DIP Lenders' Charge will not secure any obligation that exists before the Initial Order is made. The DIP Lenders' Charge will have priority over all other security interests, charges and liens, except the Administration Charge and the CRO Charge (which will rank *pari passu* with one another) and the Directors' Charge. Given the current financial circumstances of the Applicants, the DIP Lender has indicated that it is not prepared to advance funds without the security of the DIP Lenders' Charge, including the proposed priority thereof.

167. In the Initial Order, the Applicants are seeking authorization to request an initial draw of $1.5 million to enable them to pay specified amounts that are known to be due during the first 10 days of the CCAA proceeding. The balance of funds will only be used if necessary, providing the

Applicants with flexibility to address additional liquidity demands made during the first 10 days of the CCAA proceeding given the nature of the Applicants' business, unforeseen liquidity demands that may need to be satisfied to ensure the Applicants' ability to operate as a going concern. At the Comeback Hearing, the Applicants intend to request the authority to draw down the remainder of the DIP Facility in accordance with the Cash Flow Forecast.

(h) Payments During this CCAA Proceeding

168. During the course of this CCAA proceeding, the Applicants intend to make payments for goods and services supplied post-filing in the ordinary course as set out in the Cash Flow Forecast described above and as permitted by the Initial Order.

169. Moreover, in order to ensure uninterrupted business operations during the CCAA proceeding, the Applicants are proposing in the Initial Order that they be authorized, with the consent of the Monitor, and in accordance with the DIP Term Sheet and the Definitive Documents, to make certain payments, including payments owing in arrears, to certain third parties that are critical to the COPL Group's business and ongoing operations.

170. I am advised by Marc Wasserman of Osler and believe that the nonpayment of certain taxes (including, without limitation, sales, use, withholding, unemployment, and excise) could result in a Director or Officer of COPL Entity being held personally liable in certain circumstances for such nonpayment as well as for taxes related to income or operations incurred or collected by a COPL Entity in the ordinary course of business. Accordingly, the proposed Initial Order provides that the COPL Entities are authorized to pay any such taxes.

(i) Chapter 15 Case

171. Because the COPL Group has operations, assets and valuable business and trade relationships in the U.S., contemporaneously with commencement of the CCAA proceeding, COPL intends to initiate a case under Chapter 15 of Title 11 of the Bankruptcy Code seeking an order to recognize and enforce the CCAA proceeding in the U.S. and protect against any potential adverse action taken by the COPL Group's U.S.-based parties (the "**Chapter 15 Case**").

172. COPL intends to file the Chapter 15 Case in the United States Bankruptcy Court for the District of Delaware.

173. As noted above, the COPL Group is a consolidated business, with operations in both Canada and the United States. Those operations, however, are functionally and operationally integrated such that the US business cannot operate independently of the Canadian business and the key services provided by COPL are for the benefit of the entire COPL Group. The Applicants' centre of main interest is in Canada:

(a) Operations, and operational control, of the COPL Group are directed from COPL's head office in Calgary, Alberta. In particular, decisions relating to the COPL Group's primary business and all major stakeholder negotiations are primarily made/done in Canada.

(b) All other members of the COPL Group report to COPL.

(c) COPL acts as a centralized entity providing operational, financial accounting and administrative functions for the COPL Group as a whole. These functions are

performed by COPL employees or COPL Group employees resident in Canada and include, among other things:

(i) Financial accounting;

(ii) planning and tax;

(iii) In-house legal services;

(iv) IT services; and

(v) M&A and corporate services

(d) COPL Technical, also based out of Calgary, provides the following services to the other companies within the COPL Group:

(i) Geological and geophysical services: coordination, management and implementation of seismic acquisition, processing and interpretation work, geological modeling, support to drilling operations, support to new prospect activities, etc);

(ii) Engineering services: coordination, management and implementation of reservoir engineering basics and modeling; reservoir volumetrics; drilling and testing operations support; coordination, management and implementation of surface facility and artificial lift studies; other engineering support; and

(iii) Corporate development and land management services: negotiation, management and implementation of new or existing farm-in opportunities; coordination/preparation of all necessary agreements.

(j) Administration Charge

174. The Applicants propose that the proposed Monitor, its Canadian and U.S. counsel, Canadian and U.S. counsel to the Applicants, and the Financial Advisor, be granted a court-ordered charge on the Property as security for their respective fees and disbursements relating to services rendered in respect of the Applicants (the "**Administration Charge**"). With the concurrence of the proposed Monitor, the Applicants are proposing that the Administration Charge for the first ten days be limited to CAD$1.5 million and will be seeking to increase the charge at the comeback hearing. The Administration Charge is proposed to rank *pari passu* with the CRO Charge and in priority to all other charges. The Administration Charge was developed in consultation with the proposed Monitor.

(k) Directors' Charge

175. A successful restructuring of the COPL Group will only be possible with the continued participation of its directors, officers, management, and employees. These personnel are essential to the viability of the Applicants' continuing business and the preservation of enterprise value.

176. I am advised by Marc Wasserman of Osler and believe that, in certain circumstances, directors of Canadian companies can be held liable for certain obligations of a company owing to employees and government entities, which may include unpaid accrued wages, unpaid accrued vacation pay, and unremitted sales, goods and services, and harmonized sales taxes. The Applicants estimate, with the assistance of KSV in its capacity as proposed Monitor, that these obligations may amount to as much as approximately CAD $200,000 during the Initial Stay Period.

177. I am also advised by Katherine Good at Potter, Anderson & Corroon LLP and believe that, in certain circumstances, directors of U.S. companies may be held liable for certain obligations of

a company owing to employees and government entities, which may include sales and use taxes, employee withholding and certain payroll taxes, state income taxes in a few states, 401(k) and other obligations withheld from employees, unpaid wages (including paid vacation), ERISA fiduciary obligations, and non payment of contractual obligations owed to suppliers of perishable agricultural commodities. The Applicants estimate, with the assistance of KSV in its capacity as proposed Monitor, that these obligations may amount to as much as approximately $250,000 during the Initial Stay Period.

178. It is my understanding that the COPL Group's present directors and officers are insureds under the Chubb Commercial Excess and Umbrella Insurance Policy (the "**D&O Insurance**") which covers an aggregate annual limit of approximately $10,000,000. I understand that any amounts paid under the COPL Umbrella Insurance, defined as Losses therein, reduces the amount of the aggregate limit available for any other payment and that the policy has various exceptions, exclusions and carve outs where coverage may not be available. Therefore, I do not believe that the D&O Insurance provides sufficient coverage against the potential liability that the directors and officers of the COPL Group could incur in relation to this CCAA proceeding.

179. In light of the complexity and scope of the overall enterprise and potential liabilities and the uncertainty surrounding available indemnities and insurance, the directors and officers have indicated to the Applicants that their continued service to the company and involvement in this proceeding is conditional upon the granting of an order under the CCAA which grants a charge in favour of the directors and officers of the COPL Group in the amount of CAD $500,000 on the Property (the "**Directors' Charge**"). The Directors' Charge is proposed to be subordinate to the Administration Charge and the CRO Charge (which rank *pari passu* with one another) but shall rank in priority to all the other charges. The Directors' Charge is necessary so that the Applicants

may benefit from their directors' and officers' experience with the Applicants' business and industry, and so that its directors and officers can guide the Applicants' restructuring efforts.

(l) Relief to be Sought at the Comeback Hearing

180. As noted above, the Applicants intend to seek the Amended and Restated Initial Order and the SISP Approval Order at the Comeback Hearing. The relief contemplated by each of the proposed orders is described below.

(i) Amended and Restated Initial Order

181. At the Comeback Hearing, the Applicants intend to seek an extension of the Stay Period up to and including March 18, 2024. The proposed extension of the stay of proceedings will enable the Applicants to continue to operate the COPL Group business, and close a Transaction following the SISP.

(ii) Restructuring Support Agreement

182. As discussed above, on March 7, 2024, the Consenting Lenders and the Applicants entered into a Restructuring and Support Agreement (the "**RSA**").

183. Under the terms of the RSA, the Lender and the Applicants have agreed to cooperate with each other in good faith and use commercially reasonable efforts with respect to the pursuit, approval, implementation and consummation of the transactions contemplated by the Restructuring Term Sheet (the "**Restructuring**") as well as the negotiation, drafting, execution and delivery of the Definitive Documents (as defined in the Restructuring Term Sheet) to implement the Restructuring. The parties agree to negotiate in good faith to enter into the Stalking Horse Purchase Agreement on or prior to March 22, 2024, such Stalking Horse Purchase

Agreement to be substantially on the terms set out in the Restructuring Term Sheet, acting reasonably, with the approval of the Monitor.

184. Under the RSA, and unless inconsistent with the Consenting Lenders' obligations or rights under the DIP Facility, the Consenting Lenders agreed, among other things, to:

(a) support the Restructuring and exercise any powers or rights available to them in favour of any matter requiring approval to the extent necessary to implement the Restructuring;

(b) use commercially reasonable efforts to cooperate with and assist the COPL Group in obtaining additional support for the Restructuring from their other stakeholders;

(c) act in good faith and take all actions that are reasonably necessary or appropriate, and all actions required by the CCAA Court and/or the US Bankruptcy Court, to support and achieve the consummation of the Restructuring;

(d) not object to, delay, impede, or take any other action to interfere with the consummation or implementation of the Restructuring;

(e) not directly or indirectly take any action that could reasonably be expected to or would interfere with, delay, impede, or postpone the transactions;

(f) not exercise, or direct any other person to exercise, any right or remedy for the enforcement, collection, or recovery of any claims or interests in the COPL Group, other than as set forth in the RSA;

(g) not file any application, motion, pleading, or other document with the U.S. Bankruptcy Court, the CCAA Court, or any other court that is materially inconsistent with the Restructuring;

(h) not initiate, or have initiated on its behalf, any litigation or proceeding of any kind with respect to the CCAA Proceedings, the Chapter 15 Cases, this Agreement, or the Restructuring, other than to enforce the RSA or any Definitive Documents (defined therein);

(i) not exercise, or direct any other person to exercise, any right or remedy for the enforcement, collection, or recovery of any Claims (defined therein) or interests in the COPL Group, other than as set forth in the RSA;

(j) not initiate, or have initiated on its behalf, not object to, delay, impede, or take any other action to interfere with the COPL Group's ownership and possession of their assets, wherever located, or interfere with the stay imposed by the CCAA Court and the US Bankruptcy Court; and

(k) provide reasonably prompt written notice of the occurrence, or failure to occur, of any event which would be reasonably likely to cause any representation of warranty contained in the RSA to be untrue or inaccurate in any material respect, any contained in the RSA not to be satisfied in any material respect, or any condition precedent contained in the Stalking Horse Purchase Agreement, the RSA, or a Definitive Document not to occur or become impossible to satisfy.

185. In turn, subject to the terms of the RSA, the COPL Group agreed, among other things, to:

(a) support and use commercially reasonable efforts to complete the Restructuring as set forth in the Stalking Horse Purchase Agreement and the RSA;

(b) negotiate in good faith and execute and deliver the Definitive Documents and take any and all steps reasonably necessary and appropriate in furtherance of the Restructuring, the Stalking Horse Purchase Agreement, and the RSA;

(c) take commercially reasonable efforts to complete the Restructuring in accordance with each Milestone set forth in the RSA;

(d) use commercially reasonable efforts to cure, vacate, reverse, set aside, or have overruled any ruling or order of the CCAA Court, the US Bankruptcy Court, any regulatory authority, or any other court of competent jurisdiction enjoining or rendering impossible the consummation or substantial consummation of the Restructuring;

(e) take commercially reasonable efforts to ensure that all consents and approvals necessary for the implementation of the Restructuring have been obtained to the satisfaction of the Consenting Lenders, the Credit Facility Agent and the COPL Group;

(f) pay the reasonable and documented fees and expenses of the Consenting Lenders and the Credit Facility Agent (as defined therein) incurred in connection with the Restructuring;

(g) operate the business of the COPL Group in the ordinary course in a manner that is consistent with the RSA;

(h) prepare or cause to be prepared the applicable Definitive Documents and provide draft copies of all documents that the COPL Group intend to file with the CCAA Court or the US Bankruptcy Court, in each case, to counsel to the Consenting Lenders at least three (3) calendar days before such documents are to be filed with the CCAA Court and/or the US Bankruptcy Court or as soon as practicable thereafter; and

(i) provide reasonably prompt written notice of (i) the occurrence, or failure to occur, of any event which would be reasonably likely to cause any representation of warranty contained in the RSA to be untrue or inaccurate in any material respect, any contained in the RSA not to be satisfied in any material respect, or any condition precedent contained in the Stalking Horse Purchase Agreement (as defined below), the RSA, or a Definitive Document not to occur or become impossible to satisfy (ii) any written notice from any third party alleging that the consent of such party is required as a condition precedent to the consummation of the transactions contemplated by the restructuring, (iii) receipt of any written notice from any governmental body that is material to the consummation of the transactions contemplated by the Restructuring, and (iv) to the extent involving the Company, any material governmental or third party complaints, litigations, investigations, or hearings (or communications indicating that the same is contemplated or threatened); and

In addition, pursuant to the RSA, the COPL Group has agreed to provide on a confidential basis:

(j) to the legal counsel of the Consenting Lenders, legal counsel to the Monitor, and the Monitor, copies of any bona fide written proposal for the sale, disposition, new-money

investment, restructuring, reorganization, merger, amalgamation, acquisition, consolidation, dissolution, debt investment, equity investment, liquidation, tender offer, recapitalization, plan of reorganization, share exchange, business combination, or similar transaction involving any one or more of the COPL Group entities, one or more of the COPL Group's material assets, or the debt, equity, or other interests in any one or more of the COPL Group entities that is an alternative to or otherwise inconsistent with the Restructuring (each, an "**Alternative Restructuring Proposal**") no later than two (2) calendar days following receipt thereof by the COPL Group or its advisors; and

(k) such other information as reasonably requested by the Consenting Lenders' and Monitor's legal counsel and financial advisors or as necessary to keep the Consenting Lenders and Monitor informed no later than two (2) calendar days after any such request or any material change to the proposed terms of any Alternative Restructuring Proposal and the status and substance of such discussions related thereto.

186. The RSA establishes the following milestones for the remainder of the CCAA and Chapter 15 Proceedings (as may be extended in accordance with the RSA):

Milestone	Date
The COPL Group shall commence proceedings on or before March 8, 2024 under the CCAA in the CCAA Court and obtain an Initial Order in form and substance satisfactory to the Consenting Lenders, acting reasonably	March 8, 2024
The foreign representative (the "**Foreign Representative**") of the COPL Group shall have commenced the Chapter 15 Proceedings.	Within 1 business day of the commencement of CCAA Proceeding

Milestone	Date
The COPL Group shall seek a temporary restraining order in the U.S. Bankruptcy Court to provide "stay" relief pending entry of the Initial Order Recognition Order (as defined below)	Within 2 business days of the commencement of CCAA Proceeding
Foreign Representative shall file a motion with the U.S. Bankruptcy Court for entry of an order recognizing and enforcing the Initial Order	2 business days after entry of the Initial Order.
The COPL Group shall obtain an order from the CCAA Court approving the SISP, subject to Court availability	March 18, 2024
The Foreign Representative shall file a motion with the U.S. Bankruptcy Court for an order recognizing and enforcing the SISP Order	1 business day after entry of the SISP Order
The Foreign Representative shall obtain an order recognizing and enforcing the Initial Order (the "**Initial Order Recognition Order**")	April 8, 2024
The Foreign Representative shall obtain an order recognizing and enforcing the SISP Order (the "**SISP Recognition Order**")	April 17, 2024
The COPL Group shall obtain a vesting order from the CCAA Court, subject to Court availability	9 days after the selection of the Successful Bid
The Foreign Representative shall file a motion with the U.S. Bankruptcy Court for an order recognizing and enforcing the Vesting Order	2 business days after entry of Vesting Order
The Foreign Representative shall obtain the Vesting Recognition Order	14 business days after the entry of the Vesting Order
The Restructuring shall close, provided, however, in the event the Initial Outside Date is not extended, the Initial Outside Date shall be the Outside Date.	14 days after the date that the Foreign Representative obtains the Vesting Recognition Order (the "**Initial Outside Date**"), or a later date on notice by the Consenting Lenders.

187. The RSA may be terminated by mutual written agreement by the Consenting Lenders and the COPL Group, or:

(a) unilaterally by the Consenting Lenders, acting reasonably, upon the occurrence of certain specified events, including (i) the failure of the COPL Group to meet any of the milestones under the RSA, (ii) the termination of the Stalking Horse Purchase Agreement; (iii) if the CCAA Proceedings are dismissed, terminated, stayed, modified, or converted to a proceeding under the BIA or the *Winding-Up and Restructuring Act* (Canada), (iv) if the U.S. Bankruptcy Court enters an order dismissing the Chapter 15 Proceeding (or any portion thereof) or appointing a trustee or an examiner with expanded powers, (v) if any condition precedent contained in the RSA or any of the Definitive Documents becomes incapable of being satisfied, (vi) the COPL Group requests or the CCAA Court grants any amendments or modifications to the SISP Order that are not acceptable to the Consenting Lenders, (vii) if any of the milestones set out in the SISP are not met, (viii) if the COPL Group entities waive or seek authority to waive any of the requirements under the SISP that they are not permitted to waive, or (ix) a failure by the COPL Group to pay the fees and expenses of the Consenting Lenders, including but not limited to their legal advisors; or

(b) unilaterally by the COPL Group upon the occurrence of certain specified event, including (i) a material breach by one or more of the Consenting Lenders of any representation, warranty or covenant in the RSA, (ii) the failure to meet any of the milestones under the RSA unless such failure is the result of an act, omission or delay on the part of the COPL Group, (iii) the determination, upon the advice of outside legal counsel and financial advisors, by the board of directors, board of managers, or such similar governing body of any COPL Group, that proceeding with the

Restructuring would be inconsistent with the exercise of its fiduciary duties or applicable law, or (iv) any party terminates its obligations under the RSA and such termination renders the Restructuring incapable of consummation or materially changes the overall economic terms of the Restructuring in a manner that is adverse to the COPL Group.

188. The Applicants intend to seek approval of the RSA and authorization to perform its obligations thereunder at the Comeback Hearing. In the Applicants' view, the RSA represents an important development in their ongoing efforts to restructure. The RSA facilitates consensus with the Applicants' most significant secured creditors and facilitates access to the DIP Facility, and the certainty and stability provided to the SISP by the Stalking Horse Transaction.

(iii) SISP

189. The Applicants intend to seek approval of the proposed SISP at the Comeback Hearing which, together with the Stalking Horse Purchase Agreement, will establish a process to canvass the market for the best possible transaction for the sale of all or substantially all of the Applicants' Property for the benefit of stakeholders. The approval by the CCAA Court of the SISP in the form attached as Exhibit A to the RSA and entry by the US Bankruptcy Court of the SISP Recognition Order are both milestones under the RSA. A copy of the SISP is attached hereto as **Exhibit** "**V**".

190. The Applicants have developed the proposed SISP in consultation with the proposed Monitor and the Lender. The SISP sets out the manner in which (a) binding bids for executable transaction alternatives that are superior to the transaction to be provided for in the Stalking Horse Purchase Agreement involving the shares and/or business and assets of some or all of the COPL Group will be solicited from interested parties; (b) any such bids received will be addressed; (c)

any Successful Bid (as defined below) will be selected; and d) Court approval of any Successful Bid will be sought.

191. Pursuant to the proposed SISP, interested parties must enter into a non-disclosure agreement in form and substance satisfactory to the COPL Group and submit a letter of intent to bid (each, an "**LOI**") that identifies the potential purchaser and a general description of the assets and/or business(es) of the COPL Group that would be the subject of the bid and that reflects a reasonably likely prospect of culminating in a Qualified Bid (as defined below), as determined by the COPL Group in consultation with the Monitor and Consenting Lenders within 30 days after commencement of the SISP (the "**LOI Deadline**"). If, by the LOI Deadline, no LOI has been received, the SISP will be terminated and the Stalking Horse Transaction will be the Successful Bid (as defined below) and, subject to the Court issuing the Vesting Order, will be consummated in accordance with the RSA and the Stalking Horse Transaction Agreement.

192. In order to constitute a Qualified Bid, each bid must:

(a) provide for (i) payment in full in cash on closing of the DIP Facility, the Expense Reimbursement, the Break Fee, plus cash consideration equal to at least $250,000; (ii) payment in full in cash of all amounts outstanding under the Senior Credit Facility, unless otherwise agreed to by the lenders thereunder in their sole discretion; and (iii) the payment in full in cash on closing of any claims ranking in priority to the foregoing claim, unless otherwise agreed to by the applicable holders thereof in their sole discretion;

(b) provides a detailed sources and uses schedule that identifies, with specificity, the amount of cash consideration (the "**Cash Consideration Value**") and any assumptions that could reduce the net consideration payable;

(c) be reasonably capable of being consummated within 30 days after completion of the Auction (as defined below) if selected as the Successful Bid;

(d) contain duly executed binding transaction documents, certain defined information regarding the bidder, a redline to the Stalking Horse Purchase Agreement (unless the bid is in the form of a plan of arrangement, in which case copies of the plan of arrangement and all documentation that is contemplated to be executed in connection therewith), evidence of authorization and approval from the bidder's board of directors, disclosure of any connections or agreements with the COPL Group, and such other information reasonably requested by the COPL Group or the Monitor;

(e) includes a letter stating that the bid is submitted in good faith, is binding and is irrevocable until the selection of the Successful Bid;

(f) provides written evidence of a bidder's ability to fully fund and consummate the transaction and satisfy its obligations under the transaction documents;

(g) does not include any request for or entitlement to any break fee, expense reimbursement or similar type of payment;

(h) is not conditional upon approval from the bidder's board of directors or equity holders, the outcome of any due diligence by the bidder or the bidder obtaining financing;

(i) includes an acknowledgment and representation that the bidder has had an opportunity to conduct any and all required due diligence prior to making its bid;

(j) specifies any regulatory or other third-party approvals the party anticipates would be required to complete the transaction;

(k) includes full details of the bidder's intended treatment of the COPL Group's employees under the proposed bid;

(l) is accompanied by a cash deposit (the "**Deposit**") by wire transfer of immediately available funds equal to 10% of the Cash Consideration Value;

(m) includes a statement that the bidder will bear its own costs and expenses in connection with the proposed transaction; and

(n) is received by May 2, 2024 (the "**Qualified Bid Deadline**").

193. If one or more Qualified Bids (other than the Stalking Horse Transaction) has been received by the COPL Group on or before the Qualified Bid Deadline, the COPL Group will proceed with an auction process to determine the successful bid(s) (the "**Auction**"). The Auction will be conducted in accordance with the requirements and process appended at Schedule "A" to the SISP. The successful bid(s) selected within the Auction shall constitute the "Successful Bid".

194. Following selection of the Successful Bid and finalization of all definitive agreements, the Applicants will apply to the CCAA Court for an order or orders approving such Successful Bid and/or the mechanics to authorize the COPL Group to complete the transactions contemplated thereby, as applicable, and authorizing the COPL Group to: (a) enter into any and all necessary agreements and related documentation with respect to the Successful Bid; (b) undertake such other

actions as may be necessary to give effect to such Successful Bid, and (c) implement the transaction(s) contemplated in such Successful Bid.

195. All Deposits paid in accordance with the SISP will be retained by the Monitor in a noninterest-bearing trust account. If a Successful Bid is selected and either the Vesting Order or some other implementation order is granted, any Deposit paid in connection with such Successful Bid will be non-refundable and applied to the cash consideration to be paid in connection with the Successful Bid (or be dealt with as otherwise set out in the definitive agreements(s)). Any Deposit delivered with a Qualified Bid that is not selected as a Successful Bid, will be returned to the applicable bidder as soon as reasonably practicable after the Successful Bid is approved by Vesting Order or Implementation Order, as applicable, or such earlier date as may be determined by the COPL Group, in consultation with the Monitor.

196. The proposed SISP requires the Applicants to provide information in respect of the SISP to the Consenting Lenders on a confidential basis, including copies of any LOIs or bids received that are below the consideration contemplated for the Stalking Horse Purchase Agreement, and any other information reasonably requested by the Consenting Lenders or their legal or financial advisors or which may be necessary to keep the Consenting Lenders informed (including any material changes to the proposed terms of any bid received, including any Qualified Bid).

197. A summary of the significant dates and processes within the proposed SISP is as follows:

SISP Process	Deadline
CCAA Court approval of SISP and authorizing the applicable COPL Group entities to enter into the Stalking Horse Purchase Agreement, and commencement by COPL Entities of solicitation process	March 18, 2024

SISP Process	Deadline
LOI Deadline	April 17, 2024
Qualified Bid Deadline	May 2, 2024
Auction	May 3, 2024
Vesting Order or Implementation Order[6]	If no LOI is submitted, by no later than 9 days after the LOI Deadline subject to Court availability. If there is no Auction, by no later than 9 days after the Qualified Bid Deadline, subject to Court availability. If there is an Auction) – by no later than 9 days after completion of the Auction, subject to Court availability.

198. The Applicants are of the view that the timelines set out in the proposed SISP are appropriate, will allow interested parties to participate in the SISP, and will provide an appropriate test for whether the Stalking Horse Transaction delivers the best possible result for stakeholders. The Applicants are also of the view that the proposed SISP provides a fair and reasonable process that will adequately canvass the market. In my experience and based on my knowledge of the COPL Group's business, I am of the view that the timelines and terms in the proposed SISP are fair, reasonable and appropriate in the circumstances, and provide sufficient time to allow interested parties to fully participate in the SISP (to the extent desired). In addition, the Applicants do not have funds or access to DIP financing sufficient to extend the timelines for the proposed SISP any further.

(iv) Stalking Horse Transaction

[6] In all cases, the deadlines for obtaining the Vesting Order or Implementation Order are subject to Court availability.

199. The Applicants are of the view that the inclusion of the Stalking Horse Transaction as part of the SISP will benefit the COPL Group's efforts to maximize value for the benefit of all stakeholders by, among other things: (a) setting a "floor price" and commercial terms for a transaction involving the shares and/or the business and assets of some of the COPL Group entities; (b) helping to generate interest in the COPL Group among potential purchasers; and (c) providing a level of certainty, stability and efficiency during the SISP, both in terms of setting a baseline price and documentation for the SISP and assuring stakeholder groups that there will be a going concern sale of a significant portion of the COPL Group's business.

(v) Relief from Certain Securities Filing Requirements and in Respect of the AGM

200. As noted above, COPL is a publicly traded company and reporting issuer, whose common shares previously traded on the CSE under the trading symbol "XOP" as well as on the LSE under the trading symbol "COPL".

201. Given the COPL Group's significant liquidity constraints, the Applicants have determined that directing further time and resources to securities reporting is not appropriate or practical at this time. Accordingly, the Applicants will be seeking relief in the ARIO at the Comeback Hearing authorizing its decision to incur no further expenses in relation to any filings, disclosures, core or non-core documents, restatements, amendments to existing filings, press releases, financial reporting or any other actions that may be required by any federal, provincial or other law respecting securities or capital markets in Canada the United States, or the United Kingdom and other rules and policies of the CSE or LSE.

202. Additionally, the Applicants believe it would be a distraction and an unnecessary expense for it to hold an annual general meeting in the circumstances where it is subject to creditor

protection. As a result, the Applicants are also seeking to be relieved of any obligations to call and hold an annual general meeting until further Order of this Court.

203. I understand that the Proposed Monitor will post all Court materials, which will include the Applicants' cash flow projections and variance analyses, such that shareholders and other stakeholders will still have uninterrupted access to, among other things, the Applicants' operational and financial information.

I. Conclusion

204. The Applicants, with the assistance of their advisors, have reviewed and considered the potential options and alternatives available to them in the circumstances, taking into account, among other things, their limited remaining liquidity and current inability to repay their indebtedness. The Applicants have determined that it is in their best interests and those of their stakeholders to commence these CCAA proceedings with the support of the Lender. Without the relief requested, including the stay of proceedings and access to DIP financing, the COPL Group

faces an immediate cessation of going concern operations, the liquidation of its assets, and the loss of its employees' jobs.

ANNUAL AUDITED CONSOLIDATED FINANCIAL STATEMENTS
AS AT AND FOR THE YEARS ENDED
DECEMBER 31, 2022 AND 2021

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The annual financial statements of Canadian Overseas Petroleum Limited for the year ended December 31, 2022 were prepared by management within the acceptable limits of materiality and are in accordance with International Financial Reporting Standards. The financial statements have been prepared by management in accordance with the accounting policies as described in the notes to the financial statements. Timely release of financial information sometimes necessitates the use of estimates when transactions affecting the current accounting period cannot be finalized until future periods. When necessary, such estimates are based on informed judgments made by management.

To assist management in the discharge of these responsibilities, it has designed and maintains an appropriate system of internal controls to provide reasonable assurance that all assets are safeguarded and financial records properly maintained to facilitate the preparation of financial statements for reporting purposes.

The consolidated financial statements have been audited independently by Ernst & Young LLP on behalf of the shareholders in accordance with generally accepted auditing standards. Their report outlines the nature of their audit and expresses their opinion on the consolidated financial statements. INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Canadian Overseas Petroleum Ltd.

Report of the audit of the consolidated financial statements

Opinion

We have audited the consolidated financial statements of Canadian Overseas Petroleum Ltd. and its subsidiaries (the Company), which comprise the consolidated statements of financial position as at December 31, 2022 and 2021, and the consolidated statements of loss and comprehensive loss, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects the consolidated financial position of the Company as at December 31, 2022 and 2021, and its consolidated financial performance and consolidated cash flows for the years then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to Note 2 in the consolidated financial statements, which indicates that the Company's continued successful operations are dependent on the ability to obtain additional financing. As stated in Note 2 these events or conditions indicate that a material uncertainty exists that casts significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For the matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial statements* section of our report, including in relation to this matter. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis for our audit opinion on the accompanying financial statement. In addition to the matter described in the *Material uncertainty related to going concern* section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Classification, valuation and disclosure of convertible bonds	
In July 2022 the Company issued two convertible bonds for total net proceeds of $19.7 million as well as warrants to the bondholders. In December 2022, the Company issued an additional $3.2 million in bonds under the same terms and conditions. The terms and conditions of the convertible bonds contain embedded derivatives related to the conversion option and prepayment option. The warrants were assessed as a separate financial liability measured at fair value through profit or loss as they were issued in a currency that differs from the Company's functional currency. Derivative liabilities are measured at fair value upon inception and remeasured at each reporting date. The Company has chosen to value the entire debt instrument and embedded derivatives together in accordance with IFRS 9, *Financial Instruments*. Refer to Note 3 of the consolidated financial statements for a description of the Company's accounting policy related to the Convertible Bonds. This matter was identified as a key audit matter because auditing the issuance of the convertible bonds of the Company was complex given the significant estimation uncertainty and judgment required in determining the fair value of the derivative financial instruments. The valuation of derivative financial instruments uses complex valuation models, with two significant unobservable inputs used by the Company, including credit spread and share price volatility. These unobservable inputs could be affected by future economic and market conditions. In addition, significant judgment is required in identifying the nature of the financial instruments and whether they are to be accounted for as a financial liability measured at fair valued through profit and loss.	Our audit procedures included, among others: • We inspected the bond and warrant agreement to identify the nature of the financial instruments, identify any embedded derivatives that required separate valuation and to assess their classification, in accordance with IFRS 9, Financial Instruments, as a financial liability measured at fair value through profit and loss. • We involved our valuation specialist to assist in evaluating that the methodologies and models used by the Company were in accordance with IFRS 13, Fair Value Measurement. • With the support of our valuation specialist, we tested the Company's credit spread and share price volatility within the model by comparing each to market rates and historical share price data. In addition, we considered any changes in the operations of the business which may impact the Company specific credit spread. We independently recalculated the fair value of the derivatives and compared the result to the Company's estimate. • We evaluated the adequacy of the note disclosure included in Note 3 and Note 13 of the consolidated financial statements in relation to this matter.

Other information

Management is responsible for the other information. The other information comprises:

- Management's Discussion and Analysis

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, and in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

We obtained Management's Discussion & Analysis prior to the date of this auditor's report. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact in this auditor's report. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Robert Mitchell.

1. NATURE OF OPERATIONS

Canadian Overseas Petroleum Limited ("**COPL**" or the "**Company**"), is a widely-held publicly traded company incorporated and domiciled in Canada. The Company's common shares with no par value (the "**Common Shares**") are listed on the London Stock Exchange (the "**LSE**") in the United Kingdom (the "**UK**") under the symbol "COPL" and on the Canadian Securities Exchange (the "**CSE**") in Canada under the symbol "XOP". The Company's registered office is Suite 400, 444 – 7th Avenue SW, Calgary, Alberta, Canada.

The Company and its subsidiaries are involved in the identification, acquisition, exploration, development and production of oil and natural gas reserves and hold interests in petroleum assets located in the United States of America (the "**US**") and sub-Saharan Africa. As at December 31, 2022, the Company had ten subsidiaries, all of which are wholly-owned directly or indirectly. The Company is pursuing opportunities in Nigeria with a joint venture partner (see note 7).

2. BASIS OF PREPARATION

Basis of Preparation and Compliance

The Company's audited consolidated financial statements for the years ended December 31, 2022 and 2021 ("**Financial Statements**") have been prepared in accordance with International Financial Reporting Standards ("**IFRS**") as issued by the International Accounting Standards Board ("**IASB**").

The Company's Financial Statements have been prepared on an historical cost basis, except for certain financial assets and liabilities that have been measured at fair value.

These Financial Statements are presented in US dollars ("**US$**"), which is both the functional and presentation currency. All financial information presented in tables has been rounded to the nearest thousand US$ unless otherwise noted.

These Financial Statements were authorized for issue by the Company's Board of Directors on March 31, 2023.

Going Concern

The Financial Statements are prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. The Company is pursuing exploration and development projects and contracts that will require additional financing before it is able to generate positive operating cash flows. Furthermore, the Company does not have sufficient working capital to cover forecasted expenses for the next 12 months, and does not have cash inflows and/or adequate financing to continue its operations. As indicated in notes 13 and 18, the Company closed financings comprising of convertible bonds issued in July 2022 and December 2022 and a brokered equity placing in April 2022, however, the funds are not sufficient to cover forecasted expenses, and there is no assurance that the Company will be able to obtain adequate financing in the future or that such financing will be obtained on terms acceptable to the Company. Therefore, the Company may not be able to meet its current forecasted operating and capital expenditure obligations for the next 12 months. With no assurance that additional financing will be obtained there is material uncertainty that casts significant doubt on the Company's ability to continue as a going concern. The Financial Statements do not give effect to adjustments that would be necessary to the carrying values and classifications of assets and liabilities should the Company be unable to continue as a going concern and such adjustments may be material.

3. ACCOUNTING POLICIES

Basis of consolidation

The Financial Statements include the financial statements of COPL and its subsidiaries.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date that such control ceases. All intercompany transactions and balances have been eliminated on consolidation. The joint venture investment is not subject to consolidation and uses the equity method of accounting.

Cash and cash equivalents

Cash and cash equivalents include cash held at banks, cash in trust, short-term deposits with an original maturity of three months or less, and credit card deposits.

Foreign currency translation

The Financial Statements are presented in US$, which is currently the Company's functional and reporting currency.

Transactions denominated in foreign currencies are translated at the exchange rate prevailing on the transaction date. At each period end, monetary assets and liabilities denominated in a foreign currency are translated at the exchange rate prevailing at the period end date., and all differences are recognized in net earnings. Non-monetary assets, liabilities and transactions denominated in a foreign currency and measured at historical cost are translated at the exchange rate in effect at the transaction date. Non-monetary items measured at fair value are translated using the exchange rates at the date when the fair value was determined.

For the purpose of consolidation, assets and liabilities of foreign subsidiaries are translated from their functional currency to US$ using the exchange rate prevailing at the period end date. The statements of net earnings and cash flows are translated using the average exchange rates for the period. Foreign exchange differences resulting from such transactions are recorded in shareholders' equity (deficit) as accumulated other comprehensive loss.

Revenue recognition

Revenue associated with the sale of crude oil is measured based on the consideration specified in contracts with customers. Revenue from contracts with customers is recognized when or as the Company satisfies a performance obligation by transferring a promised good or service to a customer. A good or service is transferred when the customer obtains control of that good or service. The transfer of control of oil usually coincides with title passing to the customer and the customer taking physical possession. The Company principally satisfies its performance obligations at that point in time. Petroleum sales revenue recognized is net of royalties as the Company is acting as an agent and represents the net revenue attributable to the Company and its joint operation partners.

The Company receives payment for its produced oil from the purchaser generally within one month. The Company does not have any contracts where the period between the transfer of control of the commodity to the customer and payment by the customer exceeds one year. As a result, the Company does not adjust its revenue transactions for the time value of money or to reflect a significant financing component in connection with contracts with customers. Items such as royalties are netted against revenue to reflect the deduction for the other party's proportionate share of the revenue for which the Company is acting as an agent in collecting and disbursing proceeds on behalf of the royalty owners.

Business combinations and asset acquisitions

Business combinations are accounted for using the acquisition method. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured at their fair values at the acquisition date. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the acquisition date. The excess of the cost of the business combination over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recorded as goodwill. If the cost of the business combination is less than the fair value of the net assets acquired, the difference is recognized immediately in net earnings. Transaction costs associated with a business combination are expensed as incurred.

A business combination is a transaction or event in which an acquirer obtains control of one or more businesses. A business is an integrated set of activities and assets that are capable of being conducted and managed for the purpose of generating income from ordinary activities. An optional concentration test which focuses on assessing the concentration of the fair value of gross assets acquired is used to assist in determining whether an acquired set of activities and assets is not a business. If substantially all of the fair value of the gross assets acquired are concentrated in a single identifiable asset or group of similar identifiable assets, the concentration test is met, and the transaction is determined to be an asset acquisition. Transaction costs associated with an asset acquisition are capitalized as incurred.

Inventory

Crude oil produced but not sold as at the balance sheet date is recognized as oil inventory and condensate purchased for paraffin mitigation activities, but not used as at the balance sheet date is recognized as condensate inventory in other current assets The Company values its oil and condensate inventory using the lower of cost and net realizable value method.

Finance costs, net

Net financing costs include interest expense and other costs related to all borrowings, accretion of interest on the borrowings, interest on lease liabilities and accretion of the asset retirement obligations.

Borrowing costs incurred for the acquisition, construction or production of qualifying assets, are capitalized to the cost of those assets during the substantial period of time (greater than one year) to get the underlying assets ready for their intended use, until such time as these assets are substantially ready for their intended use. The capitalization rate, used to determine the amount of borrowing costs to be capitalized, is dependent on whether the general borrowings weighted average interest rate or specific borrowings specified rate were used during the period. All other borrowing costs are charged to net earnings using the effective interest method.

Interest income is recognized as earned.

Pre-license costs

The costs incurred prior to the award or the acquisition of oil and gas assets, licenses, concessions and other exploration rights are recognized as an expense in the period incurred.

Exploration and evaluation assets

The Company accounts for exploration and evaluation ("**E&E**") costs in accordance with IFRS 6 "*Exploration for and Evaluation of Mineral Resources*". E&E costs related to each prospect are initially capitalized within E&E assets. Such E&E assets may include costs of acquiring leases, technical services and studies, seismic acquisition, exploratory drilling and testing, directly attributable overhead and administrative expenses, including remuneration of operation personnel and supervisory management and the projected costs of retiring the assets, if any, but do not include general prospecting or evaluation costs incurred prior to having obtained the legal rights to explore an area of mutual interest, which are expensed as pre-license costs as incurred and recognized in net earnings. E&E assets are subject to ongoing management review to confirm the intent to establish technical feasibility and commercial viability of a discovery. This assessment includes many changing factors, including project economics, expected capital expenditures and production costs, access to infrastructure, obtaining and the timing of receiving required regulatory approvals, and potential infrastructure expansions.

E&E assets remain capitalized until technical feasibility and commercial viability of extracting oil and gas is determinable. The technical feasibility and commercial viability of E&E assets are dependent upon the assignment of a sufficient amount of economically recoverable reserves relative to the estimated potential resources available, available infrastructure to support commercial development, as well as obtaining necessary internal and external approvals. At least annually, a review of each prospect is carried out to ascertain whether proved or probable reserves have been discovered. E&E assets may have sales from petroleum products associated with production from test wells, and resulting revenue is recognized in net earnings.

Upon determination of proved plus probable reserves and a full evaluation of the development plan in the exploration area has been completed, E&E assets attributable to those costs are first tested for impairment at the cash-generating unit ("**CGU**") level, and then reclassified from E&E assets to developed and producing ("**D&P**") assets. E&E costs related to prospects for which no proved or probable reserves exist, and lease expiries, are expensed. If a decision is made by management not to continue an E&E project, the E&E asset is derecognized, and all associated costs are charged to net earnings.

E&E assets are not subject to depreciation and depletion.

Property and equipment

Property and equipment ("**P&E**") assets consist of D&P assets, administrative assets, equipment inventory and other assets.

D&P assets are measured at cost less accumulated depletion, depreciation, amortization and impairment. D&P assets are grouped into CGUs for impairment testing.

Expenditures for the construction, installation or completion of infrastructure facilities such as processing facilities, pipelines and the drilling of development wells, including unsuccessful development or delineation wells, are capitalized within D&P assets, as long as the facts and circumstances indicate that it is technically feasible and economically viable to extract identified reserves.

(i) Initial costs

The initial cost of an asset is comprised of the purchase price or construction cost, any costs directly attributable to bringing the asset into operation, the initial estimate of asset retirement obligations, and capitalized borrowing costs for qualifying assets. The purchase price or constructed cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Capitalized oil and gas interests represent costs incurred to develop proved or probable reserves, or to enhance production from such reserves that extends their useful lives, and are accumulated on a field or geotechnical basis, unless such expenses are deemed operational in nature and are expensed as incurred.

Other items of P&E assets are carried at cost less accumulated depreciation and impairment.

(ii) *Subsequent costs*

Costs incurred subsequent to the determination of technical feasibility and commercial viability are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably. The carrying amount of a replaced asset is de-recognized when replaced, if material. The costs of day-to-day servicing are charged to net earnings during the period in which they are incurred.

(iii) Asset exchanges and disposals

Exchanges of assets are measured at fair value unless the exchange transaction lacks commercial substance or the fair value of neither the asset received, nor the asset given up is reliably measurable. The cost of the acquired asset is measured at the fair value of the asset given up, unless the fair value of the asset received is more clearly evident. Where fair value is not used, the cost of the acquired asset is measured at the carrying value of the asset given up. The gain or loss on de-recognition of the asset given up is recognized in net earnings.

Gains and losses on the disposal of P&E assets, including oil and gas interests, are determined by comparing the proceeds from disposal with the carrying value of the P&E assets.

(iv) Depletion, depreciation and amortization

The net carrying value of D&P assets is depleted by CGU using the unit-of-production method based on the ratio of production to the related proved plus probable reserves, taking into account estimated future development costs necessary to bring those reserves into production. Future development costs are estimated taking into account the level of development required to bring any related non-producing or undeveloped reserves into production, which may include the costs of drilling and completing wells. These estimates are reviewed at least annually by independent reserve engineers in conjunction with their evaluation of the Company's proved and probable reserves. Changes in estimates used in prior periods, such as proved plus probable reserves, that affect the unit-of-production calculations are dealt with on a prospective basis. Major development projects are not depleted, depreciated or amortized until production commences. Proved plus probable reserves are determined by independent engineers in accordance with National Instrument 51-101 – *Standards of Disclosure for Oil and Gas Activities* ("**NI 51-101**") of the Canadian Securities Administrators.

For administrative and other assets, depreciation is recognized in net earnings on a straight-line basis over the estimated useful lives of each asset that range from 3 to 5 years. The depreciation methods, useful lives and residual values are reviewed at each reporting date.

Impairment of non-financial assets

Property and equipment

The Company's P&E assets are grouped into CGUs for the purpose of assessing impairment. A CGU is a grouping of assets that generate cash inflows independently of other assets held by the Company. CGUs are reviewed at each reporting date for indicators of potential impairment and, in the case of previously impaired CGUs, reversal of impairment. If such indicators exist, an impairment test is performed by comparing the CGU's carrying value to its recoverable amount, defined as the greater of a CGU's fair value less costs of disposal ("**FVLCD**") and its value in use ("**VIU**"). Any excess of carrying value over the recoverable amount is recognized in net earnings as an impairment charge. If there is an indicator that a previously recognized impairment charge may no longer exist or may have decreased, the recoverable amount of the relevant CGU is calculated and compared against the carrying amount. An impairment charge is reversed to the extent that the asset's recoverable amount does not exceed the carrying amount that would have been determined, net of accumulated depreciation, depletion and amortization, if no impairment charge had been recognized. A reversal of the impairment of P&E assets is recognized in net earnings.

Exploration and evaluation assets

E&E assets are assessed for impairment at the CGU level and are reviewed at each reporting date for indicators of potential impairment, or in the case of previously impaired E&E assets, reversal of impairment. An impairment charge on E&E assets is recognized if the carrying value of the E&E assets exceeds the recoverable amount. Impairment of E&E assets is recognized in net earnings as an impairment charge. If there is an indicator that a previously recognized impairment charge may no longer exist or may have decreased, the recoverable amount of the relevant E&E asset is calculated and compared against the carrying amount. A reversal of impairment of E&E assets is recognized in net earnings.

Provisions

The asset retirement obligation ("**ARO**") includes present obligations where the Company will be required to dismantle, decommission and perform site restoration activities. The ARO is measured at the present value of management's best estimate of expenditures required to settle the present obligation using a relevant risk-free rate at each reporting date. Subsequent to the initial measurement, the obligation is adjusted at the end of each period to reflect the passage of time and changes in the estimated future cash flows or discount rate underlying the obligation. The provision is accreted over time through charges to finance costs. Changes in the future cash flow estimates resulting from revisions to the estimated timing, amount of undiscounted cash flows or the discount rate are recognized as changes in the ARO and related asset. Actual costs incurred upon settlement of the ARO are charged against the provision to the extent the provision was established.

A provision is recorded for the estimated cost of site restoration and capitalized in the relevant asset category. The capitalized amount is depleted, depreciated and amortized on the unit-of-production method based on proved plus probable reserves.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Company is exposed to commodity price risks resulting from fluctuations in commodity prices in the normal course of its business. The Company may use a variety of instruments to manage this risk and has elected to not apply hedge accounting. Therefore, the Company accounts for such instruments using the fair value method by initially recording an asset or liability and recognizing changes in the fair value of the instruments in net earnings

as unrealized gains or losses on risk management contracts. Fair values of financial instruments are based on quotes or valuations provided by independent third parties. Any realized gains or losses on risk management contracts are recognized in net earnings in the period they occur. Commodity derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Convertible bonds

The Company's convertible bonds currently outstanding are complex financial instruments that include multiple embedded derivatives, warrants issued to bondholders and conversion payment liabilities. The Company accounts for the entire hybrid bond instruments at fair value through profit and loss ("**FVTPL**").

To estimate the fair value of the bond instruments at each balance sheet date and upon conversions, the Company uses an external professional valuator, that performs the calculation using a valuation model based on the finite difference method, with major assumptions and inputs being: the Company's stock price, expected life of the bonds, expected volatility, implied credit worthiness, expected dilution effect and market risk-free interest rates, all as applicable at each valuation date.

Upon initial valuation of the newly issued bonds, the Company recognized a deferred loss that is calculated as a fair value of bonds and fair value of related bondholders' warrants less proceeds from the issue of the bonds. The deferred loss is amortized on a straight-line basis over the life of the respective bond series. The fair value of bondholders' warrants is recognized as a derivative liability.

Due to the recognition of the bonds at FVTPL, all of the costs related to issue of the bonds, such as brokers' fees, legal fees and calculation agent fees, representing transaction costs, are recognized as finance expenses in net earnings.

At each reporting date as well as upon each conversion date of the bonds, the Company reassesses the fair value of its bonds and records any gain or loss that is attributable to the change in the Company's credit risk in other comprehensive loss, and the remaining change in net earnings. Similarly, the fair value of bondholders' warrants is reassessed at each reporting date and a respective gain or loss on the derivative liability is recognized in net earnings.

Upon each conversion date of the bonds, a value of Common Shares issued further to the conversions is recognized at an approximate amount of fair value of the converted bonds less the fair value of the related conversion payment liability that remains within the fair value of the bonds. In addition, upon conversion of the bonds, the remaining amortization of the portion of deferred loss that relates to converted bonds is accelerated and recognized in net earnings.

Joint arrangements

Certain of the Company's activities are conducted through joint arrangements in which two or more parties have joint control. A joint arrangement is classified as either a joint operation or a joint venture, depending on the rights and obligations of the parties to the arrangement.

Joint operations arise when the Company has a direct ownership interest in jointly controlled assets and liabilities. The Financial Statements include the Company's proportionate share of the assets, liabilities, revenues, expenses, and cash flows of this type of arrangement.

Joint ventures arise when the Company has rights to the net assets of the arrangement. For these arrangements the Company uses the equity method of accounting and recognizes the initial and subsequent investments at cost, adjusted for the Company's share of the joint venture's income or loss, less dividends received thereafter. The transactions between the Company and the joint venture are assessed for recognition in accordance with IFRS.

Under the equity method, losses from the joint venture are applied against the carrying amount of the investment and any loans to the joint venture that are considered part of the net investment. When the Company's share of losses in a joint venture exceeds the Company's interest, the Company discontinues recognizing its share of future losses. The Company does not recognize further losses unless a legal or constructive obligation exists. If the joint venture subsequently reports profits, the entity resumes recognizing its share of those profits only after its share

of the profits equals the share of losses not recognized. Revenue is only recorded when collection is reasonably assured.

Investments in joint ventures are tested for impairment whenever objective evidence indicates that the carrying amount of the investment many not be recoverable under the equity method of accounting. The impairment amount is measured as the difference between the carrying amount of the investment and the greater of its FVLCD and its VIU. Impairment losses are reversed in subsequent periods if the amount of the loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized.

Share-based compensation

The Company issues equity-settled stock options to its employees, directors and consultants and follows the fair value method of accounting. A Black-Scholes option-pricing model is used to determine the fair value of the award at the time the options are granted. The related expense is charged to net earnings with a corresponding increase in equity as contributed capital reserve over the vesting term. Consideration received on the exercise of an option is credited to share capital, along with the related share-based compensation previously recognized in the contributed capital reserve.

Leases

Leases are recognized as right-of-use ("**ROU**") assets and a corresponding lease liability at the date on which the leased asset is available for use by the Company. Assets and liabilities arising from a lease are initially measured on a present value basis. The lease liabilities are measured at the present value of the lease payments, discounted using the Company's incremental borrowing rates at the date on which the leased asset is available for use.

Per share data

Basic net earnings per share is calculated using the weighted average number of shares outstanding during the year. The treasury stock method is used to calculate diluted net earnings per share. This method assumes the dilution of in-the-money convertible bonds and in-the-money stock options and warrants exercised with the proceeds used to purchase Common Shares at the average market price during the year.

Deferred Income Tax

The Company uses the liability method of accounting for income taxes, whereby deferred income tax assets and liabilities are recognized based on temporary differences between the tax basis of assets and liabilities and their carrying amount in the Financial Statements, and for unused tax loss carry-forwards. Deferred tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted at the date of the Financial Statements. Deferred income tax assets are recognized only to the extent it is probable that taxable profit will be available to utilize the associated tax deductions. Deferred income tax assets and deferred income tax liabilities are offset, if a legally enforceable right exists to offset current tax assets against current income tax liabilities and the deferred income taxes relate to the same taxable entity and the same tax jurisdiction.

Segment reporting

Operating segments have been determined based on the nature of the Company's activities and the geographic locations in which the Company operates, and are consistent with the level of information regularly provided to and reviewed by the Company's chief decision makers.

Comparative information

Certain comparative information has been re-classified to conform to current presentation.

Significant accounting judgements and estimates

Critical judgements in applying accounting policies

The following are critical judgements that have the most significant effect on the amounts recognized in the Financial Statements.

The determination of the CGUs is subject to management judgement. The recoverability of the Company's D&P and E&E assets are assessed at the CGU level. A CGU is the lowest level at which there are identifiable cash inflows that are largely independent of the cash inflows of other CGUs. The classification of assets into CGUs requires significant judgement and interpretation. Management considers factors such as integration among assets, shared infrastructure, common sales points, geographical proximity, petroleum type and how management makes decisions about the Company's operations.

Management applies judgement in assessing the existence of indicators of impairment or impairment reversal at a CGU level on a quarterly basis, based on various internal and external factors. The key estimates applied in determining an acceptable range of recoverable amounts normally includes information on future commodity prices, expected production volumes, quantity of reserves, future development and operating costs, discount rates, and income taxes.

E&E assets are initially capitalized with the intent to establish commercially viable reserves. E&E assets include undeveloped land and costs related to exploratory wells. The Company is required to make estimates and judgements about future events and circumstances regarding the future economic viability of extracting the underlying resources. Changes to project economics, resource quantities, expected production techniques, unsuccessful drilling, expired mineral leases, production costs and required capital expenditures are important factors when making this determination. To the extent a judgement is made that the underlying reserves are not viable, the E&E costs will be impaired and charged to net earnings.

Inherent in the calculation of ARO are numerous assumptions and judgements including the ultimate settlement amounts, inflation factors, risk-free discount rates, timing of settlement and changes in the legal and regulatory environments. To the extent future revisions to these assumptions impact the measurement of the existing ARO, a corresponding adjustment is made to the D&P or E&E asset balance. The risk-free discount rate is based on the long-term bond yield. The ARO carrying value and accretion expense from period-to-period may differ due to changes in laws and regulations, technology, the expected timing of expenditures, and market conditions affecting the inflation and discount rates applied.

Key sources of estimation uncertainty

The following are key estimates and the assumptions made by management affecting the measurement of balances and transactions in the Financial Statements.

In a business combination, management makes estimates of the fair value of assets acquired and liabilities assumed which includes assessing the value of oil and gas properties based upon an estimation of recoverable quantities of proved and probable reserves being acquired.

The fair value assigned to the host contract of the senior credit facility and convertible bonds including the embedded derivative and warrants associated with this debt are based on the Company's estimate, calculated using assumptions including forward interest curves, credit worthiness of the Company and share price volatility. By nature, these estimates and assumptions are subject to uncertainty, and the actual fair value of the derivative liabilities may differ.

The Company's oil and natural gas reserves are evaluated by independent petroleum engineers and are determined in accordance with Canadian practices and specifically in accordance NI 51-101 and the Canadian Oil and Gas Evaluation Handbook. The estimation of reserves is a subjective process. Forecasts are based on engineering data, projected future rates of production, commodity prices and the timing of future expenditures, all of which are subject to numerous uncertainties and various interpretations. The Company expects that its estimates of reserves will change to reflect updated information. Reserve estimates can be revised upward or downward based on actual reservoir performance, the results from capital expenditure programs, revisions to previous estimates, new discoveries and acquisitions and dispositions during the year. By their nature, these estimates are subject to

measurement uncertainty, and the impact on the Financial Statements from changes in such estimates in future periods could be material. Changes in reserve estimates can affect the impairment of assets, including the reversal of previously recorded impairments, the estimation of ARO, the economic feasibility of E&E assets and the amounts recognized for depletion of D&P assets.

If indicators of impairment exist, the carrying value of each CGU is compared to its recoverable amount which is defined as the greater of its FVLCD and its VIU. The VIU is estimated as the present value of the future cash flows expected to arise from the continuing use of the CGU or an asset. The FVLCD is the amount that would be realized from the disposition of the asset or CGU in an arm's length transaction between knowledgeable and willing parties.

The fair value of derivative financial instruments (see note 25) is dependent upon forward commodity prices and the volatility of those prices.

Share-based compensation expense, warrants and derivative liabilities involves the Company's estimation of fair value, calculated using assumptions regarding the expected life of the option or warrant, interest rates and volatility. By their nature, these estimates and assumptions are subject to uncertainty, and the actual fair value of options or warrants may differ at any time.

Incremental borrowing rates are based on judgements including the Company's own credit risk, economic environment, term, currency and risks specific to the underlying assets. The carrying balance of the right-of-use assets, lease liabilities, and the resulting depreciation and amortization and finance expenses may differ due to changes in the market conditions and lease term.

Allowance for an expected credit loss ("**ECL**") is sensitive to changes in circumstances and of forecast economic conditions and may not be indicative of actual credit losses.

Provisions, commitments and contingent liabilities are estimated based on the terms of the related contracts and management's best knowledge at the time of issuing the Financial Statements. The actual results ultimately may differ from those estimates as future confirming events occur.

Future Changes in Accounting Policies

Amendments to IAS 1 – "Presentation of Financial Statements"

In January 2020, the IASB issued amendments to IAS 1, to clarify its requirements for the presentation of liabilities as current or non-current in the statement of financial position. In October 2022, the IASB issued further amendments, which specify the classification and disclosure of a liability with covenants. The amendments will be effective on January 1, 2024. The Company is currently assessing the impact of these amendments.

Amendments to IAS 8 – " Accounting Policies, Changes in Accounting Estimates and Errors"

In February 2021, the IASB issued amendments to IAS 8, which introduces a definition of "accounting estimates". The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed. The impact of the amendments is not material to the Financial Statements.

Amendments to IAS 12 – "Income Taxes"

In May 2021, the IASB issued amendments to IAS 12, which narrow the scope of the initial recognition exception under IAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. The impact of the amendments is not material to the Financial Statements.

IFRS Interpretation Committee Agenda Decision - Cash with Restriction on Use Arising from a Contract with a Third Party (IAS 7, Statement of Cash Flow)

In April 2022, the IFRS Interpretation Committee ("**IFRS IC**") concluded that restrictions on the use of cash held in escrow accounts arising from a contract with a third party may change the nature of the cash in a way that it would no longer meet the definition of cash in IAS 7, *"Statement of Cash Flow"*. If the entity cannot access the cash held in escrow, the entity should not include the escrowed funds as a component of "cash and cash equivalents" in the statements of financial position and the statements of cash flows. The impact of this IFRS IC agenda decision is not material to the Financial Statements.

4. RECENT DEVELOPMENTS AND IMPACT ON ESTIMATION UNCERTAINTY

Current Environment and Estimation Uncertainty

Since Russia's invasion of Ukraine in early 2022 there has been emerging global concerns over oil and natural gas supply, which has resulted in more volatile benchmark commodity prices. Additionally, the conflict contributed to increased inflationary pressures on governments, businesses and communities which have been rising since 2021. In response to increasing inflation central banks around the globe began increasing interest rates which continued throughout 2022. These events and economic conditions remain evolving situations that have had, and may continue to have, a significant impact on the Company's business, results of operations, financial condition and the environment in which it operates. Due to the uncertainty surrounding the magnitude, duration and potential outcomes of the above noted factors, management cannot reasonably estimate the length or severity of these events and conditions, or the extent to which they will impact the Company long-term, but the impact may be material.

Climate Change and Environmental Reporting Regulations

Regulations relating to climate and climate-related matters continue to evolve and may have additional disclosure requirements in the future. With respect to environmental, social, governance ("**ESG**") and climate reporting, the International Sustainability Standards Board ("**ISSB**") has issued an IFRS Sustainability Disclosure Standard with the aim to develop an environment sustainability disclosure framework that is accepted globally. In addition, the Canadian Securities Administrators ("**CSA**") have proposed National Instrument 51-107 – *Disclosure of Climate Related Matters*, with additional climate-related disclosure requirements for Canadian Public Companies. If the Company is unable to meet future sustainability reporting requirements of regulators or current and future expectations of stakeholders, its business and ability to attract and retain skilled employees, obtain regulatory permits, licenses, registrations, approvals, and authorizations from various governmental authorities, and raise capital may be adversely affected. The cost to comply with these standards, and others that may be developed or evolve over time, has not yet been quantified. The Company continues to monitor the evolving ESG regulations and its potential impact on the Company.

5. ACQUISITIONS

(a) 2021 Business Combination

On March 16, 2021, COPL's affiliate COPL America Inc. ("**COPLA**") closed the acquisition of 100% of Atomic Oil & Gas LLC ("**Atomic**"), Southwestern Production Corp. and Pipeco LLC (entities collectively, the "**Atomic Group**") (together the "**Atomic Group Acquisition**") for aggregate consideration of $54.1 million. The Atomic Group Acquisition established COPL as an oil producing company with revenue generation and growth opportunities in the US.

The Atomic Group's assets are located in the Powder River Basin, Wyoming, US, which includes two oil exploration units within its land position: a 55.6% working interest in the Barron Flats Deep Federal unit (the "**BFDU**"**)** and a 66.7% working interest in the Cole Creek unit (the "**CCU**") as well as a 58.0% working interest in the Barron Flats Shannon secondary recovery unit (the "**BFSU**"). The Atomic Group is the operator of all above mentioned oil and gas assets.

The Atomic Group Acquisition was accounted for in accordance with IFRS 3, "*Business Combinations*" using the acquisition method whereby the identifiable assets and liabilities assumed are recognized and measured at their fair value at the date of the acquisition. The ARO associated with the acquired assets were subsequently remeasured at the end of the reporting period using a risk-free discount rate, with the revaluation changes recognized in ARO and associated property and equipment balances in the Financial Statements.

In accordance with the Atomic Group Acquisition, the $54.1 million purchase price consisted of $50.1 million in cash and $4.0 million settled through the issuance of 8,188,733 Common Shares (collectively, the "**Atomic Purchase Price**"). The following purchase price allocation was based on management's best estimate of the fair value assigned to the assets acquired and the liabilities assumed as at March 16, 2021.

	Amount
Purchase consideration:	
Cash	50,079
Common Shares	4,000
Total consideration	**54,079**
Identifiable net assets:	
Cash	9,160
Working capital, net (excluding cash)	(11,469)
E&E assets (note 10)	1,665
P&E assets (note 11)	55,659
Right-of-use assets	41
ARO (note 16)	(977)
Total identifiable net assets	**54,079**
Goodwill (bargain purchase gain)	-

Acquisition costs directly attributable to the Atomic Group Acquisition were expensed as incurred. In aggregate, the Company incurred $2.6 million in acquisition costs, which exclude share issuance costs that are netted against share capital in the Financial Statements.

(b) 2022 Asset Acquisition

On July 26, 2022, COPLA closed the acquisition of the assets of Cuda Energy LLC ("**Cuda**") with the court-appointed receiver of Cuda for cash consideration of $19.2 million plus the assumption of Cuda's operating arrears owed to the Company of $1.7 million and acquisition costs of $0.1 million for a total cost of $21.0 million (the "**Cuda Asset Acquisition**"). Cuda's sole assets are non-operating interests in the BFSU (27.0% WI), the CCU (33.3% WI) and the BFDU (28.0%) complimentary to COPLA's assets. As such, COPLA became the majority owner of its Wyoming assets with operated interests of 85% to 100% across its assets in Wyoming, US.

The Cuda Asset Acquisition was accounted for as an asset acquisition in accordance with the concentration test pursuant to IFRS 3, "*Business Combinations*". The total acquisition cost of $21.0 million was recognized in property and equipment balances at the date of the acquisition as substantially all of the fair value of the gross assets acquired were concentrated in a group of similar identifiable assets, and as such the transaction was determined not to be a business combination.

The ARO was measured at $2.4 million associated with the acquired assets, using a risk-free discount rate of 3.27%, were recognized in ARO and as an addition to property and equipment balances in the Financial Statements.

In October 2022, COPL closed an additional minor acquisition of a 0.1% working interest in the BFSU for $0.1 million.

6. CASH AND CASH EQUIVALENTS

Cash balances earn interest, whenever possible, at floating rates based on daily bank deposit rates. The fair value of cash and cash equivalents was $4.0 million as at December 31, 2022 (December 31, 2021 - $7.8 million). The Company deposits its cash with reputable Canadian, US and Bermudian banks. The Company did not have any overdraft facilities in place as at December 31, 2022 and December 31, 2021.

7. INVESTMENT IN JOINT VENTURE

The Company currently holds a 50% interest in a jointly controlled entity, Shoreline Canoverseas Petroleum Development Corporation Limited ("**ShoreCan**"), focusing on the acquisition of upstream oil and gas exploration, development and producing assets in sub-Saharan Africa. The determination of ShoreCan as a joint venture was based on ShoreCan's structure through a separate legal entity whereby neither the legal form nor the contractual arrangement give the owners rights to the assets and obligations for the liabilities within the normal course of business, nor does it give the rights to the economic benefits of the assets or responsibility for settling liabilities associated with the arrangement.

From time to time the Company or its joint venture partner pay for ShoreCan's general and administrative expenses on behalf of the other partner. As at December 31, 2022, the Company had a receivable from its joint venture partner in respect of ShoreCan expenses of $0.4 million paid by the Company on the behalf of its joint venture partner. Since December 31, 2020, the Company has recognized a full allowance for the accounts receivable from its joint venture partner. Accordingly, an expected credit loss of $1,000 was recognized in the Company's consolidated statement of net loss for the year ended December 31, 2022 ($1,000 for the year ended December 31, 2021).

During the year ended December 31, 2022, COPL and its subsidiaries charged ShoreCan management and technical services of $0.2 million (2021 - $0.6 million) and charged an interest expense of $0.9 million (2021- $0.4 million). As at December 31, 2022, the Company had non-current receivables of $15.4 million due from ShoreCan under the terms of the funding agreement (December 31, 2021 - $14.3 million), which in accordance with the equity method of accounting for the ShoreCan joint venture the charges for management and technical services and interest expense were reversed from the Company's revenue and investment in the joint venture.

For the year ended December 31, 2022, the Company's share of ShoreCan's losses exceeded the Company's net investment in the joint venture of $1,000 (December 31, 2021 - $1,000). Accordingly, pursuant to the equity method, the Company recognized a loss on the investment in ShoreCan of $1,000 for the year ended December 31, 2022 (December 31, 2021 - $1,000). As the Company's share of ShoreCan's net liabilities exceeds the Company's net interest as at December 31, 2022, under the equity method, the Company discontinued recognizing its share of future losses and the carrying amount of the investment in the jointly controlled entity was $NIL as at December 31, 2022 (December 31, 2021 - $NIL).

As at the date of filing these Financial Statements, COPL has not provided any guarantee in respect of obligations, commitments and/or losses of ShoreCan.

The E&E assets acquired in 2021 for $1.7 million relate to the undeveloped land acquired as part of the Atomic Group Acquisition (see note 5a) that will require further exploration work and is pending a determination of proven or probable reserves.

E&E additions and ARO assets of $0.2 million (December 31, 2021 - $3.5) million relate to a successful discovery well drilled and completed in 2021 in the BFDU unitized exploration area. As the discovery well has potentially opened a new oil field development project and will be a critical source of knowledge to evaluate and plan the operational approach for the future drill program in the BFDU and CCU, the costs of the discovery well remain in E&E assets as at December 31, 2022.

Impairment

There are no indicators of impairment as at December 31, 2022.

D&P assets relate primarily to two oil producing units that were included in the Atomic Group Acquisition and the Cuda Asset Acquisition (see note 5a and 5b). At December 31, 2022, estimated future development costs of $426.7 million (December 31, 2021 – $272.4 million) associated with the development of the Company's proved and probable reserves were added to the Company's net book value in the depletion and depreciation calculation.

Impairment

There are no indicators of impairment as at December 31, 2022.

13. CONVERTIBLE BONDS

On July 26, 2022, the Company (the "**Issuer**") issued at a 22% discount to the principal face value, two series of unsecured convertible bonds with a principal face value amount of $25.2 million as follows:

- 63 bonds at a principal face value of $0.2 million per bond for an aggregate principal face value of $12.6 million maturing on July 26, 2024 (the **"2024 Bonds"**); and
- 63 bonds at a principal face value of $0.2 million per bond for an aggregate principal face value of $12.6 million maturing on July 26, 2025 (the "**2025 Bonds**", and collectively with the 2024 Bonds, the "**Bonds**").

The Bonds are anchored by a long-term, UK-based institutional shareholder (the "**Lead Investor**") and other investors (all investors collectively, "**Bondholders**").

Terms

The 2024 Bonds and 2025 Bonds have the same commercial terms, other than in relation to their maturity dates.

The Bonds are currently unsecured. However, upon security interests being granted in relation to a planned reserve based loan ("**RBL**") facility that refinances the senior credit facility (note 14), the Company is obliged to ensure that it and its subsidiaries grant the Bondholders a customary second ranking "security and guarantee package" covering the same security collateral as was provided in relation to the RBL. Moreover, while the Bonds are outstanding, the Company may not grant any security for financial indebtedness or financial indebtedness guarantees without (at the same time or before) granting a pari passu equivalent security package to the relevant Bondholders.

The Bonds were issued at a discount of 22% to the principal amount for proceeds of approximately $19.7 million.

The Bonds have a 13.0% interest rate per annum on the principal face value of the Bonds, which increases by 0.75% per annum quarterly from the issue date (each such anniversary an "**Interest Payment Date**") until maturity or, until the Company gives notice to the Bondholders that it shall pay all Bond interest in cash (the "**Cash Payment Notice**"). The Cash Payment Notice cannot be issued by the Company until the senior credit facility has been repaid and discharged. From the date the Company provides a Cash Payment Notice, the interest rate will decrease by 2.0% per annum and no further quarterly increases of 0.75% per annum will apply.

Unless the Company provides the Cash Payment Notice to the Bondholders, interest is accrued and its payment deferred until the earlier of: (a) conversion of the Bonds, at which time such accrued unpaid deferred interest will be included in the Conversion Payment (as defined below); and (b) maturity of the Bonds, at which time accrued unpaid deferred interest will be included in the maturity redemption amount; and (c) certain contingent "early exit" type scenarios for the Bondholders, which include the date of an acceleration notice delivered to the Company by a Bondholder and the Company deciding to redeem the Bonds ahead of the scheduled maturity, at which time accrued unpaid deferred interest will be payable.

However, from the date the Company provides a Cash Payment Notice, interest will be payable as follows: (a) all accrued unpaid deferred interest must be paid by the Company on the first Interest Payment Date after the Cash Payment Notice; (b) all interest relating to the interest period in which the Cash Payment Notice is given must be paid on the first Interest Payment Date after the Cash Payment Notice; and (c) all interest relating to an interest period falling after when the Cash Payment Notice is given must be paid on the Interest Payment Date at the end of such interest period.

Bondholders have the right to convert their Bonds at anytime (the "**Conversion Option**") at an initial fixed conversion price of £0.1675 ($0.2001) per Common Share, which is subject to customary anti-dilution protections and price re-adjustments. Further to the Bond instrument provisions, this initial fixed conversion price was reset to £0.1325 ($0.1583) per Common Share on December 26, 2022, which was the date falling 5 months after the issue date as the senior credit facility was not repaid and a Cash Payment Notice had not been issued prior to December 26, 2022.

The conversion of the Bonds also results in a payment due to the Bondholders (the "**Conversion Payment**") that is calculated as the sum of: (a) a redemption premium of 19% of the relevant principal face value of the Bonds being redeemed; (b) the relevant make whole amount calculated as the sum of the present values of all interest payable on the principal face value from the conversion date until maturity and discounted at 2% per annum on a

quarterly compounding basis; and (c) all accrued but unpaid interest, including deferred interest to the conversion date. Subject to the next paragraph, the Conversion Payment is payable as follows: (a) if a Cash Payment Notice has been given, the Conversion Payment shall be made 7 business days after the relevant conversion date; and (b) if a Cash Payment Notice has not yet been given, the Conversion Payment shall be deferred and paid on the earlier of: (i) the maturity date for the relevant Bonds; (ii) certain contingent "early exit" type scenarios for the Bondholders; and (iii) the Interest Payment Date immediately after when a Cash Payment Notice is given. If a Conversion Payment is deferred it will bear interest at the applicable interest rate referred to above from the day falling 6 months after the issue date until the relevant date for payment or as applicable the date that shares are delivered pursuant to the Share Settlement Option referred to below.

The Conversion Payment can at the Bondholder's option, be settled in shares (the "**Share Settlement Option**"**)** if a share settlement notice is issued by the Bondholder and: (a) no Cash Payment Notice has been given by the Company on or prior to such notice's date of issue; and (b) such notice is given on or after 45 days from the relevant conversion date. The Share Settlement Option provides for the Conversion Payment to be settled by the Company issuing a number of Common Shares that is calculated by dividing the Conversion Payment by the lowest daily volume weighted average market price of the Common Shares for the five consecutive trading days immediately after the date of the share settlement notice.

At the relevant maturity date, any relevant Bonds outstanding, except for the Bonds in which the Conversion Option has been exercised will be redeemed by the Company by a cash payment on the maturity date of the maturity redemption amount of: (a) 119% of the principal face value amount of the relevant Bonds; and (b) all accrued but unpaid interest up to the maturity date.

Subject to the right of each Bondholder to exercise its conversion rights, by giving not less than 30 days and not more than 45 days notice (the "**Issuer's Option Notice**"), the Issuer may at its option redeem all, but not some of the Bonds by the cash payment on the date (the "**Issuer Option Redemption Date**") specified in the Issuer Option Notice of an early redemption amount (the "**Issuer Call Early Redemption Amount**") in respect of each Bond outstanding, at any time on or after the date falling six months after the issue date, if the value of a Bond as determined by the calculation agent, on at least 20 dealing days in any period of 30 consecutive dealing days not ending earlier than 7 dealing days prior to the giving of the relevant Issuer Option Notice, has exceeded US$0.26 million (such option of the Company being the "**Issuer's Prepayment Option**"). The Company may not exercise the Issuer's Prepayment Option prior to the date falling 6 months after the issue date. The Issuer Call Early Redemption Amount is comprised of: (a)(i) 114% of the principal face value of the relevant Bonds if the redemption date falls into the period between 6 and 12 months from the issue date; or (ii) 109% of the principal face value of the relevant Bonds if the redemption falls into a period after 12 months from the issue date; (b) the relevant make whole amount calculated as the sum of the present values of all interest payable from the Issuer Option Redemption Date until maturity and discounted at 2% per annum on a quarterly compounding basis; and (c) all accrued but unpaid interest up to, but excluding the Issuer Option Redemption Date including any deferred interest.

Subject to a fundamental change event or an event of default, the Bondholder will have the right to require the Issuer to redeem in cash any of its Bonds (the "**Bondholders' Redemption Option**") in an amount equal to: (a) 119% of the principal face value amount of the relevant Bonds; (b) the relevant make whole amount calculated as the sum of the present values of all interest payable from the Issuer Option Redemption Date until maturity and discounted at 2% per annum on a quarterly compounding basis; and (c) all accrued but unpaid interest up to, but excluding the Issuer Option Redemption Date including any deferred interest. A fundamental change event is defined as a change in control, a de-listing event or a free float event, which is Common Shares held by shareholder groups holding less than 5% of the Company's outstanding share capital falling below 20% of the total outstanding share capital of the Company for a period of 20 consecutive business days.

The documentation relating to the Bonds contains various non-financial covenants, including in relation to anti-dilution matters and protection of rights relating to shares and events of default, including in relation to insolvency type matters, non-payment, non-performance, and cross-default under other financial indebtedness of the Company or its material subsidiaries. As at December 31, 2022, the Company was in compliance with the non-financial covenants. There is a calculation agent involved in performing and providing the various relevant calculations flowing from the documents relating to the Bonds, which are generally binding on all parties.

December Tap 2025 Bonds

On December 30, 2022, the Company issued to one Bondholder 20 additional 2025 Bonds with a principal face value amount of $4.0 million (the "**December Tap 2025 Bonds**") at a 20% discount to the principal face value of the 2025 Bonds for proceeds of approximately $3.2 million. The December Tap 2025 Bonds have the same terms as the original 2025 Bonds, including a deemed issue date of July 26, 2022, and as such formed a single series with the 2025 Bonds issued in July 2022. For accounting purposes, the December Tap 2025 Bonds are recorded separately to facilitate the calculation of a deferred loss.

Bondholders' Warrants

On July 26, 2022, the Company also issued to the Bondholders a total of 54,792,590 Common Share purchase warrants (the "**July 2022 Bondholders' Warrants**") as an additional compensation to the Bondholders for their participation in the Bonds issue. Each July 2022 Bondholders' Warrant entitles the holder to purchase one Common Share at an exercise price of £0.1675 ($0.2001) per Common Share on or before January 26, 2025.

The exercise price of the July 2022 Bondholders' Warrants is denominated in GBP, and the Company's functional currency is US$. Accordingly, due to the variability in exchange rates this would not result in a fixed amount of equity instruments being issued for a fixed price and as such the July 2022 Bondholders' Warrants are classified as a derivative financial instrument and subsequently revalued at each balance sheet date.

The fair value of the July 2022 Bondholders' Warrants as of July 26, 2022, estimated at $6.2 million, using a Black-Scholes option pricing model, was recognized as a derivative liability as at the date of issue of these July 2022 Bondholders' Warrants. As at December 31, 2022, the fair value of the July 2022 Bondholders' Warrants was estimated to be $6.4 million. Accordingly, the Company recognized a loss on the derivative liability of $0.2 million in net earnings.

On December 30, 2022, the Company issued 12,760,572 Common Share purchase warrants to the Bondholder of the December Tap 2025 Bonds (the "**December 2022 Bondholders' Warrants**"). Each December 2022 Bondholders' Warrant entitles the holder to purchase one Common Share at an exercise price of £0.135 ($0.1627) on or before June 30, 2025.

The fair value of the December 2022 Bondholders' Warrants as of December 30 and 31, 2022, estimated at $1.8 million, using a Black-Scholes option pricing model, was recognized as a derivative liability as at the date of issue of these December 2022 Bondholders' Warrants.

The following assumptions were used for the Black-Scholes option pricing model to estimate the fair value of the July 2022 Bondholders' Warrants and the December 2022 Bondholders' Warrants (collectively the "**Bondholders' Warrants**") at the dates of valuation:

	July 2022 Bondholders' Warrants	**July 2022 Bondholders' Warrants**	**December 2022 Bondholders' Warrants**
	July 26, 2022	**December 31, 2022**	**December 31, 2022**
Risk-free interest rate	3.02%	4.40%	4.30%
Weighted average life (years)	2.50	2.07	2.50
Expected volatility	87%	82%	82%

COPL's share price*	$0.21	$0.23	$0.23

*Closing price on the LSE, translated into US$ as at the date of valuation.

Costs related to the issue of Bonds

In connection with the issue of the Bonds, the Company incurred brokers' fees (the "**July 2022 Bond Brokers' Fees**") for a total of $1.2 million that was paid by the issue of 5,895,000 Common Shares to brokers on August 9, 2022. The Company also issued 5,895,000 Common Share purchase warrants to its brokers (the "**July 2022 Bond Brokers' Warrants**") as additional compensation. Each July 2022 Bond Brokers' Warrant entitled the

holder to purchase one Common Share at an exercise price of £0.1675 ($0.2001) per Common Share on or before October 24, 2022.

The fair value of the July 2022 Bond Brokers' Warrants as at July 26, 2022 was estimated at $0.25 million, using a Black-Scholes option pricing model. Given that fees and warrants represent payments to the brokers in respect of issue of the Bonds, they are recognized as transaction costs and are not subject to further revaluations.

The following assumptions were used for the Black-Scholes option pricing model to estimate the fair value of the July 2022 Bond Brokers' Warrants at the date of valuation:

	July 26, 2022
Risk-free interest rate	1.86%
Weighted average life (years)	0.25
Expected volatility	90%
Expected dividend yield	-
COPL's share price*	$0.21

*Closing price on the LSE, translated into US$ as at the date of valuation.

Other costs related to the Bonds include $0.4 million of Bondholders' legal fees, $0.7 million of Issuer's legal and advisory fees and $0.1 million of calculation agent fees.

On October 24, 2022, the July 2022 Bond Brokers' Warrants of 5,895,000 expired unexercised. The fair value of the unexercised warrants for a total amount of $0.25 million was recognized as an addition to share capital and a respective decrease in the warrants.

No brokers' fees were incurred in connection to the issue of the December Tap 2025 Bonds and legal and calculation agent fees amounted to $0.2 million.

Conversions

During 2022, the Company received conversion notices from Bondholders to convert seven of the 2024 Bonds and 18 of the 2025 Bonds with a total principal amount of $5.0 million. Further to the conversion provisions and calculations confirmed by the calculation agent, the Company issued a total of 24,987,502 Common Shares in respect of the conversion of these Bonds.

In addition, one of the 2024 Bonds with a principal amount of $0.2 million was converted on December 30, 2022 and the respective 1,263,423 Common Shares were issued on January 6, 2023. Accordingly, as at December 31, 2022, the Company recognized the value of this converted 2024 Bond of $0.3 million as "unissued share liability".

As at December 31, 2022, there were 55 unconverted 2024 Bonds with a principal amount of $11.0 million, 45 unconverted 2025 Bonds with a principal amount of $9.0 million and 20 unconverted December Tap 2025 Bonds with a principal amount of $4.0 million.

Reporting

The Bonds include multiple embedded derivatives, consisting of the Conversion Option, the Share Settlement Option, the Issuer's Prepayment Option and the Bondholders' Redemption Option (collectively the "**Embedded Derivatives**"). Based on the terms, as described earlier in this section, the Company has determined that with the exception of the Issuer's Prepayment Option, which could be optionally bifurcated, these Embedded Derivatives would otherwise require bifurcation. The Company has elected to account for the entire hybrid instrument, being the 2024 Bonds and 2025 Bonds, at FVTPL. The Company made this election on the basis that recognizing the hybrid instruments at FVTPL provides more relevant information. In assessing the appropriateness of electing the fair value option, the Company considered that the Embedded Derivatives shared risks related to credit worthiness of the Company, market interest rates and share price volatility. The Bonds also measured at FVTPL, as opposed to amortized cost, also share such risks with the Embedded Derivatives. By recognizing the entire hybrid instrument at FVTPL, the Company is of the view that it eliminates the mismatch that would otherwise be created by bifurcating each of the Embedded Derivatives.

As at July 26, 2022, the FVTPL liability (the "**Bonds' FVTPL**") was estimated to be $24.5 million for the 2024 Bonds and $29.1 million for the 2025 Bonds, by the Company's external valuators, using a valuation model with major assumptions as provided in the table below. The initial fair value loss (the "**Deferred Loss**") was $18.3 million for the 2024 Bonds and $21.8 million for the 2025 Bonds, which is deferred and amortized on a straight-line basis over the life of the respective Bonds series. The fair value loss is deferred as there are significant unobservable inputs used in valuation model.

As at December 31, 2022, the FVTPL liability was estimated to be $9.8 million for the December Tap 2025 Bonds, by the Company's external valuators, using a valuation model with major assumptions as provided in the table below. The initial fair value loss (the "**Tap Deferred Loss**") was $8.3 million for the December Tap 2025 Bonds, which is deferred and amortized on a straight-line basis over the life of the December Tap 2025 Bonds. The fair value loss is deferred as there are significant unobservable inputs used in valuation model.

The following table provides a summary of the Deferred Loss and Tap Deferred Loss as at December 31, 2022:

	2024 Bonds Deferred Loss	2025 Bonds Deferred Loss	December Tap 2025 Bonds Deferred Loss	Total
Balance, beginning of year	-	-	-	-
Deferred Loss on initial recognition	18,326	21,818	8,313	48,457
Amortization	(3,782)	(2,719)	(9)	(6,510)
Accelerated amortization on conversions	(1,410)	(3,608)	-	(5,018)
Balance, end of the year	**13,134**	**15,491**	**8,304**	**36,929**

Due to the recognition of the Bonds at FVTPL, all of the costs related to issue of the Bonds for a total of $2.8 million, representing transaction costs, were recognized as finance expenses in net earnings.

At each reporting date as well as upon each conversion date of the Bonds, the Company reassesses the fair value of its Bonds and records any gain or loss that is attributable to changes in the Company's credit risk in other comprehensive loss, and the remaining change in net earnings. For the year ended December 31, 2022, there was no gain or loss attributable to the change in the Company's credit risk.

At each conversion date of the Bonds, a value of Common Shares issued further to the conversions is recognized at an approximate amount of fair value of the converted Bonds less the fair value of the related Conversion Payment that remains within the fair value of the Bonds. The Company recorded additional share capital of $1.6 million in respect of the converted 2024 Bonds, $4.9 million in respect of the converted 2025 Bonds for the year ended December 31, 2022 and an unissued share liability of $0.3 million in respect of one 2024 Bond converted on December 30, 2022 with the respective Common Shares issued on January 6, 2023.

As at December 31, 2022, the Bonds' FVTPL, which includes the fair value of the Conversion Payment related to the Bonds converted during the reporting period were reassessed at $23.7 million for the 2024 Bonds and $25.2 million for the 2025 Bonds, using a valuation model with major assumptions as provided in a table below. The Company records the adjustment to recognize the Bonds at fair value as a gain or loss, along with the corresponding amortization of the Deferred Loss and the Tap Deferred Loss. Further, upon conversion of the Bonds the remaining amortization of the respective amount of the Deferred Loss is accelerated and recognized in gain or loss. As a result, the Company recognized a loss of $6.4 million in respect of the 2024 Bonds and a loss of $7.3 million in respect of the 2025 Bonds for the year ended December 31, 2022.

The following major assumptions were used by the Company's external valuators in the valuation model based on the finite difference method to estimate the fair value of the Bonds' FVTPL at the dates of valuation:

	2024 and 2025 Bonds			December Tap 2025 Bond
	as at July 26, 2022	for conversions from July 29, 2022 to Sept 15, 2022	as at December 31, 2022	as at December 31, 2022

The following table provides a summary of the Bonds and related liabilities as at December 31, 2022:

As at December 31, 2022, the Company would be contractually required to pay at maturity a maximum of $17.4 million in respect of the 2024 Bonds, $18.0 million in respect of the 2025 Bonds and $6.8 million in respect of the December Tap 2025 Bonds, assuming that the Bonds are not repaid in cash earlier than at maturity, that all outstanding Bonds are not converted before maturity, and that none of the Bondholders that already converted the Bonds elects to receive its Conversion Payment in shares earlier than at maturity.

14. SENIOR CREDIT FACILITY

The Atomic Group Acquisition was funded in part with debt through a loan agreement dated March 16, 2021 between a US based global investment firm (the "**Lender**") and COPLA (the "**Borrower**") repayable within a four-year term (collectively, the "**Senior Credit Facility**" or the "**SCF**"). To fund the Atomic Group Acquisition, the Borrower drew an initial principal loan amount of $45.0 million. The amount funded to COPLA of approximately $43.2 million, net of financing and transaction costs was used to settle Atomic's previously outstanding external debt of $26.1 million, a $10.0 million payment to the vendor, $5.0 million of the Atomic Purchase Price initially withheld and paid subsequent to March 16, 2021, and the remainder for funding ongoing US operations. The Senior Credit Facility is secured with all the assets of COPLA.

The Senior Credit Facility agreement is subject to an interest rate at the London Interbank Offered Rate ("**LIBOR**"), with a floor of 2.0% plus 10.5% per annum. The outstanding loan principal is repaid monthly by COPLA's cash resources less expenditures approved by the Lender in excess of $2.5 million, or COPLA may prepay amounts outstanding subject to prepayment premiums. The Senior Credit Facility includes mandatory prepayments toward amounts outstanding for any COPLA transactions that are: (a) assets sales greater than $0.15 million per transaction or $0.25 million in aggregate over the term of the Senior Credit Facility; (b) insurance proceeds greater than $0.15 million and (c) issuance of indebtedness, extraordinary receipts and equity issuances by COPLA.

The Senior Credit Facility includes the following covenants: spending on capital expenditures subject to lender approval, and the maintenance of certain financial ratios for asset coverage (1.5:1), a leverage ratio (2.5:1) and liquidity (45-day minimum average balance of unrestricted cash must be at least $2.5 million). Financial ratio covenants were applicable for the periods commencing after the first anniversary of the SCF, which was March 31, 2022. The Senior Credit Facility did not require security or guarantees to be provided by the Company or its wider group outside of the US and all financial ratios are calculated with reference to only COPLA and its US subsidiaries.

The Senior Credit Facility has an accordion feature whereby the Borrower may draw upon up to a maximum of $20.0 million for future development, at the sole discretion of the Lender. As at December 31, 2022, the accordion feature was undrawn.

Under a separate warrant purchase agreement dated March 16, 2021, the Lender was granted warrants representing 5% of the fully diluted common shares of COPLA for an exercise price of $0.01 per share. Pursuant to a third amending agreement to the Senior Credit Facility effective as of March 31, 2022, the Lender was granted on April 6, 2022 warrants representing an additional 1% of the fully diluted common shares of COPLA for an exercise price of $0.01 per share for a combined total warrant coverage of 6% of such fully diluted shares (collectively, the "**Lender Warrants**"). The Lender Warrants may be exercised, in whole or in part, at any time and from time to time from and after March 16, 2021 until the later of (i) the 60th day following the date on which the Senior Credit Facility is paid in full and (ii) March 16, 2025. Upon the occurrence of certain trigger events, the Lender would be entitled to redeem such Lender Warrants for an amount equal to the greater of 6% of the Company's market capitalization and 6% of the net asset value of COPLA at such time, subject to certain adjustments. The Lender Warrants were issued as a requirement of the Lender for providing the Senior Credit Facility and are part of the cost of debt and factored into the overall determination of the effective interest rate for the facility. As the Lender Warrants are puttable financial instruments at the option of the Lender, following the occurrence of certain trigger events, the Lender Warrants are classified as derivative liabilities recognized at fair value upon issuance and measured at each reporting period end with changes in fair value recognized in net earnings.

On June 30, 2022, pursuant to a fourth amending agreement to the Senior Credit Facility, the Company repaid $2.9 million of the principal loan balance and $0.3 million in related fees that were recognized as finance costs. Accordingly, the outstanding principal amount of the Senior Credit Facility was $42.1 million as at December 31, 2022.

The following table provides a summary of the Senior Credit Facility including associated derivative liabilities as at December 31, 2022:

	Senior Credit Facility	Derivative Liabilities (note 15)	Total

As at March 16, 2021, the fair value of the Senior Credit Facility of $45.0 million was assigned as follows: $35.0 million, net of financing costs of $2.9 million to the SCF, $4.9 million to the Lender Warrants and $2.3 million to the LIBOR floor.

(a) As at December 31, 2022, the Lender Warrants were revalued at $8.0 million using 6% of COPL's market capitalization on a fully diluted basis (December 31, 2021 - $2.2 million using 5% of COPL's market capitalization on a fully diluted basis). The resulting change in fair value of $5.8 million related to an initial valuation of the additional 1% Lender Warrants of $0.9 million recognized in financing costs pursuant to a third amending agreement to the Senior Credit Facility and a loss on derivative liabilities of $4.9 million for the year ended December 31, 2022 (see note 22).

(b) The LIBOR floor was assessed to be an embedded derivative. As at March 16, 2021, the LIBOR floor was in-the-money, and the forward curve for one-month LIBOR over the term of the SCF indicated that it will remain in the money for the duration of the Senior Credit Facility. Therefore, the LIBOR floor is not closely related to the host debt contract of $45.0 million, and is recognized as a derivative liability that is revalued at each reporting period end with resulting changes in fair value recognized in net earnings. As at December 31, 2022, the LIBOR floor was revalued at $0.1 million (December 31, 2021 - $1.3 million) and the resulting change in fair value was recognized as a gain on derivative liabilities of $1.2 million for the year ended December 31, 2022 (see note 22).

(c) Aggregate financing costs associated with the Senior Credit Facility of $3.4 million were allocated to the three components of the Senior Credit Facility based on the relative fair value of each component. The costs of $2.9 million associated with the loan portion of $35.0 million form part of the amortized costs of the loan used to determine the effective interest rate of 20.9%, which increased to 23.3% as at December 31, 2022 due to the forward LIBOR rate in excess of the 2.0% floor. The proportionate financing costs of $0.5 million associated with the initial valuation of the derivative liabilities of the LIBOR floor and the Lender Warrants were expensed on the inception date of the debt.

(d) The principal repayment of $2.9 million in the year resulted in a loss on the loan modification of the SCF of $0.5 million to be recognized in net earnings.

During the year ended December 31, 2022, COPLA paid interest on this loan in the amount of $5.9 million (December 31, 2021 - $4.6 million).

As at December 31, 2021, the Borrower was in default on the Senior Credit Facility with respect to the following:

- failure to meet liquidity covenants at November 30, 2021 and February 28, 2022 due mainly to an uncollected joint interest receivable from Cuda, which was a joint interest partner in receivership as disclosed in note 5(b); and
- failure to notify the Lender of material events involving Cuda.

Due to these defaults, the Company had classified the Senior Credit Facility as a current liability as at December 31, 2021. On March 31, 2022, the Borrower received a waiver from the Lender with respect to the above-noted defaults subject to certain conditions including the delivery of an Approved Plan of Development ("**APOD**") from March 1, 2022 to December 31, 2022, a waiver fee of $1.18 million and an increase of the Lender Warrants to 6% of the common shares in the Borrower, all of which have been satisfied. Due to the waiver, the Company was not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at March 31, 2022.

On June 30, 2022, the Borrower received a waiver from the Lender for not meeting the requirements of the leverage ratio of 2.75:1.0 as at June 30, 2022 subject to certain conditions including the delivery of an updated APOD from March 1, 2022 to December 31, 2022, closing the Cuda Asset Acquisition by July 31, 2022 (note 5b) and the contribution of $8.0 million from the Company to COPLA, all of which have been satisfied. Due to the waiver, the Company was not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at June 30, 2022.

On September 30, 2022, the Borrower received a waiver from the Lender for not meeting the requirements of the leverage ratio of 2.50:1.0 as at September 30, 2022 subject to certain conditions including the delivery of an updated APOD from August 1, 2022 to December 31, 2022, a new APOD from January 1, 2023 to March 31, 2023 and the payment of a waiver fee of $0.6 million, all of which have been satisfied. Due to the waiver, the Company was not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at September 30, 2022

On December 30, 2022, the Borrower received a waiver from the Lender for not meeting the requirements of the leverage ratio of 2.50:1.0 and a 45-day minimum average balance of unrestricted cash of at least $2.5 million as at December 31, 2022 subject to the following conditions:

- the Borrower to provide an APOD acceptable to the Lender on or before March 31, 2023 that relates to spending from April 1, 2023 to June 30, 2023, which has been satisfied;
- the Company to contribute $2.0 million to COPL no later than January 2, 2023, which has been satisfied; and
- the Borrower to pay a waiver fee of $0.4 million at the earliest of: (i) the date the Senior Credit Facility is paid in full; or (ii) March 31, 2023.

Due to the waiver, the Company is not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at December 31, 2022.

In addition, the December 30, 2022 waiver provides for the required liquidity of at least $2.5 million based on 45-day minimum average balance of unrestricted cash to be temporarily changed to liquidity of at least $2.0 million and based on the preceding 30-day minimum average balance of unrestricted cash as at January 31, 2023 and February 28, 2023.

On February 28, 2023, the Borrower received a waiver from the Lender for not meeting the requirements of the 30-day minimum average balance of unrestricted cash of at least $2.0 million as at February 28, 2023 and provided that the average balance of unrestricted cash to be temporarily changed to a liquidity of at least $2.5 million based on the preceding 59-day minimum average balance of unrestricted cash as at March 14, 2023, which has subsequently been amended by the Lender to March 25, 2023.

On March 13, 2023, the Borrower received a waiver from the Lender for the expiration of certain leases totaling 2,693 net acres of undeveloped land in the BFDU. These lands had no net book value on the Financial Statements and as such, the expiration was not considered an indicator of impairment.

On March 24, 2023, the Borrower received a waiver from the Lender for the liquidity covenant as at March 31, 2023 and the asset coverage ratio of 1.5:1 and leverage ratio of 2.5:1 as at March 31, 2023 and June 30, 2023

subject to the following conditions:

- the Borrower shall provide an APOD acceptable to the Lender on or before April 7, 2023 that relates to spending from March 24, 2023 to December 31, 2023;
- the Company shall contribute $8.0 million to COPLA no later than March 24, 2023, which has been satisfied; and
- an increase of the Lender Warrants to 8.5% of the common shares in the Borrower.

The Lender also has an option to receive Bonds on economic terms no less favorable than the Bonds issued in March 2023 (see note 30) in exchange for future interest payments.

(b) January 2021 Non-brokered Placing

During the first quarter of 2021, further to a non-brokered placing that closed in the UK (the "**January 2021 Non-brokered Placing**"), the Company issued a total of 44,425,000 units at a price of £0.20 ($0.27) per unit for gross proceeds of £8.9 million ($12.1 million). Each unit consisted of one Common Share and one half of one Common

Share purchase warrant (the "**January 2021 Unit Warrants**"). Each January 2021 Unit Warrant entitled the holder thereof to purchase one Common Share at an exercise price of £0.26 ($0.35) per share on or before January 8, 2022.

The 44,425,000 Common Shares related to the January 2021 Non-brokered Placing were issued between January 8, 2021 and March 12, 2021.

In addition, on January 11, 2021, 575,000 units with a value of £0.12 million ($0.16 million) at a deemed price of £0.20 ($0.27) per unit were issued to the Company's CEO further to the extinguishment of a CEO loan agreed to be on same terms as the January 2021 Non-brokered Placing, further to a placing agreement signed with the CEO on December 23, 2020.

The fair value of the 22,500,000 January 2021 Unit Warrants was estimated at $2.1 million, using a Black-Scholes option pricing model with assumptions as noted in a table below and was netted against proceeds from share capital and a derivative liability of $2.1 million was recognized as at January 8, 2021, which was the legal issue date of the January 2021 Unit Warrants. The exercise price of the January 2021 Unit Warrants is denominated in GBP, and the Company's functional currency is US$. Accordingly, due to the variability in these exchange rates, the Unit Warrants are classified as a derivative financial instrument.

The derivative liability of the January 2021 Unit Warrants outstanding, net of 15,300,000 January 2021 Unit Warrants that were exercised, as discussed below was revalued as at December 31, 2021 and a related derivative loss of $2.6 million was recognized (see note 22).

In connection with the January 2021 Non-brokered Placing, the Company paid and issued:

- to a first finder a cash finders' fee of £35,000 ($47,500) and issued 187,500 Common Share purchase warrants (the "**January 2021 1st Finders' Warrants**") as additional compensation to the finder; and
- to a second finder on March 9, 2021 the Company issued 2,850,417 Common Shares as a payment for a finder's fee (the "**January 2021 1st Finders' Fee")**, representing a 7% commission in respect of placings arranged by the second finder. Accordingly, the Company recognized £1.0 million ($1.3 million), being the fair value of these shares as at the issue date, as an addition to the share capital and an addition to share issue costs related to the January 2021 Non-brokered Placing. In addition, the Company issued 3,054,018 Common Share purchase warrants (the "**January 2021 2nd Finders' Warrants**") as additional compensation for the finder.

Each 1st Finders' Warrants and 2nd Finders' Warrants entitled the holder thereof to purchase one Common Share at an exercise price of £0.26 ($0.35) per Common Share on or before January 8, 2022. The fair value of the finders' warrants, estimated using a Black-Scholes option pricing model with assumptions as noted in a table below were $18,000 for the 1st Finders' Warrants and $0.3 million for the 2nd Finders' Warrants and were recognized in equity as warrants and netted against proceeds from the January 2021 Non-brokered Placing as share issue costs.

The net proceeds from the January 2021 Non-brokered Placing were used to make the initial, partial payments of the Atomic Purchase Price (see note 5a) as well as to cover the Company's ongoing general and administrative costs.

The following assumptions were used for the Black-Scholes option pricing model to estimate the fair value of January 2021 Unit Warrants, the January 2021 1st Finders' Warrants and the January 2021 2nd Finders' Warrants at the valuation dates:

	January 8, 2021	December 31, 2021

Further to an exercise of January 2021 Unit Warrants, the Company received $5.5 million and issued 15,300,000 Common Shares between March 9, 2021 and August 25, 2021.

The fair value of the exercised January 2021 Unit Warrants estimated at $4.6 million in total was recognized as an addition to the share capital and respective decrease in the derivative liability. The following assumptions were used for the Black-Scholes option pricing model to estimate the fair value of January 2021 Unit Warrants exercised:

Each unit consisted of one Common Share and one half of one Common Share purchase warrant ("**April 2022 Unit Warrants**"). Each April 2022 Unit Warrant entitled the holder thereof to purchase one Common Share at an exercise price of £0.24 ($0.31) per share on or before October 22, 2022.

The fair value of the 24,965,000 April 2022 Unit Warrants was estimated at $1.3 million, using a Black-Scholes option pricing model with assumptions as noted in a table below, and was netted against proceeds from share capital, and a derivative liability of $1.3 million was recognized as at April 22, 2022. The exercise price of the April 2022 Unit Warrants is denominated in GBP, and the Company's functional currency is US$. Accordingly, due to the variability in these exchange rates, the April 2022 Unit Warrants were classified as a derivative financial instrument. The April 2022 Unit Warrants were revalued as at September 30, 2022 to $NIL, and a related derivative gain of $1.2 million was recognized in net earnings for the year ended December 31, 2022 (see note 22). On October 22, 2022, April 2022 Unit Warrants of 24,965,000 expired unexercised.

In connection with the April 2022 Brokered Placing, the Company paid in cash a brokers' fee of approximately £0.5 million ($0.6 million) and issued 1,997,200 Common Share purchase warrants ("**April 2022 Brokers' Warrants**") to the brokers as an additional compensation. Each April 2022 Brokers' Warrant entitles the holder thereof to purchase one Common Share of the Company at an exercise price of £0.25 ($0.32) per Common Share on or before April 22, 2024. The fair value of the April 2022 Brokers' Warrants of $0.2 million, estimated using a Black-Scholes option pricing model with assumptions as noted in a table below, was recognized in equity as warrants and netted against proceeds from the April 2022 Brokered Placing as share issue costs.

The Company incurred approximately $1.0 million of total costs in connection with the April 2022 Brokered Placing. In addition to brokers' fees paid in cash and the fair value of April 2022 Brokers' Warrants issued to brokers, these share issue costs also include legal, LSE, transfer agent and consulting fees of approximately $0.2 million.

The Company used the net proceeds from the April 2022 Brokered Placing to finance operating and capital expenditures and to cover the Company's ongoing general and administrative costs.

The following assumptions were used for the Black-Scholes option pricing model to estimate the fair value of the April 2022 Unit Warrants and the April 2022 Brokers' Warrants at the various valuation dates:

	Brokers' Warrants April 22, 2022	Unit Warrants April 22, 2022	Unit Warrants Sept 30, 2022
Risk-free interest rate	1.72%	1.26%	1.98%
Weighted average life (years)	2.0	0.5	0.1
Expected volatility	90%	90%	88%
Expected dividend yield	-	-	-
COPL's share price*	$0.26	$0.26	$0.16

(b) Incentive Stock Options

Pursuant to the Company's stock option plan, if the Company consolidates the outstanding number of common Shares into a lesser number of Common Shares, the stock option exercise price, the number of stock options and the number of shares to be received on the exercise of the stock options shall be adjusted accordingly. The number and weighted average exercise price of the stock options have been retrospectively restated for all periods to reflect the Share Consolidation effected on October 1, 2021.

The Company has a stock option plan where the number of Common Shares reserved under the plan shall not exceed 10% of the issued and outstanding Common Shares and the number reserved for any one individual may not exceed 5% of the issued and outstanding Common Shares. Exercise prices for stock options granted are determined by the closing market price on the day before the date of grant.

On January 29, 2022, the Company granted to its directors, officers and employees 15,430,000 stock options to acquire the Company's Common Shares at an exercise price of $0.42 (CAD$0.54) per share, with 13,380,000 options vesting immediately and 2,050,000 vesting after the first anniversary of the date of grant and all options expire five years from the date of grant. The related share-based compensation expense of $3.7 million has been recognized in the net earnings for the year ended December 31, 2022, respectively, and as an addition to the contributed capital reserve.

The fair value of each option granted was estimated on the date of grant using a Black-Scholes option pricing model with the following assumptions:

	January 29, 2022
Risk-free interest rate	1.42%
Weighted average life (years)	3.0
Expected volatility	90%
Expected dividend yield	-
COPL's share price*	$0.42

*Closing price on the CSE, translated into US$ as at the date of valuation.

As at December 31, 2022, a total of 18,020,796 stock options to purchase Common Shares were outstanding, having a weighted average exercise price of $0.43 per Common Share and a remaining weighted average contractual life of 3.9 years.

The Company has an unrecognized deferred tax asset of $29.9 million as at December 31, 2022 (December 31, 2021 - $23.1 million) as a result of the uncertainty that future cash flows will be sufficient to realize the deferred tax asset.

As at December 31, 2022, the Company had approximately $42.5 million (December 31, 2021 - $38.7 million) of non-capital losses, which can be applied against taxable income earned in Canada with the expiry dates between December 31, 2026 and December 31, 2042. The Company also had approximately $32.7 million (December 31, 2021 - $17.1 million) of net operating losses in the US, which can be carried forward indefinitely to reduce taxable income earned in US.

As at December 31, 2022, the Company also had capital losses of approximately $7.7 million (December, 31, 2021 - $8.3 million), which will carry forward indefinitely to reduce capital gains taxed in Canada.

24. RELATED PARTY TRANSACTIONS

(a) Related parties

Related parties include subsidiaries, joint arrangements, key management personnel, the directors, immediate family members of key management personnel and directors, and entities which are, directly or indirectly, controlled by, jointly controlled by or significantly influenced by key management personnel, directors or their close family members.

(b) Other transactions with directors and officers

As at December 31, 2022, the Company had the following balances due to/from its directors and officers:

- $268,000 due to Directors in respect of third and fourth quarter directors' fees earned but not paid as at December 31, 2022.
- accounts receivable from officers of $9,000 in respect of travel advances and withholding taxes; and
- accounts payable to officers of $7,000 in respect of travel and office expenses.

(c) Remuneration of directors and other key management personnel

	December 31, 2022	December 31, 2021
Salaries and benefits	**2,249**	1,832

Salaries and benefits include annual salaries, bonuses, health benefits and other taxable benefits for officers and directors' fees.

In 2022, the Company granted to its directors and officers 11,430,000 stock options to acquire the Company's Common Shares at an exercise price of CAD$0.54 ($0.42) per share. The options vested immediately and expire five years from the date of grant. There were no stock options granted to the Company's directors and officers in 2021.

(d) Other Related Party Transactions

The Company employs a family member of a member of key management under normal commercial terms. Total salary and benefits paid to this individual for the year ended December 31, 2022 amounted to $221,000 (2021 - $134,000). In addition, this individual was granted 400,000 stock options on January 29, 2022 on the same terms as discussed above. There are no accounts receivable due from, or accounts payable due to this individual as at December 31, 2022.

During the year ended 2021, a family member of a member of key management provided consulting services under normal commercial terms. Total consulting fees paid to this individual for the year ended December 31, 2021 amounted to $1,200. No such services were provided by this individual during the year ended December 31, 2022.

(e) Transactions with Joint Venture

In the normal course of operations, the Company enters into transactions on market terms with its joint venture ShoreCan, which have been measured at the exchange value and are recognized in the financial statements of ShoreCan, including, but not limited to management fees, technical services and interest-bearing loans.

25. FINANCIAL INSTRUMENTS

The Company measures financial assets and financial liabilities at fair value on initial recognition, which is typically the transaction price unless a financial instrument contains a significant financing component. Measurement in subsequent periods depends on the financial instrument's classification, as described below.

- Fair value through profit or loss - financial instruments designated at FVTPL are initially recognized and subsequently measured at fair value with changes in those fair values immediately charged to net earnings with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company's credit risk. Such changes in fair value are recorded in other comprehensive income and do not get charged to net earnings. Under this classification, the Company included the Bonds' FVTPL and the Bondholders' Warrants (see note 13), the Lender Warrants (see note 14a), LIBOR floor (see note 14b) and the commodity derivatives (see note 25a).
- Amortized cost - financial instruments designated at amortized cost are initially recognized at fair value, net of directly attributable transaction costs, and are subsequently measured at amortized cost using the effective interest method. Financial instruments under this classification include cash and cash equivalents, accounts receivable, the Senior Credit Facility (see note 14) and accounts payable and accrued liabilities.
- Fair value through other comprehensive income - financial instruments designated as fair value through other comprehensive income are initially recognized at fair value, net of directly attributable transaction costs, and are subsequently measured at fair value with changes in fair value recognized in other comprehensive income, net of tax. Financial instruments under this classification include the changes in the Company's credit risk of the unconverted Bonds (see note 13).

Impairment of financial assets

The Company recognizes loss allowances for expected credit losses ("**ECL**") on its financial assets measured at amortized cost. ECLs exist if one or more loss events occur after initial recognition of the financial asset, which has an impact on the estimated future cash flows of the financial asset and that impact can be reliably measured. The Company uses a combination of historical and forward-looking information to determine the appropriate ECL. The carrying amount of the asset is reduced through the use of an allowance account, and the loss is recognized in net earnings.

Fair value of financial instruments

The Company's financial instruments include cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, financial derivative contracts, the Bonds, the Bondholders' Warrants and the Senior Credit Facility. The carrying values of cash and cash equivalents, accounts receivable, and accounts payable and accrued liabilities approximate their fair values due to the short-term nature of these financial instruments. The carrying value of the financial derivative contracts, the Bonds, and the Bondholders' Warrants at FVTPL and the Senior Credit Facility at amortized cost approximates fair value as at December 31, 2022.

The fair values of unquoted instruments, including financial derivative contracts and the Senior Credit Facility and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The fair value model used to value the Bonds incorporates several inputs, as disclosed in note 13, of which the implied credit spread and expected volatility are unobservable inputs.

The Company's financial instruments recorded at fair value are assessed using the following hierarchy based on the amount of observable inputs used to value the instrument:

- Level 1 – quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions occur in sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 – pricing inputs are other than quoted prices in active markets included in Level 1. Prices in Level 2 are either directly or indirectly observable as of the reporting date. Level 2 valuations are based on inputs, including quoted forward prices for commodities, time value and volatility factors, which can be substantially observed or corroborated in the marketplace.
- Level 3 – valuations in this level are those with inputs for the asset or liability that are not based on observable market data.

Assessment of the significance of a particular input to the fair value measurement requires judgement and may affect the placement of the instrument within the fair value hierarchy level. The financial derivative contracts and the Bondholders' Warrants are classified as level 2 instruments and the Bonds are classified as Level 3 instruments based on their respective inputs.

Market risk

Market risk is the risk that the fair value of future cash flows of financial assets or liabilities will fluctuate due to movements in market prices and is comprised of the following:

(a) Commodity Price Risk

Commodity price risk is the risk that the fair value of future cash flows will fluctuate as a result in changes in commodity prices. Commodity prices for oil and gas are impacted by world economic events that dictate the levels of supply and demand. As a means of mitigating exposure to commodity price risk volatility, the Company may enter into various derivative agreements. The Company's policy is to not use derivative financial instruments for speculative purposes.

Effective March 15, 2021, in anticipation of the closing of the Atomic Group Acquisition and as a condition to the Senior Credit Facility, the Company entered into a master risk management agreement with a third-party institution that was restructured in December 2022.

As at December 31, 2022, the Company has in place the following commodity risk management contracts with respect to the sale of its crude oil production and the purchase of butane used in the miscible flood injection program.

Commodity	Fixed price SWAP	Total notional volumes	Term	Average price (US$)	Fair Value
Crude oil	WTI Put option	135,750 barrels	Jan 1/23 to Jun 30/23	$60.00	**146**
Crude oil	WTI Futures	231,218 barrels	Jul 1/23 to Feb 29/24	$52.87	**(4,777)**
Crude oil	WTI Futures	306,000 barrels	Mar 1/24 to Dec 31/24	$52.88	**(4,603)**
				Commodity derivative liability	**(9,234)**
Butane	Normal (NC4)	7,551,678 gallons	Jan 1/23 to Feb 29/24	$0.67	**2,353**
				Commodity derivative asset	**2,353**
				Net derivative liability	**(6,881)**
Short-term portion - commodity derivative liability					**(1,649)**
Long-term portion - commodity derivative liability					**(5,232)**

(1) WTI refers to West Texas Intermediate, a grade of light sweet crude oil used as benchmark pricing in the US.
(2) The floating price of the crude oil contracts for each contract month is equal to the arithmetic average of the NYMEX light sweet crude oil futures first nearby contract settlement price for each business day during the contract month.
(3) The floating price of the butane contracts for each contract month is equal to the arithmetic average of the OPIS Mont Belvieu butane futures for each business day during the contract month.

As at December 31, 2022, the resulting fair value of these contracts has been recognized in the Financial Statements as a Level 2 current commodity derivative liability of $1.6 million (December 31, 2021 - $3.0 million) and a non-current commodity derivative liability of $5.2 million (December 31, 2021 - $NIL).

Due to the classification of the Senior Credit Facility as a current liability as at December 31, 2021 as disclosed in note 14, the commodity derivatives beyond 2022 had also been classified as a current liability in the amount of $3.0 million as at December 31, 2021, due to the commodity derivative agreements being aligned with that of the Senior Credit Facility.

In respect of these commodity derivative contracts, the Company recognized in its Financial Statements:

- an unrealized gain of $1.1 million on crude oil contracts for the year ended December 31, 2022 (December 31, 2021 - $10.3 million unrealized loss); and
- an unrealized loss of $5.0 million on butane contracts for the year ended December 31, 2022 (December 31, 2021 - $7.4 million unrealized).

The maximum credit exposure of these derivative assets is the carrying value. Management mitigates this risk by entering into transactions with long-standing, reputable counterparties and partners.

(b) Credit risk

Credit risk is the risk that the counterparty to a financial asset will default, resulting in the Company incurring a financial loss. A substantial portion of the Company's accounts receivable are with one purchaser of the Company's oil and the joint interest owners in the Atomic Group assets, which are subject to normal industry credit risks. As at December 31, 2022, the Company's cash was held at four financial institutions with high third-party credit ratings.

The maximum credit risk exposure associated with accounts receivable is the total carrying value. The Company monitors these balances to limit the risk associated with collection. The Company's revenue receivable of $0.3 million as at December 31, 2022, was owing from one company and the majority of joint interest receivables of $0.7 million as at December 31, 2022, was owing from one joint interest partner. The Company considers all of its accounts receivable as at December 31, 2022 to be collectable.

The Company recognized an ECL provision of $0.3 million for the year ended December 31, 2022 (December 31, 2021 - $1,000), which relates primarily to potentially uncollectable net accounts receivable due from the prior owner of the Atomic Group.

As at December 31, 2022, the Company holds $4.0 million of cash and cash equivalents with Canadian, US and Bermudian chartered banks (December 31, 2021 - $7.8 million).

Long-term receivables

The Company's long-term accounts receivable solely include amounts due from its partner in the ShoreCan joint venture. Further to a recoverability assessment (see note 7), the Company recognized a full allowance for and ECL as follows:

	December 31, 2022	December 31, 2021
Long-term receivable	**387**	386
Allowance for expected credit loss	**(387)**	(386)
	-	-

(c) Interest rate risk

The Company's policy is to keep its cash, whenever possible, in interest bearing accounts with its financial institutions. The Company periodically monitors the interest rates offered and is satisfied with the credit ratings of its banks.

The Company's Senior Credit Facility provides for an interest rate of LIBOR, with a floor of 2.0% plus 10.5% per annum. Management monitors the LIBOR forward curve, which has exceeded 2.0% since August 2022 and as at December 31, 2022 was anticipated to vary between 3.3% and 5.1% for the remaining monthly periods until maturity of the facility in March 2025. The current, maximum interest risk exposure is approximately $1.3 million of additional interest expense per annum, assuming a LIBOR rate of 5.1% is applicable for the full year.

(d) Foreign exchange risk

To mitigate a portion of its exposure and to the extent it is feasible, the Company keeps its funds in currencies applicable to its known short-term obligations.

Cash and cash equivalents include amounts denominated in the following foreign currencies:

(000s)	**December 31, 2022**	December 31, 2021
GBP	**30**	1,125
Canadian dollars	**251**	281

(e) Stock market price risk

The Company's stock volatility, estimated at approximately 82% for 2022, and related changes in the Company's stock price affect the value of its financial instruments. The Company's Bonds are fair valued at each balance sheet date and one of the key variables used in the valuation is the stock price as at valuation date. While the Company has no control over its stock market price, management prepares a sensitivity analysis to estimate an impact that the change in stock price may have on the valuation of its Bonds. Based on the December 31, 2022 valuations and for all the Bonds outstanding and unconverted as at that date, a 10% increase/decrease in the stock price would result in the Bonds fair value being higher/lower by approximately $1.6 million for the 2024 Bonds, $1.3 million for the 2025 Bonds and $0.6 million for December Tap 2025 Bonds, assuming all other valuation inputs are unchanged.

(f) Liquidity risk

Liquidity risk is the risk the Company will encounter difficulties in meeting its short-term debt obligations. The Company's approach to managing liquidity risk is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking harm to the Company's operations or reputation. The Company prepares an annual budget, which outlines the planned operating, investing and financing activities and is regularly monitored against actual costs and revised as considered necessary.

The timing of cash outflows relating to financial liabilities on an undiscounted basis as at December 31, 2022 are outlined in the table below:

	2023	**2024-2025**	**2026-2028**	**Thereafter**

26. CAPITAL MANAGEMENT

The Company’s objectives when managing capital are:

- to fund its development and exploration programs;
- to maintain balance sheet strength and optimal capital structure, while executing on the Company’s strategic objectives; and
- to provide an appropriate return to shareholders relative to the risk of the Company’s underlying assets.

In the management of capital, the Company includes shareholders’ equity and interest-bearing indebtedness (defined as long-term loans and short-term loans). Shareholders’ equity includes share capital, warrants, contributed capital reserve and accumulated deficit. The Company maintains and adjusts its capital structure based on changes in economic conditions and the Company’s planned requirements. The Company’s capital structure depends on the Company’s expected business growth, ability to access financing from the equity and debt capital

markets and any changes to the business and commodity price environment in which the Company operates. The Company may adjust its capital structure by issuing new equity and/or new debt, repaying its existing debt, selling and/or acquiring assets, and controlling the capital expenditure program.

The Company is currently exploring various options that, if successful, will enable the Company to have access to sufficient funds to execute its business strategy, generate operating cash flows and be able to settle liabilities as and when they fall due. These include but are not limited to raising funds, the completion of a material transaction or an alternative transaction that improves the cash and working capital position of the Company and refinancing its SCF. There is no assurance that the Company will be successful in sufficiently financing the Company's ongoing business activities.

Although currently the Company is not subject to any external capital requirements, the Company's US operation is subject to financial covenants imposed by the Senior Credit Facility (see note 14). These financial covenants will have an impact on the Company's overall capital requirements and management of capital requirements.

28. COMMITMENTS

On May 18, 2021 and as amended on February 28, 2022, the Company entered into a mixed natural gas liquids purchase agreement ("**NGL Agreements**"), whereby the Company will purchase the production of mixed natural gas liquids, consisting primarily of propane and butane, from a third-party facility with title to the liquids passing at the plant truck rack meter. The NGL Agreements include a provision that in the event the Company purchases less than all production during any month of the term of the agreement, the Company shall pay an additional deficiency fee equal to (a) the number of gallons not taken during such month, multiplied by (b) the difference between (i) the price the Company would have paid to the third party for such product and (ii) the price the third party received from selling the gallons not taken into the local pipeline. The term of the NGL Agreements is for five years, which commenced in October 2021 and terminates September 2026.

As at December 31, 2022, the Company estimated the minimum commitment pursuant to the NGL Agreements to be as follows:

- $3.1 million for 2023; and
- $8.4 million from 2024 to September 2026.

29. SEGMENTED REPORTING

The Company's reportable segments are determined based on the following operations and geographic locations:

- USA Operations – includes the exploration for, development of, and production of oil and natural gas and other related activities within the US.
- Corporate & Other – includes all other activities that occur in Canada, the UK, Bermuda and sub-Saharan Africa.

The number of shares issued for settlement of these Conversion Payments is based on the lowest 5 day volume weighted average market price following election of the share settlement option for the Conversion Payments.

  As at the date of filing the Financial Statements, the Company has a total of 187 unconverted Bonds outstanding with a principal amount of $37.4 million.

1. NATURE OF OPERATIONS

Canadian Overseas Petroleum Limited ("**COPL**" or the "**Company**"), is a widely held, publicly traded company incorporated and domiciled in Canada. The Company's common shares with no par value (the "**Common Shares**") are listed on the London Stock Exchange (the "**LSE**") in the United Kingdom (the "**UK**") under the symbol "COPL" and on the Canadian Securities Exchange (the "**CSE**") in Canada under the symbol "XOP". The Company's registered office is Suite 400, 444 – 7th Avenue SW, Calgary, Alberta, Canada.

The Company and its subsidiaries are involved in the identification, acquisition, exploration, development and production of oil and natural gas reserves and hold interests in petroleum assets focused in the United States of America (the "**US**"). As at September 30, 2023, the Company had ten subsidiaries, all of which are wholly owned directly or indirectly.

2. BASIS OF PREPARATION

Basis of Preparation and Compliance

These unaudited condensed interim consolidated financial statements (the "**Financial Statements**") present the Company's financial results of operations and financial position pursuant to International Financial Reporting Standards ("**IFRS**") as at and for the three and nine months ended September 30, 2023 and 2022. The Financial Statements have been prepared in accordance with International Accounting Standard ("**IAS**") 34 "*Interim Financial Reporting"*, as issued by the International Accounting Standards Board ("**IASB**").

The Financial Statements have been prepared following the same IFRS accounting policies and methods of computation as disclosed in the annual audited consolidated financial statements for the year ended December 31, 2022, except as described below for changes in accounting policies. Certain information and disclosures normally required to be included in the notes to the annual audited consolidated financial statements have been condensed, omitted or have been disclosed on an annual basis only. Accordingly, the Financial Statements should be read in conjunction with the annual audited consolidated financial statements and the notes thereto for the year ended December 31, 2022.

The Company's Financial Statements have been prepared on an historical cost basis, except for certain financial assets and liabilities that have been measured at fair value.

These Financial Statements are presented in US dollars ("**US$**" or "**$**"), which is both the functional and presentation currency. All financial information presented has been rounded to the nearest thousand US$ unless otherwise noted.

These Financial Statements were authorized for issue by the Company's Board of Directors on November 14, 2023.

Going Concern

The Financial Statements are prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. The Company is pursuing exploration and development projects and contracts that will require additional financing before they are able to generate positive operating cash flows. Furthermore, the Company does not have sufficient working capital to cover forecasted expenses for the next 12 months, and does not have cash inflows and/or adequate financing to continue its operations. As indicated in notes 8 and note 12, the Company closed financings comprising of convertible bonds issued in March 2023 and a share issuance in October 2023, however the funds are not sufficient to cover forecasted expenses, and there is no assurance that the Company will be able to obtain adequate financing in the future or that such financing will be obtained on terms acceptable to the Company. Therefore the Company may not be able to meet its current forecasted operating and capital expenditure obligations for the next 12 months. With no assurance that additional financing will be obtained, there is material uncertainty that casts significant doubt on the Company's ability to continue as a going concern. The Financial Statements do not give effect to adjustments that would be necessary to the carrying values and classifications of assets and liabilities should the Company be unable to continue as a going concern and such adjustments may be material.

Current Environment and Estimation Uncertainty

Since Russia's invasion of Ukraine in early 2022 and the recent conflict in the Middle East, there have been emerging global concerns over oil and natural gas supply, which has resulted in more volatile benchmark commodity prices. Additionally, these conflicts contribute to increased inflationary pressures on governments, businesses and communities with costs rising since 2021. In response to increasing inflation, central banks around the globe began increasing interest rates. These events and economic conditions remain evolving situations that have had, and may continue to have, a significant impact on the Company's business, results of operations, financial condition and the environment in which it operates. Due to the uncertainty surrounding the magnitude, duration and potential outcomes of the above noted factors, management cannot reasonably estimate the length or severity of these events and conditions, or the extent to which they will impact the Company long-term, but the impact may be material.

Changes in Accounting Policies

Convertible Bonds

The Company's convertible bonds currently outstanding are complex financial instruments that include multiple embedded derivatives, warrants issued to bondholders and conversion payment liabilities. Previously, the Company accounted for the entire hybrid bond instruments at fair value through profit and loss ("**FVTPL**"). On March 24, 2023, the bonds were amended and as a result of the amended terms the Company determined that the amendment constituted a partial extinguishment of the previous bond instruments.

In assessing the amended terms of the bond agreements, the conversion option was considered to have met the 'fixed-for-fixed' criteria under IAS 32 "*Financial Instruments: Presentation"*, resulting in the conversion option being classified as an equity instrument. As the amended bonds are now considered compound financial instruments, with both equity and liability components, IFRS requires the equity portion to be accounted for separately. The Company accounts for the liability portion at amortized cost while the equity portion is initially measured using a residual fair value method and not subsequently remeasured. The portion of the original bonds that remain outstanding, pertaining to conversion payment liabilities of previously converted bonds, continue to be accounted for at FVTPL.

Prior to the amendment of the terms, the fair value of the bond instruments were valued by the Company at each balance sheet date and upon any bond conversions, using an external professional valuator, that performed calculations using a valuation model based on the finite difference method, with the major assumptions and inputs as applicable at each valuation date being: the Company's stock price, expected life of the bonds, expected volatility, implied credit worthiness, expected dilution effect and market risk-free interest rates.

Previously, the Company recognized a deferred loss that was calculated as the fair value of bonds and the fair value of related bondholders' warrants less proceeds from the issue of the bonds. The deferred loss was amortized on a straight-line basis over the life of the respective bond series.

For the amended bonds and the new bond issue, to estimate the fair value of the bond instruments at initial recognition, the Company used an external professional valuator, which performs the calculation using a net present value method.

As part of the terms of the amendment, the expiry date of the bondholders' warrants was extended to August 26, 2027. The modification of the warrants is recognized in the change in the fair value of the bondholders' warrants. As the exercise price is denominated in British pound sterling ("**GBP**" or "**£**") and the functional currency of the Company is US$, the fair value of bondholders' warrants is recognized as a derivative liability.

On the date of amendment, the new bonds issued were valued at their present value of future cashflows based on the market discount rate for the bonds. The proceeds allocated to the newly issued bonds were allocated to the bonds present value first, with the residual being allocated to equity. The modified bonds were also revalued at the present value of future cashflows. The proceeds for bonds were determined by multiplying the outstanding modified bonds by the proceeds per bond allocated to the new bonds, as the new bonds' proceeds represent the price the bondholders paid on the date of amendment. As the modified bonds have the same terms as the new bonds, the proceeds were allocated to the present value of the bonds first, with the residual being allocated to equity.

Due to the bonds being recognized at amortized cost and identified as a compound financial instrument, all of the costs related to the issuance of the bonds, such as brokers' fees, legal fees and calculation agent fees, representing the transaction costs, are allocated between the bonds, the conversion option and the warrants proportionately. The bond and equity portions are recognized net of transaction costs, while the transaction costs allocated to the warrants are recognized as an expense in net earnings.

At each reporting date, the Company records the accretion expense on the bonds which is determined using the effective interest rate calculated at the issuance date. The equity classified conversion option is not remeasured and the fair value of bondholders' warrants is reassessed at each reporting date and a respective gain or loss on the derivative liability is recognized in net earnings.

Upon each conversion date of the bonds, the Company will derecognize the relative portion of amortized cost of the debt and the conversion option, recognize the fair value of the conversion payment liability and the residual amount will be allocated as an equity component constituting the shares issued.

8. CONVERTIBLE BONDS

Issue of two series of convertible bonds in 2022

On July 26, 2022, the Company (the "**Issuer**") issued at a 22% discount to the principal face value, two series of unsecured convertible bonds with an aggregate principal face value amount of $25.2 million for total aggregate proceeds of $19.7 million having a conversion price of £0.1675 ($0.2001) per Common Share as follows:

- 63 bonds at a principal face value of $0.2 million per bond for an aggregate principal face value of $12.6 million maturing on July 26, 2024 (the "**2024 Bonds**"); and
- 63 bonds at a principal face value of $0.2 million per bond for an aggregate principal face value of $12.6 million maturing on July 26, 2025 (the "**2025 Bonds**" and such definition includes (unless the context requires otherwise) the December 2025 Tap Bonds defined below).

On December 30, 2022, the Company issued to one Bondholder at a 20% discount to the principal face value, 20 additional 2025 Bonds with an aggregate principal face value amount of $4.0 million for total aggregate proceeds of $3.2 million (the "**December Tap 2025 Bonds**" and collectively with the 2024 Bonds and the 2025 Bonds, the "**Old Bonds**"). The December Tap 2025 Bonds, given that they are 2025 Bonds, have the same terms as the original 2025 Bonds, including a deemed issue date of July 26, 2022, and as such formed a single series of bonds with the other 2025 Bonds.

Change in terms of the Old Bonds and issue of further bonds on the same terms as the changed Old Bonds

On March 24, 2023, further to certain written extraordinary resolutions of the Bondholders, the terms of the 2024 Bonds were changed, including, but not limited to: (a) a revised conversion price of £0.0675 ($0.0817) per Common Share being applicable to all the 2024 Bonds; and (b) a revised maturity date of January 26, 2027 (the "**Changed 2024 Bonds**"). On March 24, 2023, further to certain written extraordinary resolutions of the Bondholders the terms of the 2025 Bonds were changed, including, but not limited to: (a) a revised conversion price of £0.0675 ($0.0817) per Common Share being applicable to all the 2025 Bonds; and (b) a revised maturity date of January 26, 2028 (the "**Changed 2025 Bonds**" and collectively with the Changed 2024 Bonds, the "**Changed Bonds**").

On March 24, 2023, further to various supplemental bond instruments, the Company issued to certain existing Bondholders and new investors at a 20% discount to the principal face value, further Changed 2024 Bonds and further Changed 2025 Bonds being unsecured convertible bonds with an aggregate principal face value amount of $14.8 million for total aggregate proceeds of $11.8 million at a conversion price of £0.0675 ($0.0817) per Common Share as follows:

- 37 bonds at a principal face value of $0.2 million per bond for an aggregate principal face value of $7.4 million maturing on January 26, 2027 and having the same terms as and forming a single series of bonds with the Changed 2024 Bonds (the "**2027 Bonds**" which definition includes, unless the context requires otherwise, all the Changed 2024 Bonds**)**; and
- 37 bonds at a principal face value of $0.2 million per bond for an aggregate principal face value of $7.4 million maturing on January 26, 2028 and having the same terms as and forming a single series of bonds with the Changed 2025 Bonds (the "**2028 Bonds**" which definition includes, unless the context requires otherwise, all the Changed 2025 Bonds, and collectively with the 2027 Bonds, the "**New Bonds**").

For the purpose of interest calculations, the New Bonds have a deemed issue date of July 26, 2022, whether or not they were actually issued on such date.

In connection with the issue of the New Bonds, the Company incurred transaction costs of approximately $1.5 million, which included brokers' fees, legal fees and calculation agent fees.

The net proceeds from the New Bonds were be used to fund infrastructure upgrades at the Wyoming assets and to cover the Company's general and administrative expenses until the end of the third quarter of 2023.

In addition, written extraordinary resolutions referred to above and the supplemental bonds instruments relating to the New Bonds include the following provisions in respect of the Conversion Payments discussed in the terms section below. These provisions represent changes to the terms of the Old Bonds:

- for Conversion Payment liabilities (the "**CPL**") outstanding and having a related Conversion Date falling prior to March 24, 2023, the maturity dates remain as July 26, 2024 for the converted 2024 Bonds and July 26, 2025 for the converted 2025 Bonds; and
- if a conversion of any 2027 Bonds or any 2028 Bonds occurs before the previously applicable original maturity date of July 26, 2024 or July 26, 2025, a make whole amount for the Conversion Payment will be calculated up to the new applicable maturity date of January 26, 2027 or January 26, 2028, but no further step-up in interest rates will be applied for a period from the applicable original maturity dates to the new applicable maturity date.

The 2027 Bonds and the 2028 Bonds, which by definition include, unless the context requires otherwise, all the Changed 2024 Bonds and the Changed 2025 Bonds as may have been changed from time to time (collectively the "**Bonds**") are held in majority by one institutional shareholder (the "**Lead Investor**") and by other investors (all investors collectively, the "**Bondholders**").

Terms

The 2027 Bonds and the 2028 Bonds have the same commercial terms, other than in relation to their maturity dates, and are currently unsecured. However, upon security interests being granted in relation to a planned reserve based loan ("**RBL**") facility that refinances the senior credit facility (note 9), the Company is obliged to ensure that it and its subsidiaries grant the Bondholders a customary second ranking "security and guarantee package" covering the same security collateral as was provided in relation to the RBL. Moreover, while the Bonds are outstanding, the Company may not grant any security for financial indebtedness or financial indebtedness guarantees without, at the same time or before granting a pari passu equivalent security package to the relevant Bondholders.

The Bonds have a 13.0% interest rate per annum on the principal face value of the Bonds, which increases by 0.75% per annum quarterly from the issue date (each such anniversary an "**Interest Payment Date**") until maturity or, until the Company gives notice to the relevant Bondholders that it shall pay all 2027 Bond interest or, as relevant, 2028 Bond interest in cash (each a "**Cash Payment Notice**"). A Cash Payment Notice cannot be issued by the Company until the senior credit facility has been repaid and discharged. If the Company is able to provide a Cash Payment Notice, prior to the maturity of the Bonds, the interest rate applicable to the 2027 Bonds or, as relevant, the 2028 Bonds will decrease by 2.0% per annum from the Cash Payment Notice date and no further quarterly increases of 0.75% per annum will apply to the Bonds subject to the Cash Payment Notice from that date.

Unless the Company provides a Cash Payment Notice to the relevant Bondholders, interest with respect to 2027 Bonds or, as relevant, the 2028 Bonds is accrued and its payment deferred until the earlier of: (a) conversion of the relevant Bonds, at which time such accrued unpaid deferred interest will be included in the Conversion Payment (as defined below); and (b) maturity of the relevant Bonds, at which time accrued unpaid deferred interest will be included in the maturity redemption amount; and (c) certain contingent "early exit" type scenarios for the Bondholders, which include the date of an acceleration notice delivered to the Company by a Bondholder and the Company deciding to redeem the relevant Bonds ahead of the scheduled maturity, at which time accrued unpaid deferred interest will be payable.

However, if the Company provides a Cash Payment Notice, interest will be payable as follows: (a) all accrued unpaid deferred interest must be paid by the Company on the first Interest Payment Date after the Cash Payment Notice; (b) all interest relating to the interest period in which the Cash Payment Notice is given must be paid on the first Interest Payment Date after the Cash Payment Notice; and (c) all interest relating to an interest period falling after when the Cash Payment Notice is given must be paid on the Interest Payment Date at the end of such interest period.

Bondholders have the right to convert their Bonds at anytime (the "**Conversion Option**") at a fixed conversion price of £0.0675 ($0.0817) per Common Share, which is subject to customary anti-dilution protections and price

re-adjustments. On October 5, 2023, the conversion price of the Bonds and Bondholder Warrants £0.0675 ($0.0817) to £0.026 ($0.0317) as discussed below in the subsequent modification of Bond and Warrant terms.

The conversion of the Bonds also results in a payment due to the Bondholders (the "**Conversion Payment**") that is calculated as the sum of: (a) a redemption premium of 19% of the relevant principal face value of the Bonds being redeemed; (b) the relevant make whole amount calculated as the sum of the present values of all interest payable on the principal face value from the conversion date until maturity and discounted at 2% per annum on a quarterly compounding basis; and (c) all accrued but unpaid interest, including deferred interest to the conversion date. Subject to the next paragraph, the Conversion Payment is payable as follows: (a) if a Cash Payment Notice has been given, the Conversion Payment shall be made 7 London business days after the relevant conversion date; and (b) if a Cash Payment Notice has not yet been given, the Conversion Payment shall be deferred and paid on the earlier of: (i) the maturity date for the relevant Bonds; (ii) certain contingent "early exit" type scenarios for the Bondholders; and (iii) the Interest Payment Date immediately after when a Cash Payment Notice is given. If a Conversion Payment is deferred, it will bear interest at the applicable interest rate referred to above from the day falling 6 months after the issue date until the relevant date for payment or as applicable, the date that shares are delivered pursuant to the Share Settlement Option referred to below.

The Conversion Payment can, at the Bondholder's option, be settled in shares (the "**Share Settlement Option**") if a share settlement notice is issued by the Bondholder and: (a) no Cash Payment Notice has been given by the Company on or prior to such notice's date of issue; and (b) such notice is given on or after 45 days from the relevant conversion date. The Share Settlement Option provides for the Conversion Payment to be settled by the Company issuing a number of Common Shares that is calculated by dividing the relevant Conversion Payment by the lowest daily volume weighted average market price of the Common Shares on the LSE, in US$ for the five consecutive trading days immediately after the date of notice of a Share Settlement Option.

At the relevant maturity date, any relevant Bonds outstanding, except for the Bonds in which the Conversion Option has been exercised will be redeemed by the Company by a cash payment on the maturity date of the maturity redemption amount of: (a) 119% of the principal face value amount of the relevant Bonds; and (b) all accrued but unpaid interest up to the maturity date.

Subject to the right of each Bondholder to exercise its conversion rights, by giving not less than 30 days and not more than 45 days notice (the "**Issuer's Option Notice**"), the Issuer may at its option redeem all, but not some of the Bonds by the cash payment on the date (the "**Issuer Option Redemption Date**") specified in the Issuer Option Notice of an early redemption amount (the "**Issuer Call Early Redemption Amount**") in respect of each Bond outstanding, at any time on or after January 1, 2024, if the parity value applicable to the relevant Bond as determined by the calculation agent, on at least 20 dealing days in any period of 30 consecutive dealing days not ending earlier than 7 dealing days prior to the giving of the relevant Issuer Option Notice, has exceeded US$0.26 million (such option of the Company being the "**Issuer's Prepayment Option**"). The Company may not exercise the Issuer's Prepayment Option prior to January 1, 2024. The Issuer Call Early Redemption Amount is comprised of: (a)(i) 114% of the principal face value of the relevant Bonds, if the redemption date falls into the period between 6 and 12 months from the issue date; or (ii) 109% of the principal face value of the relevant Bonds if the redemption falls into a period after 12 months from the issue date; (b) the relevant make whole amount calculated as the sum of the present values of all interest payable from, but excluding the Issuer Option Redemption Date until maturity, and discounted at 2% per annum on a quarterly compounding basis; and (c) all accrued but unpaid interest up to, but excluding the Issuer Option Redemption Date including any deferred interest.

Subject to a fundamental change event or an event of default, the Bondholder will have the right to require the Issuer to redeem in cash any of its Bonds (the "**Bondholders' Redemption Option**") in an amount equal to: (a) 119% of the principal face value amount of the relevant Bonds; (b) the relevant make whole amount calculated as the sum of the present values of all interest payable from, but excluding the relevant fundamental change event put date or the date the Bond has become due and payable early due to an event of default until maturity and discounted at 2% per annum on a quarterly compounding basis; and (c) all accrued but unpaid interest up to, but excluding the Issuer Option Redemption Date including any deferred interest. A fundamental change event is defined as a change in control, a de-listing event or a free float event, which is the aggregate of the Common Shares held by a shareholder or shareholder groups, in each case holding less than 5% of the Company's

outstanding share capital, being equal to or falling below 20% of the total outstanding share capital of the Company for a period of 20 consecutive business days.

The documentation relating to the Bonds contains various non-financial covenants, including in relation to anti-dilution matters, protection of rights relating to Common Shares and events of default, including in relation to insolvency type matters, non-payment, non-performance, and cross-default under other financial indebtedness of the Company or its material subsidiaries. Since the initial issuance of the Bonds, the Company has been in compliance with the non-financial covenants. There is a calculation agent involved in performing and providing the various relevant calculations flowing from the documents relating to the Bonds, which are generally binding on all parties.

Bondholders' Warrants

On July 26, 2022, the Company issued to the Bondholders as at that date a total of 54,792,590 Common Share purchase warrants (the "**July 2022 Bondholders' Warrants**") as additional compensation to such Bondholders for participation in the issue of the 2024 Bonds and the 2025 Bonds. Each July 2022 Bondholders' Warrant originally entitled the holder to purchase one Common Share at an exercise price of £0.1675 ($0.2001) per Common Share on or before January 26, 2025.

On December 30, 2022, the Company issued 12,760,572 Common Share purchase warrants to the Bondholder of the December Tap 2025 Bonds (the "**December 2022 Bondholders' Warrants**") as additional compensation for participation in the issue of the December Tap 2025 Bonds. Each December 2022 Bondholders' Warrant originally entitled the holder to purchase one Common Share at an exercise price of £0.135 ($0.1627) on or before June 30, 2025.

On March 24, 2023, the Company issued 70,257,026 Common Share purchase warrants to the Bondholders of the New Bonds issued on such date (the "**March 2023 Bondholders' Warrants**" and collectively with the July 2022 Bondholders' Warrant and the December 2022 Bondholders' Warrant the "**Bondholders' Warrants**") as additional compensation for participation in the issue of the New Bonds. Each March 2023 Bondholders' Warrant entitles the holder to purchase one Common Share at an exercise price of £0.0675 ($0.0817) on or before August 26, 2027.

In addition, various written extraordinary resolutions of the Bondholders, provide for some changes to the terms of the July 2022 Bondholders' Warrants and the December 2022 Bondholders' Warrants that were outstanding and unexercised as at March 24, 2023. The major changes include:

- a change in the conversion price for all the Bondholders' Warrants to £0.0675 ($0.0817) per Common Share; and
- an extension of the expiry date for all Bondholders' Warrants to August 26, 2027.

The exercise price of the Bondholders' Warrants is denominated in GBP, and the Company's functional currency is US$. Accordingly, due to the variability in exchange rates this would not result in a fixed amount of equity instruments being issued for a fixed price and as such the Bondholders' Warrants are classified as a derivative financial instrument and subsequently revalued at each balance sheet date.

The fair value of the March 2023 Bondholders' Warrants as March 24, 2023, estimated at $2.9 million, using a Black-Scholes option pricing model, was recognized as a derivative liability as at the date of issue of the March 2023 Bondholders' Warrants.

As at March 31, 2023, the fair value of the Bondholders' Warrants issued and outstanding was estimated to be $7.3 million and the Company recognized a gain on the derivative liability of $3.7 million for three months ending March 31, 2023.

As at September 30, 2023, the fair value of the Bondholders' Warrants issued and outstanding was estimated to be $2.3 million and the Company recognized a loss on the derivative liability of $0.7 million for three months ending September 30, 2023 and a cumulative gain on the derivative liability of $5.0 million for the nine months ending September 30, 2023.

The following assumptions were used for the Black-Scholes option pricing model to estimate the fair value of the Bondholders' Warrants at the dates of valuation:

	March 24, 2023	March 31, 2023	September 30, 2023

Conversions and Conversion Payment settlements

During the first quarter of 2023, the Company received conversion notices from its Bondholders to convert five of the 2024 Bonds and two of the 2025 Bonds. Further to these conversions, the Company issued a total of 8,843,965 Common Shares, along with 1,263,423 Common Shares issued on January 6, 2023 related to the 2024 Bond conversion which occurred on December 30, 2022 and recognized a total addition to share capital of $1.3 million.

In addition, during the first quarter of 2023, the Company issued 30,844,945 Common Shares pursuant to the Share Settlement Option exercised by certain Bondholders for settlement of $2.6 million of the Conversion Payment amounts and related accrued interest due in respect of four converted 2024 Bonds and 16 converted 2025 Bonds. The number of shares issued for settlement of these Conversion Payments is calculated based on the lowest 5 day volume weighted average market price following election of the share settlement option for the Conversion Payments.

During the second and third quarters of 2023, the Company received conversion notices from its Bondholders to convert 25 of the 2027 Bonds and 35 of the 2028 Bonds. Further to these conversions, the Company issued a total of 146,878,811 Common Shares.

In addition, during the second and third quarters of 2023, the Company received notices for the Share Settlement Option exercised by certain Bondholders for their Conversion Payment amounts and related accrued interest due in respect of eight converted 2024 Bonds, three converted 2025 Bonds, 11 converted 2027 Bonds and 15 converted 2028 Bonds. Further to these share settlements, the Company issued 219,044,921 Common Shares for settlement of $6.6 million of total Conversion Payment amounts. The number of shares issued for settlement of these Conversion Payments is calculated based on the lowest 5 day volume weighted average market price following election of the share settlement option for the Conversion Payments.

As at September 30, 2023, there were in total 62 unconverted 2027 Bonds with a principal amount of $12.4 million and 65 unconverted 2028 Bonds with a principal amount of $13.0 million.

Reporting

The Old Bonds include multiple embedded derivatives, consisting of the Conversion Option, the Share Settlement Option, the Issuer's Prepayment Option and the Bondholders' Redemption Option (collectively the "**Embedded Derivatives**"). Based on the terms, as described earlier in this section, the Company has determined that with the exception of the Issuer's Prepayment Option, which could be optionally bifurcated, these Embedded Derivatives would otherwise require bifurcation. The Company elected to account for the entire hybrid instrument, being the Old Bonds at FVTPL. The Company made this election on the basis that recognizing the hybrid instruments at FVTPL provides more relevant information. In assessing the appropriateness of electing the fair value option, the Company considered that the Embedded Derivatives shared risks related to credit worthiness of the Company, market interest rates and share price volatility. The Old Bonds also measured at FVTPL, as opposed to amortized cost, also share such risks with the Embedded Derivatives. By recognizing the entire hybrid instrument at FVTPL, the Company is of the view that it eliminates the mismatch that would otherwise be created by bifurcating each of the Embedded Derivatives.

As at July 26, 2022, the FVTPL liability (the "**Bonds' FVTPL**") was estimated to be $24.5 million for the 2024 Bonds and $29.1 million for the 2025 Bonds, by the Company's external valuators. The initial fair value loss (the "**Deferred Loss**") was $18.3 million for the 2024 Bonds and $21.8 million for the 2025 Bonds, which is deferred and amortized on a straight-line basis over the life of the respective bond series. The fair value loss is deferred as there are significant unobservable inputs used in the valuation model.

As at December 31, 2022, the FVTPL liability was estimated to be $9.8 million for the December Tap 2025 Bonds, by the Company's external valuators. The initial fair value loss (the "**Tap Deferred Loss**") was $8.3 million for the December Tap 2025 Bonds, which is deferred and amortized on a straight-line basis over the life of the December Tap 2025 Bonds. The fair value loss is deferred as there are significant unobservable inputs used in the valuation model.

As at March 24, 2023, a material change in the original terms of the Old Bonds resulted in these Old Bonds being derecognized, replaced and accounted for consistently with the New Bonds. The Company determined that based on the amended terms, the Bonds will be recognized as compound financial instruments. The Bonds respective present values will be the liability component, carried at amortized cost and the residual value between the proceeds allocated to the Bondholder Warrants and the respective present value of the 2027 Bonds and the 2028 Bonds will be recorded within equity as conversion rights.

As a result, the deferred losses of $10.7 million, $13.9 million and $7.6 million related to 2024 Bonds, the 2025 Bonds and the December Tap 2025 Bonds, respectively, that were unamortized as at March 24, 2023, were recorded within the net loss on extinguishment of convertible bonds in net earnings.

The following table provides a summary of the deferred losses of various Old Bonds as at December 31, 2022 and September 30, 2023:

	2024 Bonds Deferred Loss	2025 Bonds Deferred Loss	December Tap 2025 Bonds Deferred Loss	Total

On the date of issuance of the New Bonds and the amendment to the Old Bonds, the initial present value of all the Bonds is calculated assuming that the Bonds will not be converted until their respective maturities and using a discount rate of approximately 42% per annum, representing interest rates applicable to similar instruments, but without a conversion option.

For the New Bonds issued on March 24, 2023, as the initial present values are lower than the allocated proceeds, an equity component of $1.0 million for 2027 Bonds and $0.8 million for 2028 Bonds was recorded as conversion rights. In addition, due to the recognition of the New Bonds at amortized cost, all of the transaction costs related to issue of the New Bonds of approximately $1.5 million, were allocated proportionately between the 2027 Bonds of $0.5 million ($0.6 million before allocation to the conversion rights), the 2028 Bonds of $0.4 million ($0.5 million before allocation to the conversion rights), the conversion rights in equity related to the New Bonds of $0.2 million and the March 2023 Bondholders' Warrants of $0.4 million. The carrying amounts of the New Bonds and respective equity portions are recognized net of these transaction costs, while the transaction costs allocated to the March 2023 Bondholders' Warrants are recognized as a financing expense in net earnings.

In respect of the unconverted Changed Bonds, the Company calculated their deemed proceeds, based on a proportionate proceeds' allocation to the New Bonds, and recognized equity components in the amount of $1.4 million, $0.9 million and $0.4 million for the 2024 Bonds, the 2025 Bonds and the December Tap 2025 Bonds, respectively, representing a difference between the initial present values and the allocated deemed proceeds. In addition, the difference between these Changed Bonds allocated deemed proceeds, under the amortized cost method and their fair value under FVTPL is recognized as a gain in net earnings within the net loss on extinguishment in the amounts of $3.5 million, $7.2 million and $3.3 million for the 2024 Bonds, the 2025 Bonds and the December Tap 2025 Bonds, respectively.

The following table provides a summary of net loss on extinguishment of the Changed Bonds recorded as at March 24, 2023:

	2024 Bonds	2025 Bonds	December Tap 2025 Bonds	Total
Unamortized deferred Loss	10,734	13,873	7,569	32,176

Net loss on extinguishment	7,280	6,706	4,234	18,220

The following table provides a summary of the conversion rights of the Bonds recognized as at March 24, 2023:

	Changed Bonds	New Bonds	Allocated transaction costs	Total
2024 Bonds	1,356	-	-	1,356
2025 Bonds	935	-	-	935

Subsequent to March 24, 2023, all the Bonds' carrying amounts are subject to amortization over the Bonds' respective life, that is calculated using an effective interest rate method. For the three months ended March 31, 2023, total accretion amounted to $0.1 million and related to the 7-day period from March 24, 2023 to March 31, 2023.

As at March 24, 2023, the Old Bonds' fair values under the FVTPL method included fair values of the CPLs of $1.1 million in respect of converted 2024 Bonds and $0.7 million in respect of converted 2025 Bonds. These CPLs are not subject to extinguishment as their terms did not change and it continues to be accounted for at FVTPL. As at March 31, 2023, the Company recorded an additional loss due to change in fair value of these CPLs in total of $0.02 million in respect of the 7-day period from March 24, 2023 to March 31, 2023.

At each conversion date up to March 24, 2023, the value of Common Shares issued further to the conversions were recognized at an approximate amount of the fair value of the converted 2024 Bonds and 2025 Bonds less the fair value of the related Conversion Payment that remained within the fair value of the 2024 Bonds and 2025 Bonds. During three months ended March 31, 2023, the Company recorded additional share capital of $0.9 million in respect of the converted 2024 Bonds and $0.4 million in respect of the converted 2025 Bonds, including $0.3 million in respect of one 2024 Bond converted on December 30, 2022 with the respective Common Shares issued on January 6, 2023.

The following major assumptions were used by the Company's external valuators in the valuation model based on the finite difference method to estimate the fair value of the Old Bonds FVTPL at the dates of valuation up to the amendment on March 24, 2023:

	2024 and 2025 Bonds for conversions from Jan. 3, 2023 to Feb. 28, 2023	as at March 24, 2023

During the second and third quarters of 2023, further to the conversions of the Bonds (as discussed in the section above) the Company recorded in total an addition to share capital of 4.0 million, a decrease in conversion rights of $1.4 million, a loss on conversion of $2.1 million and recognized a CPL liability of $5.3 million. In addition, an accretion of $2.6 million was recorded in respect of the Bonds for the nine months ended September 30, 2023.

In addition, during the second and third quarters of 2023, further to the share settlements of some CPL's liabilities (as discussed in section above), the Company recorded in total an addition to share capital of $3.9 million and an accretion of $0.5 million in respect of CPL’s liability.

As at September 30, 2023, the Company would be contractually required to pay at maturities a maximum of $30.3 million in respect of the 2027 Bonds and $40.2 million in respect of the 2028 Bonds, assuming that the Bonds are not repaid in cash earlier than at maturity, that all outstanding Bonds are not converted before maturity, and that none of the Bondholders that already converted the Bonds elects to receive its Conversion Payment in shares earlier than at maturity.

Subsequent modification of Bond and Warrant terms

On October 5, 2023, the Company signed with its lead bondholder, a purchase agreement (the "**Purchase Agreement**") to obtain additional financing of gross proceeds of $4.0 million (as discussed in note 12). Further to this agreement, the terms of outstanding Bonds and Bondholder Warrants are modified as follows, with other terms remaining unchanged:

- the conversion price for each of the 2027 Bonds and the 2028 Bonds is £0.026 ($0.0317); and
- the exercise price for each Bondholder Warrant is £0.026 ($0.0317).

The Company is also committed to certain undertakings and restrictions in the Purchase Agreement with the lead Bondholder.

In addition, the agreement provides for three new 2028 Bonds with aggregate principal of $0.6 million (the "**Directors Bonds**") to be issued to the Company's non-executive directors in full satisfaction of all and any remuneration due from the Company to each such director for the year ending December 31, 2023. The Directors Bonds should be issued on the same modified terms and conditions as existing 2028 Bonds and can be issued no later than December 31, 2023.

Conversions subsequent to September 30, 2023

As at the date of filing the interim Financial Statements, the Company received an additional conversion notice from a Bondholder to convert 5 of the 2028 Bonds. Further to this conversion, the Company issued 31,545,741 Common Shares on November 7, 2023.

In addition, on November 9, 2023, the Company issued 10,959,003 Common Shares pursuant to the Share Settlement Option exercised by a Bondholder for the settlement of $0.25 million of the Conversion Payment amount and related accrued interest due in respect of one converted 2028 Bond.

As at the date of filing the interim Financial Statements, the Company has a total of 122 unconverted Bonds outstanding with a principal amount of $24.4 million.

9. SENIOR CREDIT FACILITY

The loan agreement dated March 16, 2021 is between a US based global investment firm (the "**Lender**") and COPL America Inc. (the "**Borrower**" or "**COPLA**"), a 100% owned subsidiary of the Company, repayable within a four-year term (collectively, the "**Senior Credit Facility**" or the "**SCF**") and the Borrower drew an initial principal loan amount of $45.0 million. The SCF is secured by the assets of COPLA and its subsidiaries.

The Senior Credit Facility agreement is subject to an interest rate at the London Interbank Offered Rate ("**LIBOR**"), with a floor of 2.0% plus 10.5% per annum. On June 28, 2023, further to the LIBOR benchmark being phased out, the Company signed an eighth amendment to the SCF, that replaces LIBOR with the Secured Overnight Financing Rate ("**SOFR**") plus an adjustment of 0.11448% for a one month period, 0.26161% for a three month period and 0.42826% for a six month period. Accordingly, effective July 1, 2023, the Company pays monthly interest at the rate of SOFR plus 0.11448% plus 10.5% per annum. As the switch to SOFR is a direct consequence of the benchmark reform and the changes result in economically equivalent contractual cash flows, the Company applies a practical expedient under IFRS 9, that allows the switch to be treated as changes to a floating interest rate, in that the effective interest rate is updated to reflect the change in an interest rate benchmark from LIBOR to SOFR without adjusting the carrying amount of the loan.

The outstanding loan principal is repaid monthly by COPLA's cash resources less expenditures approved by the Lender in excess of $2.5 million, or COPLA may prepay amounts outstanding subject to prepayment premiums. The Senior Credit Facility includes mandatory prepayments towards amounts outstanding for any COPLA transactions that are: (a) assets sales greater than $0.15 million per transaction or $0.25 million in aggregate over

the term of the Senior Credit Facility; (b) insurance proceeds greater than $0.15 million and (c) issuance of indebtedness, extraordinary receipts and equity issuances by COPLA.

The Senior Credit Facility includes the following covenants: spending on capital expenditures subject to lender approval, and the maintenance of certain financial ratios for an asset coverage ratio (1.5 to 1), a leverage ratio (2.5 to 1) and liquidity (45-day minimum average balance of unrestricted cash must be at least $2.5 million). The Senior Credit Facility did not require security or guarantees to be provided by the Company or its wider group outside of the US and all financial ratios are calculated with reference to only COPLA and its US subsidiaries.

Under a separate warrant purchase agreement dated March 16, 2021, the Lender was granted warrants representing 5% of the fully diluted common shares of COPLA for an exercise price of $0.01 per share. Pursuant to a third amending agreement to the SCF as of March 31, 2022 and a sixth amending agreement to the SCF as of March 24, 2023, the Lender was granted an additional 1% and 2.5% respectively of the fully diluted common shares of COPLA for an exercise price of $0.01 per share for a combined total warrant coverage of 8.5% of such fully diluted shares (collectively, the "**Lender Warrants**"). The Lender Warrants may be exercised, in whole or in part, at any time and from time to time from and after March 16, 2021 until the later of: (a) the 60th day following the date on which the Senior Credit Facility is paid in full and (b) March 16, 2025. Upon the occurrence of certain trigger events, the Lender would be entitled to redeem such Lender Warrants for an amount equal to the greater of 8.5% of the Company's market capitalization on a fully diluted basis or 8.5% of the net asset value of COPLA at such time, subject to certain adjustments. The Lender Warrants were issued as a requirement of the Lender for providing the Senior Credit Facility and are part of the cost of debt and factored into the overall determination of the effective interest rate for the facility. As the Lender Warrants are a puttable financial instrument at the option of the Lender, following the occurrence of certain trigger events, the Lender Warrants are classified as derivative liabilities recognized at fair value upon issuance and measured at each reporting period end with changes in fair value recognized in net earnings.

The following table provides a summary of the Senior Credit Facility including associated derivative liabilities as at September 30, 2023:

As at March 16, 2021, the fair value of the Senior Credit Facility of $45.0 million was assigned as follows: $35.0 million, net of financing costs of $2.8 million to the SCF, $4.9 million to the Lender Warrants and $2.3 million to the LIBOR floor.

(a) As at September 30, 2023, the Lender Warrants were revalued at $3.0 million using 8.5% of the adjusted net asset value of COPLA (December 31, 2022 - $8.0 million using 6% of COPL's market capitalization on a fully diluted basis). The resulting change in fair value of $5.0 million related to an initial valuation of the

additional 2.5% Lender Warrants of $0.7 million recognized in financing costs pursuant to a sixth amending agreement to the Senior Credit Facility and a gain on derivative liabilities of $5.7 million for the nine months ended September 30, 2023 (see note 16).

(b) The LIBOR floor was assessed to be an embedded derivative. As at March 16, 2021, the LIBOR floor was in-the-money, and the forward curve for 1-month LIBOR over the term of the SCF indicated that it would remain in the money for the duration of the Senior Credit Facility. Therefore, the LIBOR floor is not closely related to the host debt contract of $45.0 million, and is recognized as a derivative liability that is revalued at each reporting period end with resulting changes in fair value recognized in net earnings. As at September 30, 2023, the SOFR floor, which replaced the phased out LIBOR benchmark was revalued at $13,000 (December 31, 2022 - $87,000) and the resulting change in fair value was recognized as a gain on derivative liabilities of 74,000 for the nine months ended September 30, 2023 (see note 16).

(c) Aggregate financing costs associated with the Senior Credit Facility of $3.4 million were allocated to the three components of the Senior Credit Facility based on the relative fair value of each component. The costs of $2.8 million associated with the loan portion of $35.0 million form part of the amortized costs of the loan used to determine the effective interest rate of 20.9%, which increased to 24.3% as at September 30, 2023, due to the forward SOFR rate in excess of the 2.0% floor. The proportionate financing costs of $0.5 million associated with the initial valuation of the derivative liabilities of the LIBOR floor and the Lender Warrants were expensed on the inception date of the debt.

(d) The principal repayment of $2.9 million in June 2022 resulted in a loss on the loan modification of the SCF of $0.5 million recognized in net earnings for the year ended December 31, 2022.

During the nine months ended September 30, 2023, COPLA recorded $5.0 million interest on this loan (see note 15). Due to difficulties with a fund transfer, the interest for the month of September for $0.6 million was not paid until October 2, 2023, which was acceptable to the Lender.

On December 30, 2022, the Borrower received a waiver from the Lender for not meeting the requirements of the leverage ratio of 2.5 to 1 and a 45-day minimum average balance of unrestricted cash of at least $2.5 million as at December 31, 2022 subject to certain conditions, which were satisfied, including payment of a waiver fee of $0.4 million on March 31, 2023. Due to the waiver, the Company was not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at December 31, 2022.

On March 24, 2023, the Borrower received a waiver from the Lender for the asset coverage ratio of 1.5 to 1 and the leverage ratio of 2.5 to 1 as at March 31, 2023 and June 30, 2023 subject to certain conditions, which have been satisfied including the increase of Lender Warrants from 6.0% to 8.5% of the common shares in the Borrower. Due to the waiver, the Company was not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at March 31, 2023 and June 30, 2023.

Pursuant to a ninth amending agreement to the SCF as of September 29, 2023, the Borrower received a waiver from the Lender for the asset coverage ratio of 1.5 to 1 and the leverage ratio of 2.5 to 1 as at September 30, 2023, and a reduction in the 45-day minimum average balance of unrestricted cash from $2.5 million to $1.5 million for the months ending September 30, 2023, October 31, 2023, November 30, 2023 and December 31, 2023, subject to certain conditions, which have been satisfied subsequent to September 30, 2023. The conditions that have been satisfied include:

- the termination of the commodity hedges for oil and butane and replacement with a loan to the counterparty at the same interest rate as the SCF (see note 17a); and
- the Company contributing $2.5 million to COPLA.

Due to the waiver, the Company was not in default on the Senior Credit Facility and the indebtedness was classified as a non-current liability as at September 30, 2023.

On October 4, 2023, the Company signed a tenth amendment to the SCF agreement that provides for the Company to be able to elect a payment-in-kind of interest by increasing the outstanding principal amount of the SCF, rather than paying such portion of the interest in cash ("**PIK Interest**"). In addition, the amendment provides that such PIK Interest capitalization applies for the interest payment dates ending October 31, 2023, November 30, 2023, December 31, 2023 and January 31, 2024.

On October 13, 2023, the Company signed an eleventh amendment to the SCF agreement that provides for changes to the definition of swap terminations and related defaults, to conform with amendments made to an intercreditor agreement signed on October 4, 2023 and October 13, 2023 (see note 17a).

17. FINANCIAL INSTRUMENTS

Market risk

Market risk is the risk that the fair value of future cash flows of financial assets or liabilities will fluctuate due to movements in market prices and consists of the following:

(a) Commodity Price Risk

Commodity price risk is the risk that the fair value of future cash flows will fluctuate as a result in changes in commodity prices. The commodity prices for oil and gas are impacted by world economic events that dictate the levels of supply and demand. As a means of mitigating exposure to commodity price risk volatility, the Company may enter into various derivative agreements. The Company's policy is to not use derivative financial instruments for speculative purposes.

Effective March 15, 2021, as a condition of the Senior Credit Facility, the Company entered into a master risk management agreement with a third-party institution. In December 2022, the Company restructured its commodity derivatives to unwind certain positions. The restructuring increased exposure to crude oil prices in the first half of 2023 as no oil derivatives contracts existed in that time period.

As at September 30, 2023, the Company had in place the following commodity risk management contracts with respect to the sale of its crude oil production and the purchase of butane used in the miscible flood injection program.

Commodity	Fixed price SWAP[1]	Total notional volumes	Term	Average price (US$)	Fair Value[2,3]
Crude oil	WTI Futures	143,781 barrels	Oct 1/23 to Feb 29/24	$52.87	(4,578)
Crude oil	WTI Futures	306,000 barrels	Mar 1/24 to Dec 31/24	$52.88	(6,750)
			Commodity derivative liability		**(11,328)**
Butane	Normal (NC4)	3,391,610 gallons	Oct 1/23 to Feb 29/24	$0.67	736
			Commodity derivative asset		**736**
			Net derivative liability		**(10,592)**
Current - commodity derivative liability					**(8,828)**
Non-current - commodity derivative liability					**(1,764)**

(1) WTI refers to West Texas Intermediate, a grade of light sweet crude oil used as benchmark pricing in the US.
(2) The floating price of the crude oil contracts for each contract month is equal to the arithmetic average of the NYMEX light sweet crude oil futures first nearby contract settlement price for each business day during the contract month.
(3) The floating price of the butane contracts for each contract month is equal to the arithmetic average of the OPIS Mont Belvieu butane futures for each business day during the contract month.

As at September 30, 2023, the resulting fair value of these contracts has been recognized in the Financial Statements as a current commodity derivative liability of $8.8 million (December 31, 2022 - $1.6 million) and a non-current commodity derivative liability of $1.8 million (December 31, 2022 - $5.2 million).

In respect of these commodity derivative contracts, the Company recognized in its Financial Statements:

- an unrealized loss of $3.9 million and $2.1 million on crude oil contracts for the three and nine months ended September 30, 2023, respectively (unrealized gain of $10.4 million and $1.4 million, respectively for the three and nine months ended September 30, 2022); and
- an unrealized gain of $0.6 million and unrealized loss of $1.6 million on butane contracts for the three and nine months ended September 30, 2023, respectively (unrealized loss of $5.6 and $4.6 million, respectively for the three and nine months ended September 30, 2022).

On October 4 and October 13, 2023, the Company executed the first and second amendment to the intercreditor agreement with its commodity swap counterparty and its Lender. The amendments provided for the termination of all the Company's crude oil and butane risk management contracts and the outstanding obligations in respect of these contracts as at the date of signing, were replaced with a loan ("**Swap Loan**") with an initial principal amount of $11.9 million. The Swap Loan bears interest at the same rate and calculation methodology as the SCF and has the same maturity on March 16, 2025 (see note 9). Interest for the initial four months of the Swap Loan, from October 2023 to January 2024 will be accrued and capitalized into the principal amount of the Swap Loan. The amendments also provide for an initial principal repayment of $0.5 million, which the Company paid to the swap counterparty in October 2023. Any further repayments of the Swap Loan or the SCF will be made to both counterparties, in a ratio based on total obligation due to these parties.

(b) Credit risk

Credit risk is the risk that the counterparty to a financial asset will default, resulting in the Company incurring a financial loss. A substantial portion of the Company's accounts receivable are with the purchaser of the Company's oil and joint interest owners in its oil and natural assets, which are subject to normal industry credit risks. As at September 30, 2023, the Company's cash was held at four financial institutions with high third-party credit ratings.

The maximum credit risk exposure associated with accounts receivable is the total carrying value. The Company monitors these balances to limit the risk associated with collection. The Company's revenue receivable of $0.4 million as at September 30, 2023, was owing from one company and has been collected subsequent to September 30, 2023 and the majority of joint interest receivables of $0.6 million as at September 30, 2023, was owing from

one joint interest partner. The Company considers all of its accounts receivable as at September 30, 2023 to be collectable.

As at September 30, 2023, the Company holds $2.2 million of cash and cash equivalents with Canadian, US and Bermudian chartered banks (December 31, 2022 - $4.0 million).

Long-term receivables

The Company's long-term accounts receivable relate to amounts due from its partner in the Company's 50% interest in a jointly controlled entity, Shoreline Canoverseas Petroleum Development Corporation Limited ("**ShoreCan**"), focusing on the acquisition of upstream oil and gas exploration, development and producing assets in sub-Saharan Africa. The Company recorded an expected credit loss provision of $0.1 million for the nine months ended September 30, 2023. Further to a recoverability assessment, the Company has recognized a full allowance for expected credit loss as follows:

	September 30, 2023	December 31, 2022
Long-term receivable	**472**	387
Allowance for expected credit loss	**(472)**	(387)
	-	-

(c) Interest rate risk

The Company's policy is to keep its cash, whenever possible, in interest-bearing accounts with its financial institutions. The Company periodically monitors the interest rates offered and is satisfied with the credit ratings of its banks.

Effective July 1, 2023, as disclosed in note 9, the Company's amended Senior Credit Facility provides for an interest rate of SOFR plus 0.11448% plus 10.5% per annum. Management monitors the SOFR forward curve, which as at September 30, 2023 was anticipated to vary between 4.65% and 5.42% for the remaining monthly periods until maturity of the facility in March 2025. The current maximum interest risk exposure is approximately $0.04 million of additional interest expense per annum, assuming a SOFR rate of 5.42% is applicable for the full year.

(d) Foreign exchange risk

To mitigate a portion of its exposure and to the extent it is feasible, the Company keeps its funds in currencies applicable to its known short-term obligations.

Cash and cash equivalents include amounts denominated in the following foreign currencies:

(000s)	**September 30, 2023**	December 31, 2022
GBP	**15**	30
Canadian dollars	**101**	251

(e) Liquidity risk

Liquidity risk is the risk the Company will encounter difficulties in meeting its short-term debt obligations. The Company's approach to managing liquidity risk is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking harm to the Company's operations or reputation. The Company prepares an annual budget, which outlines the planned operating, investing and financing activities and is regularly monitored against actual costs and revised as considered necessary.

The timing of cash outflows relating to financial liabilities on an undiscounted basis as at September 30, 2023 are outlined in the table below:

	2023	2024-2025	2026-2028	Thereafter
Accounts payables and accrued liabilities	11,558	-	-	-
Bonds, if not converted (note 8)	-	324	70,151	-

18. CAPITAL MANAGEMENT

The Company's objectives when managing capital are:

- to fund its development and exploration programs;
- to maintain balance sheet strength and optimal capital structure, while executing on the Company's strategic objectives; and
- to provide an appropriate return to shareholders relative to the risk of the Company's underlying assets.

In the management of capital, the Company includes shareholders' equity and interest-bearing indebtedness (defined as long-term loans and short-term loans). Shareholders' equity includes share capital, warrants, contributed capital reserve and accumulated deficit. The Company maintains and adjusts its capital structure based on changes in economic conditions and the Company's planned requirements. The Company's capital structure depends on the Company's expected business growth, ability to access financing from equity and debt capital markets and any changes to the business and commodity price environment in which the Company operates. The Company may adjust its capital structure by issuing new equity and/or new debt, repaying its existing debt, selling and/or acquiring assets, and controlling the capital expenditure program.

The Company is currently exploring various options that, if successful, will enable the Company to have access to sufficient funds to execute its business strategy, generate operating cash flows and be able to settle liabilities as and when they fall due. These include but are not limited to raising funds, the completion of a material transaction or an alternative transaction that improves the cash and working capital position of the Company and refinancing its SCF. There is no assurance that the Company will be successful in sufficiently financing the Company's ongoing business activities.

Although, currently the Company is not subject to any external capital requirements, the Company's US operation is subject to financial covenants imposed by the Senior Credit Facility (see note 9). These financial covenants will have an impact on the Company's overall capital requirements and management of capital requirements.

(i) Subject to the terms and conditions hereof, on the Closing Date, each Lender with an Initial Commitment shall make to the Borrower (so long as all conditions precedent required hereby shall have then been satisfied or waived), a term loan in an aggregate principal amount equal to such Lender's Initial Commitment. The aggregate amount of all Initial Commitments is $45,000,000. The Initial Commitments may only be drawn on the Closing Date and, once repaid, may not be reborrowed.

(ii) The Initial Commitment of each Lender who satisfies its obligation to fund the Loans on the Closing Date shall terminate in its entirety (after giving effect to the incurrence of such Loans on such date).

(b) Incremental Commitments.

(i) The Borrower may, with the prior written consent of the Administrative Agent from time to time, request Incremental Commitments in an aggregate amount not to exceed $20,000,000 from one or more of the existing Lenders in such Lender's sole discretion. Such notice shall set forth (A) the amount of the Incremental Commitments being requested and (B) the date on which such Incremental Commitments are requested to become effective (which shall not be less than ten (10) Business Days nor more than thirty (30) days after the date of such notice, in each case unless the Administrative Agent otherwise agrees). No Lender will be required or otherwise obligated to provide any Incremental Commitments.

(ii) The Borrower and each Incremental Lender shall execute and deliver to the Administrative Agent an Incremental Term Loan Amendment and such other documentation as the Administrative Agent and the Incremental Lenders shall reasonably specify to evidence the Incremental Commitment of such Incremental Lender. Each Incremental Term Loan Amendment (A) shall specify the terms of the Incremental Term Loans to be made thereunder, (B) shall be made pursuant to the Loan Documents and (C) shall be on terms consistent with the terms applicable to the Term Loans unless, for purposes of this clause (C), the Requisite Lenders, each in their sole discretion, shall have provided their written consent to such other terms. Neither the Incremental Commitments nor the Incremental Term Loan Amendment shall be effective unless the Administrative Agent and the Requisite Lenders, each in its sole discretion, shall have provided its written consent to such Incremental Commitments and Incremental Term Loan Amendment.

(iii) The Administrative Agent shall promptly notify each Lender as to the effectiveness of each Incremental Term Loan Amendment. Each of the parties hereto hereby agrees that, the Incremental Term Loan Amendment may, without the consent of any Lenders (other than the Incremental Lenders and the Requisite Lenders), effect such amendments to this Agreement and the other Loan Documents as may be necessary or

appropriate, in the opinion of the Requisite Lenders, to effect the provisions of this Section 2.1(b).

Section 2.2 The Loans. The obligation of the Borrower to repay to each Lender the aggregate amount of all Loans held by such Lender, together with interest accruing in connection therewith, may, at the request of any Lender, be evidenced by one or more Promissory Notes made by the Borrower payable to such Lender (or its assigns) with appropriate insertions. Interest on each Loan shall accrue and be due and payable as provided herein. Each Loan shall be due and payable as provided herein, and shall be due and payable in full on the Maturity Date. The Borrower may not borrow, repay and reborrow hereunder or under the Loans.

Section 2.3 Requests for Loans. The Borrower must give to Administrative Agent written or electronic notice of any requested Loan borrowing pursuant to a Borrowing Notice. Each Borrowing Notice shall be irrevocable and must:

(a) specify the amount of Loans requested to be made and the date on which such Loans are requested to be made;

(b) be received by Administrative Agent no later than 10:00 a.m., New York, New York time, ten (10) Business Days (or, in the case of the Loans on the Closing Date, one (1) Business Day) prior to the date on which any such Loans are to be made (or such shorter period as the Administrative Agent and the Lenders may agree);

(c) specify the location and number of the accounts to which funds are to be disbursed, which shall be the Deposit Accounts of the Borrower and/or any of the Loan Parties subject to Control Agreements or the account or accounts of such other third party recipients as expressly identified in the Borrowing Notice and approved by the Administrative Agent; and

(d) certify that each of the conditions precedent specified in Section 3.1 (in the case of Loans being made pursuant to the Initial Commitments) and pursuant to any amendment or other agreement entered into in connection with a borrowing of Incremental Term Loans, at the time of the applicable borrowing and after giving effect to such borrowing, shall have been satisfied or waived in accordance with the terms hereof.

Each such Borrowing Notice must be duly completed. Upon receipt of any such Borrowing Notice, Administrative Agent shall give each Lender prompt notice of the terms thereof. If all conditions precedent to such new Loans have been met, each Lender will on the date requested promptly remit to Administrative Agent at the Administrative Agent's Account the amount of such Lender's new Loans in immediately available funds, and upon receipt of such funds, unless to its actual knowledge any conditions precedent to such Loans have been neither met nor waived as provided herein or such Lender has already made Loans equal to the amount it is required to fund on such date pursuant to Section 2.1, Administrative Agent shall promptly make such Loans available to the Borrower. The failure of any Lender to make any Loan hereunder shall not relieve any other Lender of its obligation hereunder, if any, to make its Loan, but no Lender shall be responsible for the failure of any other Lender to make any Loans hereunder.

Section 2.4 Use of Proceeds. The proceeds of the Loans issued on the Closing Date may only be used (i) to fund the Atomic Acquisition, (ii) to fund the Closing Date Refinancing,

(iii) to retire trade payables owed by Atomic and Cuda as set forth on Schedule 2.4, (iv) to fund $9,000,000 of cash liquidity into the Borrower and/or (v) to pay financing fees, Transaction Costs and legal costs related to closing of this Agreement and the other Loan Documents since the commencement of negotiations with the Lenders.

Section 2.5 Evidence of Debt; Register; Lenders' Books and Records.

(a) Lenders' Evidence of Debt. Each Lender shall maintain in its internal records an account or accounts evidencing the Obligations of the Borrower to such Lender, including the amounts of the Promissory Notes (if any) held by such Lender and each repayment and prepayment in respect thereof. Any such recordation shall be conclusive and binding on the Loan Parties, absent manifest error; provided, that the failure to make any such recordation, or any error in such recordation, shall not affect any Obligations in respect of any applicable Loans; and provided further, in the event of any inconsistency between the Register and any Lender's records, the recordations in the Register shall govern. A Lender may at its option request that its Loans be evidenced by a Promissory Note. In such event, the Borrower shall prepare, execute and deliver to such Lender a Promissory Note payable to such Lender (or, if requested by such Lender, to such Lender and its registered assigns) in the form attached as Exhibit H or otherwise in a form approved by the Administrative Agent. Thereafter, the Loans evidenced by such Promissory Note and interest thereon shall at all times (including, to the extent requested by any assignee, after assignment) be represented by one or more Promissory Notes in such form payable to the payee named therein (or, if such Promissory Note is a registered note, to such payee and its registered assigns).

(b) Register. The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at its Principal Office a register for the recordation of the names and addresses of Lenders and the Loans of each Lender from time to time (the "**Register**"). The Register shall be available for inspection by the Borrower, and a redacted version of the Register showing the entries with respect to any Lender shall be available for inspection by such Lender, at any reasonable time and from time to time upon reasonable prior notice. The Administrative Agent shall record in the Register the Loans, the date on which such Loans were made, the principal amount (and stated interest) of the Loans, each repayment or prepayment in respect of the principal amount of the Loans, and any such recordation shall be conclusive and binding on the Borrower and each Lender, absent manifest error; provided, that failure to make any such recordation, or any error in such recordation, shall not affect the Loan Parties' Obligations in respect of any Loan. The Borrower hereby designates the entity serving as the Administrative Agent to serve as its non-fiduciary agent solely for purposes of maintaining the Register as provided in this Section 2.5(b), and the Borrower hereby agrees that, to the extent such entity serves in such capacity, the entity serving as the Administrative Agent and its officers, directors, employees, agents and Affiliates shall constitute "Indemnitees." This Section 2.5(b) shall be construed so that the Loans are at all times maintained in "registered form" within the meaning of Sections 163(f), 871(h)(2) and 881(c)(2) of the Code.

Section 2.6 Interest and Fees.

(a) Interest Rate. Each Loan shall at all times bear interest for each day on which it is outstanding at a rate per annum equal to a floating rate of interest equal to 10.50% plus LIBOR (the "**Interest**").

(b) Interest Payment Dates. Interest on each Loan shall be due and payable in cash on each Interest Payment Date. All interest hereunder shall be computed on the basis of a 360-day year and actual days elapsed and shall be payable for the actual number of days elapsed (including the first day but excluding the last day) occurring in the period for which such interest or fees are payable.

(c) Default Interest. Upon the occurrence and during the continuance of an Event of Default, the principal amount of all Loans outstanding and, to the extent permitted by applicable law, any interest payments on the Loans or any fees or other amounts owed hereunder, shall thereafter bear interest (including post-petition interest in any proceeding under the Bankruptcy Code or other applicable bankruptcy laws, whether or not allowed in such a proceeding) payable in cash on demand at a rate that is two percent (2.0%) per annum in excess of the interest rate otherwise payable hereunder with respect to the applicable Loans. Payment or acceptance of the increased rates of interest provided for in this Section 2.6(c) is not a permitted alternative to timely payment and shall not constitute a waiver of any Event of Default or otherwise prejudice or limit any rights or remedies of the Administrative Agent or any Lender.

(d) Closing Fee. On the Closing Date, the Borrower agrees to pay to Summit, for its own account, with respect to the Term Loans, a closing fee in an amount equal to 2.50% of the stated principal amount of such Term Loans (the "**Closing Fees**"). Such Closing Fee will be in all respects fully earned, due and payable upon the funding of the Loans and non-refundable and non-creditable thereafter.

(e) Servicing Fee. The Borrower agrees to pay, on the first day of each Fiscal Quarter, to the Administrative Agent a quarterly servicing fee equal to $15,000 in advance of each Fiscal Quarter for the term of the Loans.

Section 2.7 Repayment of Loans. If any principal, interest or other Obligations remain outstanding on the Maturity Date, such amounts will be paid in full by the Borrower to the Administrative Agent for the account of the Lenders in immediately available funds on the Maturity Date, together with any amounts required to be paid hereunder (including any applicable Premium) (to be calculated by the Borrower in a certificate of an Authorized Officer delivered to the Administrative Agent).

Section 2.8 Voluntary Prepayments. The Borrower may prepay the Loans on any Business Day in whole or in part upon not less than three (3) Business Days' prior written or telephonic notice, in each case given to Administrative Agent by 12:00 p.m. (New York City time) on the date required and, if given by telephone, promptly confirmed in writing to Administrative Agent. Any voluntary prepayment shall be in a minimum amount of (i) if being paid in whole, the Obligations and (ii) if being paid in part, $100,000 and integral multiples of $100,000 in excess of that amount. Upon the giving of any such notice, the principal amount of the Loans specified in

such notice, together with interest then accrued but unpaid on such principal amount and any Premium with respect thereto, shall become due and payable on the prepayment date specified therein and shall be irrevocable; provided that a notice of voluntary prepayment may state that such notice is conditional upon the consummation of an acquisition or sale transaction or upon the effectiveness of other credit facilities or the receipt of the proceeds from the issuance of other Indebtedness or Capital Stock or the occurrence of any other specified event, in which case such notice of prepayment may be revoked by the Borrower by notice to the Administrative Agent on or prior to the specified date if such condition is not satisfied. Any principal or interest prepaid and any Premium paid pursuant to this Section 2.8 shall be in addition to, and not in lieu of, all payments otherwise required to be paid under the Loan Documents at the time of such prepayment. Any such voluntary prepayment shall be applied as specified in Section 2.11.

Section 2.9 Mandatory Prepayments.

(a) Asset Sales. Within five (5) days of the date of receipt by any Loan Party (or any Affiliate on behalf of such Loan Party) of any Net Asset Sale Proceeds in amount equal to or greater than (x) $150,000 per transaction and (y) $250,000 in the aggregate over the term of this Agreement, the Borrower shall offer to prepay, and, if accepted by Accepting Lenders, be obligated to prepay the Loans held by such Lenders in an aggregate amount equal to such Net Asset Sale Proceeds; provided, however, that such Net Asset Sale Proceeds shall not be required to be so applied on such date so long as (i) no Default or Event of Default has occurred, (ii) the total amount of such Net Asset Sale Proceeds not applied does not exceed $2,500,000 in the aggregate over the term of the Agreement (the "**Retained Net Asset Sale Proceeds Cap**"), and (iii) the Borrower has delivered a certificate to the Administrative Agent on such date stating that such Net Asset Sale Proceeds (A) do not exceed the Retained Net Asset Sale Proceeds Cap and (B) shall be used to invest in or replace or restore any properties or assets (and, if such investment is in Oil and Gas Properties, that such investment complies with Section 6.23 of this Agreement) in respect of which such Net Asset Sale Proceeds were paid within 90 days following the date of the receipt of such Net Asset Sale Proceeds (which certificate shall set forth the estimates of the Net Asset Sale Proceeds to be so expended); provided, further, that if all or any portion of such Net Asset Sale Proceeds not required to be so applied pursuant to the preceding proviso are not so used within 90 days after the date of the receipt of such Net Asset Sale Proceeds (or such earlier date, if any, as the Borrower or the relevant Subsidiary determines not to reinvest such Net Asset Sale Proceeds as set forth above), or, if later, within 90 days after the Borrower or such Subsidiary has entered into a binding commitment (prior to the end of the referenced 90-day period) to reinvest such proceeds, such remaining portion shall be applied on the last day of such period (or such earlier date, as the case may be) as provided above in this Section 2.9(a) without regard to the immediately preceding proviso. Any principal amount required to be prepaid under this Section 2.9(a) shall be subject to and accompanied by the Premium, as applicable.

(b) Insurance/Condemnation Proceeds. Within five (5) days of the date of receipt by any Loan Party (or any Affiliate of such Loan Party on behalf of such Loan Party), or the Administrative Agent as sole loss payee, or promptly thereafter of any Net Insurance/Condemnation Proceeds in amount equal to or greater than $150,000, the Borrower shall offer to prepay, and, if accepted by Accepting Lenders, be obligated to prepay the Loans held by such Lenders in an aggregate amount equal to the applicable Loan Party's Net Insurance/Condemnation Proceeds; provided, however, that so long as no Default or Event of

Default has occurred (i) such Net Insurance/Condemnation Proceeds shall be made available in an amount not to exceed $2,000,000 in the aggregate over the term of the Agreement for use by the applicable Loan Party to pay or recover the costs of restoring, repairing, or replacing the affected Property during the period of 180 days after the applicable Loan Party's receipt thereof and (ii) any joint interest owner's interest in such Net Insurance/Condemnation Proceeds shall be released to such owner.

(c) Issuance of Indebtedness. On the date of receipt by any Loan Party (or any Affiliate of such Loan Party on behalf of such Loan Party) of any Cash proceeds from the incurrence of any Indebtedness (other than Indebtedness that is permitted hereunder) of such Loan Party, the Borrower shall offer to prepay, and, if accepted by Accepting Lenders, be obligated to prepay the Loans held by such Lenders in an aggregate amount equal to all the net cash proceeds of such incurrence of Indebtedness; provided, that the proceeds of indebtedness incurred in accordance with Section 6.1(l) and held in a Segregated Collateral Account shall not be subject to the foregoing unless it is not applied to a Permitted Contribution Purpose within sixty (60) days of receipt. Nothing in this prepayment obligation shall limit the fact that such incurrence may be an Event of Default. Any principal amount required to be prepaid under this Section 2.9(c) shall be subject to and accompanied by the Premium, as applicable.

(d) Excess Cash Sweep. Commencing with the first month ending after the first anniversary of the Closing Date, on each date that is thirty (30) days after the end of each calendar month (or, in either case, if such date is not a Business Day, the next succeeding Business Day), if the Loan Parties and their Subsidiaries have, as of such date, Cash (other than Excluded Cash) in excess of $2,500,000 in the aggregate, the Borrower will offer to prepay the Loans in an amount equal to the lesser of (i) the amount of such excess and (ii) the principal amount of the outstanding Loans. The prepayment shall be applied by the Administrative Agent and the Lenders in the order set forth in Section 2.11 (for the avoidance of doubt, no Premium will be due on such prepayment).

(e) Extraordinary Receipts. Within five (5) days of the date of receipt by any Loan Party (or any Affiliate of such Loan Party on behalf of such Loan Party) of any Extraordinary Receipts, the Borrower shall offer to prepay, and, if accepted by Accepting Lenders, be obligated to prepay the Loans held by such Lenders in an aggregate amount equal to the net cash proceeds of such Extraordinary Receipts (subject to adjustment under Section 2.9(j)).

(f) [Reserved].

(g) [Reserved].

(h) Equity Issuance. On the date of receipt by any Loan Party (or any Affiliate of such Loan Party on behalf of such Loan Party) of any Net Equity Issuance Proceeds, the Borrower shall offer to prepay, and, if accepted by the Lender, be obligated to prepay the Loans in an aggregate amount equal to such Net Equity Issuance Proceeds. Any principal amount required to be prepaid under this Section 2.9(h) shall be subject and accompanied by the Premium; provided, that such Net Equity Issuance Proceeds shall not be subject to the foregoing so long as (i) such Net Equity Issuance Proceeds are received from COPL, (ii) substantially contemporaneously with, and in any event, within sixty (60) days of, receipt, such amounts are applied to a Permitted Contribution Purpose, and (iii) the Borrower has delivered a certificate to

the Administrative Agent setting forth (A) the terms of such equity issuance, (B) the amount and uses of Net Equity Issuance Proceeds to be expended and (C) certifying that such expenditure complies with this Section 2.9(h).

(i) Prepayment Certificate and Calculation. As soon as practicable after the Borrower has knowledge that a prepayment pursuant to Sections 2.9(a) through (h) is required, the Borrower shall deliver to the Administrative Agent a certificate of a Financial Officer demonstrating the calculation of the amount of the applicable net proceeds or other applicable financial tests or proceeds giving rise to the prepayment, as the case may be. In the event that the Borrower shall subsequently determine that the actual amount received exceeded the amount set forth in such certificate, the Borrower shall promptly make an additional prepayment of the Loans in an amount equal to such excess, and the Borrower shall concurrently therewith deliver to Administrative Agent a certificate of a Financial Officer demonstrating the calculation of such excess.

(j) Lender Right to Waive. Notwithstanding anything in this Agreement to the contrary, each applicable Lender, in its sole discretion, may, but is not obligated to, waive the Borrower's requirements to make any prepayments pursuant to Sections 2.9(a) through (h) with respect to such Lender's Pro Rata Share of such prepayment. Upon the dates set forth in Section 2.9(a) through (h), as applicable, for any such prepayment, the Borrower shall notify the Administrative Agent of the amount that is available to prepay the applicable Loans. Promptly after the date of receipt of such notice, the Administrative Agent shall provide written notice (to be prepared by the Borrower) (the "**First Offer**") to the Lenders of the amount available to prepay the Loans. Any Lender declining such prepayment (a "**Declining Lender**") shall give written notice thereof to the Administrative Agent by 10:00 a.m. New York time no later than two (2) Business Days after the date of such notice from the Administrative Agent. On such date the Administrative Agent shall then provide written notice (to be prepared by the Borrower) (the "**Second Offer**") to the Lenders other than the Declining Lenders (such Lenders being the "**Accepting Lenders**") of the additional amount available (due to such Declining Lenders' declining such prepayment) to prepay Loans owing to such Accepting Lenders, such available amount to be allocated on a pro rata basis among the Accepting Lenders that accept the Second Offer. Any Lenders declining prepayment pursuant to such Second Offer shall give written notice thereof to the Administrative Agent by 10:00 a.m. New York time no later than one (1) Business Day after the date of such notice of a Second Offer. The Borrower shall prepay the applicable Loans within one (1) Business Day after its receipt of notice from the Administrative Agent of the applicable aggregate amount of such prepayment. Amounts remaining after the allocation of accepted amounts with respect to the First Offer and the Second Offer to Accepting Lenders shall be retained by the Borrower.

Section 2.10 Premiums.

(a) Prepayment Premiums.

(i) With respect to each repayment or prepayment of Loans (including, for the avoidance of doubt, any Incremental Term Loans) under Section 2.8, and Section 2.9 (a), (c), and (h) (whether voluntary or mandatory) or any acceleration of the Loans and other Obligations pursuant to Article 8 (including for the avoidance of doubt, as a result of

clauses (a), (f) or (g) of Section 8.1) (collectively, the "**Payment Events**" and each a "**Payment Event**"), the Borrower shall pay to the Administrative Agent, for the ratable benefit of the Lenders, with respect to the amount of the Loans repaid, prepaid or accelerated, in each case, concurrently with such repayment or prepayment, a premium (the "**Premium**") equal to (i) if such Payment Event occurs on or prior to the end of the second anniversary of the Closing Date, 1.00% of the applicable aggregate principal amount of the Loans subject to the Payment Event plus any Make-Whole Amount, (ii) if such Payment Event occurs after the second anniversary of the Closing Date but on or prior to the third anniversary of the Closing Date, 1.00% of the applicable aggregate principal amount of the Loans subject to the Payment Event, or (iii) if such Payment Event occurs after the third anniversary of the Closing Date, 0.00% of the applicable aggregate principal amount of the Loans subject to the Payment Event. The Premium shall become immediately due and payable, and the Borrower will pay such Premium, as compensation to the Lenders for the loss of their investment opportunity and not as a penalty, whether or not an Insolvency Event has commenced, and (if an Insolvency Event has commenced) without regard to whether such Insolvency Event is voluntary or involuntary, or whether payment occurs pursuant to a motion, plan of reorganization, or otherwise, and without regard to whether the Loans and other Obligations are satisfied or released by foreclosure (whether or not by power of judicial proceeding), deed in lieu of foreclosure or by any other means. Without limiting the foregoing, any redemption, prepayment, repayment, or payment of the Obligations in or in connection with an Insolvency Event shall constitute an optional prepayment thereof and require the immediate payment of the Premium.

(ii) Any Premium payable pursuant to this Section 2.10 shall be presumed to be the liquidated damages sustained by each Lender as the result of the redemption and/or acceleration of its Loans and the Borrower agrees that it is reasonable under the circumstances in view of the impracticability and extreme difficulty of ascertaining actual damages and by mutual agreement of the parties as to a reasonable calculation of each Lender's lost profits as a result thereof.

(b) Upon receipt of notice of a payment or prepayment to be made, the Administrative Agent shall promptly calculate and notify the Borrower of the amount of the payment or prepayment required pursuant to Sections 2.8, 2.9, 2.10 and 2.11 and such determination shall be binding on the Borrower, the Loan Parties and the other Guarantors absent manifest error.

Section 2.11 Application of Payments.

(a) Prepayments Waterfall. Any payment of any Loan made pursuant to Sections 2.7, 2.8, or 2.9, shall be applied as follows:

(i) first, ratably to pay all expenses, fees and indemnities due hereunder to the full extent thereof;

(ii) second, ratably to pay any accrued Interest (including interest at the Default Rate, if any) until paid in full;

(iii) third, ratably to pay the Premium, if any, due on the Loans (including, for the avoidance of doubt, any Premium due resulting from the prepayment of principal under clause fourth below);

(iv) fourth, ratably, to pay the principal amount of all Loans due (or being repaid at such time);

(v) fifth, ratably to pay any other Obligations then due and payable; and

(vi) sixth, to the Borrower.

Section 2.12 General Provisions Regarding Payments.

(a) All payments by the Borrower or any Loan Party of principal, interest, fees and other Obligations shall be made in Dollars in same day funds without, recoupment, setoff, counterclaim or other defense free of any restriction or condition, except as set forth in Section 2.6(d), and delivered to the Administrative Agent not later than 12:00 p.m. (New York City time) on the date due to the Administrative Agent's Account for the account of Lenders. Funds received by the Administrative Agent after that time on such due date shall be deemed to have been paid by the Borrower on the next Business Day.

(b) All repayments in respect of the principal amount of any Loan shall be accompanied by payment of accrued interest on the principal amount being repaid or prepaid (in addition to any Premium due).

(c) To the extent any payments are received by the Administrative Agent instead of in accordance with Section 2.12(a) or Section 2.12(g), the Administrative Agent shall promptly distribute to each Lender at such address as such Lender shall indicate in writing, such Lender's applicable Pro Rata Share of all payments and prepayments of principal and interest due hereunder, together with all other amounts due thereto, including all fees payable with respect thereto, to the extent received by the Administrative Agent.

(d) Except as otherwise expressly provided herein, whenever any payment to be made hereunder shall be stated to be due on a day that is not a Business Day, such payment shall be made on the next succeeding Business Day and such extension of time shall be included in the computation of the payment of interest hereunder.

(e) The Administrative Agent shall deem any payment by or on behalf of the Borrower hereunder that is not made in same day funds prior to 12:00 p.m. (New York City time) to be a non-conforming payment. Any such payment shall not be deemed to have been received by Administrative Agent until the later of (i) the time such funds become available funds, and (ii) the applicable next Business Day. Interest and fees shall continue to accrue on any principal as to which a non-conforming payment is made until such funds become available funds (but in no event less than the period from the date of such payment to the next succeeding applicable Business Day) at the applicable rate determined pursuant to Section 2.6 from the date such amount was due and payable until the date such amount is paid in full.

(f) If an Event of Default shall have occurred and not otherwise been waived or all or any portion of the Loans shall have been accelerated hereunder, subject to the terms of any Swap Intercreditor Agreement (it being understood, for the avoidance of doubt, that during the existence of a Triggering Event (as such term is defined in the Swap Intercreditor Agreement) Section 4.02(b) of the Swap Intercreditor Agreement shall control), all payments or proceeds received by the Administrative Agent hereunder in respect of any of the Obligations shall be applied:

(i) first, to pay any costs and expenses then due to the Administrative Agent and the Collateral Agent in connection with the foreclosure or realization upon, the disposal, storage, maintenance or otherwise dealing with any of, the Collateral or otherwise, and indemnities and other amounts then due to the Administrative Agent and the Collateral Agent under the Loan Documents until paid in full;

(ii) second, to pay any costs, expenses, indemnities or fees then due to the Administrative Agent and the Collateral Agent under the Loan Documents until paid in full;

(iii) third, ratably to pay any expenses, fees or indemnities then due to Administrative Agent and the Collateral Agent or any of the Lenders under the Loan Documents, until paid in full;

(iv) fourth, ratably to the payment of any accrued Interest (including interest at the Default Rate, if any) until paid in full;

(v) fifth, ratably to pay the Premium, if any, due on the Loans (including, for the avoidance of doubt, any Premium due resulting from the prepayment of principal under clause sixth below);

(vi) sixth, ratably, to pay the principal amount of all Loans due (or being repaid at such time); and

(vii) seventh, ratably to pay any other Obligations then due and payable.

(g) Premium. Concurrent with the prepayment or repayment of the Loans (whether at maturity or otherwise) or following acceleration of the maturity of the Loans pursuant to the terms hereby, and/or in or in connection with a voluntary or involuntary Insolvency Event or otherwise, the Borrower shall, to the extent required by Section 2.10(a)(i), pay to each of to the Lenders or their designees, at the direction and in the amounts as invoiced by the Administrative Agent, the Premium on the principal amount so prepaid, repaid or due. For the avoidance of doubt, the Obligations shall not be considered paid in full nor shall the Liens on the Collateral be released until the Premium is paid in full in Cash.

Section 2.13 Ratable Sharing. Lenders hereby agree among themselves that, except as otherwise provided in the Collateral Documents with respect to amounts realized from the exercise of rights by the Collateral Agent on behalf of the Secured Parties with respect to Liens on the Collateral, if any of them shall, whether by voluntary payment (other than a voluntary prepayment of Loans purchased and applied in accordance with the terms hereof), through the exercise of any

right of set off or banker's lien, by counterclaim or cross action or by the enforcement of any right under the Loan Documents or otherwise, or as adequate protection of a deposit treated as cash collateral under the Bankruptcy Code, receive payment or reduction of a proportion of the aggregate amount of principal, interest, fees and other amounts then due and owing to such Lender hereunder or under the other Loan Documents (collectively, the "**Aggregate Amounts Due**" to such Lender) which is greater than the proportion received by any other Lender in respect of the Aggregate Amounts Due to such other Lender, then the Lender receiving such proportionately greater payment shall (a) notify Administrative Agent and each other Lender of the receipt of such payment and (b) apply a portion of such payment to purchase Loans (which it shall be deemed to have purchased from each Lender simultaneously upon the receipt by such Lender of its portion of such payment) in the Aggregate Amounts Due to the other Lenders so that all such recoveries of Aggregate Amounts Due shall be shared by all Lenders in proportion to the Aggregate Amounts Due to them; provided, that if all or part of such proportionately greater payment received by such purchasing Lender is thereafter recovered from such Lender upon the bankruptcy or reorganization of the Borrower or otherwise, those purchases to that extent shall be rescinded and the purchase prices paid for such Loans shall be returned to such purchasing Lender ratably to the extent of such recovery, but without interest. The Borrower expressly consents to the foregoing arrangement and agrees that any Lender that has so purchased a Loan may exercise any and all rights of banker's lien, set off or counterclaim with respect to any and all monies owing by the Borrower to that Lender with respect thereto as fully as if that Lender were owed the amount of the Loan purchased by that Lender.

Section 2.14 Increased Costs, etc.

(a) Subject to the provisions of Section 2.15 (which shall be controlling with respect to the matters covered thereby), if any Change in Law: (i) subjects any Lender (or its applicable lending office) to any additional Tax (other than (A) any Tax on the Overall Net Income of such Lender or any of its Tax Related Persons, (B) any Taxes described in clauses (B) through (E) of the definition of Excluded Taxes and (C) Connection Income Taxes, and without duplication as to amounts payable to such Lender pursuant to Section 2.15) with respect to this Agreement or any of the other Loan Documents or any of its obligations hereunder or thereunder or any payments to such Lender (or its applicable lending office) of principal, interest, fees or any other amount payable hereunder; (ii) imposes, modifies or holds applicable any reserve (including any marginal, emergency, supplemental, special or other reserve), special deposit, compulsory loan, FDIC insurance or similar requirement against assets held by, or deposits or other liabilities in or for the account of, or advances or loans by, or other credit extended by, or any other acquisition of funds by, any office of any Lender; or (iii) imposes any other condition (other than with respect to a Tax matter) on or affecting any Lender's (or its applicable lending office's) obligations hereunder; and the result of any of the foregoing is to increase the cost to such Lender of agreeing to make Loans hereunder or to reduce any amount received or receivable by such Lender (or its applicable lending office) with respect thereto; then, in any such case, the Borrower shall promptly pay to such Lender, upon receipt of the statement referred to in the next sentence, such additional amount or amounts (in the form of an increased rate of, or a different method of calculating, interest or otherwise as such Lender in its sole discretion shall determine) as may be necessary to compensate such Lender for any such increased cost or reduction in amounts received or receivable hereunder, provided that such amounts are reasonably determined. Such Lender shall deliver to the Borrower (with a copy to Administrative Agent) a written statement, setting forth in reasonable detail the

basis for calculating the additional amounts owed to such Lender under this Section 2.14, which statement shall be conclusive and binding upon all parties hereto absent manifest error.

(b) Failure or delay on the part of any to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section 2.14 for any increased costs incurred or reductions suffered more than nine (9) months prior to the date that such Lender, as the case may be, notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Lender's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the nine (9) month period referred to above shall be extended to include the period of retroactive effect thereof).

(c) If at any time the Administrative Agent determines (which determination shall be conclusive absent manifest error) that (A) by reason of any changes arising on or after the Closing Date affecting the interbank LIBOR market, adequate and fair means do not exist for ascertaining the applicable interest rate on the basis provided for in the definition of LIBOR or (B) the supervisor for the administrator of LIBOR or a governmental authority having jurisdiction over the administrator of LIBOR has made a public statement identifying a specific date after which LIBOR shall no longer be used for determining interest rates for loans, then the Administrative Agent may establish a reasonable replacement interest rate, which will be SOFR or another replacement rate as reasonably determined by the Administrative Agent in good faith consultation with the Borrower (which consultation shall not be required if a Default or Event of Default has occurred) (the "**Replacement Rate**"), in which case, the Replacement Rate shall, subject to the next two sentences, replace LIBOR for all purposes under the Loan Documents unless and until the Administrative Agent notifies the Borrower that the Replacement Rate does not adequately and fairly reflect the cost to the Lenders of funding the Loans bearing interest at the Replacement Rate. In connection with the establishment and application of the Replacement Rate, this Agreement and the other Loan Documents shall be reasonably amended in good faith with the consent of the Administrative Agent in consultation with the Borrower (which consultation shall not be required if a Default or Event of Default has occurred), as may be reasonably necessary or appropriate, in the reasonable opinion of the Administrative Agent, to effect the provisions of this clause (c). The Replacement Rate shall be applied in a manner consistent with market practice; provided that, in each case, to the extent such market practice is not administratively feasible for the Administrative Agent, such Replacement Rate shall be applied as otherwise reasonably determined by the Administrative Agent in good faith in consultation with the Borrower (which consultation shall not be required if a Default or Event of Default has occurred).

Section 2.15 Taxes; Withholding, etc.

(a) Payments to Be Free and Clear. All sums payable by any Loan Party hereunder and under the other Loan Documents shall (except to the extent required by law) be paid free and clear of, and without any deduction or withholding on account of, any Tax.

(b) Withholding of Taxes. If any Loan Party or any other Person is required by law (as determined by the relevant withholding agent in good faith) to make any deduction or

withholding for or on account of any Tax from any sum paid or payable under any of the Loan Documents: (i) the Borrower shall notify Administrative Agent of any such requirement or any change in any such requirement as soon as the Borrower becomes aware of it; (ii) the Borrower shall be entitled to make such deduction or withholding and shall pay any such Tax to the relevant Governmental Authority before the date on which penalties attach thereto; (iii) the sum payable by such Loan Party in respect of which the relevant deduction or withholding is required shall be increased to the extent necessary to ensure that after any such deduction or withholding, the Administrative Agent or such Lender, as the case may be, and each of their Tax Related Persons receives on the due date a net sum equal to what it would have received had no such deduction or withholding been required; and (iv) within thirty (30) days after making any such deduction or withholding, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by the relevant Governmental Authority evidencing such payment, a copy of the return reporting such payment, or other evidence of such payment reasonably satisfactory to the Administrative Agent acting in good faith; provided, no such additional amount shall be required to be paid to the Administrative Agent, any Lender or any Tax Related Person under clause (iii) above with respect to any (A) Taxes on the Overall Net Income with respect to any Lender or Administrative Agent or any Tax Related Person, (B) branch profits Taxes imposed by the United States, (C) U.S. federal withholding Taxes to the extent such Tax withholding or deduction requirement is in effect and applicable, as of the date hereof (in the case of each Lender listed on the signature pages hereof on the Closing Date) (or, if later, the date on which such Lender designates a new lending office) or on the effective date of the Assignment and Acceptance Agreement pursuant to which such Lender became a Lender (in the case of each other Lender), except to the extent that, pursuant to this Section 2.15, amounts with respect to such Taxes were payable to such Lender immediately before it changed its lending office or such Lender's assignor (including each of their Tax Related Persons) immediately before such Lender becomes a party hereto, (D) Taxes attributable to such Lender, Administrative Agent and/or their Tax Related Person's failure to comply with Section 2.15(e) or Section 2.15(g), or (E) U.S. federal withholding Taxes imposed under FATCA (collectively, "**Excluded Taxes**").

(c) Other Taxes. In addition, the Loan Parties shall pay all Other Taxes to the relevant Governmental Authorities in accordance with applicable law. The Loan Parties shall deliver to Administrative Agent official receipts or other evidence of such payment reasonably satisfactory to Administrative Agent in respect of any Taxes or Other Taxes payable hereunder promptly after payment of such Taxes or Other Taxes.

(d) Indemnification by the Loan Parties. The Loan Parties shall indemnify Administrative Agent and each Lender, within ten (10) days after written demand therefor, for the full amount of any Taxes paid or incurred by Administrative Agent or such Lender or their respective Tax Related Persons, as the case may be, relating to, arising out of, or in connection with any Loan Document or any payment or transaction contemplated hereby or thereby, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority and all reasonable costs and expenses incurred in enforcing the provisions of this Section 2.15; provided, however, that the Loan Parties shall not be required to indemnify the Administrative Agent and Lenders for any Excluded Taxes. A certificate from the relevant Lender or the Administrative Agent, setting forth in reasonable detail the basis and calculation of such Taxes shall be conclusive, absent manifest error.

(e) Status of Lenders.

(i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in paragraphs (e)(ii)(A), (ii)(B) and (ii)(C) of this Section) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender that is a U.S. Person shall deliver to the Administrative Agent and, if requested by the Borrower, the Borrower, executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient), whichever of the following is applicable:

a. in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

b. executed copies of IRS Form W-8ECI;

c. in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section

881(c) of the Internal Revenue Code, (x) a U.S. Tax Compliance Certificate and (y) executed copies of IRS Form W-8BEN; or

d. to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, a U.S. Tax Compliance Certificate, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate on behalf of each such direct and indirect partner; and

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient), executed copies of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made.

(f) Treatment of Certain Refunds. If the Administrative Agent or any Lender determines in its sole discretion, acting in good faith, that it has received a refund of any taxes as to which it has been indemnified by the Borrower or with respect to which the Borrower has paid additional amounts pursuant to this Section 2.15, it shall pay to the Borrower an amount equal to such refund (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower under this Section 2.15 with respect to the taxes giving rise to such refund), net of all out-of-pocket expenses incurred by the Administrative Agent or such Lender, as the case may be, and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); provided that the Borrower, upon the request of the Administrative Agent or such Lender, agrees to repay the amount paid over to the Borrower (plus any related penalties, interest or other charges imposed by the relevant Governmental Authority or expenses related thereto) to the Administrative Agent or such Lender in the event the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (f), in no event will the Administrative Agent or Lender be required to pay any amount to the Borrower pursuant to this paragraph (f) the payment of which would place the Administrative Agent or Lender, as applicable, in a less favorable net after-Tax position than the Administrative Agent or Lender, as applicable, would have been if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This subsection shall not be construed to require the Administrative Agent or any Lender to make available its tax returns (or any other information relating to its taxes that it deems confidential) to the Borrower or any other Person or to alter its customary procedures and practices with respect to the administration of taxes.

(g) FATCA Provisions. If a payment made to a Lender under this Agreement would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Internal Revenue Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Internal Revenue Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower or the Administrative Agent to comply with their obligations under FATCA, to determine that such Lender has complied with such Lender's obligations under FATCA, or to determine the amount to deduct and withhold from such payment. Solely for purposes of this paragraph (g), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(h) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Taxes other than Excluded Taxes attributable to such Lender (but only to the extent that any Loan Party has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Loan Parties to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 10.6(g) relating to the maintenance of a Participant Register, and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this Section 2.15(h).

(i) [Reserved].

(j) Tax Treatment of Warrants. Each of Parent, the Borrower, the Administrative Agent and each Lender agree that (i) the Warrants issued pursuant to the Warrant Agreement will be treated as exercised for U.S. federal income tax purposes as of the date such warrants are granted, and that, as a result of such deemed exercise, the Lender will be treated as holding common stock of the Borrower as provided in the Warrant Agreement, and (ii) the Loans and the Warrants issued pursuant to the Warrant Agreement constitute "Investment Units" as that term is defined in Section 1273(c)(2) of the Code. None of Parent, the Borrower, the Administrative Agent, or the Lenders shall take any position inconsistent with the foregoing on any report, return, claim for refund or other filing for U.S. tax purposes unless all such parties agree otherwise or as otherwise may be required (to the satisfaction of the Administrative Agent, in its reasonable discretion) by applicable law. All computations under this Section 2.15(j) shall be made by the Administrative Agent and shall be provided to the Borrower as necessary to enable the Borrower to timely comply with its tax reporting obligations.

(k) Survival. Each party's obligations under this Section 2.15 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.

ARTICLE 3

(ii) (A) the results of a recent search, by a Person reasonably satisfactory to the Administrative Agent and the Collateral Agent, of all effective UCC financing statements (or equivalent filings) made with respect to any personal or mixed property of each Loan Party in the applicable jurisdictions, together with copies of all such filings disclosed by such search and (B) UCC termination statements (or similar documents) duly executed by all applicable Persons for filing in all applicable jurisdictions as may be necessary to terminate any effective UCC financing statements (or equivalent filings) disclosed in such search that do not constitute Permitted Liens or payoff letters with respect thereto that provide authorization to file such termination statements upon payoff.

(f) Swap Agreements. ARTICLE 4
REPRESENTATIONS AND WARRANTIES OF THE LOAN PARTIES

In order to induce Lenders to enter into this Agreement and to make their respective Loans, each Loan Party represents and warrants to the Administrative Agent and each Lender that the following statements are true and correct:

Section 4.1 Organization; Requisite Power and Authority; Qualification. Each Loan Party (a) is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization as identified in Schedule 4.1, (b) has all requisite power and authority to own and operate its Properties, to carry on its business as now conducted and as proposed to be conducted, to enter into the Loan Documents to which it is a party and to carry out the transactions contemplated thereby and, in the case of the Borrower, to receive the borrowings hereunder, and (c) is qualified to do business and in good standing in every jurisdiction necessary to carry out its business and operations as now conducted, except in each case referred to in clause (c), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

Section 4.2 Capital Stock and Ownership. The Capital Stock of each of Loan Party has been duly authorized and validly issued. Other than as set forth on Schedule 4.2. as of the Closing Date there is no existing option, warrant, call, right, commitment or other agreement to which any Loan Party is a party requiring, and there is no other Capital Stock of any Loan Party outstanding which upon conversion or exchange would require, the issuance by any Loan Party of any additional membership interests or other Capital Stock of any Loan Party or other securities convertible into, exchangeable for or evidencing the right to subscribe for or purchase, a membership interest or other Capital Stock of any Loan Party. Schedule 4.2 sets forth a true,

complete and correct list as of the Closing Date, after giving effect to the transactions contemplated hereby, of the name of each Loan Party and indicates for each such Person its ownership (by holder and percentage interest) and the type of entity of each of them, and the number and class of authorized and issued Capital Stock of such Person. As of the Closing Date, except as disclosed on Schedule 4.2, no Loan Party has any equity investments in any other corporation or entity.

Section 4.3 Due Authorization. The execution, delivery and performance of the Loan Documents have been duly authorized by all necessary corporate, limited liability company or partnership (as applicable) action and, if required, shareholder, member and/or partner action, on the part of each Loan Party that is a party thereto.

Section 4.4 No Conflict. The execution, delivery and performance by each of the Loan Parties of the Loan Documents to which such Loan Party is a party do not and will not (a) violate in any material respect any provision of any material Governmental Requirement applicable to any Loan Party or any of the Organizational Documents of any Loan Party; (b) conflict with, result in a breach of or constitute (with due notice or lapse of time or both) a default under any Contractual Obligation of any Loan Party other than with respect to agreements evidencing Indebtedness that is being repaid in full on the Closing Date; (c) result in or require the creation or imposition of any Lien upon any of the properties or assets of any Loan Party (other than any Liens created under any of the Loan Documents in favor of the Administrative Agent, on behalf of the Lenders and other Permitted Liens); (d) other than as set forth in Schedule 3.1, result in any default, noncompliance, suspension, revocation, impairment, forfeiture or nonrenewal of any permit, license, authorization or approval applicable to its operations or any of its properties; or (e) other than as set forth in Schedule 3.1, require any approval of stockholders, members or partners or any approval or consent of any Person under any Contractual Obligation of any Loan Party, except for such approvals or consents which will be obtained on or before the Closing Date and disclosed in writing to the Administrative Agent and except (in any case under the preceding clauses (b), (d) and (e) herein) where such violation, conflict, result or requirement, individually or in the aggregate, would not reasonably be expected to have a Material Adverse Effect.

Section 4.5 Governmental Consents. Other than as set forth on Schedule 3.1, the execution, delivery and performance by each of the Loan Parties of the Loan Documents to which they are parties and the consummation of the Transactions do not and will not require any registration with, consent or approval of, or notice to, or other action to, with or by, any Governmental Authority except for (a) filings and recordings with respect to the Collateral to be made, or otherwise delivered to the Administrative Agent for filing and/or recordation, as of the Closing Date, (b) filings necessary to maintain perfection of the Collateral, (c) routine filings related to such Loan Party and the operating of its business and (d) such filings as may be necessary in connection with the Lender's exercise of remedies hereunder.

Section 4.6 Binding Obligation. Each Loan Document has been duly executed and delivered by each Loan Party (or Affiliate of a Loan Party) that is a party thereto and is the legally valid and binding obligation of such Loan Party (or Affiliate of such Loan Party), enforceable against such Person in accordance with its respective terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or limiting creditors' rights generally or by equitable principles relating to enforceability (whether enforcement is sought in equity or at law).

Section 4.7 Financial Information. The unaudited pro forma balance sheet of the Borrower as of March 16, 2021 (including the notes thereto) (the "**Pro Forma Balance Sheet**"), copies of which have heretofore been furnished to each Lender, has been prepared giving effect (as if such events had occurred on such date) to (a) the Transactions, (b) the Loans to be issued on the Closing Date and (c) the payment of fees and expenses in connection with the foregoing. Each such policy of the Loan Parties of (i) casualty insurance shall contain loss payable clauses or provisions in each such insurance policy or policies in favor of and made payable to the Administrative Agent as its interests may appear and (ii) such policies of liability insurance shall name the Administrative Agent and the Lenders as "additional insureds" and provide that the insurer will endeavor to give no less than 30 days prior written notice of any cancellation to the Administrative Agent (10 days for non-payment). Such endorsement shall be further endorsed to show that each Loan Party waives the right and shall cause its insurers to waive the right to subrogate against the Lenders. Each such policy shall be primary and not excess to or contributing with any insurance or self-insurance maintained by any Lender. Upon request at any time from and after the Closing Date, the Loan Parties shall deliver a certificate of insurance coverage from each insurer or its authorized agent or broker with respect to the insurance required by this Section 5.6, in form reasonably satisfactory to the Administrative Agent.

By this provision the Loan Parties authorize such independent accountants to discuss with the Administrative Agent and Lender and such representatives the affairs, finances and accounts of each Loan Party; provided that (i) such Loan Party shall be afforded an opportunity to be present at any such discussions with the independent accountants, (ii) unless an Event of Default has occurred, such visits and inspections shall occur not more than two times in any twelve month period for Administrative Agent and all of the Lenders taken together, at the expense of the Loan Parties, such expenses to be reasonable and documented, and (iii) if no Default or Event of Default has occurred and is continuing, the cost and expense of any additional visits and inspections by the Administrative Agent or any Lender shall be for the account of the Lenders. No Loan Party will be responsible for injuries to or damages suffered by the Administrative Agent or any Lender or any officer, employee, agent or representative of the Administrative Agent or any Lender while visiting or inspecting the Properties of any Loan Party, unless such injuries or damages are caused by or directly result from the negligence or willful misconduct of such Loan Party, its officers, agents, representatives, contractors, or subcontractors. The Loan Parties acknowledge that the Administrative Agent, after exercising its rights of inspection, may prepare and distribute to the Lenders certain reports pertaining to the Loan Parties' assets for internal use by Administrative Agent and the Lenders. Notwithstanding anything to the contrary in this Section 5.7, none of the Loan Parties or their Subsidiaries will be required to disclose or permit the inspection or discussion of, any document, information or other matter (x) in respect of which disclosure to the Administrative Agent or any Lender (or their representatives) is prohibited by Governmental Requirement or any binding agreement or (y) that is subject to attorney-client or similar privilege or constitutes attorney work product.

Section 5.9 Environmental.

(a) Environmental Disclosure. The Borrower will deliver to Administrative Agent:

(i) as soon as practicable following receipt thereof by any Loan Party, copies of all environmental audits, investigations, analyses and reports of any kind or character, whether prepared by personnel of any Loan Party or by independent consultants, Governmental Authorities or any other Persons, with respect to material environmental matters (including without limitation any Release or other Hazardous Materials contamination in violation of Environmental Laws) at any Properties of any Loan Party or with respect to any Environmental Claims or Environmental Liabilities;

(ii) promptly upon the occurrence thereof, written notice describing in reasonable detail (A) any Release affecting the Loan Parties' Oil and Gas Properties required to be reported to any federal, state or local Governmental Authority under any

applicable Environmental Laws, (B) any Remedial Action taken by any Loan Party or any other Person in response to (1) any Hazardous Materials Activities the existence of which has a possibility of resulting in one or more material Environmental Claims or material Environmental Liabilities, or (2) any material Environmental Claims or material Environmental Liabilities and (C) any Loan Party's discovery of any occurrence or condition on any real property adjoining or in the vicinity of any real property of the relevant Loan Party that could be expected to cause such property of such Loan Party or any part thereof to be subject to any material restrictions on the ownership, occupancy, transferability or use thereof under any Environmental Laws;

(iii) as soon as practicable following the sending or receipt thereof by any Loan Party or any operator, a copy of any and all written communications with respect to (A) any material Environmental Claims or material Environmental Liabilities, (B) any Release required to be reported to any federal, state or local Governmental Authority, and (C) any request for information from any Governmental Authority that suggests such agency is investigating whether any Loan Party may be potentially responsible for any Hazardous Materials Activity; and

(iv) prompt written notice describing in reasonable detail (A) any proposed acquisition of Capital Stock, assets, or property by any Loan Party that could reasonably be expected to (1) expose any Loan Party to, or result in, material Environmental Claims or material Environmental Liabilities or (2) affect the ability of any Loan Party to maintain in full force and effect all material Governmental Authorizations required under any Environmental Laws for their respective operations and (B) any proposed action to be taken by any Loan Party to modify current operations in a manner that could reasonably be expected to subject any Loan Party to any additional material obligations or requirements under any Environmental Laws.

(b) Hazardous Materials Activities, Etc. Each Loan Party shall promptly take, and shall use commercially reasonable efforts to cause each operator promptly to take, any and all actions reasonably necessary to (i) comply, and cause its Properties and operations to comply, in all material respects, with all applicable Environmental Laws; (ii) not Release or threaten to Release, any Hazardous Material on, under, about or from any of the Loan Parties' Properties or any other property offsite such Property to the extent caused by the Loan Parties' operations except in compliance with applicable Environmental Laws; (iii) timely obtain or file, all material Environmental Permits, if any, required under applicable Environmental Laws to be obtained or filed in connection with the operation or use of the Loan Parties' Properties; (iv) promptly commence and diligently prosecute to completion, any Remedial Action in the event any Remedial Action is required or reasonably necessary under applicable Environmental Laws because of or in connection with the actual or suspected past, present or future Release or threatened Release of any Hazardous Material on, under, about or from any of the Loan Parties' Properties; (v) conduct its respective operations and businesses in a manner that is not likely to expose any Property or Person to Hazardous Materials; (vi) cure any material violation of or material noncompliance with applicable Environmental Laws by such Person or with respect to their Properties or operations thereon; (vii) make an appropriate response to any Hazardous Materials Release or any Environmental Claim against such Person and discharge any obligations it may have to any Person thereunder; and (viii) establish and implement such procedures as may be necessary to

continuously reasonably determine and assure that the Loan Parties' obligations under this Section 5.9(b) are timely and fully satisfied in all material respects.

(c) Right of Access and Inspection. With respect to any event described in Section 5.9(b) or if an Event of Default has occurred and is continuing:

(i) The Administrative Agent and its representatives shall have the right, but not the obligation or duty, upon reasonable notice to enter the applicable properties at reasonable times for the purposes of observing the applicable properties. Such access shall include, at the request of Administrative Agent, access to relevant documents and employees of each Loan Party and to their outside representatives, to the extent reasonably necessary to obtain information related to the property or event at issue. If Administrative Agent believes that a breach of this Section 5.9 has occurred or is occurring, or an Event of Default has occurred, the Loan Parties shall conduct such assessments, tests and investigations on the properties of the affected Loan Party or relevant portion thereof, as requested by Administrative Agent, including the preparation of a Phase I Report or such other sampling or analysis. If an Event of Default has occurred, and if a Loan Party does not undertake such assessments, tests and investigations in a reasonably timely manner following the request of the Administrative Agent, the Administrative Agent may hire an independent engineer, at the Loan Parties' expense, to conduct such assessments, tests and investigations. The Administrative Agent will make commercially reasonable efforts to conduct any such assessments, tests and investigations so as to avoid unduly interfering with the operation of the properties.

(ii) The Loan Parties will provide environmental assessments, audits and tests upon reasonable request by the Administrative Agent in connection with any future acquisitions of any Properties.

(iii) Any assessments, observations, tests or investigations of the properties by or on behalf of the Administrative Agent shall be solely for the purpose of protecting the Lenders security interests and rights under the Loan Documents. The exercise or non-exercise of the Administrative Agent's rights under this Section 5.9(c) shall not constitute a waiver of any Default or Event of Default of any Loan Party or impose any liability on the Administrative Agent or any of the Lenders. In no event will any observation, test or investigation by or on behalf of the Administrative Agent be a representation that Hazardous Materials are or are not present in, on or under any of the properties, or that there has been or will be compliance with any Environmental Law and the Administrative Agent shall not be deemed to have made any representation or warranty to any party regarding the truth, accuracy or completeness of any report or findings with regard thereto. Neither any Loan Party nor any other Person is entitled to rely on any observation, test or investigation by or on behalf of the Administrative Agent. The Administrative Agent and the Lenders owe no duty of care to protect any Loan Party or any other Person against, or to inform any Loan Party or any other Person of, any Hazardous Materials or any other adverse condition affecting any of the Facilities or any other properties. The Administrative Agent may, in its sole discretion, disclose to the applicable Loan Party, or to any other Person if so required by law, any report or findings made as a result of, or in connection with, its observations, tests or investigations. If a

request is made of the Administrative Agent to disclose any such report or finding to any third party, then the Administrative Agent shall endeavor to give the applicable Loan Party prior notice of such disclosure and afford such Loan Party the opportunity to object or defend against such disclosure at its own and sole cost; provided, that the failure of Administrative Agent to give any such notice or afford such Loan Party the opportunity to object or defend against such disclosure shall not result in any liability to the Administrative Agent. Each Loan Party acknowledges that it may be obligated to notify relevant Governmental Authorities regarding the results of any observation, test or investigation disclosed to such Loan Party, and that such reporting requirements are site and fact-specific and are to be evaluated by such Loan Party without advice or assistance from Administrative Agent.

If counsel to any Loan Party reasonably determines that provision to Administrative Agent of a document otherwise required to be provided pursuant to this Section 5.9 (or any other provision of this Agreement or any other Loan Document relating to environmental matters) would jeopardize an applicable attorney-client or work product privilege pertaining to such document, then such Loan Party shall not be obligated to deliver such document to Administrative Agent but shall provide Administrative Agent with a notice identifying the author and recipient of such document and generally describing the contents of the document. Upon request of Administrative Agent, such Loan Party shall take all reasonable steps necessary to provide Administrative Agent with the factual information contained in any such privileged document.

Section 5.10 Subsidiaries. Subject to Section 6.22, in the event that any Person becomes a Subsidiary of any Loan Party, whether directly or indirectly, such Loan Party shall (i) concurrently with such Person becoming a Subsidiary (x) pledge to the Administrative Agent all of the Capital Stock of such Subsidiary (including, without limitation, delivering original stock certificates, if any, evidencing the Capital Stock of such Subsidiary, together with an appropriate undated stock power for each certificate duly executed in blank by the registered owner thereof), and (y) cause such Subsidiary to become a Guarantor of the Obligations under the Guarantee and Collateral Agreement by executing and delivering to Administrative Agent and Collateral Agent a joinder to the Guarantee and Collateral Agreement, and (ii) take all such actions and execute and deliver, or cause to be executed and delivered, all such documents, instruments, agreements, and certificates as are similar to those described in Sections 3.1(b), 3.1(d), 3.1(e), 3.1(f), 3.1(g), 3.1(j), 3.1(l), 3.1(m) and 3.1(t) and in a form reasonably required by the Administrative Agent. Any Subsidiary of the Borrower must be a wholly-owned Subsidiary.

Section 5.11 Further Assurances.

(a) At any time or from time to time upon the request of the Administrative Agent, each Loan Party and each Guarantor will, at its expense, promptly execute, acknowledge and deliver such further documents and do such other acts and things as the Administrative Agent may reasonably request in order to effect fully the purposes of the Loan Documents, including providing Lenders with any information requested pursuant to Section 10.20. In furtherance and not in limitation of the foregoing, each Loan Party shall take such actions as the Administrative Agent may reasonably request from time to time to ensure that the Obligations are guaranteed by the Guarantors and are secured by substantially all of the assets of the Loan Parties (subject to Section 5.13) and all of the outstanding Capital Stock of the Loan Parties (other than Parent).

(b) Each Loan Party hereby authorizes the Administrative Agent to file one or more financing or continuation statements, and amendments thereto, relative to all or part of the Property of any Loan Party without the signature of such Loan Party where permitted by law, including any financing or continuation statement, or amendment thereto, with "all assets" in the collateral description. A carbon, photographic or other reproduction of the Collateral Documents or any financing statement covering any Property of any Loan Party or any part thereof shall be sufficient as a financing statement where permitted by law.

Section 5.12 Use of Proceeds. The proceeds of the Loans will be used only in the manner and for the purposes set forth in Section 2.4.

Section 5.13 Additional Properties; Other Collateral. In the event that (a) any Loan Party acquires any Oil and Gas Property or (b) any Property owned or leased by a Loan Party on the Closing Date becomes Oil and Gas Property and such interest or interests under clauses (a) or (b) have an aggregate value in excess of $250,000 and have not otherwise been made subject to the Lien of the Collateral Documents in favor of the Collateral Agent for the benefit of the Secured Parties, then such Loan Party, contemporaneously with acquiring such Oil and Gas Property, in the case of clause (a), promptly after any Property owned or leased on the Closing Date becomes an Oil and Gas Property, in the case of clause (b), must take all such actions and execute and deliver, or cause to be executed and delivered, all such mortgages, documents, instruments, agreements, opinions and certificates with respect to each such Property that the Administrative Agent or the Collateral Agent shall reasonably request to create in favor of the Collateral Agent, for the benefit of the Secured Parties, a valid and, subject to any applicable perfection requirements, perfected First Priority security interest in such Property (subject only to Permitted Liens) such that, at all times the Collateral Agent will have a Lien on all of the Oil and Gas Properties of the Loan Parties (except as provided above). Each Loan Party will at all times cause all personal property of such Loan Party to be subject to a First Priority Lien in favor of the Collateral Agent pursuant to the Collateral Documents. All of the issued and outstanding Capital Stock of each Loan Party (other than Parent) shall at all times be pledged to the Collateral Agent pursuant to the Collateral Documents.

Section 5.14 Board Observation Rights. The Administrative Agent may in its discretion from time to time designate a representative of the Lenders (the "**Board Observer**") to act as its non-voting representative to attend meetings of the board of managers or Board of Directors (or other similar managing body) of any Loan Party. Each Loan Party will (i) give advance notice to the Board Observer of all meetings of the managing body of such Loan Party and all proposals to such body for action without a board meeting, in accordance with the bylaws of such Loan Party, (ii) allow such representative to attend all such meetings, in accordance with the bylaws of such Loan Party, and (iii) subject to the provisions of Section 10.17, and the withholding of any materials based on a conflict of interest that the managing body of such Loan Party believes in good faith exists between such Loan Party and the Administrative Agent with respect to matters addressed by the materials in question, provide the Board Observer with copies of all written materials distributed to such directors or managers (or similar body) in connection with such meetings or proposals for action without a meeting, including, upon request of such Board Observer, all minutes of previous actions and proceedings, provided that, such Board Observer shall not be entitled to participate in any portion of discussions or receive any portion materials directly relating to a refinancing of this Agreement or that relate to any legally privileged

material. In the event the Administrative Agent fails to designate a non-voting representative to attend meetings pursuant to this Section 5.14, each Loan Party will send materials that would otherwise be provided under this Section 5.14 to the Administrative Agent in compliance with Section 10.1. The Board Observer may be excluded from any portion of any meeting and the Board Observer or the Administrative Agent, if no Board Observer has been designated, may be denied access to any portion of any board materials if and to the extent (a) access to such information or attendance at such meeting or portion thereof would adversely affect any attorney-client privilege, (b) access to such information or attendance at such meeting or portion thereof could reasonably be expected to result in disclosure of trade secrets, (c) the Administrative Agent, the Loan Documents or other material debt financing arrangements are the subject matter under discussion, or (d) if prohibited by Governmental Requirement, in each case, to the extent that the Borrower has promptly delivered to the Administrative Agent for distribution to the Lenders a statement of an Authorized Officer of the Borrower certifying the basis on which such materials are being withheld.

Section 5.15 Notices; Attorney-in-fact; Deposits. Upon the occurrence and during the continuance of an Event of Default, the Administrative Agent shall have the right to send Direction Letters or division orders to all Persons that owe or are expected to owe cash or Cash Equivalents to any Loan Party. Each Loan Party hereby irrevocably appoints the Administrative Agent as its attorney-in-fact (such appointment being coupled with an interest) for sending the notices referred to above. With respect to cash or Cash Equivalents received directly by a Loan Party, such Loan Party shall immediately deposit, or cause to be deposited, all such amounts in the Operating Account. If any Loan Party has knowledge that any Person is in receipt of cash or Cash Equivalents that would otherwise be properly deposited in the Operating Account, such Loan Party shall promptly notify such Person and the Administrative Agent in writing of such circumstance and shall direct such Person to deposit, or cause to be deposited, all such amounts in the Operating Account.

Section 5.16 Swap Agreements. Beginning on the Closing Date and continuing thereafter, the Borrower will maintain in full force and effect Swap Agreements in the minimum amounts and on the terms specified in Schedule 4.27.

Section 5.17 Enforcement of Contracts. Each Loan Party will seek to enforce the material terms of each of the Material Contracts to which it is a party.

Section 5.18 APOD.

(a) Each Loan Party will make Capital Expenditures on its Oil and Gas Properties only (i) in accordance with the APOD, (ii) pursuant to Section 6.23 or (iii) as otherwise consented to by the Administrative Agent acting in its sole discretion. Notwithstanding the foregoing, no Capital Expenditure shall be made unless the Loan Parties are in pro forma compliance (after giving effect to such Capital Expenditure) with Section 6.7.

(b) The APOD shall remain in full force and effect until the Borrower submits a new APOD which is approved by the Administrative Agent. If the Borrower desires to make any change to, or deviate from, the APOD or are required to update the APOD pursuant to the terms hereof, it shall submit a revised APOD, along with a written narrative describing such

changes and an APOD Certificate, to the Administrative Agent for review by the Lenders (with copies of such revised APOD and narrative to the Lenders). Any revised plan submitted to the Administrative Agent shall not be considered the current APOD until such time as the Administrative Agent shall have consented to such revised plan, and no Loan Party shall be permitted to incur Capital Expenditures in furtherance of such draft APOD until such consent has been obtained. The Administrative Agent shall have no obligation to consent to any revisions to the APOD.

(c) So long as no Default or Event of Default has occurred and is outstanding, the Loan Parties may spend up to $350,000 per calendar year on Capital Expenditures for well workovers or midstream upgrades not accounted for in the APOD; provided that such expenditures are disclosed in the next monthly reports delivered pursuant to Section 5.1(m).

Section 5.19 Deposit Accounts The Borrower shall: (i) maintain at the Borrower's expense one or more accounts in the name of the Borrower with a bank selected by the Borrower and reasonably acceptable to the Administrative Agent, which has entered into a Control Agreement specifying that such bank shall comply with all instructions it receives from the Collateral Agent (acting on the written direction of the Administrative Agent) with respect to the Deposit Account without further consent from the Borrower or the affiliate operator at from and after any time that the Collateral Agent (acting at the written direction of the Administrative Agent) has sent such bank a notice indicating the existence of an Event of Default and (ii) have designated an Operating Account (which, for the avoidance of doubt, must be subject to a Control Agreement) into which the Borrower and all Loan Parties shall cause all revenues generated from the Oil and Gas Properties to be deposited promptly (unless such accounts are properly on deposit in an Excluded Account). All Cash Receipts to be received by the Borrower or any Loan Party shall be deposited in the Operating Account (unless such accounts are properly on deposit in an Excluded Account), and the Borrower shall direct (and hereby agrees to direct) each payor of any Cash Receipts now and in the future to make payment to such Deposit Accounts. Notwithstanding the foregoing, each such Control Agreement shall permit the Borrower, the Loan Parties and permitted affiliated operator, as applicable, to withdraw from the Operating Account any amounts contained therein so long as the Collateral Agent (acting at the written direction of the Administrative Agent) has not sent the applicable Deposit Account bank a notice indicating the existence of an Event of Default.

(b) transfer all remaining funds received pursuant to Section 3.1(aa) into a segregated Deposit Account held by the Borrower and subject to a Control Agreement (within the time period specified in Section 6.16) within ten (10) Business Days after the Closing Date.

(k) Change of Control. A Change of Control shall occur; or

(l) Material Contract. A Material Contract shall have been terminated or cancelled; or

(m) Collateral Documents and Other Loan Documents. At any time after the execution and delivery thereof, (i) any Guaranty for any reason, other than the satisfaction in full of all Obligations, shall cease to be in full force and effect (other than in accordance with its terms) or shall be declared to be null and void or any Guarantor shall in writing repudiate its obligations thereunder, (ii) this Agreement or any Collateral Document ceases to be in full force and effect (other than by reason of a release of Collateral in accordance with the terms hereof or thereof or the satisfaction in full of the Obligations in accordance with the terms hereof) or shall be declared null and void, or the Collateral Agent shall not have or shall cease to have, or it shall be asserted in writing by any Loan Party not to have, a valid and perfected First Priority Lien (other than to the extent of Permitted Liens) in any Collateral purported to be covered by the Collateral Documents, in each case for any reason other than the failure of the Collateral Agent to take any action within its control, or (iii) any Loan Party shall contest in writing the validity or enforceability of any Loan Document or any Lien on the Collateral or any purported Collateral in favor of the Collateral Agent or deny in writing that it has any further liability under any Loan Document to which it is a party.

the Administrative Agent, on behalf of the Requisite Lenders, may and shall have the right to take any of the following actions (i) declare each of the following to be immediately due and payable, in each case without presentment, demand, protest or other requirements of any kind, all of which are hereby expressly waived by each Loan Party: (A) the unpaid principal amount of and accrued interest on the Loans, and (B) all other Obligations; (ii) direct the Collateral Agent to enforce any and all Liens and security interests created pursuant to Collateral Documents and (iii) complete the Direction Letters and deliver same. If the maturity of the Loans shall be accelerated under any provision of this Section 8.2, in addition to all other amounts owing hereunder, an amount equal to the Premium (determined as if the Loans were repaid at the time of such acceleration at the option of the Borrower), shall become immediately due and payable, and the Borrower will pay such Premium, as compensation to the Lenders for the loss of their investment opportunity and not as a penalty, whether or not an Insolvency Event has commenced, and (if an Insolvency Event has commenced) without regard to whether such proceeding under the Bankruptcy Code is voluntary or involuntary, or whether payment occurs pursuant to a motion, plan of reorganization or otherwise. Without limiting the foregoing, any redemption, prepayment, repayment or payment of the Obligations in or in connection with an Insolvency Event shall constitute an optional prepayment thereof and require the immediate payment of the Premium.

ARTICLE 9
ADMINISTRATIVE AGENT

Section 9.1 Appointment of Administrative Agent.

(a) Each Lender hereby irrevocably designates and appoints the Administrative Agent as the agent of such Lender under this Agreement and the other Loan Documents and irrevocably authorizes the Administrative Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. The Administrative Agent hereby agrees to act upon the express conditions contained herein and the other Loan Documents, as applicable. The provisions of this Section 9.1(a) are solely for the benefit of the Administrative Agent and the Lenders and no Loan Party shall have any rights as a third party beneficiary of any of the provisions thereof. In performing its functions and duties hereunder, the Administrative Agent shall act solely as an agent of the Lenders and does not assume and shall not be deemed to have assumed any obligation towards or relationship of agency or trust with or for any Loan Party or any Affiliate thereof.

(b) The Administrative Agent and each Lender hereby irrevocably designates and appoints the Collateral Agent as the agent with respect to the Collateral, and the Administrative Agent and each Lender irrevocably authorizes the Collateral Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated to the Collateral Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. The Administrative Agent hereby agrees to act upon the express conditions contained herein and the other Loan Documents, as applicable. The provisions of this Section 9.1(b) are solely for the benefit of the Administrative Agent, the Collateral Agent and the Lenders and no Loan Party shall have any rights as a third party beneficiary of any of the provisions thereof. In performing its functions and duties hereunder, the Collateral Agent shall act solely as an agent of the Administrative Agent and the Lenders and does not assume and shall not be deemed to have assumed any obligation towards or relationship of agency or trust with or for any Loan Party or any Affiliate thereof.

Section 9.2 Powers and Duties. Each Lender irrevocably authorizes the Administrative Agent to take such action on such Lender's behalf and to exercise such powers, rights and remedies and perform such duties hereunder and under the other Loan Documents as are specifically delegated or granted to the Administrative Agent by the terms hereof and thereof, together with such actions, powers, rights and remedies as are reasonably incidental thereto. The Administrative Agent shall have only those duties and responsibilities that are expressly specified herein and the other Loan Documents. The Administrative Agent may exercise such powers, rights and remedies and perform such duties by or through its agents or employees. The Administrative Agent shall not have or be deemed to have, by reason hereof or any of the other Loan Documents, a fiduciary relationship in respect of any Lender; and nothing herein or any of the other Loan Documents, expressed or implied, is intended to or shall be so construed as to impose upon the Administrative Agent any obligations in respect hereof or any of the other Loan Documents except as expressly set forth herein or therein. Notwithstanding anything to the contrary set forth herein, when any provision of this Agreement authorizes the Administrative Agent to make a determination or to take any other action, such authorization shall, if the Requisite Lenders so require, be exercised by the Administrative Agent only with the express consent of, and according to the direction of, the Requisite Lenders.

Section 9.3 General Immunity.

(a) No Responsibility for Certain Matters. The Administrative Agent shall not be responsible to any Lender for the execution, effectiveness, genuineness, validity, enforceability, collectability or sufficiency hereof or any other Loan Document or for any representations, warranties, recitals or statements made herein or therein or made in any written or oral statements or in any financial or other statements, instruments, reports or certificates or any other documents furnished or made by the Administrative Agent to Lenders or by or on behalf of any Loan Party to the Administrative Agent or any Lender in connection with the Loan Documents and the transactions contemplated thereby or for the financial condition or business affairs of any Loan Party or any other Person liable for the payment of any Obligations, nor shall the Administrative Agent be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained in any of the Loan Documents or as to the use of the proceeds of the Loans or as to the existence or possible existence of any Event of

Default or Default or to make any disclosures with respect to the foregoing. Anything contained herein to the contrary notwithstanding, the Administrative Agent shall not have any liability arising from confirmations of the amount of outstanding Loans or the component amounts thereof.

(b) Exculpatory Provisions. Neither the Administrative Agent nor any of its officers, partners, directors, employees or agents shall be liable to Lenders for any action taken or omitted by the Administrative Agent under or in connection with any of the Loan Documents except to the extent caused by the Administrative Agent gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final, nonappealable order. The Administrative Agent shall be entitled to refrain from any act or the taking of any action (including the failure to take an action) in connection herewith or any of the other Loan Documents or from the exercise of any power, discretion or authority vested in it hereunder or thereunder unless and until the Administrative Agent shall have received instructions in respect thereof from Requisite Lenders (or such other Lenders as may be required to give such instructions under Section 10.5) or in accordance with the applicable Collateral Document, and, upon receipt of such instructions from Requisite Lenders (or such other Lenders, as the case may be), or in accordance with the other applicable Collateral Document, as the case may be, the Administrative Agent shall be entitled to act or (where so instructed) refrain from acting, or to exercise such power, discretion or authority, in accordance with such instructions. Without prejudice to the generality of the foregoing, (i) the Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any communication, instrument or document believed by it to be genuine and correct and to have been signed or sent by the proper Person or Persons, and shall be entitled to rely and shall be protected and free from liability in relying on opinions and judgments of attorneys (who may be attorneys for the Loan Parties), accountants, experts and other professional advisors selected by it; and (ii) no Lender shall have any right of action whatsoever against the Administrative Agent as a result of the Administrative Agent acting or (where so instructed) refraining from acting hereunder or any of the other Loan Documents in accordance with the instructions of Requisite Lenders (or such other Lenders as may be required to give such instructions under Section 10.5) or in accordance with the applicable Collateral Document.

(c) Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default, except with respect to Events of Default in the payment of principal, interest and fees required to be paid to the Administrative Agent for the account of the Lenders, unless the Administrative Agent shall have received written notice from a Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a "notice of default." The Administrative Agent will notify the Lenders of its receipt of any such notice, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable or in the best interest of the Lenders.

Section 9.4 Administrative Agent Entitled to Act as Lender. The agency hereby created shall in no way impair or affect any of the rights and powers of, or impose any duties or obligations upon, the Administrative Agent in its individual capacity as a Lender hereunder. With respect to its Loans, the Administrative Agent shall have the same rights and powers hereunder as any other Lender and may exercise the same as if it were not performing the duties and functions delegated to it hereunder, and the term "Lender" shall, unless the context clearly otherwise indicates, include the Administrative Agent in its individual capacity. The Administrative Agent

and its Affiliates may accept deposits from, lend money to, own securities of, and generally engage in any kind of banking, trust, financial advisory or other business with any Loan Party or any of its Affiliates as if it were not performing the duties specified herein, and may accept fees and other consideration from any Loan Party or any of their respective Affiliates for services in connection herewith and otherwise without having to account for the same to Lenders.

Section 9.5 Lenders' Representations, Warranties and Acknowledgment.

(a) Each Lender represents and warrants to the Administrative Agent that it has made its own independent investigation of the financial condition and affairs of each Loan Party, without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it has deemed appropriate, in connection with Loans made hereunder and that it has made and shall continue to make its own appraisal of the creditworthiness of each Loan Party. The Administrative Agent shall not have any duty or responsibility, either initially or on a continuing basis, to make any such investigation or any such appraisal on behalf of the Lenders or to provide any Lender with any credit or other information with respect thereto, whether coming into its possession before the making of the Loans or at any time or times thereafter, and the Administrative Agent shall not have any responsibility with respect to the accuracy of or the completeness of any information provided to the Lenders.

(b) Each Lender, by delivering its signature page to this Agreement and funding its Loans, shall be deemed to have acknowledged receipt of, and consented to and approved, each Loan Document and each other document required to be approved by the Administrative Agent, the Collateral Agent, the Requisite Lenders or the Lenders, as applicable.

(c) Notwithstanding anything herein to the contrary, each Lender also acknowledges that the Lien and security interest granted to the Administrative Agent pursuant to the Loan Documents and the exercise of any right or remedy by the Administrative Agent thereunder are subject to the provisions of the Swap Intercreditor Agreement. In the event of any conflict between the terms of the Swap Intercreditor Agreement and the Loan Documents, the terms of the Swap Intercreditor Agreement shall govern and control.

Section 9.6 Right to Indemnity. Each Lender, in proportion to its Pro Rata Share, severally agrees to indemnify the Administrative Agent, its Affiliates and its officers, partners, directors, trustees, employees, representatives and agents of the Administrative Agent (each, an "**Indemnitee Agent Party**"), to the extent that such Indemnitee Agent Party shall not have been reimbursed by any Loan Party, for and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses (including counsel fees and disbursements) or disbursements of any kind or nature whatsoever which may be imposed on, incurred by or asserted against such Indemnitee Agent Party in exercising its powers, rights and remedies or performing its duties hereunder or under the other Loan Documents or otherwise in its capacity as such Indemnitee Agent Party in any way relating to or arising out of this Agreement or the other Loan Documents, **IN ALL CASES, WHETHER OR NOT CAUSED BY OR ARISING, IN WHOLE OR IN PART, OUT OF THE COMPARATIVE, CONTRIBUTORY, OR SOLE NEGLIGENCE OR GROSS NEGLIGENCE OF THE ADMINISTRATIVE AGENT**; provided, that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from such

Indemnitee Agent Party's gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final, nonappealable order. If any indemnity furnished to any Indemnitee Agent Party for any purpose shall, in the opinion of such Indemnitee Agent Party, be insufficient or become impaired, such Indemnitee Agent Party may call for additional indemnity and cease, or not commence, to do the acts indemnified against until such additional indemnity is furnished; provided, that in no event shall this sentence require any Lender to indemnify any Indemnitee Agent Party against any liability, obligation, loss, damage, penalty, action, judgment, suit, cost, expense or disbursement in excess of such Lender's Pro Rata Share thereof; and provided further, this sentence shall not be deemed to require any Lender to indemnify any Indemnitee Agent Party against any liability, obligation, loss, damage, penalty, action, judgment, suit, cost, expense or disbursement described in the proviso in the immediately preceding sentence.

Section 9.7 Successor Agent.

(a) Each Agent may resign at any time by giving thirty (30) days' prior written notice thereof to the Lenders and the Borrower and such appointment shall be effective regardless of whether a successor shall have been appointed. The Requisite Lenders may remove either Agent at any time by giving thirty (30) days' prior written notice thereof to such Agent and the Borrower. Upon any such notice of resignation or removal, the Requisite Lenders shall have the right, upon five (5) Business Days' notice to the Borrower, to appoint a successor Agent which successor shall, unless an Event of Default shall be continuing, be reasonably acceptable to the Borrower. If no successor shall have been so appointed by the Requisite Lenders and shall have accepted such appointment within thirty (30) days after the retiring Agent gives notice of its resignation, or the removed Agent receives notice of its removal, as applicable, then the exiting Agent may, on behalf of the Lenders, appoint a successor Agent from among the Lenders. Upon the acceptance of any appointment as Administrative Agent hereunder by a successor Administrative Agent, that successor Administrative Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Administrative Agent and the retiring Administrative Agent shall promptly transfer to such successor Administrative Agent all records and other documents necessary or appropriate in connection with the performance of the duties of the successor Administrative Agent under the Loan Documents, whereupon such retiring Administrative Agent shall be discharged from its duties and obligations hereunder. Upon the acceptance of any appointment as Collateral Agent hereunder by a successor Collateral Agent, that successor Collateral Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Collateral Agent and the retiring Collateral Agent shall promptly (i) transfer to such successor Collateral Agent all sums, Capital Stock and other items of Collateral held under the Collateral Documents, together with all records and other documents necessary or appropriate in connection with the performance of the duties of the successor Collateral Agent under the Loan Documents, and (ii) execute and deliver to such successor Administrative Agent such amendments to financing statements, and take such other actions, as may be necessary or appropriate in connection with the assignment to such successor Administrative Agent of the security interests created under the Collateral Documents, whereupon such retiring Collateral Agent shall be discharged from its duties and obligations hereunder. After any retiring Agent's resignation hereunder as Agent, the provisions of this Section 9.7 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Agent hereunder.

(b) Notwithstanding anything herein to the contrary, the Administrative Agent may assign its rights and duties as Administrative Agent hereunder to an Affiliate of ABC Funding, LLC or to any Lender or Affiliate thereof without the prior written consent of, or prior written notice to, the Borrower or the Lenders; provided that the Borrower and the Lenders may deem and treat such assigning Administrative Agent as Administrative Agent for all purposes hereof, unless and until such assigning Administrative Agent provides written notice to the Borrower and the Lenders of such assignment. Upon such assignment such Affiliate shall succeed to and become vested with all rights, powers, privileges and duties as Administrative Agent hereunder and under the other Loan Documents.

(c) Delegation of Duties. Administrative Agent may perform any and all of its duties and exercise its rights and powers under this Agreement or under any other Loan Document by or through any one or more sub-agents appointed by Administrative Agent. Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Affiliates. The exculpatory, indemnification and other provisions of Section 9.3 and Section 9.6 shall apply to any Affiliates of Administrative Agent and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent. All of the rights, benefits and privileges (including the exculpatory and indemnification provisions) of Section 9.3 and Section 9.6 shall apply to any such sub-agent and to the Affiliates of any such sub-agent, and shall apply to their respective activities as sub-agent as if such sub-agent and Affiliates were named herein. Notwithstanding anything herein to the contrary, with respect to each sub-agent appointed by the Administrative Agent, (i) such sub-agent shall be a third party beneficiary under this Agreement with respect to all such rights, benefits and privileges (including exculpatory and rights to indemnification) and shall have all of the rights, benefits and privileges of a third party beneficiary, including an independent right of action to enforce such rights, benefits and privileges (including exculpatory rights and rights to indemnification) directly, without the consent or joinder of any other Person, against any or all of the Loan Parties and the Lenders, and (ii) such rights, benefits and privileges (including exculpatory rights and rights to indemnification) shall not be modified or amended without the consent of such sub-agent, and (iii) such sub-agent shall only have obligations to the Administrative Agent and not to any Loan Party, Lender or any other Person and no Loan Party, Lender or any other Person shall have the rights, directly or indirectly, as a third party beneficiary or otherwise, against such sub-agent.

Section 9.8 Collateral Documents.

(a) Collateral Agent under Collateral Documents. Each Lender hereby further irrevocably authorizes the Collateral Agent, on behalf of and for the benefit of the Secured Parties, to be the agent for and representative of the Secured Parties with respect to the Collateral Documents and to enter into such other agreements with respect to the Collateral (including intercreditor agreements) as it may deem necessary. Subject to Section 10.5, without further written consent or authorization from the Lenders, the Collateral Agent may execute any documents or instruments necessary to (i) release any Lien encumbering any item of Collateral that is the subject of a sale or other disposition of assets permitted by this Agreement or any other Loan Document or to which Requisite Lenders (or such other Lenders as may be required to give such consent under Section 10.5) have otherwise consented, (ii) release any Guarantor from the Guaranty pursuant to the Guarantee and Collateral Agreement or with respect to which Requisite

Lenders (or such other Lenders as may be required to give such consent under Section 10.5) have otherwise consented, and (iii) to subordinate any Lien on any Property granted to or held by the Administrative Agent under any Loan Document to the holder of any Lien on such property that is permitted by Section 6.2(b).

(b) Right to Realize on Collateral and Enforce Guaranty. Anything contained in any of the Loan Documents to the contrary notwithstanding, the Borrower, the Administrative Agent and each Lender hereby agree that (i) no Lender shall have any right individually to realize upon any of the Collateral or to enforce any Guaranty, it being understood and agreed that all powers, rights and remedies hereunder may be exercised solely by the Administrative Agent, on behalf of the Lenders in accordance with the terms hereof and all powers, rights and remedies under the Collateral Documents may be exercised solely by the Collateral Agent, on behalf of the Secured Parties in accordance with the terms thereof, and (ii) in the event of a foreclosure by the Collateral Agent on any of the Collateral pursuant to a public or private sale, the Administrative Agent or any Lender may be the purchaser of any or all of such Collateral at any such sale and the Administrative Agent, as agent for and representative of Lenders (but not any Lender or Lenders in its or their respective individual capacities unless Requisite Lenders shall otherwise agree in writing) shall be entitled, for the purpose of bidding and making settlement or payment of the purchase price for all or any portion of the Collateral sold at any such public sale, to use and apply any of the Obligations as a credit on account of the purchase price for any collateral payable by Administrative Agent at such sale.

Section 9.9 Posting of Approved Electronic Communications.

(a) Delivery of Communications. Each Loan Party hereby agrees, unless directed otherwise by the Administrative Agent or unless the electronic mail address referred to below has not been provided by Administrative Agent to such Loan Party, that it will provide to the Administrative Agent all information, documents and other materials that it is obligated to furnish to the Administrative Agent or to the Lenders pursuant to the Loan Documents, including all notices, requests, financial statements, financial and other reports, certificates and other information materials, but excluding any such communication that (i) is or relates to a Borrowing Notice, (ii) relates to the payment of any principal or other amount due under this Agreement prior to the scheduled date therefor, (iii) provides notice of any Default or Event of Default under this Agreement or any other Loan Document or (iv) is required to be delivered to satisfy any condition precedent to the effectiveness of this Agreement and/or any Loan hereunder (all such non-excluded communications being referred to herein collectively as "**Communications**"), by transmitting the Communications in an electronic/soft medium that is properly identified in a format acceptable to the Administrative Agent to an electronic mail address as directed by the Administrative Agent. In addition, each Loan Party agrees to continue to provide the Communications to Administrative Agent or the Lenders, as the case may be, in the manner specified in the Loan Documents but only to the extent requested by Administrative Agent.

(b) No Prejudice to Notice Rights. Nothing herein shall prejudice the right of the Administrative Agent or any Lender to give any notice or other communication pursuant to any Loan Document in any other manner specified in such Loan Document.

Section 9.10 Proofs of Claim. The Lenders and each Loan Party hereby agree that after the occurrence of an Event of Default pursuant to Sections 8.1(f) or (g), in case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to any Loan Party, the Administrative Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether Administrative Agent shall have made any demand on any Loan Party) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of principal and interest owing and unpaid in respect of the Loans and any other Obligations that are owing and unpaid and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Lenders, the Administrative Agent and other agents (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders, the Administrative Agent and other agents and their agents and counsel and all other amounts due Lenders, the Administrative Agent and other agents hereunder) allowed in such judicial proceeding; and

(b) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same;

(c) and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent and other agents hereunder. Nothing herein contained shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the Obligations or the rights of any Lenders or to authorize the Administrative Agent to vote in respect of the claim of any Lender in any such proceeding. Further, nothing contained in this Section 9.10 shall affect or preclude the ability of any Lender to (i) file and prove such a claim in the event that the Administrative Agent has not acted within ten (10) days prior to any applicable bar date and (ii) require an amendment of the proof of claim to accurately reflect such Lender's outstanding Obligations.

overnight courier service and shall be deemed to have been given when delivered and signed for against receipt thereof, or upon confirmed receipt of telefacsimile; provided, no notice to the Administrative Agent or the Collateral Agent shall be effective until received by such Agent.

Section 10.2 Expenses. Whether or not the transactions contemplated hereby shall be consummated, each Loan Party agrees to pay promptly (a) all documented costs and expenses of preparation of the Loan Documents and any consents, amendments, waivers or other modifications thereto; (b) all documented fees, expenses and disbursements of counsel to the Loan Parties in furnishing all opinions required hereunder; (c) all and documented fees, expenses and disbursements of counsel to the Administrative Agent, the Collateral Agent and the Lenders in connection with the negotiation, preparation, execution, review and administration of the Loan Documents and any consents, amendments, waivers or other modifications thereto and any other documents or matters requested by any Loan Party; (d) all documented costs and expenses of creating and perfecting Liens in favor of the Collateral Agent, for the benefit of the Secured Parties pursuant hereto, including filing and recording fees, expenses and amounts owed pursuant to Section 2.15(c); (e) search fees, and all fees, expenses and disbursements of counsel to the Administrative Agent and the Collateral Agent and the Lenders and of counsel providing any opinions that the Administrative Agent or the Collateral Agent may request in respect of the Collateral or the Liens created pursuant to the Collateral Documents; (f) all documented costs and fees, expenses and disbursements of any auditors, accountants, consultants, engineers or appraisers; (g) all documented costs and expenses (including the fees, expenses and disbursements of counsel and of any appraisers, consultants, engineers, advisors and agents employed or retained by Administrative Agent, the Collateral Agent, the Lenders or its counsel) in connection with the administration by the Administrative Agent or the custody or preservation of any of the Collateral; (h) all other documented costs and expenses incurred by the Administrative Agent, the Collateral Agent and the Lenders in connection with the negotiation, preparation and execution of the Loan Documents and any consents, amendments, waivers or other modifications thereto and the transactions contemplated thereby; and (i) after the occurrence and during the existence of a Default or an Event of Default, all costs and expenses, including attorneys' fees and costs of settlement, incurred by the Collateral Agent, the Administrative Agent and Lenders in enforcing any Obligations of or in collecting any payments due from any Loan Party hereunder or under the other Loan Documents by reason of such Default or Event of Default (including in connection with the sale of, collection from, or other realization upon any of the Collateral or the enforcement of the Guaranty) or in connection with any refinancing or restructuring of the credit arrangements provided hereunder in the nature of a "work out" or pursuant to any insolvency or bankruptcy cases or proceedings.

Section 10.3 Indemnity.

(a) In addition to the payment of expenses pursuant to Section 10.2, whether or not the transactions contemplated hereby shall be consummated, each Loan Party agrees to defend (subject to Indemnitees' selection of counsel), indemnify, pay and hold harmless, the Administrative Agent and each Lender, their Affiliates and its and their respective officers, members, shareholders, partners, directors, trustees, employees, advisors, representatives and agents and each of their respective successors and assigns and each Person who control any of the foregoing (each, an "**Indemnitee**"), from and against any and all Indemnified Liabilities, **IN ALL CASES, WHETHER OR NOT CAUSED BY OR ARISING, IN WHOLE OR IN**

PART, OUT OF THE COMPARATIVE, CONTRIBUTORY, OR SOLE NEGLIGENCE OF SUCH INDEMNITEE; provided, no Loan Party shall have any obligation to an Indemnitee hereunder with respect to (i) any Indemnified Liabilities of such Indemnitee if such Indemnified Liabilities arise from the gross negligence or willful misconduct of such Indemnitee as determined by a court of competent jurisdiction in a final, nonappealable order, and provided that such a judicial determination against one Indemnitee shall not affect any other Indemnitee's right to indemnification hereunder, (ii) any Taxes other than any Taxes that represent losses, claims, damages, etc., arising from any non-Tax claim, or (iii) any Indemnified Liabilities arising out of any claims, actions, suits, inquiries, litigation, investigation or proceeding by any Indemnitee against any other Indemnitee. To the extent that the undertakings to defend, indemnify, pay and hold harmless set forth in this Section 10.3 may be unenforceable in whole or in part because they are violative of any law or public policy, the applicable Loan Party shall contribute the maximum portion that it is permitted to pay and satisfy under applicable law to the payment and satisfaction of all Indemnified Liabilities incurred by Indemnitees or any of them.

(b) To the extent permitted by applicable law, no Loan Party shall assert, and each Loan Party hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) (whether or not the claim therefor is based on contract, tort or duty imposed by any applicable legal requirement) arising out of, in connection with, as a result of, or in any way related to, this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby or referred to herein or therein, the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof or any act or omission or event occurring in connection therewith, and each Loan Party hereby waives, releases and agrees not to sue upon any such claim or any such damages, whether or not accrued and whether or not known or suspected to exist in its favor.

(c) Each Loan Party hereby acknowledges and agrees that an Indemnitee may now or in the future have certain rights to indemnification provided by other sources ("**Other Sources**"). Each Loan Party hereby agrees that (i) it is the indemnitor of first resort (i.e., its obligations to the Indemnitees are primary and any obligation of the Other Sources to provide indemnification for the same Indemnified Liabilities are secondary to any such obligation of the Loan Party), (ii) that it shall be liable for the full amount of all Indemnified Liabilities, without regard to any rights the Indemnitees may have against the Other Sources, and (iii) it irrevocably waives, relinquishes and releases the Other Sources and the Indemnitees from any and all claims (x) against the Other Sources for contribution, indemnification, subrogation or any other recovery of any kind in respect thereof and (y) that an Indemnitee must seek expense advancement or reimbursement, or indemnification, from the Other Sources before the Loan Party must perform its obligations hereunder. No advancement or payment by the Other Sources on behalf of an Indemnitee with respect to any claim for which such Indemnitee has sought indemnification from a Loan Party shall affect the foregoing. The Other Sources shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery which the Indemnitee would have had against a Loan Party if the Other Sources had not advanced or paid any amount to or on behalf of the Indemnitee.

Section 10.4 Set Off. In addition to any rights now or hereafter granted under applicable law and not by way of limitation of any such rights, during the existence of any Event of Default each Lender and its/their respective Affiliates is hereby authorized by each Loan Party at any time

or from time to time subject to the consent of the Administrative Agent (such consent not to be unreasonably withheld or delayed), without notice to any Loan Party or to any other Person (other than the Administrative Agent), any such notice being hereby expressly waived, to set off and to appropriate and to apply any and all deposits (general or special, including Indebtedness evidenced by certificates of deposit, whether matured or unmatured, but not including trust accounts (in whatever currency), but excluding Excluded Accounts) and any other Indebtedness at any time held or owing by such Lender to or for the credit or the account of any Loan Party (in whatever currency) against and on account of the obligations and liabilities of any Loan Party to such Lender hereunder, and under the other Loan Documents, including all claims of any nature or description arising out of or connected hereto or with any other Loan Document, irrespective of whether or not (a) such Lender shall have made any demand hereunder, (b) the principal of or the interest on the Loans or any other amounts due hereunder shall have become due and payable pursuant to Article 2 and although such obligations and liabilities, or any of them, may be contingent or unmatured or (c) such obligation or liability is owed to a branch or office of such Lender different from the branch or office holding such deposit or obligation or such Indebtedness.

Section 10.5 Amendments and Waivers.

(a) Requisite Lenders' Consent. Subject to Sections 10.3(b) and 10.3(c), no amendment, modification, termination or waiver of any provision of the Loan Documents, or consent to any departure by any Loan Party therefrom, shall in any event be effective without the written concurrence of (i) in the case of this Agreement, the Borrower, the Administrative Agent and the Requisite Lenders or (ii) in the case of any other Loan Document, the Borrower, the Collateral Agent and the Administrative Agent with the consent of the Requisite Lenders.

(b) Affected Lenders' Consent. Without the written consent of each Lender that would be adversely affected thereby, no amendment, modification, termination, or consent shall be effective if the effect thereof would:

(i) extend the scheduled final maturity of any Loan of such Lender;

(ii) waive, reduce or postpone any scheduled repayment due such Lender (but not prepayment);

(iii) reduce the rate of interest on any Loan of such Lender (other than any amendment to the definition of "Default Rate" (which may be effected by consent of the Requisite Lenders) and any waiver of any increase in the interest rate applicable to any Loan pursuant to Section 2.6(c)) or any fee payable hereunder;

(iv) extend the time for payment of any such interest or fees to such Lender;

(v) reduce the principal amount of any Loan;

(vi) amend, modify, terminate or waive any provision of this Section 10.5(b) or Section 10.5(c); or

(vii) amend the definition of "Requisite Lenders" or "Pro Rata Share"; provided, with the consent of the Administrative Agent and the Requisite Lenders, additional extensions of credit pursuant hereto may be included in the determination of "Requisite Lenders" or "Pro Rata Share" on substantially the same basis as the Loans are included on the Closing Date;

(c) Other Consents. No amendment, modification, termination or waiver of any provision of the Loan Documents, or consent to any departure by any Loan Party therefrom, shall amend, modify, terminate or waive any provision of Article 9 as the same applies to the Administrative Agent, or any other provision hereof as the same applies to the rights or obligations of the Administrative Agent, in each case without the consent of the Administrative Agent.

(d) Execution of Amendments, etc. Administrative Agent may, but shall have no obligation to, with the concurrence of the applicable Lenders, execute amendments, modifications, waivers or consents on behalf of such Lender. Any waiver or consent shall be effective only in the specific instance and for the specific purpose for which it was given. No notice to or demand on any Loan Party in any case shall entitle any Loan Party to any other or further notice or demand in similar or other circumstances. Any amendment, modification, termination, waiver or consent effected in accordance with this Section 10.5 shall be binding upon each Lender at the time outstanding, each future Lender and, if signed by a Loan Party, on such Loan Party.

(e) Amendment Consideration. Neither the Borrower nor any of its Affiliates or any other party to any Loan Documents will, directly or indirectly, request or negotiate for, or offer or pay any remuneration or grant any security as an inducement for, any proposed amendment or waiver of any of the provisions of this Agreement or any of the other Loan Documents unless each Lender (irrespective of the kind and amount of Loans then owned by it) shall be informed thereof by the Borrower and, if such Lender is entitled to the benefit of any such provision proposed to be amended or waived, shall be afforded the opportunity of considering the same, shall be supplied by the Borrower and any other party hereto with sufficient information to enable it to make an informed decision with respect thereto and shall be offered and paid such remuneration and granted such security on the same terms. For the avoidance of doubt, nothing in this Section 10.5(e) is intended to restrict or limit the amendment requirements otherwise set forth herein.

Section 10.6 Successors and Assigns; Assignments.

(a) Successors and Assigns. This Agreement shall be binding upon the parties hereto and their respective successors and assigns and shall inure to the benefit of the parties hereto and the successors and assigns of Lenders. No Loan Party's rights or obligations hereunder nor any interest therein may be assigned or delegated by any Loan Party without the prior written consent of all Lenders (and any attempted assignment or transfer by any Loan Party without such consent shall be null and void ab initio). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby and, to the extent expressly contemplated hereby, Affiliates of each of the Administrative Agent and Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) Assignments. Any Lender may assign to one or more Eligible Assignees all or any portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitments, and the Promissory Notes held by it); provided, however, that (A) each such assignment shall be of a constant, and not a varying, percentage of such Lender's rights and obligations assigned under this Agreement and shall be an equal percentage with respect to both its obligations owing in respect of the Commitments and the related Promissory Notes, (B) each such assignment shall be to an Eligible Assignee, (C) the assignment document must be in an electronic format acceptable to the Administrative Agent, (D) no such assignment shall be to any Affiliate of the Borrower, and (E) the consent of the Borrower (such consent not to be unreasonably withheld or delayed) shall be required unless (x) a Default or Event of Default has occurred and is continuing at the time of such assignment or (y) such assignment is to a Lender, an Affiliate of a Lender or a Related Fund.

(c) Mechanics. The assigning Lender and the assignee thereof shall execute and deliver to the Administrative Agent an Assignment and Acceptance Agreement, together with such forms, certificates or other evidence, if any, with respect to U.S. federal income tax withholding matters as the assignee under such Assignment and Acceptance Agreement may be required to deliver to the Administrative Agent pursuant to Section 2.15(e). The Administrative Agent shall receive a fee of $3,500 from the assigning Lender, unless waived by the Administrative Agent.

(d) Notice of Assignment. Upon its receipt and acceptance of a duly executed and completed Assignment and Acceptance Agreement, any forms, certificates or other evidence required by this Agreement in connection therewith, the Administrative Agent shall record the information contained in such Assignment and Acceptance Agreement in the Register, shall give prompt notice thereof to the Borrower and shall maintain a copy of such Assignment and Acceptance Agreement.

(e) Effect of Assignment. Subject to the terms and conditions of this Section 10.6(e), as of the "Effective Date" specified in the applicable Assignment and Acceptance Agreement: (i) the assignee thereunder shall have the rights and obligations of a "Lender" hereunder to the extent such rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance Agreement and shall thereafter be a party hereto and a "Lender" for all purposes hereof; (ii) the assigning Lender thereunder shall, to the extent that rights and obligations hereunder have been assigned thereby pursuant to such Assignment and Acceptance Agreement, relinquish its rights (other than any rights which survive the termination hereof under Section 10.8) and be released from its obligations hereunder (and, in the case of an Assignment and Acceptance Agreement covering all or the remaining portion of an assigning Lender's rights and obligations hereunder, such Lender shall cease to be a party hereto; provided, anything contained in any of the Loan Documents to the contrary notwithstanding such assigning Lender shall continue to be entitled to the benefit of all indemnities hereunder as specified herein with respect to matters arising out of the prior involvement of such assigning Lender as a Lender hereunder); and (iii) if any such assignment occurs after the making of any Loan hereunder, the assigning Lender shall, upon the effectiveness of such assignment or as promptly thereafter as practicable, surrender its applicable Promissory Note to Administrative Agent for cancellation, and thereupon the Borrower shall issue and deliver a new Promissory Note to such assignee and/or

to such assigning Lender, with appropriate insertions, to reflect the outstanding principal balance under the Loans of the assignee and/or the assigning Lender.

(f) Participations. Each Lender shall have the right at any time to sell one or more participations to any Person (other than any Loan Party or any of their respective Affiliates) in all or any part of its Loans or in any other Obligation; provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. The holder of any such participation (a "**Participant**"), other than an Affiliate of the Lender granting such participation, shall not be entitled to require such Lender to take or omit to take any action hereunder except with respect to any amendment, modification or waiver that would (i) extend the final scheduled maturity of any Loan in which such Participant is participating, or reduce the rate or extend the time of payment of interest or fees thereon (except any amendment to the definition of "Default Rate" or in connection with a waiver of applicability of any post default increase in interest rates) or reduce the principal amount thereof, or increase the amount of the Participant's participation over the amount thereof then in effect (it being understood that a waiver of any Default or Event of Default shall not constitute a change in the terms of such participation, and that an increase in any Loan shall be permitted without the consent of any Participant if the Participant's participation is not increased as a result thereof), (ii) consent to the assignment or transfer by any Loan Party of any of its rights and obligations under this Agreement, or (iii) release all or substantially all of the Collateral under the Collateral Documents or all or substantially all of the Guarantors from the Guaranty (in each case, except as expressly provided in the Loan Documents) supporting the Loans hereunder in which such Participant is participating. The Borrower agrees that each Participant shall be entitled, through the participating Lender, to the benefits of Section 2.15 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to clause (c) of this Section; provided, that (i) a Participant shall not be entitled to receive any greater payment under Section 2.15 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, except to the extent such entitlement to receive a greater payment results from an adoption or Change in Law or in the interpretation or application thereof by a Governmental Authority made subsequent to the Closing Date that occurs after the Participant acquired the applicable participation, and (ii) a Participant shall comply with Section 2.15(e) (it being understood that the documentation required under Section 2.15(e) shall be delivered to the participating Lender).

(g) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Promissory Notes or other obligations under the Loan Documents (the "**Participant Register**"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any Commitments, Loans, or its other obligations under any Loan Document) to any Person, except to the extent that such disclosure is necessary to establish that such Commitment, Loan, or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the

Participant Register as the owner of such participation for all purposes of this Agreement with the intent that such participations are in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.
