AFFIDAVIT OF RON K. LAING
Sworn on October 18, 2024

I, Ron K. Laing, of Calgary, Alberta, SWEAR/AFFIRM AND SAY THAT:

1. I am the Chief Commercial and Corporate Development Officer at Canadian Natural Resources Limited (“**Canadian Natural**”), and as such, have personal knowledge of the matters deposed to herein, except where stated to be based on information and belief, and in which case, I do verily believe the same to be true.
2. I am duly authorized to swear this Affidavit on behalf of Canadian Natural.
3. In preparing this Affidavit I have reviewed the Affidavit of Mark Horrox, sworn October 15, 2024, including all exhibits thereto (the “**Horrox Affidavit**”). I have also reviewed the Affidavit of Michael Janzen, affirmed October 2, 2024 (the “**Janzen Affidavit**”) in Alberta Court of King’s Bench Action No. 2401-13792 (the “**Receivership Action**”). A copy of the Janzen Affidavit (without exhibits) is attached hereto as **Exhibit “A”**.

4. All references to dollar amounts contained herein are Canadian Dollars unless otherwise stated.

Erikson and TEC

5. To the best of my knowledge, Erikson National Energy Inc. (“**Erikson**”) is a junior oil and natural gas company registered pursuant to the laws of the Alberta, with a head office in Calgary, Alberta. Erikson was continued into Alberta from British Columbia on August 28, 2024. Erikson owns natural gas assets in Northeastern British Columbia. A corporate search for Erikson is attached hereto as **Exhibit “B”**.

6. To the best of my knowledge, Third Eye Capital Corporation (“**TEC**”) is an asset-based lender registered pursuant to the laws of Ontario with a head office in Toronto, Ontario and is extra-provincially registered in Alberta.

7. To the best of my knowledge, Erikson is a portfolio company of its parent, TEC and the sole director of Erikson is also the principal of TEC. An Ontario corporate search and Alberta corporate search for TEC are attached hereto as **Exhibits “C” and “D”**, respectively.

Relationship between Canadian Natural and Erikson

8. As discussed further below, Canadian Natural is a major stakeholder in both the Receivership Action and these NOI proceedings. In particular, Canadian Natural is: (a) a working interest holder in jointly owned oil and gas assets in British Columbia; (b) a judgment creditor of Erikson in the amount of \$676,013.17; and (c) a first lien security holder (in priority to TEC) over all of the Canadian Natural-operated Jointly Owned Assets (as defined below) by virtue of numerous operator’s liens filed by Canadian Natural in the British Columbia Personal Property Security Registry (the “**BC PPR**”). Each of these relationships is discussed further below.

a) Working Interest Holder

9. The Jointly Owned Assets are governed by:

- (a) a number of land agreements. The land agreements generally incorporate the CAPL Operating Procedure and document the terms of ownership of the joint assets, the allocation of capital, operating, surface rental costs, and mineral land rental costs

between the parties, the invoicing and payment requirements of the joint interest owners, the approval process for the incursion of capital expenses by the operator for the joint operations, and the defined timing for payment by the joint interest owners of all joint interest billings issued by the operator; and

- (b) a number of facility agreements. The facility agreements provide terms for the operation of the assets, and document the terms of ownership, the allocation of capital and operating costs amongst the owners, including the timing for payment of same, and the approval process for the incursion of capital expenses by the Operator.

10. As at the date of this Affidavit, CNRL owns a working interest with Erikson in 68 well events and 19 facility functional units, pipe segments and roads (the “**Jointly Owned Assets**”).

b) Judgment Creditor

11. On August 16, 2023 Canadian Natural issued a statement of claim against Erikson in Court of King’s Bench of Alberta action no. 2301-10785 (the “**Action**”). On August 28, 2024 the Honourable Applications Judge L. A. Mattis granted judgment in the Action against Erikson in favour of Canadian Natural in the amount of \$676,013.17 (the “**Judgment**”). The Judgment was registered in the Supreme Court of British Columbia on September 19, 2024. A copy of the Judgment is attached hereto as **Exhibit “E”**.

12. On September 16, 2024 Canadian Natural filed a writ of enforcement and registered same at the Alberta Personal Property Registry (the “**ABPPR**”). A copy of the writ of enforcement registered against Erikson is attached hereto as **Exhibit “F”**.

13. On September 18, 2024 Canadian Natural issued garnishee summons against two ATB Financial (“**ATB**”) branches. By letter dated September 26, 2024, the Alberta Court of King’s Bench Accounting Section advised Canadian Natural that \$1,546.23 had been remitted by ATB in response to the garnishee summons. Copies of the garnishee summons’ and the Court’s response are collectively attached hereto as **Exhibit “G”**.

14. As at the date of this Affidavit, no amounts have been paid by Erikson or recovered by Canadian Natural on the Judgment.

c) First Lien Security Holder

15. Ranch Energy Corporation (“**Ranch**”) was previously party to the various agreements governing the Jointly Owned Assets with Canadian Natural. Pursuant to those agreements, Canadian Natural has a security interest in and to the Jointly Owned Assets and, accordingly, in October 2018 registered its security interests (the “**Liens**”) against Ranch at the British Columbia Personal Property Registry (the “**BCPPR**”). A copy of the BCPPR search for Erikson dated October 15, 2024 is attached hereto as **Exhibit “H”**.

16. On July 19, 2018, Justice Romaine granted an order appointing Ernst & Young Inc. (now EY Parthenon) as receiver and manager of Ranch (the “**Ranch Receivership**”). Following a sales process conducted in the Ranch Receivership, Erikson purchased the Jointly Owned Assets (the “**Transaction**”) pursuant to a sale approval and vesting order granted by the Honourable Justice K. Horner on July 29, 2019 (the “**SAVO**”). Under the terms of the SAVO, Canadian Natural’s Liens constituted permitted encumbrances and Canadian Natural was entitled to maintain the Liens in priority to any other creditor in order to secure the post-closing obligations of Erikson, as purchaser. After the Transaction closed Canadian Natural amended the Liens at the BCPPR to include Erikson as a debtor. A copy of the SAVO without Tabs C and D is attached hereto as **Exhibit “I”**.

17. As a result of the foregoing, and as detailed in the BCPPR search, Canadian Natural’s Liens were registered against the Jointly Owned Assets between October 23 – 25, 2018. TEC’s security interest was not registered in the BCPPR until October 10, 2019.

Erikson’s Application should be Dismissed

18. As a significant stakeholder of Erikson, Canadian Natural has serious concerns about Erikson continuing in a self-directed process like the within NOI proceedings and maintaining control of the Jointly Owned Assets. Canadian Natural is of the view that a Receiver should be appointed over Erikson to conduct the sale process as an independent third-party, Court officer. I am advised by Canadian Natural’s counsel, Osler Hoskin & Harcourt LLP (“**Osler**”), that it has confirmed with counsel for the British Columbia Energy Regulator (“**BCER**”) that should these NOI proceedings be terminated and the proposed sales process not be approved, the BCER is prepared to immediately bring its application for appointment of a Receiver in the Receivership

Action back before this Court. Canadian Natural supports the BCER's application for appointment of a Receiver over Erikson.

(a) Erikson's Leases have been Terminated

19. I am advised by Osler that counsel for Erikson confirmed that all of the leases granting rights to the Jointly Owned Assets have been cancelled by the British Columbia Ministry of Energy (the "**BC Minister**") for non-payment of outstanding rentals by Erikson. Without leases, the Jointly Owned Assets cannot be produced or accessed except for purposes of completing regulatorily required shut-in and abandonment work. Importantly, the cancellation by the BC Minister of all leases because of Erikson's non-payment of rentals affected not only Erikson's property interests, but also Canadian Natural's property. Immediately upon the termination of the leases because of Erikson's non-payment of rentals, all producing Jointly Owned Assets had to be shut-in, thereby depriving Canadian Natural of its property, production and associated revenues. Cancellation of the leases also deteriorated the value of the collateral secured by Canadian Natural's Liens.

20. Importantly, the permitted cancellation of the leases by Erikson was not inadvertent. On March 27, 2024, Canadian Natural wrote to Erikson to confirm that Erikson would be making payment of outstanding rentals to keep the leases in good standing. No response was received from Erikson. Attached as **Exhibit "J"** is a copy of Canadian Natural's correspondence.

21. Further, on May 29, 2024, Canadian Natural's counsel wrote to TEC's counsel advising that "we note that Erikson continues not to pay a variety of BC Crown leases. Accordingly, we anticipate that Canadian Natural will need to take steps to preserve the leases (including by paying any arrears and associated penalty fees). Canadian Natural reserves all rights to seek reimbursement for same from Erikson. To do so, Canadian Natural will require Erikson to allow CNRL to take over the Payor status so that CNRL can make the payments to preserve the leases. A list of the specific leases is below." Again, no response was received from Erikson. Attached as **Exhibit "K"** is a copy of counsel's correspondence.

22. In or about mid-August 2024, it came to Canadian Natural's attention that Erikson had permitted the leases to be cancelled by the BC Minister for non-payment of outstanding rentals.

23. Immediately upon learning of the cancellation of the leases, Canadian Natural contacted the BC Minister to urgently request that all leases with respect to the Jointly Owned Assets be re-instated in order to avoid any disruption to production. Canadian Natural offered to pay all outstanding rentals, plus interest, to the BC Minister as a condition of re-instatement and, on August 22, 2024, submitted an Application to Re-Instate PNG Leases (the “**Re-Instatement Application**”) to the BC Minister. Attached as **Exhibit “L”** is a copy of Canadian Natural’s correspondence with the BC Minister and the Re-Instatement Application.

24. Notwithstanding Canadian Natural’s efforts to avoid a disruption to production and a loss of its property because of Erikson’s payment defaults, on September 17, 2024, the BC Minister directed Canadian Natural to immediately cease operations on all Jointly Owned Assets on the cancelled leases, as referenced in **Exhibit “L”**. Canadian Natural was accordingly required to incur the costs of shutting-in all Jointly Owned Assets on the cancelled leases. In addition, Canadian Natural suffered the loss of all production and associated revenues.

25. Unfortunately, because Canadian Natural only held a registered interest in four of the seven cancelled leases, the BC Minister refused to re-instate all leases relating to the Jointly Owned Assets. Instead, by letter dated October 4, 2024, the BC Minister advised Canadian Natural that it had re-instated the four leases in which Canadian Natural held a registered interest. The remaining three leases remained cancelled. Canadian Natural paid \$24,535 for re-instatement of the four leases. Attached as **Exhibit “M”** is a copy of the BC Minister’s correspondence.

26. As at the date of this Affidavit, I understand that the remaining three leases relating to the Jointly Owned Assets remain cancelled and have not been re-instated by the BC Minister, notwithstanding the passage of more than two months since the original cancellation.

27. I have reviewed the Horrox Affidavit and note that nowhere therein does Mr. Horrox disclose that all of Erikson’s leases have been cancelled by the BC Minister. I further note that nowhere in the Horrox Affidavit does Mr. Horrox disclose any correspondence between Erikson and the BC Minister or provide any confirmation from the BC Minister that the cancelled leases will be re-instated.

28. Canadian Natural’s view is that a sales process directed by Erikson is bound to fail and should not be permitted to proceed.

29. Further, as Canadian Natural holds first lien security over the Jointly Owned Assets, the failure of Erikson to pay rentals and the cancellation of the leases by the BC Minister resulted in a direct deterioration in the value of Canadian Natural's security. Without leases, the wells cannot be produced, and without producing wells (or wells capable of production), the collateral has little to no value. In addition, and as shown on the BCPPR search, Erikson has permitted the following crown charges to be filed against it, thereby putting Canadian Natural's security at further risk:

- (a) three crown charges filed pursuant to Carbon Tax Act by the British Columbia Ministry of Finance on October 20, 2023, August 30, 2024 and October 2, 2024; and
- (b) a crown charge filed pursuant to the Taxation (Rural Area) Act by the British Columbia Ministry of Finance on August 30, 2024.

30. It is Canadian Natural's security that has been impacted by Erikson's conduct and Canadian Natural is not prepared to permit Erikson to continue in possession of its collateral and risk further deterioration in these NOI proceedings. A receiver should be appointed immediately.

(b) *TEC has Diverted all Value from Erikson*

31. During the period that Erikson was failing to pay rentals and, as discussed further below, failing to comply with its regulatory obligations with respect to the Jointly Owned Assets, TEC, as the ultimate parent of Erikson, was funnelling money out of Erikson to its own benefit, thereby leaving Erikson insolvent and unable to meet its obligations to any other stakeholder, including Canadian Natural. Since 2023, TEC has earned \$174 million in interest and fees from Erikson (as detailed in Exhibits "N" and "P"), while allowing Erikson to breach its obligations to working interest partners and to the regulator, among others.

32. I understand from press releases issued by TEC and by Pieridae Energy Limited ("**Pieridae**") that in October 2019, Erikson made a net loan of \$200 Million to a subsidiary of Pieridae. By press release issued June 15, 2023, TEC announced that the loan had been repaid and, in addition to the loan, interest and fees of \$170 million had been paid by Pieridae to Erikson. Canadian Natural understands from the press release that the \$170 million in interest and fees were realized by TEC. Attached as **Exhibit "N"** is a copy of TEC's press release.

33. Importantly, in June 2023, at the time that Erikson received, and TEC took, \$170 million in fees and interest, the Janzen Affidavit advises that Erikson had failed to comply with one information order, one order to post approximately \$3.6 million in security with the BCER, and three site orders. In particular, the Janzen Affidavit advises that one site order issued by the BCER on April 21, 2023 required Erikson to, among other things, remove all liquid, sludge, and waste from the site and properly dispose of these materials. The Janzen Affidavit confirms that Erikson failed to comply with the site orders and, as a result, the BCER was forced to undertake the de-commissioning work at a cost to the public of \$905,976.07.

34. I further understand:

- (a) from Pieridae's press release issued April 8, 2021, that Erikson controlled approximately 23 million shares in Pieridae and, as of that date, was issued 5 million common share purchase warrants (the "**Shares and Warrants**"). Attached as **Exhibit "O"** is Pieridae's press release; and
- (b) from Pieridae's press release issued July 25, 2024, that: (a) following Pieridae's payment of the loan, costs and interest to Erikson in 2023, Erikson advanced a further fixed rate, convertible bridge loan to Pieridae in the amount of \$20 million; and (b) on July 25, 2024, Pieridae issued a binding repayment notice to Erikson advising that the bridge loan would be settled in cash on or prior to August 24, 2024 in the amount of \$24 million. Attached as **Exhibit "P"** is Pieridae's press release.

35. Accordingly, between the two loans advanced by Erikson to Pieridae, interest and fees of **\$174 million** have been earned by Erikson and diverted to TEC. Further, Canadian Natural only learned in the Horrox Affidavit that both the Shares and Warrants and the bridge loan had been unilaterally assigned by Erikson to TEC. Again, I understand from the Janzen Affidavit that at the time of the assignment, Erikson failed to comply with, among other things, an order from the BCER to post approximately \$2.5 million in security.

36. Further, at the time of the assignment, Canadian Natural had delivered two separate default notices to Erikson advising that it was currently in default of its obligations under the agreements governing the Jointly Owned Assets in the amount of \$424,950. Attached as **Exhibit "Q"** are copies of Canadian Natural's Default Notices.

37. In addition, while Mr. Horrox discusses Erikson's profitability in 2022 as a result of high gas prices, he fails to mention that the uptick in Erikson's cash flows was the result, in part, of Erikson's wrongful retention of Canadian Natural's gas. Erikson and Canadian Natural are party to the Buick Creek 11-23-88-19W6M Gas Facilities Gas Handling Agreement, dated February 1, 2011 (the "**GHA**"). Canadian Natural has the right under the GHA to take its products in kind and Erikson has a corresponding obligation to deliver such products to Canadian Natural. Accordingly, on November 1, 2022, Canadian Natural advised Erikson that it was electing to take its products in kind effective immediately. When no response was received from Erikson, Canadian Natural followed up on its election on November 10 and 23, 2022. Again, no response was received from Erikson, and no gas was delivered.

38. Accordingly, on January 12, 2023, Canadian Natural (through its counsel) sent a demand letter to Erikson advising that Erikson's ongoing failure to deliver Canadian Natural's products to it constitutes a breach of the GHA and a wrongful interference with Canadian Natural's property and demanding that Erikson commence delivery of Canadian Natural's products in kind immediately in accordance with the GHA. Attached as **Exhibit "R"** is a copy of counsel's letter.

39. Erikson ignored Canadian Natural's demands for immediate delivery of its property until May 2023. By email dated May 29, 2023, Erikson advised Canadian Natural that "Erikson will begin the TIK [take in kind] for the production month of June 2023." Contrary to its representation, no production was delivered to Canadian Natural in June 2023. Accordingly, by email dated June 12, 2023, Canadian Natural (through counsel) followed up with Erikson demanding to know the whereabouts of its production. It was only at that time that Erikson disclosed to Canadian Natural that, in fact, and contrary to its previous email, no production would be forthcoming as Erikson had shut in the assets on approximately May 1, 2023. Attached as **Exhibit "S"** is a copy of counsel's correspondence with Erikson.

40. Erikson accordingly seized and retained Canadian Natural's production when commodity prices were high, and it was only once Erikson had shut-in the assets under the GHA and no further production would be forthcoming that Erikson agreed to re-instate Canadian Natural's take in kind (after misleading Canadian Natural that its production would be delivered with full knowledge that the assets had been shut in).

41. Erikson and TEC should not be permitted to remain in control of Erikson's assets (including the Jointly Owned Assets) within these NOI proceedings. Since its acquisition of the Jointly Owned Assets in the Ranch Receivership, Erikson has been used as a vehicle by TEC to earn revenues of \$174 million, while allowing Erikson to fail to meet its most basic regulatory obligations to the BCER and its obligations to its working interest partners (like Canadian Natural). An independent court officer needs to be appointed to not only run the sale process, but to review the ongoing stripping of value from Erikson by TEC during the years preceding the NOI filing.

42. During this period, I understand that Erikson's Chief Executive Officer left the company (see printout from his LinkedIn profile attached as **Exhibit "T"**) and representatives of TEC directly managed Erikson. See email correspondence dated September 5, 2023 attached at **Exhibit "U"** from TEC's counsel to Canadian Natural's counsel confirming that TEC "control" Erikson. As there has been, and continues to be, no separation between lender and borrower, it is critical to Canadian Natural that an independent third party be tasked with Erikson's liquidation process in order to ensure fairness and transparency for all stakeholders, not just TEC.

(c) Erikson's Failed Marketing Processes

43. Canadian Natural has no confidence that Erikson's proposed sale process will yield an executable transaction. First, Sayer has been marketing the Jointly Owned Assets (together with Erikson's other assets) since January 2023. Over a 22-month period, Erikson and Sayer have failed to identify an executable transaction. An additional 30-day period to locate and finalize a transaction is unlikely to yield a different result.

44. Second, Erikson is in a worse position than it was during the initial 20 months of Sayer's marketing process because, unlike the initial months of the process, Erikson no longer has any leases (other than the four Canadian Natural has revived) and all associated production has been shut-in.

45. Third, over the past 1.5 years, TEC has had numerous opportunities to resolve ongoing issues with the Jointly Owned Assets, but has simply failed to do so. Among other things, at the invitation of TEC, Canadian Natural submitted an offer for Erikson's interest in the Jointly Owned Assets in July 2023. No response to CNRL's offer was received from Erikson, TEC or Sayer. Further, I am advised by Nicholas Vaschetto, Director of Joint Ventures and Commercial

Operations at Canadian Natural, that in February 2024, Mr. Horrox reached out to him to discuss a “business opportunities” for the Jointly Owned Assets. Mr. Vaschetto proposed time on February 16, 2024 for a telephone call, however Mr. Horrox never responded. Mr. Vaschetto advises that he accordingly followed up with Mr. Horrox multiple times but, again, never received a response. Attached as **Exhibit “V”** is a copy of Mr. Vaschetto’s correspondence to Mr. Horrox.

46. Fourth, Canadian Natural’s property interests in the Jointly Owned Assets have been compromised, and Canadian Natural’s security interests in the Jointly Owned Assets have deteriorated, by the cancellation of the leases and the shut-in of all production because of Erikson’s failure to pay rentals. Canadian Natural is not prepared to allow its property and its security to be further impacted.

47. While I have reviewed the Horrox Affidavit, nothing therein provides Canadian Natural with comfort that the proposed sale process will yield a different result or be conducted in a fair and transparent manner. The Horrox Affidavit provides little disclosure about Erikson. No financial information is included and no financial statements are attached. None of the supporting documentation for the Pieridae loans or the assignment of the Shares and Warrants to TEC are attached.

48. Further, the proposed sale process continues to provide TEC with consultation rights on modifications to the proposed sale process, including the deadlines set out therein, notwithstanding that it is Canadian Natural (not TEC) that has a first lien security interest over the Jointly Owned Assets subject to the sale process.

49. I swear this Affidavit in opposition to Erikson’s application for, among other things, an extension of the stay of proceedings and approval of the proposed sale process in the NOI proceedings and in support of the BCER’s application to appoint a receiver over Erikson.

AFFIDAVIT OF MICHAEL JANZEN
Affirmed on October 2, 2024

I, Michael Janzen, of the City of Victoria, in the Province of British Columbia, SOLEMNLY AFFIRM AND DECLARE:

1. I am the Executive Director, Orphans & Restoration at the British Columbia Energy Regulator, formerly named the BC Oil and Gas Commission (the "**BCER**"). As such, have personal knowledge of the facts and matters herein, except where stated to be based upon information and belief, and where so stated I verily believe the same to be true. I am authorized to make this Affidavit on behalf of the BCER.
2. This Affidavit is sworn in support of an originating application (the "**Application**") by the BCER returnable October 7, 2024, before the Court of King's Bench of Alberta (the "**Court**") appointing a receiver and manager (the "**Receiver**") over all of the assets, undertakings and properties of Erikson National Energy Inc. ("**Erikson**") pursuant to section 13(2) of the *Judicature Act*, RSA 2000, c. J-2, section 99(a) of the *Business*

Corporations Act, RSA 2000, c. B-9 and section 39 of the *Law and Equity Act*, RSBC 1996, c. 253.

BACKGROUND

3. The BCER, is a regulatory agency with responsibilities overseeing energy resource activities, including oil and gas, and renewable geothermal operations in British Columbia. The BCER ensures compliance with environmental and safety regulations by granting permits, conducting inspections, and enforcing standards, as mandated by the *Energy Resource Activities Act*, SBC 2008, c 36 (“**ERAA**”) formerly the *Oil and Gas Activities Act*, RSBC 1996, c 364.
4. Erikson is a corporation originally incorporated pursuant to the laws of British Columbia, under the *Business Corporations Act*, SBC 2002, c. 57 but was later continued in Alberta under the *Business Corporations Act*, RSA 2000, c. B-9. Attached as **Exhibit “A”** and **Exhibit “B”**, respectively, are copies of a British Columbia Corporate Registry Search and an Alberta Corporate Registry Search of Erikson, each dated September 24, 2024.
5. Erikson operates as an oil and natural gas company with assets located in the Greater Fort Nelson and Greater Fort St. John areas of British Columbia (the “**Properties**”). Erikson’s assets include a gas processing plant, frac water and water storage sites, wells, and associated pipeline and facility infrastructure.
6. The Properties consist primarily of operated shale natural gas production from several formations including the Baldonnel, Charlie Lake, Debolt, Halfway, Jean-Marie and Muskwa formations.
7. In the Greater Fort St. John area, the Company has working interests in the Buick Creek, Fireweed, Fort St. John, Laprise, Roseland and Stoddart areas.
8. On July 29, 2019, in the receivership proceedings of Ranch Energy Corporation, the Court approved the sale and transfer of the Properties, being 414 wells, 20 facilities and 346 pipeline sections owned by Ranch Energy Corporation to Erikson.
9. To operate its assets in British Columbia, Erikson applied for and obtained certain permits from the BCER in accordance with the ERAA.
10. As a condition of the transfer, Erikson submitted a security deposit of \$4,800,000 to ensure the performance of its obligations under the ERAA.

11. Erikson continues to be a permit holder under the ERAA for its operations. Attached as **Exhibit “C”** is a copy of Erikson’s Active Oil and Gas Operator status in British Columbia.

Erikson’s Non-Compliance with the ERAA and BCER Orders

12. Erikson purchased the Properties out of the receivership proceedings of Ranch Energy Corporation in 2019.
13. Since taking over the assets from Ranch Energy Corporation, the BCER became aware of certain failures of Erikson to meet its obligations under the ERAA, including but not limited to failure to complete decommissioning and address potential contamination at a frac water storage site, issues with procedures related to suspending oil and gas sites, deactivating certain of its pipelines, failure to pay security and other amounts owing to the BCER, including certain fees and levies.
14. On September 10, 2020, pursuant to section 38 of the ERAA, the BCER issued its first information order against Erikson (the **“September 2020 Order”**). A copy of the September 2020 Order is attached as **Exhibit “D”**.
15. The September 2020 Order required Erikson to prepare certain plans to deal with well sites that had not been suspended in accordance with the ERAA, deactivation of a pipeline, and removal of all liquid frac water storage from site d-024-G/094-P-10 (the **“Site”**) where a potential leak was identified by the BCER.
16. Erikson failed to comply with the September 2020 Order and the BCER issued three subsequent orders on August 26, 2021, April 29, 2022, and April 21, 2023 attached as **Exhibits “E”, “F”, and “G”** (together, the **“Subsequent Site Orders”**). The Subsequent Site Orders, among other things, required Erikson to remove all liquid, sludge, and waste from the Site and properly dispose of these materials.
17. The Subsequent Site Orders were issued pursuant to section 49 of the ERAA.
18. Since 2016 the BCER has been aware of potential leaks at the Site. In October 2022, Matrix Solutions Inc. prepared a groundwater and pond sampling report for Erikson that indicated the Site may be located within a groundwater recharge area. The magnitude and extent of contamination cannot be determined until the Site is drained and assessed.
19. Erikson failed to comply with the Subsequent Site Orders and the BCER was forced to undertake the decommissioning work that was required under the April 21, 2023 order.

20. In order to allow the BCER to complete the decommissioning work without interference from Erikson, the BCER issued an order dated September 13, 2023, requiring Erikson to cease any activities related to the April 21, 2023 order. That order was subsequently amended on September 20, 2023 to allow Erikson to assist with certain drainage activities. A copy of the amended BCER Order dated September 20, 2023, is attached as **Exhibit “H”**.
21. The BCER appointed contractors to remove all fluid from the Site.
22. On January 16, 2024, the BCER issued a costs order requiring Erikson to pay \$905,976.07 (the **“Costs Order”**). The Costs Order was for Erikson to reimburse the BCER for the BCER’s out of pocket expenses incurred in carrying out Erikson’s obligations under Item 1 of the April 21, 2023 order – removal of 10,000m³ of water from the Site. The Costs Order did not cover the removal of all remaining liquid, sludge and waste residue and disposal, as required by Item 2 of the April 21, 2023 order or the investigation and potential remediation costs being spent by the BCER to fully remediate the Site. A copy of the Costs Order is attached as **Exhibit “I”**.
23. In addition, Erikson has not complied with its reporting obligations to the BCER. On July 10, 2023 and June 17, 2024, the BCER issued orders for Erikson to provide certain information and documentation regarding its wells. These orders were not complied with. These orders are attached as **Exhibits “J”** and **“K”**, respectively.
24. On September 21, 2022, the BCER issued an order requiring that Erikson provide security in the amount of \$3,640,522 (the **“September Security Order”**) unless Erikson completed an equal or greater amount of liability reduction activities associated with its assets by June 30, 2023. The amount of security was determined in accordance with the Permittee Capability Assessment (**“PCA”**) program. The September 2022 Security Order is attached as **Exhibit “L”**.
25. Erikson failed to complete the majority of the liability reduction within the required timeline and failed to post the required security.
26. On July 4, 2023, the BCER sent demand for payment of the remaining \$2,508,942 of the security owing under the September 2022 Security Order. The demand required payment of this amount by August 3, 2023. A copy of the demand letter is attached as **Exhibit “M”**.

27. On August 3, 2023, the BCER sent a second demand letter for payment of the amounts owing under the September 2022 Security Order. A copy of the second demand is attached as **Exhibit “N”**.
28. Erikson failed to comply with the September 2022 Security Order or respond to the demands. As a result, on January 25, 2024, the BCER filed the September 2022 Security Order with the Supreme Court of British Columbia. The certificate of debts due is attached as **Exhibit “O”**.
29. On July 9, 2024, Erikson was ordered by the BCER to submit a further \$9,728,000 (the “**July 2024 Security Order**”) by August 9, 2024, as security for certain corrective action that was not completed under the PCA program. The July 2024 Security Order is attached as **Exhibit “P”**.
30. A list of the outstanding orders is set out below:

Order Number	Statute Order Issued Under	Date Issued
Order for Security	Section 30(1) of ERAA ¹	July 9, 2024
Section 38 Order 2024-0067-01	Section 38(1)(c) of ERAA ¹	June 17, 2024
Section 50 Order 2021-0054-05	Section 50(1)(c) of ERAA ¹	January 16, 2024
Section 38 Order 2023-0062-01	Section 38(1)(c) of OGAA ²	July 10, 2023
Order for Security	Section 30(1) of OGAA ²	July 4, 2023
General Order 2021-0054-03	Section 49(1)(e) of OGAA ²	April 21, 2023

1. *Energy Resource Activities Act*, SBC 2008, c 36
2. *Oil and Gas Activities Act*, SBC 2008, c 36

31. The PCA program’s objectives are to be responsive to changing industry risks, to require permit holders to conduct corrective action when risk is identified, and to encourage permit holders to proactively reduce liability. The PCA program is used by the BCER to assist in determining required security deposits for permit holders under section 30 of the ERAA.
32. The PCA program assesses financial risk of each permit holder’s operations in order to mitigate risk while permit holders are financially viable. In practice, this risk is measured as the potential financial impact to the Orphan Site Reclamation Fund in the case of an insolvency of a permit holder.

33. The level of financial risk calculated under the PCA is determined from the financial information submitted by permit holders on an annual and quarterly basis. Widely accepted financial ratios are used to assess permit holders that are financially healthy versus those that are in distress. The selected ratios measure a company's profitability over time, their liquidity and ability to meet obligations as they come due, and the level of debt used to finance the business.
34. The magnitude of liability under the PCA is based on the estimated decommissioning, assessment, remediation and reclamation liability cost associated with each permit holder's dormant, inactive and marginal sites. Historically, sites that are dormant, inactive, or marginal have accounted for nearly all orphan sites in British Columbia.
35. By focusing primarily on these sites, the BCER encourages companies to expedite closure work on sites that have reached the end of their productive potential.
36. Erikson's dormant, inactive and marginal liability is currently \$54,400,000. Reviews of its financial information under the PCA program identified it as high risk. This resulted in corrective action to reduce liabilities and Erikson's failure to sufficiently reduce those liabilities resulted in the security orders made against it.
37. Erikson has refused, neglected or failed to provide the required security in accordance with both the September 2022 Security Order and the July 2024 Security Order. Its non-compliance with the PCA program is a risk to the overall public and environmental landscape.

Erikson's Failure to Pay Levies

38. Along with Erikson's non-compliance with the BCER orders, Erikson has failed to pay certain levies required under the ownership and operatorship of its assets.
39. Erikson has failed to pay the following levies:
 - (a) The Orphan Site Restoration Levy for fiscal 2024/2025 in the amount of \$339,730.48;
 - (b) The Pipeline Levy for fiscal 2023/2024 in the amount of \$47,824.14; and
 - (c) The Production Levy in the amount of \$1,647.86.
40. Erikson has demonstrated an unwillingness or an inability to pay its required levies.

Attempts to Sell its Property and Shares

41. Since early 2023, Erikson has been marketing the Properties for sale and investment. In this regard it had engaged Sayer Energy Advisors, which specializes in marketing and selling assets in the Canadian oil and gas industry. Information on Erikson's publicly available divestiture opportunities can be found on Sayer Energy Advisor's website at: <https://www.sayeradvisors.com/view/93/erikson-national-energy-inc>.
42. Despite its efforts, Erikson has been unable to find a purchaser or other investor in its business.
43. Erikson and Kingscrest Acquisition Corp. ("**Kingscrest**") have been in negotiations, and related discussions with the BCER, regarding a potential deal that could see a significant portion of Erikson's assets that are of concern to the BCER retained by Erikson under new ownership by Kingscrest (the "**Transaction**"). However, despite weeks of efforts those parties have been unable to reach agreement, and it appears they will not.
44. Erikson and Kingscrest have been unable to finalize certain terms of the Transaction. Erikson and Kingscrest continue negotiations in respect of the Transaction but it appears the parties may not be able to close the Transaction before the winter, when the Properties need to be taken over by a responsible operator.
45. The BCER has been advised by Erikson that as of May 2024 all assets of Erikson have been shut-in and are no longer producing.
46. Kingscrest has agreed to fully fund the receivership proceedings to complete the Transaction.

Demand for Compliance and Payment of Security Orders

47. On or about September 24, 2024, the BCER, through its legal counsel Miller Thomson LLP, sent a demand for compliance with all the outstanding orders issued by the BCER (the "**Demand**"). A copy of the Demand is attached as **Exhibit "Q"**.
48. On September 25, 2024, counsel to Erikson responded advising that it wanted to find a reasonable resolution for the Transaction with Kingscrest. A copy of the reply is attached as **Exhibit "R"**.

NOI Proceedings

49. Since sending its reply to the Demand, counsel to Erikson advised that it has or will file a notice of intention pursuant to section 50.4(1) of the *Bankruptcy and Insolvency Act*, RSC 1985, c B-3.
50. I am advised by my counsel James Reid of Miller Thomson LLP and verily believe that notwithstanding a filing, the BCER is entitled to bring the Application.
51. The BCER may be required to pay costs of decommissioning, remediation, reclamation and ongoing legal costs to preserve and protect the Properties, the Site and the assets of Erikson.
52. The BCER brings the Application in the interests of the overall public good and pursuant to its responsibilities in overseeing energy resource activities and operations in British Columbia.

THE APPOINTMENT OF A RECEIVER IS NECESSARY AND APPROPRIATE

53. The BCER has lost confidence in Erikson to appropriately and competently respond to its outstanding statutory and environmental obligations. The BCER bases its loss of confidence on, among other things:
 - (a) Erikson's failure to comply with orders issued by the BCER under the ERAA.
 - (b) Erikson's failure to pay industry levies.
 - (c) Erikson's failure to provide evidence of sufficient cash resources necessary for the maintenance, cleanup, decommissioning, and remediation of its dormant sites. Additionally, Erikson's inability to cover security costs further highlights its lack of financial capacity.
 - (d) Erikson has been unsuccessful in its attempts to sell its assets.
 - (e) Erikson's failures to take sufficient and urgent steps in order to limit the damage to the environment, whether due to a lack of technical understanding or appreciation of what is required, or due to a lack of available resources.

54. Accordingly, the BCER is seeking the appointment of a receiver and manager over Erikson's property, in order to ensure public safety, environmental protection, and conservation of energy resources.
55. Based on my knowledge of Erikson's business and their current circumstances, it is my belief that it is just, equitable, and convenient that a receiver be appointed for the following reasons:
- (a) There are significant environmental and health and safety risks as a result of Erikson's lack of compliance with BCER orders.
 - (b) The BCER has lost confidence in management of Erikson to comply with its statutory and regulatory obligations.
 - (c) Failure by Erikson to promptly and thoroughly continue to maintain, clean up, decommission, and remediate its dormant sites.
 - (d) As the cold weather season and freezing temperatures approach, certain assets that require protection, preservation and winterization need a receiver to manage and ensure they are protected and do not create any further environmental risks. A receiver will be able to protect and preserve these assets.
 - (e) A receivership will be a benefit to stakeholders. The proposed path will allow for critical environmental preservation.
 - (f) A receiver can finalize and close the Transaction for the benefit of stakeholders.
 - (g) A receiver will report to the Court and stakeholders to ensure transparency and orderliness.

56. I make this Affidavit in support of the Application to appoint a receiver and manager of all of the assets, undertakings and properties of Erikson.

Instructions for Garnishee

These instructions will help you to comply with the Garnishee Summons. They are taken from the following pieces of legislation:

Civil Enforcement Act, RSA 2000 cC-15
Civil Enforcement Regulation (AR 276/95)

Make cheques payable to the **Government of Alberta** and send, along with the required documents, to:

KB Accounting Calgary Courts Centre Suite 603N, 601-5 St. SW Calgary, AB T2P 5P7 Phone: 403-297-2209 Fax: 403-297-4984

Future payments to the court clerk under this Garnishee Summons should be accompanied by a copy of the first page of this Garnishee Summons and an accounting.

**Garnishee
summons**

Within 15 days of being served with the garnishee summons in triplicate with a \$25 compensation fee, you must do the following:

**(which does
not attach
employment
earnings)**

1. Serve a copy of the garnishee summons on the debtor (personally or by ordinary mail).
2. Deliver to the court clerk a garnishee's response. See below for what this must contain.
3. Pay to the court clerk the lesser of
 - (a) the amount indicated on the first page of the garnishee summons, or
 - (b) the amount payable by you to the debtor according to your obligation to the debtor,

minus \$10 as a garnishee compensation. Where the garnishee summons seeks to affect a joint entitlement, you must pay to the court clerk, unless a court orders otherwise, an amount equal to the total amount of the fund divided equally amongst all the people with the joint entitlement. A garnishee summons that seeks to attach a joint deposit account only attaches a current obligation as defined in the *Civil Enforcement Act*.

Garnishee summons

**(which does not attach employment earnings)
continued**

The garnishee's response must contain as much of the following as is applicable:

1. (a) a Certificate of Service on the Debtor (found within this document) stating that you have delivered a copy of the garnishee summons to the debtor, or
(b) a statement setting out why you could not serve the garnishee summons on the debtor.

NOTE: Send the original certificate of service to the court clerk.

2. The amount that you owe under your obligation to the debtor.
3. The amount that you are paying to the court clerk.
4. If you don't think that you have an obligation to pay the debtor that can be affected by the garnishee summons, please explain why.
5. If you believe that the obligation that the garnishee summons is trying to affect is (or may be) owed to someone other than the debtor, give the reasons for your belief and the name and address of that other person.
6. If you have already received another garnishee summons regarding the same obligation and that garnishee summons is still in effect, let the court clerk's office know in writing and give the court file number of the other garnishee summons. The court file number is on the front page of the garnishee summons.
7. Where the garnishee summons seeks to affect a joint entitlement, the garnishee's response must contain the name of each person who has the joint obligation with the debtor and either
 - (a) the address of each person who has the joint obligation with the debtor, or
 - (b) a completed certificate of service (found within this document) stating that you have served a copy of this garnishee summons on each person who has the joint obligation with the debtor.

NOTE: If it is a joint account, it is a one-time obligation.

8. Where the garnishee summons has attached a future obligation, that is, there is an amount that you must pay the debtor in the future, the garnishee's response must contain the following, if known:
 - (a) the date or dates on which the future obligation, or any part of it, is expected to become payable;
 - (b) the amount expected to be payable on each date set out above;
 - (c) any conditions that must be met before the future obligation will become payable.

When the future obligation becomes payable, the garnishee's response must set out

- (a) the amount that is now payable, and
- (b) the amount that you are paying to the court clerk.

Garnishee summons

Within 15 days of being served with the garnishee summons in triplicate with a \$25 compensation fee, you must do the following:

(which attaches employment earnings)

1. Serve a copy of the garnishee summons on the debtor (personally or by ordinary mail).
2. Deliver to the court clerk a garnishee's response. See below for what this must contain.
3. Within 5 days after the end of the debtor's last pay period for months affected by the garnishee summons, pay to the court clerk the debtor's net pay less
 - (a) the debtor's employment earnings exemption (see employment earnings exemptions listed below), and
 - (b) \$10 as a garnishee compensation.

Net pay means the debtor's total earnings minus any amounts you are required to deduct for income tax, Canada Pension Plan contributions and employment insurance premiums. Any other deductions are taken from the debtor's exemption.

The garnishee's response must contain as much of the following as applicable:

1. Whether or not you employ the debtor.
2. How often you pay the debtor.
3. Either
 - (a) a certificate of service on the debtor (found within this document) stating that you have delivered a copy of the garnishee summons to the debtor, or
 - (b) a statement setting out why you could not serve the garnishee summons on the debtor.

NOTE: Send the original certificate of service to the court clerk.

4. If you have already received another garnishee summons against the debtor's employment earnings and that garnishee summons is still in effect, let the court clerk's office know in writing and give the court file number of the other garnishee summons. The court file number is on the front page of the garnishee summons.

At the end of the debtor's last pay period for each month during which the garnishee summons is in effect, you must deliver to the court clerk a written statement setting out:

1. The debtor's total employment earnings for the pay periods that ended during the month.
2. The amounts deducted from the total earnings to calculate the debtor's net pay for the month.
3. The number of the debtor's dependants.

**Employment
earning
exemptions**

Calculate the debtor's monthly employment earnings exemptions by adding together

- (a) the debtor's minimum exemption, and
- (b) half the amount by which the debtor's net pay exceeds this minimum exemption.

For a debtor with no dependants, the minimum employment earnings exemption is \$800 and the maximum is \$2400. The minimum and maximum employment earnings exemptions increase by \$200 for each dependant.

A dependant is:

- 1. A person identified as a dependant by Court order.
- 2. The spouse or adult interdependent partner of the debtor.
- 3. Any child of the debtor under 18 years of age who lives with the debtor.
- 4. Any relative of the debtor (or of the debtor's spouse/adult interdependent partner) who lives with the debtor and, because of mental or physical infirmity, depends financially on the debtor.

You are entitled to rely on, and act in accordance with, the debtor's written statement of the number of dependants he or she has.

A worksheet has been created to help you calculate the debtor's employment earnings exemption. This worksheet can be found on the Alberta Courts website at:
<https://albertacourts.ca/docs/default-source/qb/garnishee-worksheet.pdf>

When employment earnings are garnished for alimony or maintenance, employment exemptions under the *Maintenance Enforcement Act* apply. Refer to the *Maintenance Enforcement Regulation* (AR 2/86) for more information.

If you pay the debtor's salary/wage more often than monthly, you can pay the court clerk at the end of each pay period instead of at the end of each month. In this case, calculate the minimum and maximum employment exemptions for each pay period as follows:

- 1. Multiply the monthly exemption by the number of days in the pay period.
- 2. Divide this number by 30.

At the end of the debtor's last pay period for each month during which the garnishee summons is in effect, you must deliver to the court clerk a written statement setting out:

2. The amounts deducted from the total earnings to calculate the debtor's net pay for the month.
3. The number of the debtor's dependants.

**Employment
earning
exemptions**

Calculate the debtor's monthly employment earnings exemptions by adding together

- (a) the debtor's minimum exemption, and
- (b) half the amount by which the debtor's net pay exceeds this minimum exemption.

For a debtor with no dependants, the minimum employment earnings exemption is \$800 and the maximum is \$2400. The minimum and maximum employment earnings exemptions increase by \$200 for each dependant.

A dependant is:

1. A person identified as a dependant by Court order.
2. The spouse or adult interdependent partner of the debtor.
3. Any child of the debtor under 18 years of age who lives with the debtor.
4. Any relative of the debtor (or of the debtor's spouse/adult interdependent partner) who lives with the debtor and, because of mental or physical infirmity, depends financially on the debtor.

You are entitled to rely on, and act in accordance with, the debtor's written statement of the number of dependants he or she has.

A worksheet has been created to help you calculate the debtor's employment earnings exemption. This worksheet can be found on the Alberta Courts website at:
<https://albertacourts.ca/docs/default-source/qb/garnishee-worksheet.pdf>

When employment earnings are garnished for alimony or maintenance, employment exemptions under the *Maintenance Enforcement Act* apply. Refer to the *Maintenance Enforcement Regulation* (AR 2/86) for more information.

If you pay the debtor's salary/wage more often than monthly, you can pay the court clerk at the end of each pay period instead of at the end of each month. In this case, calculate the minimum and maximum employment exemptions for each pay period as follows:

1. Multiply the monthly exemption by the number of days in the pay period.
2. Divide this number by 30.

Dated this 31 day of July 2019
for Clerk of the Court

DATE ON WHICH ORDER WAS PRONOUNCED: July 29, 2019

LOCATION WHERE ORDER WAS PRONOUNCED: Calgary, Alberta

NAME OF JUSTICE WHO MADE THIS ORDER: The Honourable Justice K. Horner

UPON THE APPLICATION (the “**Application**”) by Ernst and Young Inc. (“**EY**”) in its capacity as the Court-appointed receiver and manager (the “**Receiver**”) of the undertakings, property and assets of, among others, Ranch Energy Corporation (the “**Debtor**”) for an order approving the sale transaction (the “**Transaction**”) contemplated by an agreement of purchase and sale (the “**Sale Agreement**”) between the Receiver and Trinitaine Energy Inc. (the “**Purchaser**”) dated July 2, 2019 and appended to the Tenth Report of the Receiver dated July 19, 2019 (the “**Report**”), and vesting in the Purchaser the Debtor’s right, title and interest in and to the assets described in the Sale Agreement (the “**Purchased Assets**”);

AND UPON HAVING READ the Receivership Order dated July 19, 2018, as amended on August 7, 2018 (the “**Receivership Order**”), the Application appending the Service List and order sought, the Report, the Confidential Supplement to the Tenth Report of the Receiver dated July 19, 2019, the Brief of Law of the Receiver dated July 19, 2019, the Supplemental to the Tenth Report of the Receiver dated July 29, 2019 and the Affidavit of Service dated July 29, 2019;

AND UPON NOTING that the British Columbia Oil and Gas Commission’s (the “**BCOGC**”) position respecting the Application and this Order is the result of a negotiated arrangement which the BCOGC determined was appropriate in these particular and unique circumstances;

AND UPON HEARING the submissions of counsel for the Receiver, the Purchaser, and any other person on the service list in attendance at the hearing;

AND UPON BEING ADVISED that the Service List includes the working interest partners (“**WIPS**”) and the non-operating working interest partners (“**NOWIPS**”) associated with the Purchased Assets;

IT IS HEREBY ORDERED AND DECLARED THAT:

SERVICE

1. Service of notice of this Application and supporting materials is hereby declared to be good and sufficient, no other person is required to have been served with notice of this application and time for service of this application is abridged to that actually given.

APPROVAL OF TRANSACTION

2. The Transaction is hereby approved and execution of the Sale Agreement by the Receiver is hereby authorized and approved, with such minor amendments as the Receiver may deem necessary. The Receiver is hereby authorized and directed to take such additional steps and execute such additional documents as may be necessary or desirable for completion of the Transaction and conveyance of the Debtor’s right, title and interest in and to the Purchased Assets to the Purchaser.
3. Having been served with notice of the Application, to the extent the WIPS and NOWIPS have consent rights associated with the transfer of any of the Purchased Assets, the WIPS and NOWIPS are deemed to have consented to the Transaction.

4. Nothing in this Approval and Vesting Order or otherwise related to the Transaction, including but not limited to, the granting of consent by Canadian Natural Resources Limited and Canada Natural Resources, a General Partnership by its Managing Partner, Canadian Natural Resources Limited (together, "**Canadian Natural**") to same, shall act in any manner as a waiver of, or in any way be prejudicial to, Canadian Natural's claim against Predator Oil BC Ltd., Fireweed Energy Ltd. or Highwood Oil Company Ltd. in Alberta Court of Queen's Bench Action No. 1801-09601 (the "**Claim**") or constitute a granting of consent by Canadian Natural to the assignment of the Purported Assigned Interests (as that term is defined in the Claim) as between Ranch Energy Corporation, Predator Oil BC Ltd., Fireweed Energy Ltd. or Highwood Oil Company Ltd., as applicable.
5. Pursuant to the Transaction, the Purchaser shall be assuming and, after closing the Transaction, responsible for satisfying all amounts constituting Post-Closing Payments (as such term is defined in the Sale Agreement) arising on or after the date of the Receivership Order. This Sale Approval and Vesting Order shall be without prejudice to the position of any claimant or the Purchaser regarding the validity and enforceability of any claim asserted as a Post-Closing Payment and whether such claim constitutes a Post-Closing Payment. Any disputes between a claimant and the Purchaser with respect to the validity and enforceability of a claim for any Post-Closing Payment shall be determined either by agreement of the claimant and the Purchaser or by Court order upon application by either the claimant or the Purchaser. For clarity, any application as aforesaid shall be made after closing the Transaction, on notice to the Receiver, although the Receiver's participation in such application or any settlement reached in respect thereof as between the claimant and the Purchaser, is not necessary.

PERMIT TRANSFERS BY PREDATOR OIL BC LTD.

6. Predator Oil B.C. Ltd. ("**Predator BC**") shall duly execute any documentation presented to it by the Receiver that is necessary, in the Receiver's sole discretion, to initiate the transfer application to the BCOGC with respect to those permits, leases and approvals associated with the Purchased Assets and regulated by the BCOGC (the "**PSA Permits**"), and shall further be obligated to take any other reasonable administrative steps or execute any further documentation reasonably necessary to complete the BCOGC transfer application with respect to the PSA Permits, and transfer the PSA Permits to the Purchaser pursuant to the BCOGC's regulatory, including permit transfer approval, process.

VESTING OF PROPERTY

7. Subject only to approval by the BCOGC of the transfer of any applicable licenses, permits and approvals pursuant to section 29 of the *Oil and Gas Activities Act* (British Columbia) and approval by a Government Authority (as defined below) of the transfer of any applicable agreement, license, permit, approval, certificate, lease or other instrument or authorization, upon delivery of a Receiver's certificate to the Purchaser substantially in the form set out in **Schedule "A"** hereto (the "**Receiver's Closing Certificate**"), all of the Debtor's right, title and interest in and to the Purchased Assets listed in the Sale Agreement shall vest absolutely in the name of the Purchaser, free and clear of and from any and all caveats, security interests, hypothecs, pledges, mortgages, liens, trusts or deemed trusts, reservations of ownership, royalties, options, rights of pre-emption, privileges, interests, assignments, actions, judgements, executions, levies, taxes, writs of enforcement, charges, or other claims, whether contractual, statutory, financial, monetary or otherwise, whether or not they have attached or been perfected, registered or filed and whether secured, unsecured or otherwise (collectively, "**Claims**") including, without limiting the generality of the foregoing:
- (a) any encumbrances or charges created by the Receivership Order;
 - (b) any charges, security interests or claims evidenced by registrations pursuant to the *Personal Property Security Act* (Alberta) or any other personal property registry system; and
 - (c) any liens or claims of lien under the *Builders' Lien Act* (Alberta)
- and for greater certainty, this Court orders that all Claims affecting or relating to the Purchased Assets, other than those permitted encumbrances, caveats, interests, easements and restrictive covenants listed in **Schedule "B"** (collectively, "**Permitted Encumbrances**") which shall remain registered, are hereby expunged, discharged and terminated as against the Purchased Assets
8. Upon delivery of the Receiver's Closing Certificate, and upon filing of a certified copy of this Order, together with any applicable registration fees, all governmental authorities including those referred to below in this paragraph (collectively, "**Governmental Authorities**") are hereby authorized, requested and directed to accept delivery of such Receiver's Closing Certificate and certified copy of this Order as though they were originals and to register such transfers, interest authorizations, discharges and discharge statements of conveyance as may be required to convey

to the Purchaser or its nominee clear title to the Purchased Assets subject only to Permitted Encumbrances. Without limiting the foregoing:

- (a) the Registrar of British Columbia Land Titles (“**Land Titles Registrar**”) for the lands defined below shall and is hereby authorized, requested and directed to forthwith:
 - (i) cancel existing Certificates of Title as summarized in **Schedule “C”** (the “**Lands**”)
 - (ii) issue a new Certificate of Title for the Lands in the name of the Purchaser, namely, Trinitaine Energy Inc.;
 - (iii) discharge and expunge any Claims, excluding Permitted Encumbrances, including those which may be registered after the date of the Sale Agreement against the existing Certificate of Title to the Lands;

- (b) The British Columbia Ministry of Energy, Mines and Petroleum Resources (“**Energy Ministry**”) shall and is hereby authorized, requested and directed to forthwith:
 - (i) cancel and discharge those Claims including builders’ liens, security notices, assignments under section 426 (formerly section 177) of the *Bank Act* (Canada) and other Encumbrances (but excluding Permitted Encumbrances) registered (whether before or after the date of this Order) against the estate or interest of the Debtor in and to any of the Purchased Assets located in the Province of British Columbia; and
 - (ii) transfer all Crown leases listed in **Schedule “D”** to this Order held by the Debtor or on behalf of the Debtor by Predator BC, to the Purchaser (or its nominee) free and clear of all Claims including Encumbrances but excluding Permitted Encumbrances;

- (c) the Registrar of the British Columbia Personal Property Registry shall and is hereby directed to forthwith cancel and discharge any registrations at the British Columbia Personal Property Registry (whether made before or after the date of this Order) claiming security interests (other than Permitted Encumbrances) in the estate or interest of the Debtor in any of the Purchased Assets which are of a kind prescribed by applicable regulations as serial-number goods.

- (d) the Registrar of the Alberta Personal Property Registry shall and is hereby directed to forthwith cancel and discharge any registrations at the Alberta Personal Property Registry (whether made before or after the date of this Order) claiming security interests (other than Permitted Encumbrances) in the estate or interest of the Debtor in any of the Purchased Assets which are of a kind prescribed by applicable regulations as serial-number goods.
9. In order to effect the transfers and discharges described above, this Court directs each of the Governmental Authorities to take such steps as are necessary to give effect to the terms of this Order and the Sale Agreement. Presentment of this Order and the Receiver's Closing Certificate shall be the sole and sufficient authority for the Governmental Authorities to make and register transfers of title or interest and cancel and discharge registrations against any of the Purchased Assets of any Claims including Encumbrances but excluding Permitted Encumbrances.
10. No authorization, approval or other action by and no notice to or filing with any Governmental Authority or regulatory body exercising jurisdiction over the Purchased Assets is required for the due execution, delivery and performance by the Receiver of the Sale Agreement, other than any required approval by the BCOGC or other Governmental Authority with statutory discretion over transfers and referenced in paragraph 8 above.
11. Upon delivery of the Receiver's Closing Certificate together with a certified copy of this Order, this Order shall be immediately registered by the Land Titles Registrar notwithstanding that the appeal period in respect of this Order has not elapsed. The Land Titles Registrar is hereby directed to accept all Affidavits of Corporate Signing Authority submitted by the Receiver in its capacity as Receiver of the Debtor and not in its personal capacity.
12. For the purposes of determining the nature and priority of Claims, net proceeds from sale of the Purchased Assets (to be held in an interest bearing trust account by the Receiver) shall stand in the place and stead of the Purchased Assets from and after delivery of the Receiver's Closing Certificate and all Claims including Encumbrances (but excluding Permitted Encumbrances) shall not attach to, encumber or otherwise form a charge, security interest, lien, or other Claim against the Purchased Assets and may be asserted against the net proceeds from sale of the Purchased Assets with the same priority as they had with respect to the Purchased Assets immediately prior to the sale, as if the Purchased Assets had not been sold and remained in the possession or control of the person having that possession or control immediately prior to the sale. Unless otherwise ordered (whether before or after the date of this Order), the Receiver shall not make any

distributions to creditors of net proceeds from sale of the Purchased Assets without further order of this Court, provided however the Receiver may apply any part of such net proceeds to repay any amounts the Receiver has borrowed for which it has issued a Receiver's Certificate pursuant to the Receivership Order.

13. Except as expressly provided for in the Sale Agreement or by section 5 of the Alberta *Employment Standards Code* and section 97 of the British Columbia *Employment Standards Act*, the Purchaser (or its nominee) shall not, by completion of the Transaction, have liability of any kind whatsoever in respect of any Claims against the Debtor.
14. Upon completion of the Transaction, the Debtor and all persons who claim by, through or under the Debtor in respect of the Purchased Assets, and all persons or entities having any Claims of any kind whatsoever in respect of the Purchased Assets, save and except for persons entitled to the benefit of the Permitted Encumbrances, shall stand absolutely and forever barred, estopped and foreclosed from and permanently enjoined from pursuing, asserting or claiming any and all right, title, estate, interest, royalty, rental, equity of redemption or other Claim whatsoever in respect of or to the Purchased Assets, and to the extent that any such persons or entities remain in the possession or control of any of the Purchased Assets, or any artifacts, certificates, instruments or other indicia of title representing or evidencing any right, title, estate, or interest in and to the Purchased Assets, they shall forthwith deliver possession thereof to the Purchaser (or its nominee).
15. The Purchaser (or its nominee) shall be entitled to enter into and upon, hold and enjoy the Purchased Assets for its own use and benefit without any interference of or by the Debtor, or any person claiming by, through or against the Debtor.
16. Immediately upon closing of the Transaction, holders of Permitted Encumbrances shall have no claim whatsoever against the Receiver.
17. The Receiver is directed to file with the Court a copy of the Receiver's Closing Certificate forthwith after delivery thereof to the Purchaser (or its nominee).

Subject: Canadian Natural re Erikson - BC Crown Leases

Patrick,

I am writing further to my voicemail to you last Thursday, to which I have received no response. Please give me a call to discuss next steps in this matter at your earliest convenience.

In the meantime, we note that Erikson continues not to pay a variety of BC Crown leases. Accordingly, we anticipate that Canadian Natural will need to take steps to preserve the leases (including by paying any arrears and associated penalty fees). Canadian Natural reserves all rights to seek reimbursement for same from Erikson.

To do so, Canadian Natural will require Erikson to allow CNRL to take over the Payor status so that CNRL can make the payments to preserve the leases. A list of the specific leases is below. Erikson can contact the following individuals at the BC Crown’s office in order to get this done:

Courtney Webster, Manager, Revenue Collection Reconciliation and Reporting Rentals & All ePayments related issues.

OR

Shannon Nichols, Senior Tenure Management Advisor New titles & Continuation applications, Notices of Reduced Continuation Eligibility, etc.

Email: Shannon.Nichols@gov.bc.ca

Phone: 236-478-1361

We look forward to hearing from you, and to your confirmation that Erikson has taken the above steps.

Subject: RE: APPLICATION TO RE-INSTATE - COURERED - RE: Cancelled BC Leases with CNRL Producing Wells - Erikson National Energy Inc. Default

Hi Betty and Nick,

I have brought your letter to our executive to review.

They have permitted the reinstatement of titles PNG **67382, 67383, 67395 and 67397**. However, for the other titles which Canadian Natural Resources did not hold ownership rights, we are unable to reinstate these titles into CNRL's name. If you wish to obtain these titles, our recommendation is to reach out to Erikson's team, or their representatives, to seek a transfer agreement to transfer these titles to CNRL's name. We would then consider a reinstatement application for these titles.

As the rental amounts have changed due to the ineligibility of some of the titles contained in your request, I will return the cheques sent to us. In their place, please submit a new cheque in the amount of \$24,535.00. The breakdown of this payment is below:

Title	Paid To Date	Owed Rentals	Reinstatement Fee	Lease Issuance Fee	Total
67382	July 22, 2023	\$3,915.00	\$500.00	\$500.00	\$4,915.00
67383	October 25, 2023	\$7,807.50	\$500.00	\$500.00	\$8,807.50
67395	May 13, 2023	\$7,830.00	\$500.00	\$500.00	\$8,830.00
67397	November 17, 2023	\$982.50	\$500.00	\$500.00	\$1,982.50
					\$24,535.00

Once this payment is received, I will complete the reinstatement process for these titles and mail out confirmation.

On a related note, it has been brought to our attention by the Royalties team that there are some of CNRL's wells have been producing while their title has been cancelled. If you have not already, please immediately cease operations on these wells until their associated titles have been brought back into good standing. These titles are as follows:

Hi Nick and Betty,

The late payment fees are only applicable in cases where the title is paid within 60 days. The reinstatement fee takes its place in this case, so no need to include late fees.

Please do include any back rent that is owed on these titles, as this will need to be collected prior to the title being reinstated. If you would like some assistance calculating these amounts, please let me know.

We will prepare the reinstatement requests immediately and submit as soon as possible with all the applicable payments as you indicate.

With respect to the fees, do they include the 3% late payment fee already or shall we make this payment in addition the fees referenced below? We just want to ensure we are not missing anything.

We really appreciate your help with this.

Hi Nick,

Please submit your reinstatement request on company letterhead along with a cheque for the payment and fees, and I can bring to our executive to discuss.

The criteria for a reinstatement is as follows:

The Minister has limited discretion to reinstate a lease that expired due to non-payment of rent. The following criteria must be met, though meeting the criteria does not guarantee reinstatement:

- The non-payment was inadvertent or due to non-financial circumstances beyond the control of the former lessee;
- No portion of the expired lease has been sold at a Crown disposition subsequent to the expiry of the lease; and
- The former lessee submits a written application to the director for reinstatement, accompanied by the reinstatement fee of \$500 and the issuance fee of \$500 (totaling \$1,000 plus annual rent).
- The reinstatement fee, issuance fee and rent must be paid manually and cannot be paid electronically through ePayments.

Please let me know if you have any questions.

Hi Shannon,

Further to my voice message today, it has come to our attention that a number of lease agreements in which Erikson National Energy Inc. is Addressee for Service have been cancelled by the Ministry due to unpaid rent.

Canadian Natural Resources limited (CNRL) is partnered with Erikson in each of these cancelled lease agreements and both companies hold working interests in active producing wells all licensed to CNRL (please see the table below). CNRL has a partial registered interest in some of the cancelled leases as shown below, but not all of the leases. In all cases, however, CNRL has a working interest in the mineral rights.

While CNRL is operator of the wells, we have not yet shut in any production pending further discussions with yourself. Our preference is to work with you and the Ministry in an effort to have these cancelled leases reinstated with CNRL as Addressee for Service as soon as possible to avoid any disruption in production. CNRL would be willing to pay all outstanding rent, plus interest, immediately. We will, however, promptly shut in production as required if that is your advice.

We appreciate your assistance in reinstatement of these leases, if possible, and any further direction you can provide.

I look forward to hearing from you at your earliest convenience.

Thank you,
Nick

Canadian Natural Resources Limited (CNRL) is making application to re-instate the P&NG Lease Agreements listed in the below table, that have been cancelled by the Ministry due to Non-Payment of rentals by Erikson National Energy Inc. (Erikson), as successor to Ranch Energy Corporation. CNRL has a registered interest in 4 of the cancelled agreements and has a contractual partnership with Erikson in the remaining 3 cancelled agreements.

CNRL respectfully requests that the agreements be re-instated for the following reasons:

- All active producing wells are licensed to CNRL
- CNRL was not informed by Erikson, as Payor, of their intentions to withhold payment of rentals
- No formal notification of the impending cancellations was received by CNRL in advance, removing the opportunity for CNRL to remit payment on behalf of Erikson prior to cancellation
- To the best of CNRL's knowledge, no portion of the cancelled/expired leases listed here have been sold at a Crown disposition subsequent to the expiry of these leases.

In addition to re-instatement, CNRL is respectfully requesting that the Ministry assign the payor in BC ePayments to CNRL on all agreements in order to maintain payments and administration of the agreements going forward.

Third Eye Capital exits loan in Pieridae Energy with significant returns; retains stock and senior loan at parent company

TORONTO, June 15, 2023 /CNW/

Third Eye Capital Corporation (“Third Eye Capital”), Canada’s leading provider of asset-based financing solutions to companies that are underserved or overlooked by traditional sources of capital, confirmed today that it has substantially exited its investment in Pieridae Energy Limited. (TSX: PEA). Through Erikson National Energy (“Erikson”), a special purpose entity, Third Eye Capital made a net loan of \$200 Million to a subsidiary of Pieridae Energy in October 2019, which was repaid primarily through financing from Prudential Private Capital and Voya Investment Management. Through to today, Erikson has received over \$370 Million in cash payments comprising principal, interest, and fees. Erickson will retain a \$20 Million short-term, senior secured loan at Pieridae Energy,, and currently owns an approximately 15% stake in the common stock of Pieridae Energy.

Mark Horrox, Principal at Third Eye Capital commented: “We backed Pieridae Energy to complete a transformational acquisition at a time when capital allocation to Canadian oil and natural gas businesses was scarce. Our analysis proved correct and Pieridae has successfully positioned itself as an environmentally conscious market leader in Alberta’s Foothills region, delivering substantial benefits to our investors. We are excited to continue our support for Pieridae’s growth journey.”

Arif Bhalwani, CEO at Third Eye Capital highlighted his firm’s investment approach: “This is another example of how Third Eye Capital can unlock value for asset-rich companies, even when their assets are out of favour or too complex for mainstream lenders. At a time when uncertainty reigns, we can provide critical financing and strategic guidance to help companies solve problems.”

About Third Eye Capital

Founded in 2005, Third Eye Capital is Canada's leading provider of asset-based financing solutions to companies that are underserved or overlooked by traditional sources of capital. With a proven track record of nearly \$5 billion in lending commitments across more than 125 portfolio investments, Third Eye Capital is one of the most experienced private debt firms in Canada. From navigating through periods of extreme distress to embracing moments of extraordinary change, Third Eye Capital excels at executing opportunities that other lenders simply cannot or will not pursue. Third Eye Capital actively engages with a company's key assets to bridge the gap between their perceived value and actual worth, and provides access to capital and expertise that enables portfolio companies to flourish.

Pieridae Announces Issuance of Warrants

Announcement is a Vote of Confidence in the Company

CALGARY, ALBERTA – April 8, 2021 - Pieridae Energy Limited (“Pieridae” or the “Company”) (PEA.TO) announced today it has granted 5,000,000 common share purchase warrants (“Warrants”) to Erikson National Energy Inc. (“Erikson”). Each Warrant shall be exercisable to purchase one fully paid and non-assessable common share in the capital of Pieridae at an exercise price equal to CAD\$0.70 per common share. The expiration date of the Warrants is March 31, 2026. As part of the Credit Agreement Pieridae entered into with Third Eye Capital Corporation (“TEC”) on October 16, 2019 where the Company secured a loan facility of \$206.0 million, Pieridae is subject to a series of covenants. One of those covenants is maintaining a minimum market capitalization threshold of \$200 million commencing June 30, 2021. In consideration of the issuance of these Warrants, this covenant has now been removed.

“We are very pleased that our primary lender TEC through its portfolio company Erikson continues to show strong support for Pieridae,” said Pieridae’s Chief Financial Officer Rob Dargewicz. “This agreement demonstrates TEC’s commitment to our company and is a tangible vote of confidence in what we are focused on achieving as the largest Foothills producer in North America and the developer of the multi-billion-dollar Goldboro LNG Project off Canada’s East Coast.”

Prior to the grant of the Warrants, Erikson controlled 23,255,813 shares in Pieridae, representing approximately 14.8% of the issued and outstanding shares of the Company. As a result of the grant, Erikson owns 23,255,813 shares and 5,000,000 Warrants.

About Pieridae:

Founded in 2011, Pieridae, a majority Canadian owned corporation based in Calgary, is focused on the development of integrated energy-related activities, from the exploration and extraction of natural gas to the development, construction and operation of the Goldboro LNG facility and the production of LNG for sale to Europe and other markets. Pieridae is on the leading edge of the re-integration of the LNG value chain in North America. After completion of all the transactions disclosed in this news release, Pieridae has 157,641,871 common shares issued and outstanding which trade on the TSX (“PEA.TO”).

Pieridae Announces Sale of Goldboro, Equity Financing, Full Repayment of Bridge Loan & Production Shut-In

Completes strategic pivot to a focused E&P and Midstream company while reducing both debt and cost of capital

July 25 2024

NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR DISSEMINATION IN UNITED STATES

PIERIDAE ANNOUNCES SALE OF GOLDBORO, EQUITY FINANCING, FULL REPAYMENT OF BRIDGE LOAN & PRODUCTION SHUT-IN

Completes strategic pivot to a focused E&P and Midstream company while reducing both debt and cost of capital

CALGARY, ALBERTA – July 25, 2024 - Pieridae Energy Limited (“Pieridae” or the “Company”) (TSX: PEA) is pleased to announce it has completed the sale of its Goldboro assets (the “Goldboro Sale”) and has issued notice to repay in full the Company’s subordinated secured bridge loan (the “Bridge Loan”). The balance of the Bridge Loan repayment in excess of the Goldboro Sale proceeds will be funded by the Company’s existing liquidity. Pieridae is also pleased to announce it has agreed to a private placement of common shares with Alberta Investment Management Corporation (“AIMCo”), an existing Pieridae shareholder (the “Private Placement”), the proceeds of which will be used to repay a portion of the Company’s existing credit facilities. Also, in response to sustained low natural gas prices, Pieridae is shutting-in approximately 6,250 boe/d of production that flows to a third-party owned and operated facility in the Company’s Central Alberta core area.

Darcy Reding, President & CEO, commented “We are excited to conclude the sale of Goldboro, an important step in concentrating our strategy onto our upstream and midstream businesses. We are also very pleased with the ongoing support of our lenders and of AIMCo, who have each made additional commitments to enable the repayment of the highest cost loan in our capital structure. Pieridae will be stronger financially with a lower risk profile and a clearer investment proposition that benefits our shareholders.”

BRIDGE LOAN REPAYMENT

On July 25, 2024, Pieridae issued a binding repayment notice (the “Repayment Notice”) to TEC pursuant to which the Company has agreed to fully repay the 18% fixed rate, subordinated convertible Bridge Loan which matures December 13, 2024. Pursuant to the Repayment Notice, the Bridge Loan will be settled in cash on or prior to August 24, 2024 in the amount of \$24.0 million, including outstanding principal and accrued interest. Extinguishing the Bridge Loan with cash reduces the Company’s total debt and avoids more significant equity dilution that would otherwise occur in the event of a full conversion of the Bridge Loan to common shares.

GOLDBORO SALE

In November 2023, Pieridae announced its intention to sell its Goldboro assets. On July 25, 2024 Pieridae finalized the Goldboro Sale for cash consideration of \$12.0 million, subject to normal closing adjustments and the release of security by Third Eye Capital Corporation (“TEC”), concurrent with repayment of the Bridge Loan.

The conclusion of the Goldboro Sale is an important step in the Company’s previously announced strategic pivot away from the legacy of an integrated east coast LNG project. Pieridae has now completed the shift to focus on operating and growing the Company’s natural gas, NGL and sulphur production and optimizing its midstream processing facilities in the Foothills region of Alberta.

PRIVATE PLACEMENT

Concurrent with the closing of the sale of the Goldboro assets, Pieridae has entered into a subscription agreement with AIMCo to issue 12,800,000 common shares to AIMCo at a price of \$0.35 per share, for proceeds of \$4.48 million in a non-brokered private placement. Pieridae has 159,111,336 common shares outstanding prior to the Private Placement and will have 171,911,336 common shares outstanding following the Private Placement. Proceeds from the Private Placement will be used to repay a portion of the Company’s existing credit facilities.

The Company has received conditional approval for the Private Placement from the Toronto Stock Exchange (“TSX”) and, pursuant to National Instrument 45-102 - Resale of Securities, the shares issued under the Private Placement are subject to a four month plus one day hold period, commencing on the day of closing which is anticipated to occur on or about the date of repayment of the Bridge Loan.

ADVISORS

Peters & Co. Limited is acting as exclusive financial advisor to Pieridae with respect to the Private Placement. Norton Rose Fulbright Canada LLP is acting as Pieridae’s legal advisor.

PRODUCTION SHUT IN

Pieridae has initiated the shut-in of approximately 6,250 boe/d of uneconomic sour gas production in its Central Alberta core area due to extremely low AECO natural gas prices and high processing costs. The production flows to a third-party processing facility and is expected to be completely shut-in by July 26, 2024. Pieridae continually evaluates the economic performance of its producing assets to optimize net operating income during periods of sustained low commodity prices.

Attention: Mr. Dan Jalbert

Dear Sir:

Re: Failure of Erikson National Energy Inc. (“Erikson”) to deliver Canadian Natural Resources' (“CNR”) gas in kind pursuant to the Buick Creek 11-23-88-19W6M Gas Facilities Gas Handling Agreement, dated February 1, 2011 (the “GHA”)

We are counsel to CNR. We write regarding Erikson’s ongoing failure to permit CNR to take its products in kind under the GHA.

Pursuant to section 602 of the GHA, CNR has the right to take its products in kind, and Erikson has a corresponding obligation to deliver such products to CNR. Section 603(c) of the GHA provides that CNR may commence or resume taking its products in kind at any time by giving the requisite notice to Erikson.

In accordance with sections 602 and 603(c) of the GHA, CNR advised Erikson on November 1, 2022 that it wished to commence taking its products in kind effective immediately. CNR followed up on its request on November 10 and November 23. To date, in breach of the GHA, Erikson has not commenced delivery of CNR’s products in kind.

Erikson’s ongoing failure to deliver CNR’s products to it constitutes a breach of the GHA and a wrongful interference with CNR’s property. CNR hereby demands that Erikson commence delivery of its products in kind immediately in accordance with the GHA. In the event that Erikson fails or refuses to do so, CNR will take the necessary legal action to protect its rights.

Emily Paplawski

Importance: High

Good morning, Emily and Stephanie:

I hope you are both well. Further to my voicemail to Emily a moment ago, I am internal legal counsel at Third Eye Capital Corporation ("TEC") which manages investment funds which control Erikson National Energy ("Erikson").

I understand that your client CNRL has commenced the attached Action against Erikson. Erikson and TEC are reviewing the claim, and at first look, dispute the amounts claimed (among other things). Erikson intends to defend if we are unable to otherwise resolve the dispute.

On behalf of Erikson, we ask that you please take no further steps in the action (including not noting Erikson in default of defence or filing default judgment) without reasonable notice to me.

If you have concerns, or are otherwise unable to grant this request, please let me know immediately.

Regards,

Pat

Facility Agreements

6. CNR and Erikson are parties or successors in interest to the following three facility agreements pursuant to which CNR is the appointed Operator (collectively, the “**Operated Facility Agreements**”):

- (a) Agreement for the Construction, Ownership and Operation of the North Helmet Gas Gathering Facilities effective November 1, 2005 (CNR Agreement No. HEL.F3.5A);
- (b) Agreement for the Construction, Ownership and Operation of the July Lake Gas Gathering Facilities effective January 1, 1993 (CNR Agreement No. JUL.F1.5A); and
- (c) Agreement for the Construction, Ownership and Operation of the July Lake All Season Road effective January 1, 2008 (CNR Agreement No. JUL.R1.5A).

7. The Operated Facility Agreements provide terms for the operation of the assets, and document the terms of ownership, the allocation of capital and operating costs amongst the owners, including the timing for payment of same, and the approval process for the incursion of capital expenses by the Operator.

Service Agreements

8. CNR and Erikson are parties or successors in interest to the following three service agreements pursuant to which CNR is the “service provider” and Erikson is the “service recipient” (collectively, the “**CNR Service Agreements**”):

- (a) Helmet/July Lake Area Contract Wells/Facilities Operating Agreement, dated May 1, 2011 (CNR Agreement No. HEL.17A45);
- (b) Midwinter Gas Handling Agreement, dated April 1, 2012 (CNR Agreement No. MID.F1.17A1); and
- (c) Peggo/Tooga Area Gas Handling Agreement, dated May 1, 2017 (CNR Agreement No. PEG.F14.17A3).

9. Pursuant to the CNR Service Agreements, CNR provides well and facilities contract operating services and gas handling services to Erikson.

Road Use Agreement

10. CNRL and Erikson are parties to a Master Road Use Agreement, dated June 1, 2020 pursuant to which CNRL granted Erikson, its agents, employees, contractors and subcontractors, a non-exclusive right of access over certain permanent roads, winter trails, and undeveloped roads controlled by CNRL in the Province of British Columbia (the "**Road Use Agreement**", and together with the Operated Land Agreements, the Operated Facility Agreements, and the CNR Service Agreements, the "**CNR Operated Agreements**").

Buick Creek Agreement

11. In addition to the CNR Operated Agreements, CNR and Erikson are parties or successors in interest to the Tie-In of Well Agreement, dated October 15, 1993 (CNR Agreement No. 637436) (the "**Tie-In Agreement**") and the Buick Creek 11-23-88-19W6M Gas Facilities Gas Handling Agreement, dated February 1, 2011 (CNR Agreement No. BUI.17A29) (the "**Buick Creek GHA**", and together with the Tie-In Agreement, the "**Buick Creek Agreements**"). Erikson is the Operator under the Tie-In Agreement and the "service provider" under the Buick Creek GHA.

12. Pursuant to the Buick Creek Agreements, Erikson agreed to: (a) handle CNR's production volumes from wells governed by the Tie-In Agreement, (b) transport such volumes through a gathering system, (c) provide compression and dehydration services for the volumes at the facility governed by the Buick Creek GHA, and (d) at CNR's election, either deliver CNR's volumes to it in-kind at the Facility Outlet (as defined in the Buick Creek GHA) or market CNR's volumes for a fee and deliver all revenues to it in accordance with the Buick Creek Agreement.

Erikson is Liable to the Plaintiffs

Erikson's Breaches of the CNR Operated Agreements

13. It is a term of the CNR Operated Agreements that Erikson would pay all amounts due and owing thereunder, as and when such amounts became due.

14. Since December 31, 2022, the Plaintiffs have issued approximately 23 invoices to Erikson (the “**Outstanding Invoices**”) with respect to the CNR Operated Agreements totalling in aggregate \$642,593.35, comprised of \$336,942.33 under the Road Use Agreement, \$214,522.62 under the Operated Facility Agreements, and \$91,128.40 under the Operated Land Agreements and the CNR Service Agreements, in each case as at August 8, 2023.

15. In addition, between April 1, 2023 and July 1, 2023, the Plaintiffs issued four invoices to Erikson for accrued but unpaid interest with respect to amounts outstanding under the Outstanding Invoices in the aggregate sum of \$4,023.49 (the “**Interest Invoices**”).

16. In breach of the CNR Operated Agreements, and despite repeated demands by the Plaintiffs, Erikson has failed or refused to pay the Outstanding Invoices or the Interest Invoices.

17. Accordingly, by Default Notices dated October 20, 2022 and May 23, 2023, the Plaintiffs advised Erikson that it was currently in default of its obligation under the CNR Operated Agreements by virtue of its indebtedness to CNRL and CNR, as applicable (the “**Default Notices**”). The Default Notices advised that unless Erikson’s ongoing defaults under the CNR Operated Agreements were cured within five days of the date of each Default Notice, the Plaintiffs may: (a) take immediate steps to pursue any remedies available to them in order to collect the outstanding amount, including but not limited to, the exercise of operators’ and processors’ lien remedies afforded by the CNR Operated Agreements; and (b) deduct from Erikson’s share of revenues any freehold royalty and/or gross overriding royalty payments due from jointly-owned wells or tracts and submit such amounts to the royalty recipients on Erikson’s behalf.

18. The Plaintiffs continue to incur costs associated with the CNR Operated Agreements in an amount as yet unknown but to be provided at the trial of this Action. Erikson is responsible for payment of all such future costs pursuant to the terms of the CNR Operated Agreements.

Erikson is Liable in Unjust Enrichment

19. Erikson has been enriched by obtaining the benefit of, among other things, joint operation production, well and facilities contract operating services and gas handling services, and all other benefits under the CNR Operated Agreements, but now refuses to accept the corresponding costs. There is no juristic reason for this enrichment and it has caused the Plaintiffs a corresponding financial deprivation.

Erikson's Breaches of the Buick Creek Agreements

20. It is an express term of the Buick Creek Agreements that:
- (a) Erikson did not acquire title to CNR's production volumes but only had possession of such volumes for the purposes stated in the Buick Creek Agreements;
 - (b) Erikson was required to deliver CNR's outlet volumes to it, or to such person as designated by CNR, at the Facility Outlet;
 - (c) If CNR did not take its volumes in-kind at the Facility Outlet, Erikson was permitted to sell such volumes on the open market and to enter into contracts for the sale of such volumes on terms of not longer than one month, following which Erikson was required to remit the proceeds of such sale, less all direct costs of the sale and a permitted marketing charge, to CNR within a reasonable period of time;
 - (d) CNR was entitled to commence or resume taking its production in-kind at any time upon the provision of notice to Erikson at least thirty days prior to the expiration of Erikson's sales contract that it intends to take its share of production in kind;
 - (e) Erikson was required, on or before the twenty-fifth day of each month, to provide CNR with a statement showing the total volume of CNR's production accepted at the facility for the preceding month and the volume and heat content or composition of such production;
 - (f) Erikson was required to bill CNR on or before the 30th day of each month for the charges payable by CNR attributable to the handling of its production volumes for the preceding month; and
 - (g) CNR was required to pay all bills within 30 days of receipt.
21. In accordance with the Buick Creek GHA, on or about November 1, 2022, CNR provided written notice to Erikson that it wished to commence taking its production in kind under the Buick Creek GHA effective immediately. No response was received from Erikson to CNR's election and, in breach of the Buick Creek GHA, no production volumes were delivered by Erikson to CNR. CNR according followed up with Erikson regarding its election on November 10, 2022 and November 23, 2022.

22. When no response was received from Erikson and no volumes were delivered to CNR in accordance with the Buick Creek GHA, CNR advised Erikson by letter on January 12, 2023 that:

- (a) pursuant to section 602 of the Buick Creek GHA, CNR has the right to take its products in kind, and Erikson has a corresponding obligation to deliver such products to CNR. Section 603(c) of the Buick Creek GHA provides that CNR may commence or resume taking its products in kind at any time by giving the requisite notice to Erikson;
- (b) in accordance with sections 602 and 603(c) of the Buick Creek GHA, CNR advised Erikson on November 1, 2022 that it wished to commence taking its products in kind effective immediately. CNR followed up on its request on November 10 and November 23. To date, in breach of the Buick Creek GHA, Erikson has not commenced delivery of CNR's products in kind;
- (c) Erikson's ongoing failure to deliver CNR's products to it constitutes a breach of the Buick Creek GHA and a wrongful interference with CNR's property; and
- (d) CNR demands that Erikson commence delivery of its products in kind immediately in accordance with the Buick Creek GHA, failing which CNR would take the necessary legal action to protect its rights.

23. In addition, on November 28, 2022, CNR issued a further default notice to Erikson under the Buick Creek Agreements.

24. In breach of the Buick Creek Agreements, and notwithstanding numerous demands by CNR, Erikson has failed or refused to: (a) acknowledge CNR's election, (b) deliver CNR's production volumes to it in kind for the period from December 1, 2022 to present, or (c) deliver any revenues realized by Erikson from the sale of CNR's production volumes for the period from November 2021 to present (discussed further below).

25. In addition to the foregoing, and in breach of the Buick Creek Agreements, since October 1, 2022, Erikson has failed or refused to provide CNR with the contractually required: (a) monthly statement showing the total volume of CNR's productions accepted at the facility for the preceding month and the volume and heat content or composition of such production; or (b) monthly invoices for the charges payable by CNR attributable to the handling of its production volumes for the

preceding month. As a result on Erikson's ongoing breaches of the Buick Creek Agreements, CNR has no information regarding the volumes of its production that Erikson has retained and refused to deliver to it, or the revenues realized from the sale of such production, since October 1, 2022.

26. CNR has confirmed based on Erikson's monthly reporting that for the period prior to October 1, 2022, Erikson realized net revenues from the sale of CNR's production of \$57,295.80 which it has failed or refused to deliver to CNR in accordance with the Buick Creek Agreements. CNR estimates that based on historical production levels and CNRL's gas pricing for the period from October 1, 2022 to May 1, 2023 when Erikson shut in the wells governed by the Buick Creek Agreements without notice to CNR, Erikson has wrongfully retained and sold CNR's production volumes and realized revenues of \$34,964.08, or such further or other amount as may be proven at the trial of this Action, which it has failed or refused to deliver to CNR.

27. Erikson must immediately: (a) pay CNR all revenues due and owing to it for the period from November 1, 2021 to present realized by Erikson from the sale of CNR's production volumes and, for the period from December 1, 2022 to present, pay such revenues without deduction of any marketing fees, actual costs or other amounts; (b) issue to CNR all monthly production statements and invoices from October 1, 2022 to present in accordance with the Buick Creek GHA; and (c) re-instate CNR's rights to take its production volumes in kind pursuant to the Buick Creek GHA.

Erikson is Liable in Conversion

28. Erikson's retention of the revenues realized from the sale of CNR's production volumes and, for the period from December 1, 2022 to present, CNR's in-kind production volumes, constitutes wrongful conversion of CNR's property to Erikson's benefit and an unlawful interference with CNR's property.

Breach of Erikson's Duty of Good Faith Contractual Performance

29. Erikson's disregard of its obligations under the CNR Operated Agreements and the Buick Creek Agreements constitutes a breach of Erikson's duty of good faith contractual performance which has substantially nullified the contractual objectives of the CNR Operated Agreements and the Buick Creek Agreements and caused significant harm to the Plaintiffs, or either one of them, all contrary to the original purposes and expectations of the parties in entering into the CNR Operated Agreements and the Buick Creek Agreements.

Trial of this Action

30. The Plaintiffs propose that the trial of this action be held at the Calgary Courts Centre in the City of Calgary, in the Province of Alberta.

31. The Plaintiffs anticipate that a trial of this Action will take less than 25 days.

REMEDIES SOUGHT:

32. The Plaintiffs seek an Order:

- (a) granting judgment against Erikson in the amount of \$642,593.35, or such other amount as may be proved at the trial of this Action, with respect to amounts due and owing to CNR pursuant to the CNR Operated Agreements;
- (b) in the alternative, declaring that Erikson has been unjustly enriched and it holds \$642,593.35, or such other amount as may be proved at the trial of this Action, in trust for the Plaintiffs;
- (c) requiring Erikson to provide all contractually mandated production statements and invoicing under the Buick Creek Agreements to CNR for all months since October 1, 2022;
- (d) compelling Erikson to immediately or, in the alternative, as soon as the wells governed by the Buick Creek Agreements are brought back online, re-instate CNR's right to take its production volumes in-kind under the Buick Creek GHA;
- (e) compelling Erikson to deliver all proceeds realized from the sale of CNR's production volumes and, for the period from December 1, 2022 to present, deliver such proceeds without deduction for any actual costs, marketing fees or other amounts;
- (f) granting judgment against Erikson in the amount of \$92,259.88 pursuant to the Buick Creek Agreements, or such other amount as may be proved by CNR at the trial of this Action;
- (g) directing Erikson to properly report and deliver all CNR's production volumes to it on a go forward basis pursuant to, and in accordance with, the Buick Creek GHA;

- (h) pre and post-judgment interest at the contractual rates, including the amounts claimed in the Interest Invoices;
- (i) in the alternative, pre- and post-judgment interest at such rate or rates as may be ordered by the Court or pursuant to the *Judgment Interest Act*, RSA 2000, c J-1, as amended, and its regulations;
- (j) costs of this Action; and
- (k) such further and other relief as this Honourable Court deems just.
